CONTRACTS AWARDED.

(Continued from page 859.)

\$4.60; Thomas W. Reed Company, \$4.60, J. & J.; Surgeons & Physicians Supply Company, \$4.60.*

Remarks.—Parke, Davis & Co., prices guaranteed until September 30, 1940, only; Taylor, Symonds Company, 25 per cent additional quantity clause crossed out; quotation subject to acceptance after June 27, 1940.

* Contract awarded.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with contractors, etc., for furnishing labor, supplies, etc. Communications from the heads of the departments interested were as follows:

PENAL INSTITUTIONS DEPARTMENT.

BOSTON, June 28, 1940.

HON. MAURICE J. TOBIN,
Mayor of Boston.

DEAR SIR,—Under the laws of the Commonwealth, this department is required to have pictures taken of all the inmates sentenced for crimes of a particular nature. For a number of years back this work has been performed by the Fay Photo Service of 45 West Canton street.

This company has rendered excellent service, is familiar with the requirements of this institution, and its charges are based on standard rates prevailing among photographers.

In the course of a year the payments for this type of work will exceed \$1,000, thus bringing the expenditures within the provisions of section 30 of the amended City Charter. In my opinion no advantage would accrue to the city through public advertising, in view of the satisfactory service performed in the past by the Fay Photo Service, and also in view of the standard rates charged by this company.

I respectfully request, under the provisions of section 30 of the City Charter, your approval of the awarding of this work to this company without the formality of public advertising.

Respectfully,

JOSEPH P. DONAHOE,
Penal Institutions Commissioner.

POLICE DEPARTMENT.

BOSTON, June 13, 1940.

HON. MAURICE J. TOBIN,
Mayor of Boston.

DEAR MR. MAYOR,—Your approval is respectfully requested for the award of a contract, without advertising, to the Crandall Engineering Company for furnishing and installing certain equipment in connection with the marine railway now being erected at Police Division 8, in the sum of \$5,255.

This contract is in conjunction with W. P. A. Project O. P. 65-1-141-313. Plans and specifications for the project were prepared by the Crandall Engineering Company and approved by the W. P. A.

The Crandall Engineering Company are specialists in this work and have already completed some 148 marine railways.

I am of the opinion that no advantage would accrue from publicly advertising, and I therefore recommend that you approve the awarding of the contract without advertising.

Very truly yours,

JOSEPH F. TIMILTY,
Police Commissioner.

PUBLIC WORKS DEPARTMENT.

BOSTON, July 1, 1940.

HON. MAURICE J. TOBIN,
Mayor of Boston.

DEAR MR. MAYOR,—In 1939, with your approval, the department awarded a contract in the amount of \$3,000, without publicly advertising for bids, to the New England Inspection Bureau, Inc., for the testing, including supervision and inspection at the plants, of bituminous pavement material that was required, under the provisions of contracts awarded to others after publicly advertising for bids, to be delivered to various streets throughout the city.

The service rendered by the above-referenced Bureau was satisfactory in every way and, in view of this, it is my opinion that it would be to the best interest of the city to award a similar contract at this time. Previous to last year, the testing and inspectional work was done by the department and the results obtained were not always satisfactory, due, among other things, to the inability of the laboratory to make complete analyses of the various specimens of the bituminous material. The average commercial laboratory is fully equipped to make all the tests required and, as in the case of the personnel of the New England Inspection Bureau, has trained and expert employees who are continually on duty at the plants supervising the work and controlling, within the limits defined in the specifications, the bituminous mix to suit varying conditions, taking into consideration the location of the particular street to which the material is to be delivered, the type and amount of traffic that will use the street, and the physical characteristics of the ingredients of which the particular mix is composed.

The cost of this service, 18 cents per ton of material, is a minor factor when one takes into consideration that the average price of the material itself is \$4.19 per ton, and that the inspecting, supervising and testing of it is the only way by which the city can be assured that it is buying that quality of material for which it is paying. In other words, it is good business for the city to spend a small amount to protect its interests in a contract involving a large expenditure.

The best interests of the city will be best served, in my opinion, by awarding a contract for this service, without publicly advertising for bids, as the price alone should not be the only factor to be considered in awarding a contract of this kind.

I therefore respectfully request your approval to the awarding of a contract to the Haller Engineering Associates, Inc., formerly known as the New England Inspection Bureau, Inc., for the testing, including supervision and inspection at the plants, of the bituminous concrete pavement mixtures delivered to the department, at a price of 18 cents per ton; the total contract sum not to be in excess of \$6,000. It is to be understood that the contract is to be in effect for the remainder

of the current year with the option, on the part of the city, to extend it to December 31, 1941, if it should be deemed advisable to so do.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

TREASURY DEPARTMENT,

BOSTON, July 8, 1940.

HON. MAURICE J. TOBIN,
Mayor of Boston.

SIR,—Under the provisions of section 30 of the City Charter, I respectfully request your permission to award, without advertising, to the Vose-Swain Engraving Company, Boston, Mass., the work necessary in connection with the preparation of 5,435 bonds. This concern is in possession of the engraved plates used by our office.

No purpose will be served by advertising. The total cost per bond is 40 cents; the entire cost will be \$2,174.

Very truly yours,

JAMES J. MCCARTHY,
City Treasurer.

LAND-TAKING IN HYDE PARK.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Belnel road, Hyde Park district, as a highway, from Poydras street to Osceola street, bounded and described as follows:

A highway named Belnel road is hereby laid out, from Poydras street to Osceola street, and ordered constructed, the cost thereof to be charged to Federal Funds.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Northerly by Poydras street, eighty-one and 85-100 feet on a curve of two hundred and five feet radius; easterly by the easterly line of said Belnel road as hereby laid out, by four measurements, thirty-two and 95-100 feet on a curve of twenty-three and 88-100 feet radius, four hundred seventy and 67-100 feet, three hundred thirty-three and 16-100 feet and one hundred twenty and 39-100 feet on a curve of one hundred ninety-nine and 93-100 feet radius; northeasterly by the northeasterly line of said Belnel road as hereby laid out, one hundred nine and 92-100 feet; northerly by the northerly line of said Belnel road as hereby laid out, seventy-three and 61-100 feet on a curve of fifty-one and 6-100 feet radius; northwesterly by the northwesterly line of said Belnel road as hereby laid out, four hundred and eighty-seven feet; westerly by the westerly line of said Belnel road as hereby laid out, fifteen and 71-100 feet on a curve of ten feet radius; northeasterly by Osceola street, sixty feet; southerly by the southerly line of said Belnel road as hereby laid out, fifteen and 71-100 feet on a curve of ten feet radius; southeasterly by the southeasterly line of said Belnel road as hereby laid out, four hundred and eighty-seven feet; southerly by the southerly line of said Belnel road as hereby laid out, one hundred thirty-one and 28-100 feet on a curve of ninety-one and 6-100 feet

radius; southwesterly by the southwesterly line of said Belnel road as hereby laid out, one hundred nine and 92-100 feet; westerly by the westerly line of said Belnel road as hereby laid out, by three measurements, one hundred forty-four and 47-100 feet on a curve of two hundred thirty-nine and 93-100 feet radius, three hundred thirty-one and 49-100 feet and four hundred fifty-three and 4-100 feet; and southerly by the southerly line of said Belnel road as hereby laid out, twenty-one and 98-100 feet on a curve of ten and 17-100 feet radius.

Trees or structures standing upon or affixed to the aforesaid land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on all sides of Belnel road, as laid out under this order, will receive benefit or advantage, beyond the general advantage to all real estate in said city from the improvement herein ordered, each of said lots to the amount hereinafter respectively set against it, said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Belnel Road, Coronado Road, Friendship Road, Hopewell Road, Hyde Park, Assessment Plan, June 20, 1940, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction of Belnel road, Hyde Park district, as a highway, from Poydras street to Osceola street, under the order of the Board of July 1, 1940, and awards no damages therefor.

NEW RULING ON APPLICATIONS FOR RESIDENCE BY BOSTON HOUSING AUTHORITY.

Francis X. Lane, Executive Director of the Boston Housing Authority, on July 18 indicated that when applications for dwellings in the new projects of the Authority are being received, they will be accepted from all citizens resident in Boston, regardless of source of income.

He further indicated that this would include the acceptance of applications from those receiving welfare aid from the city, in its various forms, as well as those employed on Federal work programs. No indication was given of how many tenants in the last two groups might be accepted, and each application would be considered on its own merits.

Applications are not yet being received, but it is expected that announcement will shortly be made of the rents and the date when applications will be received.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of underground construction by the Boston Elevated Railway, vehicles are excluded from the following street on Sunday, July 21, 1940:

Tremont Street, Downtown Boston.

From Camden street to Northampton street.

Voted, That as urgently required by considerations of public safety and convenience, during the period of roadway resurfacing, vehicles are excluded from the following street from 6 p. m. Friday, July 19, 1940, to 7 a. m. Monday, July 22, 1940:

Franklin Street, Downtown Boston.

From Pearl street to Oliver street.

Voted, That as urgently required by considerations of public safety and convenience, during the period of track reconstruction by the Union Freight Railroad and roadway resurfacing, estimated to be ten (10) days, the following rules are effective July 22, 1940:

The driver of a vehicle shall not make the following left turns:

Atlantic Avenue.

Into State street, westerly.

State Street.

Into Atlantic avenue, northerly.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary rule which was adopted May 10, 1940, and was effective May 20, 1940, for a trial period of sixty (60) days, is hereby extended for a further trial period of sixty (60) days from July 19, 1940:

The following street is one way in the direction indicated:

Seminary Street, Charlestown.

From Lawrence street to Austin street.

LAND-TAKING IN HYDE PARK.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly Hyde Park and are bounded as follows:

A parcel of land, supposed to belong to Bernard S. Leslie, Howard S. Leslie, Freeland H. Leslie, trustees of the Leslie Trust, bounded:

Northwesterly by Walter street, thirty-seven and 1-100 feet; northeasterly by other land supposed to belong to said trust, one hundred and ninety-five feet; southeasterly by location of New York, New Haven and Hartford Railroad, thirty-five and 22-100 feet; and southwesterly by other land supposed to belong to said trust, two hundred three and 21-100 feet, containing sixty-nine hundred and sixty-nine square feet. The aforesaid taking is a part of a parcel of land registered in the Land Court, registered title certificate No. 35660, Book 174, page 60; registered title certificate No. 35658, Book 174, page 58.

The sewerage works to be constructed are as follows: 190 linear feet of 10-inch pipe sanitary sewer and 200 linear feet of 2-foot 9-inch circular concrete surface drain.

No betterments are to be assessed for the making of the aforesaid improvement.

Voted, That this Board determines that the undermentioned estate sustains damages by the taking of an easement for sewerage purposes in private land off Walter street, Hyde Park, under the order of the Board of July 18, 1940, in the amount hereinafter mentioned, and awards said amount therefor.

Bernard S. Leslie *et al.*, 6,969 square feet, \$1.

LAND-TAKING IN BRIGHTON.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Kilsyth terrace, Brighton district, as a highway, from Kilsyth road southerly, bounded and described as follows:

A highway named Kilsyth terrace is hereby laid out, from Kilsyth road southerly, and ordered constructed.

For the making of the aforesaid improvement an easement for street purposes is hereby taken in the following described lands, exclusive of trees or structures standing upon or affixed thereto:

A parcel of land, supposed to belong to the heirs or devisees of Essie J. Earle, bounded and described as follows:

Northeasterly by Kilsyth road, one and 2-100 feet on a curve of four hundred twenty-one and 10-100 feet radius; northwesterly by the line of Kilsyth terrace as hereby established, fifty-six and 96-100 feet; northwesterly again by land supposed to belong to Bertha I. Driscoll, two and 71-100 feet; and southeasterly by the line of Kilsyth terrace as it existed previous to the passage of this order, fifty-nine and 27-100 feet, containing fifty-eight square feet, more or less.

Trees or structures standing upon or affixed to the aforescribed land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Said Kilsyth terrace as hereby laid out is bounded and described as follows:

Northwesterly by the line of Kilsyth terrace, as hereby established, by two measurements, two hundred seventy-seven and 31-100 feet and fifty-six and 96-100 feet; northeasterly by Kilsyth road, thirty-one and 44-100 feet on a curve of four hundred twenty-one and 10-100 feet radius; southeasterly by the line of Kilsyth terrace, as hereby established, by two measurements, forty-eight and 55-100 feet and one hundred ninety-five and 68-100 feet; northeasterly by said line, twelve and 62-100 feet on a curve of fifteen feet radius; southeasterly again by the line of Kilsyth terrace, as hereby established, by two measurements, twelve and 62-100 feet on a curve of fifteen feet radius, and forty feet; and southwesterly by said line, forty-one and 44-100 feet.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of Kilsyth terrace will receive benefit or advantage, beyond the general advantage to all real estate in said city from the improvement herein ordered, each of said lots to the amount hereinafter respectively set against it, said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Kilsyth Terrace, Brighton, Assessment Plan, May 15, 1940, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

WATER-SUPPLY DEVELOPMENT IN THE UNITED STATES.

In 1652 Boston introduced the first American public water supply. The first mechanical pumps were used in 1761 at Bethlehem, Pa., where Hans Christiansen, an American pioneer water-supply engineer, made his pumps work "after severe struggles." In 1850 there were only 100 water plants in the United States, and as late as 1875 only 243. In 1933 there were more than 11,000 public water supplies, some serving more than one community.

POLICE DEPARTMENT ORDERS.

General Order No. 498.

The resignation of Patrolman Raymond L. Dolan, Division 14, having been presented, it is hereby accepted to take effect as of Wednesday, July 17, 1940, at 7.45 o'clock a. m., seven days' notice waived.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

METROPOLITAN DISTRICT, 1938.

Total valuation of the 43 cities and towns in the Metropolitan District in 1938 was \$3,499,398,193 and the property tax on the same was \$130,474,309. The average tax rate was \$33.28. Strictly speaking, tax rates cannot be averaged. A rate of \$37.28 would be required to raise \$130,474,309 on a valuation of \$3,499,398,198. Of the total valuation, 44.37 per cent applied to property in Boston.

The total valuation of the 13 cities in the district was \$1,126,838,735 with a total property tax of \$42,494,084, requiring a tax rate of \$37.71.

Boston's tax rate of \$41.30 was exceeded by Chelsea (\$46.20), Revere (\$47.00), Saugus (\$46.00) and Somerville (\$43.90).

CITY OF BOSTON.**REAL ESTATE DIVISION.****PUBLIC AUCTION.**

The City of Boston will sell at public auction all its right, title and interest in and to about five thousand four hundred seventy-nine (5,479) square feet of land on the northwesterly side of Middlesex street, Charlestown, formerly numbered 9 in the numbering of said street, and more fully described in a tax deed recorded with Suffolk Deeds, Book 5351, page 42, on Thursday, August 8, 1940, at 11 a. m., on the premises, at a minimum price of one thousand dollars (\$1,000).

A deposit required at the time and place of sale of two hundred dollars (\$200), in cash or certified check, balance to be paid in thirty (30) days. Further particulars from Custodian of Foreclosed Real Estate, 47 City Hall, Boston, Mass.

DANIEL M. DRISCOLL,
Custodian of Foreclosed Real Estate.
(July 27-Aug. 8.)

CITY OF BOSTON.**TRANSIT DEPARTMENT.****PROPOSALS FOR PORTLAND CEMENT, HUNTINGTON AVENUE SUBWAY.**

The Transit Department of the City of Boston, 1 Beacon street, invites proposals for furnishing and delivering four thousand barrels of Portland cement in carload lots to the yard of the department, C and Cypher streets, South Boston, or to the Huntington avenue yard, Boston and Albany Railroad, as designated by the engineer. Specifications may be obtained at the office of the department on and after Monday, July 29, 1940. A deposit of \$5.00 in cash or certified check will be required for two sets of specifications. Mutation of them will be deemed sufficient cause for the forfeiture of said deposit. The bids will be publicly opened and read at 12 o'clock noon, Monday, August 5, 1940. A properly certified check in the sum of five hundred (500) dollars, payable to the city, must accompany the proposal. The department reserves the right to reject any or all bids and to award the contract as it deems for the best interest of the city.

By order of the CITY OF BOSTON TRANSIT DEPARTMENT.

WILLIAM T. DOYLE,
Secretary.
(July 27.)

SUPPLY DEPARTMENT.

The City of Boston invites proposals for furnishing fruits, vegetables, meats, butter, eggs and cheese.

Proposals for furnishing fruits and vegetables close at 11 a. m. daily at the Supply Department. Proposals for furnishing meats and butter, eggs and cheese close every Thursday at 2 p. m. Proposals for furnishing manufactured meat products close the last Thursday of each month at 2 p. m.

Proposals and specifications for the above may be obtained in Room 1001, City Hall Annex.

JOHN A. BREEN,
Superintendent of Supplies.

CITY OF BOSTON.

PARK DEPARTMENT.

PROPOSALS FOR FURNISHING AND INSTALLING STEAM BOILERS AND OIL BURNERS, ONE EACH AT MOUNT HOPE AND FAIRVIEW CEMETERIES OFFICE BUILDINGS.

The Park Commissioners of the City of Boston, 33 Beacon street, invite proposals for furnishing and installing steam boilers and oil burners, one each at Mount Hope and Fairview Cemeteries office buildings. Forms of proposals must be obtained at the engineer's office of the Park Department, 33 Beacon street. Each proposal should be signed by the bidder and inclosed in an envelope, sealed, and marked "Proposal for Furnishing and Installing Steam Boilers and Oil Burners, One Each at Mount Hope and Fairview Cemeteries Office Buildings," and left before 2 o'clock on Tuesday, August 6, 1940, at the office of the Park Department, with a certified check for \$200, payable to and to be the property of the City of Boston if the proposal is not carried out, and will then and there be publicly opened and read. A duplicate proposal, without check, must be deposited with the City Auditor previous to the time named for opening the bids. A bond will be required for doing the work in the sum of 100 per cent of the estimated contract price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Park Commissioners. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The Commissioners reserve the right to reject any or all proposals.

WILLIAM P. LONG, *Chairman*,
THEODORE C. HAFENKREFFER,
WILLIAM F. KELLY,
(July 27-Aug. 3.) *Commissioners.*

CITY OF BOSTON.

REAL ESTATE DIVISION.

PUBLIC AUCTION.

The City of Boston will sell at public auction all its right, title and interest in and to about thirty-three hundred sixty-nine (3,369) square feet of land, with the buildings thereon, on the southwesterly side of West Third street, South Boston, numbered 313 and 315 in the numbering of said street, and more fully described in a tax deed recorded with Suffolk Deeds, Book 5546, page 510, on Thursday, August 1, 1940, at 10.30 a. m., on the premises, at a minimum price of nine hundred fifty dollars (\$950).

A deposit required at the time and place of sale of two hundred dollars (\$200) in cash or certified check, balance to be paid in thirty (30) days. Further particulars from Custodian of Foreclosed Real Estate, 47 City Hall, Boston, Mass.

DANIEL M. DRISCOLL,
Custodian of Foreclosed Real Estate.
(July 20-27.)

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING ELECTRICAL SUPPLIES.

The Supply Department of the City of Boston invites proposals for furnishing electrical supplies for the Boston City Hospital, as per specifications contained in forms which may be obtained at the office of the Supply Department, Room 1001, City Hall Annex. The bidder must leave his proposal with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. ENVELOPES CONTAINING BIDS TO BE SEALED AND PLAINLY MARKED "PROPOSAL FOR ELECTRICAL SUPPLIES." There will be a charge of twenty-five cents (\$0.25) for each blank proposal taken out. The bids will be publicly opened and read Monday, August 5, 1940, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

JOHN A. BREEN,
Superintendent of Supplies.
(July 27.)

CITY OF BOSTON.

REAL ESTATE DIVISION.

PUBLIC AUCTION.

The City of Boston will sell at public auction all its right, title and interest in and to about two hundred thirty eight thousand six hundred thirty-four (238,634) square feet of land lying in the rear from the southwesterly side of Morton street, Dorchester, being lots I, H, J, and more fully described in tax deeds recorded with Suffolk Deeds, Registered Land Division, Documents No. 113884, No. 113883, No. 113885, noted on Certificate No. 26960, on Thursday, August 1, 1940, at 10 a. m., on the premises, at a minimum price of two thousand dollars (\$2,000).

A deposit of three hundred dollars (\$300) required at the time and place of sale, in cash or certified check, balance to be paid in thirty (30) days. Further particulars from Custodian of Foreclosed Real Estate, 47 City Hall, Boston, Mass.

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"
From Boston Centennial Poem by

NATHAN HASKEL DOLA.

CITY RECORD.

Published weekly in Boston by the Board of Trustees of the Statistics Department of the City of Boston, under the direction of the Mayor, in accordance with legislative act and city ordinance.

JOSHUA H. JONES, JR., Associate Editor.
EDWARD F. O'DOWD, Business Agent, 73 City Hall, Boston.

By Subscription \$2.00 per year
Single Copies 10 cents

IN ADVANCE.

STREET AGENCIES.

Old South News Stand, Old South entrance to subway. Also News Stand first floor, City Hall Annex.

Advertising.

A rate of \$2 per inch of 12 lines (set solid) has been established for such advertisements as under the law must be printed in the *City Record*. Advertising and other copy must be in hand by Thursday of each week to insure its publication in the Saturday issue.

Copies for sale at the Statistics Department, 73 City Hall.

MUNICIPAL CALENDAR.

Meeting of the City Council, Monday, August 5, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

TO Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables slaughterhouses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made

to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

TO THE STATISTICS DEPARTMENT, 73 City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

TO THE WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, 43 City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

CONTRACTS AWARDED.

(Continued from page 867.)

P. J. Dinn & Co., \$1,640; American Architectural Iron Company, \$1,400.

Cash Discount, Ten Days.—Builders Iron Works, 1 per cent; Security Fence Company, 2 per cent.

Approximate Net Total.—Anchor Post Fence Company, \$2,178; West End Iron Works, \$1,577; Hub Steel and Iron Works, Inc., \$1,339; Builders Iron Works, \$1,276.11; Security Fence Company, \$1,831.62; P. J. Dinn & Co., \$1,640; American Architectural Iron Company, \$1,400.

Upon July 11 the Mayor approved a contract with the New England Coke Company, the only bidder, for furnishing approximately 200 tons egg and stove coke, mixed, for Deer Island, Penal Institutions Department, at a price of \$8.90 per ton, less a cash discount of 2 per cent for payment in fifteen days. The approximate amount of the contract was \$1,780. Bid, opened June 12, was as follows:

Approximately 200 Tons of Well-Screened, By-Product Egg and Stove Coke, Mixed, for the Penal Institutions Department, Deer Island, as Required, and to be Delivered by Truck into Bins, via Winthrop.—New England Coke Company, \$8.90 a ton; total, \$1,780; discount, 2 per cent, fifteen days.

Upon July 12 the Mayor approved a contract with the Warren Foundry and Pipe Corporation for furnishing approximately 100,000 pounds E iron castings (9 by 9 flanged frames) for the Water Division, Public Works Department, as required, from August 1, 1940, to December 31, 1940, at a price of 2.6975 cents per pound. The approximate amount of the contract was \$2,697.50. Bids, opened July 1, were as follows:

Warren Foundry and Pipe Corporation, 2.6975 cents a pound; total, \$2,697.50; Foran Foundry and Manufacturing Company, 3.47 cents a pound; total, \$3,470; Mechanics Iron Foundry Company, 3.5 cents a pound; total, \$3,500; E. L. LeBaron Foundry Company, 2.9 cents a pound; total, \$2,900.

Location of Foundry at Which Castings Will be Made.—Warren Foundry and Pipe Corporation, Phillipsburg, N. J.; Foran Foundry and Manufacturing Company, Flemington, N. J.; Mechanics Iron Foundry Company, 38 Kemble street, Boston; E. L. LeBaron Foundry Company, Brockton, Mass.

Upon July 12 the Mayor approved a contract with the Boston Ice Company for furnishing ice for the drinking fountains, Water Division, Public Works Department, at a price of \$5.50 per ton. The approximate amount of the contract was \$3,575. Bids, opened June 27, were as follows:

Approximately 650 Tons Ice, to be Delivered at Fountains, as Listed, Per Ton.—Boston Ice Company, \$5.50; total, \$3,575.

Upon July 12 the Mayor approved a contract with Joseph Columbo & Sons for furnishing 2,000 cubic yards unscreened run of bank gravel for delivery at Commonwealth avenue, Brighton, and Beacon street, Boston, Park Department, at a price of 60 cents per cubic yard, less 4 per cent cash discount for payment in ten days. The approximate amount of

the contract was \$1,200. Bids, opened June 28, were as follows:

2,000 Cubic Yards Unscreened Run of Bank Gravel, Delivered as Requested, Per Cubic Yard.—R. E. Cuniff, Inc., 75 cents, total, \$1,500; New England Sand and Gravel Co., Inc., 89 cents; total, \$1,780; John Deveney & Co., Inc., 68 cents; total, \$1,360; Joseph Columbo & Sons, 60 cents*; total, \$1,200; J. McDonough, 65 cents; total, \$1,300; George H. Noone Sand and Gravel Company, 67 cents; total, \$1,340.

Cash Discount, Ten Days.—R. E. Cuniff, Inc., 3 per cent; New England Sand and Gravel Company, Inc., 1 per cent; John Deveney & Co., Inc., 2 per cent; Joseph Columbo & Sons, 4 per cent; J. McDonough, 1 per cent; George H. Noone Sand and Gravel Company, 2 per cent.

Net Total.—R. E. Cuniff, Inc., \$1,455; New England Sand and Gravel Company, Inc., \$1,762.20; John Deveney & Co., Inc., \$1,332.80; Joseph Columbo & Sons, \$1,152; J. McDonough, \$1,287; no certified check deposited with bid; George H. Noone Sand and Gravel Company, \$1,313.20.

* Contract awarded.

Upon July 12 the Mayor approved a contract with the Warren Pipe Company of Massachusetts, Inc., for furnishing 10,000 feet 8-inch cast-iron spun bell and spigot water pipe for the Water Division, Public Works Department, as follows:

7,000 feet regular pipe at \$1.305 per linear foot, \$9,135; 3,000 feet cement lined pipe at \$1.41 per linear foot (alternate bid), \$4,230—amount of contract, \$13,365.

Bids, opened June 28, were as follows:

10,000 Feet 8-Inch Cast-Iron Spun Bell and Spigot Water Pipe in Accordance with Federal Specifications WW-P-421, Type 1 and 2, Class 250, Per Linear Foot.

—Warren Pipe Company of Massachusetts, Inc., awarded 7,000 feet, \$1,305; total, \$13,050; United States Pipe and Foundry Company, \$1.36; total, \$13,600.

Alternate Bid, Cost of Pipe, if Cement Lined, Per Linear Foot.—Warren Pipe Company of Massachusetts, Inc., awarded 3,000 feet, \$1.41; total \$14,100; United States Pipe and Foundry Company, \$1.48; total, \$14,800.

Location of Foundry at Which Pipe Will be Made.—Warren Pipe Company of Massachusetts, Inc., Everett, Mass.; United States Pipe and Foundry Company, Burlington, N. J.

Remarks.—Warren Pipe Company of Massachusetts, Inc., Type 2 pipe; United States Pipe and Foundry Company, Type 1, 12-foot or 18-foot lengths.

Upon July 12 the Mayor approved a contract with low bidders as indicated for furnishing approximately ninety 54-gallon drums, 4,860 gallons, 95 per cent ethyl alcohol for the city departments, as required, from July 1, 1940, to September 30, 1940, inclusive. The approximate totals of awards were as follows:

Commercial Solvents Corporation, \$801.90; United States Industrial Chemicals, Inc., \$801.90. Total, \$1,603.80.

As the individual totals of awards did not amount to \$1,000, no formal written contracts were made out. Bids, opened June 28, were as follows:

Approximately 90 Drums 95 Per Cent Ethyl Alcohol, 190-Proof, 54 Gallons to Drum, 4,860 Gallons, Per Gallon.—Commercial Solvents Corporation, nineteen drums or over, one delivery, 30 cents;

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of street construction, estimated to be thirty (30) days, vehicles are excluded from the following street, effective July 22, 1940:

Davison Street, Hyde Park.

From Arlington street to Fairmount avenue.

Voted, That as urgently required by considerations of public safety and convenience, during the period of street construction, estimated to be sixty (60) days, vehicles are excluded from the following street, effective July 22, 1940:

Fairmount Street, Dorchester.

From Milton avenue to Morton street.

Voted, That as urgently required by considerations of public safety and convenience, during the period of street construction, estimated to be sixty (60) days, vehicles are excluded from the following street, effective July 24, 1940:

Eldon Street, Dorchester.

From Washington street to Rosseter street.

Voted, That as urgently required by considerations of public safety and convenience, during the period of underground construction by the Boston Edison Company, vehicles are excluded from the following street from 7 a. m. Sunday, July 28, 1940, to 6 a. m. Monday, July 29, 1940:

Chatham Row, Downtown Boston.

From Chatham street to State street.

Voted, That as urgently required by considerations of public safety and convenience, during the period of roadway resurfacing, vehicles are excluded from the following streets from 6 p. m. Friday, July 26, 1940, to 7 a. m. Monday, July 29, 1940:

Boylston Street.

From Park square to Washington street.

State Street.

Northerly arm, from Devonshire street to Washington street.

Tremont Street.

From Temple place to Stuart street.

Voted, That as urgently required by considerations of public safety and convenience, during the period of track reconstruction by the Union Freight Railroad and roadway resurfacing, estimated to be three (3) weeks, the following street is one way in the direction indicated, effective July 26, 1940:

Atlantic Avenue.

From Kneeland street to Beach street.

Voted, That as urgently required by considerations of public safety and convenience, during the period of dumping operations by the Metropolitan District Commission, estimated to be two (2) weeks, the following temporary changes in the Traffic Rules and Regulations are effective July 25, 1940:

The one-way rule in the following street is suspended and it is a two-way street:

Fairfield Street, Downtown Boston.

From Beacon street to Marlborough street.

The operation of the following rule is suspended:

Section 36, Part 7. The driver of a vehicle proceeding in a southerly direction in the private way which is an extension of Fairfield street, running from Back street to Beacon street, upon reaching the intersection of said private way with Beacon street, shall, if proceeding, drive into Beacon street westerly, and in no other direction.

Voted, That as urgently required by considerations of public safety and convenience, during the period of water main construction by the Metropolitan District Commission, estimated to be three (3) months, vehicles are excluded from the following street, when signs are placed, effective July 25, 1940:

Arborway, West Roxbury.

East drive, from Centre street to Pond street.

REVENUE BOND ACTS.

The 1936 issue of the "Municipal Index" contains a detailed study of the revenue bond acts in the thirty-three states which have enabling acts, and reports of all forty-eight states, showing what advantage has been taken of these acts by cities to finance the construction, operation and maintenance of sewerage systems and sewage treatment plants by service charges.

The table shows the status of revenue bond acts and other enabling acts in the different states, the dates when the acts became effective, and whether or not cities have taken advantage of the opportunity offered for financing bonds by service charges. In the case of states with no enabling acts, the table shows whether cities are charging sewer rentals under some other authority.

BOSTON AS A TOWN.

From its foundation until 1755, or a period of 125 years, Boston was not only the most outstanding but the most populous town in the American colonies. In 1760, Philadelphia's population was ahead, viz., 18,756, Boston's then being 15,631 and New York's about 14,000. In the last year of town government, viz., 1821, Boston's population was about 45,000 and its public debt \$100,000, all incurred for new county buildings.

The history of Boston as a town during a period of nearly two centuries surpasses in civic interest that of Boston as a city because of the untiring zeal and successful efforts of its townsmen to realize more of true democracy than had ever been attained before. Their obligations were held as sacred as their liberties.

SQUARE DEAL IN ASSESSMENTS FOR TAXATION.

Many cities are finding it greatly to their advantage to have their tax valuations periodically overhauled. The first criterion of any assessment is equity. For every citizen who wants through "pull" or however else to get off easy, there are twenty, nay a hundred who want a fair and square deal for all.

The appraisal of city real estate is a highly technical affair.

Few things are more important than the equalization of assessments. Particularly in cities that are cramped by an inflexible debt or tax limit, an honest, full value assessment may be a great boon. Without the slightest raise in the tax rate a substantially greater tax yield may be had.

CIVIL SERVICE EXAMINATIONS.
(STATE.)

STATE EXAMINERS OF ELECTRICIANS, 1940.

Examinations will be held at the following points and on the following dates:

Boston, Wednesday, September 11.
Worcester, Thursday, September 12.
Springfield, Wednesday, October 16.
Pittsfield, Thursday, October 17.
Boston, Wednesday, November 13.
Lowell, Thursday, November 14.
Boston, Wednesday, December 4.
New Bedford, Thursday, December 5.
New Bedford, Friday, December 6.

Rules for Examinations.

All examinations shall be given in English.

Applicants for Class B or journeyman's certificate must be at least eighteen years of age and have had at least two years' practical experience or the equivalent in the installation of wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Applicants for Class A or master's certificate must be at least twenty-one years of age and have had at least two years' experience in the business of installing wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes. Examination shall consist of applicant's knowledge of the National Electrical Code and practical electrical work.

All persons desiring to be examined, either for a master or journeyman certificate, shall have application on file at least ten days previous to the date of such examination.

Applicants for examination will be required to obtain at least 70 per cent in order to obtain a certificate.

Applicants who fail to obtain the required 70 per cent will not be entitled to re-examination until a period of three months has elapsed, and those who receive less than 50 per cent or who fail on the practical demonstration, will not be re-examined for a period of six months.

Any person found referring to notes or books, or misbehaving during an examination, will be debarred from that examination.

Notice will be sent to applicants for certificates when and where examination will be held and only those so notified will be examined on that day.

STEPHEN C. GARRITY,
WALTER F. DOWNNEY,
ULYSSES J. LUPINEN,
ALBERT FRANK,
WALTER J. KENEFFICK,

State Examiners of Electricians.

For application blanks or other information apply to State Examiners of Electricians, Room 303, 14 Beacon street, Boston, Mass.

FOR AIDING BOYS.

In an effort to lend a helping hand to misfit and underprivileged boys and to stem the alarming flow of young men into penal institutions and lives of crime, Big Brother Bureaus are being organized by the police departments of various cities. The International Association of Chiefs of Police urges all police jurisdictions to join the Big Brother League.

RETIREMENT BOARD REPORT.

To the Auditor.

At meetings of the Boston Retirement Board held on the following dates, July 15, 17 and 31, the retirement from active service of the following-named employees and members of the Boston Retirement System was approved, to become effective at the close of business July 31, 1940:

HEALTH DEPARTMENT.

Catherine Sheehan, nurse, salary at time of retirement \$1,800 a year.

HOSPITAL DEPARTMENT.

Katherine Ritchie, cleaner, salary at time of retirement \$1,014 a year.

LIBRARY DEPARTMENT.

Nellie M. Buckley, cleaner, salary at time of retirement \$936 a year.

POLICE DEPARTMENT.

Annie Collins, janitress, salary at time of retirement \$1,200 a year.

PRINTING DEPARTMENT.

Frederick Ziegler, foreman, salary at time of retirement \$2,900 a year.

PUBLIC WORKS DEPARTMENT.

Charles W. Bleiler, blacksmith, salary at time of retirement \$1,722 a year.

Walter L. Brown, gateman, salary at time of retirement \$1,716 a year.

Daniel Cotter, inspector, salary at time of retirement \$2,200 a year.

Richard T. Lambert, laborer, salary at time of retirement \$1,565 a year.

James H. Shea, teamster, salary at time of retirement \$1,565 a year.

Attest:

W. J. DOYLE, *Chairman.*

BOSTON'S POPULATION ON APRIL 1, 1930, BY WARDS.

Ward 1, 61,454; Ward 2, 31,663; Ward 3, 66,219; Ward 4, 31,010; Ward 5, 30,571; Ward 6, 34,689; Ward 7, 32,482; Ward 8, 31,943; Ward 9, 30,362; Ward 10, 29,694; Ward 11, 29,938; Ward 12, 36,123; Ward 13, 29,019; Ward 14, 55,914; Ward 15, 27,729; Ward 16, 31,329; Ward 17, 30,099; Ward 18, 41,152; Ward 19, 27,519; Ward 20, 31,540; Ward 21, 29,752; Ward 22, 30,987.

Total population by U. S. Census, 781,188.

STATE VALUATIONS IN 1937.

Total assessed value of real estate on January 1, 1937, in the thirty-nine cities and 316 towns of Massachusetts, \$5,742,161,541 (\$18,194,654 less than on January 1, 1936), of which 65.62 per cent applied to buildings and 34.38 per cent to land; of personalty, \$525,039,493; aggregate valuation, \$6,267,201,034 (2.74 per cent decrease from 1936), on which the total tax was \$222,184,422. To raise this amount of taxes on the property assessed at a uniform rate throughout the State would have required a tax rate of \$35.45+ on \$1,000 valuation. Boston's valuation, \$1,590,544,700, equal to 25.38 per cent of total valuation in the State.

POLICE DEPARTMENT ORDERS.

General Order No. 499.

Patrolmen Joseph D. McGillivray and James E. McTigue, both attached to Division 6, are commended for efficient police duty performed on the night of July 20, 1940, in connection with the pursuit and capture of one of two men in a stolen car who had committed a holdup in the Dorchester section.

The commissioner is pleased to recognize and commend these officers for their prompt response to the radio broadcast as well as the initiative and intelligence shown in accomplishing the arrest of this felon.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

General Order No. 500.

A trial board consisting of Captains Mullen, Donovan and Harvey, having heard by reference a complaint made by Capt. Joseph McKinnon, Division 6, against William M. Rush, patrolman, Division 6, for alleged violation of the Rules and Regulations of the Police Department, charging him with conduct unbecoming an officer, has reported to the commissioner a finding of guilty as charged.

The commissioner accepts the finding and the recommendation of the Trial Board and hereby orders that the said Patrolman William M. Rush be suspended from duty for a period of fifteen

days, effective as of 5.45 p. m., June 27, 1940, and at the expiration of said suspension he perform 210 hours' punishment duty.

General Laws, chapter 31, section 46C, requires approval of the Director of Civil Service before reinstatement.

Chapter 31.

"Section 46C. An officer or employee of the commonwealth or of a city or town who has become separated from the classified civil service through fault or delinquency of his own shall, within thirty days after the filing of a written request by the appointing officer, be entitled to a hearing before the director. Upon good cause shown the director may, subject to section forty-six G, authorize his reinstatement in the same position or in a position in the same class and grade as that formerly held by him."

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

General Order No. 501.

The resignation of Patrolman Joseph E. Kelleher of Division 9, having been presented, it is hereby accepted, to take effect Saturday, July 27, 1940, at 7.45 o'clock a. m., seven days' notice waived.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

POPULATION OF BOSTON, BY SEX, NATIVITY, ETC., 1930.

Total population, 781,188 (383,454 males and 397,734 females); ratio of males to females, 96.4 to 100 as against 97.2 to 100 in 1920. Native white, 529,400 (260,419 males and 268,981 females) or 67.77 per cent; sex ratio, 96.8 to 100. Of the 529,400 native whites, 200,130, or 37.80 per cent, are of native parentage; 248,653, or 46.97 per cent, are of foreign parentage and 80,617, or 15.23 per cent, are of mixed parentage (i. e., one half native). Foreign-born whites, 229,356 (111,261 males and 118,095 females) or 9.563 less than in 1920; sex ratio 94.2 to 100. The foreign-born whites are 29.36 per cent of total population. Negroes, 20,574 (10,223 males and 10,351 females) or 2.63 per cent of population; sex ratio, 98.8 to 100. The Negro population has increased 4,224 since 1920 and 4,993 since 1915. Other races, 1,858 (1,551 males and 307 females), or 0.24 per cent, comprise 1,595 Chinese, 69 Japanese, 43 Indian, 26 Mexican and 125 miscellaneous. Total foreign white stock, 478,009 (viz., 229,356 plus 248,653) which is 61.19 per cent of all inhabitants.

BUDGETARY CONTROL.

Prior to installing the present system of budgetary control, effective as of January 1, 1939, the city of Newark had no centralized accounting control over its budget commitments. The city's general ledger contained accounts for the various budget appropriations, and reflected disbursements out of the appropriations. However, commitments for work and material were not recorded in the city's accounts until after bills submitted by the vendors had been approved for payment by the Board of Commissioners. Consequently, financial reports could only show the amount of appropriated moneys that had not been disbursed out of any account. No recognition could be given in these reports to the unpaid purchase commitments, since the amount was not known. *The American City.*

TAUNTON'S ASPHALT PLANT.

One of the functions of a city public works or street department is to operate as effectively as possible in the construction and maintenance of its streets and sidewalks and to produce the necessary materials for paving at the lowest possible cost. In some cities this is effected by the purchase of all paving materials in either the raw or the mixed stage. Taunton has used a city-owned 100-ton asphalt plant for street paving and maintenance and for sidewalk construction for ten years. Located in the city yard with the equipment repair shop and garage, the plant is housed in a 60 by 90 foot building with a 30 by 100 foot wing, which was formerly used as a foundry. *The American City.*

PITTSBURGH'S TRAFFIC SAFETY RECORD.

Pittsburgh has been adjudged the safest city in the United States in 1932, and the second safest in 1933 and 1934 among cities with populations over 500,000. Registrations in the city increased 4.4 per cent, gasoline consumption 7.7 per cent. In 1935, despite a 2.4 per cent decrease in traffic volume, adult fatalities increased 30 per cent, total fatalities 24 per cent, as compared with 1934.

FELLOWSHIP STUDIES IN TRAFFIC CONTROL.

Fifteen graduate fellowships, each with a stipend of \$1,200-plus up to \$200 for travel and field investigation have been announced by the Bureau for Street Traffic Research of Harvard University. The regular annual tuition fee of \$400 will be deducted from the fellowships, which have been made available through a gift to the University by the Automobile Manufacturers' Association. The officers of instruction are Miller McClintock, Director of the Bureau, and Maxwell Halsey, Assistant Director. Each of two full courses in street and highway traffic control consists of three one-hour periods a week, and additional problems, assignments and field work.

HEALTH AND HOSPITAL.

The plant and equipment of the Cincinnati General Hospital have been largely rehabilitated during the year 1939. As a result the operating officials of the Hospital will be able to do much better work in caring for the sick than heretofore.

The hospital treated 18,963 patients this year compared to 18,765 last year, and 24,929 individuals were cared for in the Out-Patient Dispensary against 24,701 in 1938. There was also an increase of approximately 10 per cent in the number of persons treated in the receiving ward, resulting in a total of 25,082. (From Annual Address of City Manager.)

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR CLEANING CATCH-BASINS.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for taking out and removing about 1,575 cubic yards of material from about 450 catch-basins in District 7, all work to be completed by December 31, 1940, and giving bond therefor of a surety company approved by the Commissioner in the sum of 100 per cent of the total amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal, accompanied by a statement clearly setting forth the equipment of which the bidder is possessed for the proper and speedy carrying out of such contract (such equipment to be considered as an essential consideration in the awarding of the contract), should be inclosed in an envelope, sealed, marked, "Proposal for Cleaning Catch-Basins," and left at Room 508, fifth floor, City Hall Annex, before 12 m., on Wednesday, August 14, 1940, with a certified check for 5 per cent of the total amount of the contract, payable to and to become the property of the city if the proposal, after acceptance, is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. *There will be a charge of two dollars (\$2) for each set of plans and specifications taken out.* If the price bid on any district appears to the Commissioner to be abnormally high or low it may lead to the rejection of the proposal for said district. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The undersigned reserves the right to reject any or all proposals or to accept any proposal should he deem it to be for the best interests of the city so to do.

GEORGE G. HYLAND,
(Aug. 3.) Commissioner of Public Works.

36,400 MOTOR DEATHS IN 1935.

According to the findings of the National Safety Council motor traffic deaths in 1935 totaled 36,400, compared with 1934's record of 36,000.

The only decrease was among school children up to fifteen years of age. Motor vehicle accidents to children have increased much less than those of adults since 1922, when safety education began on a national scale. October, November and December were the reddest months. Two-thirds of the accidents were in places under 10,000 population; more than 40 per cent of the victims pedestrians.

Thirteen states decreased traffic deaths 7 per cent or more: Delaware, Illinois, Kentucky, Massachusetts, Minnesota, Montana, North Dakota, Oregon, Rhode Island, Utah, Vermont, Wyoming and Washington.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING CHESTNUT COAL.

The Supply Department of the City of Boston invites proposals for furnishing to the Overseers of the Public Welfare and Soldiers' Relief Department chestnut size American anthracite, to be delivered in quarter and half ton lots, in 100-pound bags, as per specifications to be obtained at the office of the Superintendent of Supplies, Room 1001, City Hall Annex. *There will be a charge of fifty cents (\$0.50) for each blank proposal taken out.* The bidder must leave his proposal with a certified check in a sum not less than 5 per cent of the total amount of his bid, based upon estimated quantities, payable to and to become the property of the City of Boston if the proposal is not carried out at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read on Wednesday, August 14, 1940, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

JOHN A. BREEN,
(Aug. 3.) Superintendent of Supplies.

THE SCHOOL COMMITTEE OF THE CITY OF BOSTON.

ADMINISTRATION BUILDING, 15 BEACON STREET,
OFFICE OF THE BUSINESS MANAGER.

PROPOSALS FOR CLEANSING, STERILIZING AND RECONDITIONING BASEBALL EQUIPMENT FOR THE BOSTON PUBLIC SCHOOLS.

The School Committee of the City of Boston invites bids for cleansing, sterilizing and reconditioning baseball equipment for the Boston Public Schools. Proposal forms, for which a charge is made, are obtainable at the office of the Business Manager of the School Committee, tenth floor, 15 Beacon street. Envelopes containing proposals must be sealed, and plainly marked "Proposal for Cleansing, Sterilizing and Reconditioning Baseball Equipment." The bid must be in duplicate. One copy signed by the bidder and accompanied by a certified check for \$50, payable to the City of Boston, must be left at the office of the Business Manager, on or before 12 o'clock m. on Monday, August 12, 1940. Copies filed with the Business Manager will be publicly opened and read at 12 o'clock m. of the day stated. The other copy, also signed by the bidder, must be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for opening of the bids. The School Committee reserves the right to reject any or all bids, and to accept such bid as may be deemed best for the interests of the city. The successful bidder will be required to furnish a bond for not less than 50 per cent of the amount of the contract.

ALEXANDER M. SULLIVAN,
Business Manager of the School Committee.
(Aug. 3.)

THE NOISE NUISANCE.

That city officials are serious about eliminating noise is noted from studies of new anti-noise ordinances enacted by a growing number of municipalities listed in the "United States Municipal News," bulletin of the American Municipal Association and the United States Conference of Mayors. Among the more important of these cities are Philadelphia, Gary, Ind., Louisville, New York and Boston.

SUFFOLK COUNTY.

PROBATE COURT AND COURT OF INSOLVENCY, BOSTON.

PROPOSALS FOR PRINTING AND BINDING AN INDEX OF PROBATE CASES FILED IN SUFFOLK COUNTY REGISTRY OF PROBATE FROM 1923 TO 1935, INCLUSIVE, AND FOR CANVAS JACKETS TO COVER INDEX VOLUMES.

The Register of Probate and Insolvency for Suffolk County invites proposals for the printing and binding of an index of all cases except divorce cases filed in the Registry of Probate for Suffolk County from January 1, 1923, to December 31, 1935, inclusive, said index to be printed and bound in accordance with the following specifications: It shall consist of seventy-five sets of three volumes to each set; two hundred and twenty-five volumes in all; each volume is to contain as nearly an equal number of pages as possible, with no surnames beginning with the same letter appearing in more than one volume of any set of volumes. In addition to the foregoing, volume one of said index shall contain three pages and volumes two and three, two pages of printed material, the substance, type, style and set-up of which is to be hereafter determined by said Register.

Said index is to be printed on ledger stock of the same weight, quality and size as said index covering the period 1910 to 1923; the pages of each volume to be numbered at the bottom in parentheses; the type to be the same as that appearing in said index volumes 1910 to 1923 and the volumes to be similar in size, style, binding, material and in every other respect to index volumes of 1910 to 1923, so that they will, as nearly as possible, match and be the same in every detail and be made uniform with said index volumes of 1910 to 1923, except as to number of volumes to the set, number of pages to the volume, titles and printing on said three pages in volume one and two pages in volumes two and three and stampings on backs, and on front and back covers.

Each volume shall be bound in half black morocco leather and black cloth, reinforced with linen tape in the center of folds, and between the front and back folds, sewed with a good grade of Irish linen thread; double strapped; with sprinkled edges; stamped in gold on back, and on front and back covers in a manner that will indicate dates and names contained in said volumes, the exact lettering to appear thereon to be hereafter determined by said Register of Probate.

Each volume is to be wrapped and sealed in heavy wrapping paper of good and substantial quality, marked "Probate Index 1923 to 1935", and, in addition, marked so as to indicate the letters of the alphabet the surnames contained therein begin and end with, and each set of volumes is to be wrapped together and sealed and marked "Probate Index 1923 to 1935."

Also two sets of canvas jackets or covers for each of six index volumes, being six jackets in all, made to fit said volumes, shall be furnished, said jackets to be stamped in black ink on back, and on front and back covers, in a manner that will indicate contents, dates and names contained in said volumes, the exact lettering to appear thereon to be hereafter determined by said Register, said jackets to be made of the same material and in the same fashion as the jackets covering index volumes 1910 to 1923.

Samples of 1910 to 1923 index and canvas jackets may be examined at said Registry.

The work is to be completed and delivery made not later than December 10, 1940.

Envelopes containing proposals must be sealed and plainly marked, "Proposals for Printing and Binding Probate Index 1923 to 1935, Inclusive"; and must be in duplicate, and left at the office of said Register not later than August 22, 1940, at 12 o'clock noon, at which time they will be opened. A certified check in the sum of five hundred (\$500) dollars payable to the County of Suffolk shall be filed with each bid.

The right to reject any or all proposals is hereby reserved.

ARTHUR W. SULLIVAN,
(Aug. 3-10.) Register.

INTERSTATE MUNICIPAL COOPERATION.

At a recent meeting in New York City a new type of interstate municipal cooperation was launched by officials of cities in New York, New Jersey, and Pennsylvania. The plan is based on direct cooperation among officials of a region on pressing problems of local government.

THE SCHOOL COMMITTEE OF THE CITY OF BOSTON.

ADMINISTRATION BUILDING, 15 BEACON STREET,
OFFICE OF THE BUSINESS MANAGER.

PROPOSALS FOR FURNISHING GROCERIES FOR THE BOSTON PUBLIC SCHOOL CAFETERIAS.

The School Committee of the City of Boston invites bids for furnishing and delivering at certain school buildings, in accordance with orders, groceries for use in the Boston Public School cafeterias. Proposal forms, for which a charge is made, are obtainable at the office of the Business Manager of the School Committee, tenth floor, 15 Beacon street. Envelopes containing proposals must be sealed, and plainly marked "Proposal for Furnishing Groceries for Cafeterias." The bid must be in duplicate. One copy signed by the bidder and accompanied by a certified check for \$50, payable to the City of Boston, must be left at the office of the Business Manager, on or before 12 o'clock m. on Tuesday, August 13, 1940. Copies filed with the Business Manager will be publicly opened and read at 12 o'clock m. of the day stated. The other copy, also signed by the bidder, must be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for the opening of the bids. The School Committee reserves the right to reject any or all bids and to accept the bid or bids which it deems best for the interests of the city. The successful bidder will be required to furnish a bond for not less than 50 per cent of the amount of the contract.

ALEXANDER M. SULLIVAN,
Business Manager of the School Committee.
(Aug. 3.)

CITY OF BOSTON.

PARK DEPARTMENT.

PROPOSALS FOR FURNISHING AND INSTALLING STEAM BOILERS AND OIL BURNERS, ONE EACH AT MOUNT HOPE AND FAIRVIEW CEMETERIES OFFICE BUILDINGS.

The Park Commissioners of the City of Boston, 33 Beacon street, invite proposals for furnishing and installing steam boilers and oil burners, one each at Mount Hope and Fairview Cemeteries office buildings. Forms of proposals must be obtained at the engineer's office of the Park Department, 33 Beacon street. Each proposal should be signed by the bidder and inclosed in an envelope, sealed, and marked "Proposal for Furnishing and Installing Steam Boilers and Oil Burners, One Each at Mount Hope and Fairview Cemeteries Office Buildings," and left before 2 o'clock on Tuesday, August 6, 1940, at the office of the Park Department, with a certified check for \$200, payable to and to be the property of the City of Boston if the proposal is not carried out, and will then and there be publicly opened and read. A duplicate proposal, without check, must be deposited with the City Auditor previous to the time named for opening the bids. A bond will be required for doing the work in the sum of 100 per cent of the estimated contract price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Park Commissioners. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The Commissioners reserve the right to reject any or all proposals.

WILLIAM P. LONG, *Chairman,*
THEODORE C. HOFFENBERGER,
WILLIAM F. KELLY,
(July 27-Aug. 3.) *Commissioners.*

CITY OF BOSTON.

REAL ESTATE DIVISION.

PUBLIC AUCTION.

The City of Boston will sell at public auction all its right, title and interest in and to about five thousand four hundred seventy-nine (5,479) square feet of land on the northwesterly side of Middlesex street, Charlestown, formerly numbered 9 in the numbering of said street, and more fully described in a tax deed recorded with Suffolk Deeds, Book 5351, page 42, on Thursday, August 8, 1940, at 11 a. m., on the premises, at a minimum price of one thousand dollars (\$1,000).

A deposit required at the time and place of sale of two hundred dollars (\$200), in cash or certified check, balance to be paid in thirty (30) days. Further particulars from Custodian of Foreclosed Real Estate, 47 City Hall, Boston, Mass.

REAL ESTATE DIVISION.

PUBLIC AUCTION.

The City of Boston will sell at public auction all its right, title and interest in and to about sixteen hundred (1,600) square feet of land, with buildings thereon, on the westerly side of M street, South Boston, numbered 21 in the numbering of said street, and more fully described in a tax deed recorded with Suffolk Deeds, Book 5443, page 268, on Wednesday, August 14, 1940, at 10 a. m., on the premises, at a minimum price of eight hundred dollars (\$800).

A deposit required at the time and place of sale of one hundred dollars (\$100), in cash or certified check, balance to be paid in thirty (30) days. Further particulars from Custodian of Foreclosed Real Estate, 47 City Hall, Boston, Mass.

DANIEL M. DRISCOLL,
Custodian of Foreclosed Real Estate.
(Aug. 3-10.)

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR CLEANING CATCH-BASINS.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for taking out and removing about 2,800 cubic yards of material from about 800 catch-basins in Districts 1, 2, 2A, 3 and 4, all work to be completed by December 31, 1940, and giving bond therefor of a surety company approved by the Commissioner in the sum of 100 per cent of the total amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal, accompanied by a statement clearly setting forth the equipment of which the bidder is possessed for the proper and speedy carrying out of such contract (such equipment to be considered as an essential consideration in the awarding of the contract), should be inclosed in an envelope, sealed, marked, "Proposal for Cleaning Catch-Basins," and left at Room 508, fifth floor, City Hall Annex, before 12 m. on Wednesday, August 14, 1940, with a certified check for 5 per cent of the total amount of the contract, payable to and to become the property of the city if the proposal, after acceptance, is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price bid on any district appears to the Commissioner to be abnormally high or low it may lead to the rejection of the proposal for said district. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The undersigned reserves the right to reject any or all proposals or to accept any proposal should he deem it to be for the best interests of the city so to do.

GEORGE G. HYLAND,
(Aug. 3.) *Commissioner of Public Works.*

SUPPLY DEPARTMENT.

The City of Boston invites proposals for furnishing fruits, vegetables, meats, butter, eggs and cheese.

Proposals for furnishing fruits and vegetables close at 11 a. m. daily at the Supply Department. Proposals for furnishing meats and butter, eggs and cheese close every Thursday at 2 p. m. Proposals for furnishing manufactured meat products close the last Thursday of each month at 2 p. m.

Proposals and specifications for the above may be obtained in Room 1001, City Hall Annex.

JOHN A. BREEN,
Superintendent of Supplies.

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

PROPOSALS FOR THE ERECTION AND COMPLETION OF AN ELEMENTARY SCHOOL, AGASSIZ DISTRICT, LOUDER'S LANE, JAMAICA PLAIN, BOSTON, MASS.

The Superintendent of Construction, Department of School Buildings, City of Boston, invites sealed proposals for the erection and completion of an elementary school, Agassiz District, Louder's Lane, Jamaica Plain, Boston, Mass. Forms of proposals may be obtained at the office of the Superintendent of Construction, fourth floor, 26 Norman street, Boston, Mass. Each proposal must be signed by the bidder, placed in an envelope, properly sealed, and marked "Proposal for Erection and Completion of an Elementary School, Agassiz District, Louder's Lane, Jamaica Plain, Boston, Mass.," and left at the office of the Superintendent of Construction, fourth floor, 26 Norman street, Boston, Mass., before 2 p. m., Friday, August 16, 1940, accompanied by cash or certified check on, or a certificate of deposit issued by a responsible bank or trust company, payable to the City of Boston in the sum of \$4,500, to become and be the property of the City of Boston as liquidated damages, if, after an award is made to him, the bidder shall fail to enter into the contract therefor within ten days after notice of said award has been mailed to him. Bid bonds will not be accepted. Said proposals will then and there be publicly opened and read. Proposals must be made in duplicate, one with cash, certified check or certificate of deposit to be left as above, the other without cash, certified check or certificate of deposit to be filed with the City Auditor, City Hall, Boston, before the time stated above for the opening of proposals.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained without cost upon application therefor at the office of the Superintendent of Construction, fourth floor, 26 Norman street, Boston. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract.

Upon deposit of a certified check in the sum of \$25, plans and specifications may be obtained at the office of the Superintendent of Construction, Department of School Buildings, fourth floor, 26 Norman street, Boston, said sum to be refunded on return of the plans and specifications in good condition.

A bond of a surety company, approved by the Superintendent of Construction, in the full amount of the contract, to secure the due performance of the contract and the full protection of the city, will be required. The Superintendent of Construction reserves the right to reject any and all bids if it be in the public interest so to do. The Superintendent of Construction also reserves the right to reject all sub-bids on any item or items in accordance with the provisions of chapter 480 of the Acts of 1939.

JAMES J. MAHAR,
Superintendent of Construction,
(Aug. 3.) *Department of School Buildings.*

CITY OF BOSTON.

REAL ESTATE DIVISION.

PUBLIC AUCTION.

The City of Boston will sell at public auction all its right, title and interest in and to about thirty-three thousand seven hundred eleven (33,711) square feet of land on the northerly side of West First street, South Boston, being a portion of land foreclosed on February 16, 1937, plan on file in Room 47, City Hall, Boston, and more fully described in a tax deed recorded with Suffolk Deeds, Registered Land Division, Document No. 116321, noted on Certificate No. 29011, on Wednesday, August 14, 1940, at 10.30 a. m., on the premises, at a minimum price of eleven hundred dollars (\$1,100).

A deposit required at the time and place of sale of two hundred dollars (\$200), in cash or certified check, balance to be paid in thirty (30) days. Further particulars from Custodian of Foreclosed Real Estate, 47 City Hall, Boston, Mass.

DANIEL M. DRISCOLL,
Custodian of Foreclosed Real Estate.
(Aug. 3-10.)

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

PROPOSALS FOR REPAIRING AND RETUBING BOILERS IN THE VARIOUS SCHOOLS, BOSTON, MASS.

The Superintendent of Construction, Department of School Buildings, City of Boston, invites sealed proposals for repairing and retubing boilers in the various schools, Boston, Mass. Forms of proposals may be obtained at the office of the Superintendent of Construction, fourth floor, 26 Norman street, Boston, Mass. Each proposal must be signed by the bidder, placed in an envelope, properly sealed, and marked "Proposal for Repairing and Retubing Boilers in the Various Schools, Boston, Mass.," and left at the office of the Superintendent of Construction, fourth floor, 26 Norman street, Boston, Mass., before 2 p. m., August 12, 1940, accompanied by cash or certified check on, or a certificate of deposit issued by a responsible bank or trust company, payable to the City of Boston in the sum of \$250, to become and be the property of the City of Boston as liquidated damages, if, after an award is made to him, the bidder shall fail to enter into the contract therefor within ten days after notice of said award has been mailed to him. Bid bonds will not be accepted. Said proposals will then and there be publicly opened and read. Proposals must be made in duplicate, one with cash, certified check or certificate of deposit to be left as above, the other without cash, certified check or certificate of deposit to be filed with the City Auditor, City Hall, Boston, before the time stated above for the opening of proposals.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained without cost upon application therefor at the office of the Superintendent of Construction, fourth floor, 26 Norman street, Boston. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract.

Specifications may be obtained at the office of the Superintendent of Construction, Department of School Buildings, fourth floor, 26 Norman street, Boston. Specifications must be returned in good condition to said office at the time of the filing of bids.

A bond of a surety company, approved by the Superintendent of Construction, in the full amount of the contract, to secure the due performance of the contract and the full protection of the city, will be required. The Superintendent of Construction reserves the right to reject any and all bids if it be in the public interest so to do. The Superintendent of Construction also reserves the right to reject all sub-bids on any item or items in accordance with the provisions of chapter 480 of the Acts of 1939.

JAMES J. MAHAR,
Superintendent of Construction,
(Aug. 3.) *Department of School Buildings.*

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING RANGE OIL.

The Supply Department of the City of Boston invites proposals for furnishing range oil to the Overseers of the Public Welfare and the Soldiers' Relief Department. Specifications may be obtained at the office of the Superintendent of Supplies, Room 1001, City Hall Annex. *There will be a charge of fifty cents (\$0.50) for each set of blank proposals taken out.* The bidder must leave his proposal, with a certified check for \$500, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read at 12 m., at Room 1001, City Hall Annex, on Thursday, August 15, 1940. The successful bidder must furnish a bond for one half the total estimated amount of the bid with a surety company authorized to do business in Massachusetts, as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

JOHN A. BREEN,
Superintendent of Supplies.
(Aug. 3.)

DEPARTMENT OF SCHOOL BUILDINGS.

TO PLUMBING CONTRACTORS.

The Superintendent of Construction, Department of School Buildings, City of Boston, invites sealed proposals for plumbing work at the Wells School, Blossom and McLean streets, Boston, Mass. Forms of proposals may be obtained at the office of the Superintendent of Construction, fourth floor, 26 Norman street, Boston, Mass. Each proposal must be signed by the bidder, placed in an envelope, properly sealed, and marked "Proposal for Plumbing Work, Wells School," and left at the office of the Superintendent of Construction, fourth floor, 26 Norman street, Boston, Mass., before 2 p. m., August 12, 1940, accompanied by cash or certified check on, or a certificate of deposit issued by a responsible bank or trust company, payable to the City of Boston in the sum of \$200, to become and be the property of the City of Boston as liquidated damages, if, after an award is made to him, the bidder shall fail to enter into the contract therefor within ten days after notice of said award has been mailed to him. Bid bonds will not be accepted. Said proposals will then and there be publicly opened and read. Proposals must be made in duplicate, one with cash, certified check or certificate of deposit to be left as above, the other without cash, certified check or certificate of deposit to be filed with the City Auditor, City Hall, Boston, before the time stated above for the opening of proposals.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained without cost upon application therefor at the office of the Superintendent of Construction, fourth floor, 26 Norman street, Boston. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract.

Specifications may be obtained at the office of the Superintendent of Construction, Department of School Buildings, fourth floor, 26 Norman street, Boston. Specifications must be returned in good condition to said office at the time of the filing of bids.

A bond of a surety company, approved by the Superintendent of Construction, in the full amount of the contract, to secure the due performance of the contract and the full protection of the city, will be required. The Superintendent of Construction reserves the right to reject any and all bids if it be in the public interest so to do. The Superintendent of Construction also reserves the right to reject all sub-bids on any item or items in accordance with the provisions of chapter 480 of the Acts of 1939.

JAMES J. MAHAR,
Superintendent of Construction,
(Aug. 3.) *Department of School Buildings.*

WEATHER IN BOSTON, 1939.

The precipitation, amounting to 32.45 inches, was 18.09 inches less than in 1938 and was 7.69 inches below normal. Snowfall was 36.4 inches or 7.1 inches below normal for the year, 28.7 inches falling in January, February and March, the snowfall for March alone being 16.5 inches.

Maximum monthly precipitation was in March or 5.23 inches; maximum rainfall in 24 consecutive hours, 3.17 on October 30-31; thunderstorms on 18 days, 9 of these being in July and August; snow on 27 days, 21 being in January, February and March.

Number of clear days, 80; cloudy days, 166; partly cloudy, 119; days showing precipitation, 112; highest temperature, 96° on September 16; lowest, 4° on January 27; mean for winter months, 32°; for summer months, 69°; number of days, 90° or above, 10; freezing (32° or below), 144; zero or below, 0; greatest monthly range of temperature, 57° in February; least monthly range, 32° in August; dense fog on 23 days, 5 being in July and 3 each in February, March, April and August.

Sunshine, highest per cent for month in July, 70%; lowest in December, 38%; mean for year, 54%.

Wind, highest velocity 56 miles per hour on November 5 from northeast; average hourly velocity, 11.4; prevailing direction in summer months, south; for winter months, west; gales (*i. e.*, 32 miles per hour, or more), 19, five in January, 4 in November, 3 in March, 2 in February, and one each in April, August, September, October and December.

Humidity, highest per cent for month of August, 76%; lowest, 58% in November; mean for year, 68.5%.

Greatest snowfall in 24 hours, 7.6 inches, March 12-13. Greatest depth of snow on ground, 14.2 inches, March 13. Last snow in spring occurred on April 12; first in autumn occurred on November 9. The first killing frost in autumn occurred October 18; the last killing frost in spring, April 17.

The longest period without precipitation was 16 days, May 5-20; the longest period with precipitation, 5 days, March 9-13. Maximum rainfall for 5, 10, 15, 30 and 60 minutes came on May 28.

The first thunderstorm occurred on January 22; last thunderstorm occurred on October 1. The highest mean temperature of three consecutive days was 82°, July 7-9; lowest mean temperature of three consecutive days, 16°, January 25-27.

Barometric pressure (reduced to sea level): Mean, 29.98 inches, 1,015.2 millibars; highest, 30.64 inches, 1,037.6 millibars, February 17; lowest, 29.14 inches, 986.8 millibars, January 22.

FIVE PER CENT OF CITY BUDGET PAID FOR REFUSE DISPOSAL.

Nearly one million dollars, or about 5 per cent of the total cost of the general city government of Los Angeles, Cal., is spent every year for the collection and disposal of refuse, under the direction of the Bureau of Engineering of that city. The Refuse Collection Division operates six days a week, and enough men are provided to compensate for a five-day week for all the personnel employed.

UNITED STATES GROSS DEBT.

November 30, 1932, total gross debt of the United States was \$20,806,013,836, of which \$20,476,034,190 was interest-bearing. This is a reduction of \$6,120,667,458 from the peak of \$26,596,701,648 on August 31, 1919. The gross debt on June 30, 1931, was \$16,801,281,492.

OWNED AND RENTED HOMES IN UNITED STATES, NEW ENGLAND AND MASSACHUSETTS, 1930—ALSO BOSTON.

Total homes in UNITED STATES, 29,904,663, of which 14,002,074 or 46.8 per cent were owned, 15,319,817 or 51.2 per cent were rented, and 582,772 were of unknown tenure. Native white families, 20,968,803; foreign-born white families (the head of the family being a foreign-born white person), 5,736,491; Negro families, 2,803,756; other races, 395,613.

The native white families owned 10,255,682 homes and rented 10,314,500 homes; the foreign-born white families owned 2,968,707 homes and rented 2,690,300 homes; the Negro families owned 669,645 homes and rented 2,050,217 homes; the other races owned 108,040 homes and rented 264,800 homes.

Total homes in NEW ENGLAND, 1,981,499, of which 915,441 or 46.2 per cent were owned, 1,042,521 or 52.6 per cent were rented, and 23,537 were of unknown tenure. Native white families, 1,203,304; foreign-born white families, 753,231; Negro families, 22,864; other races, 2,100.

Total homes in MASSACHUSETTS, 1,021,160, of which 439,238 or 43.0 per cent were owned, 569,645 or 55.8 per cent were rented, and 12,277 were of unknown tenure. Native white families, 579,751 (306,978 or 30.06 per cent were native white of native parentage and 272,773 or 26.71 per cent were native white of foreign or mixed parentage); foreign-born white families, 427,385 or 41.85 per cent; Negro families, 12,637 or 1.24 per cent; other races, 1,387 or 0.14 per cent.

Total homes in Boston, 179,200, of which 45,986 or 25.66 per cent were owned, 130,140 or 72.62 per cent were rented and 3,074 were of tenure unknown. Divided by color and nativity of head of owner-families, 7,741 were native white of native parentage; 11,137 were native white of foreign or mixed parentage; 26,366 were foreign-born white; 726 were Negro and 16 were of other races.

Of the renter-families, 27,267 were native white of native parentage; 36,428 were native white of foreign or mixed parentage; 61,505 were foreign-born white; 4,431 were Negro, and 509 were of other races.

"RELIEF" DECLINING.

Two-thirds of the nation's relief expenditures in recent years has been centered in ten industrial states, the "Year Book's" section on Financing Relief and Recovery points out. Half the Federal Work Relief Funds and two-thirds of all available funds have been expended in the fifty largest cities, including about 25 per cent of the population. Industrial urban population is more vulnerable to unemployment. In addition, living costs are higher, requiring greater relief allotments, and the cost of giving employment to a city group is higher than in rural areas.

STATE REFERENDA RESULTS, 1936.

A question of public policy "Shall the Representative in the General Court from this district be instructed to vote in favor of amending the State Constitution for the purpose of limiting the amount of taxes, for all purposes, which may be legally levied against any real estate within the Commonwealth to a sum not exceeding \$25 for each one thousand dollars of assessed valuation?" was voted on by only a portion of the Representative Districts. In Boston, six districts did not vote on it.

The totals for the districts and parts of districts, including Boston districts, were 310,715 in favor; 113,594 against and 203,277 blanks. For Boston alone, the totals for the sixteen districts that voted were 114,184 in favor; 46,689 against and 79,827 blanks.

In Boston, there were three referenda on sales of alcoholic beverages.

First, "Shall licenses be granted in this city for the sale therein of all alcoholic beverages (whiskey, rum, gin, malt beverages, wines and all other alcoholic beverages)?" Totals, 190,353 in favor, 45,402 against and 84,732 blanks.

Second, "Shall licenses be granted in this city for the sale therein of wines and malt beverages (wines and beer, ale and all other malt beverages)?" Totals, 185,213 in favor, 40,164 against and 95,110 blanks.

Third, "Shall licenses be granted in this city for the sale therein of all alcoholic beverages in packages, so called, not to be drunk on the premises?" Totals, 187,877 in favor, 37,139 against and 95,471 blanks.

THE MUNICIPAL WATER-WORKS TREND.

In 1800 there was but one municipally-owned water-works plant in the United States. Now there are 7,853 municipally-owned installations, or 72.8 per cent of the entire number. In the United States there are ninety-four cities of over 100,000 population. All but eleven of these own their water works. Municipal plants serve 96.1 per cent of the population of the ninety-four cities, while private plants serve only 3.9 per cent.

BOSTON'S LIABILITY FOR METROPOLITAN DEBT, 1937.

Boston's liability for this contingent debt of the State (*i. e.*, in the form of annual assessments for sinking funds and interest) incurred for Metropolitan parks, sewers, water, etc., was \$28,559,995 (net) on July 1, 1937, or \$1,283,454 more than in 1936 and \$6,473,404 more than in 1927. It is divided thus: Water debt, \$25,314,274; Park debt, \$904,738; Sewer debt, \$1,639,878; Charles River Basin debt, \$701,105. The percentages paid by Boston in 1937 were 63.4515 on Water Debt; 48.6623 on most of the Park Debt; 36.25 on most of the Sewer debt, and on Charles River Basin debt the same as on Park debt.

Metropolitan assessments paid by Boston in 1937 amounted to \$4,752,277.22, of which 64.23 per cent was for debt requirements and 35.77 for maintenance. Water assessment, \$3,282,201 (usually paid from water revenue); park, \$786,974; sewer, \$470,545; Charles River Basin, etc., \$212,557.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 32.

SATURDAY, AUGUST 10, 1940.

No. 32

MAYOR TOBIN'S CONFERENCE ON TRAFFIC, BY THE OFF-STREET PARKING SUB-COMMITTEE, MAKES PUBLIC REPORT ON FINDINGS AFTER LONG STUDY OF SITUATION IN BOSTON — MAKES SEVERAL RECOMMENDATIONS, SOME OF WHICH WILL REQUIRE LEGISLATIVE ACTION TO PUT INTO EFFECT — ALL PROPOSALS SEEK TO RELIEVE TRAFFIC CONGESTION AND GIVE AUTOMOBILE OWNERS AND USERS FREER AND BETTER STREET CONDITIONS ON THOROUGHFARES ON WHICH THEY LIVE OR TRANSACT THEIR BUSINESS.

The following is the report in completeness of the Mayor's Conference on Traffic, by the Off-Street Parking Sub-committee:

MAYOR'S CONFERENCE ON TRAFFIC — REPORT OF OFF-STREET PARKING COMMITTEE.

1. COMMITTEE ASSIGNMENT.

The Committee on Off-Street Parking was assigned the task of considering and reporting ways and means of alleviating street traffic congestion in the business district of the city. To this end the committee has held weekly meetings since its inception and has made an intensive study of the following factors which relate to the problem of congestion:

- (1) *Parking Lots* — existing locations, capacity and adequacy;
- (2) *Public Garages* — cooperation in reducing congestion by revision of rates;
- (3) *General Express Offices* — obstructions occasioned by parking of trucks in vicinity of such offices;
- (4) *Large Trucks and Trailers* — prohibition in business district during hours of congestion;
- (5) *Off-Street Parking in Residential Areas* — need for change in provisions of Zoning Law;
- (6) *Off-Street Store Delivery* — as a cause of congestion;
- (7) *Market District* — reduction of congestion caused by produce trucks;
- (8) *Cooperation* — of civic and commercial organizations, and
- (9) *Police Enforcement* — of existing and proposed regulations.

For the purpose of this report, the area treated as the business district is contained within Stuart, Tremont, Beacon and Somerset streets, Pemberton square, Court and State streets, Atlantic avenue and Kneeland street for the reason that factual information for this area was readily available, and the greater part of the retail business district is included therein.

2. GENERAL STATEMENT.

Proper and adequate use of land depends first and largely upon free circulation of transportation. This makes necessary an adequate system of traffic arteries and terminal facilities if congestion is not going to continue to obstruct business and consequently depress valuation and taxes. Traffic congestion already is causing many business establishments to leave the city for more outlying areas, with a resulting loss of tax revenue.

While the Committee on Projects has been studying the matter of traffic arteries, the Off-Street Parking Committee has given consideration to terminal facilities and allied factors which contribute to the congestion in the business district. It is recommended very strongly that neither traffic arteries nor parking facilities will, separately and alone, solve the problem of congestion, but that such solution will be found only in a coordination of both, augmented by correlated factors mentioned above.

Since the advent of the motor car the entire social structure of our communities has undergone a radical change, no small amount of which can be attributed to the influence of the private motor vehicle. In most instances the change has been synonymous with progress. However, under rapidly changing conditions new and unforeseen problems are certain to arise.

Since the population of Boston has nearly (if not quite) reached its peak, because of the expanding loss through migration to suburban areas, it may be assumed that the loss of business through decentralization will normally vary in somewhat direct proportion to the population loss. This decentralization can be checked only through making the city more attractive to business and residents. Certainly, anything that makes the city less attractive, as does heavy congestion, will supplement rather than retard the decentralization movement.

The use of private passenger cars as a method of entering and leaving the "inner cordon" (northeast of Charles and Stuart streets) increased 46.5 per cent from 1927 to 1938. They now carry 31.6 per cent of the total persons entering and leaving. It should be noted that the number of passengers carried by rapid transit decreased 19 per cent, street car use declined 11.5 per cent and passengers transported by steam train decreased 53 per cent during the same period. It is also interesting to note that the total number of people coming into the "inner cordon" in 1938 was 6.9 per cent lower than that of 1927.

(Continued on page 883.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"
From Boston Centennial Poem by

NATHAN HASKEL DOLE

CITY RECORD.

Published weekly in Boston by the Board of Trustees of the Statistics Department of the City of Boston, under the direction of the Mayor, in accordance with legislative act and city ordinance.

JOSHUA H. JONES, JR., Associate Editor.

STREET AGENCIES.

Old South News Stand, Old South entrance to subway. Also News Stand first floor, City Hall Annex.

Advertising.

A rate of \$2 per inch of 12 lines (set solid) has been established for such advertisements as under the law must be printed in the *City Record*. Advertising and other copy must be in hand by Thursday of each week to insure its publication in the Saturday issue.

Copies for sale at the Statistics Department, 73 City Hall.

MUNICIPAL CALENDAR.

Meeting of the City Council, Monday, August 19, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

To THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

To THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

To THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

To THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables slaughter-houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

To THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made

to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

To THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

To THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

To THE BOARD OF EXAMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

To THE STATISTICS DEPARTMENT, 73 City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

To THE WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

To THE BOARD OF ZONING ADJUSTMENT, 43 City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For the week ending August 3, 1940.
Population as of July, 1940, Massachusetts State Census, 769,520; population estimated July, 1940, United States Census Bureau, 769,520; number of deaths (stillbirths excluded): Residents, 137; nonresidents, 52; total, 189.
Death rate per 1,000 of population: All deaths, 12.06; nonresidents deducted, 8.74.

Death rate per 1,000 of population:
Last week, 11.74; corresponding week last year, 10.25.

Deaths by age periods, sex, etc.: Under one year, 13; one year to four years, inclusive, 4; sixty years and over, 102; Total deaths: Male, 115; female, 74; deaths in hospitals and institutions, 118; deaths of colored, 3.

REPORTABLE DISEASES: CASES AND DEATHS.*

REPORT OF OFF-STREET PARKING COMMITTEE.

(Continued from page 881.)

In 1938 on a typical week day there were 257,083 passenger cars entering and leaving the "inner cordon" of which doubtless a substantial percentage had neither origin nor destination therein. In 1927 35 per cent of the vehicles entering this area passed on through. If this figure is true today — and it may be — approximately 180,000 passenger cars stop for some reason in Boston's downtown area. As the above figures are for periods of 17 hours, in all cases, it is interesting to compare the figures for morning and afternoon rush hours. During these periods mass transportation has handled 23.5 per cent fewer passengers in the morning rush of 1938 than at the same time in 1927, and 27 per cent fewer in the afternoon rush. These figures are both higher than the 20 per cent reduction in mass transportation over the 17-hour period. In contravention to the mass transportation figures, individual transportation increased 25 per cent in the morning and 11 per cent in the afternoon, showing that passenger cars are increasing in the rush hours as well as throughout the day. In practically all of these cases the rate of change has been somewhat less during the six-year period 1932-38 than for the five years previous to that time. This indicates that the saturation point is being approached but very definitely has not yet been reached.

3. PARKING LOTS AND CAGE GARAGES.

All cities are confronted with a parking problem. Size does not make or eliminate the difficulty; it simply varies the degree. Conversely, all drivers in the business district are confronted with the same problem.

Lack of terminal facilities has had many adverse effects. It is one of the causes of congestion; it is one of the very real causes of the serious decline in business district property values and the resultant loss of tax revenue to the city; it is probably the major cause for the loss of retail trade in the area and the consequent gain to suburban retail business. It is not a healthy situation for the automotive industry. All of these situations constitute economic losses to the entire social group.

To effectively alleviate traffic congestion in the downtown business district of Boston it will be immediately necessary to more than double the off-street parking facilities available at the present time in the vicinity of the retail district. This is in line with Mayor Tobin's suggestion of clearing one block in nine for off-street parking.

It is impossible for private enterprise to establish sufficient permanent off-street parking lots because of (1) the difficulty in obtaining long-term leases, (2) the lack of parking enforcement, and (3) high land assessment in the business district. It appears necessary, therefore, for the city to lead the way in acquiring property and establishing parking facilities.

Since practically all of the present parking lots are of an extremely temporary nature and will disappear with an improvement in business conditions, it will be necessary to establish many more parking spaces than would otherwise be the case. In the area bounded roughly by Stuart, Tremont and State streets, running to the harbor, the Traffic Commission finds the following existing facilities:

Off-Street in Garages	1,325 spaces.
Off-Street in Parking Lots	2,857 spaces.
Total Off-Street	4,182 spaces.

The commission estimates that an additional 3,000 parking spaces are necessary to supply adequate facilities. This would allow a rigid enforcement of parking regulations. In view of the lack of stability of existing parking lots, some 6,000 spaces will need to be ultimately established on a permanent basis, either through municipal action or by private enterprise.

The most economical approach to the problem of cheap parking seems to be for the city to acquire strategically located properties through a private operator and finance the cost of the property and the construction of Cage Garages by means of twenty-year bonds. In this way a large saving in purchase price can be made over what would be paid through eminent domain proceedings, and since the municipality can borrow at an extremely low interest rate, a further saving can be made, which will be reflected in cheap parking fees. Necessary properties which are not acquired through negotiation can be taken through court action.

If legislative authority is obtained, these properties can be leased for private operation which can be accomplished less expensively than can municipal operation, due to civil service requirements. Such private operation will also avoid competition between the municipality and other privately operated garages and parking lots. Provision should be made in the operating leases for control of parking fees to assure the establishment and continuation of cheap parking, say at 10 cents per hour.

To this end two specific locations have been studied and are presented in an effort to demonstrate the feasibility of establishing Cage Garages in the central retail district. Both of these areas appear to lend themselves to a workable solution of the off-street parking problem.

PROJECT No. 1.		Maintenance:	
Land Area	25,784 square feet	16 men and supervision	\$20,000
Assessed Values:		Miscellaneous	1,000
Land	\$452,000	Total Cost	\$69,740
Building	154,000		
Total	\$606,000	Annual Income Estimate:	
Cost of Cage Garage (basement, two floors and roof)	110,000	100 per cent capacity per day for 250 days —	
Total Cost—property taking and structure	\$716,000	116,250 rented spaces per year.	
Capacity of garage	465 spaces	75 cents per space per day	\$87,187
Annual Cost:		Probable sale of gas and oil	7,813
Interest on \$716,000 at 1½ per cent	\$10,740	Total Income	\$95,000
Depreciation (50 years)	2,200	Net Income	\$25,260
Amortization (20 years)	35,800		

PROJECT No. 2.		Maintenance:	
Land Area	11,221 square feet	8 men and supervision	\$10,000
Assessed Values:		Miscellaneous	500
Land	\$311,700	Total Cost	<u>\$39,515</u>
Building	74,300		
Total	<u>\$386,000</u>	Annual Income Estimate:	
Cost of Cage Garage (basement, two floors and roof)	45,000	100 per cent capacity per day for 250 days —	
Total Cost — property taking and structure	<u>\$431,000</u>	50,500 rented spaces per year.	
		75 cents per space per day	\$37,875
Capacity of garage	202 spaces	Probable sale of gas and oil	3,500
Annual Cost:		Total income	<u>\$41,375</u>
Interest on \$431,000 at 1½ per cent	\$6,465	Net income	<u>\$1,860</u>
Depreciation (50 years)	1,000		
Amortization (20 years)	21,550		

In the balance sheets shown above, Project No. 1 is located on property having an assessed value of \$23.30 per square foot and a total cost (property and construction) of \$1,540 per unit of car space. This project will have an annual operating cost of \$150 per car space and a net income of \$54 per car space per year.

Project No. 2, located on property having an assessed value of \$34.40 per square foot, will have a total cost (property and construction) of \$2,130 per space and an annual operating cost of \$194 per space. This will give an annual net income of \$9 per space to the project.

On the basis of these two projects only it would appear that cage garages located on property acquired for \$36.20 per square foot would cost approximately \$2,240 per space and would break even on operating costs after deducting all finance charges.

Such improvements should be integrated with the Capital Budget and Long Term Program of Capital Expenditures being prepared in accordance with instructions from his Honor the Mayor. There are two major reasons for the creation of such facilities.

1. To increase by some 3,000 spaces present accommodations for off-street parking, and
2. To replace with permanent spaces the 3,000 temporary spaces which exist at present

Three thousand spaces represent an investment of \$6,700,000 which, if spread over the six-year period of a Long Term Program of Capital Expenditures, would average \$1,100,000 annually.

Since the loss of these existing facilities is predicated on an improvement in business which will cause a demand for buildings on the present parking lots, it is believed that no serious reduction will occur within the next four or five years. By that time a more definite idea of the present facilities will be available and a reasonable plan can be developed for their conversion to or substitution by permanent facilities.

It should be noted that the establishment of such off-street terminal facilities will undoubtedly appreciate the surrounding properties, even without betterment assessments, which might also be considered sound procedure.

These recommendations are based on the assumption that the city has the legal authority to acquire property for parking either through purchase or eminent domain. An opinion on this matter has been received from the Corporation Counsel to the effect that the city can acquire property either by purchase or eminent domain and establish parking facilities thereon. However, it is stated that the city cannot lease such facilities to private operators. Thus to fulfill the recommendations contained in this report it will be necessary to obtain authority from the Legislature to effect such leases. The opinion of the Corporation Counsel in full is included in Appendix I.

With this report is submitted a map showing existing garages and parking lots in downtown Boston, together with their capacity.

The committee recommends that a comprehensive plan of off-street parking facilities be prepared in accordance with the suggestions outlined above. Such a plan involves detailed technical considerations of land values, acquisition methods and relations to stores and offices to be served as well as to traffic arteries which will give easy ingress to and egress from such facilities, and financing. It is believed that the City Planning Board and the Traffic Commission are more adequately equipped to prepare such a comprehensive plan than is the committee.

The committee recommends that no free parking be established by the municipality in the business district. On the contrary, it is believed that the city should not only regulate the prices charged in any facilities which it creates, but should also make regulations governing charges made by private parking lot and garage operators who conduct their businesses in the business district. It is felt that legislation is necessary to provide such regulations.

It is further recommended that the Law Department be requested to prepare whatever legislation may be necessary to effectively prosecute such plans, as it will presumably do in connection with the recommendations of the Project Committee.

In view of the decrease in the number of passengers carried by the Elevated Company and the resulting increase in the deficit which is paid largely out of the city's tax revenue, it is urgently recommended that travel on the elevated be made as attractive as possible. One way in which this may be accomplished is to provide adequate free parking facilities at terminals of the Elevated Company such as Forest Hills, Mattapan, Kenmore square, Maverick square and Sullivan square, with an intensive publicity program which will lead to their use by motorists. Such parking areas will serve the triple purpose of alleviating congestion in the business district, reducing the tremendous deficit of the company and give the motorist a more rapid and less expensive entrance into the downtown area.

4. PUBLIC GARAGES.

The present regulations prohibiting any street parking prior to 9.30 a. m. work out very satisfactorily, but do, nevertheless, militate against salesmen and other early short-time parkers who must pay high prices for the privilege of parking for brief periods.

At a meeting with the committee, representatives of the public garages and parking lots expressed a desire to cooperate in reducing traffic congestion by establishing reduced short-time parking rates to assist shoppers and salesmen who desire to park for under two hours. A communication was subsequently received by the committee in which the garage and parking lot operators offered to make rebates to shoppers through the retail stores. This would be a somewhat complicated procedure and is predicated on the continued enforcement of parking regulations as well as cooperation of the retail stores.

The committee strongly recommends that the garage and parking lot operators be urged to establish lower fees for short-time parking, perhaps 15 cents for two hours, on a trial basis for a definite period of time. If this arrangement proves deleterious to the operators' interests it could then be abandoned, but it is felt that no appreciable damage would be suffered in a trial period if the arrangement is shown to be unsatisfactory. A great amount of good will accrue to the general public as a result of such a revision of rates.

5. GENERAL EXPRESS OFFICES.

Business conducted by the fourteen General Express Offices in the business district seriously interferes with the movement of traffic on the streets where these offices are located. Most of the business is conducted by telephone, each office having 75 to 150 boxes hired by different trucking companies. Calls received by telephone are written out and deposited in the various boxes. In addition, a small volume of packages is handled through these offices. Truck drivers call at the office for their messages and, if there are none, often park for long periods waiting for calls to come in. This results in curb space for several hundred feet in the vicinity being usurped by these trucks to the exclusion of other business. As these are large trucks which back in to the curb, the capacity of the street for handling moving traffic is reduced to extremely small proportions.

These factors were discussed at a meeting of the committee with representatives of the General Express Offices, following which a notice was sent by the Offices to all participating truck companies warning them against the use of unnecessarily large trucks and the abuse of overtime parking.

Such cooperation is very much appreciated and it is hoped that the situation will be cleared through this cooperative action.

However, if the abuses should be allowed to continue the committee recommends:

(1) That the General Express Offices be required to obtain a license to operate and that the Traffic Commission approve the location before a permit is issued. No permit should be granted north of Broadway unless the business is conducted off-street.

(2) That the police enforce traffic regulations that prohibit backing to the curb unless the vehicle is actually being loaded or unloaded, and

(3) That the Traffic Commission be requested to pass a regulation prohibiting all backing to the curb in the street or parts of street where these General Express Offices are located.

6. PROHIBITION OF LARGE TRUCKS.

The semi-trailer type of truck is increasing every year. Some of these vehicles are 36 feet long and 8 feet 6 inches wide. They require a 50-foot radius for turning and when backed to the curb occupy from 50 per cent to 100 per cent of the roadway. It is recommended that terminals be created outside the downtown area where trucks of this type will be forced to load their goods onto smaller trucks which will make deliveries in the business district.

In order to effect this improvement the following regulation is recommended, that:

Any vehicle having an over-all length of 20 feet or over be prohibited from all streets in downtown Boston north of Kneeland and Stuart streets between the hours of 8 a. m. and 6 p. m. except Stuart and Kneeland streets, Atlantic avenue, Commercial, Causeway, Nashua and Charles streets and Columbus avenue and that no vehicle over 20 feet in length be allowed to back to the curb on these streets.

To keep these trucks from certain areas in downtown Boston will undoubtedly increase delivery costs to some businesses, but will, on the whole, help business by lessening congestion and speeding up delivery time.

7. OFF-STREET PARKING IN RESIDENTIAL AREAS.

Considerable hardship has been caused by the zoning law provision for not more than three cars on any residential lot unless garaged within the building. This has created overtime street parking and considerable congestion caused by cars being parked through necessity in front of neighboring properties. Although certain amendments to the law have been submitted to the Legislature to correct this difficulty no change has actually been made.

It is recommended that the joint committee of the City Planning Board and Board of Zoning Adjustment, now studying the problem of re-zoning in the city, give this matter their consideration in an effort to assist the alleviation of traffic congestion, particularly in the Back Bay area.

8. OFF-STREET STORE DELIVERY.

The Denver and Los Angeles zoning ordinances have provision for loading space in the rear of commercial buildings. While it is recognized that there are definite difficulties in the imposition of such regulations in this city, it is recommended that the City Planning Board and Traffic Commission consider the matter to determine its feasibility.

9. MARKET DISTRICT.

A serious situation has existed in the market district, caused by illegal parking, sometimes for days, of large trucks. These vehicles made it most difficult for many concerns to do business, and also created a serious hazard in case of fire.

This matter was discussed by the committee with the Superintendent of Markets who has shown an earnest endeavor to cooperate by taking the necessary steps to relieve this situation.

Following this discussion the existing regulations were enforced for a short time, which resulted in a great improvement in the district. However, this condition did not last, due to a subsequent lapse in enforcement.

Meanwhile, the business men in the district have undertaken voluntary consideration of the problem and have organized two committees to study and report on the situation in that area.

Pending a report by these committees it is recommended that the existing regulations be rigidly and continuously enforced, particularly in the prohibition of passenger cars, in order to maintain the improvement which obtained for the short period mentioned above.

Sidewalks on Commercial street, between Clinton and State streets, are wider than are necessary for pedestrian movement. It is recommended that these sidewalks be narrowed, and that the sidewalk at the easterly end of Quincy Market be entirely removed. This will result in a widening of the street pavement by one additional traffic lane with a greatly improved circulation of traffic on Commercial street, one of the main traffic feeders to the market.

10. COOPERATION OF CIVIC AND COMMERCIAL ORGANIZATIONS.

In order to obtain a maximum amount of cooperation by organizations and individuals, it is recommended that a letter be sent to the secretaries of all civic and commercial organizations, clubs, and newspapers, asking them and their members and customers to cooperate in reducing congestion by using off-street parking facilities for their vehicles rather than parking them at the curb, especially in restricted areas.

A suggested draft of such a letter is included as Appendix II.

11. ENFORCEMENT.

Continuous rigid enforcement of traffic regulations is essential if the serious congestion which obtains in the business district is to be alleviated in any way. The creation of new facilities will not be of benefit if cars are allowed to park in illegal locations and for unlimited times.

From a psychological point of view the committee believes that strict enforcement throughout the district at the present time would tend to deter shoppers from coming down town and so augment the present undesirable decentralization of business. The committee also feels that "parking drives" over short periods are also detrimental to the welfare of the district.

The committee urgently recommends that as fast as facilities become available, enforcement should be strengthened in a quiet, continuing way without the intensive publicity which usually attends "parking drives." It is also recommended that parking regulations be immediately enforced in the vicinity of existing facilities, and that illegal all-night parking on public streets be brought to an end. This action should be of financial assistance to public garages, most of which are operating at a loss, and to parking lots, some of which are not profitable. The fire hazard of cars parked in the street obstructing free and rapid circulation of fire apparatus should not be tolerated in the business district.

SUMMARY OF RECOMMENDATIONS.

- | | |
|--------------------------------|--|
| 1. Comprehensive Plan. | Need of coordinating traffic arteries as recommended by the Committee on Projects with Terminal Facilities and allied factors contained herein, as adequate solution of the problem. |
| 2. Cage Garages. | The construction in the next six years of space for 3,000 vehicles in accordance with a comprehensive plan to be prepared by the City Planning Board and Traffic Commission. Necessary legislation to be prepared by the Law Department. |
| 3. Regulation of Parking Fees. | Legislation, if necessary, to be prepared by the Law Department. |
| 4. Parking Areas. | The creation of parking facilities at Elevated terminals with necessary publicity to (1) decrease business district congestion, (2) decrease Elevated deficit, and (3) decrease transportation costs and time element for general public. |
| 5. Public Garages. | Reduction in fees for short time parkers to accommodate early shoppers and salesmen. |
| 6. General Express Offices. | No recommendations needed if present cooperation continues; otherwise regulations prohibiting such offices from the business district. |
| 7. Large Trucks. | Regulations prohibiting trucks over 20 feet in length from business district between 8 a. m. and 6 p. m., with certain exceptions. |
| 8. Zoning Provisions. | The City Planning Board and the Traffic Commission to study (a) changes in the law relative to additional parking and garaging of vehicles on residential lots, and (b) the provision for off-street delivery to stores in the business district. |
| 9. Market District. | It is essential that existing regulations be continuously enforced pending report of committees now organized by business men in the district to study problem of congestion. The reduction in sidewalk width on Commercial street, between Clinton and State streets, with removal of entire sidewalk at the easterly end of Quincy Market, will facilitate circulation of traffic. |
| 10. Cooperation. | Of organizations to be requested by letter along the lines of Appendix II. |
| 11. Enforcement. | Need of general continuing enforcement of parking regulations as facilities recommended become available. Meantime, parking regulations in the vicinity of existing facilities, and night parking regulations, should be promptly and continuously enforced. |

APPENDIX I.

LAW DEPARTMENT OF THE CITY OF BOSTON,
11 BEACON STREET, May 14, 1940.

WILLIAM P. HICKEY, Esq., *Commissioner, Boston Traffic Commission*, 134 North Street, Boston, Mass.

DEAR COMMISSIONER HICKEY,—In your letters of March 26 and April 25, 1940, you have requested, on behalf of the Sub-Committee on Off-Street Parking of the Mayor's Conference on Traffic, an opinion relative to the power of the city to condemn property for the purpose of operating parking lots on the land so taken and to the power of the city to sub-lease the land so taken to private parking lot operators.

I. In my opinion the city has authority to acquire land for the purpose of operating public parking places on the land so acquired.

G. L. (Ter. Ed.), c. 40, sec. 5, clause 33, authorizes the city to appropriate money—

"(33) For acquiring land for public parking places and maintaining the same."

Section 31 of St. 1909, c. 486, authorizes the Board of Street Commissioners, at the request of any department and with the approval of the Mayor, to—

"take in fee for any *municipal purpose* any land within the limits of the city, not already appropriated to public use." (Emphasis supplied.)

Since said G. L. (Ter. Ed.), c. 40, sec. 5, clause 33, expressly authorizes the appropriation of money therefor, there can be no question that public parking places constitute a "municipal purpose" within the meaning of said section 31 of St. 1909, c. 486; it follows, therefore, that the city may acquire land for the purpose of public parking places.

II. Land acquired by the city for such purpose may be acquired either by purchase or by eminent domain, so long as the acquisition is made in accordance with the provisions of section 31 of St. 1909, c. 486, which provides as follows:

"SECTION 31. At the request of any department, and with the approval of the Mayor the board of street commissioners, in the name of the city, may take in fee for any municipal purpose any land within the limits of the city, not already appropriated to public use. Whenever the price proposed to be paid for a lot of land for any municipal purpose is more than twenty-five per cent higher than its average assessed valuation during the previous three years, said land shall not be taken by purchase but shall be taken by right of eminent domain and paid for in the manner provided for the taking of and the payment of damages for land for highways in said city. No land shall be taken until an appropriation by loan or otherwise for the general purpose for which land is needed shall have been made by the mayor and city council by a two thirds vote of all its members; . . ."

III. In my opinion, it is the clear intentment of said G. L. (Ter. Ed.), c. 40, sec. 5, clause 33 (quoted above), that the city may operate such parking places under its own auspices.

IV. The city has authority, under section 1 of St. 1931, c. 297 (as amended by St. 1939, c. 173), to charge a fee in connection with its operation of such public parking place, so long as the amount of the fee does not exceed the cost of maintenance and operation thereof.

Said section 1 of St. 1931, c. 297 (as amended by St. 1939, c. 173), provides, so far as here material, as follows:

"In the city of Boston the city council, with the approval of the mayor, shall have the power to . . . fix the compensation to be paid for any services rendered or work performed by the city or any department thereof for any person or class of persons unless such service is rendered or work performed as part of the general services furnished for the benefit of the citizens of the city as a whole . . ."

(Emphasis supplied.)

In my opinion, owners and operators of motor vehicles for whom the facilities of parking places would thus be made available by the city constitute a "class of persons" within the meaning of the above-quoted statute. It is further my opinion that the services rendered or the work performed by the city at such parking places would clearly not constitute part of the "general services furnished for the benefit of the citizens of the city as a whole."

The fee to be charged must, however, be restricted to the cost of maintenance and operation, and may not include any element of profit. Any attempt on the part of the city to include an item for profit would be illegal, for the reason that in the absence of legislative authority thereto enabling, the city may not engage in business for profit.

V. In my opinion, the city may not acquire land for the purpose of sub-leasing the land so acquired to private operators of parking places.

Public moneys may be appropriated and expended for public purposes only. The appropriation and expenditure of public funds for the purpose of acquiring property and sub-leasing the same to private operators would clearly not be a "municipal purpose" within the meaning of section 31 of St. 1909, c. 486 (quoted above). This principle has been declared in the cases of *Spaulding v. Lowell*, 23 Pick. 71, *Wheelock v. Lowell*, 196 Mass. 220, and *Kingman v. Brockton*, 153 Mass. 255.

As also shown by *Kingman v. Brockton*, the city would be justified in conveying to private operation only such property as it no longer needs for public purposes.

Thus it is provided by G. L. (Ter. Ed.), c. 40, section 15 that—

"If any officer of a city or town having charge of any land, easement or right taken for such city or town, otherwise than by purchase, notifies the city council or the selectmen that, in his opinion, such land, easement or right, or part thereof, is no longer required for public purposes, and if thereafter the city council, or the inhabitants of the town by a two thirds vote authorize the conveyance of such land, or of part thereof, or the abandonment of

such easement or right, or part thereof, and specify the minimum amount to be paid for such conveyance or abandonment, the mayor or the selectmen may, for such amount or a larger amount, and upon such other terms as the mayor or selectmen shall consider proper, convey said land, or part thereof, by deed, or declare said easement or right, or part thereof, to be abandoned. Such declaration, being recorded in the registry of deeds for the district where the land is situated, shall extinguish the easement or right."

However, it is to be noted that while the above-quoted statute provides that the city may "convey said land . . . by deed," it does not expressly authorize the city to lease such land.

Irrespective of the city's power to lease or convey such land at some time after its acquisition, it is clear that acquisition of land for the very purpose of leasing to private operators would be illegal.

VI. A special situation exists with respect to land already owned by the city through the foreclosure of tax titles. With respect to such lands the following special considerations may be noted.

(a.) In my opinion, since the city already owns this kind of property, no question of the legality of acquiring it for public parking places is involved, and under clause 33 of G. L. (Ter. Ed.), c. 40, sec. 5 (already quoted), the city may appropriate money for the purpose of "maintaining the same."

(b.) The city may sub-lease such lands to private firms or individuals for any purpose including the purpose of operating parking places, so long as such leases are for not more than one year in duration and contain provisions subjecting such leases to termination upon brief notice in the event of sale by the city.

See St. 1938, c. 358, with respect to the care and custody of property acquired by foreclosure of tax titles, under which statute the principal object is the sale of the property so acquired, in order to realize through this means the amount of the taxes for nonpayment of which such property was sold.

Yours very truly,

ROBERT H. HOPKINS,
Assistant Corporation Counsel.

APPENDIX II.

SUGGESTED DRAFT OF LETTER TO CIVIC AND COMMERCIAL ORGANIZATIONS.

In the past few years it has become increasingly difficult to drive an automobile through the streets of Boston. The strangulation of an orderly flow of traffic is slowly, but surely, driving business out of the downtown areas, and is constituting a very real threat to real estate values. It is a condition largely due to illegal and all-day parking, to the improper use of the street as a garage.

As a practical attempt to relieve this situation, the Mayor's Conference on Traffic is appealing to you and to other business and professional organizations to unite in friendly effort to bring this matter to the attention of your associates and employees, requesting them to use the parking facilities offered by public garages and other off-street parking spaces. Furthermore, we suggest that you post conspicuously in your place of business a notice of the nearest garage and directions for reaching it, urging the public to avail itself of this space rather than the curb outside your door. To encourage the success of this plan, the garages and off-street parking lot operators are considering a plan to charge a uniform parking rate of 15 cents for any two consecutive hours from 9 to 6 . . . and the express organizations are making a concerted campaign throughout their affiliated companies to keep their trucks from parking more than six minutes at any one spot.

We earnestly recommend that you follow this excellent example. We believe that if this effort is made throughout the city, initiated by such an organization as yours, a very real benefit will be derived which will alleviate the almost intolerable conditions that exist today. This attempt is one of education and cooperation. In no sense are we suggesting at this time that a campaign of rigid police control be started.

We believe that the value of this policy of united action will be appreciated by the general public and that each individual will do his share in making the streets of Boston far more pleasant and satisfactory arteries of travel than they are today.

LIST OF COMMITTEES.

EXECUTIVE COMMITTEE.

WILLIAM STANLEY PARKER, *Chairman*. City Planning Board.
 ALBERT M. CHANDLER. Chamber of Commerce Traffic Committee.
 MARCH G. BENNETT. Advisory Committee on Public Improvements (representing Chamber of Commerce).
 CHARLES COYLE. Chamber of Commerce.

SUB-COMMITTEE ON PROJECTS.

MARCH G. BENNETT, *Chairman*. Advisory Committee on Public Improvements.
 WILLIAM STANLEY PARKER. City Planning Board.
 (MISS E. M. HERLIHY, alternate.) City Planning Board.
 HENRY I. HARRIMAN. Metropolitan Planning Board.
 (HAROLD DUFFY, alternate.) Metropolitan Planning Board.
 EDWARD DANA. Boston Elevated Railway.
 (MR. DOWNEY, alternate.) Boston Elevated Railway.
 WILLIAM HICKEY. Boston Traffic Commission.
 (P. T. DESMOND, alternate.) Boston Traffic Commission.
 HENRY V. HUBBARD. Boston Society of Landscape Architects.
 (L. H. ZACH, alternate.) Boston Society of Landscape Architects.

SUB-COMMITTEE ON FINANCE.

RICHARD HALE, *Chairman*. State Planning Board.
 H. C. LOEFFLER. Boston Municipal Research Bureau.
 C. S. BORGGAARD. Advisory Committee on Public Improvements (representative of Motor Truck Rate Bureau of Massachusetts, Inc.).
 GEORGE HYLAND. Commissioner of Public Works, Boston.
 BRADBURY F. CUSHING. Advisory Committee on Public Improvements (representative of New England Council, Massachusetts Division).

SUB-COMMITTEE ON OFF-STREET PARKING.

ALBERT M. CHANDLER, *Chairman*. Chamber of Commerce.
 JOHN CODMAN. Advisory Committee on Public Improvements (representative of Boston Real Estate Exchange).
 H. DALAND CHANDLER. Advisory Committee on Public Improvements (representative of Boston Society of Architects).
 EDWARD J. FROST. Advisory Committee on Public Improvements (representative of Retail Trade Board).
 JACOB BUXBAUM. Advisory Committee on Public Improvements (representative of Fruit and Produce Exchange).
 FRANK H. MALLEY. City Planning Board.
 FRED HAMLIN. Boston Auto Club.
 G. J. SHEERRARD. City of Boston Hotel Association.

SUB-COMMITTEE ON PUBLICITY.

CHARLES COYLE, *Chairman*. Chamber of Commerce.
 WILLIAM STANLEY PARKER. City Planning Board.
 PHILIP J. MCATEER. Advisory Committee on Public Improvements (representative of Advertising Club of Boston, Inc.).
 BENJAMIN C. LANE. Advisory Committee on Public Improvements (representative of United Improvement Association).

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made during the week ending Thursday, August 8:

ELECTION DEPARTMENT.

The Mayor has approved the following request for emergency appointments in Election Department:

On July 29, 1940, this office was faced with a situation unprecedented in the history of the department. All nomination papers of candidates had to be filed with the Secretary of the Commonwealth by 5 p. m. on July 30, yet on the 29th there were 315 papers still unchecked. Responsibility for this grave situation may be traced to the provisions of chapter 371 of the Acts of 1939, which required William H. McMasters, independent candidate for Governor, to obtain approximately 53,000 signatures. Mr. McMasters filed 703 papers here, each bearing an average of sixty signatures, every one of which had to be carefully checked. Although our regular office force (and the temporary assistant registrars) had worked every night the preceding week, more than 300 papers remained unchecked. A group of eighteen emergency employees were appointed to work with the assistant registrars on July 29, so that the papers would be completed in time to be filed with the Secretary of State. Authorization of the employment of the fol-

lowing-named men, each of whom is to be paid \$5 (five dollars) for his services here, is requested:

John J. McDonough, 358 Broadway.
 Patrick J. Nee, 817 Dorchester avenue.
 Edward M. O'Rourke, 2751 Washington street.
 Martin S. Broderick, 22 Thwing street.
 James L. Shruhan, 11 Whitney street.
 Francis P. Heaney, 78 Church street.
 Joseph Doherty, 56 Bromley street.
 Leo Silvia, 160 F street.
 Richard P. Arnold, 135 Intervale street.
 Joseph L. Keogh, 60 Winthrop street.
 William E. Ferguson, 246 South Huntington avenue.
 Joseph P. Doolin, 44 Sherman street.
 Frank E. Donnellan, 925 East Seventh street.
 Thomas J. Kline, 4 Rock street.
 Joseph Quinn, 44 Stanton street.
 Michael J. Hafey, 11 Concord street.
 Samuel C. Koupchik, 25 Allen street.
 Joseph C. Dwyer, 15 Delle avenue.

HEALTH DEPARTMENT.

Approval has been given for the transfer to this department from the Department of Public Works of the following-named constables at salaries of \$1,600 per year, effective August 7:

Andrew Bruschetto, 45 Chelsea street, East Boston.
 David Gordon, 33 McLean street, Boston.

William J. McGregor, 33 Grampian way, Dorchester.

Leo T. McNeil, 1395 Commonwealth avenue, Boston.

Willard F. O'Brien, 5 Orchard street, Jamaica Plain.

David I. O'Connor, 15 Iroquois street, Roxbury.

Leonard Pike, 54 Wilmington avenue, Dorchester.

Daniel V. Sughrue, 52 Athol street, Brighton.

Timothy Scannell, 272 Third street, South Boston.

John F. Ganley, 98 Topliff street, Dorchester.

Charles J. McGrath, 46 Columbia road, Dorchester.

Edward M. Couzens, 88 Humboldt avenue, Roxbury.

Edward F. Hines, 10 O'Callaghan way, South Boston.

Andrew Martin, 89 Waumbek street, Roxbury.

HOSPITAL DEPARTMENT.

Main Department.

The following monthly nurses have been employed July 1:

Virginia M. Guthrie, Mary E. Gaffney, Mary Keating, \$6 a month.

Margaret M. Baker, Mildred Bara, Helen M. Cullinane, Catherine M. Davey, Anna M. Delaney, Louise DeMarco, Marion C. Dexter, Madeline Dunham, Irene M. Eddy, Evelyn M. Harding, Agnes Kubiski, Josephine Kieculas, Dorothy Morse, Catherine

Napoli, Mary C. Pecora, Mary E. Stets, Mary F. Wyman, \$8 a month.

Lydia Dolbert, Grace B. Emerson, Lillian Lind, \$9 a month.

Doris Burhams, Helen Flaherty, Gladys A. Foss, Anne Gilligen, Anne Howe, Constance L. LeBlanc, June B. Leavens, Barbara Maston, Frances Maguire, Helen D. Olson, Ruth S. Pond, Evelyn Simonis, June G. Sweezey, Jennie T. Stella, Nicoline Triconi, \$10 a month.

Mary F. Walsh, \$16.67 a month.

Ruthville Ambrose, Edna Brown, Helen Burke, Eunice Cruickshand, Valerie M. Duff, Mary E. Drown, Ruth Flanagan, Eleanor Leach, Lucille Levasseur, Evelyn McPherson, Mary E. Maguire, Theresa Maguire, Ida Niehnie-wich, Stella Montgomery, Evelyn Najar, Lena Plourde, Mary C. Presutti, Mary P. Paccioretti, Eleanor M. Ryan, Jeanette Ste. Marie, Eleanor B. Stewart, Elizabeth V. Thibeault, Veronica M. Ustick, Jane M. Waters, Mary E. Walsh, Mary J. White, Elizabeth Whitterspoon, Barbara J. Zager, no pay.

South Department.

The following monthly nurses have been employed July 1:

Takako Sato, Mary E. Griffin, Rita M. McCluskey, Gertrude J. Finlay, \$10 a month.

Stephanie E. Baroka, Margaret C. Coney, Mary B. Morrissey, Jane T. Ross, Edith Goodell, Julia Blanchard, Anna Montgomery, Virginia R. Belisle, Anna Marshall, Dorothy Pickering, Margaret H. White, Eileen Callaghan, Rita A. McCarty, Frances Purcell, Margaret Walker, no pay.

The following are the monthly increases:

Verna Bodycote, Jeanette Cole, Ann Cullen, Helen Jedziniak, Murjahan Khan, Helen O'Connell, Rita Roberts, Ruth Stead, Carolyn Wright, Adel Barnovitch, Gertrude Conley, Grace Gladwin, Jennie Kalossi, Glendella Kilson, Juanita Outlaw, Lillian Rovno, Mary Tierney, Mabel Tucker, Mary Buckley, Marguerite Conway, Gladys Inglis, Anna Kirwan, Mildred Moulton, Carolyn Roan, Louise Sacco, Dorothy Titleman, Venita Valosakas, Stacia Anderson, Helen Burns, Ruth Gillespie, Gladys Mercier, Olivette Bragg, Catherine Cleary, Rose Kaplan, Estelle Peters, Mary Wilkins, Esther Brownell, Irene Coughlin, Margaret Mitchell, Ruth Victorson, no pay to \$10 a month.

The following persons have terminated their services in the Hospital Department:

Margaret McDonald, ward helper, \$15 a week; Dennis J. Donovan, elevator operator, \$16 a week; Mary A. Scott, laundress, \$17 a week; Herman J. Tracey, porter, \$20 a week; John B. Pavidis, orderly, \$16.50 a week; Patrick O'Brien, housecleaner, \$21 a week; Joseph Doran, temporary male nurse, \$32 a week; James Meehan, storekeeper, \$40 a week.

The following nurses were employed as substitutes for nurses out ill at the rate of \$1,200 a year:

Elizabeth Crudup, Cambridge, for Helen Burton, Phyllis Rivard, Mary A. McDonough, Margaret Kenney. Total, 4 days.

Irene Dastague, 29 Worcester square for Margaret Kenney, Dorothy McAndrew, Leyla Herrmann, Teresa Phaneuf, Loretta Halahan. Total, 5 days.

Anna Jackson, 45 Symphony road, for Catherine McCrann. Total, 1 week.

Marion Hampshire, 16 Bradlee street, for Glenness Fuller, Mary Tierney, Margaret Taylor, Helen Messina, Helena McCabe, Audry Coon, Madeline McCaul. Total, 1 week.

Margaret Kirby, 44 East Springfield street, for Leyla Herman, Alice McGowan. Total, 2 days.

Celia Caruso, 898 Saratoga street, for Mary Tierney, Helen Burton, Mary Tierney, Alma Mangott, Julia Keohane, Helen Doyle. Total, 6 days.

Marguerite Sullivan, 56 Austin street, for Florence Gale, Lucille Charest, Mary Tierney, Alice Knowles, Alice Nedelcoff. Total, 5 days.

The following special nurses have been employed at \$4.50 a day:

Steva Belansus, 349 Columbia road, 7 days; Josephine Boisvert, 1152 Commonwealth avenue, 5 days; Sara Bower, 9 Tremlett street, 2 days; Grace Corcoran, Quincy, 4 days; Alice Daugherty, 44 Worcester street, 5 days; Jane Dignan, Medford, 2 days; Charlotte Doherty, 106 Warren street, 3 days; Belle Dodge, Hotel Essex, Ann Ferreira, Lawrence, 1 day; Ann Forman, 511 Beacon street, 2 days; Emily Gallagher, 96 East Brookline street, 4 days; Ethel Glennon, Atlantic, 1 day; Helen Grimley, Milton, 4 days; Sylvia Hauptmann, 12 Hillside terrace, 1 day; Margaret Hopkins, 16 Sanderson place, 6 days; Dorothy Hoyle, 69 Worcester street, 3 days; Barbara Hurley, 46 Thorndike street, Alice Lev-covich, 11 Worcester square, Ann Lynsky, 35 Alpha road, 2 days; Ina Nulty, 185 St. Botolph street, 1 day; Helen O'Brien, 569 Eighth street, Daphne Barks, 51 Hammond street, 2 days; Rose Pelletier, 17 Cumberland street, 1½ days; W. Graves Piper, 110 Graves street, 7 days; Harry Plenty, 42 Worcester square, 1 day; Wanda Prsygodski, 23 Worcester square, 7 days; Ruth Robinson, 42 Greenwood street, 2 days; Douglass Spencer, 151 Arlington street, 1 day; Helen Spillane, Stoughton, 7 days; Helen Clare Sullivan, 99 Draper street, 2 days; Matilda Tomassetti, Watertown, 3 days; Catherine Trombley, Brockton, 1 day; Anna Torf, 47 Warren street, 3 days; Alice Travers, 69 Woodford street, 1 day; Agnes Wall, 755 Bennington street, 7 days.

Approval has been given for the employment of temporary elevator operators in emergency and for night duty only when the regular employee fails to report for duty. A survey shows that under existing conditions it is impossible for the plant superintendent to give continuous service in several of the buildings where elevators must operate for twenty-four hours. This will entail very little additional expense, because if the operator who remains off duty is not on sick leave the salary ordinarily paid to him will be paid to the substitute.

OVERSEERS OF THE PUBLIC WELFARE.

Approval has been given for the permanent-intermittent appointment of Margaret P. Halley, 146 Massachusetts avenue, as a junior social worker, effective June 26, at \$1,500 a year.

Approval has been given for an increase in salary for John R. McGillivray, 145 Welles avenue, assistant supervisor,

from \$2,100 to \$2,400 a year, effective January 21, 1940.

Approval has been given for the appointment of the following persons as permanent-intermittent junior social workers, effective June 26, at \$1,300 a year:

Miriam Ruden, 15 Braemore road, Brighton.

Bertha C. Miller, 59 Hutchings street, Roxbury.

Mary M. Ryan, 475 Beech street, Ros-lindale.

Beulah C. Pierce, 132 Hemenway street, Boston.

Mary P. Kelley, 25 Wachusett street, Jamaica Plain.

Dorothea F. Whiting, 8 East Casper street, West Roxbury.

The Mayor has approved the continued temporary employment of the following clerk-typists for a period of three months from August 22, at \$900 a year:

Helen M. Agnew, 116 Lonsdale street, Dorchester.

Mary M. Badessa, 58 Dickens street, Dorchester.

Carmela E. Conroy, 31 Moraine street, Jamaica Plain.

Helen L. Cunniff, 7 Bogandale road, West Roxbury.

Virginia L. Davis, 10 Castle Rock street, Dorchester.

Felicia E. Edmonds, 7 Walworth street, Roslindale.

Eleanor C. Freeley, 15 Tremlett street, Dorchester.

Rosemary E. Gaffey, 127 Marcella street, Roxbury.

Ruby M. Gardner, 189 St. Botolph street, Boston.

Mildred Glynn, 17 Morse street, Dorchester.

M. Loretta Harnett, 547 East Eighth street, South Boston.

Edith Hecht, 34 Fabyan street, Dorchester.

Selda Kublin, 625 Morton street, Dorchester.

Lottie Leavitt, 22 Mallon road, Dorchester.

Clara Levetin, 26 Creston street, Ros-lindale.

Theresa Lebovitz, 7 Anderson street, Boston.

Ruth E. Mednicov, 162 Woodrow ave-nue, Dorchester.

Rita E. Minihan, 19 Inwood street, Dorchester.

Rita B. Mulroy, 62 Wyman street, Jamaica Plain.

Mary F. O'Toole, 89 Turner street, Brighton.

Sylvia M. Ring, 78 Kingsdale street, Dorchester.

Julia K. Robinson, 26 Hemenway street, Boston.

Nancy Wolff, 32 Radcliffe street, Dorchester.

Approval has been given for the continued temporary employment of the following persons as clerk-typists, for a period of three months from August 29, at \$900 a year:

Anna L. Aicardi, 99 Old Harbor street, South Boston.

Sophie Beckwith, 28 Wilder street, Dorchester.

Helen S. Bloom, 50 Fowler street, Dorchester.

John J. Connolly, 336 Medford street, Charlestown.

Frank J. Galvin, 389 Fourth street, South Boston.

Frederick T. Hurley, 51 Austin street, Hyde Park.

NATIONAL AVIATION DAY PROCLAMATION.

Whereas, Aviation is rapidly coming to play a more and more important part in human existence and progress the world over; and

Whereas, The industry, in this country, has made tremendous progress since the first successful flight undertaken at Kittyhawk, N. C., until now it is one of the most important branches of transportation, due to technical advances, improvements in civil life and its successful application to military and naval strategies;

Whereas, It is of the utmost importance that the people of the entire country become more aviation-minded because of the crisis impending in the affairs of the nations of the world through which we are passing and in which these United States must, of necessity, take a leading role;

Whereas, The Congress of the United States, by and with the approval of the President of the United States, has set apart, to be commemorated with appropriate exercises, a day to be known as National Aviation Day; now, therefore, I, Maurice J. Tobin, Mayor of Boston, call upon all my fellow citizens of Boston to join in the observance of National Aviation Day, on August 19, 1940, in union with their fellow citizens of the country to the end that greater progress, greater use of and greater pride may be taken in the advance of aeronautical science, in which we have and are taking a leading part. I call upon the citizens of Boston and urge their cooperation in the matter of this observance to the fullest extent possible.

In witness whereof, I have hereunto set my hand and caused the seal of the City of Boston to be affixed on this first day of August, 1940.

MAURICE J. TOBIN, Mayor.

James P. Ryan, 63 Archdale road, Roslindale.

Anthony Santino, 72 Dix street, Dorchester.

Francis J. Solari, 31 Priscilla road, Brighton.

Clarence L. Marcy, 31 Verdun street, Dorchester.

PUBLIC WORKS DEPARTMENT.

Approval has been given to continue the temporary employment of the following as laborers at \$5 a day, five days a week, in the Highway Division, on patch paving and maintenance roadway and sidewalk reconstruction, which cannot be done as W. P. A. projects, for a period of three months from August 8, 1940, to be charged to A-2:

Domenico Pocitto, 16 Waverly place, Brighton.

Paul Izzo, 242 Bremen street, East Boston.

Peter Donohoe, 592 East Second street, South Boston.

Gerardo Visco, 30 Snow street, Brighton.

William A. Reid, 98 Tenean street, Neponset.

Nathan Sontag, 10 Stanwood street, Roxbury.

Patrick Thornton, 156 I street, South Boston.

Joseph M. Sigsworth, 66 Union street, Brighton.

Approval has been given to continue the temporary employment of the following as laborers at \$5 a day and cement finishers at \$6 a day, five days a week, in the Water Division, for a period of three months from August 8, in the reconstruction of streets and sidewalks made necessary because of openings by the Water Division for construction purposes:

Thomas E. Murphy, 851 Albany street, Roxbury, laborer, \$5 a day.

James Tranfaglia, 51 Summer street, Hyde Park, laborer, \$5 a day.

George F. King, 559 East Fifth street, South Boston, laborer, \$5 a day.

William J. Grant, 9 Lyons street, Dorchester, laborer, \$5 a day.

Michael J. Towey, 31 Norfolk street, Roxbury, laborer, \$5 a day.

Antonio Gangemi, 20 Condor street, East Boston, laborer, \$5 a day.

Benedetto Salamone, 24 Border street, East Boston, laborer, \$5 a day.

Frank H. Cohen, 180 Quincy street, Roxbury, laborer, \$5 a day.

Benjamin F. Randall, 819 Tremont street, Boston, laborer, \$5 a day.

Salvatore Crifo, 1 Schrepel place, South Boston, laborer, \$5 a day.

John Cornetta, 279 Sumner street, East Boston, cement finisher, \$6 a day.

Anthony Greco, 13 Fleet street, Boston, cement finisher, \$6 a day.

REGISTRY OF DEEDS.

Approval has been given for the appointment of Anna L. Kelley as a clerk at \$1,500 a year to fill the vacancy caused by the resignation of Catherine M. Cuffe, clerk in the Index Department whose compensation was \$1,700 a year, to take effect on July 16.

TRANSIT DEPARTMENT.

Helen L. O'Brien, 368 Riverway, has been appointed telephone operator at \$18 a week for an emergency period of ten days, effective July 8.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

DEPARTMENT OF SCHOOL BUILDINGS.

Upon July 9 the Mayor approved a contract with the Connor Electric Corporation, the lowest bidder, for a telephone system at the English High School, in the sum of \$5,970, as per the proposal and specifications. Bids, opened June 27, were as follows:

Connor Electric Corporation, \$5,970; Freed-Malins Electric Company, \$5,988; M. B. Foster Company, \$6,150; Edwin C. Lewis, Inc., \$6,289; Stearns, Perry & Smith Company, \$7,750.

Upon July 9 the Mayor approved a contract with the Morandi Proctor Company, Inc., the lowest bidder, for new cafeteria cooking equipment, etc., at the Continuation School, Girls' Division, in the sum of \$2,789, as per the proposal and specifications. Bids, opened June 27, were as follows:

Morandi Proctor Company, Inc., \$2,789; Jones, McDuffee & Stratton Corporation, \$3,488.

INSTITUTIONS DEPARTMENT.

Upon June 30 the Mayor approved a contract with the Quincy Dry Dock and Yacht Corporation for repairs to steamer "O'Meara." The totals, based on estimated quantities, were as follows:

Quincy Dry Dock and Yacht Corporation, \$5,963; Bethlehem Steel Company, \$6,125.

PARK DEPARTMENT.

Upon July 3 the Mayor approved the following from the Park Department:

BOSTON, June 18, 1940.

HON. MAURICE J. TOBIN,
Mayor of Boston.

DEAR SIR,—You are respectfully notified that advertised proposals were publicly opened and read at this office. 33 Beacon street, on Tuesday, June 18, at two o'clock p. m., for concession privilege for furnishing weighing machines in convenience stations and buildings of the Park Department for a term of three years, as follows:

Edward E. Adams, 150 Broad street, Boston, \$500 per year.

Mr. Adams has had this concession in the Park Department for many years and has always proved a very satisfactory tenant for the city, paying his obligations on time and living up to all the agreements of his lease.

It was voted, therefore, subject to the approval of your honor, to award the lease to the only bidder, Mr. Adams, for a term of three years beginning July 1, 1940, for the sum of \$500 per year.

Respectfully yours,

WILLIAM P. LONG,
Chairman.

SUPPLY DEPARTMENT.

Upon July 12 the Mayor approved a contract with the Elgin Sweeper Company for furnishing one Elgin Junior street-sweeping machine to the Public Works Department at its bid price of \$5,399.94, less 2 per cent cash discount for payment in ten days. Bids, opened June 2, were as follows:

* Contract awarded.

WITHOUT ADVERTISING.

Upon July 31 the Mayor approved the request of the Court House Commission for the purchase without advertising of the following water cooling apparatus:

COURT HOUSE COMMISSION,
BOSTON, July 30, 1940.

HON. MAURICE J. TOBIN,
Mayor of Boston.

DEAR MR. MAYOR,—This commission has at various time during the past few months been negotiating with representatives of the Refrigeration Service Company and the General Motors Acceptance Corporation with reference to the following matter of forty-three Frigidaire water coolers now located in the Suffolk County Court House, at present installed on a rental purchase basis.

These coolers were supplied by the Refrigeration Service Company under an arrangement whereby the General Motors Acceptance Corporation became assignee of their rights.

The total payment called for by the original transaction was \$5,372.70. This amount was made up of the rental and finance charges payable in monthly payments up to such time as the coolers would become the property of the county.

As a result of these negotiations we have now been advised by the attorney for the General Motors Acceptance Cor-

poration that his client will sell to the county all right, title and interest in and to these coolers as of August 1, 1940, upon the following basis:

1. The payment of all monthly rentals now being withheld, including the payment of August 1, 1940; and

2. The payment of the balance which will remain unpaid after the payment of monthly rentals now being withheld, including that of August 1, 1940, minus a deduction of \$645 representing a discount of \$15 per cooler and minus a further deduction of \$332.74 representing a waiver of finance charges accruing after March 8, 1940, the date upon which negotiations for the outright purchase of these coolers was commenced.

This will leave a net sum of \$1,703.46 to be then paid by the county for title to these coolers, representing a deduction of \$977.74 from the original price.

The members of this commission believe that it would be in the best interests of the County of Suffolk and of the City of Boston to keep these coolers and to obtain title to them as of August 1, 1940, on the basis set forth above.

In view of the foregoing, your authority is requested for the awarding of a contract, without advertising, to the General Motors Acceptance Corporation, assignee of the obligation to the Refrigeration Service Company, for the outright purchase of these coolers as of August 1, 1940, on the foregoing basis, namely, the payment of monthly rentals up to and including that of August 1, 1940, and the payment of a further and final sum of \$1,703.46.

Very truly yours,

COMMISSION FOR THE CARE, CUSTODY
AND CONTROL OF THE SUFFOLK
COUNTY COURT HOUSE,
by CHARLES M. DAVENPORT,
Chairman.

BOSTON, July 30, 1940.

HON. MAURICE J. TOBIN,
Mayor of Boston.

DEAR MR. MAYOR,—This commission requests that the sum of \$1,703.46 be provided by transfer from available sources, Reserve Fund, to Item C-3, Electrical, in the budget of this department in order to cover the outright purchase of water coolers as outlined in our letter to you of even date requesting your authority for an award, without advertising, for this purchase.

Very truly yours,

COMMISSION FOR THE CARE, CUSTODY
AND CONTROL OF THE SUFFOLK
COUNTY COURT HOUSE,
by CHARLES M. DAVENPORT,
Chairman.

BUILDINGS RAZED.

Dighton Street, Brighton.

From Chestnut Hill avenue to Washington street.

Joyce Kilmer Road, West Roxbury.

From Baker street to North avenue.

CIRCULAR LETTER NO. 13.

CITY OF BOSTON,
OFFICE OF THE MAYOR, July 29, 1940.
To the Heads of Departments.

GENTLEMEN,—You are hereby directed to grant leave of absence, without loss of pay, to employees in your department who are delegates or alternates of the Disabled American Veterans of the World War, to attend the annual department convention to be held in the City of Boston, August 2, 3 and 4, 1940.

Respectfully,

MAURICE J. TOBIN, *Mayor.*

CLAIMS ALLOWED.

The Mayor, upon recommendation of the Corporation Counsel, has approved the following claims:

Maurice Segel, 20 Seaver street, Roxbury, to be reimbursed in the sum of \$29, as the result of an accident which occurred on May 8, 1940, when truck belonging to the Paving Division, which he was operating, collided with automobile owned by one Robert McCollem.

Michael Kaczka, 109 Buttonwood street, Dorchester, to be reimbursed in the sum of \$15, as the result of an accident which occurred on February 21, 1940, when truck belonging to the Sanitary Division, which he was operating, collided with automobile owned by one James St. Angelo.

Maurice Segel, 20 Seaver street, Roxbury, to be reimbursed in the sum of \$85, as the result of an accident which occurred on May 8, 1940, when truck belonging to the Paving Division, which he was operating, collided with car owned by one Robert McCollem, causing personal injuries to Mrs. Eleanor Dugan, a passenger.

Joseph Capillo, 116 Faywood avenue, East Boston, to be reimbursed in the sum of \$15, as the result of an accident which occurred on February 22, 1940, when truck belonging to the Sewer Division, which he was operating, collided with automobile owned by one Jeremiah Dow.

Elizabeth A. Bryden, 50 Circuit street, Roxbury, in the sum of \$150, as compensation for personal injuries caused by defective sidewalk in front of 590 Washington street, Dorchester, January 16, 1940.

James A. Locke, 350 Prospect street, Belmont, in the sum of \$150, as compensation for personal injuries caused by hole in sidewalk on Second street, South Boston, between D and E streets, May 15, 1940.

Hugh F. O'Brien, 32A Blue Hill avenue, Roxbury, to be reimbursed in the sum of \$6.05, as the result of an accident which occurred on March 21, 1940, when truck belonging to the Park Department, which he was operating, collided with automobile owned by one Bart Conley.

George F. Sweeney, 1060 Dorchester in the sum of \$23.50, as the result of an accident which occurred February 8, 1940, when a motor truck belonging to the Sanitary Division, which he was operating, backed into an automobile owned by one W. K. Coburn.

Daniel T. O'Connell, 3118 Washington street, Jamaica Plain, to be reimbursed in the sum of \$146, for accident which occurred on November 8, 1939, while he was operating fire apparatus on Colum-

bus avenue, which collided with automobile owned by one Emily Moran.

George F. Sweeney, 1060 Dorchester avenue, Dorchester, to be reimbursed in the sum of \$40, as the result of an accident which occurred on February 21, 1940, when a motor truck belonging to the Sanitary Division, which he was operating, collided with automobile owned by one William T. Courtney.

Emmett J. Kelley, 7 Thurston street, East Boston, to be reimbursed in the sum of \$29.75, as the result of an accident which occurred on May 22, 1940, when the motor vehicle belonging to the Assessing Department, which he was operating, collided with automobile owned by one Alan A. Claffin.

Thomas Hartwell, of 90A High Rock street, Lynn, in the sum of \$15, as compensation for damage to automobile caused by defective hoisting apparatus on towing car of the City of Boston, in the Summer Tunnel, October 5, 1939.

Samuel Kramer, 29 Blue Hill avenue, Roxbury, to be reimbursed in the sum of \$43.25, as a result of an accident which occurred on March 15, 1940, when truck belonging to the Sanitary Division, Public Works Department, which he was operating, collided with automobile owned by one Leo Rosenberg.

Sarah M. Judge, 337 Huntington avenue, Boston, in the sum of \$30, as compensation for personal injuries caused by tripping over raised block of granolithic sidewalk in front of 301A Huntington avenue, April 26, 1940.

John H. Wilfert, 19 Evergreen street, Jamaica Plain, in the sum of \$135, as compensation for damage to property in cellar of above premises, caused by crushing of sewer pipes and drain by heavy steam roller, in February, 1940.

Joseph DeBole, 383 Summer street, East Boston, in the sum of \$1.00, as refund on ice cream license issued to him through error by the Health Department, instead of a milk license for which he applied April 30, 1940.

Ella Winer, 40 Pasadena road, Dorchester, in the sum of \$7, as refund on Sunday licenses No. 958 and No. 1006 to sell fruit and soft drinks, which she never received from the Licensing Board.

John J. Lowney, 32 Prospect street, Charlestown, to be reimbursed in the sum of \$13, as the result of an accident on April 4, 1940, when fire apparatus, which he was operating, collided with automobile owned by Fenton Brothers' Orchestra.

Robert A. Maher, 30 Oak street, Charlestown, to be reimbursed as the result of an accident which occurred on April 19, 1940, when motor vehicle belonging to the Police Department, which he was operating, collided with automobile owned by one Frank Tracy.

Henry P. Bertorchi, 58 Blue Hill avenue, Roxbury, to be reimbursed in the sum of \$43, as the result of an accident which occurred on February 27, 1940, when truck belonging to the Sanitary Division, which he was operating, collided with truck owned by one Samuel C. Shuman.

Michael J. Leahy, 21 Dix street, Dorchester, to be reimbursed in the sum of \$55, as the result of an accident which occurred on February 15, 1940, when truck belonging to the Sanitary Division, which he was operating, collided with automobile owned by one F. B. Williams, Jr.

William B. Aitken, 139 Condor street, East Boston, to be reimbursed in the

sum of \$15, as the result of an accident which occurred on April 18, 1940, when truck belonging to the Sewer Division, which he was operating, collided with automobile owned by one Edward N. Montgomery.

William J. Kinsman, 721 East Fifth street, South Boston, to be reimbursed in the sum of \$6, as the result of an accident which occurred on February 24, 1940, when truck belonging to the Paving Division, which he was operating, collided with automobile owned by one C. J. Knutson.

Arthur Kitchin, 4 Trent street, Dorchester, to be reimbursed in the sum of \$30, as the result of an accident which occurred on February 21, 1940, when truck belonging to the Sanitary Division, which he was operating, collided with truck owned by Franklin Park Hay & Grain Company, Franklin Park.

POLICE DEPARTMENT REWARDS.

The Mayor has approved the following letter from the Police Commissioner:

BOSTON, June 18, 1940.

HON. MAURICE J. TOBIN,
Mayor of Boston.

MY DEAR SIR,—I respectfully recommend, in accordance with my letter of this date, that commencing as of June 9, 1940, at 7.45 o'clock a. m., there shall be paid, annually, to the police officers hereinafter named, an honorarium of twenty-five (25) dollars each, in recognition of having been awarded the Boston Police Department Medal of Honor for distinguished service performed during the hurricane of September 21, 1938, in rescuing nine men who were in a precarious position and in danger of drowning:

- Lawrence H. Dunn, captain, Division 8.
- James J. Crowley, lieutenant, Division 8.
- George J. Smith, patrolman, Division 8.
- Aubrey B. Gayting, patrolman, Division 8.
- William F. Healey, patrolman, Division 8.
- James J. Kerrigan, patrolman, Division 8.

Very truly yours,

JOSEPH F. TIMILTY,
Police Commissioner.

FOR LONG ISLAND HOSPITAL IMPROVEMENTS.

Mayor Tobin, on August 7, addressed an order to the City Council requesting that provision be made for funds necessary to make certain improvements at the Long Island Hospital. Among the improvements included were the following:

1. More adequate toilet arrangements in Wards A, B, C and D.
2. Improvements in methods of incineration.
3. Installation of more sanitary equipment in the bakery.
4. Betterment of laundry facilities.
5. Provision for greater electric power capacity for the entire plant.
6. Bathroom showers and ventilating system in Ward 6.
7. Serving room with dining rooms for employees, doctors and nurses.

The funds are not to be provided for by additional appropriation, but by transfer from the unexpended balance of the appropriation—Long Island Hospital, Establishment of Men's Dormitory.

LIFE GUARD COMMENDED FOR RESCUE WORK.

Park Commissioner William P. Long, in the name of the department and the City of Boston addressed a letter of commendation and thanks to the city lifeguard at Castle Island for saving the life of a Randidge Fund excursionist on August 1. The letter of commendation reads as follows:

CITY OF BOSTON,
PARK DEPARTMENT, August 6, 1940.
JAMES E. O'REILLY,
Superintendent of Baths.

DEAR SIR,—I want to commend the lifeguard in charge of the Randidge Fund at Castle Island. I am informed that only for his vigilance we would have had a drowning there. I want you to express to him my sincere thanks for his rescue.

Very truly yours,

WILLIAM P. LONG, *Chairman.*

The report of the rescue reads as follows:

RANDIDGE FUND,
CASTLE ISLAND, SOUTH BOSTON,
August 1, 1940.

Party: MISS ANNA ROMANO,
198 Harvest Street, East Boston.
Age: Thirteen Years.

Shortly after arrival this girl was taken from water by lifeguard. The vigilance of the lifeguard saved the girl from serious danger. While swimming, she took a cramp in the water inside the danger zone. First aid was given by Miss Burke, who kept the girl warm to prevent her from any danger of cold. Girl seemed to be effected more by fright than by anything else. In a short while she was herself again and able to join her friends. She returned all right with others for home.

Respectfully,

ROBERT W. SWEENEY, *Director.*

LOCATION OF STREETS.

The Mayor has approved the following votes of the Board of Street Commissioners:

Voted, That the locations, directions, widths and grades of the following private ways, in the Hyde Park district, as shown on plans approved in writing by the Board of Street Commissioners, and on file in the office of the Street Laying-Out Department, be, and the same hereby are, approved:

Myopia road, from West street to Austin street; Braeburn road, from Beaver street to Myopia street; Crown street, from Birchcroft road to Trelawney road; Lewis street, from Safford street to Westminster street; Ayles road, from Safford street to Westminster street.

Voted, That the locations, directions, widths and grades of the following private ways, in the Dorchester district, as shown on plans approved in writing by the Board of Street Commissioners, and on file in the office of said department, be, and the same hereby are, approved:

Constance street, leading easterly from Adams street for a distance of approximately four hundred (400) feet; Ainsley street, leading southerly from Constance street for a distance of approximately one hundred (100) feet.

COMMISSIONER LONG AT SOAP BOX DERBY.

At the Soap Box Derby at Suffolk Downs on Saturday, August 3, Park Commissioner Long spoke briefly as follows:

Ladies and Gentlemen.

I think that one of the greatest pleasures that I experience each year is attending the Soap Box Derby. I attended the first one in 1935 and have been honored with the title of Grand Marshal ever since. I have seen this annual boy event grow by leaps and bounds until today it is a very definite institution in the life of Young America. And if all the people who are listening to my voice could be here at this moment and see the colorful picture, the earnestness of these boys who have labored for two long months building their cars according to specific rules, I am sure they would get the thrill that I am getting at this moment. This picture is such a contrast to the picture across the sea in Europe, where boys at a very early age have been regimented into automatons and taught that war is glorious. The minds of tens of thousands of European boys have stopped thinking.

Initiative has been strangled, ingenuity has been left to those who see fit to use the boys as they wish, but this spectacle today finds American youth at its best, boys, who in the true American way have been allowed to think, have been allowed to express themselves, have been allowed to show their ingenuity, and these little Soap Box Derby cars are the pride of their hearts. Today they have brought them in from ninety-three cities and towns surrounding Boston to pit their product against that of the other boy.

The ceremonies will start presently and I do want to say once more that it has been a great privilege to me to be associated with what I consider one of the greatest boy events in the yearly calendar.

CIRCULAR LETTER NO. 14.

CITY OF BOSTON,
MAYOR'S OFFICE, July 30, 1940.

To All Department Heads.

GENTLEMEN,—You are hereby directed to grant leave of absence without loss of pay to employees in your department who are alternates or delegates of the Veterans of Foreign Wars, to attend the annual encampment in the City of Los Angeles, California, on August 25 through August 30, inclusive.

Respectfully,

MAURICE J. TOBIN, *Mayor.*

SALE OF SETTEES AT COURT HOUSE.

The Mayor has approved the following request of the Court House Commission:

BOSTON, June 25, 1940.

THE HONORABLE MAURICE J. TOBIN,
Mayor of Boston.

DEAR MAYOR TOBIN, The Suffolk County Court House Commission hereby requests your assent to the sale of twenty-three (23) spindle-backed settees, the property of the county, which the commission considers obsolete and which are of no further use in the Court House, to the State of Massachusetts for one of its state institutions, at \$2 per settee.

These settees were formerly used in the criminal sessions of the old Court House, where the bracket supports were screwed to the wooden floor, and are probably

more than fifty years old. The seat part is of much worn pine and not susceptible of refinishing, and the settees have no legs to make them movable, but only the iron brackets for screwing them to the floor.

The commission regards these settees as obsolete and unsaleable except where there may be a particular place for their particular use, as this state institution seems to have for them.

The above being the property of the county, the proceeds of the sale will, of course, be turned in as a receipt to the county treasury.

Respectfully yours,

COMMISSION FOR THE CARE, CUSTODY
AND CONTROL OF THE SUFFOLK
COUNTY COURT HOUSE,
by CHARLES M. DAVENPORT,
Chairman.

EXTENSION OF CONTRACT.

PUBLIC WORKS DEPARTMENT.

Approval has been given for an extension of the time of completion of the contract with Angelo Grande, dated May 8, 1940, for building new tide gates in Dorchester brook sewer at Massachusetts avenue, from July 8, 1940, to August 8, 1940 (thirty days).

This extension of time of completion is requested because of work being constructed under tidal conditions, and due to unforeseen obstacles encountered.

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

A surface drain rebuilt of 12-inch pipe, build seven catch-basins and two man-holes, W. P. A. Project 665-14-2-1167, Work Project 20303, in West Milton street, between Pine street and 170 feet southeast of Stark avenue, in the Hyde Park district, at an estimated cost of \$9,374.

A surface drain of 10-inch and 12-inch pipe and two catch-basins, W. P. A. Project 665-14-2-1167, Work Project 20303, in Bangor road, between Russett road and Bonad road, in the West Roxbury district, at an estimated cost of \$8,665.

A sanitary sewer of 20-inch pipe in Tremont street, at northerly corner of Massachusetts avenue, in the City Proper district, at an estimated cost of \$800.

36,400 MOTOR DEATHS IN 1935.

According to the findings of the National Safety Council motor traffic deaths in 1935 totaled 36,400, compared with 1934's record of 36,000.

The only decrease was among school children up to fifteen years of age. Motor vehicle accidents to children have increased much less than those of adults since 1922, when safety education began on a national scale. October, November and December were the reddest months. Two-thirds of the accidents were in places under 10,000 population; more than 40 per cent of the victims pedestrians.

Thirteen states decreased traffic deaths 7 per cent or more: Delaware, Illinois, Kentucky, Massachusetts, Minnesota, Montana, North Dakota, Oregon, Rhode Island, Utah, Vermont, Wyoming and Washington.

PROCEEDINGS OF CITY COUNCIL.

Monday, July 22, 1940.

Regular meeting of the City Council in the Council Chamber, City Hall, at two p. m., President GALVIN in the chair. Absent, Coun. Shattuck and Ward.

The meeting was opened with the salute to the Flag.

APPOINTMENTS BY THE MAYOR.

The following was received:

City of Boston,
Office of the Mayor, July 22, 1940.
To the City Council.

Gentlemen,—Subject to confirmation by your Honorable Body, I hereby appoint the following named persons as Weighers:

Weighter of Goods: Michael J. Lynch, 3 Lewis street, East Boston.

Weighters of Coal: William A. Chevoor, 76 Putnam street, Watertown; Frank Peddle, 25 Bennington street, East Boston.

Respectfully,
MAURICE J. TOBIN, Mayor.

Laid over for one week under the law.

OPINION OF CORPORATION COUNSEL RE NATURALIZING ALIENS.

The following was received:

City of Boston,
Office of the Mayor, July 22, 1940.
To the City Council.

Gentlemen,—I transmit herewith an opinion of the Acting Corporation Counsel in answer to your order of July 1, 1940, in regard to the city assuming the cost of naturalizing aliens.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Law Department, July 17, 1940.
To the City Council.

Gentlemen,—I am requested by your order of July 1, 1940, to advise the City Council as to the possibility of the city assuming the cost of naturalizing aliens who are on the relief rolls and are without funds to pay such cost.

The city is authorized by the General Laws to appropriate and expend money for the relief, support, maintenance and employment of the poor, and for burials under certain circumstances.

I am of the opinion that the payment of fees for naturalization is not an expenditure for relief, support, maintenance or employment of the poor and that such payment by the city would be illegal.

Respectfully,
W. J. DOYLE,
Acting Corporation Counsel.

Placed on file.

SIDEWALKS, HEATH STREET AND SOUTH HUNTINGTON AVENUE.

The following was received:

City of Boston,
Office of the Mayor, July 22, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Commissioner of Public Works relative to your order of June 24, 1940, concerning the installation of sidewalks on the uncompleted portions of Heath street and South Huntington avenue, Ward 10, as a W. P. A. project.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department,
July 12, 1940.
To William T. Doyle, Chief Clerk, Mayor's Office.

From George G. Hyland, Commissioner, Public Works Department.

Subject: Installation of Sidewalks on Heath Street and South Huntington Avenue, Ward 10.

I return herewith order in City Council that the Commissioner of Public Works install sidewalks on the uncompleted portions of Heath street and South Huntington avenue, Ward 10, as a W. P. A. project.

Please be advised that this work is under consideration for submission as a W. P. A. project this year.

GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

ADDITIONAL SALARY FOR CITY HOSPITAL EMPLOYEES DURING VACATION.

The following was received:

City of Boston,
Office of the Mayor, July 22, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from Carl Dreyfus, President, Board of Trustees of the Boston City Hospital, relative to your order of July 1, 1940, concerning additional compensation for employees of the hospital during vacation period.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Hospital Department, July 9, 1940.
Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Mr. Mayor,—At a meeting of the Board of Trustees held on July 8, the following order of the City Council was presented: "Ordered, That the trustees of the Boston City Hospital be requested, through his Honor the Mayor, to give employees who receive meals as part payment of salary additional compensation during their two weeks' vacation period."

The trustees deem it inadvisable to comply with this request.

Respectfully yours,
CARL DREYFUS,
President, Board of Trustees.

Placed on file.

RESURFACING DORSET STREET, WARD 7.

The following was received:

City of Boston,
Office of the Mayor, July 22, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from George G. Hyland, Commissioner of Public Works, relative to your order of June 3, 1940, concerning the resurfacing of Dorset street, Ward 7, and installation of artificial stone sidewalks thereon, as a W. P. A. project.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department,
July 15, 1940.
To William T. Doyle, Chief Clerk, Mayor's Office.

From George G. Hyland, Commissioner, Public Works Department.

Subject: Sidewalks on Dorset Street.

I return herewith order in City Council that the Commissioner of Public Works resurface Dorset street, Ward 7, and install artificial stone sidewalks thereon, as a W. P. A. project.

Please be advised that this street is under consideration for submission as a W. P. A. project.

GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

SIDEWALK ON BELDEN STREET, WARD 7.

The following was received:

City of Boston,
Office of the Mayor, July 22, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from George G. Hyland, Commissioner of Public Works, relative to your order of May 20, 1940, concerning the installation of artificial stone sidewalks on Belden street, Ward 7, as a W. P. A. project.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department,
July 15, 1940.
To William T. Doyle, Chief Clerk, Mayor's Office.

From George G. Hyland, Commissioner, Public Works Department.

Subject: Sidewalks on Belden Street.

I return herewith order in City Council that the Commissioner of Public Works install artificial stone sidewalks on Belden street, Ward 7, as a W. P. A. project.

During the month of May, forms with return addressed envelopes, were left with the various abutters on this street to be filled out and mailed back to this department. On these forms the owners were to signify their intention to pay or not to pay their proportionate share of the cost of the installation of these sidewalks.

To date only three of these forms have come back and I now assume that the rest of the

abutters do not care to pay for these sidewalks. Therefore, I do not think it advisable to submit this work for approval on a W. P. A. project.

GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

SIDEWALKS ON BISHOP STREET.

The following was received:

City of Boston,
Office of the Mayor, July 22, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Commissioner of Public Works relative to your order of June 24, 1940, concerning the construction of tar sidewalks on Bishop street, Jamaica Plain, Ward 19, as a W. P. A. project.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department,
July 18, 1940.
To William T. Doyle, Chief Clerk, Mayor's Office.

From George G. Hyland, Commissioner, Public Works Department.

Subject: Sidewalks on Bishop Street.

I return herewith order in City Council that the Commissioner of Public Works construct tar sidewalks on Bishop street, Jamaica Plain, Ward 19, under the W. P. A. type of construction.

Please be advised that this work will be started sometime in the near future.

GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

LIGHTING FACILITIES ALONG DORCHESTER STREET.

The following was received:

City of Boston,
Office of the Mayor, July 22, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Commissioner of Public Works relative to your order of June 10, 1940, concerning the lighting facilities along Dorchester street, from Andrew square to Eighth street, Ward 7, with a view to installing a more adequate lighting system in this particular section.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department,
July 8, 1940.
To William T. Doyle, Chief Clerk, Mayor's Office.

From George G. Hyland, Commissioner, Public Works Department.

Subject: Installing a More Adequate Lighting System Along Dorchester Street, Ward 7.

I return herewith order in City Council that the Commissioner of Public Works make a study of the lighting facilities along Dorchester street, from Andrew square to Eighth street, Ward 7, with a view to installing a more adequate lighting system in this particular section.

An inspection of this street has been made and I find that lighting conditions thereon compare very favorably with similar highways all over the city.

GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

ERECTION OF FENCE, PRINCE STREET PLAYGROUND.

The following was received:

City of Boston,
Office of the Mayor, July 22, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from William P. Long, chairman of the Board of Park Commissioners, relative to your order of June 24, 1940, concerning the erection of a fence around the playground on Prince street, Ward 3.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Park Department, July 6, 1940.
William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Sir,—I have your memorandum of July 1, with inclosure, order from the City Council that the Park Department erect a fence on the playground on Prince street.

CITY COUNCIL PROCEEDINGS.

(Continued from page 897.)

A contract has been awarded to the P. J. Dinn Company to erect a fence on a portion of the playground, which will prevent, I hope, any damage to the surrounding property.

Very truly yours,
WILLIAM P. LONG, Chairman.

Placed on file.

FLAGPOLE AT MCKINNEY PLAYGROUND.

The following was received:

City of Boston,
Office of the Mayor, July 22, 1940.
To the City Council.
Gentlemen,—I transmit herewith letter from William P. Long, chairman of the Board of Park Commissioners, relative to your order of June 24, 1940, concerning the erection of a flagpole in the Arthur McKinney Playground on Faneuil street, Ward 22, prior to the date of dedication.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Park Department, July 6, 1940.

William T. Doyle,
Chief Clerk, Mayor's Office.
Dear Sir,—I have your memorandum of July 1, with inclosure, order from the City Council that the Park Department erect a flagpole in the Arthur McKinney Playground on Faneuil street.

A number of playgrounds in the City of Boston are without flagpoles and a project is being prepared which, if accepted by the Federal Government, will allow the department to place these flagpoles in the various playgrounds.

Very truly yours,
WILLIAM P. LONG, Chairman.

Placed on file.

WADING POOL AT MADISON PARK.

The following was received:

City of Boston,
Office of the Mayor, July 22, 1940.
To the City Council.
Gentlemen,—I transmit herewith letter from William P. Long, chairman of the Board of Park Commissioners, relative to your order of June 24, 1940, and concerning the preparation of plans to be submitted to W. P. A. authorities for the installation of a wading pool for the children of Madison Park, Ward 9.

Respectfully,
MAURICE J. TOBIN, Mayor

City of Boston,
Park Department, July 6, 1940.

William T. Doyle,
Chief Clerk, Mayor's Office.
Dear Sir,—I have your memorandum of July 1, with inclosure, order from the City Council regarding a wading pool for the children in Madison Park.

Please be assured an investigation will be made immediately as to the possibilities of this request.

Very truly yours,
WILLIAM P. LONG, Chairman.

Placed on file.

TRAFFIC OFFICER AT CITY HOSPITAL.

The following was received:

City of Boston,
Office of the Mayor, July 22, 1940.
To the City Council.
Gentlemen,—I transmit herewith letter from the Hon. Joseph P. Timilty, Police Commissioner for the City of Boston, relative to your order of June 24, 1940, concerning the assignment of police officers to traffic duty on Albany street, at the Accident entrance of the Boston City Hospital.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Police Department, July 8, 1940.

William T. Doyle,
Chief Clerk, Mayor's Office.
Dear Sir,—With reference to your memorandum dated July 2, 1940, with which you sent to this office order of the City Council, passed on June 24, 1940, to wit:
"Ordered, That the Police Commissioner be requested, through his Honor the Mayor, to assign officers to traffic duty on Albany street, at the Accident entrance of the Boston City Hospital, during the hours of heavy traffic from 4 to 6 p. m., to relieve traffic congestion

so that hospital ambulances may enter and leave the hospital premises without the present delay."

Arrangements have been made for the assignment of an officer to the Accident entrance of the hospital on Albany street, between the hours mentioned in the order of the City Council.

I believe this action will have the desired effect and eliminate any further congestion at this point.

Yours respectfully,

JOSEPH F. TIMILTY,

Police Commissioner.

Placed on file.

PREVENTION OF ATHLETE'S FOOT.

The following was received,

City of Boston,

Office of the Mayor, July 22, 1940.

To the City Council.

Gentlemen,—I transmit herewith letter from William P. Long, chairman of the Board of Park Commissioners, relative to your order of June 24, 1940, concerning the placing of one per cent solutions of hyposulphide of soda in the public baths.

Respectfully,

MAURICE J. TOBIN, Mayor.

City of Boston,

Park Department, July 8, 1940.

William T. Doyle,

Chief Clerk, Mayor's Office.

Dear Sir,—I have your memorandum of June 26, with inclosure, order from the City Council concerning the placing of one per cent solution of hyposulphide of soda in the public baths, etc.

Please be informed the Park Department has used hypochlorite solutions of lime and soda for many years in our public bath houses for the purpose of destroying bacteria.

Investigation shows that hypochlorite solutions are not the best thing in the world for this infection.

Please be assured the Park Department is only too anxious to do everything in its power to keep down the spreading of this dreadful disease.

Very truly yours,

WILLIAM P. LONG, Chairman.

Placed on file.

SIDEWALKS, GREENVILLE STREET, WARD 8.

The following was received:

City of Boston,

Office of the Mayor, July 22, 1940.

To the City Council.

Gentlemen,—I transmit herewith letter from the Commissioner of Public Works relative to your order of June 3, 1940, and concerning the construction of new sidewalks on Greenville street, Ward 8, from Winthrop street to Dudley street, as a W. P. A. project.

Respectfully,

MAURICE J. TOBIN, Mayor.

City of Boston,

Public Works Department,

July 1, 1940.

To William T. Doyle, Chief Clerk, Mayor's Office.

From George G. Hyland, Commissioner, Public Works Department.

Subject: Construction of Sidewalks on Greenville Street, Ward 8, from Winthrop to Dudley Streets.

I return herewith order in City Council that the Commissioner of Public Works construct new sidewalks at the above-named location under the W. P. A. plan of construction.

Please be advised that an inspection of the sidewalks on this street has been made and it is found that one side of this street has artificial stone sidewalks thereon and the other side is of brick sidewalk construction. Both sidewalks are in good shape and in no immediate need of reconstruction at this time.

GEORGE G. HYLAND,

Commissioner of Public Works.

Placed on file.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

Peter Blocki, for compensation for damage to property at 609 and 611 Dorchester avenue, caused by break in water main.

Oscar Bornstein, for refund of wages for snow removal.

Realty, Inc., for compensation for damage to property at 1800-1816 Washington street and 116-120 Northampton street, caused by city truck.

Reservoir Pharmacy, Inc., for compensation for damage to property at 1941 and 1943 Beacon street, caused by broken water main.

John Segal, for rebate on second-hand license.

John J. Sullivan, for payment of wages for snow removal work.

George A. Symmes, for compensation for injuries caused by an alleged defect at Dover Street Municipal Building.

G. B. Thompson, for compensation for damage to property at 24 Kendall street, caused by water being turned off.

W. J. Twigg, for compensation for damage to car in Summer Tunnel.

Joseph J. Winters, for payment of wages for snow removal work.

Licenses.

Joseph Bernstein, for driveway opening at 1243 Blue Hill avenue.

James L. George and John Philopoulos, for driveway opening at 16 Maple street, Hyde Park.

Liberty Realty Trust, for driveway opening at 72-74 Roxbury street and Perkins place.

Willard P. Whittemore, for driveway opening at Redlands road and Centre street.

Namy M. Samya, for driveway opening at 439 Harrison avenue.

L. C. Grossman, for driveway opening at Havre street.

RE SUSPENSION OF POLICE OFFICER TULLY.

The following was received:

City of Boston,
Office of the Mayor, July 22, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Hon. Joseph F. Timilty, Police Commissioner for the City of Boston, relative to your order of June 10, 1940, and concerning the suspension of Patrolman Joseph Tully of Police Division 1.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Police Department, July 1, 1940.
William T. Doyle,
Chief Clerk, Mayor's Office.

My dear Mr. Doyle,—With reference to the order passed by the City Council on June 10, 1940, to wit:

"Ordered, That the Police Commissioner be requested, through his Honor the Mayor, to immediately suspend from active police duty, Officer Joseph Tully of Police Division 1, until such time as charges against him have been heard before the proper authority, in connection with his unwarranted and brutal assault upon a sixteen-year-old boy."

Investigation has been made of all circumstances surrounding this case.

About 5.30 o'clock p. m., Monday, June 3, 1940, Patrolman Tully, of Division 1, arrested one Vincent DiBlassi, sixteen years old, of 9 Norman street, Boston, on Friend street, near Sudbury street, for occupying a portion of a public street for the sale of merchandise, not having a permit so to do, and selling merchandise without a license.

When the officer's attention was first called to the boy, he (the officer) directed him to move along. The boy failed to do so, and the officer placed him under arrest. The boy at once resisted arrest and assaulted the officer by punching him in the stomach and kicking him in the lower legs. In order to protect himself from injury, and to effect the arrest, the officer struck the prisoner once on the head with his police club.

DiBlassi is a sturdily built boy and, according to the commanding officer of Division 1, who had an opportunity to observe the boy, he is rather strong for his age, and to all outward appearances much older than sixteen years of age. Physically, Officer Tully is not much taller than DiBlassi, and in view of the very stubborn resistance put up by him at the time of his arrest and the imminent danger of bodily harm to the officer in making this legal arrest, Officer Tully, in order to safeguard himself, was warranted in using such a degree of force as was reasonably necessary to enable him to overcome that resistance.

The records of this department show that on June 27, 1940, DiBlassi was adjudged "Delinquent" in the Central Juvenile Court by reason of occupying a portion of the public street for the sale of merchandise without a permit, and that charge placed on file. A charge against DiBlassi for assault and battery upon a police officer was placed on file without a finding.

After careful consideration of this matter, having in mind the spirit which prompted the Honorable City Council in its course of action in this particular case, I do not feel that the circumstances warrant the summary suspension of Officer Tully without a hearing on the merits of formal charges which DiBlassi is at liberty to make against the officer.

Very truly yours,

JOSEPH F. TIMILTY,

Police Commissioner.

Placed on file.

APPROVAL OF TAX TITLE LOAN.

Notice was received of the approval by the State Emergency Finance Board of renewal of tax title loan of two million dollars.

Placed on file.

RESIDENT EMPLOYEES AT SUFFOLK DOWNS.

Communication was received from the State Racing Commission relative to the number of resident employees at Suffolk Downs.

MINORS' LICENSES.

President GALVIN submitted report recommending that permits be granted to fourteen newsboys and two bootblacks under usual conditions.

Report accepted; said permits granted.

CONTRACT WITH ANIMAL RESCUE LEAGUE.

Notice was received of a contract with the Animal Rescue League for performing the duties of dog officers.

Placed on file.

ERECTION OF BLEACHERS AT PARKER HILL PLAYGROUND.

Coun. CAREY offered the following:

Ordered, That the Park Commission be requested, through his Honor the Mayor, to erect bleachers at the Parker Hill Playground, Ward 10, as a W. P. A. project.

Passed under suspension of the rule.

SPECIAL NURSES AT BOSTON CITY HOSPITAL.

Coun. CAREY offered the following:

Ordered, That the trustees of the Boston City Hospital be requested, through his Honor the Mayor, to look into the matter of furnishing special nurses for patients on the danger list at the hospital with a view to fixing the responsibility for the assignment of these nurses when ordered by the superintendent.

Coun. CAREY—Mr. President, I feel that I can safely say that if there is one request that every City Councilor hates to get, it is for the arranging of a special night nurse for patients on the danger list at the Boston City Hospital, because altogether too often a councilor can get into more trouble on a request of this kind than in any other way. There is, as we all know, a fund available, the income of which is to be used to supply special nurses for those unable to pay for same. Time and time again I have heard various members of the Council complain because a nurse was not supplied after one had been promised and I am not attempting to place the blame for the failure to supply these nurses on the shoulders of Doctor Manary, the superintendent, because it is my honest belief that on two occasions with which I was concerned during the past ten days, he carried out his part of the request all right. I am at a loss to understand how when Doctor Manary issues orders to be sure to supply this special night nurse that the orders are not carried out, being as he is the superintendent of the hospital and therefore in charge of it. In both of these cases that I have in mind, patients were very dangerously ill, and have since passed away and this afternoon are out in the graveyard. In one of those cases, as a matter of fact, another tenant living in the same house the patient lived in paid for a nurse and even then one was not supplied. The least that can be done for one dangerously ill at the hospital and going to die is to try to make them in their last hours on this earth as comfortable as possible and I sincerely hope and I ask in this order that the trustees will look thoroughly into this matter and endeavor to work out some system whereby the special nurses will be supplied when one is promised or that the patient's family will be definitely notified that one cannot be furnished. Possibly the situation can be solved by doubling the corps of night nurses on regular duty at the hospital which will lighten the burden on the shoulders of those now on duty and remove the necessity for requiring these special nurses.

Passed under suspension of the rule.

LIFE INSURANCE POLICIES OF OLD AGE AND WELFARE RECIPIENTS.

Coun. D. F. SULLIVAN offered the following:

Ordered, That his Honor the Mayor be requested to petition the Legislature at its next session for legislation which will permit beneficiaries of old age assistance and public welfare to continue in force life insurance policies of a reasonable amount without being penalized, as is the present custom.

Coun. D. F. SULLIVAN—Mr. President, the reason for introducing this order is that under chapter 118, section 5, of the General Laws anyone applying for old age assistance and who has just taken out an insurance policy, five years from the date they apply they have to sell the insurance policy, thereby losing money and in the event they should die a year after and are receiving old age assistance they will be buried as paupers. All the old age assistance allows them is \$75. If the insurance policy is over \$200, that is, providing they have had the policy for a period of over five years, and the policy is over \$200 they are not allowed anything, and if it is for \$200 or less the Welfare Department may make up the difference in the burial expenses,—or in other words, allow them \$75. I have a case right here and have had cases in the past of an old age couple, the husband with a policy taken out back in 1936 for \$324, paying 60 cents a week, and another one was taken out on the husband in 1938 for \$190, for 25 cents a week, and another one on the wife for \$190, taken out in 1938, for 25 cents a week. Now, in order for this old age couple here to receive old age assistance, they have to sell these three policies. There is no cash surrender value in those policies. In other words, in giving up those policies they are making insurance companies richer and taking money away from the poor. I say that this section of the General Laws should be changed so that a reasonable amount of insurance policies, no matter when they are taken out, that the recipients will be allowed to hold those policies, and I hope that the Mayor will institute the proper legislation to amend those laws and that this order will pass.

Coun. TAYLOR—On the same order,—I had intended to introduce a similar order. It occurred to me that when Mr. McCarthy was the head of the Welfare Department in the State House, although realizing that the General Laws specifically stated that it could not be done, nevertheless, he used his discretion and allowed in many instances people to carry on the policy because it was not costing anybody anything and the city would benefit at the time the person expired, but since Mr. Armstrong came in he has adhered strictly to the statute and refused to interfere with any discretion whatsoever and as a result many people who have had policies for several years and after paying in good money are forced to surrender those policies as Councilor Sullivan says, enriching the pockets of the insurance companies.

Passed under suspension of the rule.

INSTALLATION OF LOUD SPEAKING SYSTEM AT L STREET BATH HOUSE.

Coun. SCANNELL, LINEHAN, M. H. SULLIVAN and GOODE offered the following:

Ordered, That the Mayor of Boston, through the Park Commissioner, install a loud speaking system at the L Street Bath House in South Boston.

Passed under suspension of the rule.

REPORT OF FINANCE COMMISSION REQUESTED.

Coun. COFFEY offered the following:

Ordered, That his Honor the Mayor request the Boston Finance Commission to immediately make a report of its findings on the granting of a permit for slaughter house at 11 Lewis street, East Boston.

Coun. COFFEY—Mr. President, we are back on the granting of the permit for the slaughter house in East Boston. I hope I am not too long on it, but I am going to speak my mind here the same as I have at previous hearings. In the first place, I think that the Finance Commission has had plenty of time to make a report. The evidence has been in now a little over two weeks,—almost three weeks,—and if they cannot get together and make their report in two and a half to three weeks, then they are probably going to do, as I heard they might do, keep the report out for several months until the thing dies down. Before I forget it, the first thing that I want to bring out is the fact that at the closing of that hearing Chairman Storey received a communication from his Honor the Mayor, and he allowed that communication to be read into the record, which I did not think was fair, because if the Mayor wanted to say anything at that hearing he was invited down here by the Council order to come down and answer questions or make any statement he thought he should make to defend his office, and after all I was attacking his office

and I did make the statement, that I will never withdraw, that there was \$2,000 in graft paid in that office for the granting of that permit. Someone has said that my constituents know me, and the answer to that is Yes; that they have honored me twice by electing me to office twice within a period of eleven months and I had the Mayor's opposition in both those contests, going so far as to threaten every city employee to be with my opponent, and one of the constables who had the misfortune to pass away in the past two weeks, whom I grew up with and with whom I played baseball in high school, said one of the hardest things he ever did was to oppose me in my home precinct and stand outside and ask votes for my opponent. He is the gentleman who said that the people of my district know me and what I am. Of course they do. That is why they elected me to office, because they know what I am. Now at that hearing the rug pedler, Mr. Shamon, asked questions of Mr. Greenberg who had the slaughter house for thirty years, but who couldn't pay the \$2,000 or \$3,000 in graft which he was asked to pay. That is the reason he didn't get the continuance of that permit he was asked about by Mr. Shamon and the reason I mention this is because it didn't come out in the newspapers,—he was asked if he was asked for any money for this permit. His answer was Yes; \$1,000 from one attorney, \$1,200 by another attorney and \$1,500 by a third attorney. None of that testimony came out in the newspapers. Now, in regard to this hearing, the reason I want this order passed is that I would like to see what action the Mayor will take on this order and if he won't forward it along to the Finance Commission and ask them to make an immediate report. They have had plenty of time and, of course, as the order did not turn out just exactly as maybe the Mayor and the Finance Commission thought it was going to turn out. Now, for example, some of you councilors here, and I appreciate it, kind of came to my side for the first time since I have been a member of this Council and you said I was right in one thing. I asked that the hearing be postponed for a week in order that my witnesses would be allowed to be summoned here the same as the other witnesses on the other side. Now I introduced that order and asked for the investigation. I had the order passed unanimously by the City Council, and what happens? Three weeks ago without any notification to me the Finance Commission claim they got permission to hold a hearing the following day,—two weeks ago last Tuesday, to hold that hearing in this room and didn't ask me if I wanted to be heard. They didn't ask me what evidence I had or what witnesses I wanted summoned. They were just going to hear the other side, and, as they say, in the event I wanted to be heard I could come in. Not one of my witnesses was summoned and I say it was about the dirtiest, lowest and rottenest frame-up they tried to frame up, but they got the surprise of their life. They thought that Coffey was going to come here and sit down and be a mummy and allow them to frame me and my future and the only defense they had was my father went down and asked for a check for \$25 when thousands of dollars had been paid for this permit. We were going to be settled with for \$25. Well, I haven't been in politics for the years I have to see \$1,500 paid in graft and the only cut I am going to get is \$25. The only defense Furman Brothers had is the fact I went to them and said,—and I was not here to challenge any of those statements,—they held that hearing after I left the chambers and without permit,—and the only argument Furman Brothers had was, "Well, Coffey came down and said that permit was worth \$3,000 to me." If there was \$3,000 in graft paid, how much would I get out of it? I wouldn't get enough out of it to make it worth while going into the thing. They take the Relief Station away and give us a slaughter house in return, and I am supposed to sacrifice my entire future by allowing them to frame me so they can protect the Mayor. I ask the Mayor why did he sign that permit? It is illegal. It should have come through the City Council. That is the law under chapter 111, section 151, which states that any permit granted for a slaughter house, the license has first got to have the written consent of the Boston City Council and then the signature of the Mayor and I ask the Mayor why he signed that permit knowing that it didn't come through the City Council. In closing, I say it took four attorneys, and Furman admitted he paid those four \$1,350, to get him a \$25 permit, and Judge Burke, who has been involved in the Connolly and Dowd scandal and who had a decent fellow fired out of the District Attorney's office, comes in and admits he made a telephone call to the Mayor and asked the Mayor to be good enough to grant the permit and when the permit was granted he admits that for that telephone call he received \$500 as an attorney's fee.

Passed under suspension of the rule.

INVESTIGATION BY FEDERAL AUTHORITIES.

Coun. COFFEY offered the following:
Ordered, That the Federal authorities be requested, through his Honor the Mayor, to investigate the right of Public Works Commissioner Hyland to take down a wall built by Federal funds on Bremen street, in the Day square section of East Boston, for the purpose of making a gasoline station opening of 80 feet.

Coun. COFFEY—Mr. President, we are right back to the same thing I just got through talking about. As I sat here today and listened, there were eight petitions filed with the clerk today for sidewalk openings. Now in this particular case the gentleman that owns a gasoline station came to me and asked me to file an order for a 75-foot opening for the sidewalk in East Boston and I told the gentleman I wouldn't do it; that the Mayor's own words were there shall be no sidewalk openings above 35 feet while he is the Mayor of Boston. Now we come back to the case where this fellow has a gasoline station in the Day square section. His order came through for the same 35-foot opening as the others. He has got a sidewalk opening of 35 feet and six weeks ago he took a W. P. A. truck, the owner of this place, and knocked down some 60 or 70 feet of a Federal project wall that was put up in January of this year. That man deliberately knocked down some 70 feet of that wall. Then after he does that he takes away curbing of some 50 feet, does away with that, and now he has a sidewalk opening of 80 to 85 feet for his gasoline station and that is operating illegally. That order did not come through the Council, but that man happens to be a friend of the Commissioner of Public Works, Hyland, and I know for a fact that Hyland was interested in him getting that petition for the 75-foot opening, and I refused to introduce the order. Now it is the same story again. What did the man pay to allow that wall to be knocked down? What did he pay in graft to allow that opening to be placed there?

Coun. TAYLOR—Will the clerk read the order again?

(The order is read by the clerk.)

Coun. TAYLOR—On a point of order, Mr. President, on the question whether or not we should request the Mayor to ask the Federal authorities to investigate Commissioner Hyland. The Mayor is the boss of Mr. Hyland. I think if the Mayor was directed to investigate and leaving out the Federal authorities, we might be able to pass on it.

Coun. COFFEY—Mr. President, I thought in the hesitation of the Chair they were waiting for somebody to do or say something. The fact that I introduced this order for the Federal authorities to investigate is within reason. We have had orders here passed before asking department heads to come in here, and the Mayor has sent the letter down stating that no department head can be summoned here by this Body. We have had an order passed asking the Public Works Commissioner to give us a list of the members of the Boston City Council who interfered with the placing of trucks and truckmen to work in the last snowstorm, and also had an order, and I think it is still on the table, asking the Public Works Commissioner to give us a list of the trucks and truckmen and the other snow equipment and to give us the names of those who put them to work, and we haven't got any report and, naturally, any man jumping from \$2,500 to \$7,500 a year job isn't going to come down here and give us an honest report.

Coun. TAYLOR—The councilor has requested us to have the Mayor have the Federal authorities investigate the destruction of their property. I think the Federal authorities are well capable of handling their own affairs and there is no reason for us to interfere. It is of no concern of the Public Works Commissioner or anybody else who has no material interest in it whether or not this man destroyed any Federal property. That is their concern. If the Public Works Commissioner has done something wrong himself, then it is up to us as members of the Boston City Council to ask the Mayor to investigate him. Certainly we have no business prying into what happened to Federal Government property.

Coun. COFFEY—May I inform the gentleman that the Public Works Commissioner and Public Works of Boston built that wall?

Coun. CHASE—May I ask Councilor Coffey a question through you, Mr. President? Councilor, have you talked this matter over with the Public Works Commissioner?

Coun. COFFEY—I do not speak to anybody who is friendly to Tobin,—is the answer to that.

Coun. CHASE—I think in fairness to the Public Works Commissioner we should be given the opportunity of hearing his version of the story. I do not think the Public Works Commissioner would object to coming up here

and explaining the reason why he tore down that wall and whether or not he thought he was doing something wrong at the time. I think it is a reasonable request and I think he would appear before us.

Coun. FISH—Mr. President, I move that this order be sent to the Executive for the purpose of Councilor Chase's suggestion that we ask Commissioner Hyland to appear before us.

Coun. TAYLOR—I arise on a point of order, Mr. President, as to whether or not that order is out of order?

President GALVIN—The order can be sent to the Executive Committee.

Coun. COFFEY—On the same point of order,—I object to it going into Executive. That is the death house, in there. I think the thing ought to be allowed to go right on from here. There is no sense in summoning him down. The Mayor defended Commissioner Watts for signing the permit for the slaughter house in East Boston and said he didn't have to come down here. The fact remains that wall was knocked down, and some 50 or 60 feet of curbing was taken up, and everybody knows that a petition of that kind should be first passed by the City Council and it was not.

Referred to the Executive Committee.

PAYMENT OF AID TO SOLDIERS AND SAILORS.

Coun. ENGLERT, for the Committee on Soldiers' Relief, submitted report recommending passage of order for payment of aid to soldiers and sailors and their families in the City of Boston for the month of July, 1940.

Report accepted; said order passed.

REPORT OF COMMITTEE ON LICENSES.

Coun. FISH, for the Committee on Licenses, submitted the following:

1. Report on petition of Joseph Bernstein for driveway opening at 1243 Blue Hill avenue (referred July 22)—recommending that license be granted.

Report accepted; license granted.

2. Report on petition of William E. Lynch for driveway opening at 449 Dorchester avenue (referred July 1)—recommending that license be granted.

Report accepted; said license granted.

3. On the petition of the Boston Elevated Railway Company for license to operate between Columbia Station and junction of Washington street and Gallivan Boulevard (referred July 1), petition of Boston Elevated Railway Company for license to operate between Columbia Station and junction Blue Hill avenue and Morton street (referred June 24)—recommending that licenses be granted; petition of Boston Elevated Railway Company for license to operate between Columbia Station and junction Blue Hill avenue and Columbia road (referred June 24)—recommending that license be granted; petition of Boston Elevated Railway Company for license to operate between Columbia Station and junction Blue Hill avenue and West Cottage street—recommending that license be granted.

Report accepted; several licenses granted.

QUOITS FOR ROBERTS FIELD PLAYGROUND.

Coun. WICKES offered the following:

Ordered, That the Park Commissioner be requested, through his Honor the Mayor, to supply quoits to Roberts Field Playground in Ward 17, Dorchester.

Passed under suspension of the rule.

QUOIT-PLAYING QUARTERS AT ROBERTS FIELD PLAYGROUND.

Coun. WICKES offered the following:

Ordered, That the Park Commissioner be requested, through his Honor the Mayor, to change the present arrangement of the quoit-playing quarters at Roberts Field Playground, Ward 17, in such a manner that it will not constitute a hazard to those engaged in playing soft ball, and so that the soft-ball playing may not interfere with the quoit playing.

Passed under suspension of the rule.

FURNISHINGS FOR COUNCILORS' QUARTERS.

Coun. WICKES offered the following:

Ordered, That the Supply Department be requested, through his Honor the Mayor, to anticipate the furnishing of the councilors' offices now under construction by being prepared to install in each office a desk, a typewriter, a filing cabinet and such other equipment as may be needed upon the completion of said offices, so that the service to each of the councilors' constituents may be thereby expedited.

Passed under suspension of the rule.

RESTORATION OF CERTAIN ALLOTMENT TO WELFARE AND OLD AGE RECIPIENTS.

Coun. M. H. SULLIVAN offered the following:

Ordered, That the Public Welfare Director be requested, through his Honor the Mayor, to confer with the State Welfare authorities for the purpose of formulating regulations to put back the automatic fifty cents (\$0.50) weekly medical allotment contained in the budgets provided for all Old Age Assistance recipients prior to rulings that emanated from the State Welfare authorities during the past week.

Coun. M. H. SULLIVAN—Mr. President, during the past week I was engaged in somewhat of a mild altercation with the State Welfare Administrator relative to certain rulings from his office which enforced a reduction in the allowance of all old age recipients living with sons and daughters in the city. The reply that came from the State Director's office stated that Councilor Sullivan was laboring under a misapprehension and hinted at the fact there was no reduction, while the body of the article emanating from his office openly admitted my statement was correct. In my original statement and protest against such inhumane treatment of the state's aged I stated there was a very definite order to reduce by 50 cents the allotment of all old age recipients receiving less than the maximum of \$34.60 per month, as allotted by law. Over the past several years 50 cents has been allowed weekly for medical treatment and \$2.16 per month to every recipient of the old age assistance receiving less than \$34.60 a month. During the past week a two-page brochure came down from the office of the State Administrator and in that it stipulated that the 50 cents was to be taken away. It was a double-meaning order in view of the fact there was also a suggestion that medical allowance should be made to all in need and they should be given appliances, eyeglasses, or anything necessary for their bodily comfort. However, this 50 cents was given automatically in the past. Now it comes only as a result of the social worker's discretion. I believe the social workers in the City of Boston, especially in the Old Age Assistance Department, have been doing a splendid job and I know eminent satisfaction has been expressed in my district of the work they are doing. I have every trust in their discretion and feel in most instances their discretion would be such as to allow the 50 cents; but on the other hand automatically the old aged received it in the past and now if by any chance there should be some cold-hearted social worker who wanted to take the 50 cents out of the budget, they could do it and I am against that. The director said I was laboring under a misapprehension and there was no reduction. I was not laboring under any misapprehension when I read in the statement he sent down that the food allowance for all old aged was to be reduced to \$2.25 for males and \$2.10 for women. Apparently my argument had some effect there, for the director issued another statement emanating from the same office, in which it was agreed to raise the allotment from \$2.25 for men to \$2.40 for men and from \$2.10 for women to \$2.20, but still there is a reduction. The original argument given was that the food allowance and the reduced budget conformed with the amount granted by the Community Health Association, and when the second allowance came down with the increase as a result of my protest, they didn't give me credit for it, but said the Community Health recommended this. Now I want to know where the Community Health stands on this matter and where Mr. Rotch stands. I am against any reduction for any individuals. I know two years ago in the State campaign the Republican Party promised to increase the old age assistance here and I think that is a funny way of keeping faith with the old aged. I think they should not now try to cover up the fact that they made a political mistake by reducing the budgets. I think it is time Mr. Rotch came out in the open and corrected his mistakes, and that

they increase as a result of my protest. They should bring those budgets back to their former level and if they want to keep a political promise, then increase the budget as they promised to do two years ago.

Passed under suspension of the rule.

SURVEY OF CONDITIONS AT WARREN SQUARE.

Coun. LANGAN offered the following:

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to make a survey of existing conditions of Warren square, Ward 19.

Passed under suspension of the rule.

INSTALLATION OF TRAFFIC LIGHTS AT MORaine AND CENTRE STREETS.

Coun. LANGAN offered the following:

Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to install automatic traffic lights at Moraine and Centre streets, Jamaica Plain, in substitution for blinker lights now at this location.

Passed under suspension of the rule.

TRAFFIC CIRCLE AT ARBORWAY AND POND STREET.

Coun. LANGAN offered the following:

Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to establish a traffic circle at Pond street and the Arborway, Jamaica Plain.

Passed under suspension of the rule.

REPAIRING BENCHES AT BLACKSTONE PARK.

Coun. HURLEY and D. F. SULLIVAN offered the following:

Ordered, That the Park Commissioner be requested, through his Honor the Mayor, to make needed repairs to the benches on both sides of Blackstone Park, Wards 8 and 9, to place them in first-class condition.

Passed under suspension of the rule.

SIDEWALK ALONG SAVIN HILL AVENUE.

Coun. HUTCHINSON offered the following:

Ordered, That the Commissioner of Public Works make a sidewalk along Savin Hill avenue, at No. 193, Ward 13, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Passed under suspension of the rule.

RECESS.

The Council voted at 3.10 p. m., on motion of Coun. HUTCHINSON, to take a recess, subject to the call of the Chair. The members reassembled and were called to order by President GALVIN at 4.15 p. m.

EXECUTIVE COMMITTEE REPORTS.

Coun. LANGAN, for the Executive Committee, submitted the following:

Report on order (referred this day) requesting Federal authorities to investigate the right of the Public Works Commissioner to take down a wall on Bremen street, East Boston—recommending that the order ought not to pass.

Report accepted. Question came on the passage of the order.

Coun. COFFEY—Mr. President, all I have to say is this, just as the order reads. I asked in the order for the Federal authorities to investigate the opening by the knocking down of this wall. Commissioner Hyland was brought in very abruptly, may I state,—we couldn't get him in as quickly on the snow removal. He made the statement that he wrote a letter to the Federal authorities admitting he granted a 40-foot opening or the knocking down of 40 feet of that wall and in that letter he stated that the reason he did allow the knocking down of that wall was the fact that he wanted to give the owner of this gasoline station access in and out of his gasoline station, but he didn't mention

the fact in that communication they already had some 70 feet of sidewalk opening,—35 feet on each side of this station, and the reason I objected to this order being killed in Executive was just that fact, that he didn't make it clear that this gas station already had an opening and so far as the curbing is concerned, I say that lays squarely in the Public Works Commissioner's lap. It is not up to the police. You make a complaint to the police, and their answer will be that "if the Public Works Commissioner wants to prosecute, let him go ahead and we will prosecute the case." As this order stands now, it will be killed, of course, and I expected it would be. I just want to leave this impression, that the fact remains that the man now has a 75 to 80 foot opening, and he didn't get a petition passed through this Council and if the Public Works Commissioner doesn't know what is going on in the different districts, then I say, as he said himself, he would resign if there was any graft passed there. Well, if there wasn't any graft passed I want to know why that man has a 75 to 80 foot opening. The petition didn't come through this Council and the fact remains a wall was knocked down and some curbing was taken up, and this man has now a 75 to 80 foot opening, whereas the order was passed by this Council a couple of months ago granting him a 35-foot opening, and that is all.

Coun. TAYLOR—Mr. President, our chief investigator has made allegations again with insinuations of graft pertaining to the allegation, but, unfortunately, the Public Works Commissioner had documentary evidence to prove otherwise. To show the absolute unnecessary proceeding in asking for an investigation, because in those documents W. P. A. officials justified the action of the Public Works Commissioner. So you see, members of the Council, we have been listening to these allegations of graft again and again. It is like the old fable story when you cry "Wolf, Wolf" too often, then the time comes when perhaps you really have something and nobody will pay any attention to it. The Public Works Commissioner showed that there was justification for his action; that he received permission from the proper authorities and that insinuations were made which were needless, tearing down and intending to destroy the reputation of decent men. We as members of the Council should abstain from doing that in the future. We should abstain from attempting to destroy the name of any good man, or honest man working for the City of Boston just because somebody with a vile tongue who has an ax to grind is willing to destroy in his ardent desire to try and tear down the person who is giving the City of Boston a fine administration. I say in the future we should give recognition to this man's claims as we should do.

Coun. COFFEY—Mr. President, in answer to the gentleman from Ward 12, of course he is the Mayor's spokesman and I expected him to answer. He also claimed here a few weeks ago that I have always been vile in making allegations, but I think even he will agree I had something on the ball in the granting of the slaughter house permit and I have something on the ball again today. He thought then there was no proof, none whatsoever, but I notice he attended every hearing diligently here and listened to the evidence and I think that even though he has to say what goes on downstairs because he is paid to and I think from the fact that \$1,350 was paid to get a man a \$25 permit proves there was something fishy in the granting of that permit and the fact that the Mayor's signature is on that permit and the permit did not go through the Boston City Council, as the law says it must go through, shows I had something on the ball in the granting of that permit. Now so far as dishonest administration is concerned, why don't we get an honest answer on the snow removal?

President GALVIN—The Chair requests you to confine your remarks to the order before the Council, unless asking unanimous consent to make a statement.

Coun. COFFEY—Mr. President, I ask unanimous consent to make a statement.

President GALVIN—Do I hear any objection?

Coun. TAYLOR—Mr. President, I do not like to make an objection—

President GALVIN—The question is on unanimous consent.

Coun. TAYLOR—I object.

President GALVIN—Councilor Taylor objects.

Coun. COFFEY—Talking on the order, on this order the gentleman saw fit to defend the Public Works Commissioner as being an honest man. I didn't say he wasn't honest. I wanted to know if any graft was paid for this sidewalk opening of 75 or 80 feet which is illegal, and I want to go on and continue and say you will never get unanimous consent to make a statement here for two long years.

Nobody will ever get unanimous consent. That is all I am waiting for. When a man can be born by the name of Isadore and change it to Charlie, he can't shut me up.

Coun. CHASE—On a point of order, Mr. President. The gentleman from East Boston is indulging in personalities and I refer you to the rules.

Coun. GOTTLIEB—I feel the councilor from East Boston owes this chamber an apology and I ask the councilor from East Boston to apologize for his last remark.

President GALVIN—The members of the Body request an open apology from Councilor Coffey. If Councilor Coffey refuses to apologize openly for any personal remarks, the President will have to request his silence until such time as he apologizes.

Coun. COFFEY—On the point of order, Mr. President. I would like to ask the gentleman if the statement I made is true?

Coun. TAYLOR—Which gentleman?

Coun. COFFEY—You.

Coun. TAYLOR—Why, it is an absolute falsehood.

Coun. CHASE—On a point of order, Mr. President. I understand when an apology is asked that the man is silenced until he offers that apology. I think the question that he asked then is out of order.

President GALVIN—The Chair will not be able to recognize Councilor Coffey on a speech until such time as he apologizes openly for the remarks he made.

Coun. COFFEY—I apologize.

Question came on the passage of the order before the house. The order was rejected.

Coun. COFFEY—I ask unanimous consent to make a statement.

President GALVIN—Do I hear any objections?

Coun. TAYLOR—I object.

President GALVIN—Councilor Taylor objects.

EQUIPPING POLICE AUTOMOBILES WITH SIRENS.

Coun. KELLY offered the following:

Ordered, That the Police Commissioner be requested, through his Honor the Mayor, to equip all automobiles belonging to the Police Department with sirens.

Coun. KELLY—Mr. President, the reason I introduced this order today is because I realize the only sirens equipped in the Police Department are in the patrol wagons. I also realize that a lot of these police cars day after day have occasion to rush men, women and children to the Boston City Hospital who have been in accidents, so I think it would be a good thing if these police cars were equipped with sirens so that when men and women driving cars along the road hear these sirens they would pull in to the side of the street to enable the police car to get to the hospital quicker.

Passed under suspension of the rule.

ATHLETIC EQUIPMENT AT MARINE PARK.

Coun. SCANNELL offered the following:

Ordered, That the Park Commissioner be requested, through his Honor the Mayor, to supply all modern athletic equipment for use at Marine Park, South Boston, and to provide also an instructor to supervise athletic activities at that park.

Passed under suspension of the rule.

SIDEWALKS ON FOURTH STREET, SOUTH BOSTON.

Coun. SCANNELL offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to install granolithic sidewalks on both sides of Fourth street, from B street to D street, Ward 6, as a W. P. A. project.

Passed under suspension of the rule.

FILLING OF VACANCIES BY THE MAYOR.

Coun. COFFEY offered the following:

Ordered, That his Honor the Mayor immediately fill the vacancies caused by the resignations of Henry Parkman, Jr., James Burke and Thomas Dorgan to run for public office.

Coun. COFFEY—Mr. President, the reason I filed this order is the fact that our Corporation Counsel has resigned to seek public office. I filed two orders previously asking the Mayor to reappoint somebody in his place and not to keep the job open until the time he is defeated and comes back looking for another job. I also filed one including the Registrar of Births and Marriages

who I have seen in the paper is a candidate against Congressman McCormack. I have also included Thomas Dorgan, the legislative agent or Assistant Corporation Counsel, as he might call himself, and I filed the order asking the Mayor to make immediate reappointments and not to keep the jobs open in the event these men who are already defeated for office and then come back and find a nice job waiting.

President GALVIN—The Chair rules the order out of order.

Coun. CHASE—I move that all the remarks—

Coun. COFFEY—Mr. President, what right has this man to speak?

Coun. CHASE—I rise to make a motion—

President GALVIN—The Chair requests the motion be put in writing.

FIVE-CENT FARE ON ELEVATED TO BEACHES.

Coun. HUTCHINSON offered the following: Ordered, That the trustees of the Boston Elevated Railway Company be requested, through his Honor the Mayor, to reduce the fare on the summer bus lines to the beaches from ten cents to five cents.

Passed under suspension of the rule.

ELEMENTARY SCHOOL, OLD HARBOR VILLAGE.

Coun. LINEHAN offered the following:

Ordered, That the School Committee be requested, through his Honor the Mayor, to arrange for the construction of an elementary school building at the corner of Kemp street and Dorchester avenue, Ward 7, or on any other site in the vicinity of Old Harbor Village, South Boston, to take care of the serious lack of elementary schoolrooms in this section due to the great number of children now residing in Old Harbor Village and the many more children who will be moved into the new site in South Boston in the near future.

Passed under suspension of the rule.

TENNIS COURTS AT COLUMBUS PARK.

Coun. LINEHAN offered the following:

Ordered, That the Park Commission be requested, through his Honor the Mayor, to construct a permanent black surface, with white lines, on the tennis courts at Columbus Park, Ward 7, as a W. P. A. project.

Passed under suspension of the rule.

CLAIMS REPORT.

Coun. GOTTLIEB, for the Committee on Claims, submitted reports on the petition of James E. McDonald to be reimbursed for amount of execution issued against him on account of his acts as operator of a motor vehicle belonging to the office of the Medical Examiner, Southern District—recommending passage of following orders:

Ordered, That the sum of two hundred forty-nine dollars and sixty cents (\$249.60) be allowed and paid to James E. McDonald in reimbursement for amount of execution issued against him on account of his acts as operator of a motor vehicle belonging to the office of the Medical Examiner, Southern District, said sum to be charged to the Contingent Fund.

Ordered, That the sum of four thousand forty-one dollars and fifteen cents (\$4,041.15) be allowed and paid to James E. McDonald in reimbursement for amount of execution issued against him on account of his acts as operator of a motor vehicle belonging to the office of the Medical Examiner, Southern District, said sum to be charged to Contingent Fund.

Report accepted; orders passed.

APPOINTMENT OF COMMITTEE.

The Chair announced the appointment of a Special Committee to cooperate on the Legion Convention as follows: Coun. Maurice H. Sullivan, Theodore F. Lyons, Philip A. Fish, James S. Coffey and Charles I. Taylor.

ACTION ON UNFINISHED BUSINESS.

President GALVIN—The Chair now calls up No. 2 on the calendar, as follows:

2. Action on appointments submitted by the Mayor July 1, 1940, of Bartell Swanson and George S. Wilbur, Jr., to be Weighers of Goods.

The question came on confirmation. Committee, Coun. Fish and Russo. Whole number of ballots 15, yeas 14, nays 1, and the appointment was confirmed.

INSPECTION OF HOMES WHERE WELFARE AND OLD AGE RECIPIENTS ARE HOUSED.

Coun. LYONS offered the following:

Ordered, That the Overseers of Public Welfare be requested, through his Honor the Mayor, to inspect more often the rest homes in which welfare and old age assistance recipients are housed.

Coun. LYONS—Mr. President, I have introduced this order because I have received a few complaints from old age recipients operated in connection with the State Hospital. Those who have heart ailments they send to these various homes throughout the city to recuperate. These houses should be inspected to bring them to Grade A sanitary conditions. I have had a few complaints that these houses, some of them, were not sanitary and I wish the head of the Welfare Department would see to it that inspectors would go out on the average of once a month to inspect these houses, so they would be habitable for these people to recuperate in.

Passed under suspension of the rule.

REPAIRING OF TENNIS COURT AT BILLINGS FIELD.

Coun. LYONS offered the following:

Ordered, That the Park Commission be requested, through his Honor the Mayor, to immediately repair the tennis courts at Billings Field and Fallon Field, Ward 20.

Passed under suspension of the rule.

USE OF WELFARE WORKERS AT PLAY- GROUND.

Coun. LYONS offered the following:

Ordered, That the Park Commission be requested, through his Honor the Mayor, to place a few welfare workers in each playground to assist the groundkeeper.

Coun. LYONS—Mr. President, relative to that order, the Park Department is so undermanned at the present time, to the extent of 225 men, that they have stripped each playground in my district one man each and that leaves the groundkeeper himself. These men are probably 65 years of age and to take care of 11 acres of park is quite a hardship. So where they are not going to put on additional men, I should think it would be quite an economy to put a couple of welfare recipients to work to assist the groundkeepers to take care of the children and cutting the grass on the edges for the ball parks as they did in the past.

Passed under suspension of the rule.

MATRON FOR MARY DRAPER PLAY- GROUND AND BILLINGS FIELD.

Coun. LYONS offered the following:

Ordered, That the Park Commission be requested, through his Honor the Mayor, to assign a matron to the Mary Draper Playground and Billings Field, Ward 20.

Passed under suspension of the rule.

BUS SERVICE FROM HYDE SQUARE AND BRIGHAM CIRCLE TO SOUTH BOSTON BEACHES.

Coun. CAREY offered the following:

Ordered, That the trustees of the Boston Elevated Railway Company be requested, through his Honor the Mayor, to inaugurate a bus service to the South Boston beaches from Hyde square and Brigham circle in Ward 10, with a five-cent fare privilege.

Passed under suspension of the rule.

ACTION ON UNFINISHED BUSINESS.

Coun. COFFEY called up No. 1 on the calendar, viz.:

1. Action on appointment submitted by the Mayor June 3, 1940, of Leo J. Glennon to be a Constable authorized to serve civil process upon filing bond.

Question came on taking No. 1 off the calendar and motion was lost.

Coun. COFFEY—I doubt the vote.

Coun. LINEHAN—I would like to know what the question is?

President GALVIN—The question is on taking up No. 1 on the calendar.

Coun. TAYLOR—I would like to say at this time I am opposed to No. 1 being taken off the calendar. This man lives in my district.

President GALVIN—The question is up for roll call.

Coun. COFFEY—Mr. President, I would like to ask the gentleman a question.

President GALVIN—The Chair hears no objection.

Coun. COFFEY—I would like to know why the gentleman objects to this man being given an opportunity to make a living.

Coun. TAYLOR—I will say this, since this gentleman asked for it. In the first place, I do not think the man is qualified. In the second place, the man is in the real estate business in Roxbury and makes a very good living and he desires this particular appointment here so it will save him expense when he ejects poor people who are not paying their rent on time and rather than have a man of his character—and I know him very well—being able to inflict upon the poor people any more unfortunate occurrences, I object to his appointment.

Coun. COFFEY—I will say that I do not know this man. I have never met him in my life, but the gentleman from Ward 12 says he is not qualified to be a constable. Then he goes on to admit that the gentleman is in the real estate business and that fact alone proves that he needs this appointment so that he can go out and earn a living instead of having to hire some outside constable to serve processes. So far as putting poor people out, I doubt that very much. I doubt very much if there is any constable today putting any people out, and I may be mistaken, but I think this is the only name that has come in this year that has been objected to, and I would like to ask the gentleman from Ward 12 another question, through the Chair, if this man was not his opponent in some previous contest?

Coun. TAYLOR—I refuse to dignify the question by an answer.

Coun. FISH—I have the highest regard for the councilor from Ward 12 when he will openly stand in public assembly even at the expense of possibly making an enemy in his district and tell the people of Boston that he objects to a man being appointed constable and stating his reasons. I may say I think Councilor Taylor should know the man better than any other councilor in Boston and when he states the reason, knowing him as he does, that this man merely wants to make it easier for himself to eject poor people, I can only say this: "Congratulations, Mr. Councilor Taylor."

Coun. COFFEY—I still doubt very much that this man put anybody out, and the fact the gentleman from Ward 12 did not answer my question that this man has been his opponent in the past, it wouldn't surprise me a bit if he will be his opponent in the future. When you vote, please remember the fact that this happens to be this man's livelihood.

Coun. GOTTLIEB—Now that No. 1 on the calendar has been opened up to argument, let me perhaps suggest to the members of this Body that I have always understood it to be courteous to act in accordance with the wishes of the councilor with respect to some appointment emanating from his ward. I do not know the man referred to in this order. I do not think it is of any particular importance. I feel that out of courtesy, common courtesy to a brother councilor, we ought to go along with Councilor Taylor.

Coun. FISH—Mr. President, if I may answer the councilor from Ward 1, when he makes the assertion that Councilor Taylor stands in the way of a man making a living, I think we have all known Councilor Taylor well enough to say now that if he thought for one moment that this was interfering with a man's livelihood, he would be the first one to stand up and approve this man's appointment.

Coun. TAYLOR—I might further add that this man does not need it for a living. I know that definitely, but I will add, as I have stated to others, that this man can get his appointment so far as I am concerned, providing he apologizes for certain remarks that were made similar to the remarks made by my brother colleague.

Coun. COFFEY—Mr. President, I still say it is the man's living, according to the statement here from the gentleman from Ward 12. He said that this man is in the real estate business and everybody knows that if he was a constable he could save the hiring of an outside constable to serve processes which he has to serve, and I still say I think regardless of that most ridiculous ruling that we should go along with any councilor who wants to keep a man from getting a job or an appointment, I think that ruling ought to be done away with once and for all.

The fact this man is coming up for an appointment, and there were two appointments on the calendar that day and nobody objected to the other two but the gentleman from Ward 12, and he still has not answered my question, and he might well have said something about the councilor. I believe it, honestly, he might have said something about the councilor in the campaign, and is he supposed to come in and apologize for a remark he made that happened years ago, and if he doesn't do it, then he is going to be stopped from having an opportunity of making a living and nothing else.

President GALVIN—The clerk will call the roll.

The motion was lost, yeas 1, nays 14:

Yeas—Coun. Coffey—1.

Nays—Coun. Carey, Chase, Englert, Fish, Galvin, Gottlieb, Hurley, Hutchinson, Langan, Linehan, Lyons, Russo, Scannell, D. F. Sullivan—14.

STRIKING REMARKS FROM THE RECORD.

Coun. CHASE offered the following:

Ordered, That the City Council's official stenographer cause to be stricken from the record all of the remarks pertaining to personalities made in the Council meeting today.

Coun. CHASE—On more than one occasion this year more than one councilor has engaged in personalities which is in direct violation of the Council's rules. I personally, Mr. President, on more than one occasion have been the butt of personalities flung by different councilors toward me. No one came to my defense, Mr. President, even though it was a direct violation of the rules, and so, Mr. President, I have gone to the trouble to introduce this order requesting that the official stenographer strike from the record all remarks today pertaining to personalities, simply because it is unfair and unwarranted and has nothing to do with any issues which are in debate and they are ungentlemanly. Mr. President, I sincerely hope that in the future the City Council, the whole Body, will stand as a unit when any one of us who dares to unfairly eject into any argument any personalities which are unfair to any members of this Body.

Coun. COFFEY—Mr. President, well, it would come from the gentleman in the Back Bay and nobody else, and naturally he would introduce it because he knows in the next eighteen months he will take the same abuse and the same vilification he has taken for the past six months. This same man made the statement that the members of the Council were yellow and afraid when he himself had an order in here asking for an investigation of Beano. Now he gets up and talks about anybody vilifying and introduces an order to strike out personalities when that man went into personalities probably fifteen or eighteen times on the floor of this Council, and now he is doing an about-face.

Coun. CHASE—Mr. President, I am rather amused by the remarks from the gentleman from East Boston. One of the easiest things to do in public life is to get up and talk at random, take a whack at everything and try to have the public believe that the speaker is the only one who is right. Well, now, Mr. President, it may be all very well to do that, but why do it in an unfair way?

Coun. COFFEY—Mr. President, on a point of order. The gentleman isn't talking on the subject matter.

President GALVIN—Will the gentleman kindly confine his remarks to the subject before the Council?

Coun. CHASE—The gentleman from East Boston says that I myself have violated the rules.

Coun. COFFEY—He is still not talking on the subject matter.

Coun. CHASE—I am talking on the subject matter. I am answering the gentleman from East Boston—the contentions made by the gentleman from East Boston, and I am answering those contentions.

President GALVIN—Relating to personalities?

Coun. CHASE—The gentleman from East Boston said the councilor from Ward 4 has at times indulged in personalities, and I am answering those remarks he has made.

President GALVIN—You may proceed. Coun. CHASE—I believe, Mr. President, that a man is entitled—

Coun. COFFEY—Mr. President, on a point of order.

President GALVIN—State your point.

Coun. COFFEY—The gentleman still is not talking on the subject matter.

President GALVIN—Will the gentleman state where he is not talking on the subject matter?

Coun. COFFEY—Yes. He is answering some of the questions I was lucky enough to get away with, which are not on the subject matter.

President GALVIN—They are still pertaining to personalities, and I allow him to proceed.

Coun. CHASE—Any remarks, Mr. President, that I have made in the past were not in the remotest degree—

Coun. COFFEY—Mr. President, if the man does not keep on the subject matter, will you rule him out of order?

Coun. CHASE—Mr. President, the subject matter before this Body has to do with personal remarks made this afternoon being stricken from the record, and I claim a personal privilege to reason in my argument and which if the councilors adopt that man's statement I am not entitled to make as a matter of personal privilege. Now, Mr. President, any remarks that I ever have made in this Body—

Coun. COFFEY—Mr. President, on a point of order. I ask the Chair to rule the gentleman out of order.

President GALVIN—The Chairman rules the gentleman is in order because he has been accused of indulging in personalities and he is entitled to answer. His order requests the City Council official stenographer to strike from the record all of the remarks pertaining to personalities made in the Council today.

Coun. COFFEY—On a point of order, Mr. President. Wasn't that order introduced before I made the remarks?

President GALVIN—It is still to be acted upon by the Body.

Coun. CHASE—Mr. President, any remarks I have made in the past were never in the remotest degree unfair and as undignified and mean as the remarks that were indulged in here today.

Coun. COFFEY—Will the gentleman yield for a question?

Coun. CHASE—The gentleman from Ward 4 does not care to yield.

President GALVIN—The gentleman does not care to yield.

Coun. CHASE—Now, Mr. President, through innuendo and inference we all know what that remark made here today meant. It meant many things which were un-American and I say, Mr. President, that we as duly elected members of this Boston City Council should never indulge in such remarks as were made here today and I sincerely trust this Body will as a unit here uphold the rules from now on so far as personalities are concerned. I can appreciate that every member of this Body while in heated debate may indulge in personalities, especially in reply to some councilor who has already cast personalities at another, but, Mr. President, if we abide by the rules and enforce the rules, this Body will not stoop to engage in personalities and I trust in the future we will abide by the rules and I trust the Council will pass the order.

The order was referred to Committee on Rules.

FILLING POSITION OF SUPERINTENDENT OF NURSES WITH BOSTON RESIDENT.

Coun. SCANNELL and LINEHAN offered the following:

Ordered, That the Board of Trustees of the Boston City Hospital be requested, through its Honor the Mayor, to fill the position of Superintendent of Nurses at the City Hospital, recently vacated by Laura Logan, with a Boston resident.

Coun. SCANNELL—Mr. President, I understand that Miss Laura Logan, the Superintendent of Nurses at the Boston City Hospital is resigning in the very near future. Now, you older members of this Council know of the controversy that went on that one of your colleagues had with Miss Laura Logan, whom I understand comes from Chicago. This is the time to stop any more controversy, Mr. President, and request that the trustees of the Boston City Hospital and the Mayor of Boston put in a Boston resident as Superintendent of Nurses at that hospital.

Passed under suspension of the rule.

Coun. FISH—I would like to amend that order, not particularly to discharge her immediate assistants, who have come from all sections of the country, but in the future if they have occasion to appoint assistants to the new Superintendent of Nurses, I hope that they will also appoint Boston residents.

President GALVIN—The Chair will rule that is a subject for another order.

Coun. SCANNELL—If there is an assistant to Miss Logan and she is a Boston resident, then I hope she will get that job.

ADJOURNMENT.

President GALVIN—Councilor D. F. SULLIVAN moves that when we adjourn we adjourn to meet on August 5.

The motion was carried. Coun. COFFEY doubted the vote and asked for a roll call.

On roll call the motion to adjourn to August 5 was carried, yeas 11, nays 5:

Yeas—Coun. Englert, Fish, Galvin, Hurley, Hutchinson, Langan, Lyons, Scannell, D. F. Sullivan, M. H. Sullivan, Taylor—11.
Nays—Coun. Carey, Chase, Coffey, Linehan, Russo—5.

Adjourned at 5 p. m. to meet on Monday, August 5, 1940, at 2 p. m.

CLAIMS ALLOWED.

The Mayor, upon the recommendation of the Corporation Counsel, has approved the following claims:

Joseph Yankowsky, Winship street, Brighton, in the sum of \$33.50, as the result of an accident which occurred on November 2, 1939, when truck belonging to the Sanitary Division, which he was operating, collided with automobile owned by one Joseph P. Kelly.

Charles Ferris, 15 Tremont place, South Boston, in the sum of \$20, for snow removal work in the Public Works Department from February 15 to 19, inclusive, 1940, the check being cancelled due to his failure to call for same.

Baker & Co., 1335 Hyde Park avenue, Hyde Park, in the sum of \$40.95, as compensation for damage to concrete mixer which was rented to the Park Department in May, 1939.

Harry C. Snyder, Major Q. M. C., Fort Banks, in the sum of \$43.60, as refund on forty-one books of unused ferry tickets which were returned to the Public Works Department May 8, 1940.

T. & T. Market, Incorporated, by Albert S. Talanian, treasurer, 636 Hyde Park avenue, Roslindale, in the sum of \$37.75, as compensation for damage to automobile caused by defect in highway on Washington street, Forest Hills, in front of Hatoff's gasoline station, March 22, 1940.

Margaret C. Tarbox, 226 Tremont street, in the sum of \$32, as compensation for damage to automobile caused by hole in highway on Massachusetts avenue, between Loew's State Theatre and Burbank street, February 25, 1940.

Alice C. Todd, 9 Chipman street, Medford, in the sum of \$10, as compensation for damage to automobile caused when her car struck an iron police horse in roadway on Tremont street, near Parker street, Roxbury, April 22, 1940.

William H. O'Brien, 31 Manning street, Roslindale, in the sum of \$85, as compensation for damage to property in cellar of above premises caused by backing up of sewer on April 21 and 22, 1940.

Caroline G. Brazer, 38 Bloomfield street, Dorchester, in the sum of \$5, as compensation for damage to water pipe caused by employee of the Water Division while installing a new meter, April 18, 1940.

C. W. Henderson, 133 School street, Watertown, in the sum of \$23.50, as compensation for damage to automobile caused when truck belonging to the Water Division backed into it on Northampton street, between Columbus avenue and Tremont street, January 31, 1940.

BUILDING PERMITS ISSUED FOR THE WEEK ENDING JULY 31.

FIRE DEPARTMENT ORDERS.

General Order No. 34.

I. CAPTAIN THOMAS M. NARY.

It is with deep regret that the Fire Commissioner announces the death, on July 24, 1940, of Capt. Thomas M. Nary of Engine Company 45. Captain Nary was appointed to the department on November 27, 1903. He was promoted to the rank of lieutenant on February 1, 1924, and to captain on December 18, 1933.

The funeral was held from his late residence, 44 Congreve street, West Roxbury, at 8 a. m., Saturday, July 27, 1940, followed by services at the Holy Name Church, Centre street, at nine o'clock.

At the request of his family no funeral detail was sent from the department.

II. RESIGNATION.

The following resignation, which took effect at 8 a. m., July 17, 1940, is hereby announced for the information of the department:

Hoseman Leo M. Myott of Engine Company 5. Hoseman Myott has been under suspension from the department since June 5, 1940.

III. NEW FIRE ALARM BOXES.

Effective at twelve o'clock noon, Tuesday, August 6, 1940, the following new fire alarm boxes will be placed in operation:

Box 7324, Boston Edison Company, L Street Station, 776 Summer street.

Box 12-7324, Boston Edison Company, L Street Station, 636 East First street.

Box 13-7324, Boston Edison Company, Sprague Coal Yard, 658 East First street.

Box 14-7324, Boston Edison Company, Sprague Coal Yard, Conveyor A4.

Box 15-7324, Boston Edison Company, Sprague Coal Yard, end of wharf.

Assignment cards for the foregoing boxes are being issued to the department today.

The particular circuits on which these boxes are to be connected will be announced at a later date.

IV. FIRE ALARM BOXES TO BE TAKEN OUT OF SERVICE.

Effective at twelve o'clock noon, Tuesday, August 6, 1940, the following fire alarm boxes will be removed from service:

Box 13-7323, Edison Electric Illuminating Company, L Street Station.

Box 14-7323, Edison Electric Illuminating Company yard, East First street.

Company commanders shall make the necessary correction on assignment cards for Box 7323.

V. RELOCATION OF Box 5625.

Fire Alarm Box 5265, Western avenue and Market street, Brighton, has been temporarily moved to a pole, approximately 100 feet down Western avenue toward Engine Company 34. This temporary location is due to construction work now going on at Western avenue and Market street.

VI. A. D. T. ASSIGNMENT.

The following signal number is to be added to running cards of the A. D. T. Company in this department:

Signal 391—John H. Pray & Sons Company, 132-133-134 Tremont street. Apparatus to respond: Engine 35, Ladder 17, District Chief 5. Nearest box is No. 1441.

VII. GENERAL ALARM CORPORATION.

New pages Nos. 7 and 9, dated July, 1940, for the G. A. C. Assignment Book, are being issued to the department today. Page 7 will replace old page 7, dated April, 1940, which is to be returned to Headquarters in the envelope provided on or before Thursday, August 1, 1940.

VIII. COMMENDATIONS.

Hoseman Philip J. Murphy of Engine Company 14 is hereby commended for volunteering and donating blood in transfusion to a patient at the Boston City Hospital on July 20, 1940.

Hoseman Roger A. Cregg of Engine Company 10 is hereby commended for volunteering and donating blood in transfusion to a patient at the Boston City Hospital on July 21, 1940.

Lieut. Lawrence J. McAdams and Hoseman Edmund J. Sheehan of Engine Company 22 are hereby commended for extinguishing a fire at 49 Dover street on July 26, 1940, while off duty.

By order of Fire Commissioner
WILLIAM ARTHUR REILLY.

WILLIAM F. QUIGLEY,
Acting Chief of Department.

AMENDED DAMAGES.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of February 18, 1938, determining damages caused by the making of the public improvement, consisting of the taking of an easement for sewerage purposes in Ruskindale road, be, and the same hereby is, amended, by striking from said order the amount of \$1.00 awarded to Alexander D. Myers and Annie Waddell in said order and inserting in place thereof the amount \$50; that the amount \$50 be, and the same hereby is, awarded to Alexander D. Myers and Annie Myers for the damages so sustained.

MANY TYPES OF W. P. A. PROJECTS.

The Works Progress Administration has placed in operation a total of more than 300,000 projects. Except for the more pretentious types of construction, these projects have covered almost the whole field of American endeavor in meeting the primary objective of relieving unemployment. *The American City.*

CITY OF BOSTON.

REAL ESTATE DIVISION.

PUBLIC AUCTION.

The City of Boston will sell at public auction all its right, title and interest in and to about sixteen hundred (1,600) square feet of land, with buildings thereon, on the westerly side of M street, South Boston, numbered 21 in the numbering of said street, and more fully described in a tax deed recorded with Suffolk Deeds, Book 5443, page 268, on Wednesday, August 14, 1940, at 10 a. m., on the premises, at a minimum price of eight hundred dollars (\$800).

A deposit required at the time and place of sale of one hundred dollars (\$100), in cash or certified check, balance to be paid in thirty (30) days. Further particulars from Custodian of Foreclosed Real Estate, 47 City Hall, Boston, Mass.

DANIEL M. DRISCOLL,
Custodian of Foreclosed Real Estate.
(Aug. 3-10.)

THE NOISE NUISANCE.

That city officials are serious about eliminating noise is noted from studies of new anti-noise ordinances enacted by a growing number of municipalities listed in the "United States Municipal News," bulletin of the American Municipal Association and the United States Conference of Mayors. Among the more important of these cities are Philadelphia, Gary, Ind., Louisville, New York and Boston.

SUFFOLK COUNTY.

PROBATE COURT AND COURT OF INSOLVENCY, BOSTON.

PROPOSALS FOR PRINTING AND BINDING AN INDEX OF PROBATE CASES FILED IN SUFFOLK COUNTY REGISTRY OF PROBATE FROM 1923 TO 1935, INCLUSIVE, AND FOR CANVAS JACKETS TO COVER INDEX VOLUMES.

The Register of Probate and Insolvency for Suffolk County invites proposals for the printing and binding of an index of all cases except divorce cases filed in the Registry of Probate for Suffolk County from January 1, 1923, to December 31, 1935, inclusive, said index to be printed and bound in accordance with the following specifications: It shall consist of seventy-five sets of three volumes to each set; two hundred and twenty-five volumes in all; each volume is to contain as nearly an equal number of pages as possible, with no surnames beginning with the same letter appearing in more than one volume of any set of volumes. In addition to the foregoing, volume one of said index shall contain three pages and volumes two and three, two pages of printed material, the substance, type, style and set-up of which is to be hereafter determined by said Register.

Said index is to be printed on ledger stock of the same weight, quality and size as said index covering the period 1910 to 1923; the pages of each volume to be numbered at the bottom in parenthesis; the type to be the same as that appearing in said index volumes 1910 to 1923 and the volumes to be similar in size, style, binding, material and in every other respect to index volumes of 1910 to 1923, so that they will, as nearly as possible, match and be the same in every detail and be made uniform with said index volumes of 1910 to 1923, except as to number of volumes to the set, number of pages to the volume, titles and printing on said three pages in volume one and two pages in volumes two and three and stampings on backs, and on front and back covers.

Each volume shall be bound in half black morocco leather and black cloth, reinforced with linen tape in the center of folds, and between the front and back folds, sewed with a good grade of Irish linen thread; double strapped; with sprinkled edges; stamped in gold on back, and on front and back covers in a manner that will indicate dates and names contained in said volumes, the exact lettering to appear thereon to be hereafter determined by said Register of Probate.

Each volume is to be wrapped and sealed in heavy wrapping paper of good and substantial quality, marked "Probate Index 1923 to 1935", and, in addition, marked so as to indicate the letters of the alphabet the surnames contained therein begin and end with, and each set of volumes is to be wrapped together and sealed and marked "Probate Index 1923 to 1935."

Also two sets of canvas jackets or covers for each of six index volumes, being six jackets in all, made to fit said volumes, shall be furnished, said jackets to be stamped in black ink on back, and on front and back covers, in a manner that will indicate contents, dates and names contained in said volumes, the exact lettering to appear thereon to be hereafter determined by said Register, said jackets to be made of the same material and in the same fashion as the jackets covering index volumes 1910 to 1923.

Samples of 1910 to 1923 index and canvas jackets may be examined at said Registry.

The work is to be completed and delivery made not later than December 10, 1940.

Envelopes containing proposals must be sealed and plainly marked, "Proposals for Printing and Binding Probate Index 1923 to 1935, Inclusive"; and must be in duplicate, and left at the office of said Register not later than August 22, 1940, at 12 o'clock noon, at which time they will be opened. A certified check in the sum of five hundred (500) dollars payable to the County of Suffolk shall be filed with each bid.

The right to reject any or all proposals is hereby reserved.

(Aug. 3-10.)

ARTHUR W. SULLIVAN,
Register.

BOSTON HOUSING AUTHORITY.

PROPOSALS FOR GARDEN IMPLEMENTS, ETC.

The Boston Housing Authority will receive sealed proposals for furnishing and delivering garden implements, plumbers', electricians' and carpenters' tools and miscellaneous hardware in connection with the operation of its USHA-Aided Housing Projects Mass. 2-1 (Charlestown), Mass. 2-2 (South Boston), Mass. 2-3 (Mission Hill, Roxbury) and Mass. 2-4 (Lenox street, Ward 9) until 10 a. m. Eastern Daylight Saving Time, Monday, August 19, 1940, at the office of the Authority, 18 Oliver street, Boston, Mass., at which time and place all bids will be publicly opened and read aloud. Bids shall be submitted in triplicate in a sealed envelope, indorsed with the name and address of the bidder, plainly marked "Proposal for Furnishing and Delivering Garden Implements, Plumbers', Electricians' and Carpenters' Tools and Miscellaneous Hardware." Contract Documents are on file at the office of the Authority, 18 Oliver street, Boston, Mass., and may be obtained by depositing ten dollars (\$10) in the form of a certified check, payable to the Boston Housing Authority, for each set of documents so obtained. The amount of the deposit will be refunded upon return of each set in good condition within ten (10) days after the opening of bids. The successful bidder or bidders will be required to furnish a satisfactory Performance Bond in the form set forth in the Contract Documents. Only responsible bidders will be considered in making the award. The Boston Housing Authority reserves the right to reject any or all proposals and to waive any informalities either in the bidding or in the proposals, and reserves the right to award the contract or contracts as it deems for its best interests. No bid shall be withdrawn for a period of thirty (30) days subsequent to the opening of bids without the consent of the Boston Housing Authority. Bidders may bid upon any one or more of the 113 proposals. Proposals must be accompanied by bid security in the amount set forth in the Contract Documents, in the form of a certified check or bank draft, payable to the Boston Housing Authority, or satisfactory Bid Bond executed by the bidder and a surety company authorized to transact business in the Commonwealth of Massachusetts.

BOSTON HOUSING AUTHORITY,

by JOHN A. BREEN,

(Aug. 10.) *Chairman.*

CITY OF BOSTON.

REAL ESTATE DIVISION.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 32.

SATURDAY, AUGUST 17, 1940.

No. 33

MAYOR TOBIN ADDRESSES LETTER TO TAXPAYERS, ALONG WITH MAILED BILLS FOR 1940 ASSESSMENTS, SHOWING HOW MONEYS LEVIED WILL BE EXPENDED AND JUST AMOUNT EACH TAXPAYER WILL BE CONTRIBUTING OUT OF HIS LEVIES TO THE SEPARATE SERVICES AND OBLIGATIONS — EDUCATION ABSORBS LARGEST PROPORTION, WITH WELFARE, FIRE AND POLICE, DEBT AND INTEREST CHARGES MAKING BIGGEST DEMANDS.

Mayor Tobin has prepared and is presenting to the taxpayers of the City, along with their tax bills, a letter of explanation as to how the tax dollar for 1940 is being expended. This is done as a means of letting all citizens know to what extent and how their city problems are being met and cared for.

The appropriations from the tax dollar by division into cents and fractions thereof are as follows:

Education, 20.5 cents; Public Welfare and Relief, 17.9 cents; Protection of Persons and Property, 12.9 cents; Debt and Interest Charges, 12.7 cents; Public Works, 7.9 cents; State Tax and Assessments, 6.3 cents; Public Health, 5.9 cents; County Activities, 4.5 cents; Contributory Pension System, 2.6 cents; General Government, 2.4 cents; Elevated Railway Deficit Assessments, 2.4 cents; Libraries, 1.6 cents; Recreation, 1.3 cents; Miscellaneous, .6 cent; Sumner Tunnel Operating Deficit, .5 cent. Total, 100 cents.

To ascertain the extent of your contribution to the support of the above services and obligations, multiply the number of cents opposite each item by the number of dollars on your tax bill. If your home is assessed for \$5,000 your tax bill is \$203. This \$203 times 2.4 cents (the allocation shown for General Government) gives \$4.87, your contribution for defraying the cost of the general government of the City.

The letter of explanation reads as follows:

A MESSAGE FROM MAYOR TOBIN.

To the Citizens and Taxpayers of Boston.

It is customary each year for the president of every corporation to make a report to the stockholders. Though the City of Boston is a non-profit corporation, it is even more appropriate that the chief executive should report to the taxpayers on the activities of our City. For this reason, and in continuance of the policy inaugurated last year, this pamphlet has been prepared for your information. To read it and to pass it along to others will be performing a service for our City.

The over-all cost of conducting all public services and meeting the varied obligations of the City of Boston for the year 1940 is \$80,418,731.37. The chart appearing on the front page of this pamphlet indicates the relative distribution of this amount by services and obligations, and shows in concise form the application of every 1940 tax dollar you pay into the City treasury.

In connection with the chart, I should like to point out briefly some service facts and statistics of which you may not be fully aware.

Education. The average membership in our school system is approximately 133,000, or more than the population of the neighboring city of Cambridge; 270 school buildings are maintained and operated, and 5,000 teachers are employed to give the children of our City proper instruction and training. If you own a home assessed for \$5,000 your total tax for 1940 is \$203. From our chart it is evident that \$41.62 of this total is allocated for school purposes. If there is a child in your home and you were to enroll this boy or girl in a private school, undoubtedly you would pay for tuition several times the amount which you contribute in tax dollars for the complete support of our excellent public school system.

Public Welfare and Relief. The eighteen cents allocated from your tax dollar under this heading provides the mere necessities of life for 90,000 persons being aided by the Public Welfare and Soldiers' Relief Departments of the City. In addition, it affords medical care and attention, together with ordinary maintenance to 1,400 patients at the Long Island Hospital, and provides supplies and materials on W. P. A. projects giving employment at the present time to approximately 15,000 Boston residents. If your total tax bill is \$203, your contribution to the work of alleviating want and need within your own community for the current year is \$36.34.

Protection of Persons and Property. The protection afforded our community against crime and fire, the enforcement of laws enacted to assure the safety of structures and buildings, the regulation of traffic, and the testing and sealing of weights and measures represent lines of service activity intended to safeguard life and property within our City limits. The thirteen cents allocated from every tax dollar provides services which admittedly we could not possibly get along without. For the maintenance of these services the owner of a home assessed for \$5,000 will be called upon to contribute \$26.19 in the current year.

Public Works. The Public Works Department of the City is responsible for the maintenance and operation of 705 miles of accepted streets and alleys, 23,000 street lights, 1,234 miles of sewers, 4 pumping stations through which 100,000,000 gallons of sewage are disposed of daily, 197 bridges and 3 ferryboats. The eight cents allocated from every tax dollar for these vital services means a contribution of \$16.04 from the owner of a home assessed for \$5,000.

(Continued on page 911.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"
From Boston Centennial Poem by
NATHAN HASKEL DOLE.

MUNICIPAL CALENDAR.

Meeting of the City Council, Monday, August 19, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marqueses, bay windows, coal holes and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables slaughter-houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made

to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

TO THE STATISTICS DEPARTMENT, 73 City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

TO THE WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, 43 City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For the week ending August 10, 1940.
Population as of July, 1940, Massachusetts State Census, 769,520; population estimated July, 1940, United States Census Bureau, 769,520; number of deaths (stillbirths excluded): Residents, 143; nonresidents, 49; total, 192.
Death rate per 1,000 of population: All deaths, 12.25; nonresidents deducted, 9.12.

Death rate per 1,000 of population:
Last week, 12.06; corresponding week last year, 10.06.

Deaths by age periods, sex, etc.: Under one year, 10; one year to four years, inclusive, 4; sixty years and over, 100. Total deaths: Male, 100; female, 92; deaths in hospitals and institutions, 132; deaths of colored, 4.

A MESSAGE FROM MAYOR TOBIN.

(Continued from page 909.)

Public Health. In recent years approximately 125,000 persons have annually received medical care and treatment at the City Hospital and Mattapan Sanatorium. Approximately 150,000 individuals annually take advantage of the services offered by the clinical and inspectional divisions of the Health Department. The services performed by these two departments, reaching directly as they do close to one-third of the population of the City, will require in 1940 an allocation of six cents from every tax dollar. Through this modest expenditure, the health of the community is safeguarded, and adequate hospitalization facilities provided.

Libraries. On the shelves in the central library at Copley Square and the thirty-one branches throughout the City there are available in excess of 1,700,000 volumes, or approximately two volumes for every inhabitant of the City. The annual circulation of our library system is close to 4,200,000 and the maintenance of this circulation involves an allocation of one and six-tenths cents from the 1940 tax dollar.

Recreation. Play and recreational facilities of the City are furnished by the Park Department and involve the maintenance of a park system, covering 2,900 acres, 78 playgrounds, 2 golf courses, 11 beaches, 2 swimming pools and 11 gymnasias. From your 1940 tax dollar, one and three-tenths cents is allocated for the conduct of healthful and educational recreation.

This brief presentation furnishes interesting details in connection with the support of several essential public services. The operation and maintenance of these services involve a total expenditure of *sixty-eight cents* from every tax dollar paid to the City. The balance of *thirty-two cents* of your tax dollar is utilized in meeting obligations arising out of taxes and assessments levied on the City by the Commonwealth of Massachusetts, payment of the City's share of the operating deficit of the Boston Elevated Railway, maintenance and conduct of courts and related county departments, the discharge of debt obligations, payment of interest charges, the operation of a contributory pension system including approximately 13,000 employees, and the general administration of City activities.

Your tax dollars are spent by your City government with care; in conformity with your requirements and demands; and with every consideration of the ultimate cost to you.

Respectfully,

MAURICE J. TOBIN, Mayor.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made during the week ending Thursday, August 15:

FIRE DEPARTMENT.

Lieut. John J. Donohoe, of Ladder Company 25, has been retired at \$1,666.66 a year.

RETIREMENT BOARD.

Joseph P. Sullivan, 65 Rockne avenue, Dorchester, has been appointed temporary male messenger at \$720 a year, to fill a vacancy.

SUPERIOR CIVIL COURT.

The following employee of the Superior Court, Civil, Clerk's Office (Suffolk County), has been granted sliding scale increase as of July 1: John J. Boyle, senior clerk, from \$1,800 to \$1,900 a year.

The Mayor has approved the following appointments:

CITY CLERK DEPARTMENT.

Frederic J. O'Donnell, 8 Eldora street, Roxbury, messenger, \$800 a year.

COLLECTING DEPARTMENT.

Mario J. Aiello, 22 South Munroe terrace, Dorchester, bookkeeper, \$1,000 a year.

HOSPITAL DEPARTMENT.

Dermot H. Fetherston, 10 Alteresko avenue, Dorchester, stock clerk, \$900 a year.

James P. Ryan, 63 Archdale road, Roslindale, stock clerk, \$900 a year.

Rosemary J. Cullen, 50 Lexington avenue, Hyde Park, part-time stenographer, \$12 a week.

Mary R. Brown, 70 Allston street, Allston, clerk, \$900 a year.

Marion Hampshire, 16 Bradlee street, Dorchester, floor duty nurse, \$1,200 a year.

Marguerite Sullivan, 56 Austin street, Hyde Park, floor duty nurse, \$1,200 a year.

James J. McDonnell, 445 Adams street, Dorchester, male nurse, \$32 a week.

Grace Conlin Walsh, 16 Woodbine street, Roxbury, table girl, \$15 a week.

Dorothy C. Morse, 213 Spring street, Medford, floor duty nurse, \$1,200 a year.

Samuel J. Scott, 70 Child street, Hyde Park, male nurse, \$32 a week.

Loretta C. Hallahan, 48 Parkton road, Jamaica Plain, floor duty nurse, \$1,200 a year.

Martin P. Crehan, 4 Mayhew street, Dorchester, porter, \$20 a week.

HOSPITAL DEPARTMENT (Sanatorium Division).

Paul Fandell, 32 Albano street, Roslindale, temporary supervisor (desk), \$4 a shift.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

DEPARTMENT OF SCHOOL BUILDINGS.

Upon August 6 the Mayor approved a contract with J. W. Praught Company, in the sum of \$2,279, for furnishing and installing electric condensate pumps in various schools. Bids, opened July 31, were as follows:

J. W. Praught Company, \$2,279; J. F. Dwyer, \$2,590; William M. Collins Company, \$2,600; James P. Sullivan Company, \$2,850.

Upon August 6 the Mayor approved a contract with T. E. McCarthy for the installation of electric, sheet metal and asbestos curtain work in the welding shop at the Boston Trade School, under alternate No. 2, in the sum of \$2,317.60. Bids, opened July 31, were as follows:

Electrical, Sheet Metal and Asbestos Curtain Work.—William H. J. Hooper, \$3,250; Connor Electric, \$3,200; J. & M. Brown, \$3,435; T. E. McCarthy, \$2,942.60; alternate No. 1, \$2,605; alternate No. 2, \$2,317.60; alternate No. 3, \$2,654.60; Stearns, Perry, & Smith, \$3,475.

Upon August 6 the Mayor approved a contract with bidders as indicated for repairing boiler brickwork at the various schools enumerated in the districts set forth in the specifications, namely, No. 1, No. 2, No. 3, No. 5 and No. 6, in the sum of \$8,430. On districts No. 1, No. 2 and No. 3, Joseph B. Doyle was the lowest bidder. On districts No. 5 and No. 6, Joseph B. Doyle was the second lowest bidder. The New England Refractories Company of Quincy were the lowest bidder on districts No. 5 and No. 6. As they did not render with their proposal a certified check as called for in the advertisement and the proposal, bids were rejected. Rossano Construction Company, Inc., of 579 Bennington street, were the lowest bidder on district No. 4, therefore approval was given to award a contract to that concern, in the sum of \$1,157, for repairing of boiler brickwork as set forth in the specifications. Bids, opened July 24, were as follows:

District No. 1. D. Rossano, \$2,132; New England Refractories Company, \$2,880; J. Capobianco, \$2,650.28; J. B. Doyle, \$1,595; D. Antonellis, \$2,810.

District No. 2. D. Rossano, \$1,412; New England Refractories Company, \$1,854; J. Capobianco, \$2,104.39; J. B. Doyle, \$1,235; D. Antonellis, \$2,090.

District No. 3. D. Rossano, \$2,369; New England Refractories Company, \$2,694; J. Capobianco, \$2,906.26; J. B. Doyle, \$1,795; D. Antonellis, \$2,725.

District No. 4. D. Rossano, \$1,157; New England Refractories Company, \$1,186; J. Capobianco, \$1,787.49; J. B. Doyle, \$1,225; D. Antonellis, \$1,692.

District No. 5. D. Rossano, \$3,556; New England Refractories Company, \$1,828; J. Capobianco, \$3,961.02; J. B. Doyle, \$3,240; D. Antonellis, \$4,205.

District No. 6. D. Rossano, \$771; New England Refractories Company, \$325; J. Capobianco, \$975.63; J. B. Doyle, \$565; D. Antonellis, \$1,095.

New England Refractories Company submitted no check with proposal.

PARK DEPARTMENT.

Upon August 8 the Mayor approved a contract with Lawrence O. Mahoney for furnishing and installing steam boilers and oil burners, one each at Mount Hope and Fairview Cemeteries office building. Bids, opened Tuesday, August 6, were as follows:

Lawrence O. Mahoney, \$1,164; James P. Sullivan Company, \$1,375; William M. Collins Company, \$1,425; J. W. Praught Company, \$1,488.

Upon August 7 the Mayor approved a contract with the Crystal Concrete Company, for furnishing Portland cement, Huntington Avenue Subway. Bids, opened Monday, August 5, were as follows:

Portland Stone Ware Company, \$9,680; Crystal Concrete Company, \$9,671.40.

NATIONAL AVIATION DAY PROGRAM.

Mayor Tobin has arranged an Aviation Day program for the observance of National Aviation Day, on Monday, August 19, at 12.30 p. m., at the Parkman Bandstand, at which all patriotic persons and those interested in the advancement of aviation are invited.

Among those who have been invited to take part and share in the speaking program are Major General James A. Woodruff, of the Army, Admiral William T. Tarrant, of the Navy, Captain Thomas A. Shanley, of the Coast Guard, Melville D. Liming and Oscar W. Haussermann, of the Chamber of Commerce, Park Commissioner William P. Long, Peter F. Tague, Postmaster, and Hon. Joseph F. O'Connell, former congressman, and now manager of the George Robert White Fund for the City of Boston.

Boston's share in the observance of the day is in keeping with a nation-wide observance designed to create and further universal interest in the progress of aviation. Public Celebrations Director Louis J. Brems will be in charge of the exercises.

CIRCULAR LETTER NO. 15.

CITY OF BOSTON,
OFFICE OF THE MAYOR, July 30, 1940.
To All Department Heads.

GENTLEMEN,—You are hereby directed to grant leave of absence, without loss of pay, to employees in your department who are delegates or alternates of the United Spanish War Veterans to attend the National Convention on August 16 to 24, inclusive, to be held at Detroit, Michigan.

Respectfully,

MAURICE J. TOBIN, Mayor.

LAND-TAKING IN ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Roswell street, Roxbury district, as a highway, from Langdon street to Shirley street, bounded and described as follows:

A highway named Roswell street is hereby laid out, from Langdon street to Shirley street, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Northwesterly by Langdon street, forty-three and 46-100 feet; northeasterly by the northeasterly line of said Roswell street as hereby laid out, two hundred eighteen and 53-100 feet; southeasterly by Shirley street, forty and 15-100 feet; and southwesterly by the southwesterly line of said Roswell street as hereby laid out, two hundred thirty-two and 9-100 feet.

Trees or structures standing upon or affixed to the aforesaid land shall be removed therefrom within sixty days, following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of Roswell street and the lot of land on the northwesterly side of Shirley street, designated as lot 6 on the plan hereinafter mentioned, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Roswell Street, Roxbury, Assessment Plan, May 28, 1940, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

4. Edith J. Fish.	161 78
5. Frank Gaspari et al.	216 81
6. Fortunato DeMarco.	49 68
Total.	\$756 48

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the laying out and construction of Roswell street, Roxbury district, as a highway, from Langdon street to Shirley street, under the order of the Board of July 29, 1940, and awards no damages therefor.

LAND-TAKING IN HYDE PARK.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Hopewell road, Hyde Park district, as a highway, from Belnel road to Osceola street, bounded and described as follows:

A highway named Hopewell road is hereby laid out from Belnel road to Osceola street, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Westerly by Belnel road, by two measurements, eighty-three and 25-100 feet on a curve of one hundred ninety-nine and 93-100 feet radius and nine and 26-100 feet; northerly by the northerly line of said Hopewell road as hereby laid out, twenty and 44-100 feet on a curve of ten feet radius; northwesterly by the northwesterly line of said Hopewell road as hereby laid out, five hundred eighteen and 40-100 feet; westerly by the westerly line of said Hopewell road as hereby laid out, fifteen and 71-100 feet on a curve of ten feet radius; northeasterly by Osceola street, eighty-four feet; southerly by the southerly line of said Hopewell road as hereby laid out, fifteen and 71-100 feet on a curve of ten feet radius; southeasterly by the southeasterly line of said Hopewell road as hereby laid out, five hundred forty-three and 16-100 feet; and southerly by the southerly line of said Hopewell road as hereby laid out, fifteen and 14-100 feet on a curve of ten feet radius.

Trees or structures standing upon or affixed to the aforescribed land shall be removed therefrom within sixty days, following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of Hopewell road, from Belnel road to Osceola street, will receive benefit or advantage beyond the general advantage to all real estate in said city from the improvement herein ordered, each of said lots to the amount hereinafter respectively set against it, said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Belnel Road, Coronado Road, Friendship Road, Hopewell Road, Hyde Park, Assessment Plan, June 20, 1940, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

POLICE DEPARTMENT ORDERS.

General Order No. 502.

The resignation of Patrolman Francis J. Cannon, Division 18, having been presented, it is hereby accepted, to take effect as of Monday, July 29, 1940, at 7.45 o'clock a. m., seven days' notice waived.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

General Order No. 503.

Lieut. William J. Carey of the Junior Police Corps is hereby promoted and appointed as a deputy superintendent. Deputy Superintendent Carey will continue to carry on the manifold duties devolving upon the commanding officer of the Junior Police Corps.

The duties of the commanding officer of the Junior Police Corps have been greatly increased since its establishment on October 11, 1938. Two thousand boys between the ages of ten and sixteen years were enrolled in the corps at that time, and the membership has steadily increased to the number of about ten thousand at the present time.

In addition to the regular duties prescribed for the corps, a summer camp was established in Westwood, Massachusetts, known as Camp Jupoco, in the summer of 1939, where some five hundred under-privileged boys of the City of Boston were given a vacation. Camp Jupoco proved so successful that in order to accommodate the increased number of applicants who desired to attend the camp this year, a larger camping site was obtained and established in the Blue Hills. The whole-hearted response and financial support of the merchants and citizens of Boston in general has made it possible to give approximately five thousand boys a week's vacation at the camp this summer.

In addition to the foregoing duties, a Free Employment Bureau, under the direction of the commanding officer of the corps, was established on January 1, 1940. Through the medium of the Free Employment Bureau, many deserving boys have been placed in gainful jobs.

One of the objectives desired through the establishment of the corps was to reduce the rapidly mounting toll of juvenile delinquency which had been recurring in this city in recent years, and which has had an alarming upward trend throughout the country. It is gratifying to me to know that the official records show a decrease of 9.4 per cent in juvenile delinquency in this city for the past year. I feel that this decrease can be justly attributed in no small measure to the accomplishments of the Junior Police Corps.

The promotion of Deputy Superintendent William J. Carey is made in recognition of the efficient and conscientious manner in which he has performed all of his duties as commanding officer of the Junior Police Corps since its establishment on October 11, 1938.

The corps now has a membership of approximately 10,000, and it is my intention, with the assistance of Deputy Superintendent Carey, to increase this number within the next five years to 20,000 members. I am sure that each succeeding year will result in a decrease in juvenile delinquency and, at the end of five years, with the membership in the corps increased to 20,000, it is hoped that juvenile delinquency will be reduced to a minimum in this city.

This order becomes effective Monday, August 5, 1940, at 7.45 o'clock a. m.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

General Order No. 504.

Patrolman Henry C. Herman, Division 7, having arrived at the age of sixty-three and two-twelfths years, having performed faithful service in the Police Department for thirty-five and four-twelfths years, and having requested to be retired from active service, it is hereby

Ordered, His Honor the Mayor having approved the same, that said Patrolman Henry C. Herman be retired from active service and his name placed upon the department pension roll with pay at the rate of ten hundred and fifty (1,050) dollars per annum, said sum being one half of the amount of compensation re-

ceived by him in the office from which he is retired; to take effect Wednesday, August 7, 1940, at 7.45 o'clock a. m.

The Acting Superintendent of Police will promulgate this order.

EDWARD W. FALLON,
Acting Police Commissioner.

General Order No. 505.

A trial board consisting of Captains Mullen, Harvey and McNabb, having heard by reference a complaint made by Capt. James T. Sheehan, Traffic Division, against William A. Nadeau, patrolman, Traffic Division, for alleged violation of the Rules and Regulations of the Police Department, charging him with conduct unbecoming an officer, has reported to the commissioner a finding of guilty as charged.

The commissioner accepts the finding and the recommendation of the Trial Board and hereby orders that the said Patrolman William A. Nadeau be suspended from duty for a period of thirty days, effective as of 5.45 p. m., July 6, 1940, and at the expiration of said suspension he perform 210 hours' punishment duty.

General Laws, chapter 31, section 46C, requires approval of the Director of Civil Service before reinstatement.

Chapter 31.

"Section 46C. An officer or employee of the commonwealth or of a city or town who has become separated from the classified civil service through fault or delinquency of his own shall, within thirty days after the filing of a written request by the appointing officer, be entitled to a hearing before the director. Upon good cause shown the director may, subject to section forty-six G, authorize his reinstatement in the same position or in a position in the same class and grade as that formerly held by him."

The Acting Superintendent of Police will promulgate this order.

EDWARD W. FALLON,
Acting Police Commissioner.

VOTE FOR PRESIDENT IN BOSTON, NOVEMBER 3, 1936.

Vote in Boston for President: 199,504 for Roosevelt (Dem.); 85,789 for Landon (Rep.); 25,924 for Lemke (Union); 783 for Browder (Comm.); 637 for Thomas (Soc.); 220 for Aiken (Soc. Lab.); 133 for Colvin (Proh.); all others, 5; total vote for President, 312,995, or 2,572 more than total for Governor. Plurality for Roosevelt, 113,715.

RECEIPTS OF MILK IN BOSTON BY RAIL. STATISTICS FOR YEAR 1937.

Total, 201,115,222 quarts (including 21,533,437 quarts of cream) or 190,884,037 by the Boston & Maine Railroad; 9,304,589 by New York, New Haven & Hartford Railroad; 926,596 by Boston & Albany Railroad.

The said total exceeds that of 1936 by 2,233,863, but is 35,786,309 below the receipts in 1931 which was the highest on record.

The receipts in 1937 of the Boston & Albany Railroad are the lowest on record for that railroad.

The maximum receipts of milk and also of cream in 1937 were in August; the minimum in February.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Amesbury street, West Roxbury district, as a highway, from Baker street southwesterly, bounded and described as follows:

A highway named Amesbury street is hereby laid out from Baker street southwesterly for a distance of approximately three hundred and ten feet, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Easterly by Baker street, forty-one and 27-100 feet; southeasterly by the southeasterly line of said Amesbury street as hereby laid out, three hundred six and 33-100 feet; southwesterly by the southwesterly line of said Amesbury street as hereby laid out, forty feet, and northwesterly by the northwesterly line of said Amesbury street as hereby laid out, three hundred sixteen and 49-100 feet.

Trees or structures standing upon or affixed to the aforesaid land shall be removed therefrom within sixty days, following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered. That this Board estimates that the abutting lots of land on the northwesterly and southeasterly sides of Amesbury street for a distance of approximately three hundred and ten feet southwesterly from Baker street, will receive benefit or advantage, beyond the general advantage to all real estate in said city from the improvement herein ordered, each of said lots to the amount hereinafter respectively set against it, said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Amesbury Street, West Roxbury, Assessment Plan, May 16, 1940, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

PUBLIC WELFARE MILK NOTICE.

Boston, August 14, 1940.

Beginning on Friday, August 16, 1940, all persons who participate in the low-cost milk program in Boston will obtain their milk at the milk stations in operation, at a rate of 6 cents per quart, which is to be paid for in cash.

This new milk program is in accordance with the regulations of the Surplus Marketing Administration of the United States Department of Agriculture.

WILLIAM G. O'HARE,
Secretary.

BOSTON AS A TOWN.

From its foundation until 1755, or a period of 125 years, Boston was not only the most outstanding but the most populous town in the American colonies. In 1760, Philadelphia's population was ahead, viz., 18,756, Boston's then being 15,631 and New York's about 14,000. In the last year of town government, viz., 1821, Boston's population was about 45,000 and its public debt \$100,000, all incurred for new county buildings.

The history of Boston as a town during a period of nearly two centuries surpasses in civic interest that of Boston as a city because of the untiring zeal and successful efforts of its townsmen to realize more of true democracy than had ever been attained before. Their obligations were held as sacred as their liberties.

AMENDED DAMAGES.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted. That the order of the Street Commissioners and Mayor of December 12, 1938, determining that no person sustains damages by the making of the public improvement, consisting of the laying out and construction of Avondale street, be, and the same hereby is, amended, by striking out in the first and second lines of said order the words: "that no person sustains in his estate," and by striking out in the last line of said order the word "no." That said order be further amended by adding thereto Francis X. Dolan, \$150. That the amount \$150 be, and the same hereby is, awarded to Francis X. Dolan for the damages sustained by the making of the said improvement.

BOSTON'S POPULATION ON APRIL 1, 1930, BY WARDS.

Ward 1, 61,454; Ward 2, 31,663; Ward 3, 66,219; Ward 4, 31,010; Ward 5, 30,571; Ward 6, 34,689; Ward 7, 32,482; Ward 8, 31,943; Ward 9, 30,362; Ward 10, 29,694; Ward 11, 29,938; Ward 12, 36,123; Ward 13, 29,019; Ward 14, 55,914; Ward 15, 27,729; Ward 16, 31,329; Ward 17, 30,099; Ward 18, 41,152; Ward 19, 27,519; Ward 20, 31,540; Ward 21, 29,752; Ward 22, 30,987.

Total population by U. S. Census, 781,188.

36,400 MOTOR DEATHS IN 1935.

According to the findings of the National Safety Council motor traffic deaths in 1935 totaled 36,400, compared with 1934's record of 36,000.

The only decrease was among school children up to fifteen years of age. Motor vehicle accidents to children have increased much less than those of adults since 1922, when safety education began on a national scale. October, November and December were the reddest months. Two-thirds of the accidents were in places under 10,000 population; more than 40 per cent of the victims pedestrians.

Thirteen states decreased traffic deaths 7 per cent or more: Delaware, Illinois, Kentucky, Massachusetts, Minnesota, Montana, North Dakota, Oregon, Rhode Island, Utah, Vermont, Wyoming and Washington.

REVENUE BOND ACTS.

The 1936 issue of the "Municipal Index" contains a detailed study of the revenue bond acts in the thirty-three states which have enabling acts, and reports of all forty-eight states, showing what advantage has been taken of these acts by cities to finance the construction, operation and maintenance of sewerage systems and sewage treatment plants by service charges.

The table shows the status of revenue bond acts and other enabling acts in the different states, the dates when the acts became effective, and whether or not cities have taken advantage of the opportunity offered for financing bonds by service charges. In the case of states with no enabling acts, the table shows whether cities are charging sewer rentals under some other authority.

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Davidson avenue, Dorchester district, as a highway, from Richfield street southwesterly, bounded and described as follows:

A highway named Davidson avenue is hereby laid out, from Richfield street southwesterly, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Northeasterly by Richfield street, by two measurements, twenty-one and 64-100 feet and three and 38-100 feet; southeasterly by the southeasterly line of said Davidson avenue, as hereby laid out, one hundred fifty-nine and 64-100 feet; southwesterly by the southwesterly line of said Davidson avenue, as hereby laid out, twenty-five feet; and northwesterly by the northwesterly line of said Davidson avenue, as hereby laid out, one hundred and sixty feet.

Trees or structures standing upon or affixed to the aforesaid land shall be removed therefrom within sixty days, following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on the northwesterly and southeasterly sides of Davidson avenue will receive benefit or advantage beyond the general advantage to all real estate in said city from the improvement herein ordered, each of said lots to the amount hereinafter respectively set against it, said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Davidson Avenue, Dorchester, Assessment Plan, May 15, 1940, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

Lot.	Amount.
1. Fannie Noah.....	\$90 00
2. Robert B. Mattair et al.....	102 00
3. Margaret Curran.....	122 91
4. Annie B. McEachern.....	Nothing
5. Helen Trainor.....	40 08
6. Thomas Concannon, Administrator of Estate of Margaret K. Concannon.....	70 80
7. William Trisovsky et al.....	79 36
Total.....	\$505 15

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the laying out and construction of Davidson avenue, Dorchester district, as a highway, from Richfield street southwesterly, under the order of the Board of July 31, 1940, and awards no damages therefor.

EXTENSION OF CONTRACT.

PARK DEPARTMENT.

Carilli Construction Company has been granted an extension of time until August 31, 1940, for the completion of the contract for constructing seaplane railway at Boston Airport, East Boston.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly West Roxbury and are bounded as follows:

A parcel of land, owners unknown, being part of the private way known as Shaw street, bounded:

Northwesterly by Brier road, thirty-seven and 99-100 feet; easterly by the easterly line of said Shaw street, by three measurements, ninety-one and 19-100 feet, three hundred fourteen and 43-100 feet on a curved line, and one hundred forty-eight and 47-100 feet; southerly by another part of Shaw street, forty and 13-100 feet; and westerly by the westerly line of Shaw street, by three measurements, one hundred fifty-one and 73-100 feet, two hundred seventy-six and 17-100 feet on a curved line and ninety-five and 61-100 feet, containing 21,634 square feet.

The sewerage works to be constructed are as follows: Five hundred and sixty linear feet of 10-inch pipe surface drain.

No betterments are to be assessed for the making of the aforesaid improvement.

Voted, That this Board determines that no person sustains damages in his estate by the taking of an easement for sewerage purposes in Shaw street, West Roxbury district, under the order of the Board of July 29, 1940, and awards no damages therefor.

CONSTRUCTION WORK.

The Mayor has approved the following requests of the Public Works Department for construction work:

A surface drain of 10-inch and 12-inch pipe and two catch-basins, W. P. A. Project 665-14-2-1167, Work Project 20303, in Bangor road, between Russett road and Bonad road, in the West Roxbury district, at an estimated cost of \$8,665.

A sanitary sewer of 10-inch pipe, 15-inch pipe surface drain and four catch-basins, W. P. A. Official Project 665-14-2-1167, Work Project 20303, in Stock street, between 60 feet northwest of Gallivan Boulevard and 181 feet northwest, in the Dorchester district, at an estimated cost of \$7,000.

A surface drain of 10-inch pipe and two catch-basins, W. P. A. Official Project 665-14-2-1167, Work Project 20303, in Atlantis street, between Lasell street and Veterans of Foreign Wars Parkway, in the West Roxbury district, at an estimated cost of \$11,200.

CITY OF BOSTON.

REAL ESTATE DIVISION.

PUBLIC AUCTION.

The City of Boston will sell at public auction all its right, title and interest in and to about forty-six thousand six hundred fifty (46,650) square feet of land with buildings thereon on Alford and Beacham streets, Charlestown, numbered 28-60 Alford street and 37, 39, 41, formerly 43 rear, formerly 49, 45, 47 rear, 51 rear Beacham street, in the numbering of said streets, and more fully described in tax deeds recorded with Suffolk Deeds, Book 5549, page 326, Book 5545, pages 578, 579, 581, 582, 584, 585, 586, on Thursday, August 22, 1940, at 11 a. m., on the premises, at a minimum price of eleven thousand dollars (\$11,000).

This sale does not include a dining car located thereon.

A deposit required at the time and place of sale of two thousand dollars (\$2,000), in cash or certified check, balance to be paid in thirty (30) days. Further particulars from Custodian of Foreclosed Real Estate, 47 City Hall, Boston, Mass.

DANIEL M. DRISCOLL,
Custodian of Foreclosed Real Estate.
(Aug. 10-17.)

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING ONE (1) TRUCK CHASSIS AND CAB (WHITE MODEL 720, OR EQUAL).

The Supply Department of the City of Boston invites proposals for furnishing one truck chassis and cab to the Public Works Department, as per specifications contained in forms which may be obtained at the office of the Supply Department, Room 1001, City Hall Annex. The bidder must leave his proposal with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. ENVELOPES CONTAINING BIDS TO BE SEALED AND MARKED "PROPOSAL FOR TRUCK CHASSIS AND CAB." There will be a charge of twenty-five cents (\$0.25) for each blank proposal taken out. The bids will be publicly opened and read Wednesday, August 21, 1940, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

JOHN A. BREEN,
(Aug. 17.) Superintendent of Supplies.

SCHOOL COMMITTEE.

CERTIFICATE EXAMINATIONS.

Boston Public Schools: Examinations of candidates for certificates of qualification to serve as teachers in the public schools of Boston will be held in The Teachers College, Boston, beginning Monday, August 26, 1940.

Address all questions in regard to these examinations to Board of Examiners, 15 Beacon street, Boston.

PHILIP J. BOND,
(Aug. 17.) Chief Examiner.

SUPPLY DEPARTMENT.

The City of Boston invites proposals for furnishing fruits, vegetables, meats, butter, eggs and cheese.

Proposals for furnishing fruits and vegetables close at 11 a. m. daily at the Supply Department. Proposals for furnishing meats and butter, eggs and cheese close every Thursday at 2 p. m. Proposals for furnishing manufactured meat products close the last Thursday of each month at 2 p. m.

Proposals and specifications for the above may be obtained in Room 1001, City Hall Annex.

JOHN A. BREEN,
Superintendent of Supplies.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR PIG LEAD.

The Supply Department of the City of Boston invites proposals for furnishing pig lead, as required, to the Public Works Department, Water Service. The bidder must use the form of proposal to be obtained at the office of the Superintendent of Supplies, Room 1001, City Hall Annex, and the successful bidder must furnish a bond for one half the total estimated amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. There will be a charge of twenty-five cents (\$0.25) for each blank proposal taken out. The bid, with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out, must be left at the office of the Superintendent of Supplies before 12 m., Thursday, August 22, 1940, at which time and place they will be publicly opened and read. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. BOTH BIDS TO BE SEALED IN ENVELOPES, MARKED "PROPOSAL FOR PIG LEAD." The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

JOHN A. BREEN,
(Aug. 17.) Superintendent of Supplies.

POLICE DEPARTMENT.

PROPOSALS FOR ELECTRIC GASOLINE PUMPS.

The Police Department of the City of Boston invites proposals for furnishing this department with nine (9) electrically operated gasoline pumps. The bidder must use the form of proposal to be obtained at the office of the Property Clerk, 154 Berkeley street, Boston, and deposit with his bid, at the office of the Police Commissioner, a properly certified check for \$100, payable to and to become the property of the Police Commissioner for the City of Boston if the proposal is not carried out. Proposals will be publicly opened and read on Friday, August 23, 1940, at 12 o'clock noon, at the office of the Police Commissioner, 154 Berkeley street, Boston. The Police Commissioner reserves the right to accept or reject any or all proposals, or any part of a proposal, and to award the contract as he deems for the best interests of the Police Department of the City of Boston. Surety bond will be required from the successful bidder in an amount equivalent to 50 per cent of the estimated contract amount.

JOSEPH F. TIMILTY,
(Aug. 17.) Police Commissioner.

NOTICE TO CONTRACTORS.

HELP ABSORB THE UNEMPLOYED.

Workers for all branches of industry or business can be secured at the Municipal Employment Bureau, 25 Church street, Boston. Tel. L1Berty 8607-08-09. STEPHEN J. HUGHES, Director.

Male and female help furnished on short notice with service that will satisfy any employer. Office, mechanical, factory, domestic, hotel, restaurant, hospital, skilled, and unskilled.

FREE SERVICE TO EMPLOYERS AND APPLICANTS.

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

PROPOSALS FOR FURNISHING AND INSTALLING ELECTRICAL, SHEET METAL WELDING TABLES AND FIREPROOF CURTAIN WORK IN NEW WELDING SHOP, AT THE EAST BOSTON HIGH SCHOOL, WHITE STREET, EAST BOSTON, MASS.

The Superintendent of Construction, Department of School Buildings, City of Boston, invites sealed proposals for furnishing and installing electrical, sheet metal welding tables and fireproof curtain work in new welding shop, at the East Boston High School, White street, East Boston, Mass. Forms of proposals may be obtained at the office of the Superintendent of Construction, fourth floor, 26 Norman street, Boston, Mass. Each proposal must be signed by the bidder, placed in an envelope, properly sealed, and marked "Proposal for Furnishing and Installing Electrical, Sheet Metal Welding Tables and Fireproof Curtain Work in New Welding Shop, East Boston High School, White Street, East Boston, Mass." and left at the office of the Superintendent of Construction, fourth floor, 26 Norman street, Boston, Mass., before 2 p. m., August 29, 1940, accompanied by cash or certified check on, or a certificate of deposit issued by a responsible bank or trust company, payable to the City of Boston in the sum of \$250, to become and be the property of the City of Boston as liquidated damages, if, after an award is made to him, the bidder shall fail to enter into the contract therefor within ten days after notice of said award has been mailed to him. Bid bonds will not be accepted. Said proposals will then and there be publicly opened and read. Proposals must be made in duplicate, one with cash, certified check or certificate of deposit to be left as above, the other without cash, certified check or certificate of deposit to be filed with the City Auditor, City Hall, Boston, before the time stated above for the opening of proposals.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained without cost upon application therefor at the office of the Superintendent of Construction, fourth floor, 26 Norman street, Boston. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract.

Plans and specifications may be obtained at the office of the Superintendent of Construction, Department of School Buildings, fourth floor, 26 Norman street, Boston. All plans and specifications must be returned in good condition to said office at the time of the filing of bids.

Plans and specifications will be ready for distribution Monday, August 19, 1940.

A bond of a surety company, approved by the Superintendent of Construction, in the full amount of the contract, to secure the due performance of the contract and the full protection of the city, will be required. The Superintendent of Construction reserves the right to reject any or all bids if it be in the public interest so to do. The Superintendent of Construction also reserves the right to reject all sub-bids on any item or items in accordance with the provisions of chapter 480 of the Acts of 1939.

JAMES J. MAHAR,
(Aug. 17.) Superintendent of Construction,
Department of School Buildings.

the City of Boston, to the Girls' Latin School, without change of rank or salary, said reassignment to take effect Sept. 1, 1940, and to continue for the school year ending Aug. 31, 1941, unless earlier terminated by the Superintendent with the approval of the School Committee.

Placed on file and the reassignment approved, to take effect on the date stated.

A communication was received from the Superintendent, under date of July 22, 1940, reporting that subject to the approval of the School Committee, he has assigned Grace W. Heartz, professor, The Teachers College of the City of Boston, to the Girls' Latin School, to serve as first assistant, head of department, without change of salary, to take effect Sept. 1, 1940, and to continue for the school year ending Aug. 31, 1941, unless earlier terminated by the Superintendent with the approval of the School Committee.

Placed on file and the assignment approved, to take effect on the date stated.

A communication was received from the Superintendent, under date of July 22, 1940, reporting that subject to the approval of the School Committee, he has assigned Frances Burnce, assistant professor, The Teachers College of the City of Boston, to the Department of Vocational Guidance, without change of rank or salary, to take effect Sept. 1, 1940, and to continue for the school year ending Aug. 31, 1941, unless earlier terminated by the Superintendent with the approval of the School Committee.

Placed on file and the assignment approved, to take effect on the date stated.

A communication was received from the Superintendent, under date of July 22, 1940, reporting that subject to the approval of the School Committee, he has assigned Eleanor E. Hubbard, assistant professor, The Teachers College of the City of Boston, to supervise the course in Economics, Grades VII to X, without change of rank or salary, to take effect Sept. 1, 1940, and to continue for the school year ending Aug. 31, 1941, unless earlier terminated by the Superintendent with the approval of the School Committee.

Placed on file and the assignment approved, to take effect on the date stated.

A communication was received from the Superintendent, under date of July 22, 1940, reporting that subject to the approval of the School Committee, he has assigned Eleanor H. Quinlan, assistant professor (physical education), The Teachers College of the City of Boston, to the Department of Physical Education, without change of rank or salary, to take effect Sept. 1, 1940, and to continue for the school year ending Aug. 31, 1941, unless earlier terminated by the Superintendent with the approval of the School Committee.

Placed on file and the assignment approved, to take effect on the date stated.

TERMINATION OF SERVICE

A communication was received from the Superintendent, under date of July 22, 1940, reporting that subject to the approval of the School Committee, he has terminated the service of Ida M. Alexander, matron, Copley School, to take effect Aug. 31, 1939.

Placed on file.

REAPPOINTMENTS OF TEACHERS

The Superintendent submitted recommendations for appointments on tenure and reappointments of teachers and members of the supervising staff, and in connection therewith offered the following:

ORDERED, That the recommendations of the Superintendent with reference to retention of excess teachers in the schools are hereby accepted and the continuance of teachers in the respective schools and ranks is hereby allowed pending transfer or other adjustments.

ORDERED, That the recommendations relative to the reappointments of teachers with higher ranks than allowed under the regulations, as submitted by the Superintendent, are hereby approved.

ORDERED, That the recommendations of the Superintendent relative to the reestablishment of conservation of eyesight classes, lip-reading classes, special classes, speech improvement classes, for the school year 1940-41, are hereby approved.

ORDERED, That the recommendations of the Superintendent relative to the reestablishment of rapid advancement classes for the school year 1940-41 are hereby approved, and it is hereby ordered that all such classes be discontinued at the close of the current year and be reestablished in the fall only by order of the School Committee.

ORDERED, That the printing of the accompanying report as a school document is hereby omitted for the current year.

The appointments on tenure and the reappointments of teachers and members of the supervising staff, as recommended by the Superintendent, were approved; the regulations were suspended and the five foregoing orders were collectively passed, the four members present voting in the affirmative.

ELEMENTARY MECHANIC ARTS AND ELEMENTARY PRACTICAL ARTS CLASSES

The Superintendent offered the following three orders:

ORDERED, That an additional elementary mechanic arts-practical arts class is hereby established in the Ulysses S. Grant District for the school year ending August 31, 1941, and to continue until otherwise ordered, with the provision that no additional compensation shall be allowed the teacher assigned to this class.

ORDERED, That an elementary mechanic arts class is hereby established in the Oliver Hazard Perry District for the school year ending August 31, 1941, and to con-

tinue until otherwise ordered, with the provision that no additional compensation shall be allowed the teacher assigned to this class.

ORDERED, That an additional elementary practical arts class is hereby established in the Hancock District for the school year ending August 31, 1941, and to continue until otherwise ordered, with the provision that no additional compensation shall be allowed the teacher assigned to this class.

The three orders passed collectively.

CONDUCT OF CLASSES FOR NATIONAL DEFENSE WORKERS

The Superintendent offered the following two orders:

ORDERED, That the Superintendent, in his discretion and in co-operation with the State Department of Education, is hereby authorized to conduct during the summer vacation period classes for vocational education of defense workers in such buildings and at such hours as he may determine, and to appoint such employees in connection therewith as he may deem necessary, the cost of such classes to be covered by Federal funds (National Defense Training Program) administered by the Commissioner of Education.

ORDERED, That the employment of such persons as are necessary for the conduct of classes for National Defense workers is hereby authorized, compensation for an eight-hour day, as certified to the Business Manager by the teacher-in-charge, to be in accordance with the following schedule:

Supervisors	\$18.00
Teachers-in-charge	16.00
Teachers	15.00
Clerical assistants	6.00
Toolkeepers	4.00

Mr. Lee: I believe the order fixing the different rates of pay is ambiguous. Apparently these are the amounts of pay on top of and in addition to the base pay of the teachers in question. I think that should be amended so as to square with the conditions, showing the allowance of the pro rata amount of their yearly salary for the days worked, plus the amount which you have there.

I move that the Business Manager and the Board of Apportionment be requested to correct those items so as to give a true picture of what we are voting for, to give ourselves a clear picture and give the public a clear picture.

Chairman: The question is on the motion of Mr. Lee's to amend.

Mr. Lee: I think it may develop that we might not want to make the total amount quite as much as at present, although perhaps retaining some extra compensation for the summer's work.

Chairman: This is only a question of the way it should be explained. It is not a question of the amount.

Mr. Lee: The reason for my question as to the wording is that I believe what might be the accu-

rate picture might make the Committee reconsider the amounts mentioned here.

Chairman: The Committee can reconsider at any time.

Mr. Norton: I would like to say, for the benefit of the record, that this salary schedule is one that is approved by the State Commissioner of Education. It is money that is paid by the Federal Government. It is perfectly all right as far as I am concerned.

Chairman: The question is on the motion of Mr. Lee to amend the compensation order.

YEAS—Mr. Lee—1.

NAYS—Messrs. McDevitt, Norton, and White—3.

ABSENT—Mr. Sullivan—1.

Chairman: The motion to amend is lost.

Chairman: The question is on the passage of the first order:

YEAS—Messrs. Lee, McDevitt, Norton, and White—4.

NAYS—0.

ABSENT—Mr. Sullivan—1.

Chairman: The question is on the passage of the second order:

YEAS—Messrs. Lee, McDevitt, Norton, and White—4.

NAYS—0.

ABSENT—Mr. Sullivan—1.

Mr. Lee, in casting his vote, stated that he believed the order should be clarified in accordance with the amendment which he proposed and which was lost.

Chairman: The two orders are passed.

VOCATIONAL ART COURSE

On motion of the Superintendent, it was

ORDERED, That the Superintendent is hereby authorized to re-establish in the Museum of Fine Arts the public school course in art for the current term beginning Oct. 2, 1940, and continuing throughout the school year unless otherwise determined by the Superintendent, the sessions to occur on Wednesday, Thursday, and Friday, and to be not more than three hours in length.

On motion of the Superintendent, it was

ORDERED, That the employment of Alma LeBrecht, or in her absence of some other qualified person, as art teacher in the public school course for high school pupils conducted at the Museum of Fine Arts, is hereby authorized for the term beginning Oct. 2, 1940, and continuing throughout the school year unless otherwise determined by the Superintendent, said art teacher to serve during three three-hour sessions each week; compensation for such service to be at the rate of two dollars seventy-five cents (\$2.75) per hour of service.

ATTENDANTS, HORACE MANN SCHOOL

The Superintendent offered the following five orders:

ORDERED, That subject to the approval of the Division of Civil Service, the re-employment of Mary E. Anthony as attendant at the Horace Mann School for the purpose of receiving visitors and

accompanying pupils to and from school is hereby authorized, compensation for said service to be at the rate of three dollars fifty cents (\$3.50) for each day of actual service, to take effect Sept. 11, 1940, and to continue for the school year ending Aug. 31, 1941.

ORDERED, That subject to the approval of the Division of Civil Service, the re-employment of Ellen Fitzgerald for the purpose of accompanying pupils to and from school and for service as lunch attendant in the Horace Mann School is hereby authorized; compensation for such service to be at the rate of three dollars fifty cents (\$3.50) for each day of actual service, to take effect Sept. 11, 1940, and to continue for the school year ending Aug. 31, 1941.

ORDERED, That subject to the approval of the Division of Civil Service, Mary M. Fenton, matron in the Horace Mann School, be allowed two dollars (\$2) in addition to her regular compensation for each day of actual service rendered by her in accompanying pupils to and from school, to take effect Sept. 11, 1940, and to continue for the school year ending Aug. 31, 1941.

ORDERED, That subject to the approval of the Division of Civil Service, the re-employment of Alice V. Browne, Ellen E. Griffin, and Hannah Hickey, attendants at the Horace Mann School, for the purpose of accompanying pupils to and from school, is hereby authorized, compensation for such service to be at the rate of two dollars (\$2) for each day of actual service, to take effect Sept. 11, 1940, and to continue for the school year ending Aug. 31, 1941.

ORDERED, That the Superintendent is hereby authorized to employ such emergency substitute attendants in the Horace Mann School as may from time to time be needed, compensation for such service to be at the rate regularly established for the position.

The five orders passed collectively.

SUMMER EMPLOYMENT OF SCHOOL PHYSICIANS

On motion of the Superintendent, it was

ORDERED, That the Director of School Hygiene is hereby authorized to assign for intermittent temporary service in the Certifying Office during the period Aug. 5 to 30, 1940, inclusive, the following-named school physicians: Doctors Harry B. Levine, Abraham M. Levine, Joseph Laserson, Basil E. Barton, Alice E. Butler, Paul W. Carrigan, Joseph A. Cogan, Francis J. Doherty, John J. Dunphy, Jr., William E. McMahon, Warren S. Shields, Charles F. Stack, Morris A. Silberg, Joseph P. Tynan, George E. Winslow, vice Dr. David P. Hayes, Certifying Office, absent on vacation; compensation to be at the rate established for temporary school physicians, namely, five dollars (\$5) per day of service.

USE OF CERTAIN STREETS FOR PLAY PURPOSES

On motion of the Superintendent, it was

ORDERED, That for the purpose of promoting recreation, play or sport, in accordance with the provisions of Chapter 220 of the Acts of 1938, the Traffic Commission of the City of Boston be requested to close to vehicular traffic the following streets or parts thereof, during the periods of time hereinafter set forth:

Everett Street, East Boston—From Cottage Street to Lamson Street—Monday to Friday, inclusive—6 P. M. to 9 P. M.—July 24 to Sept. 1, 1940.

James Street—City Proper—From East Brookline Street to East Newton Street—Monday to Friday, inclusive—6 P. M. to 9 P. M.—July 24 to Sept. 1, 1940.

Rollins Street, City Proper—From Washington Street to Harrison Avenue—Monday to Friday, inclusive—6 P. M. to 9 P. M.—July 24 to Sept. 1, 1940.

COURSES OF STUDY IN ECONOMICS

On motion of the Superintendent, it was

ORDERED, That the accompanying Tentative Course of Study in Community Economics for Grades VII to X is hereby adopted, and that fifteen hundred (1,500) copies be printed as a school document.

On motion of the Superintendent, it was

ORDERED, That the accompanying Tentative Course of Study in Economics for Grades XI and XII is hereby adopted, and that one thousand (1,000) copies be printed as a school document.

SPECIAL CLASSES

A communication was received from the Superintendent, under date of July 22, 1940, reporting that he has discontinued a special class in the Samuel Adams District.

Placed on file.

A communication was received from the Superintendent, under date of July 22, 1940, reporting that subject to the approval of the School Committee, he has established a special class in the Charles Sumner District.

Approved.

DEATH

A communication was received from the Secretary, under date of July 22, 1940, reporting the death, on July 4, 1940, of Edna F. Flynn, assistant in the offices of the Superintendent-Secretary.

Placed on file.

On motion, it was

ORDERED, That the salary due Edna F. Flynn, late assistant in the offices of the Superintendent-Secretary, be paid to her sister, Eva M. Flynn.

RESIGNATION

A communication was received from the Secretary, under date of

July 22, 1940, reporting the resignation of Katharine R. Hally, assistant in the offices of the Superintendent-Secretary, to take effect June 30, 1940.

Placed on file and the resignation accepted, to take effect on the date stated.

APPOINTMENT OF SECRETARY, PUBLIC LATIN SCHOOL

A communication was received from the Superintendent, under date of July 22, 1940, withdrawing the nomination of Catherine E. Boylan as secretary, Public Latin School, as of Apr. 4, 1940. Miss Boylan was appointed as secretary at the meeting of Sept. 18, 1939 (see p. 170). Subsequently the Commissioner of Civil Service ruled that this is a promotional position and under recent legislation the position should be filled by appointment from a rated list based on the results of examination for the position. Miss Boylan's service as acting secretary was permitted until Apr. 3, 1940. She returned to her former rating as clerical assistant on Apr. 4, 1940.

Placed on file and the withdrawal of appointment approved.

A communication was received from the Secretary under the date of July 22, 1940, reporting that the Division of Civil Service has certified the following-named persons as eligible for appointment as secretary in the Public Latin School: Margaret E. Donovan, Margaret H. Carroll, Alice R. Norton.

Placed on file.

A communication was received from the Superintendent, under date of July 22, 1940, reporting that subject to the approval of the School Committee and with the approval of the Division of Civil Service, he has appointed Margaret E. Donovan, clerical assistant, Hugh O'Brien District, as secretary, Public Latin School, to take effect Sept. 1, 1940.

Placed on file and the appointment approved, to take effect on the date stated.

REINSTATEMENT OF EILEEN M. SHEA

A communication was received from the Secretary, under date of July 22, 1940, reporting the reinstatement of Eileen M. Shea, assistant in the offices of the Superintendent-Secretary, absent on leave for service in the office of His Honor, the Mayor, for one day, June 28, 1940, in order to protect her civil service status as assistant in this department.

Placed on file.

AMENDMENTS TO RULES AND REGULATIONS

The following was offered:

ORDERED, That the rules and regulations are hereby amended as follows:

Section 80, following paragraph XXXI., under Licenses, strike out the words "helper" and "special assistant" wherever they occur, and substitute in place thereof—student assistant—so that the paragraph shall read as follows:

LICENSES

The board of superintendents may issue licenses to serve as student aids in the Trade School for Girls; as student assistants in art, mechanical or industrial departments in day high schools and in the Boston Trade School; as student assistants, Boston Clerical School; and as student assistants in art, English, science or visual education departments in The Teachers College of the City of Boston, to persons who present satisfactory evidence of good character, wealth, and citizenship, as follows:

(a) To serve as student aid in Trade School for Girls: To advanced students in that school.

(b) To serve as student assistant in art, mechanical or industrial departments in day high schools and in the Boston Trade School: To graduates of said schools.

(c) To serve as student assistant, Boston Clerical School: To graduates of said school.

(d) To serve as student assistant, in art, English, science or visual education departments in The Teachers College of the City of Boston: To graduates of day high schools.

Section 298, paragraph 3. In the first line, strike out the word "special" and substitute in place thereof—student—so that the paragraph shall read as follows:

3. Such student assistants, mechanical departments, and toolkeepers may be appointed as the superintendent may deem necessary, subject to the approval of the School Committee.

Section 302, paragraph 13. In the heading and in the first line, strike out the word "special" and substitute in place thereof—student—so that the paragraph shall read as follows:

STUDENT ASSISTANTS AND TOOLKEEPERS

13. Such student assistants and toolkeepers in art, mechanical and industrial departments of day high schools may be appointed as the superintendent may deem necessary, subject to the approval of the School Committee.

Section 301, paragraph 3. In the first line, strike out the word "helpers" and substitute in place thereof—student assistants—so that the paragraph shall read as follows:

3. Such student assistants may be appointed as the superintendent may deem necessary, subject to the approval of the School Committee.

Section 356, paragraph 3. In the first line, strike out the word "special" and substitute in place thereof—student—so that the paragraph shall read as follows:

3. Such student assistants in art, English, science and visual education department may be appointed as the superintendent may deem necessary, subject to the approval of the School Committee.

The rules were suspended and the order passed, the four members present voting in the affirmative.

The following was offered:

ORDERED, That the rules and regulations are hereby amended as follows:

Section 80, paragraph X. Strike out the provisions for certificates

X. (a) Kindergarten and X. (b) Kindergarten-Primary and substitute in place thereof the following:

X. Kindergarten-Primary. To teachers of kindergartens and to assistants of day elementary schools in Grades I and II.

The requirements for this certificate are: A degree from a college or university approved by the board of superintendents; completion of an approved course in kindergarten-primary training; and evidence of one year's experience in teaching in a kindergarten or Grades I and II.

On and after September 1, 1942, this certificate shall be known as the Kindergarten certificate and shall cover service in the kindergarten only. The requirements for this certificate shall be: A degree from a college or university approved by the board of superintendents; completion of an approved course in kindergarten training; and one year's experience in teaching in a regular kindergarten.

Paragraph VIII. Elementary School, Class B. Strike out the paragraph and substitute in place thereof the following:

VIII. Elementary School, Class B. To assistants of day elementary schools in Grades I to VI, inclusive.

The requirements for this certificate are: A degree from a college or university approved by the board of superintendents, and evidence of two years' successful experience in teaching and governing regular graded day schools; or, graduation from the Boston Normal School or from The Teachers College of the City of Boston and one year's successful experience in teaching.

Section 362, paragraph 2. At the close of the paragraph describing the eligibility of those who complete the elementary course, add the following:

In June, 1942, and thereafter, completion of this course shall qualify for temporary service in Grades I to VI, inclusive.

At the close of the paragraph describing the eligibility of those who complete the kindergarten-primary course, add the following:

Beginning September, 1940, a Kindergarten course shall be offered in place of the above. Completion of the Kindergarten course shall qualify for temporary service in the kindergarten only and shall render candidates eligible for examination for certificate X. Kindergarten upon completion of the required one year's experience in teaching in a regular kindergarten.

Paragraph XI. Special. Strike out the paragraph which describes the eligibility requirements for first assistants and assistants in manual arts, and substitute in place thereof the following:

For first assistants and assistants in manual arts: Graduation from a school approved by the board of superintendents or evidence of equivalent specialized education, as follows: From an art school, for those who elect freehand drawing as a major subject; from a manual training school, from the Boston Normal School or from The Teachers College of the City of Boston, for those who elect manual training as a major subject; and evidence of three years'

supervisory experience as follows: In drawing, for those who elect freehand drawing as a major subject; in manual training, for those who elect manual training as a major subject.

Paragraph XI. Special: Valid in Day Elementary or Day Intermediate Schools. Strike out the paragraphs describing the eligibility requirements for the Special Class certificates and substitute in place thereof the following:

For masters' assistants, special classes: A degree from a college or university approved by the board of superintendents; successful completion of a course for teachers of mentally defective children approved by the board of superintendents; and evidence of three years' successful experience in teaching and governing a class of mentally defective children.

For assistants in special classes: A degree from a college or university approved by the board of superintendents; successful completion of a course for teachers of mentally defective children approved by the board of superintendents; and evidence of one year's successful experience in teaching and governing a class of mentally defective children.

Section 291. Strike out paragraph 10. (This paragraph describes the eligibility requirements for the rank of assistant, Model School.)

The rules were suspended and the order passed, the four members present voting in the affirmative.

The following was offered

ORDERED, That the rules are hereby amended as follows:

Section 109, paragraph 1. Strike out the paragraph and substitute in place thereof the following:

Sect. 109. 1. He shall annually prepare and shall submit to the School Committee not later than February 1 of each year, preliminary detailed estimates showing the probable cost of the maintenance of the school system for the current financial year, based on the conditions existing as of January 1, and shall provide in such estimates, unless otherwise instructed by the School Committee, for the continuance throughout the financial year of the current salary schedules for teachers and other employees. The detailed estimates shall include provision for the filling of vacancies in accordance with the rules and regulations and provision for temporary teachers and other employees who are not filling vacancies or substituting for teachers on leave of absence, based on the membership as of September 30 of the financial year immediately preceding.

Section 141. Strike out paragraphs 2 and 3 and substitute in place thereof the following:

2. The board of apportionment shall prepare and shall submit to the School Committee not later than February 1 of each year a statement showing the cost of all proposed additions to and extensions and expansions of the school system, including additional teachers or other expenses necessary to meet the estimated growth of the system, which statement shall also

include any reductions or economies which may be deemed desirable.

3. The board of apportionment shall prepare and shall submit to the School Committee not later than February 1 of each year a statement showing the cost of proposed alteration and repair of school buildings and of furniture, fixtures and means of escape in case of fire, and of fire protection for existing buildings, and of improving existing school yards.

Section 142, paragraph 1. Strike out the paragraph and substitute in place thereof the following:

1. The board of apportionment shall prepare and shall submit to the School Committee not later than February 1 of each year a list of additional school accommodations, both permanent and temporary, including lands, buildings, yards, and furnishings which it may deem necessary.

Mr. Lee: I would like to change the wording "detailed estimates showing the probable cost of maintenance of the school system for the current financial year based on the conditions existing as of January 1 preceding" to read "detailed estimates which would show the cost which would hold if the administrative, educational and financial policies prevailing as of January 1, should remain in effect."

I think with the language, "based on the conditions existing as of January 1 preceding," one is at a loss to understand just what conditions are referred to, and it makes a difficult situation.

My purpose in this is to have the language sufficiently clear so that the Business Manager's work is definitely laid out and there is no danger in the least of misinterpreting the words "based on the conditions existing as of January 1 preceding," to take into consideration changes or conditions of policy in the School Committee, conditions of this and that which are not at that moment enacted into law.

If you have faith, Mr. Chairman, in the present wording, without making this formal amendment, I will be glad to say that I think the Business Manager might regard it as the sense of the Committee that when he comes to compile these estimates, he simply try to give the picture of the administrative, educational and financial policies that we would have for the future twelve months if we kept going with those policies which prevailed on January 1.

The Chairman stated the question was on the passage of the order amending Sections 109, 141 and 142 of the rules.

The rules were suspended and the order passed by the following vote:

YEAS—Messrs. Lee, McDevitt, Norton, and White—4.

NAYS—0.

ABSENT—Mr. Sullivan—1.

Mr. Lee: On that point where we voted on two different paragraphs of the rules and regulations, in one section we voted on dealing with the Board of Apportionment. It is my conception that it is understood that "all proposed costs" is lan-

guage indicating the scope of what the Board of Apportionment reports. It is my thought that "proposed costs" means costs or estimates proposed by members of the School Committee or by the School Committee as well as by head masters, masters of schools and heads of departments, so that there shall be embodied in these proposed estimates, proposals coming from a variety of sources, including members of the School Committee.

ADVISORY COMMITTEE

A communication was received from the Superintendent, under date of July 22, 1940, submitting the following appointments to the Advisory Committee on National Defense Training:

William C. Adams, Superintendent, Walworth Manufacturing Co., 798 First Street, South Boston.

Daniel J. Boyle, Secretary-Treasurer, Massachusetts State Industrial Union Council, Room 722, 73 Tremont Street, Boston.

E. B. Freeman, President, B. F. Sturtevant Co., Hyde Park.

Harry P. Grages, Secretary and Business Representative, Central Labor Union, 120 Boylston Street, Boston.

Elizabeth M. Herlihy, Chairman, State Planning Board, 207 State House, Boston.

John S. Lawrence, 50 Congress Street, Boston.

Nicholas P. Morrissey, President, Massachusetts Federation of Labor, 11 Beacon Street, Boston.

William Arthur Reilly, Fire Commissioner, 60 Bristol Street, Boston.

Henry J. Smith, Trustee, Boston Elevated Railway, 31 St. James Avenue, Boston.

Approved.

APPROPRIATIONS AND EXPENDITURES TO JUNE 30, 1940

A communication was received from the Business Manager, under date of July 22, 1940, submitting a statement showing the appropriations, the expenditures and the balances for general school purposes and special items for the first six drafts of the current fiscal year, the expenditures for the first six drafts of the fiscal year 1939, and the increases and decreases in the several items.

Placed on file.

TRANSFERS OF CUSTODIANS

A communication was received from the Schoolhouse Custodian, under date of July 22, 1940, recommending that the following-named custodians, who stand at the head of their respective lists, be appointed as indicated to take effect July 27, 1940:

Frederick N. Eaton from the Nathan Hale to the custodianship of the Joyce Kilmer School-house.

James V. Manning, from the Patrick F. Lyndon to the custodianship of the Helen F. Burgess and Thomas Francis Leen School-houses.

Jeffery J. Murphy from the Cora L. Etheridge to the custodianship of the John J. Williams School-house.

John J. Sheehan from the Edmund P. Tleston to the custodianship of the Dudley School-house.

Edward F. Stockman from the Robert Swan to the custodianship of the Edwin P. Seaver School-house.

Frederick P. Marlow from the Minot to the custodianship of the Edward Southworth School-house.

Placed on file and the transfers approved, to take effect on the date stated.

ELIGIBLE LISTS

A communication was received from the Board of Superintendents, under date of July 22, 1940, transmitting a list of successful candidates of August, 1939, for the certificates of qualification indicated, as reported by the Board of Examiners.

These names do not constitute separate eligible lists, but should be inserted in School Document No. 4, 1939, at the places indicated by the respective ratings.

SALARY SCHEDULE FOR TEACHERS, MEMBERS OF THE SUPERVISING STAFF AND OTHERS, YEAR ENDING AUG. 31, 1941

The following seven orders establishing a salary schedule, with increments, for teachers, members of the supervising staff and others, for the year ending Aug. 31, 1941, were offered:

1. ORDERED, That the salaries of teachers, members of the supervising staff and others are hereby established for the school year Sept. 1, 1940, to Aug. 31, 1941, inclusive, in accordance with the following schedule and subject to the following adjustments or limitations:

2. ORDERED, That during the year beginning Sept. 1, 1940, and ending Aug. 31, 1941, teachers, members of the supervising staff and others, who on Aug. 31, 1940, shall not have reached the maximum of their salary schedules, shall be advanced in accordance with the provisions of the regulations on their respective anniversaries by the amount of the annual increment provided for in the following schedules.

Temporary Supervisors of Attendance \$6.00

4. ORDERED, That for the year ending August 31, 1941, any teacher or member of the supervising staff who may be designated by the Superintendent in accordance with the regulations to fill a vacancy caused by the death, disability or absence of a principal of a school or district, or of a director, associate director, assistant director in charge of a department, or supervising nurse, for a continuous period exceeding two weeks, shall be paid at the rate of \$1.00 per day of service in addition to the regular salary of his rank. A teacher or member of the supervising staff who may be similarly designated to fill the position of assistant director, head of department, co-ordinator, submaster, master's assistant, master's assistant, special classes, assistant in charge, Day School for Immigrants, or first assistant kindergarten (either one or two sessions), shall be paid at the rate of fifty cents (50c.) per day for each day of service, in addition to the regular salary of his rank.

5. ORDERED, That for the year ending Aug. 31, 1941, any junior master or assistant, Latin and day high schools, who may be designated by the Superintendent, in accordance with the regulations as acting head of department in charge of a single subject where there are in the proposed department not less than two thousand pupil hours, taught by at least four teachers, whole or part-time, shall be paid at the rate of fifty cents (50c.) per day for each day of service, in addition to the regular salary of his rank.

6. ORDERED That for the year ending Aug. 31, 1941, any assistant nutrition class attendant who may be designated by the Superintendent to serve as acting nutrition class attendant shall be paid at the rate of fifty cents (50c.) per day of service in addition to the regular salary of her rank.

7. ORDERED, That during the school year 1940-1941 the Superintendent is hereby authorized to fix the compensation of all persons giving lectures and improvement courses for teachers other than those whose compensation is fixed in the salary schedule for teachers and members of the supervising staff.

Mr. Lee: May I restate my views on several points in the salary schedule. I think the Committee has discussed it and has probably made up its mind.

At this time, without going through with any detailed amend-

ment, which I think would be in order, I would like to record my view that we might well make a slight reduction in some of the top bracket salaries and make a corresponding per cent. increase in some of the lower bracket salaries, especially the pay of those who are doing temporary work over a period of several years.

Chairman: You have heard the motion to amend. Please call the roll.

Mr. Lee: I am not trying to make an amendment. I would like to record the fact that I think you would bring your salary schedule closer together by a slight percentage reduction in the top bracket salaries and a slight percentage increase in the lower salaries.

Mr. Norton: For the benefit of the record I think it should be said that we all agree that those receiving the lower salaries should receive an increase, but I do not think the way of doing it is to pull down the wages of those who are up, in order to aid those who are down.

Question came on the adoption of the seven orders establishing the general salary schedule for the year ending Aug 31, 1941.

YEAS—Messrs. McDewitt, Norton, White; and Mr. Lee with the reservation that he would like to vote for the greater part of the schedule. 4.

NAYS—0.

ABSENT—Mr. Sullivan—1.

The Chair declared the seven orders establishing the salary schedule for the year ending Aug. 31, 1941, passed.

PROPOSED MODIFICATION OF SALARY SCHEDULE FOR NEW APPOINTEES

Mr. Lee: We have apparently passed the salary schedule for the coming year. The Committee may remember that at the last conference the Board of Apportionment brought in what they thought would be a proper salary schedule for those who enter the service freshly for the first time, not to affect those now in the service. In that salary schedule they recommended a schedule exactly the same as the present salary schedule.

From what I have heard in our meetings and conferences in the three years that I have been on this School Committee, the main objection to a reduction in the salary schedule is that it would result in disappointment to those now employed on our present schedule. When I proposed a salary schedule for those to come in the future, I thought there would be many changes. It was disappointing to have the Board of Apportionment come out with the same proposals for the future as are now embodied in the present salary schedule.

I would like to ask that a study be made of the salary schedule for the future, for those coming in anew, and that the report on this matter which we had at the last conference be recommitted to the Board of Apportionment and that they be reminded that it is too

much to believe that our salary schedule is so perfect that when we make a new salary schedule for new people we cannot find any room for improvement.

The Board of Apportionment recommended a new salary schedule about fourteen years ago. If they recommended that again, that would be something. What the Board of Apportionment recommended is that salary schedule of fourteen years ago as amended by certain changes that have been made in it since that time. I just cannot believe that we are so perfect that there cannot be any chance for correction. About all that the Board of Apportionment said was that no salaries were excessive and that they approved of the salaries as they were, to prevail in the future.

If the top salaries are not excessive, I submit that those salaries which are one-third or one-fourth as much must be below par. It is hard to believe that those people in our school service who are getting one-third or one-fourth as much as others are only a third or a quarter as good as the older high school teachers, or that they are such a plentiful commodity that they are three or four times as cheap. The whole conception of finding no ground for improvement in the present salary schedule when you have a chance to apply it to those who come into the service afresh, is more than I can believe.

Furthermore, the members of the Board of Superintendents themselves had a very different story on Feb. 7 last. For example, Miss Mellyn said that "The teacher of the first grade should have the salary of a master's assistant, because the teacher who starts the child's education is the teacher who lays the foundation of his entire success." She mentions \$3,072 as the maximum for that work.

Chairman: We agree with Miss Mellyn, but she also said that she did not believe that anybody in the school system was overpaid at this time.

We believe there are some instances where teachers are underpaid, but it was a question whether we could afford to make any changes in salaries this year.

Mr. Lee: If Miss Mellyn believes certain teachers are underpaid and she is trying to do the best she can for those coming into the service in the future, and there is no further supply of funds to pay them the salaries that they should have, one would think that she would recommend a reapportionment of the new salaries. She definitely classes a Grade I teacher with a master's assistant, with a person whose salary is \$3,072. She puts them on a parity. In proposing a new salary schedule one would think the schedule would embody that parity, whether the school system has a lot of money to spend or a small amount of money to spend.

Mr. Downey said: "If I had to start a system I would give a single salary schedule to the people with the same qualifications, the same experience and the same training."

And Miss Mellyn said: There is much to be said about Mr. Downey's single salary schedule, similarity of preparation and similarity of training to receive the same salary, whether a teacher is

a first grade teacher or a high school teacher. That is something that we are thinking towards."

The Board of Apportionment doesn't seem to be thinking toward it very fast.

I ask this Committee, in view of that expression of opinion by members of the Board of Apportionment, to ask the Board of Apportionment to think towards that a little bit more. It does not seem to me that their thought has been very rapid.

I am sure we can do better than go along with these marked disparities. At least, for those coming in in the future, we can find some basis of a more equitable salary schedule which will attract the people that we want to the points where we want them.

Perhaps it was not the intent of the Committee to ask for any exhaustive report, but I think we should ask for a more scrutinizing and more complete report on how our salaries ought to look. It is too much to believe that we are so perfect that in spite of all the criticism voiced by the Board of Superintendents and voiced by this Committee, that when we have a chance to make an adjustment without hurting anybody now on the payroll, we cannot find any correction whatever to make.

I cannot take the report seriously. I wish the Committee would vote to recommit that report for a more exhaustive study. I think we should urge a more vigorous study of the salaries that we should pay in the future to those coming into the school system afresh.

Superintendent: I have no objection to a further study. The School Committee has just considered this salary schedule and has adopted it.

Mr. Lee: I understood the vote we took was to affect the teaching force which should be with us from next September.

Superintendent: As far as I can see, there has been objection to only one class, and there has been an occasional suggestion that the temporary teachers were underpaid.

Chairman: Why not withdraw your motion to recommit the report in question and agree to have the report taken up again in Conference?

Mr. Lee: I think we did take it up at a Conference. I thought it was a matter which particularly concerned the public.

Chairman: I have no objection to a further study of the salary schedule except this: I would like to have you postpone your motion for a further study until next September, or until after we have established our organization for next year. This salary schedule is going to be in effect for the school year 1940-1941.

Mr. Lee: I am willing to postpone this and have it taken up at a conference. I will withdraw the motion for the time being.

Chairman: And place it on the calendar for consideration at our next conference.

COMMENDATION OF A TEACHER

Mr. Lee: The season is coming to an end. Could I take a minute to comment on a study made by one of our high school teachers, Miss Lena Glover, of the Dorchester High School for Girls, entitled "Graduation! Then what?" which points out the employment possibilities so substantially and so comprehensively that I did want to mention it publicly at a meeting like this.

There may be and perhaps there are other excellent works of this kind by teachers in the school system. This happened to come to my attention and I think it is extremely effective.

Superintendent: It is rather dangerous unless you are going to include everybody. There have been articles appearing in the Sunday Post by another of our teachers, about "How to Get a Job." I have not any objection to commending a teacher if you are going to extend commendation to others equally deserving.

Mr. Lee: Could I just say that on the subject of economics, which I have followed closely, I have mentioned other names at other times.

Chairman: It is a member's privilege to commend anybody in the school system who he feels has done exceptional work.

Mr. Norton: Mr. Chairman: On that matter of commendation, I would like to suggest for the Superintendent's consideration the possibility, say once a year, of commending certain of our teachers for outstanding work. In these times we have teachers who are doing very commendable work among poor children, underprivileged children, working with them and understanding their terrific home problems. Here and there we often run into an exceptional teacher in the city, and I would like the Superintendent to consider the possibility of recognizing outstanding work.

Superintendent: I would be very glad to do that, Mr. Chairman.

I have in mind committees that have been working this year on courses of study. In Boston it has not been our custom to excuse from regular school work teachers who are engaged in preparing new courses of study, and all of this additional work in the preparation of courses of study, which is very tedious and exhausting work, is done outside of regular school hours.

I am glad to commend an excellent piece of work done by any teacher, but I would not want to neglect somebody else.

Mr. Norton: If it can be worked out in a satisfactory manner.

In our police department and our fire department men are selected for certain outstanding work. I know that in Chicago recognition is made of outstanding teachers. We have some very outstanding teachers and if we can work out a formula by which outstanding work may be recognized, I merely ask consideration of it.

Chairman: The hour is getting late and some of the members as well as myself have not eaten yet.

Mr. Lee: Bearing that in mind, I want to wind up, if I can, at this meeting, so as to be able to eat for the rest of the summer. I want to bring up a point which can be brought up without any heat.

STUDENT DISCUSSION OF MODERN PROBLEMS

Mr. Lee. We have often discussed at this table certain youngsters in one of our schools who did just what I would do if I were a youngster and what I would want my son to do. They have met and discussed modern problems, and as a result I thought some very unfortunate language was used in reference to them, because they were said to be "in alliance against the Government" for holding a meeting on a modern problem.

Now that the heat of that is over, I cannot but believe that it is the sense of the Committee that that language was much too strong to use against youngsters who were discussing a modern question.

I would not like to be said to be in alliance against the Government and I would not like my son, who is going to school next year, to be said to be in alliance against the Government if he was doing what I would want him to do or would want anyone to do who was going to take part in the republic as a citizen, or to take part in the front line trenches, if it comes to that.

We are adjourning for the summer. Time is a great teacher and a great healer. At the time this question came up I said that if we persisted in regarding as "in alliance against the Government" those youngsters who try to take a lively interest in American problems—youngsters who are commended by President Roosevelt—and if we are going to persist in calling names at them, it is going to so build up support for the dictators that you will find them a thousand miles nearer this year than they have been. And now they are a thousand miles nearer.

I wonder if the Committee would not in a way repudiate or lift this particular phrase as to being "in alliance against the Government." I think it was not warranted. I think it was rather outrageous. I think they were the only on-their-toes youngsters in the city.

Chairman: It is getting late and we have had a very congenial year. I do not believe, and I do not agree with you, that time has changed our attitude. I think perhaps time has convinced us that that one individual was right when you accused him of being wrong. You have seen articles in reputable publications accusing certain organizations of being very much opposed to the Government. You have had your say and I had my say in a meeting at the City Club, recently, and I thought that was the end of it. You have your opinion and nobody can change it, and we have our opinions. These are honest differences of opinion. I would not withdraw my opinion on this thing. I still think the Headmaster of the school was right. I still think that the youngsters were perhaps being misled into the wrong idea. I have not changed my mind.

Mr. Lee: You would not be willing to let it go with the statement that you disapproved? Do you think it is necessary to use language as strong as "being in alliance against the Government"?

Mr. Norton: Let it go until September.

Mr. Lee: I shall not push it and I shall be brief.

Some men down in New York who apparently voiced the same kind of bullying sentiments as some of the school authorities voiced last year toward those youngsters, were the object of an intensive investigation by the Federal Bureau of Investigation and were on trial where the evidence was serious enough so that the jury disagreed. All that has happened tends to show that perhaps the language was a little bit strong, to call a youngster as being "in alliance against the Government" because he is discussing those subjects which have now led to war in Europe and are starting to involve us.

I wouldn't want my son to be called "in alliance against the Government," because he takes a stand on a public question.

I wouldn't want him to be accused of being "in alliance against the Government" because he does not take a boob attitude.

Mr. Norton: How old is your son?

Mr. Lee: My son is going to enter school this coming year and I hope he is going to grow up and be a senior some day, and I wouldn't like to have him accused of being "in alliance against the Government."

Mr. Norton: Is your son like you?

Mr. Lee: I hope he will not be one of those easy-going people like me who melts before Mr. White's kindness and Mr. Norton's blandishments.

Mr. Norton: One of those things about Joe Lee is that you can't get mad at him.

Mr. Norton: What is the story on the question of permanent status for those temporary teachers that we were discussing?

Superintendent: We were to wait until the organization reports of the schools are received in September and then decide how many of them should be placed on a permanent basis.

Mr. Norton: It is understood that as many as we need of the elementary teachers who are now working regularly as substitutes are going to be put on a permanent-temporary basis?

Superintendent: That is what the School Committee has in mind, based on the organization as it exists in September.

UNFINISHED BUSINESS

The two orders laid over at the meeting of June 18, 1940 (see p. 97), making changes in the authorized list of text books, were taken up and passed, the four members present voting in the affirmative.

The order laid over at the meeting of June 18, 1940 (see p. 97), amending section 182, paragraphs 2 and 3 of the regulations, establishing the age for admission of pupils to the kindergarten and the first grade, was taken up and passed.

The two orders laid over at the meeting of June 18, 1940 (see pp. 97-98), relative to the eligibility requirements for promotion within the Vocational High and Opportunity School, were taken up and passed.

The Committee adjourned.

Attest:

ELLEN M. CRONIN,
Secretary.

POPULATION OF BOSTON, BY SEX, NATIONALITY, ETC., 1930.

Total population, 781,188 (383,454 males and 397,734 females); ratio of males to females, 96.4 to 100 as against 97.2 to 100 in 1920. Native white, 529,400 (260,419 males and 268,981 females) or 67.77 per cent; sex ratio, 96.8 to 100. Of the 529,400 native whites, 200,130, or 37.80 per cent, are of native parentage; 248,653, or 46.97 per cent, are of foreign parentage and 80,617, or 15.23 per cent, are of mixed parentage (i. e., one half native). Foreign-born whites, 229,356 (111,261 males and 118,095 females) or 9.563 less than in 1920; sex ratio 94.2 to 100. The foreign-born whites are 29.36 per cent of total population. Negroes, 20,574 (10,223 males and 10,351 females) or 2.63 per cent of population; sex ratio, 98.8 to 100. The Negro population has increased 4,224 since 1920 and 4,993 since 1915. Other races, 1,858 (1,551 males and 307 females), or 0.24 per cent, comprise 1,595 Chinese, 69 Japanese, 43 Indian, 26 Mexican and 125 miscellaneous. Total foreign white stock, 478,009 (viz., 229,356 plus 248,653) which is 61.19 per cent of all inhabitants.

BUDGETARY CONTROL.

Prior to installing the present system of budgetary control, effective as of January 1, 1939, the city of Newark had no centralized accounting control over its budget commitments. The city's general ledger contained accounts for the various budget appropriations, and reflected disbursements out of the appropriations. However, commitments for work and material were not recorded in the city's accounts until after bills submitted by the vendors had been approved for payment by the Board of Commissioners. Consequently, financial reports could only show the amount of appropriated moneys that had not been disbursed out of any account. No recognition could be given in these reports to the unpaid purchase commitments, since the amount was not known. *The American City.*

TAUNTON'S ASPHALT PLANT.

One of the functions of a city public works or street department is to operate as effectively as possible in the construction and maintenance of its streets and sidewalks and to produce the necessary materials for paving at the lowest possible cost. In some cities this is effected by the purchase of all paving materials in either the raw or the mixed stage. Taunton has used a city-owned 100-ton asphalt plant for street paving and maintenance and for sidewalk construction for ten years. Located in the city yard with the equipment repair shop and garage, the plant is housed in a 60 by 90 foot building with a 30 by 100 foot wing, which was formerly used as a foundry. *The American City.*

CIVIL SERVICE EXAMINATIONS. (STATE.)

STATE EXAMINERS OF ELECTRICIANS, 1940.

Examinations will be held at the following points and on the following dates:

Boston, Wednesday, September 11.
Worcester, Thursday, September 12.
Springfield, Wednesday, October 16.
Pittsfield, Thursday, October 17.
Boston, Wednesday, November 13.
Lowell, Thursday, November 14.
Boston, Wednesday, December 4.
New Bedford, Thursday, December 5.
New Bedford, Friday, December 6.

Rules for Examinations.

All examinations shall be given in English.

Applicants for Class B or journeyman's certificate must be at least eighteen years of age and have had at least two years' practical experience or the equivalent in the installation of wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Applicants for Class A or master's certificate must be at least twenty-one years of age and have had at least two years' experience in the business of installing wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes. Examination shall consist of applicant's knowledge of the National Electrical Code and practical electrical work.

All persons desiring to be examined, either for a master or journeyman certificate, shall have application on file at least ten days previous to the date of such examination.

Applicants for examination will be required to obtain at least 70 per cent in order to obtain a certificate.

Applicants who fail to obtain the required 70 per cent will not be entitled to re-examination until a period of three months has elapsed, and those who receive less than 50 per cent or who fail on the practical demonstration, will not be re-examined for a period of six months.

Any person found referring to notes or books, or misbehaving during an examination, will be debarred from that examination.

Notice will be sent to applicants for certificates when and where examination will be held and only those so notified will be examined on that day.

STEPHEN C. GARRITY,
WALTER F. DOWNEY,
ULYSSES J. LUPIN,
ALBERT FRANK,
WALTER J. KENEFICK,

State Examiners of Electricians.

For application blanks or other information apply to State Examiners of Electricians, Room 303, 14 Beacon street, Boston, Mass.

FOR AIDING BOYS.

In an effort to lend a helping hand to misfit and underprivileged boys and to stem the alarming flow of young men into penal institutions and lives of crime, Big Brother Bureaus are being organized by the police departments of various cities. The International Association of Chiefs of Police urges all police jurisdictions to join the Big Brother League.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 32.

SATURDAY, AUGUST 24, 1940.

No. 34

SAVINGS ACCOMPLISHED BY THE SOLDIERS' RELIEF DEPARTMENT FOR THE MONTH OF JULY WERE \$1,471.03 OVER THE PREVIOUS MONTH, ACCORDING TO REPORT SUBMITTED TO MAYOR TOBIN BY SOLDIERS' RELIEF COMMISSIONER BUSH—SHOWING MORE REMARKABLE BECAUSE OF FACT SIXTEEN MORE CASES WERE HANDLED THIS YEAR IN JULY THAN IN SAME MONTH OF LAST YEAR.

Demands for relief by applicants who are entitled to military aid were \$1,471.03 less for the month of July than for the previous month, according to the report of Soldiers' Relief Commissioner Herman L. Bush to Mayor Tobin. This saving for the department was also less by \$1,043.25 than for the same month of last year. This saving was accomplished despite the fact that there were 16 more cases handled in the month of July than in the month previous.

When asked for a possible explanation of the better showing, Commissioner Bush stated that this was accomplished, possibly due to the fact that though more cases were handled the family unit was smaller and thus the department was able to save.

The complete monthly report to Mayor Tobin reads as follows:

CITY OF BOSTON,
SOLDIERS' RELIEF DEPARTMENT, August 12, 1940.

HON. MAURICE J. TOBIN,
Mayor of Boston.

SIR,— I have the honor to submit Soldiers' Relief Department report for the month of July, 1940.

Relief Expenditures Comparison.

	July, 1940.	June, 1940.	July, 1939.
Civil War.....	\$620 00	\$660 00	\$790 00
Indian.....	—	20 00	—
Spanish War.....	1,082 00	1,133 00	948 00
Mexican Border.....	30 00	30 00	40 00
World War.....	38,615 50	39,382 00	38,783 50
Emergency.....	8,205 85	8,206 00	8,697 24
Burials.....	679 33	579 00	792 00
Board, moving, milk, medical, glasses, etc.....	1,362 24	2,055 95	1,587 43
	\$50,594 92	\$52,065 95	\$51,638 17

Total Cases Aided.

	July, 1940.	June, 1940.	July, 1939.
Civil War.....	43	41	49
Indian War.....	2	2	1
Spanish War.....	100	97	82
Mexican Border.....	1	1	1
World War.....	1,290	1,292	1,287
	1,436	1,433	1,420

Relief expenditures for July, 1940, show a decrease of \$1,043.25 in comparison with relief expenditures for the corresponding period of time in 1939.

This decrease in expenditure is mainly attributable to the fact that the cost per case in July, 1939, was \$35.80 while the cost in July, 1940, was \$34.76 — a decrease of \$1.04 per case on the relief rolls; although the case load is increased by 16 cases.

The 1,436 cases aided during the month of July, 1940, represent a total of 4,228 individuals benefited through the facilities of the Soldiers' Relief Department.

(Continued on page 943.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"
From Boston Centennial Poem by
NATHAN HASKEL DOLE.

Meeting of the City Council, Monday, August 26, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

TO Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables slaughterhouses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made

to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

TO THE STATISTICS DEPARTMENT, 73 City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

TO THE WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, 43 City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

SOLDIERS' RELIEF DEPARTMENT EXPENDITURES.

(Continued from page 941.)

There were 156 cases dropped from the relief rolls during the month of July, 1940, of which 18 were dropped because of obtaining W. P. A. work relief. The remainder were dropped because of miscellaneous other reasons among which was the acceptance of private employment.

Classification of Cases Aided During July, 1940.

	Civil.	Indian.	Spanish.	Mexican.	World.
Unemployable veterans.....	0	0	14	1	479
Employable veterans.....	0	0	1	0	321*
Widows.....	37	2	81	0	389
Children.....	6	0	0	0	48
Mothers.....	0	0	4	0	47
Fathers.....	0	0	0	0	6
	43	2	100	1	1,290

* Of the 321 World War employable veterans there were 73 employed on W. P. A. projects and 21 in private employment, and both groups also received supplementary aid from the Soldiers' Relief Department. There were also 23 who reside outside of Boston who, consequently, could not be considered for W. P. A. employment in so far as Boston is concerned. There were, therefore, a net total of 204 World War veterans on our relief rolls during the month of July, 1940, who were employable.

Original Applications.

Carried forward from preceding month	6
Original applications for aid during July	26
Original applicants granted aid during July	11
Original applicants rejected during July	10
Original applications referred to other cities or towns	5
Investigations not completed	6

Reapplications.

Carried forward from preceding month	4
Reapplications for aid during July	203
Reapplicants granted aid during July	120
Reapplications rejected during July	81
Reapplications referred to other cities or towns	4
Investigations not completed	2

During the month of July, 1940, the department collected \$63.50, which represent refunds by former beneficiaries who were found to have drawn aid under circumstances which require repayment to the City of Boston.

Respectfully,

HERMAN L. BUSH,
Soldiers' Relief Commissioner.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary rule, which was adopted June 27, 1940, and was effective July 8, 1940, for a trial period of thirty (30) days, is hereby extended for a further trial period of sixty (60) days from August 7, 1940:

The one-way rule in the following street is stricken out and it is a two-way street:

Lincoln Street, Downtown Boston.
From Kneeland street to Summer street.

—

Voted, That as urgently required by considerations of public safety and convenience, for a trial period of sixty (60) days, parking of vehicles is prohibited in the following street, effective August 26, 1940:

Hemenway Street, Roxbury.

Voted, That as urgently required by considerations of public safety and convenience, during the period of street construction, estimated to be sixty (60) days, vehicles are excluded from the following streets, effective August 8, 1940:

Cheverus Road, Dorchester.
From Dorchester avenue to three hundred and eighty-one (381) feet west of Dorchester avenue.
Redwood Street, Dorchester.
From Centre street to Whitten street.

—

Voted, That as urgently required by considerations of public safety and convenience, for a trial period of sixty (60) days, effective August 21, 1940, the following streets are one way in the direction indicated:

Monument Avenue, Charlestown.
From Warren street to Monument square.
Thompson Street, Charlestown.
From Warren street to Main street.

—

Voted, That as urgently required by considerations of public safety and con-

venience, during the period of street construction, estimated to be thirty (30) days, vehicles are excluded from the following street, effective August 19, 1940:

Daly Street, Dorchester.
From King street to a point six hundred and forty-eight (648) feet southeast of King street.

—

Voted, That as urgently required by considerations of public safety and convenience, during the period of street construction, estimated to be sixty (60) days, vehicles are excluded from the following street, effective August 14, 1940:

Homes Avenue, Dorchester.
From Draper street to Bowdoin street.

—

Voted, That as urgently required by considerations of public safety and convenience, during the period of street construction, estimated to be thirty (30) days, vehicles are excluded from the following streets, effective August 15, 1940:

Corey Street, West Roxbury.
From Centre street to Weld street.
Winthrop Street, Charlestown.
From Main street to Monument square.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

HOSPITAL DEPARTMENT (Sanatorium Division).

The Mayor has approved the awarding of a contract as requested in the following letter:

BOSTON, May 22, 1940.

HON. MAURICE J. TOBIN,
Mayor of Boston.

DEAR SIR,—Your permission is respectfully requested to sell the garbage of the Sanatorium Division to Edward Bryan's Sons, of 951 Canterbury street, Roslindale, Mass., for the sum of \$35 per month.

On September 16, 1939, the trustees of the Boston City Hospital advertised for proposals for removal of garbage and said Bryan's Sons was the only company to submit a bid. Because no duplicate was filed in the auditor's office and no certified check was received, the bid was not accepted. On February 10, 1940, the trustees readvertised and no bids were received. At a later date, Edward Bryan's Sons offered to collect the garbage and pay us the sum of \$35 per month.

At a meeting of the Board of Trustees held on April 26, 1940, it was voted to accept Mr. Bryan's proposal subject to your approval.

Very truly yours,

CARL DREYFUS,
President, Boston City
Hospital Trustees.

SUPPLY DEPARTMENT.

Upon August 6 the Mayor approved a contract with lowest bidders as indicated, for furnishing hay, grain and straw for the city departments, as required, during August, 1940. The approximate totals of awards were as follows:

WITHOUT ADVERTISING.

SUPPLY DEPARTMENT.

Upon August 6 the Mayor approved a contract with the Fiske and Cash Company as follows:

BOSTON, July 22, 1940.

HON. MAURICE J. TOBIN,
Mayor of Boston.

DEAR MR. MAYOR.—On May 8 you approved my letter of April 23 cancelling the contract between the City of Boston and Fiske and Cash Company to deliver food conveyors to the City Hospital. This contract was dated October 2, 1939, in the amount of \$1,532.

The Fiske and Cash Company have agreed to accept \$1,132 for the material as delivered, and I respectfully ask permission to enter into a contract without further advertising with the Fiske and Cash Company for this amount.

Respectfully yours,

JOHN A. BREEN,
Superintendent of Supplies.

REVISION OF ASSESSMENT.

The Mayor has approved the following order of the Board of Street Commissioners:

In the matter of the application for revision of street assessment levied on account of the improvement of said street, the Board of Street Commissioners, acting under the provisions of section 8 of chapter 58 of the General Laws as amended by chapter 322 of the Acts of 1935, and upon the authorization of the Tax Commissioner,

Ordered, That the amount hereinafter specified, being the annual apportionment of said assessment for the year specified below, be, and the same is hereby, abated:

Clara R. Walsh, Westglow street, lot 50, 1939, \$41.47, assessed December 15, 1931.

MAYOR'S COMMITTEE ON COPLEY SQUARE IMPROVEMENTS MEETS.

The committee appointed by his Honor the Mayor to make a study and recommendations with regard to Copley square, Boston, held its first meeting in the office of the Park Department on Tuesday, August 20, at which were present:

George G. Hyland, Commissioner of Public Works.

Leon H. Zack, representing Prof. Henry V. Hubbard, President, Boston Society of Landscape Architects.

Hon. William P. Hickey, of the Boston Traffic Commission.

Philip T. Desmond, Traffic Engineer, Boston Traffic Commission.

Col. Thomas F. Sullivan, Chairman, Board of Transit Commissioners.

William P. Long, Chairman, Board of Park Commissioners, who was appointed chairman of the committee by his Honor the Mayor.

At the meeting various plans were considered and studied. Traffic conditions were carefully analyzed, and the necessity of relieving the same. The parking situation was discussed, also the beautification of Copley square itself.

The next meeting will be held in the near future, at which time further plans will be submitted by the Traffic Commission and the Park Commission.

Another member of the committee, Arthur L. Race, Managing Director of the Copley-Plaza Hotel, was unable to be present, but assured the committee that he will be at the next meeting.

BUILDING RAZED.

The Mayor has approved the request of the Building Commissioner to raze the following structure as a fire menace or nuisance:

The building at 63 West Canton street, Ward 9.

FIRE DEPARTMENT ORDERS.

General Order No. 35.

I. RETIREMENT.

The following retirement which will take effect at 8 a. m., Wednesday, August 14, 1940, is hereby announced for the information of the department:

Lieut. John J. Donohoe of Ladder Company 25.

Lieutenant Donohoe was appointed to the department on December 20, 1907, and was promoted to the rank of lieutenant on July 30, 1923. He leaves the department with the best wishes of his associates.

II. BOSTON AUTOMATIC ASSIGNMENTS.

The following signal numbers are to be added to the running cards of the Boston Automatic Fire Alarm Company in this department:

Signal 628—First National Bank premises, 50 State street (first floor).

Signal 629—First National Bank premises, 50 State street (basement).

Apparatus to respond to both foregoing signals: Engine 25, Ladder 8, District Chief 4. Nearest box is 1281.

III. GENERAL ALARM CORPORATION ASSIGNMENTS.

The following signal number is to be added to the running cards of the General Alarm Corporation in this department:

Signal 182—Building, 619-629 Washington street, sprinkler system.

Apparatus to respond: Engine 35, Ladder 17, District Chief 5. Nearest box is 1471.

IV. COMMENDATIONS.

Hoseman Peter J. Bradley of Engine Company 33 is hereby commended for responding to and working at fire, Box 2343, on August 1, 1940, while off duty.

Hoseman Arthur I. Bourdo and Thaddeus F. Lewis of Engine Company 52 are hereby commended for discovering and extinguishing a fire at 163 Woodrow avenue on August 6, 1940, while off duty.

Hoseman John J. Kelley of Engine Company 14 and Thomas J. Kavanagh of Engine Company 34 are hereby commended for volunteering and donating blood in transfusion to a patient at the Beth Israel Hospital on August 10, 1940.

By order of Fire Commissioner WILLIAM ARTHUR REILLY.

WILLIAM F. QUIGLEY,
Acting Chief of Department.

General Order No. 37.

I. ELECTION, BOSTON FIREMEN'S RELIEF FUND.

The election of trustees of the Boston Firemen's Relief Fund will be held on Monday, September 9, 1940. Ballots will be distributed throughout the department today, and company commanders will see that all ballots are forwarded to District Headquarters in sufficient time to be delivered at Department Headquarters not later than 1 p. m., September 9, 1940, and no ballots will be accepted for counting after that time.

II. RESIGNATION.

The following resignation, which will take effect at 8 a. m., Friday, August 23,

1940, is hereby announced: Hoseman Frederick J. Brennan, Engine Company 53.

III. CHANGE OF STREET NAMES.

Notice has been received of the following changes in street names:

Rita road, Dorchester, formerly Victoria road.

Winborough street, Hyde Park, formerly Windsor street.

Brockton street, Mattapan, formerly Bismarck street.

IV. CHANGE IN ASSIGNMENT CARDS.

The location on assignment card for Box 3571 should be changed from Cummins Highway and Bismarck street to Cummins Highway and Brockton street.

V. A. D. T. COMPANY.

The following signal numbers are to be added to running cards of the A. D. T. Company in this department:

Signal 346—Mayflower Colonial Shops, 49-59 Wareham street.

Apparatus to respond: Engine 3, Ladder 3, District Chief 7. Nearest box is 1643.

Signal 353—Adams Mitchell—Old Custom House, Inc., 15-27 Lansdowne street.

Apparatus to respond: Engine 33, Ladder 15, District Chief 8. Nearest box is 234.

Signal 424—Gold Seal Shoe Corporation, 365 and 367 Broadway.

Signal 443—Gold Seal Shoe Corporation, 373-377 Broadway.

Apparatus to respond to Signals 424 and 443 are: Engine 35, Ladder 17, District Chief 7. Nearest box is 1625.

The following A. D. T. signals have been discontinued:

Signal 364—151 Tremont street, Chandler & Company.

Signal 391—132, 133, 134 Tremont street, John H. Pray & Sons Company.

Signal 534—619-629 Washington street, building, Lotta Crabtree Estate.

The following change should be made on A. D. T. running cards in this department for A. D. T. Signal 164: Nearest city box should be changed from 13-7323 to 7324.

VI. BOSTON AUTOMATIC FIRE ALARM COMPANY.

New page, No. 24, dated August 9, 1940, for the Boston Automatic Assignment Book, is being issued to the department today.

The new card will replace old page No. 24, which should be returned to Headquarters, in the envelopes provided, on or before Friday, August 23, 1940.

VII. GENERAL ALARM CORPORATION.

Notice is hereby given to the department that the General Alarm Corporation is responsible for the testing and maintaining of the auxiliary systems connected to the following fire alarm boxes:

6131	13-1435
6132	12-1492
6133	5259
12-1435	

The General Alarm Corporation will answer alarms from these boxes and they will be responsible for resetting of the auxiliary stations and the master boxes.

By order of Fire Commissioner WILLIAM ARTHUR REILLY.

SAMUEL J. POPE,
Chief of Department.

TRANSFERS IN APPROPRIATIONS.

City Auditor Charles J. Fox announces the following transfers in appropriations in departments of the City of Boston, approved by Acting Mayor W. J. Doyle:

PUBLIC WORKS DEPARTMENT.

BOSTON, July 10, 1940.

FRANCIS X. LANG,
Budget Commissioner.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the Public Works Department:

From the appropriation for Sewer Division, H Item, \$75,000; Bridge Service, H Item, \$25,000, to the appropriation for Paving Service, H Item, \$100,000.

To cover paving projects now in operation.

Respectfully,

GEORGE G. HYLAND,
Commissioner.

The above transfers were made by the City Auditor with the approval of Acting Mayor W. J. Doyle on July 13, 1940.

FOOT HEALTH WEEK PROCLAMATION.

Whereas, The 29th annual convention of the National Association of Chiropodists is assembling in Boston during the week of August 25; and

Whereas, During that convention there will be observed the centenary of progress in the development of foot health, as well as the establishment of the first office in the United States for the practice of chiropody, in Boston, 100 years ago; and

Whereas, Through the National Association of Chiropodists and Podiatrists there will be a generous observance of the centenary all over the country; and

Whereas, The profession has grown until there now are more than 8,000 members of the profession in the United States, with state laws governing the work in forty-six of the forty-eight states; now, therefore,

I, Maurice J. Tobin, Mayor of Boston, which is the mother city of the profession, do hereby declare and proclaim the week of August 25 as "Foot Health Week," and ask that my fellow citizens unite in making memorable the commemoration of this anniversary. Also, I call upon my fellow citizens to extend the hand of welcome to the thousands of visitors who shall be delegated to the convention and as such be guests of the city.

In witness whereof I have hereunto set my hand and caused the seal of the City of Boston to be affixed, on this, the 20th day of August, 1940.

MAURICE J. TOBIN, Mayor.

STATE VALUATIONS IN 1937.

Total assessed value of real estate on January 1, 1937, in the thirty-nine cities and 316 towns of Massachusetts, \$5,742,161,541 (\$18,194,654 less than on January 1, 1936), of which 65.62 per cent applied to buildings and 34.38 per cent to land; of personalty, \$525,039,493; aggregate valuation, \$6,267,201,034 (2.74 per cent decrease from 1936), on which the total tax was \$222,184,422. To raise this amount of taxes on the property assessed at a uniform rate throughout the State would have required a tax rate of \$35.45+ on \$1,000 valuation. Boston's valuation, \$1,590,544,700, equal to 25.38 per cent of total valuation in the State.

ASSESSMENTS ABATED.

The Mayor has approved the following order of the Board of Street Commissioners:

In the matter of letter received from Mr. Samuel S. Dennis, Assistant Corporation Counsel, Law Department, under date of July 19, 1940, the Board of Street Commissioners, acting under the provisions of chapter 359 of the Acts of the year 1896, and deeming it just and proper that such action should be taken on said application,

Ordered, That the amounts hereinafter specified, be and the same are hereby, abated:

Charles H. Belledeu, Burt street, lot 18, assessed February 14, 1900, apportionment for 1905, \$86.30; apportionment for 1906, \$86.30; apportionment for 1907, \$86.30; apportionment for 1908, \$86.30; apportionment for 1909, \$86.30; apportionment for 1910, \$86.30. Total, \$517.80.

W. P. A.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING ORNAMENTAL IRON PICKET FENCE, ETC.

The Supply Department of the City of Boston invites proposals for furnishing ornamental iron picket fence, etc., to the Park Department, as per specifications contained in forms which may be obtained at the office of the Supply Department, Room 1001, City Hall Annex. The bidder must leave his proposal with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. ENVELOPES CONTAINING BIDS TO BE SEALED AND PLAINLY MARKED "PROPOSAL FOR FENCE." There will be a charge of twenty-five cents (\$.25) for each blank proposal taken out. The bids will be publicly opened and read Friday, August 30, 1940, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

JOHN A. BREEN,

(Aug. 24.) Superintendent of Supplies.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING SHEETING.

The Supply Department of the City of Boston invites proposals for furnishing sheeting to the Penal Institutions Department, as per specifications contained in forms which may be obtained at the office of the Supply Department, Room 1001, City Hall Annex. The bidder must leave his proposal with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. ENVELOPES CONTAINING BIDS TO BE SEALED AND PLAINLY MARKED "PROPOSAL FOR SHEETING." There will be a charge of twenty-five cents (\$.25) for each blank proposal taken out. The bids will be publicly opened and read Tuesday, September 3, 1940, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

JOHN A. BREEN,

(Aug. 24.) Superintendent of Supplies.

SUPPLY DEPARTMENT.

The City of Boston invites proposals for furnishing fruits, vegetables, meats, butter, eggs and cheese.

Proposals for furnishing fruits and vegetables close at 11 a. m. daily at the Supply Department. Proposals for furnishing meats and butter, eggs and cheese close every Thursday at 2 p. m. Proposals for furnishing manufactured meat products close the last Thursday of each month at 2 p. m.

Proposals and specifications for the above may be obtained in Room 1001, City Hall Annex.

JOHN A. BREEN,

Superintendent of Supplies.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR REPAIRING BEACON STREET, DARTMOUTH STREET AND BROOKLINE AVENUE BRIDGES OVER THE BOSTON AND ALBANY RAILROAD.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for repairing Beacon Street, Dartmouth Street and Brookline Avenue Bridges over the Boston and Albany Railroad, and giving bond therefor of a surety company approved by the Commissioner in the sum of 100 per cent of the contract to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Bid for Repairing Beacon Street, Dartmouth Street and Brookline Avenue Bridges over the Boston and Albany Railroad," and left at Room 508, fifth floor, City Hall Annex, before 12 o'clock m. on Wednesday, September 4, 1940, with a certified check for two hundred (200) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor, previous to the time named for opening the bids. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the bid containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The undersigned reserves the right to reject any or all proposals should he deem it to be for the best interest of the city so to do.

GEORGE G. HYLAND,

(Aug. 24.) Commissioner of Public Works.

FREE SERVICE TO EMPLOYERS AND APPLICANTS.

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

PROPOSALS FOR THE ERECTION AND COMPLETION OF AN ELEMENTARY SCHOOL, AGASSIZ DISTRICT, LOUDER'S LANE, JAMAICA PLAIN, BOSTON, MASS.

The Superintendent of Construction, Department of School Buildings, City of Boston, invites sealed proposals for the erection and completion of an elementary school, Agassiz District, Louder's lane, Jamaica Plain, Boston, Mass. Forms of proposals may be obtained at the office of the Superintendent of Construction, fourth floor, 26 Norman street, Boston, Mass. Each proposal must be signed by the bidder, placed in an envelope, properly sealed, and marked "Proposal for Erection and Completion of an Elementary School, Agassiz District, Louder's Lane, Jamaica Plain, Boston, Mass.," and left at the office of the Superintendent of Construction, fourth floor, 26 Norman street, Boston, Mass., before 2 p. m., Thursday, September 12, 1940, accompanied by cash or certified check on, or a certificate of deposit issued by a responsible bank or trust company, payable to the City of Boston in the sum of \$4,500, to become and be the property of the City of Boston as liquidated damages, if, after an award is made to him, the bidder shall fail to enter into the contract therefor within ten days after notice of said award has been mailed to him. Bid bonds will not be accepted. Said proposals will then and there be publicly opened and read. Proposals must be made in duplicate, one with cash, certified check or certificate of deposit to be left as above, the other without cash, certified check or certificate of deposit to be filed with the City Auditor, City Hall, Boston, before the time stated above for the opening of proposals.

NOTICE TO SUB-BIDDERS.

All subcontractors bidding on the work designated in the proposal form shall deliver or mail to the awarding authority record copies of all bids sent by them to the general contractor. All such bids shall be in sealed envelopes plainly marked on the outside with the sub-contractor's name, the nature of the work bid upon and the name or names of bidders they include in their bids for any portion of the work, involving labor and materials. All such bids must be delivered to, or mailed to and received by the awarding authority, and mailed to and received by the general contractor, no later than 12 noon, Tuesday, September 10, 1940.

No sub-bid shall be considered in the final selection of sub-bidders except those filed with the awarding authority.

Plans and specifications may be examined at the Superintendent's office, fourth floor, 26 Norman street, Boston.

Sub-bidders shall use the proposal form for sub-bidders set forth in Chapter 480 of the Acts of 1939, copies of which may be obtained at local stationers or at the office of the awarding authority.

The names of all sub-bidders who file their bids with the awarding authority will be mailed by the awarding authority on the date of receipt to the general contractors bidding on the project and no sub-bidder not included on the list of sub-bidders shall be used by the general contractor in his bid.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained without cost upon application therefor at the office of the Superintendent of Construction, fourth floor, 26 Norman street, Boston. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract.

Upon deposit of a certified check in the sum of \$25, plans and specifications may be obtained at the office of the Superintendent of Construction, Department of School Buildings, fourth floor, 26 Norman street, Boston, said sum to be refunded on return of the plans and specifications in good condition.

A bond of a surety company, approved by the Superintendent of Construction, in the full amount of the contract, to secure the due performance of the contract and the full protection of the city, will be required. The Superintendent of Construction reserves the right to reject any and all bids if it be in the public interest so to do. The Superintendent of Construction also reserves the right to reject all sub-bids on any item or items in accordance with the provisions of chapter 480 of the Acts of 1939.

JAMES J. MAHUR,
Superintendent of Construction,
Department of School Buildings.

(Aug. 24.)

PROCEEDINGS OF CITY COUNCIL.

Monday, August 5, 1940.

Regular meeting of the City Council in the Council Chamber, City Hall, at two p. m. President GALVIN in the chair. Absent, Coun. Shattuck.

The meeting was opened with the salute to the Flag.

Lyons, Ward 20; Patrick John Sullivan, Ward 20; Hugh F. McAdam, Ward 21; Russell J. McCarthy, Ward 21; Carl S. Carlson, Ward 22; Stephen P. Melia, Ward 22; Fred J. Morin, Ward 22; George Ross, Ward 22; Arthur J. Sullivan, Ward 22.

APPOINTMENT BY THE MAYOR.

The following was received:

City of Boston,
Office of the Mayor, August 5, 1940.
To the City Council.

Gentlemen,—Subject to confirmation by your Honorable Body, I hereby appoint the following-named person as a constable of the City of Boston for the term of one year, beginning with the first day of May, 1940, without power to serve civil process and to serve without bond, vice Charles Boyce, deceased: Kane Simonian, 333 Meridian street, Ward 1.

Respectfully,
MAURICE J. TOBIN, Mayor.

Laid over one week under the law.

SALE OF LAND, MAVERICK STREET.

The following was received:

City of Boston,
Office of the Mayor, July 23, 1940.
To the Honorable the City Council.

Gentlemen,—I submit herewith an order for sale to John J. Previte and Grazia Previte of East Boston a certain parcel of land comprising two hundred and sixteen (216) square feet which is contiguous to a parcel of land now owned by the said Prevites, and situated on the northeasterly side of Maverick street, East Boston.

The Public Welfare Department informs me that this parcel of land is no longer needed for public purposes.

The assessed value of this parcel of land is \$1.00 per square foot.

The purpose of this sale is to allow the said John J. Previte and Grazia Previte to enlarge their home and store in the premises numbered 144-150 Maverick street.

John J. Previte and Grazia Previte have offered to the City of Boston the sum of \$250 as the purchase price of this parcel of land. This purchase price offer is in excess of the assessed valuation.

I am of the opinion that a sale of this parcel of land at the price of \$250 should be made to John J. Previte and Grazia Previte without public auction.

I recommend passage of the accompanying order by your Honorable Body.

Respectfully,
MAURICE J. TOBIN, Mayor.

Whereas, The City of Boston is the owner of a certain parcel of land situated on the northeasterly side of Maverick street in the East Boston district of the City of Boston, containing two hundred and sixteen (216) square feet, and now in the control of the Public Welfare Department; and

Whereas, John J. Previte and Grazia Previte, husband and wife, are the owners as tenants by the entirety of an estate situated on the northeasterly side of said Maverick street and adjoining the said premises owned by the City of Boston, and are desirous of obtaining the ownership of the said two hundred and sixteen (216) square feet of land; and

Whereas, The said two hundred and sixteen (216) square feet of land are no longer needed for public purposes; now, therefore, it is hereby

Ordered, That his Honor the Mayor be, and he hereby is, authorized to convey to the said John J. Previte and Grazia Previte by an instrument in writing satisfactory in form to the Law Department of the City of Boston and in consideration of the sum of two hundred fifty (250) dollars to be paid to the City of Boston and on the express condition that the said grantees at the expense of said grantees replace to the satisfaction of the Department of Public Welfare the iron fence and granolithic sidewalk now existing on the said premises, all the City of Boston's right, title and interest in and to said two hundred and sixteen square feet of land bounded and described as follows:

Northwesterly by land of John J. Previte and Grazia Previte, forty-three and 68-100 (43.68) feet; northeasterly by land of the City of Boston five (5) feet; southeasterly by other land of the City of Boston, forty-two and 78-100 (42.78) feet; southwesterly by the northeasterly line of Maverick street, five and 8-100 (5.08) feet, containing two hundred sixteen square feet of land, more or less.

Referred to Committee on Public Lands.

LICENSING OF DRIVING SCHOOLS.

The following was received:

City of Boston,
Office of the Mayor, August 5, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Police Commissioner relative to your order of July 1, 1940, concerning the establishing proper regulations and require a license for the operation of automobile driving schools.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Police Department, July 29, 1940.
William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Sir,—With reference to your memorandum dated July 1, 1940, relative to order of the City Council, to wit:

"Ordered, That the Police Commissioner, in cooperation with the Registrar of Motor Vehicles, be requested, through his Honor the Mayor, to establish proper regulations and require a license for the operation of automobile driving schools."

I have given this matter considerable thought, and it occurs to me that it might be advisable to have the Board of Street Commissioners designate certain streets to be set aside for use in connection with the instruction of student automobile drivers.

At the present time it is permissible for student automobile drivers to use any and all streets in the city. This practice, in such an unlimited area, is a source of potential danger, and I believe it should be subjected to some regulatory measures. I think it would be well if the practice followed in designating coasting streets in the winter were adopted in the matter of controlling those preparing to receive new automobile licenses.

Regarding that portion of the City Council order dealing with the suggestion that the Police Commissioner, in cooperation with the Registrar of Motor Vehicles, establish proper regulations and license requirements for automobile driving schools, I recommend that this matter be brought to the attention of the Corporation Counsel for the City of Boston for his consideration.

Yours respectfully,
JOSEPH F. TIMILTY,
Police Commissioner.

Placed on file.

CONSTRUCTION OF SIDEWALKS ON WHITFORD STREET.

The following was received:

City of Boston,
Office of the Mayor, August 5, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Public Works Commissioner relative to your order of June 3, 1940, concerning the construction of sidewalks on Whitford street, Ward 18, under the W. P. A. plan of construction.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department,
July 23, 1940.

To William T. Doyle, Chief Clerk, Mayor's Office.
From George G. Hyland, Commissioner, Public Works Department.

Subject: Sidewalks on Whitford Street.

I return herewith order in City Council that the Commissioner of Public Works construct sidewalks on Whitford street, Ward 18, under the W. P. A. plan of construction.

Please be advised that the installation of bituminous concrete sidewalks on this street is under consideration for submission for approval on a W. P. A. project.

GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

OPENING YARD OF TIMILTY SCHOOL.

The following was received:

City of Boston,
Office of the Mayor, August 5, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the School Committee Secretary relative to

your order of July 1, 1940, concerning the opening up the yard of the James P. Timilty School and to erect seats there for the convenience of the people of that district.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
School Committee, July 23, 1940.
Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Sir,—At a meeting of the City Council, July 1, 1940, an order was passed requesting the School Committee, through your Honor, to open up the yard of the James P. Timilty School and to erect seats there for the convenience of the people of that district.

The School Committee finds that this yard has never been operated as a playground because of the proximity of the play area across the street in the Norfolk House. It has been felt that this playground meets the requirements of the people of that neighborhood.

Furthermore, the department has no furniture which would be suitable for yard use.

All things considered, it seems to the School Committee inadvisable to comply with the suggestion of the City Council.

Very truly yours,
ELLEN M. CRONIN, Secretary.

Placed on file.

REPAIRING BENCHES AT BLACKSTONE PARK.

The following was received:

City of Boston,
Office of the Mayor, August 5, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Park Department Chairman relative to your order of July 22, 1940, concerning the making of needed repairs to the benches on both sides of Blackstone Park, Wards 8 and 9.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Park Department, August 2, 1940.
William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Sir,—I have your memorandum of July 31, with inclosure, order from the City Council that the Park Department make needed repairs to the benches at Blackstone Park.

Please be informed that the small carpentering force of the department is now trying to place benches all over the city that are more or less destroyed by vandals, in repair, and the force will get to Blackstone Park within a short time.

Very truly yours,
WILLIAM P. LONG, Chairman.

Placed on file.

PLACING OF WELFARE WORKERS AS ASSISTANTS IN PLAYGROUNDS.

The following was received:

City of Boston,
Office of the Mayor, August 5, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Park Department Chairman relative to your order of July 22, 1940, concerning the placing a few welfare workers in each playground to assist the groundkeeper.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Park Department, August 2, 1940.
William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Sir,—I have your memorandum of July 31, with inclosure, order from the City Council that a few welfare workers be placed in each playground to assist the groundkeeper.

Please be informed, if the welfare workers are made available, I will be only too pleased to comply with the request. At the present time I am unable to obtain the necessary number of welfare help to take care of the beaches.

Very truly yours,
WILLIAM P. LONG, Chairman.

Placed on file.

QUOITS FOR ROBERTS FIELD PLAYGROUND.

The following was received:

City of Boston,
Office of the Mayor, August 5, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Park Department Chairman relative to your order of July 22, 1940, concerning the supplying of quoits to Roberts Field Playground in Ward 17, Dorchester.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Park Department, August 2, 1940.
William T. Doyle,
Chief Clerk, Mayor's Office.
Dear Sir,—I have your memorandum of July 31, with inclosure, order from the City Council requesting the department to supply quoits at Roberts Field.

Please be informed that quoits are available at Roberts Field, by asking the physical instructor in charge of activities for same.

Very truly yours,
WILLIAM P. LONG, Chairman.

Placed on file.

CONSTRUCTION OF TENNIS COURTS AT COLUMBUS PARK.

The following was received:

City of Boston,
Office of the Mayor, August 5, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Park Department Chairman relative to your order of July 22, 1940, concerning the construction of a permanent black surface, with white lines, on the tennis courts at Columbus Park, Ward 7, as a W. P. A. project.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Park Department, August 2, 1940.
William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Sir,—I have your memorandum of July 22, with inclosure, order from the City Council that a permanent black top surface be placed on the tennis courts at Columbus Park, South Boston.

Please be assured this will receive my attention. A project is now on its way for this purpose, at the request of the councilor of the district.

Very truly yours,
WILLIAM P. LONG, Chairman.

Placed on file.

TRAFFIC LIGHTS AT MORaine STREET AND SOUTH HUNTINGTON AVENUE.

The following was received:

City of Boston,
Office of the Mayor, August 5, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Traffic Commissioner relative to your order of June 10, 1940, concerning the installation of automatic traffic signal lights at the junction of Moraine street and South Huntington avenue, Ward 19.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Traffic Commission, June 25, 1940.
Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Mr. Mayor,—This will acknowledge receipt of Council order dated June 10, 1940, which reads as follows:

"Ordered, That the Traffic Commission be requested, through his Honor the Mayor, to install automatic traffic signal lights at the junction of Moraine street and South Huntington avenue, Ward 19."

At the present time this commission maintains flashing lights at the intersection of Boylston street, Centre street, Moraine street and South Huntington avenue. To install traffic signals at this intersection, the cost would be approximately \$1,800. There are no funds available for such an installation.

Respectfully yours,
WILLIAM P. HICKEY, Commissioner.

Placed on file.

LOAN FOR RELIEF PROJECTS.

The following was received:

City of Boston,
Office of the Mayor, July 31, 1940.
To the City Council.

Gentlemen,—The appropriations in the budgets of the Fire Department, Park Department and Public Works Department, Paving Service, for W. P. A. projects will not be sufficient to carry on the projects now in operation. The Fire Department is sponsoring several projects, the most important of which is the laying of underground cable by the W. P. A. at a tremendous saving to the city. The Park Department sponsors approximately sixty projects employing an average of 5,000 men, and the Paving Service employs an average of 2,500 men on a very extensive street construction program. From a relief standpoint it is necessary that these projects be continued.

The Survey Committee has made an extensive study of the need for inventory control

in city departments, and it is their conclusion that such control is desirable. To determine upon the practicability of the plan it is necessary to engage competent accountants or industrial engineers to report in detail as to costs and methods to be pursued and to prepare a plan for a W. P. A. project to install such inventory control system as may be decided upon. This project will be sponsored by the Supply Department.

The additional appropriations necessary are as follows:

Fire Department.....	\$10,000
Park Department.....	150,000
Public Works Department, Paving Service.....	200,000
Supply Department.....	7,000
	<u>\$367,000</u>

Under the provisions of chapter 72 of the Acts of 1939 municipalities are authorized to borrow for Federal Emergency Unemployment Relief projects, and in accordance with this authorization I submit herewith a loan order providing for the borrowing of \$367,000 for Relief Projects, and recommend adoption by your Honorable Body.

Respectfully,
MAURICE J. TOBIN, Mayor.

Ordered, That under the provisions of chapter 72 of the Acts of 1939, a loan in the sum of \$367,000, outside the debt limit, be, and hereby is, authorized, and that the City Treasurer, upon request of the Mayor, be authorized to issue bonds or notes therefor, and that the said sum of \$367,000 be, and hereby is, appropriated, to be expended in accordance with the provisions of chapter 72 of the Acts of 1939 for the following purposes:

Fire Department.....	\$10,000
H. Relief Projects.....	
Park Department.....	150,000
H. Relief Projects.....	
Public Works Department Paving Service.....	200,000
H. Relief Projects.....	
Supply Department.....	7,000
H. Relief Projects.....	
	<u>\$367,000</u>

Referred to Executive Committee.

TRANSFER OF H, RELIEF FUNDS.

The following was received:

City of Boston,
Office of the Mayor, July 22, 1940.
To the City Council.

Gentlemen,—In order to initiate W. P. A. activities under the auspices of this office, I transmit herewith an order transferring the sum of \$9,000 from the H, Relief Projects, item in the Public Welfare Department to the H, Relief Projects, item in the Mayor's Office, and respectfully recommend adoption by your Honorable Body.

Respectfully,
MAURICE J. TOBIN, Mayor.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for Public Welfare Department, Central Office, H, Relief Projects, \$9,000, to the appropriation for Mayor, Office Expenses, H, Relief Projects, \$9,000.

Referred to Executive Committee.

TRANSFER OF FUNDS TO LAW AND STREET LAYING-OUT DEPARTMENTS.

The following was received:

City of Boston,
Office of the Mayor, August 1, 1940.
To the City Council.

Gentlemen,—The budget appropriations for relief projects in the budgets of the Law and Street Laying-Out Departments will not be sufficient to continue the projects now in operation. I am forwarding herewith order transferring the necessary sums from the H, Relief Projects, item in the Registry Department budget to the H, Relief Projects, items in the Law and Street Laying-Out Departments, respectively, and recommend adoption by your Honorable Body.

Respectfully,
MAURICE J. TOBIN, Mayor.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for Registry Department, H, Relief Projects, \$550, to the ap-

appropriation for Law Department, H, Relief Projects, \$400; Street Laying-Out Department, H, Relief Projects, \$150.

Referred to Executive Committee.

TRANSFERS WITHIN DEPARTMENTAL APPROPRIATIONS.

The following was received:

City of Boston,
Office of the Mayor, July 31, 1940.
To the City Council.

Gentlemen,—I am forwarding requests for transfers within departmental appropriations in the following departments and recommend adoption of the accompanying orders by your Honorable Body: Fire Department, Public Works Department, Water Service.

Respectfully,
MAURICE J. TOBIN, Mayor.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Fire Department:

From the appropriation for B, Contractual Services, \$1,500; C, Equipment, \$2,000; D, Supplies, \$500, to the appropriation for E, Materials, \$4,000.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Public Works Department, Water Service:

From the appropriation for E, Materials, \$1,000, to the appropriation for C, Equipment, \$1,000.

Referred to Executive Committee.

CLASSIFICATION CHANGES.

The following was received:

City of Boston,
Office of the Mayor, July 31, 1940.
To the City Council.

Gentlemen,—I transmit herewith for consideration by your Honorable Body the attached proposal by the Budget Commissioner of certain changes in the "Compensation and Classification Plans for the Officers and Employees of Suffolk County."

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Budget Department, July 31, 1940.
To the Mayor and the City Council.

Honorable dear Sirs,—Rule 3, "Classification of New Positions" of the "Compensation and Classification Plans for the Officers and Employees of Suffolk County," provides that, "Whenever a new position is established or the duties of a position are so changed that, in effect, the whole position, as described in the class specifications for the class to which it was originally allocated, no longer exists, but, in its place, there is created a new position of a different class, the appointing authority shall forthwith report this fact to the Budget Commissioner with a full statement of the circumstances and a description of the duties as changed."

In accordance with the provisions of this rule the Penal Institutions Commissioner has requested that the position of Construction and Maintenance Deputy Master be established at the House of Correction. After investigation of the actual and proposed duties and responsibilities of this new position, I propose and recommend the establishment of the following new classification:

Title of Class:
Construction and Maintenance Deputy Master.

Duties:

Under direction, to supervise the construction of new buildings and repair and maintenance of existing buildings at the House of Correction; to supervise the carpenter shop, the school desk repair and refinishing shop, the paint shop and the garage; and to perform other related work.

Range of Compensation:
Annual, \$2,600—\$2,700—\$2,800.

Respectfully,
FRANCIS X. LANG, Budget Commissioner.

Ordered, That the "Compensation and Classification Plans for the Officers and Employees of Suffolk County," as adopted by the City Council on April 13, 1931, and approved by the Mayor on April 15, 1931, be, and the same hereby are, amended to include the following new position:

Title of Class:
Construction and Maintenance Deputy Master.

Duties:

Under direction, to supervise the construction of new buildings and repair and maintenance of existing buildings at the House of Correction; to supervise the carpenter shop, the school desk repair and refinishing shop, the paint shop, and the garage; and to perform other related work.

Range of Compensation:
Annual, \$2,600—\$2,700—\$2,800.
Referred to Committee on County Accounts.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz:

Claims.

Samuel Bernstein, for compensation for damage to car by truck of Public Works Department.

Rita Boris, for compensation for damage to property at 1774 Columbia road, South Boston, caused by low water pressure.

Boston Putty Works, Inc., for compensation for damage to truck by city truck.

The Bradford of Boston, for compensation for damage to property caused by broken water pipe.

Harry W. Chapman, for compensation for damage to automobile caused by steel strapping on Charlestown Bridge.

Joseph Horn, to be reimbursed for accident which occurred while in performance of duty.

Celia H. Davis, for compensation for injuries caused by alleged defect on Bedford street.

Charles H. DeRusha, for compensation for damage to automobile caused by alleged failure of locking device of L Street Bridge.

Frances Esposito, for compensation for damage to property at 191 and 193 North street and 1 Jasper place, caused by broken water main.

Katherine Gilmore, for compensation for injuries caused by alleged defect of manhole cover on Russett road, West Roxbury.

Patrick E. Gilmore, for compensation for damage to car caused by alleged defect of manhole cover on Russett road, West Roxbury.

Charles F. Guiney, for reimbursement for execution issued against him.

James J. Kelly, for reimbursement for execution issued against him.

S. S. Kresge Company, for compensation for damage to property at 1492 Dorchester avenue, caused by backing up of sewage.

W. L. Murray, for compensation for damage to car by dump cart.

Ella A. Murphy, for compensation for injuries caused by alleged defect on sidewalk in front of 75 Dakota street.

Cornelius J. O'Leary, to be reimbursed for accident which occurred while in performance of duty.

John Parsons, for compensation for damage to car by city truck.

Helen H. Perry, for compensation for damage to car by city truck.

Margaret B. Scott, for compensation for damage to property at 48 Montfern avenue, Brighton, caused by broken water pipe.

Shaw Photographic Service, Inc., for compensation for damage to property at 138 Summer street, caused by alleged negligent maintenance of water meter.

LeRoy C. and Dorris N. Skillin, for compensation for personal injuries and damage to automobile by city truck.

Frank G. Twiss, for compensation for damage to car by city truck.

U-Dryvit Auto Rental Company, Inc., for compensation for damage to truck by city truck.

Harry Yalmezian, for compensation for damage to car by engine truck of Fire Department.

Licenses.

Colonial-Beacon Oil Company, for driveway opening at Washington street.

John Myles O'Toole, for driveway opening at St. Cecilia, Scotia and Cambridge streets.

Sears, Roebuck & Co., for driveway opening at 1370 Boyston street.

Thomas G. Plant Corporation, for driveway opening at Walden street.

Filling Stations Realty Company, for driveway opening at 1065 Massachusetts avenue.

Petition of Boston Elevated Railway Company to operate motor vehicles between Maverick square and Boston Airport.

TAKINGS BY EMINENT DOMAIN.

Notice was received of the filing with the Mayor of security by the Housing Authority for takings by eminent domain.

Placed on file.

PAYMENT OF AID TO SOLDIERS AND SAILORS.

Coun. ENGLERT, for the Committee on Soldiers' Relief, submitted report recommending passage of order for payment of aid to soldiers and sailors and their families in the City of Boston for the month of August, 1940.

OPPOSITION TO BUSINESS HOUSES REPLACING AMERICAN CITIZENS WITH REFUGEES.

Coun. CAREY offered the following:
Resolved, That the members of the Boston City Council are unalterably opposed to the methods being employed by certain business houses in the City of Boston of dismissing employees who are either American-born or naturalized citizens and replacing them with refugees from other countries; and be it further

Resolved, That an effort be made by his Honor the Mayor to obtain some united agreement from business houses in the city that such practice be stopped immediately.

Coun. CAREY—Mr. President, I am not attempting here to dictate to business houses who they shall employ and who they shall not employ, neither do I wish to put Mayor Tobin on the spot, so to speak, but it has come to my attention that some business houses in the city are dismissing employees, some of whom have been in their employ for a number of years, and replacing them with others who have recently come here as refugees. There is an old saying that "Charity begins at home," and I certainly believe it applies in this case. To permit these refugees to come here is nothing short of charity, and charity is a noble virtue, but I do not believe there is a man in this Body who will say it is charitable then to go further and after permitting these refugees to come here, to allow them to take employment from American-born or naturalized citizens in this country and deprive employment to those who have been life-long residents of this city. There might be some who might disagree, Mr. President. I am as charitable as the next one, and I will repeat that it is an honorable thing to permit those who are confused and must seek refuge to come to America, but I do not think it is fair to let those who are here be thrown out on the street and be deprived of their employment for these refugees. We have noted in the newspapers in the last week that several well-to-do people are bringing youngsters over here and I say, God bless them for it, provided they use their own money and do not interfere with the regular employment of those who are entitled to it as American-born citizens or naturalized citizens, and I certainly hope that a stop will be put to it; that these business houses here will agree that we have had a very serious unemployment situation here for a number of years and do not want to make it greater. Some might say that if they come here in numbers they will have to be provided for. Well, in my opinion that should be a Federal matter, or a private matter. It should not be one on the heads of the taxpayers and it will become a matter for the taxpayers' subsidy when they are brought here in numbers and must be provided for unless those who bring them here are financially able to take care of them. I do hope, however, that a practice which is starting on its way will be stopped immediately, and that no more citizens, be they American-born or naturalized, be deprived of employment for the sake of those brought here as refugees.

Passed under suspension of the rule.

INCREASE IN W. P. A. QUOTA.

Coun. CAREY offered the following:

Ordered, That his Honor the Mayor be requested to confer immediately with officials of the W. P. A., both in Washington and Boston, in an effort to obtain an increase in the quota for Boston.

Coun. CAREY—We are all being confronted daily by large numbers of people who have either been on the W. P. A. and were released months ago by the reduction after eighteen months' employment or sickness, and many others who have never had employment on the W. P. A., but who have been trying within recent months to obtain it. The quota here in Boston seems far insufficient. There are certain sections of the state and country that have benefited materially because of the money spent by the Federal Government for defense purposes. Here in Boston, however, we have not seemed to benefit to any great extent by it. The quota should be increased. People are walking the streets daily looking for their reassignment slip which will not come unless there is an increased quota, and I hope Mayor Tobin will go to Washington and consult the officials and take it up with the local

administrator in the hopes of getting a sizable increase in the near future. There seems to be a certain belief in the minds of certain officials that single people do not require employment. That certainly is not true, because everyone knows of great numbers who must go on the welfare and who will not be given sufficient maintenance on welfare and they should have employment. They are being deprived of that because of the fact they are single. They need it badly and if the quota is increased I hope arrangements will be made at that time to take better care of those single people.

Passed under suspension of the rule.

INSTALLATION OF "STOP" SIGNS AT LINDEN AND GARDEN STREETS.

Coun. WARD offered the following:
Ordered, That the Traffic Commission be requested, through his Honor the Mayor, to install "Stop" signs at the junction of Linden and Gardner streets, Ward 21.

Passed under suspension of the rule.

INSTALLATION OF BENCHES AT RINGER PLAYGROUND.

Coun. WARD offered the following:
Ordered, That the Park Commission be requested, through his Honor the Mayor, to install benches on the Ringer Playground, Ward 21.

Passed under suspension of the rule.

SIDEWALK AT 129 FALCON STREET.

Coun. COFFEY offered the following:
Ordered, That the Commissioner of Public Works make a sidewalk along No. 129 Falcon street, Ward 1, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Passed under suspension of the rule.

FREE ADMITTANCE OF EXPECTANT MOTHERS TO CITY HOSPITAL.

Coun. COFFEY offered the following:
Ordered, That his Honor the Mayor request the trustees of the Boston City Hospital to instruct the social workers to allow expectant mothers whose husbands are on welfare or W. P. A. to be admitted to the hospital free of charge.

Coun. COFFEY—Mr. President, last Friday night the Committee on Welfare held a meeting, and at the meeting it was brought up that mothers who were expecting babies who went to the City Hospital, if the mothers happened to be on the welfare or their husbands happened to be on the W. P. A., were asked for \$10 deposit before arrangements could be made to have them admitted into the City Hospital. As my order reads, I would like to have the trustees of the hospital make arrangements so when those mothers go there they will be examined and admitted into the hospital without being forced or being asked to get \$10 together before they can be admitted. I know several mothers in my district have come to me, and the only advice I could give them was to wait until the time they were about to have the baby and then either take a taxi or come down to the house and I would have my car present or some car there and take them over and then the authorities in the hospital would have to admit them as an emergency—and I hope this order will go through.

Passed under suspension of the rule.

WELFARE WORKERS IN CITY DEPARTMENTS WORKING FIVE FULL DAYS FOR TEN DOLLARS A WEEK.

Coun. COFFEY offered the following:
Ordered, That his Honor the Mayor request the Public Welfare Commissioner to stop welfare recipients getting \$10 a week from working five full days a week in the Election, Assessors and other departments alongside of men receiving five times their salary.

Coun. COFFEY—In this particular case it was called to my attention that two young men, married with families, who were three day-a-week men on the welfare receiving \$10 a week, were working in the Election Department and Assessing Department, and other departments, Tuesday, Wednesday, Thursday,

Friday and Saturday, five full days, and, of course, all they received for it is \$10 a week, and I do not think it is fair, as they are working alongside of men getting four and five times their salary. I think those men ought to be put in some other department or if they worked on a Saturday, would at least get two days credit for working that full day, as the Navy Yard pays time and a half or double time for anybody working on Saturday. I hope this system of placing those men to work five full days for \$10 a week will stop. I think it should stop. I do not think it is fair.

Passed under suspension of the rule.

PROPOSED LEGISLATION TO PROTECT DRAFTED W. P. A. WORKERS.

Coun. COFFEY offered the following:
Ordered, That his Honor the Mayor request Massachusetts representatives in Washington to pass legislation protecting W. P. A. workers who are the main support of families who are drafted by the Government, giving the families the difference in salary.

Coun. COFFEY—Mr. President, this was called to my attention last night by a young man of the draft age, and in his particular case he is a single man with a widowed mother and two minor sisters. In the event he is drafted the family is going to lose \$60 a month he gets, and the only income coming into that home will be \$21 a month and I think some arrangements should be made, or some legislation passed in Washington, for the Government to make up the difference and see that this home gets at least as much money from these men being drafted as they get when they are working on the W. P. A.

Passed under suspension of the rule.

REIMBURSING BOSTON SANATORIUM EMPLOYEES COMPELLED TO SLEEP OUTSIDE.

Coun. WICKES offered the following:
Ordered, That the trustees of the Boston City Hospital be requested, through his Honor the Mayor, to reimburse any employee of the Boston Sanatorium who sustained a loss in salary as a result of having to sleep in quarters outside of the hospital because of inadequate sleeping facilities at said hospital.

Passed under suspension of the rule.

RESURFACING HOOPER STREET.

Coun. WICKES offered the following:
Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to resurface with smooth pavement Hooper street, Ward 17.

Passed under suspension of the rule.

OPENING OF GIRLS' SECTION FIELD HOUSE AT ROBERTS FIELD.

Coun. WICKES offered the following:
Ordered, That the Park Commission be requested, through his Honor the Mayor, to open the girls' section of the Field House at Roberts Field, Ward 17.

Passed under suspension of the rule.

RESURFACE NEVADA STREET.

Coun. WICKES offered the following:
Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to resurface with smooth pavement Nevada street, Ward 17.

Passed under suspension of the rule.

ARC LIGHT AT 31 RIVER STREET.

Coun. WICKES offered the following:
Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to install an arc light on the private way located at 31 River street, Ward 17, which is city property.

Passed under suspension of the rule.

QUARTERS FOR LICENSING BUREAU AND TRANSIT DEPARTMENT.

Coun. FISH offered the following:
Ordered, That the Mayor of Boston request the Superintendent of Public Buildings to

provide suitable quarters by October 1, 1940, in city-owned buildings to house the Boston Licensing Bureau and Transit Department.

Coun. FISH—Mr. President, I have a newspaper clipping here which states that the building which houses the Boston Licensing Bureau and the Transit Commission is to be closed completely by October 1. I believe we have sufficient quarters to house those two departments, and I merely request in this order that the Superintendent of Public Buildings provide those quarters so that we will not have to pay any further rent for them.

Passed under suspension of the rule.

SUPPLEMENTING OF FEDERAL PAY FOR DRAFTED CITY EMPLOYEES.

Coun. FISH offered the following:
Ordered, That the City of Boston supplement the Federal pay of any city employees who may be called for service by conscription by an amount which would equal his present pay.

Coun. FISH—Mr. President, in this order I am not in any way advocating a peace-time draft. That is a problem for the Congress and Senate in Washington, and, personally, if I were a member of either of those two bodies it would take a lot of persuasive convincing to make me realize that there is a present necessity for it, but if Congress and the Senate of the United States do enact this legislation, and city employees are called upon to go, I believe they should suffer no financial loss during the time that they are absent from their city position. The passage of this order followed by the signature of the Mayor will guarantee any city employee who may be called in this draft, which is not yet enacted, and insure them of their full-time pay.

Passed under suspension of the rule.

STEP-RATE OF DRAFTED CITY EMPLOYEES.

Coun. FISH offered the following:
Ordered, That conscription by the Federal Government shall in no way affect or retard the step-rate of any city employee.

Coun. FISH—Mr. President, an order of this nature would hardly be necessary back a few years ago when we had a Civil Service Commissioner who believed a working man had rights and a Civil Service Commissioner who recognized that, but such is not the case today. Mr. Lupien, Civil Service Commissioner, by his cold and inhuman action in the past has given us every reason to believe that even enlisting to fight for the country,—yes, and to fight for Mr. Lupien himself, would not be sufficient to break down his cold-blooded tactics. There is no question or doubt in my mind that if this man is not curbed and any city employee is enjoying the privilege of step-rate, after serving one year in the conscription by the Federal Government, he will seize upon that opportunity to deprive him of one full year of that step rate. That is the motive in back of the order, Mr. President.

Passed under suspension of the rule.

APPOINTMENT OF ADDITIONAL FIREMEN.

Coun. KELLY offered the following:
Ordered, That the Fire Commissioner be requested, through his Honor the Mayor, to immediately take steps to appoint 100 additional firemen to the fire-fighting force.

Passed under suspension of the rule.

STAMP PLAN FOR BOSTON.

Coun. GOODE offered the following:
Ordered, That the Mayor of Boston confer with Milo Perkins, head of the Federal Surplus Commodities Commission, for the purpose of bringing the Cotton Stamp Plan to the City of Boston.

Coun. GOODE—Mr. President, several months ago I introduced an order into this Honorable Body, commending the Mayor for his efforts in bringing the food stamp plan to Boston. At that time Milo Perkins, the head of the Surplus Commodities Commission, saw fit to exclude Boston from the list of cities where the food stamp plan would go into effect. Since that time, through the Mayor's persistent efforts, Mr. Perkins has reversed his decision excluding Boston and I now understand the plan will be introduced here shortly. As you know, this plan will allow the poor of the city, through the purchase of surplus commodity stamps, to obtain \$1.50 value for every \$1 spent. This new plan, incidentally, is the idea of Secretary Wallace of the Department of Agriculture, and now candidate for Vice President of the United States, and the idea is that under this plan surplus commodities

of products, such as sheets, towels, underwear and dresses, will be given to the poor of Boston at much lesser rates than they are now able to obtain them. I feel that this will be of great benefit to the poor of Boston and I hope that if it is introduced here that pensioners and those living on a pittance and people receiving unemployment compensation will be permitted to partake of this plan.

Passed under suspension of the rule.

PROPOSED PROVISIONS FOR MARRIED EMPLOYEES AT LONG ISLAND TO LIVE AT HOME.

Coun. M. H. SULLIVAN and COFFEY offered the following:

Ordered, That the Institutions Commissioner be requested, through his Honor the Mayor, to seek to devise some plan whereby:

1. Married employees at Long Island Hospital may be permitted to live at home instead of being compelled to stay at the island six (6) evenings per week;

2. To rearrange the working hour schedule in order that married persons may go home to their families every night and return to work on the morning boat; be it further

Ordered, That the commissioner be requested to consider the advisability of granting such employees the \$400 annual sum now deducted from the annual salary for board and room, laundry, heat and light.

Passed under suspension of the rule.

UNION WAGES ON CONTRACTS.

Coun. D. F. SULLIVAN offered the following:

Ordered, That the Superintendent of Supplies be requested, through his Honor the Mayor, to stipulate union labor or at least the prevailing rate of wages in all future coal and oil contracts with the City of Boston.

Coun. SULLIVAN—Mr. President, I introduced this order to protect the wage standards of organized labor. I certainly believe an order of this nature will tend to drive out the chiselers and open the way for fair competition among the legitimate employers and I hope the order passes.

Passed under suspension of the rule.

ACCEPTANCE OF STREETS IN WARD 9.

Coun. D. F. SULLIVAN offered the following:

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out the following-named streets in Ward 9, under the W. P. A. plan of construction: Dallas place, Church place, Summer place.

Passed under suspension of the rule.

CORRECTION IN SPELLING OF FREDERICK W. MEALEY SQUARE.

Coun. LINEHAN offered the following:

Ordered, That the space at the junction of H and East Sixth streets, South Boston, be named Frederick W. Mealey square, in honor of said Mealey, late veteran of the World War, instead of Frederick W. Mealy square as entered on the order introduced in the City Council on June 3, 1940.

Passed under suspension of the rule.

INSTALLATION OF "STOP" SIGN AT POND STREET AND COLUMBIA ROAD.

Coun. LINEHAN offered the following:

Ordered, That his Honor the Mayor request the Traffic Commissioner to install a "Stop" sign at the junction of Pond street and Columbia road in Ward 7.

Passed under suspension of the rule.

REPAIR OF BENCHES ALONG STRANDWAY, COLUMBUS PARK AND MARINE PARK.

Coun. LINEHAN and SCANNELL offered the following:

Ordered, That his Honor the Mayor request the Park Commissioner to repair the benches along the Strandway, Columbus Park and Marine Park, South Boston.

Passed under suspension of the rule.

INVESTIGATION OF UNSANITARY CONDITION AT LONG ISLAND HOSPITAL.

Coun. SCANNELL and LYONS offered the following:

Ordered, That the Institutions Commissioner be requested, through his Honor the Mayor, to investigate the unsanitary conditions at the Long Island Hospital, particularly with regard to the lavatories, and to present for approval a W. P. A. project for the complete renovation of toilet and bedding facilities at the hospital.

Passed under suspension of the rule.

PREFERENCE TO SOUTH BOSTON RESIDENTS IN NEW SOUTH BOSTON PROJECT.

Coun. SCANNELL and LINEHAN offered the following:

Ordered, That the Boston Housing Authority be requested, through his Honor the Mayor, to give preference to South Boston residents when considering applicants for tenancy in the new South Boston project.

Passed under suspension of the rule.

SIDEWALK ON EAST SECOND STREET.

Coun. SCANNELL offered the following:

Ordered, That the Commissioner of Public Works make a sidewalk along East Second street, in front of Nos. 505 and 507, Ward 6, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Passed under suspension of the rule.

WELCOME TO YOUNG DEMOCRATS AT CONVENTION AT HOTEL BRUNSWICK.

Coun. WICKES offered the following:

Ordered, That the Mayor and City Council extend to the young Democrats of Massachusetts the greetings and welcome of the City of Boston on the occasion of their convention, August 9, 10, 11, in this city at the Hotel Brunswick.

Coun. WICKES—I would like to inform this Body at this time on this order. At the Hotel Brunswick on Friday night August 9, there will be a free dance invitation extended to all who wish to go by the young Democrats of Massachusetts, and on Saturday, the next night following, there will be a banquet there by the young Democrats at \$1.50 per person and I hope you will all go and greet the young Democrats of Massachusetts at this year's convention at the Hotel Brunswick.

Passed under suspension of the rule.

RESURFACING SOUTHERN AVENUE.

Coun. WICKES offered the following:

Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to resurface with smooth pavement, Southern avenue, from Washington street to Talbot avenue, Ward 17.

Passed under suspension of the rule.

ASSIGNMENT OF MATRON TO ROBERTS FIELD HOUSE.

Coun. WICKES offered the following:

Ordered, That the Park Commissioner be requested, through his Honor the Mayor, to assign a matron to Roberts Field House, Ward 17.

Passed under suspension of the rule.

"STOP" SIGNS AT GREENBRIER AND PARK STREETS.

Coun. WICKES offered the following:

Ordered, That the Traffic Commission be requested, through his Honor the Mayor, to place "Stop" signs at Greenbrier and Park streets, Dorchester, Ward 17.

Passed under suspension of the rule.

RESURFACE CAPEN STREET.

Coun. WICKES offered the following:

Ordered, That the Public Works Commissioner be requested, through his Honor the

Mayor, to resurface with smooth pavement Capen street, Ward 17, between Wilmington avenue and Fairmount street.

Passed under suspension of the rule.

REPAVING OF MASSACHUSETTS AVENUE.

Coun. CHASE offered the following:

Ordered, That inasmuch as the granite blocks located between the car tracks on Massachusetts avenue between St. Botolph and Boylston streets are a definite hazard and have constituted the primary cause of a noise nuisance for a number of years, that the manager of the Boston Elevated Railway Company be requested, through his Honor the Mayor, to make arrangements to reconstruct this area with a smooth type asphalt surface at the earliest opportunity this year.

Coun. CHASE—Mr. President, I understand the Public Works Commissioner this year has made arrangements for Massachusetts avenue, between St. Botolph and Beacon streets, to be reconstructed with a smooth type surface. The Boston Elevated will also have to cooperate with the Public Works Commissioner by taking care of the area between the car tracks. Today, they do not agree to reconstruct this area. Now, Mr. President, the granite blocks located between these car tracks on Massachusetts avenue are definitely a traffic hazard. They not only constitute a noise nuisance, but a number of my constituents have been injured, turning their ankle, by tripping through defects in the highway. The only solution is to have that area resurfaced with a smooth type asphalt surface and I trust that the Boston Elevated officials will endeavor to cooperate with the Public Works Commissioner in doing this work simultaneously when he reconstructs it under a W. P. A. plan of construction this year.

Passed under suspension of the rule.

CLEANING OF STATUES.

Coun. LANGAN offered the following:

Ordered, That the Art Commission be requested, through his Honor the Mayor, to clean up and remedy any defects in the statues of John Boyle O'Reilly and P. A. Collins.

Passed under suspension of the rule.

SIDEWALK, LOCHSTEAD AVENUE.

Coun. LANGAN offered the following:

Ordered, That the Commissioner of Public Works make a sidewalk along Lochstead avenue, at No. 21, Ward 19, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Passed under suspension of the rule.

SIDEWALK, POMFRET STREET.

Coun. LYONS offered the following:

Ordered, That the Commissioner of Public Works make a sidewalk along Pomfret street, from Maple street to Corey street, Ward 20, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, under the provisions of chapter 196 of the Special Acts of 1917.

Passed under suspension of the rule.

Coun. COFFEY—Mr. President, I stand up to make a motion. I would like to have the Democratic members of this Body go on record as favoring the convention at Chicago nominating Roosevelt and Wallace.

President GALVIN—The Chair rules the motion out of order.

RECESS.

The Council voted at 3.25 p. m., on motion of Coun. RUSSO, to take a recess subject to the call of the Chair. The members reassembled and were called to order by President GALVIN at 4.35 p. m.

EXECUTIVE COMMITTEE REPORTS.

Coun. LANGAN, for the Executive Committee, submitted the following:

1. Report on the message of the Mayor and order (referred this day) for loan of \$367,000 for various W. P. A. projects in the Fire,

Park, Public Works and Supply Departments—recommending order ought to pass.

Report accepted. Question came on the first reading of the order. Yeas 20, nays 0, and the order received its first reading.

2. Report on message of the Mayor and orders (referred this day) for transfer of H. Relief, appropriations to the Law, Street Laying-Out, Fire Departments, and Mayor's Office—recommending orders ought to pass.

Report accepted. Question came on the first reading of the various orders. Yeas 20, nays 0, and the orders received their first reading.

ELECTION OF OLD SOUTH ASSOCIATION MANAGERS.

On motion of President GALVIN, the Council proceeded to the election of two members of the Body as Managers of the Old South Association, with the following result:

For Coun. Scannell and Shattuck—Coun. Chase, Coffey, Englert, Fish, Galvin, Gottlieb, Goode, Hurley, Hutchinson, Kelly, Langan, Linehan, Lyons, Russo, Scannell, D. Sullivan, M. Sullivan, Taylor, Ward, Wickes.

Twenty votes were cast for Coun. Scannell and Shattuck, and they were declared unanimously elected Managers of the Old South Association.

CONFIRMATION OF APPOINTMENTS.

President GALVIN called up No. 2 on the calendar, viz.:

2. Action on appointments submitted by the Mayor July 22, 1940, of Michael J. Lynch to be a Weigher of Goods; and William A. Chevoor and Frank Peddle to be Weighers of Coal.

The question came on confirmation. Committee, Coun. Coffey and Ward. Whole number of ballots 18, yeas 18, nays 0, and the appointments were confirmed.

REPORT OF COMMITTEE ON LICENSES.

Coun. FISH, for the Committee on Licenses, on petition of John Myles O'Toole, for driveway opening at St. Cecilia, Scotia and Cambria streets—recommending that license be granted. Report accepted; license granted.

INVESTIGATION OF VIOLATION OF ORDINANCE ON SUNDAY BASEBALL.

Coun. GOTTLIEB offered the following: Whereas, The City of Boston ordinances provide for and permit of the playing of baseball on Sunday at Fenway Park under certain conditions and restrictions; and

Whereas, The Ordinances of 1929, section 1, subdivision 4, provides that "The fee or total charge made for any seat anywhere in or on said premises for the witnessing of the playing of professional athletic outdoor sports or games shall in no case be greater on the Lord's Day than on each week day"; and

Whereas, It is alleged that the fee or total charge made by the Boston American League Baseball Company at Fenway Park is greater on the Lord's Day than on each week day; therefore be it

Ordered, That his Honor the Mayor investigate the alleged violation of the City Ordinances relating to Sunday baseball by the Boston American League Baseball Company at Fenway Park.

Coun. GOTTLIEB—Mr. President, it has come to my attention that a man by the name of Timothy W. Murphy has filed suit in our Boston courts against the so-called Boston Red Sox, alleging that tickets were selling on week days for \$1.10 per ticket and are being sold for \$1.40 on Sundays in violation of our City Ordinance relating to such sale of tickets. Now the plaintiff in this suit is technically suing because of the loss which he sustained, but actually he is rendering, I think, a public service if he enables the City Council to determine whether or not there is such a violation and if there is a violation to see to it that the violation stops and that whatever money is or has been wrongfully collected is returned if at all possible. Now I think that we can reasonably assume that at the time this ordinance was passed the sole and specific purpose of the Boston City Council was to see to it that men and women who could not attend ball games on week days would have the opportunity to attend Sunday ball games and enjoy the games on Sundays at no extra charge. There is no sound reason why the public should be roasted on Sunday. There is no doubt in my mind that Sunday baseball is yielding plenty of profit at the regular rates and there should be no further soaking of the

public on that day. Soft drinks and peanuts and other things are sold at the ball parks for which they receive what I consider an exorbitantly unreasonable price. We can take, for example, peanuts, which cost one cent a bag, and there is no extra rental for the sale of these peanuts and people have to pay ten and fifteen cents for a bag of peanuts, and there is no justification for such charge. Now the majority of the patrons of the ball parks are poor people, who should receive a better "break" than they do. Our ordinance provides as a penalty for violation of the rules that the license should be revoked if there is a violation. Now I am not asking, nor do I think a revocation of the license of the Boston Red Sox would be a proper penalty. Probably a revocation would work a hardship on thousands of people in the city, but I do strongly feel that if prices have been charged, and I believe they have been on many Sundays, in excess of the price that is charged for the same tickets on week days, that the Boston Red Sox should either return that money to the ticket purchasers or if they cannot get the holders of the tickets, that that money—and I think it amounts to many thousands of dollars—should be turned over to the Welfare Department of Boston to be used to lighten the welfare load of the City of Boston and I have asked for this investigation for that purpose, and I feel that the Boston Red Sox should open up their books and disclose how much money is wrongfully in their possession because of this violation of our ordinance, and I hope the Council will see fit to pass this order.

Coun. WARD—I do not believe the Boston City Council should mix in something that is none of their business. I feel that Tom Yawkey is trying to give the baseball public of Boston what they want. I do not believe that as members of the Boston City Council we should interfere and tell them how to run their ball club. By the same token, the Boston Braves are not drawing any crowd up there, and if an opportunity is given to Bob Quinn to make a dollar,—he has lost plenty of money in Boston,—I think he should be afforded that opportunity. I do not think Yawkey has made money. I think the Boston City Council should keep its nose out.

Coun. GOTTLIEB—I call the attention of the councilor from Brighton to the Ordinance of 1929, section 1, subdivision 4, which reads as follows:

"The fee or total charge made for any seat anywhere in or on said premises for the witnessing of the playing of professional athletic outdoor sports or games shall in no case be greater on the Lord's Day than on each week day."

Now, Mr. President, as I said before, there was a strong and definite reason for the passing of this ordinance. It was to give to working men and women an opportunity to go to Sunday baseball games at no greater charge than the regular week day charge. Now, while on the subject of ordinances relating to these baseball games, I also call to the attention of this Body subdivision 3 of the same Ordinance of 1929, which reads:

"The licensees shall furnish such sufficient facilities for free drinking water on said premises as shall be approved by the Health Commissioner."

Now I think I am speaking accurately when I say in a park which can accommodate 30,000 or 35,000 people, and there are only two drinking fountains, I think that is certainly insufficient drinking facilities, and if the purpose of such inadequate drinking facilities is to compel patrons to buy soft drinks at a fancy price, then I think it is time the Health Commissioner also compelled the Boston parks to install more adequate drinking facilities.

Passed under suspension of the rule.

BREMEN STREET WALL.

Coun. COFFEY—I ask unanimous consent to make a statement.

President GALVIN—Do I hear any objection?

Coun. TAYLOR—I object.

Coun. COFFEY—I have an order I would like to introduce.

Coun. COFFEY offered the following:

"Ordered, That his Honor the Mayor request W. P. A. authorities to investigate the knocking down of a W. P. A. wall on Bremen street, East Boston."

Coun. COFFEY—Mr. President, I wanted to talk on this, so I thought I might be objected to and therefore thought I would have the order ready in the event it was objected to.

Coun. TAYLOR—Mr. President, on a point of order.

President GALVIN—Will you state the point of order?

Coun. TAYLOR—Is this a duplicate order of the one we had two weeks ago?

President GALVIN—The councilor can answer that question.

Coun. COFFEY—This order was defeated two weeks ago,—a similar order. The previous order was for the Federal authorities to investigate, and this is W. P. A. authorities. Mr. President, today, the same as two weeks ago, I went out to Executive session and to my surprise I saw Commissioner Hyland there. He first made the request to be present and was granted permission. The only objection I had was the fact that I was not notified that the Public Works Commissioner was going to be there, as I intended to have some witnesses there to prove beyond doubt that not only this wall was knocked down, but a curbing had been taken up. Now, for the benefit of one of the reporters who said to me in his opinion the Public Works Commissioner had authority to grant this opening, a decision rendered by the Corporation Counsel states that the City Council has nothing to do with that opening, but if a man wants an opening for a gasoline station or any other use to be used as a driveway, he first must apply to the Public Works Commissioner and in the event the Public Works Commissioner approves then that man has to petition the Boston City Council for that opening. Now I say, according to Mr. Hyland's own statement, he said there was a 45-foot opening granted, or that there was a 45-foot opening taken. Any way you want to look at it, the 45-foot opening is there and that is in addition to the 35-foot opening granted to this man by this Boston City Council when he filed a petition and it came through the regular channels through the Public Works Commissioner, and so forth. Now today out there, all I heard from the Public Works Commissioner was the fact that I was this, that and the other thing,—but on the other hand, the Public Works Commissioner showed us conclusively that he, too, is this, that and the other thing. Now, the only fight the man had, if the report is true, which was scandalous because of his size, was with the gentleman from Ward 22 when he went up there trying to get some snow buttons or information as to how he could put men to work,—it appeared in the Boston newspapers, in one paper he was slugged—

Coun. TAYLOR—Mr. President, on a point of order. I do not think the gentleman's statement is on the order. The Chair ruled the councilor confine his remarks to the order.

Coun. COFFEY—Mr. President, on a point of order. Two weeks ago in this chamber I made some statement which the Chair allowed the councilor from Ward 4 to answer and the Chair's position at that time was that it was a personal privilege because of statements I had made. Now I ask that same privilege because of statements made by the Public Works Commissioner in Executive.

President GALVIN—The Chair ruled the councilor from Ward 4 was speaking relative to the order then before the Council for the striking out of the personal remarks made on that day and it referred to conversation in Council prior to the order and after the order and the councilor from Ward 4 was in order that particular time. Now the order before the house at the present time is relating to requesting his Honor the Mayor to request W. P. A. authorities to investigate the knocking down of a W. P. A. wall on Bremen street, East Boston, and I refer the councilor to the order.

Coun. COFFEY—All right. I ask a point of personal privilege to answer the charges made by the Public Works Commissioner in Executive.

President GALVIN—I might suggest there is absolutely nothing in the record here before the main body of the Council that we can refer to in writing. Therefore, I would have to refer you back to the Executive Committee for whatever statement you might care to make to defend yourself.

Coun. COFFEY—Again I ask a point of personal privilege to ask the consent of the Council to grant me the same permission to answer these charges that the Public Works Commissioner made in Executive. I think I ought to be given the same privilege.

President GALVIN—Councilor Coffey requests the privilege of answering the Public Works Commissioner's statement in Executive chamber. Do I hear any objection? (No response.) I hear no objection and Councilor Coffey, after he has finished on the order before the house, may proceed.

Coun. COFFEY—All right. All I want to say is the fact that this is a similar order to the granting of that permit for a slaughter house. The 80-foot opening is there. The petition did not come through the Council and in regard to the gentleman's statement, he made the statement down there and I would like to have the other twenty members of the Council—

President GALVIN—The Chair inquires whether you have completed the order before the Body?

Coun. COFFEY—I completed with the order.

President GALVIN—Councilor Coffey requests suspension of the rule and passage of the order.

Coun. LANGAN—I feel, as chairman of the Executive Committee, that I should make a statement relative to what took place in Executive Committee.

Coun. COFFEY—Mr. President, on a point of order. Have I not still got the floor?

President GALVIN—Not on the order.

Coun. LANGAN—There seems to be a great deal of contention as to what exactly the physical situation was before a gas station was erected in a particular section of East Boston. Some weeks ago an order was introduced and the Public Works Commissioner was brought before the Executive Committee. At that time he stated it was his memory that no particular curbstone had been at that particular location. He called upon the official maps of the City of Boston to back up his opinion and memory and also asked the memory of an engineer. Both the map and the memory of the engineer were to the effect that no curbstone existed at the location where this gas station was erected. The Public Works Commissioner explained at that time to the members of this Body in Executive, that a 450-foot wall had been built along Bremen street; that prior to the building of that wall no curbstone had existed; that subsequent to the building of the wall the owner of the gas station requested he be given permission to knock down that wall so that he could transact business. The Public Works Commissioner stated he gave him that permission and that in knocking down that wall there was access given to the gas station without removing any curbstone,—the curbstone never having existed. Now the controversy which was taken up again this week was along the same line as to whether or not the curbstone did exist at that particular location. If a curbstone did exist, then it was necessary for the owner of the station to get a permit for a 35-foot opening. The Public Works Commissioner stated that there was no curbstone existing there and the Acting Corporation Counsel stated that in places where there was no curbstone and no sidewalk it was not necessary for the owner to get permission of the City Council. Now I suppose that is a matter of controversy. Councilor Coffey states that the curbstone did exist before the gas station was erected, and the records of the City of Boston, through the Street Laying-Out Department and the memory of the engineers who constructed streets in the City of Boston, is to the effect that they did not exist.

Coun. COFFEY—Mr. President, on a point of order. In answer to the gentleman from the other side of the room, I would like to refresh his memory. Commissioner Hyland, when he sent for the engineer, the engineer brought the map up but could show nothing on the map because it was a very old map and the fact this wall was built only last year, they would have nothing to show whether there was a curbing there or not. Now I call it to the attention of this Body that the Public Works Commissioner said two weeks ago that in the event there was a curbing there he would make this man put the curbing back. Now that is a matter of fact that happened in the Executive chamber two weeks ago. Now he comes in today and makes the statement that in the first place there was no curbing there. That doesn't change the picture. The fact is there is a wall there of some 400 feet and the curbing ran the entire length of the wall up until the opening of this driveway and then continued on Bremen street to Bennington street. That curbing is on both sides and once more I call it to the Body's attention that the Corporation Counsel made a decision that the Council had nothing to do with the construction of sidewalks. I admit that, but he also said if they want a driveway opening they first have to have the approval of the Public Works Commissioner and then that petition comes down for approval by this Body. He went further and said that it is a matter of a ruling of the Mayor that he will not allow more than a 35-foot opening, and I insist there is an 80-foot opening there.

President GALVIN—The order is referred to the Executive Committee, and the Chair recognizes Councilor Coffey.

Coun. COFFEY—All I want to say is that the Public Works Commissioner said Coffey is this, that and the other thing. I want to bring out that in the last eleven months people did not make a mistake by electing me, but even if they did, they went ahead the following year and elected me as their councilor, and I did not make a speech in East Boston, so I must have some friends in that particular district.

Coun. TAYLOR—Mr. Chairman, on a point of order. I thought this speech was going to be made in Executive session.

Coun. COFFEY—I have the floor, Mr. President, and I insist on answering Commissioner Hyland.

President GALVIN—The councilor is talking on the point of personal privilege granted by the Council.

Coun. COFFEY—It is too bad you cannot be shut up. Seeing that I have got the point of personal privilege, which I won't get again in the next seventeen months from the way things are going, I might as well take advantage of it. But in answer to the Public Works Commissioner, as I was going on I said he had one row with the councilor, and I would like to have the councilors remember this fact,—the statement he made in there that he doesn't care who the councilor is that says anything, he will kick his head off if he has to put the boots to him. I would like to have the press print that, and also remind them he is one of Mayor Tobin's appointees and that he brought out the Mayor was giving this, that and the other sort of administration, and is a very honest man, and so forth. Well, I would like to ask,—which I didn't get the chance to ask some time ago, if he wouldn't bring those books in on the snow removal equipment that was put on by the councilors. According to the Finance Commission's report, I think the Council here should go through and let us find out if the Finance Commission had anything when they said the councilors impeded the snow removal work by demanding the Public Works Commissioner to put on snow removal equipment, put on trucks and put on their men. I think there should be an investigation into that, and I intend to file an order on that today.

PRODUCTION OF BOOKS OF PUBLIC WORKS COMMISSIONER.

Coun. COFFEY offered the following:
Ordered, That his Honor the Mayor request the Public Works Commissioner to produce his books which will substantiate the claims of the Finance Commission when they stated that during the last snowstorm the City Councilors impeded the work of the Public Works Department by demanding that trucks and their constituents be put to work.

Coun. COFFEY—Mr. President, on this order all I have to say is something along the line I have just talked on. I think the Public Works Commissioner should be forced by the members of this Council to produce those books to protect the councilors who had nothing to do with the putting on of any snow removal equipment, or any trucks, or forcing the Public Works Commissioner to put on any of their hirelings or constituents. I think if we do not a cloud of suspicion will hang over this Council Chamber and the Public Works Commissioner talks of honesty. Let us produce the books and see what is going on there.

President GALVIN—The order is referred to the Executive Committee.

ADJOURNMENT.

President GALVIN—Councilor WARD moves that when we adjourn we adjourn to meet on August 19.

Coun. COFFEY—Talking on the order of postponing the meeting to August 19, I think that the councilors along with the Mayor of Boston have had plenty of vacation during this year and I think from now on we ought to meet until we go out of office a year from next December, and I hope this meeting will be adjourned for one week as it should be instead of until August 19.

The motion was carried. Coun. COFFEY doubted the vote and asked for a roll call. On roll call the motion to adjourn to August 19 was carried, yeas 12, nays 6:

Yeas—Coun. Englert, Fish, Galvin, Goode, Hurley, Hutchinson, Langan, Lyons, Scannell, D. F. Sullivan, Taylor, Ward—12.

Nays—Coun. Carey, Chase, Coffey, Kelly, Russo, Wickes—6.

Coun. COFFEY—I move we now go out in Executive Session, so we can act on this order of mine that the Public Works Commissioner produce his books.

President GALVIN—Councilor COFFEY moves we take a recess to go into Executive Session for the purpose of acting on his order.

The motion was lost, and Coun. COFFEY doubted the vote and asked for a roll call.

The order was lost, yeas 2, nays 18:

Yeas—Coun. Coffey, Kelly—2.

Nays—Coun. Carey, Chase, Englert, Fish, Galvin, Goode, Hurley, Hutchinson, Langan, Linehan, Lyons, Russo, Scannell, D. F. Sullivan, M. H. Sullivan, Taylor, Ward, Wickes

Adjourned, on motion of Coun. D. F. SULLIVAN, at 5:15 p. m. to meet on Monday, August 19, 1940, at 2 p. m.

CIVIL SERVICE EXAMINATIONS. (STATE.)

STATE EXAMINERS OF ELECTRICIANS, 1940.

Examinations will be held at the following points and on the following dates:

Boston, Wednesday, September 11.
Worcester, Thursday, September 12.
Springfield, Wednesday, October 16.
Pittsfield, Thursday, October 17.
Boston, Wednesday, November 13.
Lowell, Thursday, November 14.
Boston, Wednesday, December 4.
New Bedford, Thursday, December 5.
New Bedford, Friday, December 6.

Rules for Examinations.

All examinations shall be given in English.

Applicants for Class B or journeyman's certificate must be at least eighteen years of age and have had at least two years' practical experience or the equivalent in the installation of wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Applicants for Class A or master's certificate must be at least twenty-one years of age and have had at least two years' experience in the business of installing wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes. Examination shall consist of applicant's knowledge of the National Electrical Code and practical electrical work.

All persons desiring to be examined, either for a master or journeyman certificate, shall have application on file at least ten days previous to the date of such examination.

Applicants for examination will be required to obtain at least 70 per cent in order to obtain a certificate.

Applicants who fail to obtain the required 70 per cent will not be entitled to re-examination until a period of three months has elapsed, and those who receive less than 50 per cent or who fail on the practical demonstration, will not be re-examined for a period of six months.

Any person found referring to notes or books, or misbehaving during an examination, will be debarred from that examination.

Notice will be sent to applicants for certificates when and where examination will be held and only those so notified will be examined on that day.

STEPHEN C. GARRITY,
WALTER F. DOWNEY,
ULYSSES J. LUPIN,
ALBERT FRANK,
WALTER J. KENEFICK,

State Examiners of Electricians.

For application blanks or other information apply to State Examiners of Electricians, Room 303, 14 Beacon street, Boston, Mass.

FOR AIDING BOYS.

In an effort to lend a helping hand to misfit and underprivileged boys and to stem the alarming flow of young men into penal institutions and lives of crime, Big Brother Bureaus are being organized by the police departments of various cities. The International Association of Chiefs of Police urges all police jurisdictions to join the Big Brother League.

CIVIL SERVICE EXAMINATIONS.
(STATE SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence. The lists established as a result of these examinations will be used to fill all vacancies in these classifications in the various State Departments.

DENTAL ASSISTANT, DEPARTMENT OF
MENTAL HEALTH, SEPTEMBER 28, 1940.

Last date for filing applications, Saturday, September 14, 1940, at 12 noon.

This examination is open to females only.

The entrance salary with maintenance, is \$780 a year; the maximum salary, with maintenance, is \$1,080 a year. The entrance salary without maintenance, is \$1,140; the maximum salary, without maintenance, is \$1,440 a year. The present vacancy is in the Belchertown State School.

Duties: To keep an accurate account of dental operations and perform other clerical work incident to dental appointments, and the requisition for supplies. To clean teeth under direction of the dentist. To be responsible for the sterilization of instruments and the general cleanliness of the dental suite. To assist in the taking and developing of dental X-rays. To perform simple laboratory tasks such as pouring models under the direction of the dentist.

Entrance Requirement: Applicants must be registered dental hygienists.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

JUNIOR CHEMIST, DEPARTMENT OF PUBLIC
HEALTH, SEPTEMBER 28, 1940.

Last date for filing applications, Saturday, September 14, 1940, at 12 noon.

This examination is open to both males and females.

The entrance salary is \$1,680 a year; the maximum salary is \$2,160 a year.

At the present time, there are two permanent male vacancies.

Duties: A. Under lesser supervision, (1) to operate, repair and calibrate commercial instruments for use in sampling industrial atmospheres; (2) to devise and construct apparatus for the sampling of gases and vapors in the air of industrial plants; (3) to maintain in proper operating condition laboratory equipment and machinery; (4) to analyze samples of atmospheric impurities collected from industrial establishments; (5) to equilibrate and prepare the activated charcoal apparatus or the determination of total organic vapors; (6) to prepare verbal or written abstracts of articles dealing with the analytical or toxicological aspects of occupational hygiene (including the translation of some foreign language articles if possible); (7) to prepare drawings of laboratory and field apparatus and floor plans of factory processes.

B. Under greater supervision, (1) to make studies of industrial processes involving possible hazards to health, in-

cluding the taking of samples of air; (2) to analyze samples of industrial products for the presence of ingredients which may constitute a health hazard; this involves especially the determination of heavy metals and the separation of complex mixtures of organic liquids; (3) to analyze samples of urine for benzol by the urine sulfate test, for lead by the method of Ross and Lucas, and for mercury by the method of Stock; (4) to prepare reports on the results of the studies outlined in B1.

C. Under close supervision, (1) to develop methods for the determination of gases, vapors and dusts not included in above; (2) to develop methods for the determination of toxic materials in urine; (3) to evaluate the health hazards associated with any given industrial process; and (4) to prepare reports dealing with the chemical aspects of toxicological studies.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

REVIEW EXAMINER, BOARD OF REVIEW, DIVISION OF UNEMPLOYMENT COM- PENSATION, SEPTEMBER 28, 1940.

Last date for filing applications, Saturday, September 14, 1940, at 12 noon.

This examination is open to both males and females.

The entrance salary is \$3,180 a year; the maximum salary is \$3,720 a year.

At the present time, there are four vacancies:—one female, and three male.

Duties: To hold formal hearings on cases of appealed claims; to direct the gathering of additional facts and data when necessary and to make decisions on matters affecting the eligibility of claimants for benefits and the amount and duration of such benefits.

Applicants should have a knowledge of the Massachusetts Unemployment Compensation Law and a knowledge of the Social Security Act, and of employment procedure in private industry.

Entrance Requirement: Applicants must have four years within the last ten of full-time paid experience in any of the following fields:—industrial relations in a plant employing at least five hundred persons, public employment service, social service administration, enforcement of labor relations laws, or fields related thereto.

Applicant's experience rating will be based on experience in the following lines:—employment in a professional or other responsible capacity in at least one of the following fields:—industrial relations, public employment service, social service administration, legal experience (work of an investigatory type), enforcement of Federal or State laws, or related fields.

Subjects and Weights: Training and experience, 3; practical questions, 2; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

State Primary, Tuesday, September 17, 1940.

State Election, Tuesday, November 5, 1940.

WILLIAM A. MOTLEY, JR., *Chairman,*
Board of Election Commissioners.

POLICE DEPARTMENT ORDERS.

General Order No. 506.

Patrolmen Elmer V. H. Brooks and Walter I. Garland, both attached to Division 13, are commended for meritorious police duty performed on the night of August 1, 1940, in the pursuit and capture of two persons in a stolen automobile who had committed a number of armed hold-ups in this city.

The Acting Commissioner is pleased to recognize and commend these officers for their prompt response to a radio message, as well as the alertness and initiative shown in the apprehension of these dangerous felons, which reflects credit on the department as a whole.

In addition each officer is granted one day extra vacation.

The Acting Superintendent of Police will promulgate this order.

EDWARD W. FALLON,
Acting Commissioner.

General Order No. 507.

A trial board consisting of Captains Casey, Donovan and McNabb, having heard by reference a complaint made by Capt. Francis J. Murphy, Division 19,

against James J. Murphy, patrolman, Division 19, for alleged violation of the Rules and Regulations of the Police Department, charging him with conduct unbecoming an officer, has reported to the Acting Commissioner a finding of guilty as charged.

The Acting Commissioner accepts the finding of the Trial Board and hereby orders that the said Patrolman James J. Murphy be suspended from duty for a period of thirty days, effective as of 7.45 o'clock a. m., July 13, 1940, and at the expiration of said suspension he perform 210 hours' punishment duty.

General Laws, chapter 31, section 46C, requires approval of the Director of Civil Service before reinstatement.

Chapter 31.

"Section 46C. An officer or employee of the commonwealth or of a city or town who has become separated from the classified civil service through fault or delinquency of his own shall, within thirty days after the filing of a written request by the appointing officer, be entitled to a hearing before the director. Upon good cause shown the director may, subject to section forty-six G, authorize his reinstatement in the same position or in a position in the same class and grade as that formerly held by him."

The Acting Superintendent of Police will promulgate this order.

EDWARD W. FALLON,
Acting Commissioner.

General Order No. 508.

A trial board consisting of Captains O'Connell, John F. McCarthy and Donovan, having heard by reference a complaint against Patrolman Thomas Dunn of Division 11, charging him with conduct unbecoming an officer, has reported to the Acting Commissioner a finding of guilty as charged. In accordance with which the said Patrolman Thomas Dunn was on August 13, 1940, at 5.45 o'clock p. m., dismissed from the Police Department.

Due written notice of such dismissal, with the reasons therefor, was duly and specifically given in hand on August 13, 1940, to the said Thomas Dunn.

The Acting Superintendent of Police will promulgate this order.

EDWARD W. FALLON,
Acting Commissioner.

General Order No. 509.

A trial board consisting of Captains O'Connell, John F. McCarthy and Donovan, having heard by reference a complaint against Patrolman Karl R. Wieck of Division 11, charging him with conduct unbecoming an officer, has reported to the Acting Commissioner a finding of guilty as charged. In accordance with which the said Patrolman Karl R. Wieck was on August 13, 1940, at 5.45 o'clock p. m., dismissed from the Police Department.

Due written notice of such dismissal, with the reasons therefor, was duly and specifically given in hand on August 13, 1940, to the said Karl R. Wieck.

The Acting Superintendent of Police will promulgate this order.

EDWARD W. FALLON,
Acting Commissioner.

General Order No. 510.

A trial board consisting of Captains Mullen, Grace and Donovan, having heard by reference a complaint made by Deputy Superintendent John T. O'Dea, Traffic Division, against Charles F. Kerrigan, patrolman, Traffic Division, for alleged violation of the Rules and Regulations of the Police Department, charging him with conduct unbecoming an officer, has reported to the Acting Commissioner a finding of not guilty of Specification 1 and guilty of Specification 2.

The Acting Commissioner accepts the finding of the Trial Board and hereby orders that the said Patrolman Charles F. Kerrigan be suspended from duty for a period of thirty days, effective as of 5.45 p. m., July 19, 1940, and at the expiration of said suspension he perform 210 hours' punishment duty.

General Laws, chapter 31, section 46C, requires approval of the Director of Civil Service before reinstatement.

Chapter 31.

"Section 46C. An officer or employee of the commonwealth or of a city or town who has become separated from the classified civil service through fault or delinquency of his own shall, within thirty days after the filing of a written request by the appointing officer, be entitled to a hearing before the director. Upon good cause shown the director may, subject to section forty-six G, authorize his reinstatement in the same position or in a position in the same class and grade as that formerly held by him."

The Acting Superintendent of Police will promulgate this order.

EDWARD W. FALLON,
Acting Commissioner.

General Order No. 511.

The Department of Civil Service and Registration will hold an examination for promotion to the grade of captain in the Boston Police Department, according to the following notice received at this office:

"This examination will be held on Thursday, October 3, 1940.

1. Salary: \$4,000 a year.

2. The examination is open to the permanent lieutenants in the Boston Police Department who have completed ten years of regular service in the department.

3. Duties: Regular duties of a police captain.

4. Subjects and weights of examination: Experience, 3; practical questions, 7; total, 10.

5. Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

6. Application blanks may be obtained from the office of Commissioner Timilty. The vouchers on these blanks need not be filled out. When completed, applications should be sent to the Division of Civil Service, Rooms 143-152, State House, Boston. Applications must be placed on file not later than Thursday, September 19, 1940, at 5 p. m.

7. Applicants will be notified of the time and place of examination.

ULYSSES J. LUPIN,
Director of Civil Service."

This notice may be construed to include lieutenants who have completed ten years of regular service in the department.

Persons concerned will notice particularly that applications when filled out are to be returned to the office of the Director of Civil Service, State House, Boston, not later than Thursday, September 19, at 5 p. m.

Commanding officers will promulgate this order not only by reading it at roll call, but by posting a copy thereof in a conspicuous and accessible place in each station house, where it may be easily read, and it shall remain posted until after the date of the examination.

Commanding officers will secure a fresh copy from the Superintendent if the posted copy becomes mutilated or destroyed.

The Acting Superintendent of Police will promulgate this order.

EDWARD W. FALLON,
Acting Police Commissioner.

LAND-TAKING IN HYDE PARK.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Windsor street, Hyde Park district, as a highway, from Tileston street northeasterly, with the name of Winborough street or some other distinctive name, bounded and described as follows:

A highway named Winborough street is hereby laid out from Tileston street to Taunton avenue, and ordered constructed.

For the making of the aforesaid improvement an easement for street purposes is hereby taken in the following described land, exclusive of trees or structures standing upon or affixed thereto:

A parcel of land, supposed to belong to David S. Douglas, City of Boston Tax Deed, bounded:

Northeasterly by Taunton avenue, feet; southeasterly by other land hereinafter described as taken from said Douglas, eighty feet; southwesterly by land hereinafter described as taken from Tarutz, ten and 72-100 feet; and northwesterly by other land supposed to belong to said Douglas, eighty feet, containing eight hundred and twenty-nine square feet, more or less.

A parcel of land, supposed to belong to David S. Douglas, City of Boston Tax Deed, bounded:

Northeasterly by Taunton avenue, thirty feet; southeasterly by other land supposed to belong to said Douglas, eighty feet; southwesterly by the northeasterly line of Windsor street, and by land supposed to belong to Tarutz, twenty-nine and 28-100 feet; and northwesterly by land hereinafter described as taken from said Douglas, eighty feet, containing twenty-three hundred and seventy-one square feet, more or less.

A parcel of land, supposed to belong to Max Tarutz, bounded:

Northeasterly by land hereinafter described as taken from Douglas, thirteen and 22-100 feet; southerly by the northerly line of Windsor street, one hundred forty and 53-100 feet; northwesterly by other land supposed to belong to said Tarutz, one hundred thirty-nine and 79-100 feet, containing nine hundred and twenty-four square feet,

more or less. The land, owners unknown, being the private way known as Windsor street.

Trees or structures standing upon or affixed to the aforescribed land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Said Winborough street, as hereby laid out, is bounded and described as follows:

Westerly by Tileston street, forty-eight and 31-100 feet; northwesterly by the northwesterly line of said Winborough street, as hereby laid out, five hundred forty-nine and 51-100 feet; northeasterly by Taunton avenue, forty feet; and southeasterly by the southeasterly line of said Winborough street, as hereby laid out, five hundred seventy-six and 96-100 feet.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on Winborough street, as laid out under this order, from Tileston street to Taunton avenue, will receive benefit or advantage, beyond the general advantage to all real estate in said city from the improvement herein ordered; each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Windsor Street, Hyde Park, Assessment Plan, May 28, 1940, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

David S. Douglas, City of Boston Tax Deed, 2,371 square feet, \$1.00.

Max Tarutz, 924 square feet, \$1.00.

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Victoria road, Dorchester district, as a highway, from Gullivan Boulevard to St. Brendan road, with the

name of Vienna road or some other distinctive name, bounded and described as follows:

A highway named Rita road is hereby laid out, from Gullivan Boulevard to St. Brendan road, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Northerly by Gullivan Boulevard, forty feet; easterly by the easterly line of said Rita road as hereby laid out, six hundred twelve and 70-100 feet; southerly by the southerly line of said Rita road as hereby laid out, one hundred twelve and 43-100 feet; westerly by St. Brendan road, fifty-three and 19-100 feet; northerly by the northerly line of said Rita road as hereby laid out, by two measurements, twenty and 90-100 feet on a curve of fifteen feet radius and fifty-four and 28-100 feet; westerly by the westerly line of said Rita road as hereby laid out, twenty-two and 94-100 feet on a curve of fifteen feet radius, and again westerly by the westerly line of said Rita road as hereby laid out, five hundred sixty and 49-100 feet.

Trees or structures standing upon or affixed to the aforescribed land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on all sides of Rita road, as laid out under this order, from Gullivan Boulevard to St. Brendan road, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Rita Road, Dorchester, Assessment Plan, July 5, 1940, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the laying out and construction of Rita road, formerly Victoria road, Dorchester district, as a highway, from Gullivan Boulevard to St. Brendan road, under the order of the Board of July 5, 1940, and awards no damages therefor.

CIVIL SERVICE EXAMINATIONS. (CITY SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given preference.

**FIRE SERVICE (INCLUDING CALL SERVICE),
CITIES AND TOWNS OUTSIDE OF BOSTON
AND METROPOLITAN DISTRICT,
OCTOBER 5, 1940.**

**BOSTON AND METROPOLITAN DISTRICT,
OCTOBER 19, 1940.**

The last date for filing applications for both of the above examinations will be Saturday, September 21, 1940, at 12 o'clock noon. No applications will be accepted after this date.

Salary: The entrance salary for Boston is \$1,600 a year; the maximum salary for Boston is \$2,100 a year. Inquiries concerning salaries for the regular and call fire services in other cities and towns should be made at local fire departments.

Applicants for the service of Boston who have not reached their twenty-second birthday or who have passed their thirty-fifth birthday at the time of filing application will not be eligible to apply. Applicants for all other cities and towns in the Commonwealth who have not reached their twenty-first birthday or who have passed their thirty-fifth birthday at the time of filing application will not be eligible to apply. Callmen and substitute callmen may make such deductions from their ages as are provided for in Civil Service Rule 8, Class 21. A certificate of date of birth must be filed with the application, *unless* one has been filed with a previous application.

Applicants for WORCESTER are required to be not less than 5 feet 5 inches in height. Applicants for BROCKTON must be not less than 5 feet 6 inches in height, and weigh not less than 135 pounds at the time of appointment. Applicants for WINCHESTER must be not less than 5 feet 8 inches in height, and weigh not less than 135 pounds. Applicants for LYNN must be not less than 5 feet 5½ inches in height, and weigh not less than 135 pounds.

Subjects and Weights: Training and experience, 3; practical questions, including general information, 7; total, 10.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination and strength tests.

To become eligible, applicants must obtain at least 70 per cent in the strength test, but the mark will not be averaged with the educational mark.

NOTE.—No second notices for the physical examination or re-examinations in the strength test will be permitted.

The practical questions will be based upon information contained in a manual known as the "Red Book." A new manual has just been issued. This manual may be obtained from the Public Document Division, Room 116, State House, at twenty-five cents a copy. It is necessary that applicants obtain a copy of this manual and study it carefully.

fully. The examination will include Part I of the Manual and the Appendix.

Important: Experience sheets will be collected on the day of examination and will not be accepted at any other time. No amendments to the experience sheet will be permitted. Applicants must not bring Fire Manuals to the examination room.

Call Service: Persons applying for call service must qualify only in experience and in the physical examination and strength tests. (Note information given above concerning age limits, height and weight, and passing requirements.) At the present time, there are three vacancies, at \$15 per year, for callmen in the Winthrop Fire Department.

POLICE DEPARTMENT (STATISTICS FOR 1938).

Number of police force, December 1, 1938, was 2,229, viz., the superintendent, 4 deputy superintendents, 30 captains, 66 lieutenants, 4 lieutenant-inspectors, 187 sergeants and 1,937 patrolmen, distributed in 19 divisions and a traffic division. Signal service men, 16; clerks, janitors, etc., 163.

Cost of maintenance for 1938, \$5,997,107 or \$16,491 less than in 1937.

Total number of arrests in year ending November 30, 1938, 97,187 or 1,239 more than in previous year; persons arrested on warrants, 14,745; without warrants, 52,490; summoned by the courts, 29,952; of those arrested, 6,931 were discharged and all others held for trial; foreign-born persons arrested, 12,116 or 12.46 per cent of total; boys under 17 years of age, 2,787; women and girls, all ages, 8,485; non-residents, 27,441, or 28.23 per cent of all arrested.

Drunkenness the cause of 40,815 arrests, an average of 111 per day or 42 per cent of total. This is 4,919 less than the number of such arrests in 1937 and 1,368 less than the average for the past five years. The prosecutions for homicide numbered 142; arrests for refusing to support family, 1,015; violation of automobile law, 15,544; violation of liquor law (State), 137; violation of City ordinances, 269; violation of street traffic regulations, 15,477; suspected persons, 5,400.

Sick and injured persons assisted, 9,410; insane persons taken in charge, 494; lost children restored to homes, 1,533; persons imprisoned, 7,017; persons fined, 17,957, the fines amounting to \$157,817; stolen property recovered, \$447,021.50; licenses issued, 21,356 (including 12,621 for dogs and 5,334 for vehicles and drivers), for which \$67,209 was received. Of 2,629 applications for licenses to carry loaded revolvers, 2,431 were granted.

Accidents from all causes in the streets, parks and squares caused death of 122 and injury to 7,289. Automobile accidents killed 76 and injured 4,431. The automobile fatalities were 62.3 per cent of the 122 deaths.

Annual salaries: Commissioner, \$8,000; superintendent, \$7,000; deputy superintendents, 4 at \$4,500 each; captains, \$4,000; lieutenants and lieutenant-inspectors, \$2,700; sergeants, \$2,500; patrolmen, \$1,600 the first year, with \$100 yearly increase until maximum of \$2,100 is reached. The Traffic Division numbered a force of 211 in 1938.

In 1938, the Police Charitable Fund amounted to \$207,550 and \$7,900 was paid to 54 beneficiaries during said year.

STATE REFERENDA RESULTS, 1936.

A question of public policy "Shall the Representative in the General Court from this district be instructed to vote in favor of amending the State Constitution for the purpose of limiting the amount of taxes, for all purposes, which may be legally levied against any real estate within the Commonwealth to a sum not exceeding \$25 for each one thousand dollars of assessed valuation?" was voted on by only a portion of the Representative Districts. In Boston, six districts did not vote on it.

The totals for the districts and parts of districts, including Boston districts, were 310,715 in favor; 113,594 against and 203,277 blanks. For Boston alone, the totals for the sixteen districts that voted were 114,184 in favor; 46,689 against and 79,827 blanks.

In Boston, there were three referenda on sales of alcoholic beverages.

First, "Shall licenses be granted in this city for the sale therein of all alcoholic beverages (whiskey, rum, gin, malt beverages, wines and all other alcoholic beverages)?" Totals, 190,353 in favor, 45,402 against and 84,732 blanks.

Second, "Shall licenses be granted in this city for the sale therein of wines and malt beverages (wines and beer, ale and all other malt beverages)?" Totals, 185,213 in favor, 40,164 against and 95,110 blanks.

Third, "Shall licenses be granted in this city for the sale therein of all alcoholic beverages in packages, so called, not to be drunk on the premises?" Totals, 187,877 in favor, 37,139 against and 95,471 blanks.

THE MUNICIPAL WATER-WORKS TREND.

In 1800 there was but one municipally-owned water-works plant in the United States. Now there are 7,853 municipally-owned installations, or 72.8 per cent of the entire number. In the United States there are ninety-four cities of over 100,000 population. All but eleven of these own their water works. Municipal plants serve 96.1 per cent of the population of the ninety-four cities, while private plants serve only 3.9 per cent.

BOSTON'S LIABILITY FOR METROPOLITAN DEBT, 1937.

Boston's liability for this contingent debt of the State (i. e., in the form of annual assessments for sinking funds and interest) incurred for Metropolitan parks, sewers, water, etc., was \$28,559,995 (net) on July 1, 1937, or \$1,283,454 more than in 1936 and \$6,473,404 more than in 1927. It is divided thus: Water debt, \$25,314,274; Park debt, \$904,738; Sewer debt, \$1,639,878; Charles River Basin debt, \$701,105. The percentages paid by Boston in 1937 were 63.4515 on Water Debt; 48.6623 on most of the Park Debt; 36.25 on most of the Sewer debt, and on Charles River Basin debt the same as on Park debt.

Metropolitan assessments paid by Boston in 1937 amounted to \$4,752,277.22, of which 64.23 per cent was for debt requirements and 35.77 for maintenance. Water assessment, \$3,282,201 (usually paid from water revenue); park, \$786,974; sewer, \$470,545; Charles River Basin, etc., \$212,557.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 32.

SATURDAY, AUGUST 31, 1940.

No. 35

MAYOR TOBIN CALLS ON ALL ALIEN RESIDENTS OF BOSTON TO COOPERATE WITH GOVERNMENT OFFICIALS AND REGISTER—SPEAKS OVER NATIONAL HOOKUP OF NATIONAL BROADCASTING SYSTEM WITH THE MAYORS OF OTHER LEADING CITIES—DEFENDS ALIEN REGISTRATION ACT AS DRAWING ALL CITIZENS CLOSER IN UNION TO DEFEND AMERICAN INSTITUTIONS AS SUREST DEFENSE OF OUR DEMOCRACY—ASKS RELATIVES AND FRIENDS TO AID BY EXPLAINING PURPOSES OF ACT TO THOSE TO BE AFFECTED.

In a special broadcast from the studios of the National Broadcasting System, to the people of America generally and the citizens of Boston in particular, relative to the registration of aliens, as begun all over the United States on Tuesday, Mayor Maurice J. Tobin, who was joined in the broadcast from New York by Mayor LaGuardia, spoke, in part, as follows:

Good Evening, Fellow Americans and Guests of America.

I think you will agree with me that the history of Boston shows that this city has always been one of the first to defend those precious rights and dignities and privileges which we call our American way of life. When anything or anyone has threatened democracy in the past, the people of Boston have been among the first to defeat movements that would tend to destroy their free institutions.

They never hesitated or held back but seized their muskets or a proclamation or a ballot and hurried forth to protect their liberties. I am confident that all Bostonians will live up to their tradition tomorrow when the most recent measure for national defense goes into operation. I say all Bostonians, although the Alien Registration Act only requires the registration of non-Americans, but the effective operation of the Act needs the help of all citizens to make certain that those covered by the law know about it and comply with its provisions. I ask relatives, friends, employers and neighbors of aliens over fourteen years of age to urge them to register immediately and help them in every way by explaining the Act, directing them to the post offices where they can register and by interpreting the questionnaires they must answer whenever that is necessary.

I ask them, too, to show by their friendly cooperation that the Alien Registration Act is not intended to cast any reflection on the loyalty of the three and a half million aliens within our country, but merely answers the natural need of the Government in a time of emergency to know who its visitors are, where they are, why they are here and what they are doing in order to give them protection as well as to protect the country.

With such an attitude of friendliness and good will on the part of both Americans and non-Americans the Alien Registration Act may very well prove a constructive measure as well as a practical defense procedure. Lack of understanding between our racial elements, suspicion and intolerance are enemies to democracy and allies of those who are trying to overthrow the democratic way of life in other parts of the world. The leader of one totalitarian nation exults in these words, "America is not a nation. It is the raw materials of a nation."

Boston knows how to answer such a taunt. A common cause, the desire of self-realization and independence has united its people to defend that cause shoulder to shoulder many times before in our history. Men did not stop to ask each other's race before flinging the chests of taxed tea overboard in Boston Harbor or before they planned their life in town meetings.

If the Alien Registration Act which goes into effect tomorrow brings our native, naturalized citizens and aliens closer together in the common desire to do everything possible to defend our American institutions it will be the defense of democracy in the greatest sense of the word.

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"
From Boston Centennial Poem by
NATHAN HASKEL DOLE.

MUNICIPAL CALENDAR.

Meeting of the City Council, Monday, September 9, at 2 p. m.
Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

To THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquees, bay windows, coal holes and vaults.

To THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

To THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

To THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables slaughter-houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

To THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made

to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

To THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

To THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

To THE BOARD OF EXAMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

To THE STATISTICS DEPARTMENT, 73 City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

To THE WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

To THE BOARD OF ZONING ADJUSTMENT, 43 City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For the week ending August 24, 1940.
Population as of July, 1940, Massachusetts State Census, 817,713; population estimated July, 1940, United States Census Bureau, 769,520; number of deaths (stillbirths excluded): Residents, 131; nonresidents, 35; total, 166.
Death rate per 1,000 of population: All deaths, 11.21; nonresidents deducted, 8.85.

BOSTON TO WITNESS DEDICATION CEREMONIES OF HISTORIC AND PATRIOTIC SIGNIFICANCE ON SUNDAY AFTERNOON, SEPTEMBER 22—MEMORIAL TABLETS TO COMMEMORATE FOR POSTERITY THE DEEDS OF RESIDENTS IN THE NORTH END OF BOSTON, DURING COLONIAL AND REVOLUTIONARY PERIODS, FROM 1630, TO BE HONORED AND AN EQUESTRIAN BRONZE STATUE OF PAUL REVERE AS OF 1775 TO BE PRESENTED TO PUBLIC.

On Sunday afternoon, September 22, 1940, in the City of Boston, Mass., formal ceremonies will mark a notable addition to "Paul Revere Mall," in the North End section of the city, of a series of twelve bronze tablets, each five feet high, a larger central title tablet bearing also a map of the old North End, and an heroic size bronze equestrian statue of Paul Revere mounted on a granite pedestal, in all 21 feet in height.

On that occasion, in a spirit of inspiration and appreciation intended to be both for local interest and for extended influence through the country, the constructive achievements of outstanding Bostonians of other days will be honored.

The whole development will form an imposing and historic reminder of days when the people of Boston and of the colonies were building for what later became a free and independent new nation, with much of the advance inspiration and action centering in Boston and vicinity.

The location is in that section of the city which has been a residential and business area from earliest days of the Puritan founding of Boston in 1630, and under changing conditions through the years has continued to now. On the sometimes narrow and twisting streets lived many of these men and women, including Paul Revere, whose house stands today as it did 165 years ago as one of the tangible relics of the past.

On the tablets will be recorded the names of thirty of the former residents of that section of Boston and other inscriptions will record in stone or bronze the general significance of the honors thus conferred for services of educational, political, cultural, spiritual, industrial, civic building, and for other war and peace contributions of those early years.

Revere, the picturesque useful citizen, a figure of legend as well as of historic fact, carried out directions of the Safety Committee, the central authority for the liberty-seeking townspeople of his time. The famous "midnight ride" is world-known; but he served his fellow citizens in various ways, as one of the Sons of Liberty and as an aggressive business man.

He was associated with such active history making men as James Otis, Joseph Warren, John Hancock, Samuel Adams, James Sullivan, and others who made plans and watchfully arranged to outwit the enemy when necessary, as on that 18th and 19th of April. Revere was one of the specially trusted messengers to carry out such plans and convey messages to other communities.

Two unusually interesting churches adjoin "Paul Revere Mall." At one end is Christ Church (the historic Old North Church of 1775 fame) and at the other end St. Stephen's, which originally was known as "the new North Meeting House" in the colonial period, the second such religious edifice erected in Boston, rebuilt in 1802 after the design of the noted early Boston architect, Charles Bulfinch, who also designed the steeple of Christ Church. And, incidentally, he was architect of the original "new State House" on Beacon Hill, the central part of the present enlarged building.

The unusual feature now being created and to be dedicated September 22 will cover all this ground in graphic form, and will provide an historic shrine to call forth attention from visitors as well as from our own people, and to serve as a timely reminder of the long difficult struggle by which we inherit the advantages the early patriots made possible.

Annually, on Patriots' Day, the 19th of April, a legal holiday in Massachusetts, the events of that period of 1775 are recalled by a full day of ceremonies centering about the re-enactment of the "midnight ride" from the North End of Boston to Lexington and Concord, through the eight cities and towns along the original route that combine in a joint celebration.

The "Mall" and its current development have been made possible by the George Robert White Fund, first as a public park for the people of that congested section, and now not only a park but as an historic shrine of national importance.

The "George Robert White Fund" was created in 1922, when Mr. White, a Boston business man of civic pride and confidence in his city, provided in his will a total of over \$5,000,000, of which the income is to be expended for "public blessings" and to "create works of public utility and beauty for the use and enjoyment of the inhabitants of the City of Boston." He provided that the Fund should be administered by a Board of Trustees, through city officials, with the Mayor as chairman; and he indicated conditions under which he wished the Fund income utilized. During the eighteen years approximately \$3,500,000 of the income has been expended for "health units" in seven sections of the city, for a recreation development in Roxbury, and for the current development in the North End.

The Revere statue was designed fifty-five years ago by Cyrus Dallin of Arlington and Boston. It was then accepted in design, but its actual casting and erecting was delayed for one reason and another all the half-century until now, with continued efforts by various agencies from time to time to consummate the original plans. Finally, the present Mayor of the City, Maurice J. Tobin, and the Trustees of the White Fund combined

to furnish the needed approval, the action and the funds, with much satisfaction to the community. Now the statue is ready to go in place.

Notwithstanding the wide popularity of Paul Revere as one of the nation's "glamour heroes," his own city has provided no statue or similar permanent memorial until now.

The Memorial Tablets were brought into being with less lapse of time, on the initiative of Robert S. Chase of the North End, with the aid of former Mayor John F. Fitzgerald, a native of that district.

The ceremonies of Sunday afternoon, September 22, will begin at 2.30 o'clock, at the Mall. The program of exercises will comprise music by band, chorus and the assembled audience, the addresses, invocation and benediction, and the unveiling ceremonies. The Manager of the White Fund, Hon. Joseph F. O'Connell, will present the memorials to the Mayor, representing the city.

Mayor Tobin will preside. The main address will be by Hon. Henry L. Shattuck of the Boston City Council and former Treasurer of Harvard University.

National Commander Raymond J. Kelly, American Legion, here at the time for the national convention, has been invited to speak.

Assembled for the occasion will be national, state and municipal officials, descendants of the men and women in whose memory the event takes place, representatives of historical societies, and of patriotic, military, naval and veteran groups, including the American Legion, whose national convention will be assembling in Boston that week.

It is anticipated that the exercises will have a particular interest for the Legionnaires and their friends from other parts of the country; a realistic demonstration of Americanism on home soil.

The addition of the tablets and the statue in the Mall will provide an artistic contribution to the city as well as a permanently meaningful record of history, and a center of inspiration

none the less important right now on account of current world and national circumstances. It will, it is expected, become a nationally known point of attraction for visitors to supplement the other established shrines of which so many are at home hereabouts. And there is hope that people of Boston and immediate vicinity will become increasingly familiar with transactions and reasons therefor of a century and a half ago, and the earlier preparatory steps, when right here in our midst was enacted the thrilling drama of a new nation being conceived and born to demonstrate to the world a worthy type of living and serving; a principle and a method now being challenged.

Trustees of the George Robert White Fund, City of Boston, in Charge of the Entire Arrangements.—Chairman ex-officio—Hon. Maurice J. Tobin, Mayor of Boston; William J. Galvin, Presi-

dent of the City Council; Charles J. Fox, City Auditor, Secretary; Oscar W. Haussermann, President of Boston Chamber of Commerce; Frederic H. Chase, President of Bar Association of Boston. Manager, Hon. Joseph F. O'Connell.

Cooperating with the Trustees.—Director of Public Celebrations, Louis J. Brems; Secretary of Citizens' Public Celebrations Association, Everett B. Mero.

Citizens' Committee for the Dedication Exercises.—Honorary Chairman, Hon. John F. Fitzgerald; Chairman, Robert S. Chase; Vice Chairman, John A. Scanga. Saverio R. Romano, Nicholas Scaramelli, Chauncey C. Nash, Trustee, Paul Revere Memorial Association. Assisted by members of the Citizens' Public Celebrations Association.

CONTRACTS AWARDED WITHOUT ADVERTISING.

FIRE DEPARTMENT.

The Mayor has approved the following request of the Fire Commissioner:

August 22, 1940.

HON. MAURICE J. TOBIN,
Mayor of Boston.

DEAR MR. MAYOR,—On December 30, 1939, after advertisement and the receipt of competitive bids, you approved the award to the low bidder, Crane Construction Company, of a contract dated December 29, 1939, in the amount of \$62,529, for the erection and completion of Fire Station 3, Harrison avenue and Wareham street.

Thereafter, on July 30, 1940, acting in accordance with the terms and provisions of said contract, I terminated said contract for reason of the substantial breach of said contract by said Crane Construction Company.

Under Section I(A) 11 of the General Specifications of said contract, the city reserved the right, in the event of such breach, to enter upon and take possession of the premises and to complete the work, any loss or damage resulting to the city, if any, to be charged to the contractor thereunder.

Under said contract the time provided for bringing the work to entire completion was one hundred thirty working days from the date of your Honor's approval of said contract. Such period of one hundred thirty working days expired on July 5, 1940. It is of the utmost importance, therefore, and in the interest of the city and the department, that this work be completed as soon as possible. With this purpose in mind, I have secured proposals from the Chandler Construction Company and John Rugo & Son, Inc., who were respectively the second and third lowest bidders on the original call for bids, based on the alternates selected for work under said contract.

The detail of said proposals may be summarized as follows:

1. CHANDLER CONSTRUCTION COMPANY. (Original bid, \$62,825.)		
Present bid.....	\$63,340	
Less deduction of value of work now completed on site.....	3,500	
Net present bid.....	\$59,840	
Time for completion of work.....	130 working days.	
2. JOHN RUGO & SON, INC. (Original bid, \$62,884.)		
Present bid.....	\$62,529	
Less deduction of value of work now completed on site.....	4,552	
Net present bid.....	\$57,977	
Time for completion of work.....	100 working days.	

The proposal of John Rugo & Son, Inc., is \$1,863 less in amount than the proposal of the Chandler Construction Company and the time required for completion of the work is thirty days less than that named by the Chandler Construction Company.

I therefore respectfully recommend that a contract be awarded to John Rugo & Son, Inc., for the completion of this work, all in accordance with the terms of the original contract for the sum of \$57,977. I request your authority to dispense with advertising in connection with the award of said contract, for the following reasons:

1. It is the legal obligation of the city under these circumstances to minimize any damage which may result to the Crane Construction Company by proceeding as soon as possible with the completion of the work required under the original contract, thereby reducing the amount of the liquidated damages chargeable to the original contractor for its failure to complete the contract within the time therein provided.

2. It is otherwise essential in the best interests of the city and of the department that this work, which has been long delayed, be completed at the earliest possible date.

3. The spirit and letter of applicable statutes relating to advertisement and other formal requirements in connection with the award of contracts have been fully complied with in connection with the original contract as approved by you December 30, 1939.

4. The price agreed upon for the completion of the work is based upon the same price formerly obtained by the city after competitive bidding.

5. In view of the upward trend of the price of materials since the date of the award of the original contract, readvertisement, for the purpose of securing new bids, might result in the city's losing the benefit derived by it from the former bids based on lower market prices of materials.

6. In my opinion, no advantage will be gained by advertising.

I respectfully call to your attention the fact that under the contract with John Rugo & Son, Inc., the contractor has agreed to use the same sub-contractors as were named in the contract with Crane Construction Company. By this means, not only has the purpose of the provisions of St. 1939, chapter 480 (relating to sub-contractors), been accomplished, but the possibility of loss either to the city or the original sub-contractors has been eliminated.

Your Honor understands that the contract with the Crane Construction Company was accompanied by the usual bond conditioned upon the faithful performance of said contract, and that any loss suffered by the city in this connection is recoverable on said bond. With respect to the obligation of the city to mitigate the damages of the principal and surety under such bond, please be informed that I have been authorized by the surety on the bond of the Crane Construction Company to state that in its opinion the amount of the contract with John Rugo & Son, Inc., is a fair, reasonable and proper amount for the completion of said work.

Your authority is, therefore, requested for the award of this contract, without advertising, in the sum of \$57,977.

Very truly yours,

WM. ARTHUR REILLY,
Fire Commissioner.

MAYOR TOBIN ASK CITIZENS TO DECORATE BUILDINGS FOR LEGION CONVENTION.

Mayor Maurice J. Tobin, on August 28, issued the following statement:

During the last week in September the national convention of the American Legion will be held in Boston. One hundred thousand veterans of the World War, their friends and relatives, will be in our city for that period. A great many of these visitors will see our city for the first time. For that reason, if for no other, we want to leave with these visitors a good impression.

I am extremely anxious that during the period of the Legion convention our city be decorated with sufficient flags, bunting and colors, so that there shall be no doubt of the warm regard we have for the members of the American Legion. It is particularly fitting at this time that the owners or tenants of every building in the business section of our city, and as many outside the city proper as may be, take the proper steps for a display of the national colors both prior to and during the period of the convention, and I hereby most respectfully request that our patriotic citizens make use of this opportunity to express our affection for the American Legion and all that it represents, and also as an indication of our patriotic fervor.

City Hall has been given a bath and will be presentable for the occasion, and all other public buildings will be suitably decorated.

Considerable effort was expended in order that the American Legion convene in Boston this year. It was necessary that we compete with other large cities, some of which had much to offer. In choosing Boston, we want the American Legion to know that it has made no mistake. Not since the World War has there been a period of national crisis comparable to the present, and not since that time has there been such a fine opportunity for all of us to demonstrate our patriotism and love of country.

Let us combine to make this convention of the American Legion one that will never be forgotten by that glorious body, and one that will stamp our city as the peer of all convention cities.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, the following amendments to the Revised Traffic Rules and Regulations of the City of Boston which were adopted April 11, 1940, and were effective April 22, 1940, for a trial period of sixty (60) days, and which were extended for a trial period of sixty (60) days from June 21, 1940, are hereby extended for a further trial period of sixty (60) days from August 20, 1940:

Section 8, Part 2, is amended by adding the following:

Waltham Street, Downtown Boston.
Northeast side, from Shawmut avenue to Washington street, twenty-four hours.

Section 24, Part 1, is amended by adding the following:

Derne Street, Downtown Boston.
From Hancock street to Bowdoin street.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary rule which was adopted April 15, 1940, and was effective April 22, 1940, for a trial period of sixty (60) days, and was extended for a trial period of sixty (60) days from June 21, 1940, is hereby extended for a further trial period of sixty (60) days from August 20, 1940:

Parking of vehicles is prohibited in the following street:

Gore Street, Roxbury.
South side, from Parker street to Terrace street, twenty-four hours.

Voted, That as urgently required by considerations of public safety and convenience, during the period of underground construction by the Boston Edison Company, estimated to be two (2) weeks, the following rule is effective from 6 p. m. each week day to 8 a. m. each following week day and from 6 p. m. each Friday to 8 a. m. each following Monday, beginning August 16, 1940:

The following street is one way in the direction indicated:

Summer Street, Downtown Boston.
From Hawley street to Washington street.

Voted, That as urgently required by considerations of public safety and convenience, during the period of reconstruction of the Reservation and resurfacing of the roadways in Massachusetts avenue, estimated to be thirty (30) days, the following rules are effective August 7, 1940:

Parking of vehicles is prohibited in the following streets:

Harrison Avenue.
Both sides, from Massachusetts avenue to Northampton street.
Massachusetts Avenue.
Both sides, from Albany street to Shawmut avenue.
Northampton Street.
Both sides, from Harrison avenue to Albany street.
Southampton Street.
Both sides, from Albany street to Massachusetts avenue.

The following streets are one way in the direction indicated:

Harrison Avenue.
From Massachusetts avenue to Northampton street.
Massachusetts Avenue.
From Albany street to Harrison avenue.

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

A surface drain of 10-inch pipe and two catch-basins, W. P. A. project 665-14-2-1167, work project 20303, in Atlantis street, between Lasell street and Veterans of Foreign Wars Parkway, in the West Roxbury district, at an estimated cost of \$11,200.

A sanitary sewer of 10-inch pipe and 15-inch pipe surface drain and four catch-basins, W. P. A. project 665-14-2-1167, work project 20303, in Stock street, between 60 feet northwest of Gallivan Boulevard and 181 feet northwesterly, in the Dorchester district, at an estimated cost of \$7,000.

A surface drain of 10-inch pipe, to be built in same trench with release sewer, in Cemo road, between 210 feet southwest of Shaw street and 60 feet southwesterly, in the West Roxbury district, at an estimated cost of \$50.

PITTSBURGH'S TRAFFIC SAFETY RECORD.

Pittsburgh has been adjudged the safest city in the United States in 1932, and the second safest in 1933 and 1934 among cities with populations over 500,000. Registrations in the city increased 4.4 per cent, gasoline consumption 7.7 per cent. In 1935, despite a 2.4 per cent decrease in traffic volume, adult fatalities increased 30 per cent, total fatalities 24 per cent, as compared with 1934.

THE NOISE NUISANCE.

That city officials are serious about eliminating noise is noted from studies of new anti-noise ordinances enacted by a growing number of municipalities listed in the "United States Municipal News," bulletin of the American Municipal Association and the United States Conference of Mayors. Among the more important of these cities are Philadelphia, Gary, Ind., Louisville, New York and Boston.

CIVIL SERVICE EXAMINATIONS.
(STATE SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence. The lists established as a result of these examinations will be used to fill all vacancies in these classifications in the various State Departments.

DENTAL ASSISTANT, DEPARTMENT OF MENTAL HEALTH, SEPTEMBER 28, 1940.

Last date for filing applications, Saturday, September 14, 1940, at 12 noon.

This examination is open to females only.

The entrance salary with maintenance, is \$780 a year; the maximum salary, with maintenance, is \$1,080 a year. The entrance salary without maintenance, is \$1,140; the maximum salary, without maintenance, is \$1,440 a year. The present vacancy is in the Belchertown State School.

Duties: To keep an accurate account of dental operations and perform other clerical work incident to dental appointments, and the requisition for supplies. To clean teeth under direction of the dentist. To be responsible for the sterilization of instruments and the general cleanliness of the dental suite. To assist in the taking and developing of dental X-rays. To perform simple laboratory tasks such as pouring models under the direction of the dentist.

Entrance Requirement: Applicants must be registered dental hygienists.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

JUNIOR CHEMIST, DEPARTMENT OF PUBLIC HEALTH, SEPTEMBER 28, 1940.

Last date for filing applications, Saturday, September 14, 1940, at 12 noon.

This examination is open to both males and females.

The entrance salary is \$1,680 a year; the maximum salary is \$2,160 a year.

At the present time, there are two permanent male vacancies.

Duties: A. Under lesser supervision, (1) to operate, repair and calibrate commercial instruments for use in sampling industrial atmospheres; (2) to devise and construct apparatus for the sampling of gases and vapors in the air of industrial plants; (3) to maintain in proper operating condition laboratory equipment and machinery; (4) to analyze samples of atmospheric impurities collected from industrial establishments; (5) to equilibrate and prepare the activated charcoal apparatus or the determination of total organic vapors; (6) to prepare verbal or written abstracts of articles dealing with the analytical or toxicological aspects of occupational hygiene (including the translation of some foreign language articles if possible); (7) to prepare drawings of laboratory and field apparatus and floor plans of factory processes.

B. Under greater supervision, (1) to make studies of industrial processes involving possible hazards to health, in-

cluding the taking of samples of air; (2) to analyze samples of industrial products for the presence of ingredients which may constitute a health hazard; this involves especially the determination of heavy metals and the separation of complex mixtures of organic liquids; (3) to analyze samples of urine for benzol by the urine sulfate test, for lead by the method of Ross and Lucas, and for mercury by the method of Stock; (4) to prepare reports on the results of the studies outlined in B1.

C. Under close supervision, (1) to develop methods for the determination of gases, vapors and dusts not included in above; (2) to develop methods for the determination of toxic materials in urine; (3) to evaluate the health hazards associated with any given industrial process; and (4) to prepare reports dealing with the chemical aspects of toxicological studies.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

REVIEW EXAMINER, BOARD OF REVIEW, DIVISION OF UNEMPLOYMENT COMPENSATION, SEPTEMBER 28, 1940.

Last date for filing applications, Saturday, September 14, 1940, at 12 noon.

This examination is open to both males and females.

The entrance salary is \$3,180 a year; the maximum salary is \$3,720 a year.

At the present time, there are four vacancies:—one female, and three male.

Duties: To hold formal hearings on cases of appealed claims; to direct the gathering of additional facts and data when necessary and to make decisions on matters affecting the eligibility of claimants for benefits and the amount and duration of such benefits.

Applicants should have a knowledge of the Massachusetts Unemployment Compensation Law and a knowledge of the Social Security Act, and of employment procedure in private industry.

Entrance Requirement: Applicants must have four years within the last ten of full-time paid experience in any of the following fields:—industrial relations in a plant employing at least five hundred persons, public employment service, social service administration, enforcement of labor relations laws, or fields related thereto.

Applicant's experience rating will be based on experience in the following lines:—employment in a professional or other responsible capacity in at least one of the following fields:—industrial relations, public employment service, social service administration, legal experience (work of an investigatory type), enforcement of Federal or State laws, or related fields.

Subjects and Weights: Training and experience, 3; practical questions, 2; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

BIDS FOR INSURANCE FOR HOUSING AUTHORITY PROJECTS.

On Tuesday, August 20, 1940, the Boston Housing Authority publicly opened sealed bids for insurance to be carried on its new projects.

Bids were asked for three classes of insurance—fire and extended coverage, boiler explosion, and public liability insurance.

In commenting on the procedure of advertising for bids on insurance, Chairman Breen pointed out that it was another step in the continued effort of the Authority to keep construction and maintenance cost as low as possible, consistent with good planning, and to allow this benefit to be reflected in lower rents.

There was a long list of bids, and the tabulation and evaluation of the numerous bids have not yet been completed.

Chairman Breen indicated, however, that in the case of fire insurance, ten (10) bids were received from stock insurance companies, and four (4) from mutual insurance companies either directly or through their local representatives.

Bids were asked on fire and extended coverage insurance with an 80 per cent co-insurance clause on the first four projects—in Charlestown, South Boston, Mission Hill, Roxbury, and Lenox Street,

Ward 9, Roxbury, in the total insurable value of \$9,500,000 for the four projects for one, three and five year periods.

The bids submitted by the various stock companies were all uniform, and the net cost quoted for the five-year coverage was \$10,944.

The bids submitted by the mutual insurance companies varied. The lowest net bid submitted was approximately \$8,200.

The public liability coverage was asked on limits of \$50,000 and \$100,000.

The proposals of the stock companies for the five-year period on the public liability insurance varied from approximately \$17,225 to \$24,011, while on the three-year period the bid varied from approximately \$10,981 to \$15,300.

The proposals of the mutual companies on public liability coverage varied from approximately \$11,550 to approximately \$14,022 for the three-year period.

Proposals were requested for boiler explosion coverage for \$25,000 per project for periods of one, three and five years.

None of the bidders submitted quotations for the five-year period.

The stock company proposal on boiler explosion insurance for the three-year period was approximately \$870. The low bid among the mutuals for the same coverage and period was \$643.19.

CIVIL SERVICE EXAMINATIONS. (STATE.)

STATE EXAMINERS OF ELECTRICIANS, 1940.

Examinations will be held at the following points and on the following dates:

Boston, Wednesday, September 11.
Worcester, Thursday, September 12.
Springfield, Wednesday, October 16.
Pittsfield, Thursday, October 17.
Boston, Wednesday, November 13.
Lowell, Thursday, November 14.
Boston, Wednesday, December 4.
New Bedford, Thursday, December 5.
New Bedford, Friday, December 6.

Rules for Examinations.

All examinations shall be given in English.

Applicants for Class B or journeyman's certificate must be at least eighteen years of age and have had at least two years' practical experience or the equivalent in the installation of wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Applicants for Class A or master's certificate must be at least twenty-one years of age and have had at least two years' experience in the business of installing wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes. Examination shall consist of applicant's knowledge of the National Electrical Code and practical electrical work.

All persons desiring to be examined, either for a master or journeyman certificate, shall have application on file at least ten days previous to the date of such examination.

Applicants for examination will be required to obtain at least 70 per cent in order to obtain a certificate.

Applicants who fail to obtain the required 70 per cent will not be entitled to re-examination until a period of three months has elapsed, and those who receive less than 50 per cent or who fail on the practical demonstration, will not be re-examined for a period of six months.

Any person found referring to notes or books, or misbehaving during an examination, will be debarred from that examination.

Notice will be sent to applicants for certificates when and where examination will be held and only those so notified will be examined on that day.

WALTER F. DOWNEY,
ULYSSES J. LUPIN,
ALBERT FRANK,
WALTER J. KENEFICK,

State Examiners of Electricians.

For application blanks or other information apply to State Examiners of Electricians, Room 303, 14 Beacon street, Boston, Mass.

FOR AIDING BOYS.

In an effort to lend a helping hand to misfit and underprivileged boys and to stem the alarming flow of young men into penal institutions and lives of crime, Big Brother Bureaus are being organized by the police departments of various cities. The International Association of Chiefs of Police urges all police jurisdictions to join the Big Brother League.

PROCEEDINGS OF CITY COUNCIL.

Monday, August 19, 1940.

Regular meeting of the City Council in the Council Chamber, City Hall, at two p. m., President GALVIN in the chair. Absent Coun. Scannell.

The meeting was opened with the salute to the Flag.

APPROPRIATION FROM PARKMAN FUND.

The following was received:

City of Boston,
Office of the Mayor, August 7, 1940.
To the City Council.

Gentlemen,—I am in receipt of the attached communication from the Board of Park Commissioners requesting the transfer of the sum of \$30,000 from the income of the George F. Parkman Fund to the Maintenance and Improvement of the Common and Parks in Existence on January 12, 1887.

I submit herewith an appropriation order and respectfully recommend its passage by your Honorable Body.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Park Department, August 5, 1940.
Hon. Maurice J. Tobin,
Mayor of Boston,

Dear Sir,—By vote of the Board of Park Commissioners you are respectfully asked to request the City Council to transfer from the income of the George F. Parkman Fund the sum of \$30,000 which is now available, to be expended under the direction of the Board of Park Commissioners as follows:

Common and Parks in Existence on January 12, 1887, Maintenance and Improvement of.....	\$30,000
--	----------

When making up the budget estimates for the year 1940, a sum equal to the total yearly income of the George F. Parkman Fund was deducted from Item A-1, Permanent Employees, with the understanding that this deduction was to be replaced by the total yearly income of said Parkman Fund for 1940, to be transferred as it accrued from time to time during the year to the regular maintenance appropriation of the Park Department.

Respectfully yours,
WILLIAM P. LONG, Chairman.

Ordered, That the sum of \$30,000 be, and hereby is, appropriated from the income of the George F. Parkman Fund, to be expended under the direction of the Park Commissioners, for the Maintenance and Improvement of the Common and Parks in Existence on January 12, 1887, as follows:

Common and Parks in Existence on January 12, 1887, Maintenance and Improvement of.....	\$30,000
--	----------

Referred to the Executive Committee.

TRANSFER FOR LONG ISLAND HOSPITAL IMPROVEMENTS.

The following was received:

City of Boston,
Office of the Mayor, August 7, 1940.
To the City Council.

Gentlemen,—Since the onset of the depression some ten years ago it has been a part of municipal policy, in order to ease the burden of increased expenditures, in so far as it was possible to do so, to defer what might otherwise be considered as normal repair activity and property improvement activity until the day when improvement in general economic conditions would permit of these particular activities dovetailing into a comprehensive program of rehabilitating city-owned equipment and property. The situation at the Long Island Hospital has developed to a point where from an engineering and a medical standpoint it would not be prudent to postpone the task any longer.

Institutions Commissioner Campbell and Medical Director James V. Sacchetti have represented to me in no uncertain terms the need for immediate action that provision should be made for more adequate laundry facilities. There is need in Wards A, B, C, and D for toilet improvements and conditions. The bakery requires complete renovation if adequate standards of sanitation and hygiene are to be maintained. The institution as a whole has outgrown its power facilities beyond marginal requirements. In Ward 6 it will be necessary to install bathroom and showers and a system of ventilation, all of which are now lacking.

Because of the administrative difficulties involved, because the future of W. P. A. is problematical, and because of other contingencies such as defense program and the like, and also because of the nature of the repairs themselves and because of the urgency of the situation, it is

desired that the accompanying order be given consideration and passage by your Honorable Body.

Respectfully,
MAURICE J. TOBIN, Mayor.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for Long Island Hospital, Men's Dormitory, Establishment of, \$53,350, to the appropriation for Long Island Hospital, Special Improvements and Repairs, \$53,350.

Referred to the Executive Committee.

CLEANING PROPERTY AT 719 WASHINGTON STREET.

The following was received:

City of Boston,
Office of the Mayor, August 19, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Acting Health Commissioner relative to your order of July 22, 1940, concerning the taking such steps as are necessary to insure that the property numbered 719 Washington street, Dorchester, be kept clean and free of rubbish.

Respectfully,
WILLIAM J. GALVIN, Acting Mayor.

City of Boston,
Health Department, August 7, 1940.
To Hon. Maurice J. Tobin, Mayor of Boston.
From Frederick J. Bailey, M. D., Acting Commissioner, Health Department.
Subject: Washington Street and Dunbar Avenue, Dorchester.

Dear Sir,—With reference to your communication of July 31, 1940, transmitting to this department City Council order of July 22, 1940:

"Ordered, That the Board of Health be requested, through his Honor the Mayor, to take such steps as are necessary to insure that the property numbered 719 Washington street, Dorchester (corner of Washington street and Dunbar avenue), be kept clean and free of rubbish or anything that will have an adverse effect upon the well-being, health or contentment of the residents of the district, especially those adjacent to the said property."

Inspection of this area has been made by the Housing and Sanitation Division of this department and the owner has been notified to remedy the unsightly condition.

We have been informed that the Atlantic Refining Company contemplate the erection of a gas station on this lot for which a hearing is scheduled on August 19.

The unsightly conditions will be corrected after the date of the hearing, August 19.

This matter will receive the attention of this department until conditions are satisfactory.

FREDERICK J. BAILEY, M. D.,
Acting Health Commissioner.

Placed on file.

RESURFACING NEVADA STREET.

The following was received:

City of Boston,
Office of the Mayor, August 19, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Public Works Commissioner relative to your order of August 5, 1940, concerning the resurfacing with smooth pavement of Nevada street, Ward 17.

Respectfully,
WILLIAM J. GALVIN, Acting Mayor.

City of Boston,
Public Works Department,
August 16, 1940.

To Mr. William T. Doyle, Chief Clerk, Mayor's Office.

From George G. Hyland, Commissioner, Public Works Department.

Subject: Resurfacing of Nevada Street, Ward 17.

I return herewith order in City Council that the Commissioner of Public Works resurface with smooth pavement Nevada street, Ward 17.

The portion of Nevada street, between Fairmount street and Wilmington avenue, will be submitted for approval on a W. P. A. project at a later date.

GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

REDUCTION OF FARES ON SUMMER BUS LINES.

The following was received:

City of Boston,
Office of the Mayor, August 19, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the President and General Manager of the Boston Elevated Railway Company relative to your order of July 22, 1940, concerning the reducing the

fare on the summer bus lines to the beaches from ten cents to five cents.

Respectfully,
WILLIAM J. GALVIN, Acting Mayor.

Boston Elevated Railway Company,
August 15, 1940.

Mr. William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Sir,—The trustees have considered the request in the order of the City Council received with your letter of July 31 that the fare on the four summer bus lines operated to Columbia Station (Carson Beach) be reduced to five cents.

These lines have been only lightly patronized, except on hot days, and the service would not be self-supporting on a five-cent fare. The trustees, therefore, do not feel that they can consistently accede to the request.

Very truly yours,
EDWARD DANA,
President and General Manager.

Placed on file.

BENCHES ALONG STRANDWAY.

The following was received:

City of Boston,
Office of the Mayor, August 19, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Park Department Chairman relative to your order of August 5, 1940, concerning the repairing of the benches along the Strandway, Columbus Park and Marine Park in South Boston.

Respectfully,
WILLIAM J. GALVIN, Acting Mayor.

City of Boston,
Park Department, August 10, 1940.
William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Sir,—I have your memorandum of August 8 with inclosure, order from the City Council, that the Park Department repair the benches along the Strandway, Columbus Park and Marine Park, South Boston.

Please be informed this order will be given every consideration. Our own forces are repairing these seats now, as fast as they can possibly do so.

Very truly yours,
WILLIAM P. LONG, Chairman.

Placed on file.

SIDEWALK ON FOURTH STREET.

The following was received:

City of Boston,
Office of the Mayor, August 19, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Public Works Commissioner relative to your order of July 22, 1940, concerning the installation of granolithic sidewalks on both sides of Fourth street, from B to D streets, Ward 6, as a W. P. A. project.

Respectfully,
WILLIAM J. GALVIN, Acting Mayor.

City of Boston,
Public Works Department,
August 16, 1940.

To William T. Doyle, Chief Clerk, Mayor's Office.
From George G. Hyland, Commissioner, Public Works Department.

Subject: Installation of Granolithic Sidewalks on Fourth Street.

I return herewith order in City Council that the Commissioner of Public Works install granolithic sidewalks on both sides of Fourth street, from B to D streets, Ward 6, as a W. P. A. project.

Please be advised that this work will be submitted for approval on a W. P. A. project at a later date.

GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

BUS SERVICE FROM HYDE SQUARE AND BRIGHAM CIRCLE TO BEACHES.

The following was received:

City of Boston,
Office of the Mayor, August 19, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the President and General Manager of the Boston Elevated Railway Company relative to your order of July 22, 1940, concerning the inaugurating a bus service to the South Boston beaches from Hyde Square and Brigham Circle in Ward 10 with a five-cent fare privilege.

Respectfully,
WILLIAM J. GALVIN, Acting Mayor.

CITY COUNCIL PROCEEDINGS.

(Continued from page 973.)

Boston Elevated Railway Company,
August 15, 1940.Mr. William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Sir,—Referring to your letter of July 31, the trustees have given consideration to the request of the City Council that bus service be operated to the South Boston beaches from Hyde Square and Brigham Circle with a five-cent fare privilege.

We have been experimenting this summer with four bus lines operating to Columbia Station (Carson Beach). They have been only lightly patronized except on hot days.

It is not believed that the additional beach lines suggested by the Council would be self-supporting on a five-cent fare, and in view of the lateness of the season, the trustees do not feel that they can consistently accede to the request.

Very truly yours,

EDWARD DANA,

President and General Manager.

Placed on file.

BLEACHERS AT PARKER HILL PLAY-
GROUND.

The following was received:

City of Boston,
Office of the Mayor, August 19, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Park Department Chairman relative to your order of July 22, 1940, concerning the erecting of bleachers at the Parker Hill Playground, Ward 10, as a W. P. A. project.

Respectfully,

WILLIAM J. GALVIN, Acting Mayor.

City of Boston,

Park Department, August 2, 1940.
William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Sir,—I have your memorandum of July 31, with inclosure, order from the City Council, concerning the erection of bleachers on the Parker Hill Playground.

There was so much objection from the neighbors in the immediate vicinity about ballplaying on the Parker Hill Playground,—the construction of bleachers would necessarily make the playing area somewhat smaller than we have at the present time.

I will be pleased, however, to make a personal investigation of this, with the possibility of complying with the councilor's request.

Very truly yours,

WILLIAM P. LONG, Chairman.

Placed on file.

MATRON AT ROBERTS FIELD HOUSE.

The following was received:

City of Boston,
Office of the Mayor, August 19, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Park Department Chairman relative to your order of August 5, 1940, concerning the assigning of a matron to the Roberts Field House, Ward 17, and the opening of the girls' side.

Respectfully,

WILLIAM J. GALVIN, Acting Mayor.

City of Boston,

Park Department, August 14, 1940.
William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Sir,—I have your memorandum of August 8, with inclosure, order from the City Council, relative to the assigning of a matron to the Roberts Field House, Ward 17, and the opening of the girls' side.

Due to the shortage of help in this department, it is impossible to open all the field houses on the various playgrounds, but I will, however, assign a pianist on Wednesday, August 14, and will keep her there as long as we possibly can.

Very truly yours,

WILLIAM P. LONG, Chairman.

Placed on file.

RESURFACING CAPEN STREET.

The following was received:

City of Boston,
Office of the Mayor, August 19, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Public Works Commissioner relative to your order of August 5, 1940, concerning the resurfacing with smooth pavement of Capen street, Ward 17, between Wilmington avenue and Fairmount street.

Respectfully,

WILLIAM J. GALVIN, Acting Mayor.

City of Boston,
Public Works Department,
August 13, 1940.

To William T. Doyle, Chief Clerk, Mayor's Office.
From George G. Hyland, Commissioner, Public Works Department.

Subject: Resurfacing Capen Street, Ward 17, Wilmington Avenue to Fairmount Street.

I return herewith order in City Council that the Commissioner of Public Works resurface with smooth pavement Capen street, Ward 17, between Wilmington avenue and Fairmount street.

Please be advised that this portion of Capen street is a private way and no construction work can be undertaken until the Board of Street Commissioners, Room 401, City Hall Annex, have sent this department an official notice of the acceptance of this street.

GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

QUOIT-PLAYING AT ROBERTS FIELD PLAYGROUND.

The following was received:

City of Boston,
Office of the Mayor, August 19, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Park Department Chairman relative to your order of July 31, 1940, concerning the changing the present arrangement of the quoit-playing quarters at Roberts Field Playground, Ward 17.

Respectfully,
WILLIAM J. GALVIN, Acting Mayor.

City of Boston,
Park Department, August 7, 1940.
William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Sir,—I have your memorandum of July 31, with inclosure, order from the City Council to change the present arrangement of the quoit-playing pitch at the Roberts Field Playground, etc.

Please be informed that the present location of the quoit pitch is along the southerly boundary of the Roberts Playground. Naturally it is relatively close to a softball diamond. Any other location within the large athletic field would have the same objection, as either hard or soft ball is played on the four corners of the field. One other location is in the rear of the private properties fronting on Washington street and there would be objection from the abutters. Furthermore, quoit players do not want to play in this section.

Unless the objection from the property owners on Washington street can be removed the pitch will have to stay where it is.

Very truly yours,
WILLIAM P. LONG, Chairman.

Placed on file.

JOSIAH H. BENTON ESTATE.

The following was received:

City of Boston,
Office of the Mayor, August 19, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Law Department in answer to your order of June 10, 1940, concerning the settlement of a claim of the trustees of the Public Library against the trustee of the estate of Josiah H. Benton.

Respectfully,
WILLIAM J. GALVIN, Acting Mayor.

City of Boston,
Law Department, July 20, 1940.
Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Mr. Mayor,—In a memorandum from your office dated June 18 you sent for consideration and report the order passed in the City Council on June 10, reading as follows:

"Ordered, That the Corporation Counsel be requested, through his Honor the Mayor, to refuse to accept the proposed settlement with Arthur F. Clarke."

I assume that this refers to the proceedings which were pending in the Suffolk Probate Court in connection with the estate of Josiah H. Benton, in which the trustees of the Public Library of the City of Boston, as a beneficiary under the will, had a claim of approximately \$100,000 against the trustee Arthur F. Clarke because of the disallowance of various items in his accounts as determined by a decree dated April 9, 1938.

Before the Council's order was passed the trustees of the Library, after careful consideration of the whole matter and negotiations with other parties who had claims against Mr. Clarke or were interested in this one, authorized a settlement of the probate proceedings subject to approval of the Probate Court, by which the claimants would receive a cash distribution equivalent to the entire amount of Mr. Clarke's assets, the cash being made available by contributions by his son who was under no liability. The proportion of this cash distributable to the trustees of the Library

CITY COUNCIL PROCEEDINGS.

(Continued from page 975.)

was later determined to the \$18,210. Thereafter the trustees of the Library, having before them the approval of the Probate Court, the assent of the Attorney-General and the Rector of Trinity Church (who was also a beneficiary), the settlement on the same basis by another claimant against Mr. Clarke, and an agreement by Mr. Clarke to pay over proportionate amounts of any substantial property received by him thereafter, and also having before them the Council's order, executed an assent to allowance of an account showing this distribution, and received a cash payment of \$18,210.

This distribution was made to the trustees of the Public Library of the City of Boston, as a separate corporation established under chapter 114 of the Acts of 1878. That corporation and not the City of Boston was the beneficiary under the will. Any decision as to the best method of settling a controversy concerning a bequest of this kind would be for the trustees, in their capacity as such a corporation, acting according to their best judgment and upon such advice as they might wish to obtain. That was the method which was followed.

In view of the foregoing circumstances it would seem that the order of the City Council is inapplicable.

Yours very truly,

ROBERT H. HOPKINS,

Assistant Corporation Counsel.

Placed on file.

TRAFFIC CIRCLE AT POND STREET.

The following was received:

City of Boston,
Office of the Mayor, August 19, 1940.
To the City Council.
Gentlemen,—I transmit herewith letter from the Traffic Commissioner relative to your order of July 22, 1940, concerning the establishing of a traffic circle at Pond street and the Arborway, Jamaica Plain.

Respectfully,

WILLIAM J. GALVIN, Acting Mayor.

City of Boston,
Traffic Commission, August 7, 1940.
Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Mr. Mayor,—This is in reply to Council order dated July 22, 1940, which reads as follows:

"Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to establish a traffic circle at Pond street and the Arborway, Jamaica Plain."

Studies and plans of a traffic circle at Arborway and Pond street have been made. It is our understanding that Park Commissioner William P. Long will have this circle constructed under a W. P. A. grant.

Respectfully yours,

WILLIAM P. HICKEY, Commissioner.

Placed on file.

LOUD SPEAKERS AT L STREET BATH HOUSE.

The following was received:

City of Boston,
Office of the Mayor, August 19, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Park Department Chairman relative to your order of July 22, 1940, concerning the installation of a loud-speaking system at the L Street Bath House in South Boston.

Respectfully,

WILLIAM J. GALVIN, Acting Mayor.

City of Boston,
Park Department, August 5, 1940.
William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Sir,—I have your memorandum of July 31, with inclosure, order from the City Council that the Park Department install a loud-speaking system at L Street.

This matter has been brought up again and again and it has always been objected to very strenuously by the people who use L Street, as it would be a painful infliction on the ears of the majority of the regular visitants of that place. They not only get the benefit of the air, the sun and the water, and they are not compelled to submit to any annoyance from any other person, and have the right, under the Park Rules and Regulations, to expect freedom from loud noises.

I feel that a loud speaker at this spot would be detrimental to the Park Department and would give it a Coney Island effect.

Very truly yours,

WILLIAM P. LONG, Chairman.

Placed on file.

HOUSING PROJECT IN ORCHARD PARK SECTION.

The following was received:

City of Boston,
Office of the Mayor, August 19, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Boston Housing Authority Chairman relative to your order of June 24, 1940, concerning the consideration as a second site for a Federal Housing Project that area of Roxbury known as the Orchard Park section of Ward 8.

Respectfully,
WILLIAM J. GALVIN, Acting Mayor.

City of Boston,
Boston Housing Authority, August 16, 1940.
Mr. William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Sir,—This will acknowledge receipt of your communication of recent date, concerning the City Council order of June 24, 1940,—

"That the Boston Housing Authority be requested to consider as a second site for a Federal Housing Project that area of Roxbury known as the Orchard Park section of Ward 8."

You are respectfully advised that this Authority will give every consideration to the development of a housing project in the area suggested.

Respectfully,
JOHN A. BREEN, Chairman.

Placed on file.

CLEANING O'REILLY AND COLLINS STATUES.

The following was received:

City of Boston,
Office of the Mayor, August 19, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Boston Art Commission Chairman relative to your order of August 5, 1940, concerning the cleaning up and remedying any defects in the statues of John Boyle O'Reilly and P. A. Collins.

Respectfully,
WILLIAM J. GALVIN, Acting Mayor.

City of Boston,
Art Commission, August 15, 1940.
Hon. Maurice J. Tobin,
Mayor of Boston.

Subject: City Council Order of August 5, 1940, Concerning the Cleaning Up and Remedying Any Defect in the Statues of John Boyle O'Reilly and P. A. Collins.

Report:

For cleaning and refinishing the heroic bronze bust of John Boyle O'Reilly, size approximately 34 inches high by 27 inches wide, we have obtained the satisfactory figure from T. F. McGann & Sons Company of fifty-five (55) dollars.

For cleaning and refinishing the heroic bronze bust of Patrick A. Collins, size approximately 38 inches high by 28 inches wide, we have obtained the satisfactory figure from T. F. McGann & Sons Company of seventy-five (75) dollars.

We recommend that the work, to the total amount of one hundred and thirty (130) dollars, be done, and suggest that the sum be taken from the Copenhagen Fund income, which now amounts to \$5,691.70, by order of the Mayor.

Respectfully,

ROBERT P. BELLOWES, Chairman.

Placed on file.

RESURFACING HOOPER STREET.

The following was received:

City of Boston,
Office of the Mayor, August 19, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Public Works Commissioner relative to your order of August 5, 1940, concerning the resurfacing with smooth pavement of Hooper street, Ward 17.

Respectfully,
WILLIAM J. GALVIN, Acting Mayor.

City of Boston,
Public Works Department,
August 13, 1940.
To William T. Doyle, Chief Clerk, Mayor's Office.

From George G. Hyland, Commissioner, Public Works Department.

Subject: Resurfacing of Hooper Street, Ward 17.
I return herewith order in City Council that the Commissioner of Public Works resurface with smooth pavement Hooper street, Ward 17.

Please be advised that this street has been recommended for resurfacing by the district foreman and I will have same submitted for approval on a W. P. A. project at a later date.

GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

RESURFACING SOUTHERN AVENUE.

The following was received:

City of Boston,
Office of the Mayor, August 19, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Public Works Commissioner relative to your order of August 5, 1940, concerning the resurfacing with smooth pavement of Southern avenue, from Washington street to Talbot avenue, Ward 17.

Respectfully,
WILLIAM J. GALVIN, Acting Mayor.

City of Boston,
Public Works Department,
August 13, 1940.

To William T. Doyle, Chief Clerk, Mayor's Office.
From George G. Hyland, Commissioner, Public Works Department.

Subject: Resurfacing Southern Avenue, Washington Street to Talbot Avenue, Ward 17.

I return herewith order in City Council that the Commissioner of Public Works resurface with smooth pavement Southern avenue, from Washington street to Talbot avenue, Ward 17.

Please be advised that this street has been recommended for resurfacing by the district foreman and I will have same submitted for approval on a W. P. A. project at a later date.

GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

BENCHES AT RINGER PLAYGROUND.

The following was received:

City of Boston,
Office of the Mayor, August 19, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Park Department Chairman relative to your order of August 5, 1940, concerning the installation of benches on the Ringer Playground, Ward 21.

Respectfully,
WILLIAM J. GALVIN, Acting Mayor.

City of Boston,
Park Department, August 12, 1940.
William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Sir,—I have your memorandum of August 8, with inclosure, order from the City Council, that the Park Commission be requested to install benches on the Ringer Playground, Ward 21.

Investigation will be made and if it is possible to comply with the request, it will be a pleasure.

Very truly yours,
WILLIAM P. LONG, Chairman.

Placed on file.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

Mariannina Cappucci, for compensation for injuries caused by an alleged defect at Faneuil Hall Market.

Thomas E. Charlton, to be reimbursed for execution issued against him.

Owen J. Connolly, for compensation for damage to car caused by alleged defect in East Boston Tunnel.

Sadie Daniels, for compensation for damage to property at 7 Tolman street, caused by opening of flood gates, Garvey Playground.

Henry H. Davis, for compensation for injuries caused by an alleged defect in Glenville avenue.

Vitale DeMarco, for compensation for injuries and damage to property by dump cart.

Barbara V. Evans, for compensation for damage to car by city truck.

Clara E. Fitzpatrick, for compensation for damage to property at 367 Neponset avenue, caused by broken water pipes.

Martin J. Giovannella, to be reimbursed as result of accident which occurred while in performance of duty.

Philip Goodman, for compensation for damage to car by city wagon.

Irving J. Hahn, for compensation for damage to car by city car.

Donald H. Hillyar, for compensation for injuries caused by an alleged defect in Massachusetts avenue.

Mary E. Johnson, for refund on second-hand license fee.

Henry Kalopioski, for compensation for loss of shoes and overcoat at Deer Island.

Samuel Kunen, for compensation for damage to car by city truck.

Louis C. LaBella, for compensation for damage to car by dump cart.

Sophie Lawrence, for refund on sign permit.

Mrs. M. J. Lee, for compensation for injuries caused by alleged defect at 274 Adams street.

Lewis of Lynn, Inc., for refund on sign permit.

March Realty Company, Inc., for compensation for damage to property at 40-44 Genesee street, caused by broken hydrant.

New England Transportation Company, for refund on Summer Tunnel tickets.

William H. Norton, to be reimbursed as result of accident which occurred while in performance of duty.

William H. Norton, to be reimbursed as result of accident which occurred while in performance of duty.

Elizabeth L. Nuehart, to be paid for wages due at City Hospital.

Lillian S. O'Connell, for compensation for damage to property at 53 Bayswater street, caused by defective water meter.

Philip E. Pritchard, for compensation for injuries caused by alleged defect at Arnold Arboretum.

Mary A. Rock, for compensation for injuries caused by an alleged defect in Franklin Park Golf Club.

David Sandberg, for compensation for damage to property at 8 Bunker Hill street, caused by negligent shutting off of water.

Elizabeth Scamporino, for compensation for damage to car by city car.

Annie Segal, for compensation for injuries received, caused by an alleged defect at Geneva avenue and Josephine street.

Arthur R. Smith, for compensation for damage to property at 41 Atkins street, Brighton, caused by water on roof.

Mary A. Henderson, for compensation for damage to property at 2064 Dorchester avenue, caused by water being shut off.

Licenses.

Petition of Oakdale Community Garage Bus Line for license to operate motor vehicles between Wolcott Square and Logan Square.

Pepsi-Cola Bottling Company, for driveway opening at 475 Western avenue.

Edmund J. O'Rourke, for driveway opening on Dorchester avenue.

City of Boston, Daniel M. Driscoll, for driveway opening at 98-104 Water street, Charlestown.

Augustus Hemenway Trustees, for driveway opening at Atlantic avenue and Summer street.

Heirs of Joshua Bennett, for driveway opening at Cambridge street.

Stanley Blenstrup, for driveway opening at 500 and 502 Western avenue.

Executive.

Petition of Clara O'Keefe to be paid an annuity on account of death of Cornelius J. O'Keefe, late member of the Fire Department.

ABBOTT LAWRENCE ESTATE.

Notice was received from the trustees of the Abbott Lawrence Estate of petition for instructions. Placed on file.

CONSTABLE'S BOND.

The constable's bond of Jacob Levine, having been duly approved by the City Treasurer, was received and approved.

FINANCE COMMISSION REPORT ON POULTRY PERMIT AT 11 LEWIS STREET, EAST BOSTON.

The following was received:

City of Boston,
Finance Commission, August 12, 1940.
The Honorable the City Council.

Gentlemen,—Under date of June 10, 1940, Councilor Coffey of East Boston introduced an order in the City Council requesting the Finance Commission to investigate the issue of a permit for a poultry slaughterhouse at No. 11 Lewis street, East Boston. On June 24 this order was unanimously adopted by the Council.

The request for the investigation contained no charges of any description. However, in the debates in the Council which preceded the adoption of this order, the sponsor of the order, Councilor Coffey, made statements charging that a large sum of money had been paid for the permit by the licensees and that others had been denied a similar permit because they were unable or unwilling to pay a large sum of money for it. The Finance Commission elected to investigate the matter at public hearings and to give all who had testimony to offer the opportunity to do so.

The commission, therefore, held public hearings in the Council Chamber on July 2, 3 and 5, 1940, at which eighteen witnesses testified. Many members of your body were present at one or more of these hearings and heard much of the testimony. The important features of it were reported in the daily press. Nevertheless, the commission believes recital of, and comment on, the principal issues should be incorporated in the public record. Accordingly, the commission herewith relates in narrative form the material facts developed and expresses certain conclusions incident thereon.

The premises at No. 11 Lewis street, East Boston, are owned by the National Dock and Warehouse Company, represented by Edmund D. Codman. Since 1913 they have been used, with infrequent vacancies, for the purpose of keeping, killing and selling live poultry. In order that

they may be so used, it is necessary that a license be issued, and it has been the practice for some years for the Health Commissioner of the City of Boston to issue such licenses.

Originally the license of the Lewis street premises was issued to Abraham Greenberg — probably in 1913. In 1928 a dispute arose in the Greenberg family which, after court action, was settled in 1930 and the license issued to certain members of the family entitled thereto pursuant to the decree entered on the settlement of the controversy. On October 22, 1934, this license was revoked, and since that time no member of the Greenberg family has been a record licensee of the premises.

A license was next issued to Mr. Codman and Glick Brothers jointly. This license was later revoked on account of unsanitary conditions. A license was later issued to Mr. Codman and one Antonio Buccolo jointly.

According to the testimony of Doctor Mullowney, then Deputy Commissioner in charge of the Food and Drug Division of the Health Department, the license to Codman and Buccolo was issued on condition that Philip Greenberg, the son of Abraham, would have nothing to do with the business. Doctor Mullowney testified that he subsequently determined that this condition was being violated, and revoked the license on August 1, 1939.

Philip Greenberg testified that in September, 1939, he sought the aid of Councilor Coffey to procure the reissue of a license to him, and that the councilor said to him, "I will see what I can do for you and it won't cost you one cent." Greenberg further testified that Councilor Coffey "got in touch with Mr. Codman" and that Coffey later reported to him that Mr. Codman had "made some deal with some other people and they were going to give me (Greenberg) a job."

Councilor Coffey in his testimony confirms the fact that Greenberg approached him "to help him secure a slaughterhouse permit in East Boston." But Councilor Coffey takes issue with Greenberg on the character of his reply. According to the councilor, he told Greenberg that if he had anything to do with the issue of a permit for a slaughterhouse in East Boston, he (Coffey) would oppose it. Coffey testified that he never changed his attitude thereafter.

Greenberg testified that Coffey told him that "new people" were going to get the license. This statement was made in the early part of 1940, according to Greenberg, who in cross-examination again stated that the councilor had seen Mr. Codman and got this information from him.

Mr. Codman testified that Doctor Mullowney had told him that "he (Doctor Mullowney) would not give either of the Greenbergs a license, nor would he give a license to anybody with whom Greenberg might associate himself." It seems a not unreasonable conclusion from the foregoing that Mr. Codman refused to waste time negotiating with Greenberg for a lease of the premises, told Councilor Coffey so, and that the latter relayed the information to Greenberg and thereafter ceased to interest himself in attempting to secure a license for Greenberg.

A license was issued May 14, 1940, to Jacob Furman and Edmund D. Codman. According to the testimony, the circumstances leading up to and surrounding the issue of this license were as follows:

In 1920, A. B. Reade Company petitioned to have the location of their poultry slaughterhouse, then on the water side of Commercial street, changed to the land side at No. 568 Commercial street. Permission was granted, but according to Doctor Mullowney's testimony petitions for relief were presented against the new location from time to time by the inhabitants of Snow Hill street, directly back of the premises. These petitioners complained that the slaughtering business constituted a nuisance to them in the summer time. As a result, the license was temporarily suspended on three separate occasions.

Finally, in 1939, the conditions not having improved, Doctor Mullowney determined to have a hearing with a view to the final revocation of the license. At this hearing the A. B. Reade Company was represented by Charles F. Hilly of 11 Beacon street, office associate of Simon H. Kugell, usual counsel for the company. Consequently upon this hearing, the license was revoked on or about September 26, 1939.

According to the testimony of Mr. Hilly, it was his understanding that at the time the Commercial street license was revoked the Health Department officials agreed that the license might be transferred to the first vacancy satisfactory to the A. B. Reade Company in an assigned location for poultry slaughtering. Doctor Mullowney testified that all he had agreed to was to give the A. B. Reade Company a preference in the granting of the license in the event of such satisfactory vacancy.

Not long thereafter Jacob Furman who, with his brother Harry, was doing business under the A. B. Reade Company name, ascertained that the Lewis street premises were vacant; and Mr. Kugell, his attorney, thereafter called on Mr. Codman for the purpose of negotiating a lease. After a little delay, Mr. Codman agreed to give the A. B. Reade Company an option to rent the Lewis street premises, and as a part of the transaction agreed to apply with Jacob Furman for a poultry slaughtering license. Mr. Kugell and Mr. Codman both agreed that Mr. Codman had insisted, and Mr. Kugell had promised, that no graft was to be paid in connection with the issue of the

license. Mr. Codman testified that he based this requirement not on any specific knowledge but simply on "vague talk."

Mr. Hilly testified that he prepared and presented to the Health Department an application by Codman and Furman for a license for No. 11 Lewis street. According to the testimony of Mr. Kugell, he was told that the Lewis street location was satisfactory to the Health Department, but that "in order to finally get the permit through, it would be necessary to obtain the Mayor's approval under the so-called nuisance licenses."

Apparently, in the opinion of the Health Department, this requirement that the Mayor approve the location before a license be issued is without legal sanction. Doctor Mullowney testified in this connection as follows: "I don't know of any requirement except that the Health Commissioner would not make an assignment of a location like that or give a transfer for the conduct of such a business without consulting the Mayor. I know if I were Health Commissioner, I would not do it, but there is no provision at all that I know of."

The approval of the Mayor was not forthcoming immediately. Mr. Kugell testified that he "made attempts to get the Mayor's office through appointments and was unsuccessful." Finally, at a time when Joseph V. Carroll, an attorney, with offices at No. 31 Milk street, Boston, was in consultation on another matter with Mr. Kugell, the latter asked Mr. Carroll's advice as to who might be able to get word from the Mayor's office. Mr. Carroll suggested his office associate, Frank J. Burke, Special Justice of the Boston Municipal Court. Judge Burke was interviewed by Mr. Kugell and later talked to Furman and then interviewed Mayor Tobin. Judge Burke testified that the Mayor said, "In the event that I decide to allow this to be issued, I will want to see the place before that." In December, 1939, Judge Burke saw the Mayor again, who said "he was sorry he had not had a chance to view the place, but just as soon as he could he would do so."

Shortly thereafter Judge Burke was taken ill. Thereafter numerous delays occurred; the Mayor went to Florida, the St. Valentine's Day blizzard "came along," and without Judge Burke to call it to his attention, the Mayor's inspection was postponed.

Mr. Carroll also went to Florida and on his return was informed by Mr. Kugell that the license had not been granted. Mr. Carroll wrote a letter to the Mayor in which he outlined all the facts and referred to Judge Burke's illness, and requested a definite answer as to whether the permit would be issued.

Several mornings later, Mr. Carroll received a telephone call from the Mayor's secretary saying the matter would be attended to shortly. Not long after Judge Burke telephoned him that he understood the license had been issued and Mr. Carroll, after confirming this information, paid the fee of \$25, obtained the license, and gave it to Mr. Kugell. The license was dated May 14, 1940.

There was testimony of a conflicting character introduced by three witnesses as to conversations which occurred or which did not occur during the period prior to the issue of the license. Mr. Kugell testified that on at least two occasions Furman had told him that Greenberg had been to see Furman and told him that if he wanted the license he had better see Councilor Coffey. Mr. Kugell testified that he advised his client against doing so. Harry Furman testified as follows concerning a conversation with Greenberg: "He asked me if I wanted the place open and I would give Coffey \$500—once he said \$500, once he said \$300—that's his conversation that he always had with me. This Greenberg is only gossip."

Greenberg testified, "I talked with Mr. Furman. I said, 'What's the matter, it takes so long to get the license?' The months go by since the first of the year." I says, 'Why don't you go and see Coffey and he can hurry it along?' That's all I said." There is no testimony of Jacob Furman on this point. There is no evidence that Mr. Coffey authorized Mr. Greenberg to speak for him or knew what was said, if anything.

The fees which were paid by the Furmans, according to the testimony of the recipients and Furman, were as follows:

Charles F. Hilly, \$100 on account. Hilly and Kugell testified that \$150 more is due Hilly for services in connection with the revocation of the Commercial street license and in connection with the application for the Lewis street license up to about October 1, 1939, when his services ceased.

Simon H. Kugell, \$100 on account. Kugell testified that \$150 more is due for his services largely, if not wholly, in connection with the granting of the Lewis street license. Jacob Furman admitted this further liability.

Frank J. Burke, \$500 for his services in connection with the granting of the Lewis street license.

Joseph V. Carroll, \$200 for his services in connection with the granting of the Lewis street license. He also received reimbursement of the \$25 paid for the license.

Hearsay evidence of an indefinite nature was also introduced by various witnesses alleging a total payment of \$3,000. Mrs. Isabel Kelly Racich of No. 63 Thornton park, Winthrop, testified that Philip Greenberg said to her, "They got the permit and it cost \$3,000 to get the permit." She further testified that Greenberg did not tell

her who got the money, nor who gave him his information. Mrs. Ida Tranchina, a sister-in-law of Antonio Buccolo, previously mentioned herein as a licensee of the Lewis street premises, testified as follows: "He said, 'You did not expect to get that place back.' I says, 'Why shouldn't I? If anybody should have it, we should have it.' He says, 'You had no money to get it.' I says, 'Why, how much did it cost him to get it?' He says, 'It cost them \$3,000.' I said, 'Is that so?' He said, 'You couldn't get it because you didn't have the money to pay for it.' So that's my story." She further testified that Greenberg told her who got the money and that one name stood out in her mind, but she refused to give it to the commission.

Greenberg denied categorically the making of such statements and further stated that the first time he heard that \$3,000 was paid was when he was so informed by Mrs. Racich. He stated also that in his conversation with Mrs. Tranchina it was she, not he, who mentioned that \$3,000 was paid.

There is no acceptable evidence, therefore, that the lawyers received or were promised more than the fees listed above—\$1,200. Nor is there any acceptable evidence that more than the total of the fees as listed was paid by the Furmans for the license.

Several of the witnesses testified at length in regard to events and conversations occurring after the issue of the license. Much of this testimony was conflicting. Much of it related to interviews between Harry Furman and Thomas F. Coffey or Councilor Coffey. Some of it related to telephone calls and to alleged telephone calls between Councilor Coffey and Judge Burke. There is very little of importance in connection with talks between Harry Furman and the Coffeys on which there is any substantial agreement. It is admitted by all and testified to by Joseph F. Coughlin and Lawrence J. Lewis, both presumably disinterested witnesses employed in the City Department of Weights and Measures, that on May 22, 1940, Thomas Coffey had a talk on the Lewis street premises with Harry Furman. Coughlin and Lewis testified that they had not overheard what was said. The stories told by the Furmans and Thomas Coffey in regard to this incident are wholly unreconcilable.

Mr. Lewis corroborated so much of Furman's story as related to the tearing into small bits of a piece of paper by Coffey. Mr. Furman testified the piece of paper was a check of \$25. Mr. Coffey testified it was a memorandum of Judge Burke's telephone number and that he did not tear it up.

It seems to the Finance Commission neither enlightening nor particularly germane to this report to analyze the conflicting testimony of the Furmans and of Judge Burke and of Mr. Hilly on the one hand and of the Coffeys on the other. Whatever it was that happened between them, happened after the granting of the license to Messrs. Furman and Codman. If a check was given to Thomas Coffey, there is no evidence that he cashed it. There is no evidence that money was given to him in substitution for it, if he tore it up. Furthermore, there is no evidence that either Coffey was a party in any way to procuring the license for the Furmans. It would seem, therefore, unnecessary—in view of the terms of your request for investigation—to elaborate further upon this incident.

The same considerations apply to the testimony in relation to the abortive attempts to procure a license for No. 145 Sumner street, East Boston. The Finance Commission therefore will omit further mention of this portion of the testimony.

This closes the statement of the testimony brought out at the hearings.

After the public hearings had been finally closed and at a time when this report was practically complete, namely, on August 5, 1940, an affidavit of the witness Greenberg was presented to the Finance Commission.

Since Greenberg flatly and openly charges in the affidavit that he was intimidated and suggests the possibility of other criminal acts, the commission has referred his affidavit to the District Attorney for Suffolk County, together with a transcript of all testimony taken at the hearings.

In the foregoing narrative one fact appears uncontested, namely, that in connection with the issue or transfer, as the case may be, of a poultry slaughtering license for or to No. 11 Lewis street, the licensee paid four lawyers a total of \$900 and has agreed to pay \$150 each additional to two of them, all for services in connection with the revocation of a prior license and with the application for the license in question. The total thus paid or agreed to be paid in attorneys' fees is \$1,200. The evidence indicated that these fees were retained by the lawyers to whom they were paid. The commission received testimony from Attorneys Kugell and Hilly and from their client Jacob Furman which indicated that they had given a large amount of time and effort to the whole matter. Even though the fees paid Attorneys Kugell and Hilly had undoubtedly included matters such as negotiations with the Lewis street landlord and professional service in regard to the revocation of the Commercial street license which cannot be properly assigned to the license for Lewis street, there remains nevertheless a total so assignable which is improperly burdensome on the licensee. A system of administering licenses whereby the city takes \$25 as a fee but

the licensee pays for professional service in excess of \$1,000 to obtain that license should not be tolerated.

If the cost in general of securing licenses from city departments exceeds the fees payable to the city to an extent in any way similar to the cost in this case, a situation exists precluding the citizens of Boston from occupations or activities which they are in many cases justly entitled to follow or enjoy, and from changes and improvements which they are in many cases justly entitled to make.

This instance is only one of many of that character. The abuse is not confined by any manner or means to any one department of the city or to any one administration. One of the most salutary results which could follow on the hearings in this matter would be a general change in departmental attitudes towards procrastination in attending to applicants and petitions. Its cost to the citizens of Boston annually is difficult to ascertain.

At various times during the hearings Councilor Coffey raised the question as to the legality of a license issued by the Health Department for the killing of poultry, especially with reference to the necessity of an additional license from the City Council under a section of the statutes relating to the slaughtering of cattle and other animals. Presumably this question has been considered by the city officials again and again and the present procedure was initiated in 1896 and has continued for over forty years with the acquiescence of the several corporation counsels, the Health Department and the City Council. The commission believes that the Health Commissioner has ample authority to issue licenses for the killing of poultry at specified locations under the provisions of section 143 of chapter 111 of the General Laws.

The commission believes it is pertinent to consider at this time the question of the inadequacy of the \$25 fee collected by the city for a license for a poultry establishment. This fee is an annual fee. It may cover occupancy of a building for fifty years, more or less. It does not cover the cost of the time spent by Health Department employees in investigation of the application and in attendance at a hearing required by law before a license shall issue.

Chicken-killing licenses have become of substantial value. The city for years received only \$1 for the license and now since 1939 receives \$25 for each license.

These establishments are a constant source of trouble and annoyance to city officials. They are difficult to operate in such a manner that neighbors will not object, or that a public nuisance will not result. Hence, health officials are always busy hearing and investigating complaints about them and in regularly supervising their operation. The time spent on this task alone by Health Department officials costs the taxpayers in every year many times the single fee received by the city at the time of issuance of the license.

The Mayor and Council have authority conferred by chapter 297 of the Acts of 1931 to establish this fee. The Finance Commission believes it should be fixed at an annual figure which more nearly represents the annual cost to the city for the supervision of the operation of such a plant than does the merely nominal fee now charged.

Respectfully submitted,

CHARLES M. STOREY, Chairman,
JAMES E. MAGUIRE,
JAMES H. FLANAGAN,
ELIAS F. SHIMON,

The Finance Commission.

NOTICE OF APPOINTMENT OF FIRST ASSISTANT ASSESSORS.

Notice was received of the appointments in the Assessing Department of Philip J. Camerlengo, Emmett J. Kelly, Samuel Kostic to be first assistant assessors.

Placed on file.

NOTICE OF RESIGNATION AND APPOINTMENT.

Notice was received of the resignation of James E. Burke as City Registrar, effective August 15, 1940, and the appointment of William Higgins to be Acting City Registrar.

Placed on file.

RECESS.

On motion of President GALVIN the Council voted at 2.45 p. m. to take a recess subject to the call of the Chair. The members reassembled in the Council Chamber and were called to order by Coun. M. H. SULLIVAN at 3.35 p. m.

EXECUTIVE COMMITTEE REPORTS.

Coun. LANGAN, for the Executive Committee, submitted the following:

1. Report on message of Mayor and order (referred today) transferring \$30,000 from income of George F. Parkman Fund—that same ought to pass.

Report accepted. Order passed; yeas 18, nays 0.
2. Report on message of Mayor and order (referred today) for transfer of \$53,350 to Long Island Hospital, Improvement and Repairs—that same ought to pass.

Report accepted. Order passed; yeas 18, nays 0.
Coun. COFFEY—Mr. President, on a point of order. Didn't another bill come out of Executive? Chairman SULLIVAN—That is all the clerk has report on so far.

Coun. COFFEY—Well, the other one wasn't tabled. It should be brought out with the others.

Chairman SULLIVAN—We will send a tracer for it.

UNFINISHED BUSINESS.

The Chair called up Nos. 4 and 5 on the calendar, viz.:

4. Ordered, That under authority of chapter 261 of the Acts of 1893, the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for Registry Department, H, Relief Projects, \$550, to the appropriation for Law Department, H, Relief Projects, \$400; Street Laying-Out Department, H, Relief Projects, \$150—\$550.

5. Ordered, That under authority of chapter 261 of the Acts of 1893, the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for Public Welfare Department, Central Office, H, Relief Projects, \$9,000, to the appropriation for Mayor, Office Expenses, H, Relief Projects, \$9,000.

On August 5, 1940, the foregoing orders were read once and passed, yeas 20, nays 0.

By a vote of yeas 18, nays 0, both orders were passed.

REPORT OF COMMITTEE ON LICENSES.

Coun. FISH, for the Committee on Licenses, submitted the following:

Report on petitions of General Land and Improvement Company for driveway opening at 251-259 Atlantic avenue (referred today); Shell Oil Company, for driveway opening on Walk Hill street; Nickels B. Huston, for driveway opening at 350 Ruggles street; James L. George and John Philopoulos, for driveway opening at 16 Maple street; Anna L. Cohen, for driveway opening at Talbot avenue and Millet street; Thomas G. Plant Corporation, for driveway opening on Walden street; Willard I. Morse, for driveway opening at 276 Columbia road; D. Henry Cram, Inc., for driveway opening at 24 Power street; Edmund J. O'Rourke, for driveway opening on Dorchester avenue; City of Boston, Daniel M. Driscoll, for driveway opening at 98-104 Water street, Charlestown; Augustus Hemenway Trustees, for driveway opening at Atlantic avenue and Summer street; Heirs of Joshua Bennett, for driveway opening on Cambridge street; Stanley Blenstrup, for driveway opening at 500 and 502 Western avenue; Pepsi-Cola Bottling Company, for driveway opening at 475 Western avenue—recommending that leave be granted.

Report accepted; leave granted under usual conditions.

FURTHER REPORT OF EXECUTIVE COMMITTEE.

Coun. COFFEY—Mr. President, on a point of order. May I have some information on the order that was acted upon in the Executive Chamber?

Chairman SULLIVAN—The Chair will request the chairman of the Executive Committee to report.

Report on the order submitted August 5, 1940, that the Mayor request the Public Works Commissioner to produce his books which will substantiate the claims of the Finance Commission when they stated that during the last snowstorm the City Councilors impeded the work of the Public Works Department by demanding that trucks and their constituents be put to work—recommending that the order ought not to pass.

Report accepted. Question came on the passage of the order.

Coun. COFFEY—Mr. President, two weeks ago I introduced this order which was late in the afternoon. The order was referred to Executive. Today in Executive no less than four members of the Boston City Council got up and said, "We put no trucks to work." They said they had nothing to do with any snow equipment going to work in the last snowstorm. Well, these four members of this Council voted against the Public Works Commissioner giving us any information as to who were the members of the City Council or the Legislature as the Finance Commission's report states—who those members were that put those trucks to work. Now when this report first came out I, like a lot of the other members, felt I was under a cloud of suspicion because of their report in which they stated that members of the Boston City Council and the Legislature impeded the work of the Public Works Commissioner and others designated to clear the snow and in some instances we forced the Public Works Commissioner to put on equipment, trucks, and the hiring of men. I introduced an order asking that the Finance Commission be summoned, and asked to give us a report as to where they got

this information, that is, if they got it from the Public Works Commissioner or if they got it from their own investigators. It is a matter of history now as to what took place when the secretary of the Finance Commission came down. He said he "didn't know" to every question he was asked, and when I asked him what he did know, he got indignant and walked out. Now I think this order is fair. One of the councilors out there in the Executive Chamber made the statement that if any of the councilors did put trucks on, good luck to them; that he was not any stool pigeon. Well, may be he doesn't know the law reads that no councilor shall interfere with any department head in regard to hiring trucks, inspectors, or anything else. I want to say here and now that if he was referring to me as being the stool pigeon, that is all right, I will take the blame, but when he said he had nothing to do with putting any trucks on and he was going to vote against it, I doubt the sincerity of that man. I do not believe the statement he made that he had nothing to do with putting trucks on. If he did not, he would be the first one to get up and vote to have the Public Works Commissioner issue a statement as to who they were that put the snow equipment on during that last snowstorm. Four of these gentlemen, and each one started off their remarks with the statement they had nothing to do with putting any trucks on and still they went out and voted against this order which would give us some light as to who the councilors were that the Finance Commission referred to. I know that I do not want to be considered under the cloud of suspicion in my ward.

President GALVIN—Answering just the first part of the councilor's statement relative to the trucks going from the city, I might state that at the time of the snowstorm that after conference of the Public Works Commissioner and some other commissioners in the city, it was decided that any truck that was available within fifty miles of Boston that could get into Boston and remove snow would be hired and you didn't have to know a councilor or anybody else in order to get a truck on during the last Valentine's Day snowstorm.

Coun. COFFEY—Mr. President, in answer to the gentleman on my right, I may say it also says in the Finance Commission's report that the city officials went on the air and asked any contractors if they had any trucks to bring them to Boston and they would gladly hire them; but still, that has nothing to do with the statement of the Finance Commission that the work was impeded by City Councilors seeking to put trucks and snow equipment to work and that is what I want to find out, who put any trucks on.

President GALVIN—Will the councilor read that quotation from any report where it says the councilors put on trucks and impeded snow removal work?

Coun. COFFEY—The report of the Finance Commission says:

"The employment of this extra help and equipment was attended by the greatest confusion. In many instances the hiring was taken out of the hands of the city officials ordinarily delegated to do that task. Members of the City Council, members of the Legislature and others influential in political organizations greatly impeded the work of the regular city executives. They frequently tried to designate the men to be hired for shoveling, the equipment to be hired for removal, and the inspectors and supervisors to be hired for direction of the work."

President GALVIN—I don't see where it says anything about trucks being put on by councilors.

Coun. LYONS—Mr. President, this is a lot of silly banter being passed around here. The question is, did the politicians impede the loading of trucks and impede the Commissioner of Public Works in Boston. These would-be politicians in the State House and some councilors, too, went up to Commissioner Hyland, running in looking for buttons, and all they had to do was go and put the boys to work. They were running around because they couldn't get more than five or ten buttons. I put on over 300, and I didn't have any buttons. It didn't have anything to do with hiring equipment or anything else. They were in there stepping on his toes and he couldn't operate as he wanted to. There is no need of killing the whole afternoon over a silly thing.

Coun. CAREY—Mr. President, I was not one of the four who in Executive said he didn't put trucks to work. It is nothing but a lot of idle talk, because in the first place the Finance Commission's report does not quote any statement made by the Commissioner of Public Works to the effect that members of the City Council or members of the Legislature impeded the work of snow removal. For all we know it might have been some opinion formed on the part of the members of the Finance Commission and it was suggested at the meeting of the Executive Committee that we should have the Finance Commission substantiate the claim they made instead of putting the blame on the shoulders of the Commissioner of Public Works about snow. If the Finance Commission will say they did get their opinion from the Commissioner of Public Works it might then be time to bring the Commissioner of Public Works in here. But so far as putting trucks to work, we are out every day of the week calling business houses trying to put people to work and so long as any man is in public office it is going to be a duty of his to intercede in any way he can in order to help a fellowman, whether it might be asking or

recommending or saying a good word for somebody who owns a truck or gets a young lady a job as stenographer, or trying to put a laborer to work in the state or city. The work we do is one of intercession and we would be failing in our duty if upon being asked to say a good word for a friend we didn't say it. Whether a councilor interceded to put trucks to work should not enter into this discussion. The point is whether or not the Finance Commission can substantiate their statements when they say the Commissioner of Public Works accused the City Council and members of the Legislature of impeding the work because of the fact they couldn't get trucks on and there were no trucks available. We know, as President Galvin said, a call was made even over the radio for trucks and trucks were put to work from distant points. I do not think the order should pass here because of the fact we are talking about two different things. In the first place, the Finance Commission report and in the second place the basis for the statement they made, and it seems to me we should first ask the Finance Commission to substantiate the statements they made when they accuse members of the Council of impeding the work.

Coun. COFFEY—In answer to the gentleman and Councilor Lyons, he tried to bring out the fact that we were talking about snow buttons. I was not talking about snow buttons. In my town they were selling them for \$2 each. What I want to bring out is the first few lines of the statement of the Finance Commission that "the employment of this extra help and equipment was attended by the greatest confusion. In many cases, the hiring was taken out of the hands of the city officials ordinarily designated to that task. Members of the City Council, members of the Legislature and others influential in political organizations greatly impeded the work of the regular city executives." We have had Commissioner Hyland come down two weeks ago and three weeks ago and he said he was an honest man, and if anybody said otherwise he would kick their teeth down their throat. Now, I am bringing out the fact that this statement was made by the Finance Commission and we cannot get any information from the Finance Commission and the Public Works Commissioner should be brought down here and tell where the Finance Commission got this report.

Coun. FISH—Mr. President, as I just heard the statement read that we impeded the help and the equipment,—just as the statement reads. If they want to use the term "impeded" because some of us councilors in our intense desire to have some of the unemployed get work and we appealed to the Public Works Commissioner, then, frankly, I am one of the councilors who is guilty, because I spent a great deal of time telephoning and doing all I could to get the unemployed back to work for a few days on the snow removal.

Coun. TAYLOR—Mr. President, I move the previous question.

Chairman SULLIVAN—The question comes on the passage of the order.

The order was declared rejected, and Coun. COFFEY doubted the vote.

The order was rejected, the vote on its passage being yeas—Coun Coffey—1, nays 17.

SOLDIERS' RELIEF.

Coun. ENGLERT, for the Committee on Soldiers' Relief, submitted report, recommending passage of order for payment of aid to soldiers and sailors and their families in the City of Boston for the month of August, 1940.

Report accepted; said order passed.

FURNISHING SPECIAL STATUTES CONCERNING CITY OF BOSTON TO COUNCILORS.

Coun. D. F. SULLIVAN offered the following: Ordered, That from the copies of the book entitled "Special Statutes Relating to the City of Boston" held by the Printing Department for sale to the public, the Corporation Counsel be authorized to furnish free of charge one copy to each member of the present City Council who was not a member of the preceding City Council and to continue to furnish one copy to each new member of succeeding City Councils on the same conditions; and the Superintendent of Printing is hereby directed to deliver to the Corporation Counsel, from time to time, the necessary copies to comply with this order.

Passed under suspension of the rule.

ONE-WAY STREETS IN WARD 9.

Coun. D. F. SULLIVAN offered the following: Ordered, That the Traffic Commission be requested, through his Honor the Mayor, to make the following streets in Ward 9 one way:

Roxbury street, from Shawmut avenue to John Eliot square, Vernon street, from Washington street to Tremont street, Ruggles street, from Tremont street to Washington street, Cabot street, from Linden Park street to Tremont street, Kent street, from Vernon street to Roxbury street, Linden Park street, from Tremont street to Roxbury street.

Passed under suspension of the rule.

REPORT OF COMMITTEE ON CLAIMS.

Coun. GOTTLIEB, for the Committee on Claims, submitted a report on the petition of James L. Brooks to be reimbursed for amount of execution issued against him on account of his acts as operator of a motor vehicle belonging to the Paving Division, Public Works Department—recommending passage of the following:

Ordered, That the sum of seventy-nine dollars (\$79) be allowed and paid to James L. Brooks in reimbursement for amount of execution issued against him on account of his acts as operator of a motor vehicle belonging to the Paving Division, Public Works Department, said sum to be charged to the Contingent Fund.

Report accepted; order passed.

W. P. A. ASSIGNMENTS TO WELFARE RECIPIENTS.

Coun. GOTTLIEB offered the following:

Ordered, That his Honor the Mayor be requested to advise the W. P. A. authorities to adhere more strictly to the ruling giving W. P. A. assignments to citizens of Boston who are receiving welfare relief.

WIDENING OF BLUE HILL AVENUE.

Coun. GOTTLIEB offered the following:

Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to advise the City Council why the proposed widening of Blue Hill avenue has been delayed and also advise when such widening will commence.

Coun. GOTTLIEB—Speaking on the first order relative to priority employment on the W. P. A. for those citizens of Boston receiving welfare relief, let me state that there are in my opinion thousands of W. P. A. workers in and around the City of Boston who are occupying non-administrative positions, who are not what we might consider welfare cases and not receiving welfare aid from the City of Boston and yet they continue to hold these W. P. A. assignments year in and year out to the detriment and disadvantage of citizens of Boston who are receiving welfare aid. Now I have received in my office during the past six months probably 500 or 600 welfare residents in my ward, who have been certified as eligible for W. P. A., yet are unable to obtain assignments. I have written repeatedly to the W. P. A. Administrator for New England with poor success. I know that W. P. A. projects have fallen off during the past few months and there exists considerable difficulty in obtaining any assignments at all, but I still feel the W. P. A. authorities should give greater regard and consideration to those people on welfare and help the City of Boston to lighten its enormous welfare load by discharging in preference to welfare cases those on the W. P. A. who do not need the work as badly and give to those welfare recipients a chance to gain a little more respect for themselves and get some W. P. A. work and I hope this order will pass, Mr. President. On the second order, Mr. President, sometime last fall there appeared in the Boston newspapers considerable printed reports as to the proposed widening of Blue Hill avenue, that section from the American Legion Highway to Franklin Park, in order that the entire Blue Hill avenue area might become a double-barreled highway, thereby lessening the dangerous traffic hazards and relieving considerable congestion in that section of Blue Hill avenue, which we all know is a main artery leading into and out of Boston. Now, since the time that proposed widening was to start, which I believe was last fall, there has been no action. The ground has not been broken. Neither the Boston Elevated Railway, which was a party to this proposed widening inasmuch as they were to remove the car tracks from the side running parallel with the track to the center of the avenue, nor the Commissioner of Public Works has seen fit to go ahead with this much-needed program and so I ask the passage of this order, Mr. President, in order that we might obtain more speedy action for the residents of that district.

Both orders were passed under suspension of the rule.

JOSIAH H. BENTON ESTATE.

Coun. TAYLOR offered the following:

Ordered, That his Honor the Mayor request the Board of Trustees of the Boston Public Library to give a report as to whether any prosecution, either criminal or civil, was made by them to compel Arthur F. Clarke, executor of the estate of Josiah H. Benton, to pay the full amount due the Board of Trustees under the will of Josiah H. Benton.

Coun. TAYLOR—Mr. President, an estimable gentleman by the name of Josiah H. Benton died and left a will under which the Board of Trustees of the Boston Public Library was to receive the sum of approximately \$100,000. No money was ever forthcoming to Boston. Arthur F. Clarke, an attorney who was executor of this estate, evidently didn't see fit to turn over the money. What he has done with the money, I don't know. Recently the Law Department of the City of Boston entered into an agreement with Mr.

Clarke and his son to settle this amount for \$18,000. While I appreciate the fact that \$18,000 is better than nothing, I have heard nothing at all with reference to Mr. Clarke as to why it was made so easy for him to defraud the City of Boston out of \$82,000. Certainly, this money would go towards the maintenance of the Boston Public Library and would tend to decrease the budget of the City of Boston. I don't see any reason why the City of Boston, or the Board of Trustees of the Library,—and as the Assistant Corporation Counsel Mr. Hopkins states it was really a gift to the Board of Trustees—to me it seems very little different,—but I do not see why no action has been taken either civilly or criminally by them to obtain this money for the benefit of the City of Boston. I know of many instances of much smaller estates where attorneys who were executors or administrators of those estates had to suffer the consequences when it was only a small amount, and I do not see any reason why if the City of Boston happens to be the beneficiary of the estate, this man should be allowed to receive the benefits of \$82,000, detrimental to the taxpayers of the City of Boston, and I think Mr. President, that the City Council and the people of Boston are entitled to an explanation and report from the Board of Trustees of the Boston Public Library.

Passed under suspension of the rule.

PAYMENT OF ANNUITY TO WIDOW OF WILLIAM T. WELCH.

Coun. M. H. SULLIVAN offered the following:

Resolved, That the Boston City Council favors the enactment of legislation providing for the payment of an annuity to the widow of William T. Welch, late member of the Boston Police Department, provided such legislation includes a referendum to the Mayor and City Council.

Passed under suspension of the rule.

ACTION ON UNFINISHED BUSINESS.

Coun. SHATTUCK called up No. 3 on the calendar, viz.:

3. Ordered, That under the provisions of chapter 72 of the Acts of 1939, a loan in the sum of \$367,000, outside the debt limit, be, and hereby is, authorized, and that the City Treasurer, upon request of the Mayor, be authorized to issue bonds or notes therefor, and that the said sum of \$367,000 be, and hereby is, appropriated, to be expended in accordance with the provisions of chapter 72 of the Acts of 1939 for the following purposes:

Fire Department.	
H. Relief Projects.....	\$10,000 00
Park Department.	
H. Relief Projects.....	150,000 00
Public Works Department. Paving Service.	
H. Relief Projects.....	200,000 00
Supply Department.	
H. Relief Projects.....	7,000 00
	\$367,000 00

Coun. SHATTUCK—Mr. President, this is the loan order of \$367,000 for certain W. P. A. projects. It came before the Council two weeks ago, and after reference to the Executive Committee, it received its first reading. It is now on the calendar for a second reading. I believe that before final passage it should be examined by the Finance Committee which would be the regular procedure and I shall move at the end of my remarks that it be so referred with the idea that the Finance Committee might hold its hearing this week and report on the matter next Monday. We appropriated in the general appropriation bill for W. P. A. projects in round figures \$1,400,000. That compares with \$1,637,000 in 1939, but in 1939 we had 26,000 people on the rolls. For 1940 the Mayor estimated there would be 19,000 on the rolls, but, in fact, there has been an average of about 16,000 on the rolls, and I understand that the rolls now contain about 13,000. In other words, there are at present only one half of the number that were allowed for last year. Now if we add the requested appropriation to the appropriation already made in the general appropriations bill, that would provide for W. P. A. projects about \$150,000 more than we provided last year when there were 26,000 as compared with an average of 16,000 this year. I think that that question should be examined to see why it is that there has been a request for a larger appropriation this year when the number of people on the rolls is so much smaller and that would be the purpose of asking the Finance Committee to look into that question before final passage of the order. I therefore move, sir, that this matter be referred to the Finance Committee of which I am chairman, and I will give assurance that the hearing will be held on Thursday of this week and that the report will be made ready for action next Monday.

Coun. TAYLOR—Mr. President, ordinarily I certainly wouldn't have any objection and perhaps

I haven't any now if I am convinced perhaps that another week's delay will not be the cause of preventing many people from going back to work on the W. P. A. After all, these are relief projects on the W. P. A. and all of us who have attempted to secure employment for people on the W. P. A. projects know the difficulty we have had in doing so. We are informed that there is no work for them; that there are no positions for them to go to work. I appreciate the fact we went through this thing in the Executive chamber at some length, although the chairman of the Finance Committee was not there at the time and did not have an opportunity to be heard, but I would like to see it go through today if it is going to assist people obtain employment. If I am assured of the fact another week's delay will mean nothing, why then, I will be glad to withdraw my objection to it.

Coun. SHATTUCK—Mr. President, I inquired of the City Auditor and he stated that a week's delay would have no serious consequences.

Coun. TAYLOR—Well, in view of that fact, Mr. President, I withdraw my objection.

Question came on reference of the order to the Finance Committee and the order was referred to the Finance Committee.

NAMING OF HERBERT W. J. FITZGERALD SQUARE.

Coun. LINEHAN offered the following:
Ordered, That the space at the junction of O'Callaghan and Logan Ways, in Old Harbor Village, be named the Herbert W. J. Fitzgerald square, in honor of said Fitzgerald, veteran of the World War, who died on November 24, 1939, as a result of injuries received during the war.

Coun. LINEHAN—Attached to the order you will find a report of the record of Herbert W. J. Fitzgerald, and I now ask unanimous consent to have that record incorporated in the minutes of the meeting.

Chairman SULLIVAN—If no objection, the material will be incorporated in the record.

Service Record of Herbert W. J. Fitzgerald, Sergeant, Company L, 101st Infantry, Yankee Division.

Born in South Boston, September 20, 1894. Died in Old Harbor Village, November 24, 1939. Enlisted June 4, 1917. Honorably discharged April 28, 1919.

Battles: Chemin des Dames, February 7, 1918, to March 14, 1918. N. W. Toul Sector, April 1, 1918, to May 31, 1918. St. Mihiel Salient, September 12, 1918, to October 9, 1918. Meuse-Argonne Offensive, October 10, 1918, to November 11, 1918.

Wounds in Service: Gassed, May 31, 1918. Laceration from barbed wire, May 9, 1918. Bayonet wound, left hand, October 27, 1918.

Decorations: Purple Heart with two oak leaf clusters; Silver Star; French War Medal. Cited on two different occasions.

Passed under suspension of the rule.

ROPING OFF STREETS FOR PARADE OF JEWISH WAR VETERANS.

Coun. GOODE, GOTTlieb and TAYLOR offered the following:

Ordered, That the City Messenger be authorized to rope off the streets along the route of the parade to be conducted on August 30 by the Jewish War Veterans of the United States on the occasion of their Forty-Fifth Anniversary Convention in Boston.

Passed under suspension of the rule.

REPAIR OF WACHUSETT STREET.

Coun. GOODE offered the following:
Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to fill in the depressions on Wachusett street, Ward 18, and to drain off the stagnant water which has settled in pools on that street.

Passed under suspension of the rule.

SIDEWALKS, AUSTIN STREET.

Coun. GOODE offered the following:
Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to install granolithic sidewalks on Austin street, Ward 18, as a W. P. A. project.

Passed under suspension of the rule.

SIDEWALKS, WOODHAVEN STREET.

Coun. GOODE offered the following:
Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to install new sidewalks along Woodhaven street, Ward 18, under the W. P. A. type of construction.

Passed under suspension of the rule.

SIDEWALKS ON WALTER AND PARK STREETS.

Coun. GOODE offered the following:
Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to construct sidewalks along Walter and Park streets, Hyde Park, under the W. P. A. plan of construction.

Passed under suspension of the rule.

"SLOW" SIGNS AT PALMER AND WINSLOW STREETS.

Coun. HURLEY offered the following:
Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to install "Slow" signs at Palmer and Winslow streets and at Vine and Forest streets, Ward 8.

Passed under suspension of the rule.

RESURFACING CHIPMAN STREET.

Coun. WICKES offered the following:
Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to resurface Chipman street, Ward 17, Dorchester.

Passed under suspension of the rule.

USE OF PUBLIC SCHOOLS AND BUILDINGS FOR RECREATIONAL PURPOSES.

Coun. WICKES offered the following:
Ordered, That the Boston School Committee and the Boston Park Commissioner be requested, through his Honor the Mayor, to make such arrangements for the use of public schools and public buildings, and their respective facilities, as will be suitable for the accommodation and furtherance of any recreational program sponsored by the City of Boston.

Passed under suspension of the rule.

REPLACING FLAGPOLE AT SOLDIERS' MONUMENT, JAMAICA PLAIN.

Coun. LANGAN offered the following:
Ordered, That the Park Commission be requested, through his Honor the Mayor, to replace, as a W. P. A. project, the flagpole at the Soldiers' Monument in Jamaica Plain, which was recently destroyed by a storm.

Passed under suspension of the rule.

SIDEWALKS, ORIENT AVENUE.

Coun. COFFEY offered the following:
Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to install edgestone and granolithic sidewalks on both sides of Orient avenue, Ward 1, as a W. P. A. project.

Passed under suspension of the rule.

CHECKING FOR LOCKERS.

Coun. RUSSO offered the following:
Ordered, That the Park Commission be requested, through his Honor the Mayor, to formulate some system for checking in the North End Park locker house, so that persons using same might be assured of the return of their clothing.

CAMBRIDGE STREET SUBWAY ENTRANCE.

Coun. RUSSO offered the following:
Ordered, That the Transit Commission be requested, through his Honor the Mayor, to make a survey of the subway entrance on Cambridge street, which entrance has not been in use for twenty-five years, with a view to grading same so that it might not obstruct traffic and also eliminate a dangerous condition which exists there.

Coun. RUSSO—Introducing my first order, Mr. President, it has been brought to my attention that at the North End Park, at the lockers, nothing is given to the individual who goes there and leaves his belongings and his valuables and it has happened a few times where a person not the right owner has called for the clothing and valuables and there has been quite a mix-up. I feel and think the Park Commissioner should have some kind of a checking system where it would allow and give a chance to the bathers or any individual who used these lockers, that at least when they call for their belongings they will receive the right apparel belonging to them. Therefore, I hope this order will pass. Not only in this particular park, but I hope in all public buildings, in public lockers, where people leave their belongings that some check should be given to those individuals that when they call for their

things they will receive what they left there, and I hope this order will pass. Speaking on my second order, Mr. President, I wish to outline to this Council that the subway opening which is located on Chambers street, right at the junction of Chambers and Joy streets, on the other side, this Elevated outlet has not been in operation to my knowledge for twenty or twenty-five years and ever since the widening of Cambridge street, and having that structure there, it is a hazard not only to pedestrians but also to drivers of automobiles that travel through the highway every minute of the day. We have there a structure which when a child is crossing from Chambers street to the other side of Cambridge street, there is a height of approximately 7 or 8 feet which naturally would obstruct the view of the motorist and the view of the pedestrian. Therefore if something could be formulated to remove or reduce this structure where at the present time it is an entrance for two cars to go out, if it could be reduced to one, if it cannot be eliminated entirely, I feel it would be a great improvement for the district and for the motorists and would be a great life saver in the future.

Both orders were passed under suspension of the rule.

FINANCE COMMITTEE MEETING.

Coun. SHATTUCK—Mr. President, I ask unanimous consent to make a statement.

Chairman SULLIVAN—The Chair hears no objection.

Coun. SHATTUCK—Mr. President, I wish to announce that there will be a meeting of the Finance Committee on the subject of this loan order on Thursday of this week, at 10.30, in the Executive Committee room, and that the Clerk of Committees will send out official notices to members of the committee and will ask the heads of departments concerned and Mr. Lang, the Budget Commissioner, to appear before the committee.

Adjourned at 4.35 p. m., on motion of Coun. HURLEY, to meet on Monday, August 26, 1940, at 2 p. m.

POPULATION OF BOSTON, BY SEX, NATIVITY, ETC., 1930.

Total population, 781,188 (383,454 males and 397,734 females); ratio of males to females, 96.4 to 100 as against 97.2 to 100 in 1920. Native white, 529,400 (260,419 males and 268,981 females) or 67.77 per cent; sex ratio, 96.8 to 100. Of the 529,400 native whites, 200,130, or 37.80 per cent, are of native parentage; 248,653, or 46.97 per cent, are of foreign parentage and 80,617, or 15.23 per cent, are of mixed parentage (i. e., one half native). Foreign-born whites, 229,356 (111,261 males and 118,095 females) or 9.563 less than in 1920; sex ratio 94.2 to 100. The foreign-born whites are 29.36 per cent of total population. Negroes, 20,574 (10,223 males and 10,351 females) or 2.63 per cent of population; sex ratio, 98.8 to 100. The Negro population has increased 4,224 since 1920 and 4,993 since 1915. Other races, 1,858 (1,551 males and 307 females), or 0.24 per cent, comprise 1,595 Chinese, 69 Japanese, 43 Indian, 26 Mexican and 125 miscellaneous. Total foreign white stock, 478,009 (viz., 229,356 plus 248,653) which is 61.19 per cent of all inhabitants.

TAUNTON'S ASPHALT PLANT.

One of the functions of a city public works or street department is to operate as effectively as possible in the construction and maintenance of its streets and sidewalks and to produce the necessary materials for paving at the lowest possible cost. In some cities this is effected by the purchase of all paving materials in either the raw or the mixed stage. Taunton has used a city-owned 100-ton asphalt plant for street paving and maintenance and for sidewalk construction for ten years. Located in the city yard with the equipment repair shop and garage, the plant is housed in a 60 by 90 foot building with a 30 by 100 foot wing, which was formerly used as a foundry. *The American City.*

POLICE DEPARTMENT (STATISTICS FOR 1938).

Number of police force, December 1, 1938, was 2,229, viz., the superintendent, 4 deputy superintendents, 30 captains, 66 lieutenants, 4 lieutenant-inspectors, 187 sergeants and 1,937 patrolmen, distributed in 19 divisions and a traffic division. Signal service men, 16; clerks, janitors, etc., 163.

Cost of maintenance for 1938, \$5,997,107 or \$16,491 less than in 1937.

Total number of arrests in year ending November 30, 1938, 97,187 or 1,239 more than in previous year; persons arrested on warrants, 14,745; without warrants, 52,490; summoned by the courts, 29,952; of those arrested, 6,931 were discharged and all others held for trial; foreign-born persons arrested, 12,116 or 12.46 per cent of total; boys under 17 years of age, 2,787; women and girls, all ages, 8,485; non-residents, 27,441, or 28.23 per cent of all arrested.

Drunkness the cause of 40,815 arrests, an average of 111 per day or 42 per cent of total. This is 4,919 less than the number of such arrests in 1937 and 1,368 less than the average for the past five years. The prosecutions for homicide numbered 142; arrests for refusing to support family, 1,015; violation of automobile law, 15,544; violation of liquor law (State), 137; violation of City ordinances, 269; violation of street traffic regulations, 15,477; suspected persons, 5,400.

Sick and injured persons assisted, 9,410; insane persons taken in charge, 494; lost children restored to homes, 1,533; persons imprisoned, 7,017; persons fined, 17,957, the fines amounting to \$157,817; stolen property recovered, \$447,021.50; licenses issued, 21,356 (including 12,621 for dogs and 5,334 for vehicles and drivers), for which \$67,209 was received. Of 2,629 applications for licenses to carry loaded revolvers, 2,431 were granted.

Accidents from all causes in the streets, parks and squares caused death of 122 and injury to 7,289. Automobile accidents killed 76 and injured 4,431. The automobile fatalities were 62.3 per cent of the 122 deaths.

Annual salaries: Commissioner, \$8,000; superintendent, \$7,000; deputy superintendents, 4 at \$4,500 each; captains, \$4,000; lieutenants and lieutenant-inspectors, \$2,700; sergeants, \$2,500; patrolmen, \$1,600 the first year, with \$100 yearly increase until maximum of \$2,100 is reached. The Traffic Division numbered a force of 211 in 1938.

In 1938, the Police Charitable Fund amounted to \$207,550 and \$7,900 was paid to 54 beneficiaries during said year.

CITY OF BOSTON.

REAL ESTATE DIVISION.

PUBLIC AUCTION.

The City of Boston will sell at public auction all its right, title and interest in and to about four thousand one hundred five (4,105) square feet of land on the northeasterly side of High View avenue, West Roxbury, being lot 45, and more fully described in a tax deed recorded with Suffolk Deeds, Registered Land Division, Document No. 113792, with Certificate No. 9142, on Thursday, September 12, 1940, at 11 a. m., on the premises, at a minimum price of one hundred and twenty-five dollars (\$125).

A deposit required at the time and place of sale of fifty dollars (\$50), in cash or certified check, balance to be paid in thirty (30) days. Further particulars from Custodian of Foreclosed Real Estate, 47 City Hall, Boston, Mass.

DANIEL M. DRISCOLL,
Custodian of Foreclosed Real Estate.
(Aug. 31-Sept. 7.)

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR REPAIRING BEACON STREET, DARTMOUTH STREET AND BROOKLINE AVENUE BRIDGES OVER THE BOSTON AND ALBANY RAILROAD.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for repairing Beacon Street, Dartmouth Street and Brookline Avenue Bridges over the Boston and Albany Railroad, and giving bond therefor of a surety company approved by the Commissioner in the sum of 100 per cent of the contract to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Bid for Repairing Beacon Street, Dartmouth Street and Brookline Avenue Bridges over the Boston and Albany Railroad," and left at Room 508, fifth floor, City Hall Annex, before 12 o'clock m. on Friday, September 6, 1940, with a certified check for two hundred (200) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor, previous to the time named for opening the bids. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the bid containing such price. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The undersigned reserves the right to reject any or all proposals should he deem it to be for the best interest of the city so to do.

GEORGE G. HYLAND,
(Aug. 31.) Commissioner of Public Works.

REAL ESTATE DIVISION.

PUBLIC AUCTION.

The City of Boston will sell at public auction all its right, title and interest in and to about forty-one hundred eight (4,108) square feet of land on the northeasterly side of High View avenue, West Roxbury, being lot 50, and more fully described in a tax deed recorded with Suffolk Deeds, Registered Land Division, Document No. 125852, with Certificate No. 28472, on Thursday, September 12, 1940, at 11.10 a. m., on the premises, at a minimum price of one hundred dollars (\$100).

A deposit required at the time and place of sale of fifty dollars (\$50), in cash or certified check, balance to be paid in thirty (30) days. Further particulars from Custodian of Foreclosed Real Estate, 47 City Hall, Boston, Mass.

DANIEL M. DRISCOLL,
Custodian of Foreclosed Real Estate.
(Aug. 31-Sept. 7.)

SUPPLY DEPARTMENT.

The City of Boston invites proposals for furnishing fruits, vegetables, meats, butter, eggs and cheese.

Proposals for furnishing fruits and vegetables close at 11 a. m. daily at the Supply Department. Proposals for furnishing meats and butter, eggs and cheese close every Thursday at 2 p. m. Proposals for furnishing manufactured meat products close the last Thursday of each month at 2 p. m.

Proposals and specifications for the above may be obtained in Room 1001, City Hall Annex.

JOHN A. BREEN,
Superintendent of Supplies.

CITY OF BOSTON.

REAL ESTATE DIVISION.

PUBLIC AUCTION.

The City of Boston will sell at public auction all its right, title and interest in and to about six hundred sixty-five (665) square feet of land on the northwesterly side of Lovis street, South Boston, numbered 11 in the present numbering of said street, and more fully described in a tax deed recorded with Suffolk Deeds, Registered Land Division, Document No. 100901, with Certificate No. 6391, on Thursday, September 12, 1940, at 12 noon, on the premises, at a minimum price of one hundred dollars (\$100).

A deposit required at the time and place of sale of fifty dollars (\$50), in cash or certified check, balance to be paid in thirty (30) days. Further particulars from Custodian of Foreclosed Real Estate, 47 City Hall, Boston, Mass.

DANIEL M. DRISCOLL,
Custodian of Foreclosed Real Estate.
(Aug. 31-Sept. 7.)

CITY OF BOSTON.

REAL ESTATE DIVISION.

CIVIL SERVICE EXAMINATIONS. (STATE SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

The lists established as a result of these examinations will be used to fill all vacancies in these classifications in the various State departments.

DEPARTMENT OF PUBLIC HEALTH, SENIOR
SANITARY ENGINEERING AID, OCTOBER
26, 1940.

Last date for filing applications, Monday, October 14, 1940, at 5 p. m.

The entrance salary is \$1,680 a year; the maximum salary is \$2,160 a year.

Duties: To do routine work in connection with the purity of water supply and waste disposal and to perform related work as required. To assist in engineering work involving knowledge and training in sanitary engineering practice including simplified practice in the flow of water and sewerage through pipes, the elementary knowledge of the theory of the various devices for measuring the flow of sewage and water and of filtration and treatment of sewage and water, and acquaintance with the technique required in examination of water supplies and examinations of piping systems to determine the presence of cross connections between water supplies used for drinking and secondary and industrial supplies. To examine the piping conditions in certain buildings to determine the possibility of back-siphonage of polluted matter into the drinking water supply. To make such hydraulic computations as are necessary to determine the possibility of polluted water entering the drinking water supply. To investigate matters of pollution of rivers. Under immediate supervision, to construct sewerage systems, sewage disposal works, water supplies and water distribution systems at State institutions.

Subjects and Weights: Training and experience, 2; practical questions (including mathematics), 3; total, 5.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

DEPARTMENT OF PUBLIC HEALTH, SUPERVISOR OF SOCIAL SERVICE (FEMALE),
OCTOBER 26, 1940.

(Requisition is for a female, but the examination is open to both males and females.)

Last date for filing applications, Monday, October 14, 1940, at 5 p. m.

The entrance salary is \$2,760 a year; the maximum salary is \$3,300 a year.

Duties: Under administrative direction, to supervise and direct the medical social work of the department, including such work in the various sanatoria and cancer hospitals.

Entrance Requirement: Applicants must have (a) three years' experience in medical social work in the social service department of a hospital or clinic, to include two years of supervised experience and one year in the supervision of medical social work; or (b) five years'

experience in the practice of medical social work in a recognized social service department in a hospital or clinic, to include three years' supervised experience, and preferably one year's experience in the supervision of medical social work.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

CIVIL SERVICE EXAMINATIONS. (CITY SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given preference.

FIRE SERVICE (INCLUDING CALL SERVICE),
CITIES AND TOWNS OUTSIDE OF BOSTON
AND METROPOLITAN DISTRICT,
OCTOBER 5, 1940.

BOSTON AND METROPOLITAN DISTRICT,
OCTOBER 19, 1940.

The last date for filing applications for both of the above examinations will be Saturday, September 21, 1940, at 12 o'clock noon. No applications will be accepted after this date.

Salary: The entrance salary for Boston is \$1,600 a year; the maximum salary for Boston is \$2,100 a year. Inquiries concerning salaries for the regular and call fire services in other cities and towns should be made at local fire departments.

Applicants for the service of Boston who have not reached their twenty-second birthday or who have passed their thirty-fifth birthday at the time of filing application will not be eligible to apply. Applicants for all other cities and towns in the Commonwealth who have not reached their twenty-first birthday or who have passed their thirty-fifth birthday at the time of filing application will not be eligible to apply. Callmen and substitute callmen may make such deductions from their ages as are provided for in Civil Service Rule 8, Class 21. A certificate of date of birth must be filed with the application, *unless* one has been filed with a previous application.

Applicants for WORCESTER are required to be not less than 5 feet 5 inches in height. Applicants for BROCKTON must be not less than 5 feet 6 inches in height, and weigh not less than 135 pounds at the time of appointment. Applicants for WINCHESTER must be not less than 5 feet 8 inches in height, and weigh not less than 135 pounds. Applicants for LYNN must be not less than 5 feet 5½ inches in height, and weigh not less than 135 pounds.

Subjects and Weights: Training and experience, 3; practical questions, including general information, 7; total, 10.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination and strength tests.

To become eligible, applicants must obtain at least 70 per cent in the strength

test, but the mark will not be averaged with the educational mark.

NOTE.—No second notices for the physical examination or re-examinations in the strength test will be permitted.

The practical questions will be based upon information contained in a manual known as the "Red Book." A new manual has just been issued. This manual may be obtained from the Public Document Division, Room 116, State House, at twenty-five cents a copy. It is necessary that applicants obtain a copy of this manual and study it carefully. The examination will include Part I of the Manual and the Appendix.

Important: Experience sheets will be collected on the day of examination and will not be accepted at any other time. No amendments to the experience sheet will be permitted. Applicants must not bring Fire Manuals to the examination room.

Call Service: Persons applying for call service must qualify only in experience and in the physical examination and strength tests. (Note information given above concerning age limits, height and weight, and passing requirements.) At the present time, there are three vacancies, at \$15 per year, for callmen in the Winthrop Fire Department.

SQUARE DEAL IN ASSESSMENTS FOR TAXATION.

Many cities are finding it greatly to their advantage to have their tax valuations periodically overhauled. The first criterion of any assessment is equity. For every citizen who wants through "pull" or however else to get off easy, there are twenty, nay a hundred who want a fair and square deal for all.

The appraisal of city real estate is a highly technical affair.

Few things are more important than the equalization of assessments. Particularly in cities that are cramped by an inflexible debt or tax limit, an honest, full value assessment may be a great boon. Without the slightest raise in the tax rate a substantially greater tax yield may be had.

STATE VALUATIONS IN 1937.

Total assessed value of real estate on January 1, 1937, in the thirty-nine cities and 316 towns of Massachusetts, \$5,742,161,541 (\$18,194,654 less than on January 1, 1936), of which 65.62 per cent applied to buildings and 34.38 per cent to land; of personalty, \$525,039,493; aggregate valuation, \$6,267,201,034 (2.74 per cent decrease from 1936), on which the total tax was \$222,184,422. To raise this amount of taxes on the property assessed at a uniform rate throughout the State would have required a tax rate of \$35.45+ on \$1,000 valuation. Boston's valuation, \$1,590,544,700, equal to 25.38 per cent of total valuation in the State.

MANY TYPES OF W. P. A. PROJECTS.

The Works Progress Administration has placed in operation a total of more than 300,000 projects. Except for the more pretentious types of construction, these projects have covered almost the whole field of American endeavor in meeting the primary objective of relieving unemployment. *The American City.*

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 32.

SATURDAY, SEPTEMBER 7, 1940.

No. 36

MAYOR TOBIN APPEALS TO LABORER AND EMPLOYER FOR UTMOST CO-OPERATION TO END THAT NATIONAL DEFENSE PROGRAM MAY NOT BE HAMPERED, BUT BE HUGE SUCCESS IN ORDER THAT ESSENTIAL INDUSTRIES MAY RUN SMOOTHLY WITHOUT INTERRUPTION — DELIVERS LABOR DAY ADDRESS ON COMMON AND EXPRESSES CONFIDENCE THE LABORER AND EMPLOYER WILL EACH DO HIS PART IN PRESENT AND FUTURE CRISES.

Upon Monday, September 2, during the Labor Day observance by Boston's labor host, Mayor Tobin, who was the principal speaker, delivered the following address:

Today, on September 2, 1940, the sun shines brightly on the labor movement in the United States. How different are the conditions today from those existing at the beginning of the 19th century.

In 1805 a group of Philadelphia cordwainers combined in an effort to raise wages. The judge declared that a combination of workers to raise wages was a criminal conspiracy and the men criminals. This doctrine was transplanted to our shores from England. For about forty or fifty years labor was harassed by the application of this English doctrine of criminal conspiracy. Eventually, however, the unsoundness of these decisions was recognized by the courts and American soil was not fertile enough for this law to survive. About 1870 and 1880 small businesses began to fail and large corporations came into power.

At this time there was developed a weapon to be used against the laboring man far more effective and powerful than the doctrine of criminal conspiracy. That weapon was the injunction, a term which the laboring man came to hate and despise. For many years labor had to contend, until 1932 at the time of the Norris-LaGuardia Act, with the injunction. The history of labor struggle was a long, hard, and interesting one, far too lengthy to be dwelt with in detail here.

In 1890 the Congress of the United States passed the Sherman Anti-Trust Act. It was the belief of many that this act was originally designed to eliminate evils of trusts and monopolies, and that Congress passed the act and intended it to prevent large trusts monopolizing business. However, when the courts construed this act, it was held by our Federal Courts and our Supreme Court that the Sherman Anti-Trust Act applied to labor organizations, and if labor restrained interstate commerce it was subject to the penalties of the act. That great Justice Brandeis in a strong dissent in one case said, "If, on the undisputed facts of this case, the refusal to work can be enjoined, Congress created, by the Sherman Act, an instrument for imposing restraints upon labor which reminds of involuntary servitude."

Yellow Dog Contract.

The Sherman Act was not the only force which labor had to battle. During the early part of the 20th century, employers devised a contract that the employee will not become or remain a member of a union while in the employ of the employer. Labor referred to this as "the Yellow Dog Contract." The courts in those early days felt that the employer could hire on any condition he desired regardless of how hard and inequitable and that any employee could work or not work as he saw fit. Those early courts failed to understand the basic economic principle that, without equality of bargaining power there can be no liberty of contract.

Labor began a determined struggle for relief against the Sherman Act and the Yellow Dog Contract. In 1914 there was passed by the United States Congress the Clayton Act, which labor believed would afford genuine relief from all its sufferings and hardships. One part of the act declared that the laborer or labor of a human being is not a commodity or article of commerce. It was labor's thought that this law greatly curtailed the use of the injunction and allowed peaceful picketing.

Labor hailed this act as its Magna Charta. President Gompers of the American Federation of Labor described it as "The Industrial Magna Charta upon which the working people will rear their structure of industrial freedom." President Wilson said, "The working men of America have been given a veritable emancipation by the legal recognition of a man's labor as part of his life and not a mere marketable commodity, by exempting labor organizations from processes of courts which treated their members like fractional parts of mobs and not like accessible and responsible individuals."

Unions, however, received heartbreaking disappointment in the interpretation of the act by the courts. Actually, the act, when applied, offered practically no relief to labor and the injunction was used practically as much as ever.

Effective Legislation.

There have been two great emancipations in American history. One was the emancipation of the Black man in 1863 and the gradual emancipation of the laboring men, women and children since the turn of the century, resulting in the Norris-LaGuardia Act and the Labor Relations Act.

In the passage of the Railway Labor Act of 1926, repealing the Transportation Act, labor made a great step forward. In fact, this act marks the beginning of effective labor legislation. From this point on labor met with success. It provided, in part, that employees should be allowed to select their own representatives for collective bargaining without interference, influence, or coercion by the railroad employer. This fundamental principle of free and uncontrolled organization, labor was to drive home in many subsequent pieces of legislation.

(Continued on page 987.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"
From Boston Centennial Poem by

NATHAN HASKEL DOLB.

MUNICIPAL CALENDAR.

Meeting of the City Council, Monday, September 9, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

To THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

To THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

To THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

To THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables slaughter-houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

To THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made

to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

To THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

To THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

To THE BOARD OF EXAMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

To THE STATISTICS DEPARTMENT, 73 City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

To THE WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

To THE BOARD OF ZONING ADJUSTMENT, 43 City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For the week ending August 31, 1940.

Population as of July, 1940, Massachusetts State Census, 817,713; population estimated July, 1940, United States Census Bureau, 769,520; number of deaths (stillbirths excluded): Residents, 152; nonresidents, 45; total, 197.

Death rate per 1,000 of population: All deaths, 13.31; nonresidents deducted, 10.27.

Death rate per 1,000 of population:

Last week, 11.21; corresponding week last year, 10.41.

Deaths by age periods, sex, etc.: Under one year, 12; one year to four years, inclusive, 3; sixty years and over, 93. Total deaths: Male, 121; female, 76; deaths in hospitals and institutions, 124; deaths of colored, 5.

LABOR DAY ADDRESS.

(Continued from page 985.)

It is to be recalled that when the Clayton Act was passed labor thought it had secured relief from the Sherman Act. After the unfavorable decisions on the Clayton Act, labor started off courageously after 1914 on the long road in its struggle for relief through legislation.

Year after year, proposal after proposal was advanced. Finally, on March 23, 1932, in the passage of the Anti-Injunction Act or the Norris-LaGuardia Act, the heroic efforts of labor were rewarded. The House of Representatives Committee, considering this bill, strongly criticized the courts in their issuance of injunctions against labor. It said, "It is difficult to see how any civilized people could indefinitely submit to such tyrannical procedure. It is not difficult to understand how such cruel laws made, not by any legislature, but by a judge upon the bench, should bring our Federal Courts into disrepute." Not my words but the words of a congressional committee.

This act declared, in part, that the workers should have full freedom of association to designate representatives of their own selection without interference, restraint or coercion from employers of labor. It provided further the "Yellow Dog Contract" was unenforceable in Federal Courts and permitted picketing where no fraud or violence was involved. Interpretation of this act by the courts was favorable to labor and it had definitely started on the uproad to better things.

RECOVERY ACT.

These two basic principles were also embodied in Section 7A of the National Industrial Recovery Act. Labor received benefits under this section of the act but they were lost when our Supreme Court held that the National Industrial Recovery Act was unconstitutional. A drive was immediately commenced for enactment of the National Labor Relations Act. Preliminary to its passage in 1935, it was shown in discussion in the Senate that about 10,000,000 people were out of work, that the financial loss due to strikes was staggering, that in 1934 1,277,344 workers were involved in strikes, that within the span of twenty-four months over 32,000,000 man-days were lost because of labor controversies.

On July 5, 1935, the new National Labor Relations Board was born. This act marked the culmination of labor's drive for relief against cruel and oppressive practices for a period of almost 150 years. It declares the affirmative right of employees to self-organization, to form, join or assist labor organizations, and to bargain collectively through representatives of their own selection. Employers are forbidden to interfere with, restrain, or coerce, employees in the exercises of their rights of self-organization. They are forbidden to interfere with the formation of labor organizations. They are forbidden to encourage or discourage membership in any labor organization. They are forbidden to discharge or discriminate against an employee because he has filed charges or given testimony under this act. They are forbidden to refuse to bargain collectively with representatives of the employees.

What a far cry are these labor laws from those as announced in the Philadelphia cordwainer case in 1805, when it was a crime for men to band together in an attempt to secure higher wages. The Supreme Court of the United States has

upheld the validity of the essential features of this act.

So that on this great day of labor, may I ask the laboring man in the crisis which now confronts our country to cooperate to the utmost with his employer and I ask the same of the employer to the end that our National Defense Program may be a huge success and that our essential industries run smoothly without interruption.

I feel confident that the employer and labor will perform their parts.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

PUBLIC WORKS DEPARTMENT.

Upon August 30 the Mayor approved a contract with Baker & Co. for cleaning catch-basins in Districts 1, 2, 2A, 3 and 4, at the rate of \$1.25 per cubic yard for each district.

In submitting bids Anthony J. Ryan neglected to bid on District 4, 875 cubic yards, thus making his bid informal, as the proposal called for bids on all districts. In addition, had a bid been submitted for this District 4 by Ryan, his totals would have greatly exceeded the bid submitted by Baker & Co. The work to be done under this contract is to be completed December 31, 1940. The following bids were received August 14, 1940:

District 1, 525 Cubic Yards, Per Cubic Yard.—Baker & Co., \$1.25; total, \$656.25; David W. Norton, \$1.45; total, \$761.25; David M. Biggs & Co., \$1.59; total, \$834.75; Capitol Contracting Company, \$1.60; total, \$840; Anthony J. Ryan (informal), \$1.45; total, \$761.25.

District 2, 350 Cubic Yards, Per Cubic Yard.—Baker & Co., \$1.25; total, \$437.50; David W. Norton, \$1.45; total, \$507.50; David M. Biggs & Co., \$1.59; total, \$556.50; Capitol Contracting Company, \$1.60; total, \$560; Anthony J. Ryan (informal), \$2; total, \$700.

District 2A, 525 Cubic Yards, Per Cubic Yard.—Baker & Co., \$1.25; total, \$656.25; David W. Norton, \$1.45; total, \$761.25; David M. Biggs & Co., \$1.59; total, \$834.75; Capitol Contracting Company, \$1.60; total, \$840; Anthony J. Ryan (informal), \$1.75; total, \$918.75.

District 3, 525 Cubic Yards, Per Cubic Yard.—Baker & Co., \$1.25; total, \$656.25; David W. Norton, \$1.45; total, \$761.25; David M. Biggs & Co., \$1.59; total, \$834.75; Capitol Contracting Company, \$1.60; total, \$840; Anthony J. Ryan (informal), \$1.35; total, \$708.75.

District 4, 875 Cubic Yards, Per Cubic Yard.—Baker & Co., \$1.25; total, \$1,093.75; David W. Norton, \$1.45; total, \$1,268.75; David M. Biggs & Co., \$1.59; total, \$1,391.25; Capitol Contracting Company, \$1.60; total, \$1,400.

VOTE FOR PRESIDENT IN MASSACHUSETTS, NOVEMBER 3, 1936.

Vote in the State for President: 942,716 for Roosevelt (Dem.); 768,613 for Landon (Rep.); 118,639 for Lemke (Union); 5,111 for Thomas (Soc.); 2,930 for Browder (Comm.); 1,305 for Aiken (Soc. Lab.); 1,032 for Colvin (Proh.); all others, 11; total votes, 1,840,357; blanks, 34,768. Plurality for Roosevelt, 174,103. There were 18,097 more ballots cast for President than for Governor.

POPULATION OF BOSTON, BY SEX, NATIVITY, ETC., 1930.

Total population, 781,188 (383,454 males and 397,734 females); ratio of males to females, 96.4 to 100 as against 97.2 to 100 in 1920. Native white, 529,400 (260,419 males and 268,981 females) or 67.77 per cent; sex ratio, 96.8 to 100. Of the 529,400 native whites, 200,130, or 37.80 per cent, are of native parentage; 248,653, or 46.97 per cent, are of foreign parentage and 80,617, or 15.23 per cent, are of mixed parentage (i. e., one half native). Foreign-born whites, 229,356 (111,261 males and 118,095 females) or 9,563 less than in 1920; sex ratio 94.2 to 100. The foreign-born whites are 29.36 per cent of total population. Negroes, 20,574 (10,223 males and 10,351 females) or 2.63 per cent of population; sex ratio, 98.8 to 100. The Negro population has increased 4,224 since 1920 and 4,993 since 1915. Other races, 1,858 (1,551 males and 307 females), or 0.24 per cent, comprise 1,595 Chinese, 69 Japanese, 43 Indian, 26 Mexican and 125 miscellaneous. Total foreign white stock, 478,009 (viz., 229,356 plus 248,653) which is 61.19 per cent of all inhabitants.

BUDGETARY CONTROL.

Prior to installing the present system of budgetary control, effective as of January 1, 1939, the city of Newark had no centralized accounting control over its budget commitments. The city's general ledger contained accounts for the various budget appropriations, and reflected disbursements out of the appropriations. However, commitments for work and material were not recorded in the city's accounts until after bills submitted by the vendors had been approved for payment by the Board of Commissioners. Consequently, financial reports could only show the amount of appropriated moneys that had not been disbursed out of any account. No recognition could be given in these reports to the unpaid purchase commitments, since the amount was not known. *The American City.*

TAUNTON'S ASPHALT PLANT.

One of the functions of a city public works or street department is to operate as effectively as possible in the construction and maintenance of its streets and sidewalks and to produce the necessary materials for paving at the lowest possible cost. In some cities this is effected by the purchase of all paving materials in either the raw or the mixed stage. Taunton has used a city-owned 100-ton asphalt plant for street paving and maintenance and for sidewalk construction for ten years. Located in the city yard with the equipment repair shop and garage, the plant is housed in a 60 by 90 foot building with a 30 by 100 foot wing, which was formerly used as a foundry. *The American City.*

PITTSBURGH'S TRAFFIC SAFETY RECORD.

Pittsburgh has been adjudged the safest city in the United States in 1932, and the second safest in 1933 and 1934 among cities with populations over 500,000. Registrations in the city increased 4.4 per cent, gasoline consumption 7.7 per cent. In 1935, despite a 2.4 per cent decrease in traffic volume, adult fatalities increased 30 per cent, total fatalities 24 per cent, as compared with 1934.

FIRE DEPARTMENT ORDERS.

General Order No. 38.

I. RETIREMENTS.

The following retirements which will take effect at 8 a. m., Sunday, September 1, 1940, are hereby announced:

Hoseman Cornelius A. Durgin, Engine Company 29. (Previously announced as effective July 17, 1940, in error.)

Ladderman James H. Smith, Ladder Company 1.

Hoseman John P. Knox, Rescue Company 1.

Hoseman Durgin and Knox were appointed to the department on February 1, 1924, and Ladderman Smith was appointed to the department on December 23, 1929.

These men leave the department with the best wishes of their associates.

II. AMERICAN DISTRICT TELEGRAPH COMPANY.

The following signal number should be added to the running cards of the A. D. T. Company in this department:

Signal 423, Union Paste Company, 1605 Hyde Park avenue. Apparatus to respond: Engine 48, Ladder 28, District Chief 15. The nearest box is 3851.

The following A. D. T. signal number has been discontinued:

Signal 164, L street, corner First street, Boston Edison Company.

III. GENERAL ALARM CORPORATION.

The following signal numbers are to be added to the running cards of the General Alarm Corporation in this department:

Signal 183, McKesson & Robbins, 379-385 Summer street, South Boston. (S.) Apparatus to respond: Engine 39, Ladder 18, District Chief 6. Nearest box is 7121.

Signal 184, Building, 30 Kneeland street. (S.) Apparatus to respond: Engine 7, Ladder 17, District Chief 5. Nearest box is 1491.

IV. COMMENDATIONS.

Hoseman William G. Cole of Engine Company 24 is hereby commended for volunteering and donating blood in transfusion to a patient at the Boston City Hospital on August 18, 1940.

Hoseman John P. Brooks of Engine Company 21 is hereby commended for volunteering and donating blood in transfusion to a patient at the Boston City Hospital on August 19, 1940.

By order of Fire Commissioner
WILLIAM ARTHUR REILLY.

WILLIAM F. QUIGLEY,
Acting Chief of Department.

CIVIL SERVICE EXAMINATIONS.
(STATE SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence. The lists established as a result of these examinations will be used to fill all vacancies in these classifications in the various State Departments.

DENTAL ASSISTANT, DEPARTMENT OF
MENTAL HEALTH, SEPTEMBER 28, 1940.

Last date for filing applications, Saturday, September 14, 1940, at 12 noon.

This examination is open to females only.

The entrance salary with maintenance, is \$780 a year; the maximum salary, with maintenance, is \$1,080 a year. The entrance salary without maintenance, is \$1,140; the maximum salary, without maintenance, is \$1,440 a year. The present vacancy is in the Belchertown State School.

Duties: To keep an accurate account of dental operations and perform other clerical work incident to dental appointments, and the requisition for supplies. To clean teeth under direction of the dentist. To be responsible for the sterilization of instruments and the general cleanliness of the dental suite. To assist in the taking and developing of dental X-rays. To perform simple laboratory tasks such as pouring models under the direction of the dentist.

Entrance Requirement: Applicants must be registered dental hygienists.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

JUNIOR CHEMIST, DEPARTMENT OF PUBLIC
HEALTH, SEPTEMBER 28, 1940.

Last date for filing applications, Saturday, September 14, 1940, at 12 noon.

This examination is open to both males and females.

The entrance salary is \$1,680 a year; the maximum salary is \$2,160 a year.

At the present time, there are two permanent male vacancies.

Duties: A. Under lesser supervision, (1) to operate, repair and calibrate commercial instruments for use in sampling industrial atmospheres; (2) to devise and construct apparatus for the sampling of gases and vapors in the air of industrial plants; (3) to maintain in proper operating condition laboratory equipment and machinery; (4) to analyze samples of atmospheric impurities collected from industrial establishments; (5) to equilibrate and prepare the activated charcoal apparatus or the determination of total organic vapors; (6) to prepare verbal or written abstracts of articles dealing with the analytical or toxicological aspects of occupational hygiene (including the translation of some foreign language articles if possible); (7) to prepare drawings of laboratory and field apparatus and floor plans of factory processes.

B. Under greater supervision, (1) to make studies of industrial processes involving possible hazards to health, in-

cluding the taking of samples of air; (2) to analyze samples of industrial products for the presence of ingredients which may constitute a health hazard; this involves especially the determination of heavy metals and the separation of complex mixtures of organic liquids; (3) to analyze samples of urine for benzol by the urine sulfate test, for lead by the method of Ross and Lucas, and for mercury by the method of Stock; (4) to prepare reports on the results of the studies outlined in B1.

C. Under close supervision, (1) to develop methods for the determination of gases, vapors and dusts not included in above; (2) to develop methods for the determination of toxic materials in urine; (3) to evaluate the health hazards associated with any given industrial process; and (4) to prepare reports dealing with the chemical aspects of toxicological studies.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

REVIEW EXAMINER, BOARD OF REVIEW, DIVISION OF UNEMPLOYMENT COMPENSATION, SEPTEMBER 28, 1940.

Last date for filing applications, Saturday, September 14, 1940, at 12 noon.

This examination is open to both males and females.

The entrance salary is \$3,180 a year; the maximum salary is \$3,720 a year.

At the present time, there are four vacancies:—one female, and three male.

Duties: To hold formal hearings on cases of appealed claims; to direct the gathering of additional facts and data when necessary and to make decisions on matters affecting the eligibility of claimants for benefits and the amount and duration of such benefits.

Applicants should have a knowledge of the Massachusetts Unemployment Compensation Law and a knowledge of the Social Security Act, and of employment procedure in private industry.

Entrance Requirement: Applicants must have four years within the last ten of full-time paid experience in any of the following fields:—industrial relations in a plant employing at least five hundred persons, public employment service, social service administration, enforcement of labor relations laws, or fields related thereto.

Applicant's experience rating will be based on experience in the following lines:—employment in a professional or other responsible capacity in at least one of the following fields:—industrial relations, public employment service, social service administration, legal experience (work of an investigatory type), enforcement of Federal or State laws, or related fields.

Subjects and Weights: Training and experience, 3; practical questions, 2; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

POLICE DEPARTMENT (STATISTICS FOR 1938).

Number of police force, December 1, 1938, was 2,229, viz., the superintendent, 4 deputy superintendents, 30 captains, 66 lieutenants, 4 lieutenant-inspectors, 187 sergeants and 1,937 patrolmen, distributed in 19 divisions and a traffic division. Signal service men, 16; clerks, janitors, etc., 163.

Cost of maintenance for 1938, \$5,997,107 or \$16,491 less than in 1937.

Total number of arrests in year ending November 30, 1938, 97,187 or 1,239 more than in previous year; persons arrested on warrants, 14,745; without warrants, 52,490; summoned by the courts, 29,952; of those arrested, 6,931 were discharged and all others held for trial; foreign-born persons arrested, 12,116 or 12.46 per cent of total; boys under 17 years of age, 2,787; women and girls, all ages, 8,485; non-residents, 27,441, or 28.23 per cent of all arrested.

Drunkenness the cause of 40,815 arrests, an average of 111 per day or 42 per cent of total. This is 4,919 less than the number of such arrests in 1937 and 1,368 less than the average for the past five years. The prosecutions for homicide numbered 142; arrests for refusing to support family, 1,015; violation of automobile law, 15,544; violation of

liquor law (State), 137; violation of City ordinances, 269; violation of street traffic regulations, 15,477; suspected persons, 5,400.

Sick and injured persons assisted, 9,410; insane persons taken in charge, 494; lost children restored to homes, 1,533; persons imprisoned, 7,017; persons fined, 17,957, the fines amounting to \$157,817; stolen property recovered, \$447,021.50; licenses issued, 21,356 (including 12,621 for dogs and 5,334 for vehicles and drivers), for which \$67,209 was received. Of 2,629 applications for licenses to carry loaded revolvers, 2,431 were granted.

Accidents from all causes in the streets, parks and squares caused death of 122 and injury to 7,289. Automobile accidents killed 76 and injured 4,431. The automobile fatalities were 62.3 per cent of the 122 deaths.

Annual salaries: Commissioner, \$8,000; superintendent, \$7,000; deputy superintendents, 4 at \$4,500 each; captains, \$4,000; lieutenants and lieutenant-inspectors, \$2,700; sergeants, \$2,500; patrolmen, \$1,600 the first year, with \$100 yearly increase until maximum of \$2,100 is reached. The Traffic Division numbered a force of 211 in 1938.

In 1938, the Police Charitable Fund amounted to \$207,550 and \$7,900 was paid to 54 beneficiaries during said year.

CIVIL SERVICE EXAMINATIONS.
(STATE.)

STATE EXAMINERS OF ELECTRICIANS, 1940.

Examinations will be held at the following points and on the following dates:

Boston, Wednesday, September 11.
Worcester, Thursday, September 12.
Springfield, Wednesday, October 16.
Pittsfield, Thursday, October 17.
Boston, Wednesday, November 13.
Lowell, Thursday, November 14.
Boston, Wednesday, December 4.
New Bedford, Thursday, December 5.
New Bedford, Friday, December 6.

Rules for Examinations.

All examinations shall be given in English.

Applicants for Class B or journeyman's certificate must be at least eighteen years of age and have had at least two years' practical experience or the equivalent in the installation of wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Applicants for Class A or master's certificate must be at least twenty-one years of age and have had at least two years' experience in the business of installing wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes. Examination shall consist of applicant's knowledge of the National Electrical Code and practical electrical work.

All persons desiring to be examined, either for a master or journeyman certificate, shall have application on file at least ten days previous to the date of such examination.

Applicants for examination will be required to obtain at least 70 per cent in order to obtain a certificate.

Applicants who fail to obtain the required 70 per cent will not be entitled to re-examination until a period of three months has elapsed, and those who receive less than 50 per cent or who fail on the practical demonstration, will not be re-examined for a period of six months.

Any person found referring to notes or books, or misbehaving during an examination, will be debarred from that examination.

Notice will be sent to applicants for certificates when and where examination will be held and only those so notified will be examined on that day.

STEPHEN C. GARRITY,
WALTER F. DOWNEY,
ULYSSES J. LAPIEN,

ALBERT FRANK,
WALTER J. KENEFICK,
State Examiners of Electricians.

For application blanks or other information apply to State Examiners of Electricians, Room 303, 14 Beacon street, Boston, Mass.

FOR AIDING BOYS.

In an effort to lend a helping hand to misfit and underprivileged boys and to stem the alarming flow of young men into penal institutions and lives of crime, Big Brother Bureaus are being organized by the police departments of various cities. The International Association of Chiefs of Police urges all police jurisdictions to join the Big Brother League.

CIVIL SERVICE EXAMINATIONS. (STATE SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

The lists established as a result of these examinations will be used to fill all vacancies in these classifications in the various State departments.

DEPARTMENT OF PUBLIC HEALTH, SENIOR SANITARY ENGINEERING AID, OCTOBER 26, 1940.

Last date for filing applications, Monday, October 14, 1940, at 5 p. m.

The entrance salary is \$1,680 a year; the maximum salary is \$2,160 a year.

Duties: To do routine work in connection with the purity of water supply and waste disposal and to perform related work as required. To assist in engineering work involving knowledge and training in sanitary engineering practice including simplified practice in the flow of water and sewerage through pipes, the elementary knowledge of the theory of the various devices for measuring the flow of sewage and water and of filtration and treatment of sewage and water, and acquaintance with the technique required in examination of water supplies and examinations of piping systems to determine the presence of cross connections between water supplies used for drinking and secondary and industrial supplies. To examine the piping conditions in certain buildings to determine the possibility of back-siphonage of polluted matter into the drinking water supply. To make such hydraulic computations as are necessary to determine the possibility of polluted water entering the drinking water supply. To investigate matters of pollution of rivers. Under immediate supervision, to construct sewerage systems, sewage disposal works, water supplies and water distribution systems at State institutions.

Subjects and Weights: Training and experience, 2; practical questions (including mathematics), 3; total, 5.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

DEPARTMENT OF PUBLIC HEALTH, SUPERVISOR OF SOCIAL SERVICE (FEMALE), OCTOBER 26, 1940.

(Requisition is for a female, but the examination is open to both males and females.)

Last date for filing applications, Monday, October 14, 1940, at 5 p. m.

The entrance salary is \$2,760 a year; the maximum salary is \$3,300 a year.

Duties: Under administrative direction, to supervise and direct the medical social work of the department, including such work in the various sanatoria and cancer hospitals.

Entrance Requirement: Applicants must have (a) three years' experience in medical social work in the social service department of a hospital or clinic, to include two years of supervised experience and one year in the supervision of medical social work; or (b) five years'

experience in the practice of medical social work in a recognized social service department in a hospital or clinic, to include three years' supervised experience, and preferably one year's experience in the supervision of medical social work.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

CIVIL SERVICE EXAMINATIONS. (CITY SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given preference.

FIRE SERVICE (INCLUDING CALL SERVICE), CITIES AND TOWNS OUTSIDE OF BOSTON AND METROPOLITAN DISTRICT, OCTOBER 5, 1940.

BOSTON AND METROPOLITAN DISTRICT, OCTOBER 19, 1940.

The last date for filing applications for both of the above examinations will be Saturday, September 21, 1940, at 12 o'clock noon. No applications will be accepted after this date.

Salary: The entrance salary for Boston is \$1,600 a year; the maximum salary for Boston is \$2,100 a year. Inquiries concerning salaries for the regular and call fire services in other cities and towns should be made at local fire departments.

Applicants for the service of Boston who have not reached their twenty-second birthday or who have passed their thirty-fifth birthday at the time of filing application will not be eligible to apply. Applicants for all other cities and towns in the Commonwealth who have not reached their twenty-first birthday or who have passed their thirty-fifth birthday at the time of filing application will not be eligible to apply. Callmen and substitute callmen may make such deductions from their ages as are provided for in Civil Service Rule 8, Class 21. A certificate of date of birth must be filed with the application, unless one has been filed with a previous application.

Applicants for WORCESTER are required to be not less than 5 feet 5 inches in height. Applicants for BROCKTON must be not less than 5 feet 6 inches in height, and weigh not less than 135 pounds at the time of appointment. Applicants for WINCHESTER must be not less than 5 feet 8 inches in height, and weigh not less than 135 pounds. Applicants for LYNN must be not less than 5 feet 5½ inches in height, and weigh not less than 135 pounds.

Subjects and Weights: Training and experience, 3; practical questions, including general information, 7; total, 10.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination and strength tests.

To become eligible, applicants must obtain at least 70 per cent in the strength

test, but the mark will not be averaged with the educational mark.

NOTE.—No second notices for the physical examination or re-examinations in the strength test will be permitted.

The practical questions will be based upon information contained in a manual known as the "Red Book." A new manual has just been issued. This manual may be obtained from the Public Document Division, Room 116, State House, at twenty-five cents a copy. It is necessary that applicants obtain a copy of this manual and study it carefully. The examination will include Part I of the Manual and the Appendix.

Important: Experience sheets will be collected on the day of examination and will not be accepted at any other time. No amendments to the experience sheet will be permitted. Applicants must not bring Fire Manuals to the examination room.

Call Service: Persons applying for call service must qualify only in experience and in the physical examination and strength tests. (Note information given above concerning age limits, height and weight, and passing requirements.) At the present time, there are three vacancies, at \$15 per year, for callmen in the Winthrop Fire Department.

SQUARE DEAL IN ASSESSMENTS FOR TAXATION.

Many cities are finding it greatly to their advantage to have their tax valuations periodically overhauled. The first criterion of any assessment is equity. For every citizen who wants through "pull" or however else to get off easy, there are twenty, nay a hundred who want a fair and square deal for all.

The appraisal of city real estate is a highly technical affair.

Few things are more important than the equalization of assessments. Particularly in cities that are cramped by an inflexible debt or tax limit, an honest, full value assessment may be a great boon. Without the slightest raise in the tax rate a substantially greater tax yield may be had.

STATE VALUATIONS IN 1937.

Total assessed value of real estate on January 1, 1937, in the thirty-nine cities and 316 towns of Massachusetts, \$5,742,161,541 (\$18,194,654 less than on January 1, 1936), of which 65.62 per cent applied to buildings and 34.38 per cent to land; of personalty, \$525,039,493; aggregate valuation, \$6,267,201,034 (2.74 per cent decrease from 1936), on which the total tax was \$222,184,422. To raise this amount of taxes on the property assessed at a uniform rate throughout the State would have required a tax rate of \$35.45+ on \$1,000 valuation. Boston's valuation, \$1,590,544,700, equal to 25.38 per cent of total valuation in the State.

MANY TYPES OF W. P. A. PROJECTS.

The Works Progress Administration has placed in operation a total of more than 300,000 projects. Except for the more pretentious types of construction, these projects have covered almost the whole field of American endeavor in meeting the primary objective of relieving unemployment. *The American City.*

PROCEEDINGS OF CITY COUNCIL.

Monday, August 26, 1940.

Regular meeting of the City Council in the Council Chamber, City Hall, at two p. m., Coun. SHATTUCK in the chair. Absent President Galvin, Scannell, Russo.

The meeting was opened with the salute to the Flag.

APPOINTMENTS BY THE MAYOR.

The following were received:

City of Boston,
Office of the Mayor, August 26, 1940.
Subject to confirmation by your Honorable Body I hereby appoint the following-named persons as weighers:

Weigher of Goods: Frederick R. Mayo, 22 Kirkland Circle, Wellesley Hills, Mass.
Weigher of Coal: Maxwell Feinstein, 58 Linwood street, Malden, Mass.

Respectfully,

MAURICE J. TOBIN, Mayor.

Laid over for one week under the law.

City of Boston,
Office of the Mayor, August 26, 1940.
To the City Council.

Gentlemen,—Subject to confirmation by your Honorable Body I hereby appoint the following-named person to be a Constable of the City of Boston for the term of one year, beginning with the first day of May, 1940, with authority to serve civil process upon the filing of the necessary bond: Emil H. Ober, 178 Woodrow avenue, Ward 14.

Respectfully,

MAURICE J. TOBIN, Mayor.

Laid over for one week under the law.

"STOP" SIGNS AT LINDEN AND GARDNER STREETS.

The following was received:

City of Boston,
Office of the Mayor, August 26, 1940.
To the City Council.

Gentlemen,—I transmit herewith communication from the Traffic Commissioner relative to your order of August 5, 1940, concerning the installation of "Stop" signs at the junction of Linden and Gardner streets, Ward 21.

Respectfully,

MAURICE J. TOBIN, Mayor.

City of Boston,
Traffic Commission, August 19, 1940.
Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Mr. Mayor,—This will acknowledge receipt of Council order dated August 5, 1940, which reads as follows:

"Ordered, That the Traffic Commission be requested, through his Honor the Mayor, to install 'stop' signs at the junction of Linden and Gardner streets, Ward 21."

Our accident records show that there were no accidents at this intersection in 1937; 3 in 1938, and 1 in 1939.

It is our opinion that the erection of "Stop" signs in Linden street would increase the speed of the Gardner street traffic, as drivers in Gardner street would get the impression that they have the right of way and, instead of taking the usual precaution in approaching the intersection, would probably be going 10 or 15 miles an hour faster than under the present conditions.

Respectfully yours,

WILLIAM P. HICKEY, Commissioner.

Placed on file.

REPAVING MASSACHUSETTS AVENUE.

The following was received:

City of Boston,
Office of the Mayor, August 26, 1940.
To the City Council.

Gentlemen,—I transmit herewith communication from the President and General Manager of the Boston Elevated Railway relative to your order of August 5, 1940, concerning the replacing with smooth asphalt pavement the granite block pavement in the tracks on Massachusetts avenue, between St. Botolph street and Boylston street.

Respectfully,

MAURICE J. TOBIN, Mayor.

Boston Elevated Railway,
August 21, 1940.

Mr. William T. Doyle,

Chief Clerk, Mayor's Office.

Dear Sir,—We have considered the request of the City Council, received with your letter of August 8, that the granite block pavement in our tracks on Massachusetts avenue, between St. Botolph street and Boylston street, be replaced with a smooth type asphalt pavement.

We are planning to repair the pavement between the rails of our tracks in Massachusetts avenue, between Burbank street and a point about half way between Clearway and St. Germain streets which is all that we can do this year within our appropriations.

Very truly yours,
EDWARD DANA,
President and General Manager.

Placed on file.

"STOP" SIGN, POND STREET AND COLUMBIA ROAD.

The following was received:

City of Boston,
Office of the Mayor, August 26, 1940.
To the City Council.

Gentlemen,—I transmit herewith communication from the Traffic Commissioner relative to your order of August 5, 1940, concerning the installation of a "Stop" sign at the junction of Pond street and Columbia road in Ward 7.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Traffic Commission, August 19, 1940.
Hon. Maurice J. Tobin,
Mayor of Boston,

Dear Mr. Mayor,—This will acknowledge receipt of Council order dated August 5, 1940, which reads as follows:

"Ordered, That his Honor the Mayor request the Traffic Commission to install a 'stop' sign at the junction of Pond street and Columbia road in Ward 7."

On January 11, 1937, two "Slow" signs were erected in the approaches to the intersection of Columbia road and Pond street.

Councilor Linehan stated that his observation showed that these signs slowed down automobile drivers.

The intersection is wide open, so that motorists driving in either street can see for a couple of hundred feet in either direction any vehicles approaching the intersection.

I do not believe that the erection of "Stop" signs would be effective, as it has been our experience that the erection of "Stop" signs has a tendency to increase the speed of drivers on the non-stop street, with the result that more accidents are apt to occur.

Respectfully yours,

WILLIAM P. HICKEY, Commissioner.

Placed on file.

ARC LIGHT AT 31 RIVER STREET.

The following was received:

City of Boston,
Office of the Mayor, August 26, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Public Works Commissioner relative to your order of August 5, 1940, concerning the installation of an arc light on the private way located at 31 River street, Ward 17, which is city property.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department,
August 14, 1940.
To William T. Doyle, Chief Clerk, Mayor's Office.
From George G. Hyland, Commissioner, Public Works Department.

Subject: Arc Light Installation at 31 River Street, Ward 17.

I return herewith order in City Council that the Commissioner of Public Works install an arc light on the private way, located at 31 River street, Ward 17, which is city property.

There is a large electric lamp (1,000 candle power) on River street at the easterly corner of Johnson place and a gas lamp in the place itself which is very well placed, and it is my opinion that same is very well lighted at the present time.

GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

"STOP" SIGNS AT GREENBRIER AND PARK STREETS.

The following was received:

City of Boston,
Office of the Mayor, August 26, 1940.
To the City Council.

Gentlemen,—I transmit herewith communication from the Traffic Commissioner relative to your order of August 5, 1940, concerning the placing of "Stop" signs at Greenbrier and Park streets, Dorchester, Ward 17.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Traffic Commission, August 19, 1940.
Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Mr. Mayor,—This is in reply to Council order dated August 5, 1940, which reads as follows:

"Ordered, That the Traffic Commission be requested, through his Honor the Mayor, to

(Continued on page 994.)

CITY COUNCIL PROCEEDINGS.

(Continued from page 993.)

place 'Stop' signs at Greenbrier and Park streets, Dorchester, Ward 17." We have only had one accident recorded at this intersection in the past ten years.

In establishing "Stop" streets great care is taken that these are placed only where absolutely necessary.

I do not believe that the accident record shows that a "Stop" street is warranted at the intersection of Greenbrier and Park streets.

Respectfully yours,
WILLIAM P. HICKEY, Commissioner.

Placed on file.

PREFERENCE TO SOUTH BOSTON RESIDENTS IN NEW SOUTH BOSTON PROJECT.

The following was received:

City of Boston,
Office of the Mayor, August 26, 1940.
To the City Council.

Gentlemen,—I transmit herewith communication from the chairman of the Boston Housing Authority relative to your order of August 5, 1940, concerning the giving preference to South Boston residents when considering applicants for tenancy in the new South Boston project.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Boston Housing Authority,
August 20, 1940.

Mr. William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Sir,—This will acknowledge receipt of your recent communication concerning the City Council order of August 5, 1940,—

"That the Boston Housing Authority be requested, through his Honor the Mayor, to give preference to South Boston residents when considering applicants for tenancy in the new South Boston project."

You are advised that section 26AA of chapter 484 of the Acts of 1938 says that,—

"(d) There shall be no discrimination; provided, that if the number of qualified applicants for dwelling accommodations exceeds the dwelling units available, preference shall be given to citizens of the United States, to inhabitants of the city or town in which the project is located, and to the families who occupied the dwellings eliminated by demolition, condemnation and effective closing as part of the project so far as is reasonably practicable without discrimination against persons living in other sub-standard areas within the same city or town."

In view of the express provision of the law, residents of South Boston will receive the preference indicated.

Respectfully,
JOHN A. BREEN, Chairman.

Placed on file.

TRANSFERS WITHIN DEPARTMENTAL APPROPRIATIONS.

The following was received:

City of Boston,
Office of the Mayor, August 26, 1940.
To the City Council.

Gentlemen,—I am forwarding requests for transfers within departmental appropriations in the following departments and recommend adoption of the accompanying orders by your Honorable Body:

City Clerk, Fire, Hospital, Public Welfare, Wayfarers' Lodge, Superior Court, Criminal Session.

Respectfully,
MAURICE J. TOBIN, Mayor.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for City Clerk Department:

From the appropriation for A, Personal Service, \$50, to the appropriation for C, Equipment, \$50.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Fire Department:

From the appropriation for B, Contractual Services, \$500; D, Supplies, \$500, to the appropriation for E, Materials, \$1,000.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Hospital Department:

From the appropriation for A, Personal Service, \$12,000; C, Equipment, \$4,000, to the appropriations for B, Contractual Services, \$10,000; E, Materials, \$6,000.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Public Welfare Department, Wayfarers' Lodge.

From the appropriation for C, Equipment, \$200, to the appropriation for B, Contractual Services, \$200.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Superior Court, Criminal Session:

From the appropriation for B, Contractual Services, \$4,074, to the appropriation for F, Special Items, \$4,074.

Referred to Executive Committee.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

Joseph Ekman, for compensation for damage to car by car of Fire Department.

Agnes M. Jodrey, for compensation for damage to property at 936 East Broadway, caused by water entering cellar.

Frank H. Noyes, for compensation for damage to property at 32 West Cottage street, caused by break in water main.

Margaret L. O'Brien, for compensation for injuries to son by police.

Licenses.

Warren & Monroe, Trustees, for driveway opening at Mt. Hood road and Commonwealth avenue.

LAND TAKING.

Notice was received from the Metropolitan District Commission of Old Colony Parkway land taking with order for concurrence by the City Council.

Referred to Executive Committee.

NOTICE OF INTEREST IN CONTRACT.

Notice was received from William S. Parker, member of Board of City Planning, of his interest in contract with the city.

Placed on file.

APPROVAL BY EMERGENCY FINANCE BOARD.

Notice was received of the approval by the Emergency Finance Board of renewal of tax title loan.

Placed on file.

MINORS' LICENSES.

Applications were received for minors' licenses from fifteen newsboys and two bootblacks.

Licenses granted under usual conditions.

BREMEN STREET WALL.

Coun. COFFEY offered the following:

Ordered, That his Honor the Mayor request Public Works Commissioner Hyland to order replacing of curbing taken away when W. P. A. wall was knocked down for driveway opening for gas station on Bremen street, at Bennington street.

Coun. COFFEY—Mr. President, this is a similar order to the one I introduced a few weeks ago, the one that occasioned so much commotion and as I remember it at that time the Public Works Commissioner said that any time I introduced any orders referring to him in any way he was going to kick my teeth down my throat, so I am introducing this order again in a challenge to the Public Works Commissioner or anybody else in Boston, whether they work for it or not, to make the attempt. I said before and say again, that this wall was deliberately knocked down and the Public Works Commissioner was a party to it and knew it was going to be knocked down to give an 80-foot opening, which is illegal. That man first came here and got a 35-foot opening. That went through the regular proceedings of the Council here and was approved of downstairs. Now the man has an 80-foot opening. I went up there again yesterday, which was the third time I have been up there, and looked at that opening. That curbing runs the entire length of the wall and the man has his 30-foot opening and his additional 50-foot opening, giving him 80 feet and then the curbing continues around on Bremen street to Bennington street. Now if pictures were taken of that, it would show that the curbing was knocked down when the wall was taken away and the man has 80 feet instead of 30 feet. I say it is illegal and I take the word of the Public Works Commissioner who said in executive that if the curbing was there and had been removed, he would make the man replace it. Now I ask him to keep his word and make this man replace it. There are gas stations doing business opposite this place and all they have is the regular 30 or 35 foot opening. This man has 80 feet, and I call upon the Public Works Commissioner to ask that man to replace that curbing.

Passed under suspension of the rule.

NURSES AT CITY HOSPITAL FOR EMERGENCY CASES.

Coun. COFFEY offered the following:

Ordered, That his Honor the Mayor request Superintendent of Boston City Hospital to have nurses on hand for emergency purposes.

Coun. COFFEY—A few weeks ago in the Chamber the councilor from Ward 10 introduced a similar order to this order that I now have before us. A week ago yesterday one of my constituents went to the hospital. His wife was dying, had been on the dangerous list for a week. She had been given up and had been having a night nurse continuously. He went there Sunday morning a week ago yesterday and gave \$5 to have a nurse put on for his wife for that afternoon. When he went about 2.30 and asked the nurse if there was going to be a nurse there, she said that there would be. He went back about 5 o'clock and found his wife in a poor condition and asked why a nurse was not put on, saying that he had paid for the nurse and the nurse who talked to him said that there was no nurse available all that afternoon. In fact, they couldn't get a nurse, and they had tried. Now there was a girl in a dying condition and the head nurse at the hospital claimed they couldn't get a nurse for that afternoon. What she wanted the nurse for was to wipe the phlegm from her mouth. She was very sick and passed away the following morning about 7 o'clock. Now I think something ought to be done. I know the councilor introduced an order similar to this and said at that time he had called up and asked for a nurse for two different occasions and in those instances those parties passed away the same afternoon, or the same night, or the following day, and I think something should be done about it and I think the chairman of the Hospital Committee should call a meeting and have that head nurse brought down here and let us find out once and for all whether nurses can be available when a person is dying. Sometime ago I read a lot in the newspapers about the head nurse at the hospital and how at one time the Council refused to appropriate any money for her pay. I don't know who, whether it was the trustees or the Mayor, but somebody saw fit to transfer funds so that head nurse should receive her salary. Now we read in the paper only a few weeks ago where under some sort of circumstances, which were never brought to public attention, this head nurse either resigned or was removed and I might say here that when I first came up here I was asked by the Superintendent of the hospital to try as much as I could to keep politics out of the hospital. Well, I have done my part and never had a word to say up until this time and I think that under those mysterious circumstances, Miss Logan being removed, I think there is nothing but politics behind it, and I think it should be brought to public attention and we should know why she was removed. All I heard was there were Hitler tactics going on at the hospital, but it looks as if they needed somebody like Miss Logan in that position and I am going to ask the Council to pass this order and hope we will get some action from the hospital trustees.

Passed under suspension of the rule.

Later in the session Coun. COFFEY said:

Coun. COFFEY—Mr. President, may I move that my order pertaining to the nurses at the Boston City Hospital be referred to the Hospital Committee, so we can take some action today if possible.

There being no objection the order was referred to the Committee on Hospitals.

SIDEWALK ON FALCON STREET.

Coun. COFFEY offered the following:

Ordered, That the Commissioner of Public Works make a sidewalk along Falcon street, at No. 73, Ward 1, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches

above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 106 of the Special Acts of 1917.

Passed under suspension of the rule.

LOAN FOR RELIEF ITEMS.

Coun. SHATTUCK, for the Committee on Finance, submitted the following:

Report on message of the Mayor and order (referred August 19) for loan of \$367,000 for relief items in various city departments—that the order be given a second and final reading.

Chairman SHATTUCK—The Chair will state the Committee on Finance held a meeting on Thursday and the committee was satisfied that the additional amount of money was needed.

Report accepted; said order passed, yeas 17, nays 0.

ROTARY TRAFFIC CIRCLE AT PEABODY SQUARE.

Coun. WICKES and FISH offered the following: Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to construct a rotary traffic circle at Peabody square, Dorchester.

Passed under suspension of the rule.

RECESS.

On motion of Coun. WARD the Council voted at 2.35 p. m. to take a recess subject to the call of the Chair. The members reassembled in the Council Chamber and were called to order by Coun. SHATTUCK at 2.50 p. m.

REPORT OF EXECUTIVE COMMITTEE.

Coun. LANGAN, for the Executive Committee, submitted the following:

1. Report on the order (referred this day) for land taking by the Metropolitan District Commission of Old Colony Parkway—that same ought to pass.

Report accepted; said order passed.

2. Report on message of the Mayor and order (referred this day) for transfers for the City Clerk, Fire, Hospital, Public Welfare Department, Superior Court Criminal—that the various transfer orders ought to pass.

Report accepted; said orders passed, yeas 16, nays 0.

REPORT OF COMMITTEE ON LICENSES.

Coun. FISH, for the Committee on Licenses, submitted the following:

Report on petitions of Willard P. Whittemore for driveway opening at Redlands road and Centre street; Socony Vacuum Oil Company of New York for driveway opening at East Eagle street; Angier Chemical Company for driveway opening at 236 Brighton avenue; Liberty Realty Trust for driveway opening at 72 and 74 Roxbury street; petition of Colonial Beacon Oil Company for driveway opening at Washington street; Augustus Hemenway Trustees, for driveway opening at Atlantic avenue and Summer street; Filling Stations Realty Company for driveway opening at 1065 Massachusetts avenue; Warren & Monroe, for driveway opening at Mt. Hood road and Commonwealth avenue—recommending that leave be granted.

Report accepted; leave granted under usual conditions.

NAMING OF LENOX STREET PROJECT IN HONOR OF PROMINENT BOSTON COLORED CITIZENS.

Coun. D. F. SULLIVAN offered the following: Ordered, That the Boston Housing Authority be requested, through his Honor the Mayor, upon the completion of the Lenox street project, to name the streets, courts and ways under their control in said project, in honor of colored citizens of Boston who attained prominence in the affairs of the city.

Passed under suspension of the rule.

THE NEXT MEETING.

On motion of Coun FISH it was voted that when the Council adjourn it be to meet on Monday, September 9, 1940, at 2 p. m.

APPOINTMENT OF NEW FIREMEN.

Coun. GOODE and M. H. SULLIVAN offered the following:

Ordered, That the Mayor of Boston, through the Fire Commissioner, consider the advisability of appointing sixty new firemen to the Fire Department prior to the expiration of the present list.

Coun. GOODE—Mr. President, the present list for firemen in Boston expires in December of 1940. This list when established is established for a period of two years. Now in fairness to the young men who studied many months and were fortunate enough to become appointed to the list, I feel that consideration should be given and appointments made from the present list before the date of expiration. It seems certain that the draft bill will pass through Congress and at that time many of the young men at the present time on the Fire Department will be eligible for the draft and since the Fire Department at the present time is short-handed, it will be very much undermanned if the men are called in on the draft. I feel that the increased activity throughout the city brought on by the increased production in certain industries which will participate in building up the armed force of the nation, warrants the appointment of these men, and I hope this order will pass

Passed under suspension of the rule.

CONTINUING W. P. A. ALLOTMENTS.

Coun. M. H. SULLIVAN offered the following: Resolved, Whereas the overwhelming and continuing need of an increase in W. P. A. allotments is obvious to every member of the Boston City Council and to all citizens whose occupations make them aware of the prevailing economic needs of the public; and

Whereas, The Republican nominee for the Presidency of the United States has stated that, "There is no justification for an increase in W. P. A. relief rolls at the present time as a result of an increase in national defense work"; therefore, be it

Resolved, That the members of the Boston City Council deplore such an attitude on the part of so representative a citizen; and be it further

Resolved, That as a result of a dire existing need the Boston City Council request each member of the Massachusetts Delegation in Congress to work for an immediate increase in W. P. A. allotments.

Referred to Committee on Rules.

HOLIDAY FOR AMERICAN LEGION PARADE.

Coun. M. H. SULLIVAN and HURLEY offered the following:

Ordered, That his Honor the Mayor be requested to declare the day of the American Legion Parade a holiday for all city employees and to suggest to the various industrial enterprises within the city that they do likewise in order that every citizen of Boston might have a chance to view this great spectacle.

Passed under suspension of the rule.

"STOP" SIGNS AT CALUMET AND HILLSIDE STREETS.

Coun. CAREY offered the following:

Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to install "Stop" signs at the intersection of Calumet and Hillside streets, Ward 10.

Passed under suspension of the rule.

GRANOLITHIC SIDEWALK ON DUNCAN STREET.

Coun. KELLY offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to install granolithic sidewalks on Duncan street, Ward 15, as a W. P. A. project.

Passed under suspension of the rule.

RECONSTRUCTION OF FORSYTH STREET.

Coun. CHASE offered the following: Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to reconstruct Forsyth street, from Huntington avenue to Hemenway street, Ward 4, with a smooth type asphalt pavement, under the W. P. A. plan of construction.

Passed under suspension of the rule.

Adjourned, on motion of Coun. GOODE, at 3 p. m., to meet on Monday, September 9, 1940, at 2 p. m.

PARKS.

Cincinnati has one of the most beautiful park systems in the United States and the public approval of these parks is indicated by the large attendance in all the parks throughout the year.

The total area now under the control of the Park Board is 4,270 acres. Of this, the Public Recreation Commission operates approximately 1,000 acres for supervised and directed play. Important additional acreage has been acquired by the City during the year, including approximately 22 acres purchased on the south side of Columbia Parkway, and 47 acres in College Hill presented as a gift for park purposes by a civic-minded citizen.—*Cincinnati City Bulletin.*

BOSTON AS A TOWN.

From its foundation until 1755, or a period of 125 years, Boston was not only the most outstanding but the most populous town in the American colonies. In 1760, Philadelphia's population was ahead, viz., 18,756, Boston's then being 15,631 and New York's about 14,000. In the last year of town government, viz., 1821, Boston's population was about 45,000 and its public debt \$100,000, all incurred for new county buildings.

The history of Boston as a town during a period of nearly two centuries surpasses in civic interest that of Boston as a city because of the untiring zeal and successful efforts of its townsmen to realize more of true democracy than had ever been attained before. Their obligations were held as sacred as their liberties.

\$50,000,000 WATER-SUPPLY PROJECT IN CALIFORNIA.

The city of San Jose has entered into contract with the Water Properties Company, Ltd., of San Francisco, to provide the city water from the head waters of the American river in the vicinity of Lake Tahoe. The agreement is for thirty years, during which time the municipality will acquire title to the local distribution system and receive a proportionate share of the production and transmission systems.

HEALTH AND HOSPITAL.

The plant and equipment of the Cincinnati General Hospital have been largely rehabilitated during the year 1939. As a result the operating officials of the Hospital will be able to do much better work in caring for the sick than heretofore.

The hospital treated 18,963 patients this year compared to 18,765 last year, and 24,929 individuals were cared for in the Out-Patient Dispensary against 24,701 in 1938. There was also an increase of approximately 10 per cent in the number of persons treated in the receiving ward, resulting in a total of 25,082. (From Annual Address of City Manager.)

LIBRARIES AND SCHOOLS SAVE MONEY.

Libraries and schools in the United States, it is estimated by the United States Office of Education, will save at least \$1,600,000 a year on transportation charges for book purchases because of the low postal rate which will be continued until July 1, 1941. It is stated that the 1½ cent per pound rate on books, regardless of zones, is having important effects on limited and inadequate book budgets.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING FLOUR.

The Supply Department of the City of Boston invites proposals for furnishing flour for city departments, as per specifications contained in forms which may be obtained at the office of the Supply Department, Room 1001, City Hall Annex. The bidder must leave his proposal with a certified check for \$300, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. ENVELOPES CONTAINING BIDS TO BE SEALED AND PLAINLY MARKED "PROPOSAL FOR FLOUR." There will be a charge of twenty-five cents (\$0.25) for each blank proposal taken out. The bids will be publicly opened and read Monday, September 16, 1940, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

JOHN A. BREEN,
(Sept. 7.) Superintendent of Supplies.

CITY OF BOSTON.

REAL ESTATE DIVISION.

PUBLIC AUCTION.

The City of Boston will sell at public auction all its right, title and interest in and to about thirty-nine hundred ninety-two (3,992) square feet of land on the northeasterly side of High View avenue, West Roxbury, being lot 51, and more fully described in a tax deed recorded with Suffolk Deeds, Registered Land Division, Document No. 125762, with Certificate No. 20556, on Thursday, September 12, 1940, at 11:20 a. m., on the premises, at a minimum price of one hundred dollars (\$100).

A deposit required at the time and place of sale of fifty dollars (\$50), in cash or certified check, balance to be paid in thirty (30) days. Further particulars from Custodian of Foreclosed Real Estate, 47 City Hall, Boston, Mass.

DANIEL M. DRISCOLL,
Custodian of Foreclosed Real Estate.
(Aug. 31-Sept. 7.)

CITY OF BOSTON.

REAL ESTATE DIVISION.

MERRITT THOMPSON,

Collector of Taxes for the City of Boston.

RETIREMENT BOARD REPORT.

To the Auditor.

At meetings of the Boston Retirement Board held on the following dates, August 14, August 21, August 28, August 29, the retirement from active service of the following-named employees and members of the Boston Retirement System was approved to become effective at the close of business August 31, 1940:

FIRE DEPARTMENT.

Cornelius A. Durgin, hoseman, salary at time of retirement, \$2,100 a year.

John P. Knox, hoseman, salary at time of retirement, \$2,100 a year.

James H. Smith, ladderman, salary at time of retirement, \$2,100 a year.

HOSPITAL DEPARTMENT.

Mary Cody, cleaner, salary at time of retirement, \$1,014 a year.

Louella A. Warren, supervisor, salary at time of retirement, \$1,768 a year.

LIBRARY DEPARTMENT.

Margaret L. Cassidy, assistant, salary at time of retirement, \$1,912 a year.

PARK DEPARTMENT.

Joseph H. Collins, gardener, salary at time of retirement, \$1,716 a year.

PRINTING DEPARTMENT.

Edmund J. Connolly, pressman, salary at time of retirement, \$2,184 a year.

Henry A. McQuade, shipper, salary at time of retirement, \$2,035 a year.

PUBLIC WORKS DEPARTMENT.

John J. Carroll, laborer, salary at time of retirement, \$1,560 a year.

John J. Fanning, teamster, salary at time of retirement, \$1,560 a year.

Michael J. Maguire, carpenter's helper, salary at time of retirement, \$1,560 a year.

William R. Staudigl, teamster, salary at time of retirement, \$1,560 a year.

SCHOOL DEPARTMENT.

Jessie L. Adams, assistant, salary at time of retirement, \$3,072 a year.

Charles Ross Applier, master, salary at time of retirement, \$4,464 a year.

Thomas J. Barry, master, salary at time of retirement, \$4,896 a year.

Mary E. Bernhard, assistant, salary at time of retirement, \$2,496 a year.

Lilian S. Boufine, assistant, salary at time of retirement, \$2,400 a year.

Leon C. Colman, master, salary at time of retirement, \$3,888 a year.

Ellen M. Cronin, assistant, salary at time of retirement, \$2,400 a year.

Ella A. Curtis, assistant, salary at time of retirement, \$3,072 a year.

Mary E. Daley, assistant, salary at time of retirement, \$2,304 a year.

Florence P. Donelson, shop instructor, salary at time of retirement, \$2,592 a year.

Theresa E. Fraser, assistant, salary at time of retirement, \$3,072 a year.

Emma M. Gardner, assistant, salary at time of retirement, \$2,496 a year.

Carolyn M. Gerrish, assistant, salary at time of retirement, \$3,936 a year.

Lena A. Glover, assistant, salary at time of retirement, \$3,072 a year.

Charles L. Hanson, master, salary at time of retirement, \$4,464 a year.

Olive I. Harris, instructor, salary at time of retirement, \$2,400 a year.

Maud A. Hartwell, assistant, salary at time of retirement, \$3,936 a year.

Mary L. Hennessy, assistant, salary at time of retirement, \$2,400 a year.

William W. Howe, master, salary at time of retirement, \$4,896 a year.

Lilian G. Marr, assistant, salary at time of retirement, \$3,072 a year.

Margaret Mulligan, assistant, salary at time of retirement, \$3,072 a year.

Julia A. Rourke, assistant, salary at time of retirement, \$2,400 a year.

Fannie M. Spooner, assistant, salary at time of retirement, \$3,072 a year.

Olga A. F. Stegelmann, assistant, salary at time of retirement, \$3,072 a year.

Mary K. Tibbitts, assistant, salary at time of retirement, \$3,936 a year.

Chester H. Wilbar, master, salary at time of retirement, \$4,896 a year.

Elizabeth M. Wood, assistant, salary at time of retirement, \$3,072 a year.

Attest:

W. J. DOYLE, Chairman.

METROPOLITAN DISTRICT, 1938.

Total valuation of the 43 cities and towns in the Metropolitan District in 1938 was \$3,499,398,193 and the property tax on the same was \$130,474,309. The average tax rate was \$33.28. Strictly speaking, tax rates cannot be averaged. A rate of \$37.28 would be required to raise \$130,474,309 on a valuation of \$3,499,398,198. Of the total valuation, 44.37 per cent applied to property in Boston.

The total valuation of the 13 cities in the district was \$1,126,838,735 with a total property tax of \$42,494,084, requiring a tax rate of \$37.71.

Boston's tax rate of \$41.30 was exceeded by Chelsea (\$46.20), Revere (\$47.00), Saugus (\$46.00) and Somerville (\$43.90).

36,400 MOTOR DEATHS IN 1935.

According to the findings of the National Safety Council motor traffic deaths in 1935 totaled 36,400, compared with 1934's record of 36,000.

The only decrease was among school children up to fifteen years of age. Motor vehicle accidents to children have increased much less than those of adults since 1922, when safety education began on a national scale. October, November and December were the reddest months. Two-thirds of the accidents were in places under 10,000 population; more than 40 per cent of the victims pedestrians.

Thirteen states decreased traffic deaths 7 per cent or more: Delaware, Illinois, Kentucky, Massachusetts, Minnesota, Montana, North Dakota, Oregon, Rhode Island, Utah, Vermont, Wyoming and Washington.

REVENUE BOND ACTS.

The 1936 issue of the "Municipal Index" contains a detailed study of the revenue bond acts in the thirty-three states which have enabling acts, and reports of all forty-eight states, showing what advantage has been taken of these acts by cities to finance the construction, operation and maintenance of sewerage systems and sewage treatment plants by service charges.

The table shows the status of revenue bond acts and other enabling acts in the different states, the dates when the acts became effective, and whether or not cities have taken advantage of the opportunity offered for financing bonds by service charges. In the case of states with no enabling acts, the table shows whether cities are charging sewer rentals under some other authority.

SEWAGE TREATMENT PLANT CONSTRUCTION ON THE INCREASE.

Owing to the economic conditions prevailing during the past year, there was but a relatively small volume of sewage treatment plant construction. Within recent months, however, there has been a decided impetus to new construction of this type growing out of the Public Works Administration allotments. Nearly 700 cities have received allotments of funds from the P. W. A. for sewerage or sewage treatment, involving an aggregate expenditure of well over \$200,000,000.

WATER-SUPPLY DEVELOPMENT IN THE UNITED STATES.

In 1652 Boston introduced the first American public water supply. The first mechanical pumps were used in 1761 at Bethlehem, Pa., where Hans Christiansen, an American pioneer water-supply engineer, made his pumps work "after severe struggles." In 1850 there were only 100 water plants in the United States, and as late as 1875 only 243. In 1933 there were more than 11,000 public water supplies, some serving more than one community.

CINCINNATI'S NEW SPORTS FIELD.

Cincinnati's outstanding recreational event of the past year has been the opening of its 200-acre Airport Sports Field—an instantaneous success. Although far from completion and lacking in many necessary facilities, it is already paying its own way. *American City Magazine.*

NO. 37

PLANS FOR TWO MORE HOUSING PROJECTS APPROVED AND SOON TO BEGIN, MAYOR TOBIN HAS ANNOUNCED THROUGH CHAIRMAN JOHN A. BREEN—THESE ARE SEVENTH AND EIGHTH TO BE ANNOUNCED BY AUTHORITY AND WILL BRING TOTAL DEVELOPMENT IN CITY UP TO \$32,000,000—ONE PROJECT LOCATED IN AREA IN VICINITY OF ORCHARD PARK, NEAR DUDLEY TERMINAL—EIGHTH PROJECT TO BE IN EAST BOSTON, ON MAVERICK, NEW, SUMNER AND HAVRE STREETS, NEAR MAVERICK STATION AND EXTENDING TOWARD NORTH FERRY SITE.

Chairman John A. Breen on September 5 announced that the United States Housing Authority, at Washington, had approved tentative plans for two new developments of the Authority. The projects so approved are the seventh and eighth projects announced by the Authority, and will bring the total development cost of the program to approximately \$32,000,000.

The seventh project to meet the approval of the Federal officials will be located in Ward 8, in Roxbury, in an area surrounding Orchard Park and extending westerly to within one block of the Dudley Street Terminal.

This project will comprise two sections, the first bounded roughly by Yeoman street, Hampden street, Prescott street, Eustis street, Dearborn street and Albany street. The second section will be bounded by Zeigler street, Harrison avenue, Eustis street and Dearborn street.

774 Dwelling Units.

The preliminary plans call for the erection of approximately 774 dwelling units, at an estimated total development cost of \$4,276,000.

Any plans for this area developed by the Authority will be set back from the southerly side of Yeoman street to allow for the future development of the contemplated Roxbury Cross-Town Highway.

The eighth project approved will be in East Boston in the area bounded by Maverick, New, Sumner and Havre streets. This site is one block distant from the Maverick Station of the East Boston Tunnel, and adjacent to the old North Ferry site. This project will consist of some 413 units with a total estimated development cost of approximately \$2,363,000.

All of the buildings to be constructed will be of first-class fireproof construction throughout, and will be of the multiple dwelling three-story type.

Chairman Breen took the occasion of the announcement of these two of the new projects to review briefly the general progress of the program of the Authority. He pointed out that the first four projects of the Authority, in Charlestown, South Boston and the Mission Hill and Lenox street areas in Roxbury, are rapidly nearing completion. The Lenox street project is expected to be totally completed in October, and the Charlestown project to be totally completed in January of 1941. The Mission Hill and South Boston projects of the Authority will be totally completed in the spring of 1941. However, it is expected that partial occupancy of all projects will start this fall.

Thousands of applications for apartments have been received on which the tenant selection section of the Authority is busily engaged, and field workers have already started to interview prospective tenants.

Selecting Tenants.

Despite the many applications that have been received, the chairman stated that the Authority welcomed more applications, so that it could be sure that those best qualified would be accepted as tenants.

He stated that the problem of processing thousands of applications was necessarily a big job, and advised those who had filed applications, not to be impatient, and assured each applicant that his application would receive every consideration as rapidly as the task could be physically performed.

In commenting on the progress in the fifth project announced at Heath street, Chairman Breen stated that he felt a significant record had been set up by the Authority in the matter of land acquisition. In the area being developed for this project, there were 109 parcels of property in private ownership. Of this number 103 owners of parcels have already given options to the Authority for purchase of their property. Payment for the properties purchased is proceeding rapidly.

Architectural plans for this project are in the final stages, and it is expected that advertising for bids to demolish the old structures and erect the new buildings will be placed this month.

The families presently remaining in this area are expected to vacate momentarily.

(Continued on page 1003.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"
From Boston Centennial Poem by

NATHAN HASKEL DOLB.

CITY RECORD.

MUNICIPAL CALENDAR.

Meeting of the City Council, Monday, September 16, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marqueses, bay windows, coal holes and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables slaughter-houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made

to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

TO THE STATISTICS DEPARTMENT, 73 City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

TO THE WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, 43 City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

HOUSING PROJECTS APPROVED.

(Continued from page 1001.)

The architectural plans for the sixth project in the South End area are well under way.

It was in this area that a building recently collapsed.

The buildings in this area have been appraised, and representatives of the Authority are now negotiating with owners for the purchase of the properties.

Chairman Breen stated that he wanted to take this opportunity to publicly express his thanks to the various city departments for their cooperation with the Authority in all phases of its work, and lately in connection with the distribution of applications for tenancy.

The chairman stated that the cooperation which the Authority has been receiving from the various private agencies in distribution of applications was a splendid help to the Authority, for which it wished to express its public appreciation.

All owners of property in the areas of the new projects will be notified of the contemplated action by the Authority.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made during the week ending Thursday, September 12:

FIRE DEPARTMENT.

Capt. William B. Jennings, 16 Ada street, Ward 19, of the Fire Prevention Division, has been retired, effective 8 a. m., Thursday, September 19, at \$1,350 a year.

HOSPITAL DEPARTMENT.

The following nurses were employed as substitutes for nurses out ill, at the rate of \$1,200 a year:

Salvina Adler, 433 Washington street, for Audrey Coon, Anna Spillane. Total, 5 days.

Celia Caruso, 898 Saratoga street, for Ethel Branca, Evelyn Sacaleau, Mary P. Flaherty, Anna Spillane. Total, 4 days.

Elizabeth Crudup, Cambridge, for Florence Gale, Eileen Buckley, Frances Drevinsky, Eileen Buckley, Evelyn Sacaleau, Eileen Buckley, Evelyn Sacaleau. Total, 1 week.

Irene Dastague, 29 Worcester square, for Lucille Charest. Total, 1 week.

Anna Jackson, 45 Symphony road, for Rose Maloney, Eileen Buckley, Mary P. Flaherty, Catherine McManus. Total, 1 week.

Margaret Kirby, 44 East Springfield street, for Leyla Hermann, Margaret Caruso. Total, 5 days.

Mary Murphy, 77 East Fourth street, for Mary Hyde, Esther Power, Evelyn Sacaleau, Anna Haraden, Ethel Branca, Sara Gallagher. Total, 6 days.

Jennie Politakis, 28 Lamont street, for Anna Spillane. Total, 4 days.

Eleanor Hood, Cambridge, for Madeline McCaull, Anna Spillane. Total, 2 days.

Mary Ridge, 30 Falmouth street, for Evelyn Sacaleau, Margaret Caruso. Total, 2 days.

The following special nurses have been employed at \$4.50 a day:

Agnes Ahearn, 65 Wachusett street, 4 days; Helen Anderson, 92 Seldon street, 2 days; Lois Clark, 46 Westland avenue, 1½ days; Julia Darnell, 14 Worcester square, 1 day; Alice Daugherty, 44 Worcester street, 7 days; Ann Doherty,

35 Union street, 2 days; Mary Haskell, 105 Bay street, 2 days; Anna Hogan, Milton, 1 day; Helen Hogan, West Newton, 2 days; Grace Jones, Melrose, 2 days; Frances Kerr, 22 Worcester square, 1 day; Katherine Laughlin, 14 East Concord street, 2 days; Ethel Lobacz, 11 Worcester square, 3 days; Alice Lydon, 8 Akron street, 4 days; Mary McDonald, 110 St. Stephen street, 1 day; Margaret McDonough, 70 Fenway, 7 days; Aurelia Molina, 119 Hemenway street, 1 day; Stacia Morasky, 41 Worcester square, 1 day; Ina Nulty, 185 St. Botolph street, 3 days; Agnes O'Connor, 17 Cumberland street, 1 day; Helen Paul, 11 Forest street, 3 days; W. Graves Piper, 110 Gardner street, 1 day; Harry Plenty, 42 Worcester square, 4 days; Stella Polofsky, 10 Worcester square, 1 day; Agnes Powers, 16 Worcester square, 2 days; Ruth Robinson, 42 Greenwood street, 3 days; Marie Ryan, 18 Symphony road, 5 days; Mary Ryan, Brookline, 1 day; Stella Senuk, 183 Savin Hill avenue, 2 days; Kathryn Silva, Somerville, 1 day; Viva Snowden, 64 Westland avenue, 7 days; Clara Stewart, 20 Worcester square, 5 days; Matilda Tomassetti, Watertown, 5 days; Alice Travers, 69 Woodford street, 3 days; Catherine Trombley, Brockton, 4 days; Agnes Wall, 755 Bennington street, 2 days; Bernice Wharff, 200 Main street, 2 days.

PUBLIC WORKS DEPARTMENT (Ferry Service).

Approval has been given for the temporary transfers of the following employees of the steamer "O'Meara" of the Boston Institutions Department, to the Ferry Service, for a period of three months from August 30, 1940. A change in the operating schedule of that steamer, from two shifts, to one shift a day, necessitated a reduction in the number of employees of that boat. The following are junior in point of service, and, if their transfers to the Ferry Service, where we can utilize their services advantageously for three months, are approved, it will provide employment for them for that period, otherwise they would be without employment:

Gerald J. Stuart, deckhand at \$1,700 a year to deckhand at the same salary in Ferry Service; John J. Gagan, deckhand at \$1,700 a year to deckhand at the same salary in Ferry Service; Fred W. Casey, inland mate at \$2,000 a year to gateman-tollman at the same salary in Ferry Service.

PUBLIC WORKS DEPARTMENT (Highway Division).

Approval has been given for the emergency employment of the following as pipe layers and calkers at 75 cents an hour, from September 6 to September 14, inclusive, to assist our regular force in the laying of 16-inch and 20-inch water mains in the Huntington Avenue Subway, as speedily as possible:

Alfonso Celato, 117 Orleans street; Rocco Mastiangelo, 85 Orleans street; Victor Gironde, 75 Hunneman street; Peter Kissane, 49 Fulda street; Gerolamo Rossi, 128 Marginal street; Peter Marinella, 8 Margaret street.

PUBLIC WORKS DEPARTMENT (Water Service).

Approval has been given for the appointment of the following as permanent water meter readers at \$1,600 a year in the Water Division, effective August 29:

William J. Graham, 241 Kittredge street; Robert F. Hyland, 95 Bennett street; William J. Fallon, 448 Gallivan Boulevard; Joseph F. Collins, 10 Logan way; Francis A. McCarthy, 176 Chelsea street; William A. Marquis, 250 Newbury street.

The Mayor has approved the following appointments:

ASSESSING DEPARTMENT.

Helen M. Sullivan, 49 Rexford street, Mattapan, first assistant assessor, \$1,700 a year.

HOSPITAL DEPARTMENT.

Mary J. Tedesco, 68 Webster street, East Boston, waitress, \$15 a week.

Dr. James S. Kavanah, St. Elizabeth's Hospital, Brighton, assistant resident anesthetist, \$600 a year.

Mary F. Foley, 10 Lexington street, Charlestown, ward helper, \$15 a week.

Frank Shapiro, 247 Norfolk street, Dorchester, elevator operator, \$16 a week.

Marie Welch, 11 Kimball avenue, Roxbury, supervising nurse, \$1,350 a year.

Mary Roberts, 28 Sagamore street, Dorchester, ward maid, \$15 a week.

Katharine Haskins, 59 Sudan street, Dorchester, ward maid, \$15 a week.

Mary A. McCormick, 144 Tyler street, Boston, ward maid, \$15 a week.

John J. Doherty, 42 Pleasant street, Charlestown, center orderly, \$11.50 a week.

Harold Nolan, 393 Adams street, Roxbury, male nurse (temporary), \$32 a week.

HOSPITAL DEPARTMENT (Sanatorium Division).

Cecelia S. Casey, 21 Shafter street, Dorchester, temporary waitress, \$10.50 a week and maintenance.

Eleanor R. Dunn, 19 Roseway street, Jamaica Plain, temporary waitress, \$10.50 a week and full maintenance.

Katherine McDonald, 34 Bennington street, East Boston, temporary cook, \$14.50 a week and meals.

Henry Williams, 274 Norfolk street, Dorchester, temporary kitchenman, \$17.50 a week and meals.

James Smyth, 9 Fairland street, Roxbury, temporary kitchenman, \$17.50 a week and meals.

John J. O'Neil, 155 Thornton street, Roxbury, temporary kitchenman, \$17.50 a week and meals.

Francis Moran, 10 Salem street, Charlestown, temporary kitchenman, \$17.50 a week and meals.

Helen Brady, 38 Shepton street, Dorchester, temporary telephone operator, \$3 a shift.

INSTITUTIONS DEPARTMENT.

Robert J. Quinn, 29 Bromley street, Jamaica Plain, attendant, \$600 a year and maintenance at Long Island.

Thomas G. Lennon, 11 Sachem street, Roxbury, attendant, \$600 a year and maintenance at Long Island.

James P. Walsh, 98 Buttonwood street, Dorchester, attendant, \$600 a year and maintenance at Long Island.

Mary F. Cahill, 36 Iffley road, Jamaica Plain, housemaid, \$500 a year and maintenance at Long Island.

Michael J. Manning, 38 Newton street, Brighton, temporary intermittent fireman (three months), \$33.50 a week and maintenance.

Maxwell, \$4; H. M. Sullivan, \$1; J. V. Andreoli, \$1; J. B. Buckley, \$1; D. S. Donahoe, \$6; J. R. Farrell, \$1; H. P. Ireland, \$2; S. Kostick, \$3; J. C. Parsons, \$1; M. M. Donovan, \$3; E. L. McVey, \$7; H. G. Smith, \$1; J. A. Coakley, \$2. Total, \$67.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

PUBLIC WORKS DEPARTMENT.

Upon September 4 the Mayor approved a contract with David W. Norton for cleaning catch-basins in District No. 7, Dorchester, the lowest bidder, at the rate of \$1.24 per cubic yard. The work to be done under this contract is to be completed December 31, 1940. The following bids were received August 14:

David W. Norton, 1,575 cubic yards; \$1.24 per cubic yard; total, \$1,953; Charles Mist, 1,575 cubic yards; \$1.32 per cubic yard; total, \$2,079; David M. Biggs & Co., 1,575 cubic yards; \$1.39 per cubic yard; total, \$2,189.25; Anthony J. Ryan, 1,575 cubic yards; \$1.45 per cubic yard; total, \$2,283.75; Ward General Contracting Company, 1,575

cubic yards; \$1.50 per cubic yard; total, \$2,362.50; Capitol Contracting Company, 1,575 cubic yards; \$1.85 per cubic yard; total, \$2,913.75.

Upon September 9 the Mayor approved a contract with Maurice M. Devine, Inc., for repairing Beacon Street, Dartmouth Street and Brookline Avenue Bridges, the lowest bidder, at an estimated cost of \$2,966. The work is to be commenced on a date specified on a written order from the commissioner and shall be fully completed within sixty days from said date. The following bids were received September 6:

Maurice M. Devine, Inc., \$2,966; Baker & Co., \$3,180; Frederick W. Byron, \$3,220; A. Orlando, Inc., \$3,482.50; Angelo Grande, \$3,874; Joseph A. Singarella, \$4,440.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

ASSISTANT DIETITIAN, BOSTON INSTITUTIONS DEPARTMENT, OCTOBER 26, 1940.

Last date for filing applications, Monday, October 14, 1940, at 5 p. m.

Salary: \$1,000 a year and maintenance. The present vacancy is for a female at Long Island Hospital.

Entrance Requirement: One year's experience as a dietitian in a hospital, hotel cafeteria, or similar field.

Duties: Under the supervision of the dietitian, to do any or all of the following when required: Make up menus for groups of patients, inmates and employees. Make up menus for individual patients according to prescribed diets. Take charge of the special diet laboratory. Take charge of the kitchens, serving rooms, dining rooms, baking and pastry room, vegetable storage room and butcher shop. These duties require the assistant to regulate the time and assign the duties of employees, requisition food and other supplies, supervise the preparation, distribution, and serving of food, and supervise the maintenance, in a clean and proper condition, of the rooms, dishes, utensils, and other equipment of the parts of the dietary department which are under the care of the dietitian.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing: Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

NOTE.—Information concerning the results of this examination will not be available until at least sixty days after the examination has been held.

If the eligible list is established in the mean time, all applicants will be notified.

BUILDINGS RAZED.

The Mayor has approved the request of the Building Commissioner to raze the following structures as fire menaces or nuisances:

The buildings at 904 and 908 Albany street, Ward 8, owned by Carl F. Dybeck of 76 Bay State road, Boston.

The building at 104 Marginal street, Ward 1, owned by Ralph and Maria Desisto.

The structure at 7 Rochester street, Ward 3.

The building at 1586 and 1588 Hyde Park avenue, Ward 18.

POLICE DEPARTMENT ORDERS.

General Order No. 512.

Patrolmen Michael F. O'Brien, Bureau of Criminal Investigation; Michael J. McDonough, Division 4 (detailed to the Bureau of Criminal Investigation); and Thomas E. Donahue, Division 11 (detailed to the Bureau of Criminal Investigation), are commended for efficient police duty performed on July 26, 1940, in connection with the arrest of a man on Boston Common who had committed a serious assault with a knife on another man.

The commissioner is pleased to recognize and commend these officers for their alertness and devotion to duty, shown in the pursuit and capture of this dangerous felon.

The Acting Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

General Order No. 513.

A trial board consisting of Captains Donovan, Harvey and McNabb, having heard by reference a complaint made by Lieut. John E. Curran, Division 6, against John J. Flynn, 2d, patrolman, Division 6, for alleged violation of the Rules and Regulations of the Police Department, charging him with conduct unbecoming an officer, has reported to the commissioner a finding of guilty as charged.

The commissioner accepts the finding and the recommendation of the Trial Board and hereby orders that the said Patrolman John J. Flynn be suspended from duty for a period of thirty days, effective as of July 29, 1940, at 7.45 a. m., and at the expiration of said suspension he perform 210 hours' punishment duty.

General Laws, chapter 31, section 46C, requires approval of the Director of Civil Service before reinstatement.

Chapter 31.

"Section 46C. An officer or employee of the commonwealth or of a city or town who has become separated from the classified civil service through fault or delinquency of his own shall, within thirty days after the filing of a written request by the appointing officer, be entitled to a hearing before the director. Upon good cause the director may, subject to section forty-six G, authorize his reinstatement in the same position or in a position in the same class and grade as that formerly held by him."

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

General Order No. 514.

The Superintendent of Police is hereby directed to make the following details for duty at the State Primary in this city on Tuesday, September 17, 1940.

1. Three patrolmen for duty in the office of the Board of Election Commissioners, 111 City Hall Annex, on arrival of ballots for the State Primary at about 11 o'clock a. m., Monday, September 16, 1940, such details to continue until all ballots cast at the primary have been returned.

2. An officer of rank above that of sergeant for duty at the City Hall Annex, to supervise the police detail for motor trucks from 5 o'clock a. m., Tuesday, September 17, 1940, until relieved, and a patrolman from 8 o'clock p. m., on the

same date, until relieved, for duty at the same place, to keep clear the approaches to the office of the Board of Election Commissioners for motor vehicles returning from the polling places with ballot boxes, etc.

3. The necessary number of patrolmen from the several police divisions to attend the several polling places in this city on State Primary Day, to preserve order and protect voters in the full exercise of their rights.

4. Twenty-three sergeants, one to a motor vehicle, to report at the office of the Board of Election Commissioners in ample season to be prepared to leave that office for their respective destinations, according to the following schedule, in such vehicle with ballot boxes, ballots, etc., and deliver such ballot boxes, ballots, etc., to the police officer detailed in each precinct.

SCHEDULE FOR HOURS OF DEPARTURE OF SERGEANTS SO DETAILED FROM OFFICE OF BOARD OF ELECTION COMMISSIONERS ON MORNING OF SEPTEMBER 17, 1940.

One motor vehicle for each of the twenty-two wards, excepting Ward 1, East Boston, for which two trucks have been engaged.

Wards 1 to 7, both inclusive, 6 a. m.
Wards 8 to 10, both inclusive, 5.30 a. m.
Ward 11, 5 a. m.
Ward 12, 5.45 a. m.
Wards 13 to 17, both inclusive, 5.30 a. m.
Ward 18, 4.45 a. m.
Wards 19 and 20, 5.20 a. m.
Ward 21, 5.25 a. m.
Ward 22, 5.30 a. m.

5. For proper coordination in the delivery of ballot boxes, ballots, etc., by the sergeants, as herein set forth, to the police officers detailed at the various precincts, it is of the utmost importance that such sergeants leave the City Hall Annex promptly on time as per schedule.

6. One patrolman to report at each of three hundred and eighty-six precincts, as hereinafter set forth, on Tuesday, September 17, 1940, to receive ballot boxes, ballots, etc., from the sergeants detailed on motor trucks.

From the opening to close of the polls, there be shall detailed an additional police officer outside of each of the three hundred and eighty-six (386) polling places in the city. This provision is made to prevent alleged continued violations of the election laws relative to distribution of campaign literature within 150 feet of a polling place, and to remedy conditions at polling places, reported by the Board of Election Commissioners, which have brought complaints from voters to the effect that campaign workers and loiterers outside of the polls have hampered their progress to and from voting.

NOTE.—The Board of Election Commissioners points out that a candidate running on stickers (or his representative) may stand at the entrance to the polling place to distribute his stickers.

In Ward 22, Precinct 3, from the opening to close of the polls, an additional officer will be detailed outside the polling place, making two officers, in all, on the outside, at that location.

SCHEDULE OF THE HOUR FOR OFFICER TO REPORT IN EACH OF THE PRECINCTS TO RECEIVE BALLOT BOXES, BALLOTS, ETC., FROM SERGEANTS DETAILED ON MOTOR TRUCKS.

Ward 1, Precincts 9 to 11, both inclusive, Precincts 13 to 19, both inclusive, and Precinct 22, 6.15 a. m.
Ward 1, Precincts 1 to 8, both inclusive, and Precincts 12, 20 and 21, 6.30 a. m.
Ward 2, 6.30 a. m.

Ward 22, Precincts 1 to 5, both inclusive, 6.15 a. m.
Ward 22, Precincts 6 to 9, both inclusive, 6.30 a. m.

Ward 22, Precincts 10 to 12, both inclusive, and Precincts 15 to 17, both inclusive, 6.40 a. m.
Ward 22, Precincts 13 and 14, 7 a. m.

7. Commanding officers are to take notice that it is of the greatest importance, also, that the patrolmen herein detailed report at the polling places in the various precincts promptly according to schedule.

Failure for any reason of any officer to be on hand at a polling place at the appointed time delays the sergeant in the motor vehicle in his delivery of the ballot boxes, ballots, etc., and interferes as is plainly seen, with the balance of the delivery schedule.

8. This detail of patrolmen at the various precincts will continue until the ballots are counted and the results declared. The officers are then to bring the ballots and returns to the Election Commissioners' office.

9. Cards with the ward and precinct number and location of voting booth printed thereon will be forwarded to the several police divisions, on which the Division Commander will write the name, the division number, and the number of the officer detailed at the time stated on the morning of September 17, 1940, at the voting booth of each respective precinct on his division. This card, to be given to the officer so detailed at the voting booth, will be retained in his possession until delivered by him to an employee of the Board of Election Commissioners, who will arrive accompanying a sergeant on motor vehicle from the Election Commissioners' office on the morning of September 17, with the ballot boxes, ballots, etc., as hereinbefore stated.

This card, when returned by such employee to the office of the Election Commissioners will be its receipt that the ballot boxes, ballots, etc., have arrived at their proper destination.

10. On receipt by the patrolman from the sergeant, detailed on motor vehicle, as herein provided, of registering ballot box, ballots, voting lists and such other documents as may have been received from the Election Commissioners, the patrolman detailed at polling place will deliver same to the warden or clerk of the precinct, allowing no person to take or handle them before such delivery, and hand the key of the registering ballot box to the warden. On delivery of the ballots to the warden, the patrolman will take from him a receipt for the same, which receipt will be returned to the Election Commissioners.

(Continued on page 1008.)

POLICE DEPARTMENT ORDERS.

(Continued from page 1007.)

11. After the warden has opened the box and allowed the election officers and the public to see that it is empty, the box is to be again locked and the key given to the patrolman who is to retain it until after the polls have closed, except that, at the request of the warden, the patrolman may allow him to open the box for the purpose of pressing down the ballots, in order to make room for more ballots after which the patrolman will see that the box is again locked, and the key returned to the police officer.

12. The patrolman will obtain from the warden copies of poster, which will be sent to the latter, in relation to smoking and the use of liquor in polling places, and post same in conspicuous places where they may be easily read. Tacks will be sent for the purpose.

13. The warden will deliver to the patrolman detailed at the polling place

for his use at that place a copy of the descriptive voting list, which must be returned to the warden at the close of polls.

14. When the polls are opened, the patrolman will mark in the place indicated on tag attached to the key the figures which the register shows before any ballots are cast.

15. At 8 p. m., Tuesday, September 17, when the polls close, one sergeant will report in each of the twenty-two wards (excepting Ward 1, East Boston, for which two sergeants and two motor trucks are provided), to meet motor vehicle at last point of morning distribution; thence to proceed to each of the several precincts in his respective ward, and receive registering ballot box (which must be locked) and key thereof, voting lists envelope, signed by the warden and other election officers, receipts for ballots, unused ballot envelope, sealed and certified (containing unused and spoiled ballots), stamps for marking spoiled ballots,

receipts for ballots, and check-lists, carry them to the Election Commissioners' office and deliver same to some member of the Board of Election Commissioners.

16. When the polls are closed, the patrolman will mark on the same tag the figures which the register shows after all ballots have been cast. He will then hand the key to the warden, who will open the box and take out all the ballots to be sorted and counted. The warden will then cause the voting lists, including the list used by the police officer, to be sealed up in an envelope and the envelope certified by the signatures of himself and the other election officers and the same returned to the Election Commissioners, as described in section 15 of this order. The patrolman will not allow this envelope to be put into the ballot box. The sergeant who will report on motor vehicle will keep it about his person until delivery at the office of the Election Commissioners. The unused and spoiled ballots are then to be put in the envelope for unused ballots and the envelope sealed and certified.

17. When returning from polls, all motor vehicles must drive to the easterly side of City Hall Annex, Court square, where ballot boxes will be conveyed by chute to the basement.

18. It is important that the patrolman sees that the voting lists envelope is signed by the warden, clerk and all the inspectors. The patrolman will also see that the special book for signatures of voters is returned in the registering ballot box.

19. In case a patrolman is detailed to relieve another after the close of the polls, the commanding officer will see that he is properly instructed as to the duty of bringing the official returns, the box of ballots cast, and the press return to the Election Commissioners' office as soon as they are delivered to him by the election officers.

20. When the ballots have all been counted, the ballots thus counted, tally sheets and nothing else, (the ballots to be in their separate party envelopes), shall be placed by the warden in the leatheroid box for that purpose, which must be sealed up and signed by all the election officers. The patrolman will particularly see that this box is properly sealed up and that all the election officers have signed their names to the certificate on the box. The patrolman will then bring the box, official return, record book, and press return to the City Hall Annex, Court square, and deliver same to the Election Commissioners. The patrolman is directed not to allow the official return, press return or record book to be placed in the leatheroid box.

21. While the polls remain open, an officer of rank will visit the polling place in each division at stated intervals, to be designated by the captain, and in case of any disturbance will report the fact to the commanding officer of the station house without delay. If additional men are needed beyond the number available in that division the officer in charge will communicate immediately with Headquarters.

22. Attention is called to the fact that the polls at the State Primary on Tuesday, September 17, 1940, shall open at 8 o'clock a. m. and close at 8 o'clock p. m.

23. Commanding officers of divisions will see that the officers detailed for duty on State Primary Day are furnished with a copy of the circular issued by the Board of Election Commissioners, entitled: "Instructions to Police Officers on . . . Primary Days."

24. The counting of ballots will be done on one table only with two inspectors counting and two inspectors watching the count.

Notes.

(A) Attention is again called to the last paragraph of the circular, "Instructions to Police Officers on . . . Primary Days," which reads: "The police officer is directed not to allow the official return or record book to be placed in the leatheroid box."

That this may not happen (as it has in the past notwithstanding repeated instructions) in any of the precincts of this city at the coming Primary, the officer of rank who will visit the polling places in each division (provided for in section 21 of this order), shall at an appropriate time, call to the attention of the police officer and of the warden on duty at the polls, that the official return, press return and record book are not to be placed in the leatheroid box.

They shall be handed to the police officer who will deliver them as set out in the paragraph immediately following.

(B) The officer going to the office of the Board of Election Commissioners with the leatheroid box, after the counting of the ballots, will take with him, in a separate package, the official return, press return and record book, which he shall safely deliver to the Election Commissioners with the leatheroid box, as provided in section 20 of this order.

(C) The police shall enforce the order that smoking is prohibited within the confines of the polling places, during the entire day, while the polls are open, as well as after they are closed.

The Board of Election Commissioners makes special request that the officers detailed at the 386 precincts be instructed to see that this is enforced.

As polling places and their approaches and exits are, in many instances, in buildings used for places of religious worship, to say nothing of the danger to valuable property from careless persons, the importance of these instructions is apparent.

Commanding officers will take notice, and provide means to correct, the following conditions set out in a paragraph of a letter received by the police commissioner from the board of election commissioners:

"May we again call your attention to the law which prohibits smoking in any polling place, and ask you to have the officers who are detailed to the three hundred and eighty-six (386) precincts make a special effort to see that there is no smoking during the entire day, while the polls are closed as well as after they are open."

(D) The following matter was on a previous occasion brought particularly to the attention of the Police Commissioner in writing by the Board of Election Commissioners.

Commanding officers will see that this cause of complaint, if it again occurs, is corrected.

"During the hours from 6 p. m. to 8 p. m. there has been a large increase in the number of persons who congregate outside the polling places. This makes it disagreeable to voters who are entering and leaving the polling places. May we ask that the police use every effort to relieve this congestion?"

(E) Under date of October 27, 1939, the Board of Election Commissioners wrote to the Police Commissioner as follows:

"May we again emphasize the need for care in handling the ballot boxes. Many

of the boxes are old, but since we cannot afford to replace them at this time we try to handle them with the greatest care. We trust that the officers detailed to polling places and to trucks will be careful of the boxes and will see that nobody else is permitted to mistreat them."

"We also request that the officers assigned to the polls be reminded that it is the privilege of the voters to watch the count of votes cast; the law specifically states 'The voting lists and all ballots removed from the ballot box shall be kept in open view of the voters present until enclosed and sealed up, and all proceedings in the canvass and counting of votes shall be public and in open view of the voter.' It is understood, of course, that no disturbance or crowding is to be al-

lowed and that the voters are to remain outside the rails."

"Wardens have been instructed that no checkers are to be allowed in the polling places, and we expect that the officers will assist them in enforcing this rule."

(F) The following precinct changes set out by the Board of Election Commissioners are again brought to the attention of the Department:

Ward 2, Precinct 2, now a part of Precinct 3.
Ward 2, Precinct 4, now a part of Precinct 5.
Ward 7, Precinct 18, a new precinct.
Ward 10, Precinct 1, now a part of Precinct 2.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

FIRE DEPARTMENT ORDERS.

General Order No. 37.

I. ELECTION — BOSTON FIREMEN'S RELIEF FUND.

The election of trustees of the Boston Firemen's Relief Fund will be held on Monday, September 9, 1940. Ballots will be distributed throughout the department today, and company commanders will see that all ballots are forwarded to District Headquarters in sufficient time to be delivered at Department Headquarters not later than 1 p. m., September 9, 1940, and no ballots will be accepted for counting after that time.

II. RESIGNATION.

The following resignation, which will take effect at 8 a. m., Friday, August 23, 1940, is hereby announced:

Hoseman Frederick J. Brennan, Engine Company 53.

III. CHANGE OF STREET NAMES.

Notice has been received of the following changes in street names:

Rita road, Dorchester, formerly Victoria road.

Winborough street, Hyde Park, formerly Windsor street.

Brockton street, Mattapan, formerly Bismarck street.

IV. CHANGE IN ASSIGNMENT CARDS.

The location on assignment card for Box 3571 should be changed from Cummins Highway and Bismarck street to Cummins Highway and Brockton street.

V. A. D. T. COMPANY.

The following signal numbers are to be added to running cards of the A. D. T. Company in this department:

Signal 346, Mayflower Colonial Shops, 49-59 Wareham street. Apparatus to respond: Engine 3, Ladder 3, District Chief 7. Nearest box is No. 1643.

Signal 353, Adams Mitchell-Old Custom House, Inc., 15-27 Lansdowne street. Apparatus to respond: Engine 33, Ladder 15, District Chief 8. Nearest box is 234.

Signal 421, Gold Seal Shoe Corporation, 365-367 Broadway.

Signal 443, Gold Seal Shoe Corporation, 373-377 Broadway. Apparatus to respond to Signals 424 and 443 are: Engine 35, Ladder 17, District Chief 7. Nearest Box is 1625.

The following A. D. T. signals have been discontinued:

Signal 364, 151 Tremont street, Chandler & Co.

Signal 391, 132, 133 and 134 Tremont street, John H. Pray & Sons Company.

Signal 534, 619-629 Washington street, Building, Lotta Crabtree Estate.

The following change should be made on A. D. T. running cards in this department for A. D. T. Signal 164:

Nearest city box should be changed from 13-7323 to 7324.

VI. BOSTON AUTOMATIC FIRE ALARM COMPANY.

New page, No. 24, dated August 9, 1940, for the Boston Automatic Assignment Book, is being issued to the department today.

The new card will replace old page No. 24, which should be returned to Headquarters, in the envelopes provided on or before Friday, August 23, 1940.

VII. GENERAL ALARM CORPORATION.

Notice is hereby given to the department that the General Alarm Corporation is responsible for the testing and

maintaining of the auxiliary systems connected to the following fire alarm boxes:

6131, 6132, 6133, 12-1435, 13-1435, 12-1492, 5259.

The General Alarm Corporation will answer alarms from these boxes and they will be responsible for resetting of the auxiliary stations and the master boxes.

VIII. FIRE ALARM BOXES AT BOSTON EDISON COMPANY, L STREET STATION.

The fire alarm boxes at the L Street Station of the Boston Edison Company have been connected to the following circuits:

7324 — Circuit 11.
12-7324 — Circuit 1.
13-7324 — Circuit 1.
14-7324 — Circuit 1.
15-7324 — Circuit 11.

IX. COMMENDATIONS.

Hoseman Alexander W. Farrow of Engine Company 18 is hereby commended for volunteering and donating blood in transfusion to a patient at the Boston City Hospital on August 14, 1940.

Ladderman Ernest W. Jule of Ladder Company 1 is hereby commended for volunteering and donating blood in transfusion to a patient at the Massachusetts General Hospital on August 15, 1940.

By order of Fire Commissioner WILLIAM ARTHUR REILLY.

SAMUEL J. POPE,
Chief of Department.

General Order No. 38.

I. RETIREMENTS.

The following retirements which will take effect at 8 a. m. Sunday, September 1, 1940, are hereby announced:

Hoseman Cornelius A. Durgin, Engine Company 29. (Previously announced as effective July 17, 1940, in error.)

Ladderman James H. Smith, Ladder Company 1.

Hoseman John P. Knox, Rescue Company 1.

Hoseman Durgin and Knox were appointed to the department on February 1, 1924, and Ladderman Smith was appointed to the department on December 23, 1929.

These men leave the department with the best wishes of their associates.

II. AMERICAN DISTRICT TELEGRAPH COMPANY.

The following signal number should be added to the running cards of the A. D. T. Company in this department:

Signal 423, Union Paste Company, 1605 Hyde Park avenue. Apparatus to respond: Engine 48, Ladder 28, District Chief 15. The nearest box is 3851.

The following A. D. T. signal number has been discontinued:

Signal 164, L street, corner First street, Boston Edison Company.

III. GENERAL ALARM CORPORATION.

The following signal numbers are to be added to the running cards of the General Alarm Corporation in this department:

Signal 183, McKesson & Robbins, 379-385 Summer street, South Boston. (S.) Apparatus to respond: Engine 39, Ladder 18, District Chief 6. Nearest box is 7121.

Signal 184, Building, 30 Kneeland street. (S.) Apparatus to respond: Engine 7, Ladder 17, District Chief 5. Nearest box is 1491.

IV. COMMENDATIONS.

Hoseman William G. Cole of Engine Company 24 is hereby commended for volunteering and donating blood in transfusion to a patient at the Boston City Hospital on August 18, 1940.

Hoseman John P. Brooks of Engine Company 21 is hereby commended for volunteering and donating blood in transfusion to a patient at the Boston City Hospital on August 19, 1940.

By order of Fire Commissioner WILLIAM ARTHUR REILLY.

WILLIAM F. QUIGLEY,
Acting Chief of Department.

SUNDAY BASEBALL AT FENWAY PARK.

The following information was submitted to the City Council by Mayor Tobin relative to Sunday baseball:

1. Section 4 of chapter 1 of the Ordinances of 1929 of the City of Boston reads as follows:

"The fee or total charge made for any seat anywhere in or on said premises for the witnessing of the playing of professional athletic outdoor sports or games shall in no case be greater on the Lord's Day than on each week day."

2. On August 5, 1940, the Boston City Council, alleging "that the fee or total charge made by the Boston American League Baseball Company at Fenway Park is greater on the Lord's Day than on each week day," ordered that "his Honor the Mayor investigate the alleged violation of the city ordinances relating to Sunday baseball by the Boston American League Baseball Company."

3. It is alleged by the Council that more is charged for seats on Sundays than on week days. The prices charged for seats in Fenway Park are the same on every day of the week, including Sundays. These prices are as follows:

Bleacher Seats, 55 cents each; General Admission (Grandstand) Seats, \$1.10 each; Reserved Seats, \$1.40 each; Box Seats, \$1.65 each.

4. There are approximately 8,500 bleacher seats, 2,200 box seats, and 23,000 grandstand seats. The grandstand, except for Sections 1 to 7 in right field, are considered as a reserved seat zone, in which usher service is provided

and tickets to which entitle the holder to occupy a designated seat.

5. In the event that the entire reserved seat zone is not filled by persons who purchase reserved seat tickets, the Red Sox Management permits the holders of general admission grandstand tickets to occupy the vacant portion of the zone. The number of seats in the reserved seat zone thus made available to the holders of \$1.10 tickets has to be varied from day to day in anticipation of the public demand for reserved seats. This is a practice which prevails on week days and Sundays both, and is governed entirely by the public demand.

6. The purpose of the ordinance is obviously to provide an equality of treatment of customers on Sundays and week days. This is accomplished at Fenway Park by having, and adhering to for all games, the same schedule of prices for reserved seats and general admission grandstand seats. An opportunity is provided to any person whose purse is limited to purchase a seat for 55 cents on Sundays as well as on week days so that the working man, whose interests the ordinance was designed to protect, may witness the games on any day at the same price.

7. It is respectfully submitted that for the foregoing reasons the price schedule in effect at Fenway Park does not violate the terms of the ordinance.

CIRCULAR LETTER NO. 17.

CITY OF BOSTON,
MAYOR'S OFFICE, September 4, 1940.

To All Department Heads.

GENTLEMEN,—On the day of the American Legion Parade, September 24, 1940, City Hall will be closed except for a skeleton force in such departments as are obliged to be open for public business.

You are requested to allow all employees whose services can be spared on that day, leave of absence, without loss of pay.

Respectfully,

MAURICE J. TOBIN, Mayor.

CINCINNATI'S NEW SPORTS FIELD.

Cincinnati's outstanding recreational event of the past year has been the opening of its 200-acre Airport Sports Field—an instantaneous success. Although far from completion and lacking in many necessary facilities, it is already paying its own way. *American City Magazine.*

CIRCULAR LETTER NO. 16.

(CITY OF BOSTON,
MAYOR'S OFFICE, August 26, 1940.

To the Heads of All Departments.

With the assistance of a W. P. A. Project, the City Planning Board has prepared an Inventory of City-Owned Property. This inventory shows every piece of property in detail, including the department by which it is used or administered. As soon as practicable a summary of those items under his control will be sent to each department head.

In order to make this inventory useful as a point of reference it will be desirable to keep it constantly up to date. Each department head is requested to notify the City Planning Board promptly whenever any change occurs in property under his administration.

The following matter indicates the procedure to be followed in connection with the Inventory of City-Owned Property:

Sale of Property. In the case of a department selling any parcel of real property which has been under its jurisdiction a notice of such sale, together with a general description of the property and its location, will be forwarded immediately to the City Planning Board.

Transfer of Property. When a parcel of property, or the buildings thereon, is transferred to or from a department, the department will send a notice of such transfer to the City Planning Board. The notice will contain a description of the property and its location, together with a statement of the use of the property before and after the transfer.

Acquisition of New Property. When property is acquired by a department, for any but street or tax foreclosure purposes, the department acquiring such property will advise the City Planning Board who will cooperate in obtaining the necessary information to complete the inventory.

Kindly cooperate in this matter so that the city may have at all times a complete and accurate inventory of its property.

Very truly yours,

MAURICE J. TOBIN, Mayor.

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

A surface drain of 12-inch pipe (to be built in same trench with release sewer) in Crown street, between Birchcroft road and Trelawney road, in the Hyde Park district, at an estimated cost of \$175.

A surface drain of 12-inch and 15-inch pipe (to be built in same trench with release sewer) in Myopia road, between Austin street and West street, in the Hyde Park district, at an estimated cost of \$2,100.

A surface drain of 12-inch pipe (to be built in same trench with release sewer) in Perle street, between Washington street, and 240 feet southerly, in the Brighton district, at an estimated cost of \$227.

A surface drain of 12-inch pipe (to be built in same trench with release sewer) in Braeburn road, between Myopia road and Beaver street, in the Hyde Park district, at an estimated cost of \$1,150.

A surface drain of 10-inch pipe (to be built in same trench with release sewer) in Kerna road, between Tobin road and Old Centre street, in the West Roxbury district, at an estimated cost of \$400.

A surface drain of 10-inch and 12-inch pipe (to be built in same trench with release sewer) in Tobin road and private land, between Washington street and 645 feet northwesterly, in the West Roxbury district, at an estimated cost of \$1,050.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience during the period of the occupation of ten (10) feet, laterally, of the roadway of Beacon street in the south side (Common side) from the Robert G. Shaw Memorial to Charles street by a grandstand erected for the American Legion Parade on September 24, 1940, the following rules are effective from September 16, 1940, to September 25, 1940, inclusive:

Parking of vehicles is prohibited in the following streets:

Brimmer Street.

Both sides, from Mt. Vernon street to Beacon street.

Mt. Vernon Street.

Both sides, from West Cedar street to River street.

South side, from River street to Embankment road.

The following streets are one way in the direction indicated:

Beacon Street.

From Charles street to Tremont street.

Brimmer Street.

From Mt. Vernon street to Beacon street.

Mt. Vernon Street.

From Joy street to Embankment road.

Walnut Street.

From Beacon street to Mt. Vernon street.

Voted, That as urgently required by considerations of public safety and convenience, during the period of roadway resurfacing in Milk street, effective during the times indicated, vehicles are excluded from the following streets:

Arch Street.

From Milk street to Franklin street, effective from 6 p. m. Friday, September 13, 1940, to 6 p. m. Sunday, September 15, 1940.

Devonshire Street.

From Water street to Franklin street, effective from 6 p. m. Saturday, September 14, 1940, to 6 p. m. Sunday, September 15, 1940.

Federal Street.

From Milk street to Franklin street, effective from 6 p. m. Saturday, September 14, 1940, to 6 p. m. Sunday, September 15, 1940.

Hawley Street.

From Milk street to Franklin street, effective from 6 p. m. Saturday, September 14, 1940, to 6 p. m. Sunday, September 15, 1940.

Milk Street.

From Devonshire street to Hawley street, effective from 6 p. m. Friday, September 13, 1940, to 6 p. m. Sunday, September 15, 1940.

Milk Street.

From Congress street to Washington street, effective from 6 p. m. Saturday, September 14, 1940, to 6 p. m. Sunday, September 15, 1940.

CIVIL SERVICE EXAMINATIONS.
(STATE.)

STATE EXAMINERS OF ELECTRICIANS, 1940.

Examinations will be held at the following points and on the following dates:

Springfield, Wednesday, October 16.
Pittsfield, Thursday, October 17.
Boston, Wednesday, November 13.
Lowell, Thursday, November 14.
Boston, Wednesday, December 4.
New Bedford, Thursday, December 5.
New Bedford, Friday, December 6.

Rules for Examinations.

All examinations shall be given in English.

Applicants for Class B or journeyman's certificate must be at least eighteen years of age and have had at least two years' practical experience or the equivalent in the installation of wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Applicants for Class A or master's certificate must be at least twenty-one years of age and have had at least two years' experience in the business of installing wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes. Examination shall consist of applicant's knowledge of the National Electrical Code and practical electrical work.

All persons desiring to be examined, either for a master or journeyman certificate, shall have application on file at least ten days previous to the date of such examination.

Applicants for examination will be required to obtain at least 70 per cent in order to obtain a certificate.

Applicants who fail to obtain the required 70 per cent will not be entitled to re-examination until a period of three months has elapsed, and those who receive less than 50 per cent or who fail on the practical demonstration, will not be re-examined for a period of six months.

Any person found referring to notes or books, or misbehaving during an examination, will be debarred from that examination.

Notice will be sent to applicants for certificates when and where examination will be held and only those so notified will be examined on that day.

STEPHEN C. GARRITY,
WALTER F. DOWNEY,
ULYSSES J. LUPIN,
ALBERT FRANK,
WALTER J. KENEFICK,

State Examiners of Electricians.

For application blanks or other information apply to State Examiners of Electricians, Room 303, 14 Beacon street, Boston, Mass.

WATER-SUPPLY DEVELOPMENT IN THE UNITED STATES.

In 1652 Boston introduced the first American public water supply. The first mechanical pumps were used in 1761 at Bethlehem, Pa., where Hans Christiansen, an American pioneer water-supply engineer, made his pumps work "after severe struggles." In 1850 there were only 100 water plants in the United States, and as late as 1875 only 243. In 1933 there were more than 11,000 public water supplies, some serving more than one community.

CIVIL SERVICE EXAMINATIONS. (STATE SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

The lists established as a result of these examinations will be used to fill all vacancies in these classifications in the various State departments.

DEPARTMENT OF PUBLIC HEALTH, SENIOR
SANITARY ENGINEERING AID, OCTOBER
26, 1940.

Last date for filing applications, Monday, October 14, 1940, at 5 p. m.

The entrance salary is \$1,680 a year; the maximum salary is \$2,160 a year.

Duties: To do routine work in connection with the purity of water supply and waste disposal and to perform related work as required. To assist in engineering work involving knowledge and training in sanitary engineering practice including simplified practice in the flow of water and sewerage through pipes, the elementary knowledge of the theory of the various devices for measuring the flow of sewage and water and of filtration and treatment of sewage and water, and acquaintance with the technique required in examination of water supplies and examinations of piping systems to determine the presence of cross connections between water supplies used for drinking and secondary and industrial supplies. To examine the piping conditions in certain buildings to determine the possibility of back-siphonage of polluted matter into the drinking water supply. To make such hydraulic computations as are necessary to determine the possibility of polluted water entering the drinking water supply. To investigate matters of pollution of rivers. Under immediate supervision, to construct sewerage systems, sewage disposal works, water supplies and water distribution systems at State institutions.

Subjects and Weights: Training and experience, 2; practical questions (including mathematics), 3; total, 5.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

DEPARTMENT OF PUBLIC HEALTH, SUPERVISOR OF SOCIAL SERVICE (FEMALE),
OCTOBER 26, 1940.

(Requisition is for a female, but the examination is open to both males and females.)

Last date for filing applications, Monday, October 14, 1940, at 5 p. m.

The entrance salary is \$2,760 a year; the maximum salary is \$3,300 a year.

Duties: Under administrative direction, to supervise and direct the medical social work of the department, including such work in the various sanatoria and cancer hospitals.

Entrance Requirement: Applicants must have (a) three years' experience in medical social work in the social service department of a hospital or clinic, to include two years of supervised experience and one year in the supervision of medical social work; or (b) five years'

experience in the practice of medical social work in a recognized social service department in a hospital or clinic, to include three years' supervised experience, and preferably one year's experience in the supervision of medical social work.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

CIVIL SERVICE EXAMINATIONS. (CITY SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given preference.

FIRE SERVICE (INCLUDING CALL SERVICE),
CITIES AND TOWNS OUTSIDE OF BOSTON AND METROPOLITAN DISTRICT,
OCTOBER 5, 1940.

BOSTON AND METROPOLITAN DISTRICT,
OCTOBER 19, 1940.

The last date for filing applications for both of the above examinations will be Saturday, September 21, 1940, at 12 o'clock noon. No applications will be accepted after this date.

Salary: The entrance salary for Boston is \$1,600 a year; the maximum salary for Boston is \$2,100 a year. Inquiries concerning salaries for the regular and call fire services in other cities and towns should be made at local fire departments.

Applicants for the service of BOSTON who have not reached their twenty-second birthday or who have passed their thirty-fifth birthday at the time of filing application will not be eligible to apply. Applicants for all other cities and towns in the Commonwealth who have not reached their twenty-first birthday or who have passed their thirty-fifth birthday at the time of filing application will not be eligible to apply. Callmen and substitute callmen may make such deductions from their ages as are provided for in Civil Service Rule 8, Class 21. A certificate of date of birth must be filed with the application, unless one has been filed with a previous application.

Applicants for WORCESTER are required to be not less than 5 feet 5 inches in height. Applicants for BROCKTON must be not less than 5 feet 6 inches in height, and weigh not less than 135 pounds at the time of appointment. Applicants for WINCHESTER must be not less than 5 feet 8 inches in height, and weigh not less than 135 pounds. Applicants for LYNN must be not less than 5 feet 5½ inches in height, and weigh not less than 135 pounds.

Subjects and Weights: Training and experience, 3; practical questions, including general information, 7; total, 10.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination and strength tests.

To become eligible, applicants must obtain at least 70 per cent in the strength

test, but the mark will not be averaged with the educational mark.

NOTE.—No second notices for the physical examination or re-examinations in the strength test will be permitted.

The practical questions will be based upon information contained in a manual known as the "Red Book." A new manual has just been issued. This manual may be obtained from the Public Document Division, Room 116, State House, at twenty-five cents a copy. It is necessary that applicants obtain a copy of this manual and study it carefully. The examination will include Part I of the Manual and the Appendix.

Important: Experience sheets will be collected on the day of examination and will not be accepted at any other time. No amendments to the experience sheet will be permitted. Applicants must not bring Fire Manuals to the examination room.

Call Service: Persons applying for call service must qualify only in experience and in the physical examination and strength tests. (Note information given above concerning age limits, height and weight, and passing requirements.) At the present time, there are three vacancies, at \$15 per year, for callmen in the Winthrop Fire Department.

SQUARE DEAL IN ASSESSMENTS FOR TAXATION.

Many cities are finding it greatly to their advantage to have their tax valuations periodically overhauled. The first criterion of any assessment is equity. For every citizen who wants through "pull" or however else to get off easy, there are twenty, nay a hundred who want a fair and square deal for all.

The appraisal of city real estate is a highly technical affair.

Few things are more important than the equalization of assessments. Particularly in cities that are cramped by an inflexible debt or tax limit, an honest, full value assessment may be a great boon. Without the slightest raise in the tax rate a substantially greater tax yield may be had.

STATE VALUATIONS IN 1937.

Total assessed value of real estate on January 1, 1937, in the thirty-nine cities and 316 towns of Massachusetts, \$5,742,161,541 (\$18,194,654 less than on January 1, 1936), of which 65.62 per cent applied to buildings and 34.38 per cent to land; of personalty, \$525,039,493; aggregate valuation, \$6,267,201,034 (2.74 per cent decrease from 1936), on which the total tax was \$222,184,422. To raise this amount of taxes on the property assessed at a uniform rate throughout the State would have required a tax rate of \$35.45+ on \$1,000 valuation. Boston's valuation, \$1,590,544,700, equal to 25.38 per cent of total valuation in the State.

MANY TYPES OF W. P. A. PROJECTS.

The Works Progress Administration has placed in operation a total of more than 300,000 projects. Except for the more pretentious types of construction, these projects have covered almost the whole field of American endeavor in meeting the primary objective of relieving unemployment. *The American City.*

FELLOWSHIP STUDIES IN TRAFFIC CONTROL.

Fifteen graduate fellowships, each with a stipend of \$1,200-plus up to \$200 for travel and field investigation have been announced by the Bureau for Street Traffic Research of Harvard University. The regular annual tuition fee of \$400 will be deducted from the fellowships, which have been made available through a gift to the University by the Automobile Manufacturers' Association. The officers of instruction are Miller McClintock, Director of the Bureau, and Maxwell Halsey, Assistant Director. Each of two full courses in street and highway traffic control consists of three one-hour periods a week, and additional problems, assignments and field work.

CITY CEMETERIES.

The Park Department has charge of twenty cemeteries, containing 212 acres, that are owned by the city. Mount Hope Cemetery is the largest. A number of these cemeteries are no longer available to the public for interments. In 1937 there were 2,075 interments in these cemeteries, or 77 more than in 1936. The interments in Mount Hope Cemetery in 1937 were 71.08 per cent of the total interments as against 74.57 per cent in 1936.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR PORTLAND CEMENT FOR CONSTRUCTION.

The Supply Department of the City of Boston invites proposals for furnishing for city departments, Portland cement as per specifications, to be delivered as required. The bidder must use the form of proposal to be obtained at the office of the Supply Department, Room 1001, City Hall Annex, and leave his proposal with a certified check for \$200, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above-mentioned office. *There will be a charge of twenty-five cents (\$0.25) for each blank proposal taken out.* A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. ENVELOPES CONTAINING BIDS TO BE SEALED AND PLAINLY MARKED "PROPOSAL FOR PORTLAND CEMENT." Bids will be publicly opened and read Monday, September 23, 1940, at 12 o'clock noon. The successful bidder must furnish a bond for one half the total estimated amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

JOHN A. BREEN,
(Sept. 14.) Superintendent of Supplies.

CITY OF BOSTON.

REAL ESTATE DIVISION.

PUBLIC AUCTION.

The City of Boston will sell at public auction all its right, title and interest in and to about six thousand six hundred seventy-eight (6,678) square feet of land on the northwesterly side of Columbus avenue, Roxbury, numbered 1229 in the numbering of said street, and more fully described in a tax deed recorded with Suffolk Deeds, Book 5481, page 358, on Thursday, September 19, 1940, at 10.30 a. m., on the premises, at a minimum price of seven hundred dollars (\$700).

A deposit required at the time and place of sale of two hundred dollars (\$200), in cash or certified check, balance to be paid in thirty (30) days. Further particulars from Custodian of Foreclosed Real Estate, 47 City Hall, Boston, Mass.

DANIEL M. DRISCOLL,
(Sept. 7-14.) Custodian of Foreclosed Real Estate.

INTERSTATE MUNICIPAL COOPERATION

At a recent meeting in New York City a new type of interstate municipal cooperation was launched by officials of cities in New York, New Jersey, and Pennsylvania. The plan is based on direct cooperation among officials of a region on pressing problems of local government.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING GROCERIES, CANNED GOODS, ETC.

The Supply Department of the City of Boston invites proposals for furnishing groceries, canned goods, etc., as per specifications contained in forms which may be obtained at the office of the Supply Department, Room 1001, City Hall Annex. The bidder must leave his proposal with a certified check for \$300, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. ENVELOPES CONTAINING BIDS TO BE SEALED AND PLAINLY MARKED "PROPOSAL FOR GROCERIES, CANNED GOODS, ETC." *There will be a charge of twenty-five cents (\$0.25) for each blank proposal taken out.* The bids will be publicly opened and read Wednesday, September 25, 1940, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

JOHN A. BREEN,
(Sept. 14.) Superintendent of Supplies.

CITY OF BOSTON

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING FIRE APPARATUS.

The Supply Department of the City of Boston invites proposals for furnishing fire apparatus to the Fire Department, as per specifications contained in forms which may be obtained at the office of the Supply Department, Room 1001, City Hall Annex. The bidder must leave his proposal with a certified check for \$300, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. ENVELOPES CONTAINING BIDS TO BE SEALED AND MARKED "PROPOSAL FOR FURNISHING FIRE APPARATUS." *There will be a charge of twenty-five cents (\$0.25) for each blank proposal taken out.* The bids will be publicly opened and read Wednesday, September 25, 1940, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

JOHN A. BREEN,
(Sept. 14.) Superintendent of Supplies.

SUPPLY DEPARTMENT.

The City of Boston invites proposals for furnishing fruits, vegetables, meats, butter, eggs and cheese.

Proposals for furnishing fruits and vegetables close at 11 a. m. daily at the Supply Department. Proposals for furnishing meats and butter, eggs and cheese close every Thursday at 2 p. m. Proposals for furnishing manufactured meat products close the last Thursday of each month at 2 p. m.

Proposals and specifications for the above may be obtained in Room 1001, City Hall Annex.

JOHN A. BREEN,
Superintendent of Supplies.

NOTICE TO CONTRACTORS.

HELP ABSORB THE UNEMPLOYED.

Workers for all branches of industry or business can be secured at the Municipal Employment Bureau, 25 Church street, Boston. Tel. LIBerty 8607-08-09. STEPHEN J. HUGHES, Director.

FREE SERVICE TO EMPLOYERS AND APPLICANTS.

CITY OF BOSTON.

TRANSIT DEPARTMENT.

PROPOSALS FOR POLISHED GRANITE STAIRWAY ENCLOSURES, HUNTINGTON AVENUE SUBWAY.

The Transit Department of the City of Boston on 1 Beacon street, invites proposals for furnishing and delivering on Huntington avenue, near West Newton street, and on Massachusetts avenue, near Huntington avenue, twelve polished granite stairway enclosures. Specifications may be obtained at the office of the Department on and after Monday, September 16, 1940. A deposit of \$5, in cash or certified check, will be required for two sets of specifications. Mutilation of them will be deemed sufficient cause for the forfeiture of said deposit. The bids will be publicly opened and read at 12 o'clock noon Thursday, September 26, 1940. A properly certified check, in the sum of five hundred (500) dollars, payable to the city, must accompany the proposal. The Department reserves the right to reject any or all bids and to award the contract as it deems for the best interests of the city.

By order of the CITY OF BOSTON TRANSIT DEPARTMENT.

WILLIAM T. DOYLE,
(Sept. 14.) Secretary.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR REPAIRING HULL, ETC., OF FERRYBOAT "CHARLES C. DONOGHUE."

The Commissioner of Public Works of the City of Boston, office 508, City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for repairing hull, etc., of ferryboat "Charles C. Donoghue." A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Ferryboat 'Charles C. Donoghue,'" and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Friday, September 20, 1940, with a certified check for three hundred (300) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. *There will be a charge of two (2) dollars for each set of specifications taken out.* The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

GEORGE G. HYLAND,
(Sept. 14.) Commissioner of Public Works.

WEATHER IN BOSTON, 1939.

The precipitation, amounting to 32.45 inches, was 18.09 inches less than in 1938 and was 7.69 inches below normal. Snowfall was 36.4 inches or 7.1 inches below normal for the year, 28.7 inches falling in January, February and March, the snowfall for March alone being 16.5 inches.

Maximum monthly precipitation was in March or 5.23 inches; maximum rainfall in 24 consecutive hours, 3.17 on October 30-31; thunderstorms on 18 days, 9 of these being in July and August; snow on 27 days, 21 being in January, February and March.

Number of clear days, 80; cloudy days, 166; partly cloudy, 119; days showing precipitation, 112; highest temperature, 96° on September 16; lowest, 4° on January 27; mean for winter months, 32°; for summer months, 69°; number of days, 90° or above, 10; freezing (32° or below), 144; zero or below, 0; greatest monthly range of temperature, 57° in February; least monthly range, 32° in August; dense fog on 23 days, 5 being in July and 3 each in February, March, April and August.

Sunshine, highest per cent for month in July, 70%; lowest in December, 38%; mean for year, 54%.

Wind, highest velocity 56 miles per hour on November 5 from northeast; average hourly velocity, 11.4; prevailing direction in summer months, south; for winter months, west; gales (*i. e.*, 32 miles per hour, or more), 19, five in January, 4 in November, 3 in March, 2 in February, and one each in April, August, September, October and December.

Humidity, highest per cent for month of August, 76%; lowest, 58% in November; mean for year, 68.5%.

Greatest snowfall in 24 hours, 7.6 inches, March 12-13. Greatest depth of snow on ground, 14.2 inches, March 13. Last snow in spring occurred on April 12; first in autumn occurred on November 9. The first killing frost in autumn occurred October 18; the last killing frost in spring, April 17.

The longest period without precipitation was 16 days, May 5-20; the longest period with precipitation, 5 days, March 9-13. Maximum rainfall for 5, 10, 15, 30 and 60 minutes came on May 28.

The first thunderstorm occurred on January 22; last thunderstorm occurred on October 1. The highest mean temperature of three consecutive days was 82°, July 7-9; lowest mean temperature of three consecutive days, 16°, January 25-27.

Barometric pressure (reduced to sea level): Mean, 29.98 inches, 1,015.2 millibars; highest, 30.64 inches, 1,037.6 millibars, February 17; lowest, 29.14 inches, 986.8 millibars, January 22.

FIVE PER CENT OF CITY BUDGET PAID FOR REFUSE DISPOSAL.

Nearly one million dollars, or about 5 per cent of the total cost of the general city government of Los Angeles, Cal., is spent every year for the collection and disposal of refuse, under the direction of the Bureau of Engineering of that city. The Refuse Collection Division operates six days a week, and enough men are provided to compensate for a five-day week for all the personnel employed.

UNITED STATES GROSS DEBT.

November 30, 1932, total gross debt of the United States was \$20,806,013,836, of which \$20,476,034,190 was interest-bearing. This is a reduction of \$6,120,667,458 from the peak of \$26,596,701,648 on August 31, 1919. The gross debt on June 30, 1931, was \$16,801,281,492.

OWNED AND RENTED HOMES IN UNITED STATES, NEW ENGLAND AND MASSACHUSETTS, 1930—ALSO BOSTON.

Total homes in UNITED STATES, 29,904,663, of which 14,002,074 or 46.8 per cent were owned, 15,319,817 or 51.2 per cent were rented, and 582,772 were of unknown tenure. Native white families, 20,968,803; foreign-born white families (the head of the family being a foreign-born white person), 5,736,491; Negro families, 2,803,756; other races, 395,613.

The native white families owned 10,255,682 homes and rented 10,314,500 homes; the foreign-born white families owned 2,968,707 homes and rented 2,690,300 homes; the Negro families owned 669,645 homes and rented 2,050,217 homes; the other races owned 108,040 homes and rented 264,800 homes.

Total homes in NEW ENGLAND, 1,981,499, of which 915,441 or 46.2 per cent were owned, 1,042,521 or 52.6 per cent were rented, and 23,537 were of unknown tenure. Native white families, 1,203,304; foreign-born white families, 753,231; Negro families, 22,864; other races, 2,100.

Total homes in MASSACHUSETTS, 1,021,160, of which 439,238 or 43.0 per cent were owned, 569,645 or 55.8 per cent were rented, and 12,277 were of unknown tenure. Native white families, 579,751 (306,978 or 30.06 per cent were native white of native parentage and 272,773 or 26.71 per cent were native white of foreign or mixed parentage); foreign-born white families, 427,385 or 41.85 per cent; Negro families, 12,637 or 1.24 per cent; other races, 1,387 or 0.14 per cent.

Total homes in BOSTON, 179,200, of which 45,986 or 25.66 per cent were owned, 130,140 or 72.62 per cent were rented and 3,074 were of tenure unknown. Divided by color and nativity of head of owner-families, 7,741 were native white of native parentage; 11,137 were native white of foreign or mixed parentage; 26,366 were foreign-born white; 726 were Negro and 16 were of other races.

Of the renter-families, 27,267 were native white of native parentage; 36,428 were native white of foreign or mixed parentage; 61,505 were foreign-born white; 4,431 were Negro, and 509 were of other races.

"RELIEF" DECLINING.

Two-thirds of the nation's relief expenditures in recent years has been centered in ten industrial states, the "Year Book's" section on Financing Relief and Recovery points out. Half the Federal Work Relief Funds and two-thirds of all available funds have been expended in the fifty largest cities, including about 25 per cent of the population. Industrial urban population is more vulnerable to unemployment. In addition, living costs are higher, requiring greater relief allotments, and the cost of giving employment to a city group is higher than in rural areas.

STATE REFERENDA RESULTS, 1936.

A question of public policy "Shall the Representative in the General Court from this district be instructed to vote in favor of amending the State Constitution for the purpose of limiting the amount of taxes, for all purposes, which may be legally levied against any real estate within the Commonwealth to a sum not exceeding \$25 for each one thousand dollars of assessed valuation?" was voted on by only a portion of the Representative Districts. In Boston, six districts did not vote on it.

The totals for the districts and parts of districts, including Boston districts, were 310,715 in favor; 113,594 against and 203,277 blanks. For Boston alone, the totals for the sixteen districts that voted were 114,184 in favor; 46,689 against and 79,827 blanks.

In Boston, there were three referenda on sales of alcoholic beverages.

First, "Shall licenses be granted in this city for the sale therein of all alcoholic beverages (whiskey, rum, gin, malt beverages, wines and all other alcoholic beverages)?" Totals, 190,353 in favor, 45,402 against and 84,732 blanks.

Second, "Shall licenses be granted in this city for the sale therein of wines and malt beverages (wines and beer, ale and all other malt beverages)?" Totals, 185,213 in favor, 40,164 against and 95,110 blanks.

Third, "Shall licenses be granted in this city for the sale therein of all alcoholic beverages in packages, so called, not to be drunk on the premises?" Totals, 187,877 in favor, 37,139 against and 95,471 blanks.

THE MUNICIPAL WATER-WORKS TREND.

In 1800 there was but one municipally-owned water-works plant in the United States. Now there are 7,853 municipally-owned installations, or 72.8 per cent of the entire number. In the United States there are ninety-four cities of over 100,000 population. All but eleven of these own their water works. Municipal plants serve 96.1 per cent of the population of the ninety-four cities, while private plants serve only 3.9 per cent.

BOSTON'S LIABILITY FOR METROPOLITAN DEBT, 1937.

Boston's liability for this contingent debt of the State (*i. e.*, in the form of annual assessments for sinking funds and interest) incurred for Metropolitan parks, sewers, water, etc., was \$28,559,995 (net) on July 1, 1937, or \$1,283,454 more than in 1936 and \$6,473,404 more than in 1927. It is divided thus: Water debt, \$25,314,274; Park debt, \$904,738; Sewer debt, \$1,639,878; Charles River Basin debt, \$701,105. The percentages paid by Boston in 1937 were 63.4515 on Water Debt; 48.6623 on most of the Park Debt; 36.25 on most of the Sewer debt, and on Charles River Basin debt the same as on Park debt.

Metropolitan assessments paid by Boston in 1937 amounted to \$4,752,277.22, of which 64.23 per cent was for debt requirements and 35.77 for maintenance. Water assessment, \$3,282,201 (usually paid from water revenue); park, \$786,974; sewer, \$470,545; Charles River Basin, etc., \$212,557.

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 32.

SATURDAY, SEPTEMBER 21, 1940.

No. 38

EDUCATIONAL LEADERS SEE NECESSITY FOR ADEQUATE NATIONAL DEFENSE AS FUNCTION OF EDUCATION IF FREE AMERICA IS TO CONTINUE — CHAIRMAN JOSEPH C. WHITE OF SCHOOL COMMITTEE AND SUPERINTENDENT ARTHUR L. GOULD MAKE REPORT ON SESSIONS OF NATIONAL EDUCATION ASSOCIATION CONVENTION AT MILWAUKEE — ALSO ANNOUNCE THAT 1941 SESSION WILL ASSEMBLE IN BOSTON AS RESULT OF INFLUENCES BROUGHT TO BEAR BY MASSACHUSETTS DELEGATES AND BUSINESS ORGANIZATIONS.

The following is the report of the Chairman and the Superintendent on their attendance at the annual meeting of the National Education Association, at Milwaukee, June 30 to July 5, 1940.

The 78th Annual Convention of the National Education Association was held in Milwaukee on June 30 to July 5, 1940. Twenty-five different departments of the N. E. A. and sixteen allied organizations conducted morning, afternoon and evening meetings throughout the week.

In the general meetings the relation of the schools to national defense took precedence over the customary discussion of topics dealing with educational theory and practice.

Mr. Raymond J. Kelly, National Commander of the American Legion, speaking at a meeting of life members of the N. E. A., stated, "Our educational system always has been and must continue to be the all-important factor in assuring an adequate national defense for the country. The nation looks to educators for the preparation of the mental attitude of the pupils, which will make possible the defending and continuance of a free America."

Mr. H. B. Kaltenborn, radio commentator, declared that appeasement of the dictators would be futile, that failure to aid Great Britain for the effective continuance of the war would be suicidal for America, and that Americans must be prepared to sacrifice much in order to organize the material and spiritual resources of the country.

Moral Preparedness.

President Clarence A. Dykstra of the University of Wisconsin stated that the work of educators should result in an intellectual and moral preparedness, in order that our democracy shall become a united nation of loyal and devoted citizens who believe in law, equality and justice, and are willing to make any necessary sacrifices to preserve these beliefs.

For the first time, three national seminars were conducted by appointed state representatives for the purpose of discussing and making recommendations concerning the following:

First.— Protection of school funds for educational purposes.

Second.— Educational and economic well-being of our democracy.

Third.— Building of stronger professional organizations.

The seminar on the protection of school funds for educational purposes was under the leadership of Ben G. Graham, Superintendent of Schools of Pittsburgh, and former President of the American Association of School Administrators. The discussions continued over three afternoons of the conference and centered about ways and means of safeguarding school funds from inroads already made for the support of recently created social agencies, and from the present need of spending large amounts of money in a program of military defense.

It was the opinion of this group of state-appointed representatives that no defense program can be truly effective that does not provide a full measure of support for public education, for by means of an adequate program of education there should develop faith in the American way of life, clear understanding of false ideologies that threaten our security, and willingness to make sacrifices in support of American ideals.

The seminar on education and economic well-being in our democracy was presided over by F. M. Hunter, chancellor of the Oregon state system of higher education. This seminar recommended the establishment of practical courses in sociology and economics in teacher training institutions; encouragement of qualified youth, by scholarship and other means of assistance, to continue their education; appropriation of State and Federal funds to minimize inequalities in education; and the further development of vocational guidance services to assist youth and adults in the choice of, and retraining for, occupations.

Professional Relationships.

The seminar on building a stronger professional organization was conducted by W. A. Lawson, Secretary of the Arkansas Educational Association. This group devoted its attention to the need for a larger and more representative membership in professional associations; for more effective interpretation of educational practices; for better understanding of professional relationships; and for a more comprehensive program of continuous in-service training for teachers.

"O Boston, fair City enthroned like a radiant queen,
From thy hill looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"
From Boston Centennial Poem by
NATHAN HASKEL DOLB.

CITY RECORD.

Copies for sale at the Statistics Department, 73 City Hall.

MUNICIPAL CALENDAR.

Meeting of the City Council, Monday, September 30, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquees, bay windows, coal holes and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

TO ROOM 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables slaughter-houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made

to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

TO THE STATISTICS DEPARTMENT, 73 City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

TO THE WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, 43 City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

NATIONAL EDUCATION REPORT.

(Continued from page 1017.)

On Friday, July 5, following the closing of the convention, the State Directors convened to consider the meeting place for the summer of 1941. The Boston School Committee had sent its Chairman, Joseph C. White, and the Superintendent to invite the convention to hold its annual meeting in Boston in 1941.

At the final meeting Chairman Joseph C. White, State Commissioner of Education Walter F. Downey, Hugh Nixon, Secretary Massachusetts Teachers Federation, Miss Julia Sullivan, President Massachusetts Teachers Federation, and the Superintendent, presented Boston's claim for the 1941 convention.

Shortly after this final meeting we were notified Boston had received the unanimous indorsement of the State Directors and the Executive Committee, and that the convention would be held in this city in the summer of 1941.

JOSEPH C. WHITE,
Chairman.

ARTHUR L. GOULD,
Superintendent of Public Schools.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

DEPARTMENT OF SCHOOL BUILDINGS.

Upon September 10 the Mayor approved a contract with the Daniel Russell Boiler Works for repairing and retubing boilers in various schools, in the sum of \$1,997. Bids, opened August 12, were as follows:

Daniel Russell Boilers Works, \$1,997; The Hodge Boiler Works, \$3,028.

Upon September 10 the Mayor approved a contract with Powers & Mehegan Company for plumbing work at the Wells School, in the sum of \$1,390. Bids, opened August 12, were as follows:

Powers & Mehegan, \$1,390; Frank T. McDonald Company, \$1,484; Joseph P. O'Hearn, \$1,485; Robert A. LaCentra Company, \$1,563.50; William N. McKenna Company, \$1,575; L. H. & J. J. Jacobs Company, \$1,603.

Upon September 10 the Mayor approved a contract with M. B. Foster Electric Company for furnishing and installing electrical, sheet metal welding tables and fireproof curtain work in the new welding shop at the East Boston High School. The following proposals were received:

M. B. Foster Electric Company, \$4,319; Connor Electric Corporation, \$4,394; Fandry Electric Company, \$4,566.

SCHOOL COMMITTEE.

The School Committee has received proposals for furnishing football uniforms and supplies for Boston public schools. Bids opened Thursday, July 11, were received from the following concerns:

E. E. Babb & Co., Inc., Milton Bradley Company, James W. Brine Company, Inc., Champion Knitwear Company, Inc., Iver Johnson Sporting Goods Company, M. & N. Athletic Company, Mormac, Inc., Horace Partridge Athletic Goods Division Wilson Sporting Goods Company, Spalding Sales Corporation, William Westland & Co.,

Awards were made to the lowest responsible bidders in accordance with specifications and contracts awarded as follows:

August 19, Milton Bradley Company, \$1,014.24; August 12, Iver Johnson Sporting Goods Company, \$1,322.02; August 12, M. & N. Athletic Company, \$2,360.81; August 27, Horace Partridge Athletic Goods Division Wilson Sporting Goods Company, \$441.25; August 12, William Westland & Co., \$824.03.

* Contract awarded.

Upon September 12 the Mayor approved a contract with the Socony-Vacuum Oil Company, the only bidder, for furnishing fuel oil for the boats (Institutions Department boat, "Stephen J. O'Meara," and Fire Department boat, "Matthew J. Boyle"), as required, from October 1, 1940, to December 31, 1940, with the privilege of purchasing on the same terms and conditions extended to

September 30, 1941. The approximate amount of the contract was \$13,350.

Bid, opened August 20, was as follows:

Approximately 5,000 Barrels Heavy Fuel Oil for Delivery into Bunkers of the Institutions Department Boat, "Stephen J. O'Meara," Alongside Contractor's Dock.

Price Per Barrel of 42 United States Gallons at 60 Degrees F.—Socony-Vacuum Oil Company, \$1.25, maximum price from October 1, 1940, to December 31, 1940*; \$1.35, maximum price from January 1, 1941, to May 31, 1941*; prevailing posted tank car price from June 1, 1941, to September 30, 1941.* Location of storage tanks, East Boston, Mass. Capacity of storage tanks,

4,000,000 gallons. Source of supply, (name of refinery or refinery agent), Socony-Vacuum Oil Company, Inc.

Approximately 4,000 Barrels Medium Fuel Oil for Delivery into the Bunkers of the Fire Department Boat, "Matthew J. Boyle," Along-side Contractor's Dock.

Price Per Barrel of 42 United States Gallons at 60 Degrees F.—Socony-Vacuum Oil Company, \$1.55, maximum price from October 1, 1940, to December 31, 1940*; \$1.65, maximum price from January 1, 1941, to May 31, 1941*; prevailing posted tank car price from June 1, 1941, to September 30, 1941.* Location of storage tanks, East Boston, Mass. Capacity of storage tanks, 500,000 gallons. Source of supply (name of refinery or refinery agent), Socony-Vacuum Oil Company, Inc.

* Contract awarded.

WITHOUT ADVERTISING.

Upon September 10 the Mayor approved a contract requested as follows:

PUBLIC WORKS DEPARTMENT.

HON. MAURICE J. TOBIN,
Mayor of Boston.

Your approval is respectfully requested to the award of a contract without advertising, for repairing pavement on Beacon street, between Massachusetts avenue and Park street, with sheet asphalt on 6-inch concrete base, on openings made by the Water Division, to the John McCourt Company, 910 Huntington avenue, Boston, at a cost of \$2,049.60.

Recently, while on an inspection tour at the streets over which the American Legion parade is to form and, also, those over which it is to proceed, I noted the poor condition of the surface of Beacon street, between Massachusetts avenue and Hereford street, resulting from a break in the water main several years ago. I also noted that there were various other smaller areas of the roadway surface on Beacon street, between Hereford and Park streets, that needed to be repaired.

As it would require approximately two weeks to receive bids after publicly advertising for them I felt that it would be to the best interests of the city, in order to make certain that the work would be completed before the day on which the parade is to be held, to request invitation bids from representative concerns engaged in furnishing bituminous materials necessary in street construction work of the type needed on Beacon street. I therefore requested, on September 4, the following-named five representative concerns to submit bids for this work, with the following results:

John McCourt Company, \$2,049.60; S. J. Tomasello Corporation, \$2,093.58; Central Construction Company, \$2,127; Warren Brothers Roads Company, \$2,173.50; Vulcan Construction Company, \$2,277.

The lowest bidder, the John McCourt Company, submitted a fair price for doing the work and I recommend the award to this company. The work to be done under this contract is to be completed September 20, 1940.

GEORGE G. HYLAND,
Commissioner of Public Works.

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out

and construction of an extension of Burgoyne street, Dorchester district, as a highway, from Elmer road to Ashmont street, bounded and described as follows:

An extension of the highway named Burgoyne street is hereby laid out, from Elmer road to Ashmont street, and ordered constructed.

For the making of the aforesaid improvement an easement for street purposes is hereby taken in the following-described land exclusive of trees or structures standing upon or affixed thereto:

A parcel of land, supposed to belong to Wesley E. A. Legg *et al.*, City of Boston T. T., bounded:

Southeasterly by Elmer road, two and 3-100 feet; southwesterly by the southwesterly line of Burgoyne street, as laid out under this order, two hundred fifty-three and 46-100 feet; northwesterly by Ashmont street, two and 4-100 feet; and northeasterly by the southwesterly line of Burgoyne street, as it at present exists, two hundred fifty-three and 46-100 feet, containing five hundred and seven square feet, more or less.

The land, owners unknown, being the private way known as Burgoyne street.

Trees or structures standing upon or affixed to the afore-described land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Said extension of said highway as hereby laid out is bounded:

Southeasterly by Elmer road, thirty-two and 58-100 feet; southwesterly by the southwesterly line of said extension of said Burgoyne street as hereby laid out, two hundred fifty-three and 46-100 feet; northwesterly by Ashmont street, thirty-two and 59-100 feet; and northeasterly by the northeasterly line of said extension of said Burgoyne street as hereby laid out two hundred fifty-three and 42-100 feet.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of Burgoyne street will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Burgoyne Street, Dorchester, Assessment Plan, May 28, 1940, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

Lot.	Amount.
1. Home Owners' Loan Corporation, \$190 86	
2. James V. Hayes <i>et al.</i>	129 24
3. The Prudential Insurance Company of America.....	230 74
4. Thomas W. Galvin <i>et al.</i>	115 38
Total	\$666 22

Voted, That this Board determines that the undermentioned persons sustain damages in their estate by the making of the public improvement, consisting of the laying out and construction of an extension of Burgoyne street, Dorchester district, as a highway, from Elmer road to Ashmont street, under the order of the Board of September 9, 1940, in the amount hereinafter mentioned and awards said amount therefor.

Wesley E. A. Legg *et al.*, City of Boston T. T., 507 square feet, \$1.00.

LAND-TAKING IN HYDE PARK.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Coronado road, Hyde Park district, as a highway, from Belnel road to Osceola street, bounded and described as follows:

A highway named Coronado road is hereby laid out from Belnel road to Osceola street, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Westerly by Belnel road, ninety and 80-100 feet; northerly by the northerly line of said Coronado road as hereby laid out, nineteen and 60-100 feet on a curve of ten feet radius; northwesterly by the northwesterly line of said Coronado road as hereby laid out, two hundred and seventy-two and 42-100 feet; westerly by the westerly line of said Coronado road as hereby laid out, fifteen and 71-100 feet on a curve of ten feet radius; northeasterly by Osceola street, eighty-four feet; southerly by the southerly line of said Coronado road as hereby laid out, fifteen and 71-100 feet on a curve of ten feet radius; south-easterly by the southeasterly line of said Coronado road as hereby laid out, three hundred six and 89-100 feet; and easterly by the easterly line of said Coronado road as hereby laid out, eleven and 81-100 feet on a curve of ten feet radius.

Trees or structures standing upon or affixed to the aforescribed land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of Coronado road, from Belnel road to Osceola street, will receive benefit or advantage beyond the general advantage to all real estate in said city from the improvement herein ordered; each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Belnel Road, Coronado Road, Friendship Road, Hopewell Road, Hyde Park, Assessment Plan, June 20, 1940, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

Lot.	Amount.
78. City of Boston, Land Court, T. T.	\$88 08

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the laying out and construction of Coronado road, from Belnel road to Osceola street, under the order of the Board of September 5, 1940, and awards no damages therefor.

FIRE DEPARTMENT ORDERS.

General Order No. 39.

I. RETIREMENT.

The following retirement, which will take effect at 8 a. m., Thursday, September 19, 1940, is hereby announced for the information of the department: Capt. William B. Jennings of the Fire Prevention Division.

Capt. William B. Jennings was appointed to the department on April 28, 1899. He was promoted to the rank of lieutenant on March 14, 1916, and to captain on December 6, 1922. He leaves the department with the best wishes of his associates.

II. BOSTON FIREMEN'S RELIEF FUND.

A report has been received from the chairman of the Balloting Committee of the Boston Firemen's Relief Fund giving the following result of the election of members of the corporation, held on September 9, 1940:

Capt. Michael J. McGonagle, 762; Lieut. Frederick J. Dobbratz, 747; Edward J. C. Powers, 768; Charles E. Cross, 735.

The balance of the votes was scattered.

III. GENERAL ALARM CORPORATION ASSIGNMENTS.

The following signal numbers are to be added to the running cards of the General Alarm Corporation in this department:

Signal 185, Building 212-218 High street. Sprinkler system. Apparatus to respond: Engine 25, Ladder 8, District Chief 5. Nearest box is 1295.

Signal 186, Wilbur Theatre, 252 Tremont street. Sprinkler system. Apparatus to respond: Engine 35, Ladder 17, District Chief 5. Nearest box is 15-1515.

IV. DISCONTINUANCE OF A. D. T. SIGNALS.

The following signals of the American District Telegraph Company have been discontinued and should be vacated from A. D. T. running cards in this department.

Page 3, Signal 76, 30 Kneeland street, building, Price & Charlton.

Page 10, Signal 288, 106-116 Harrison avenue, Arnold Building, Harrison Realty Corporation.

By order of Fire Commissioner WILLIAM ARTHUR REILLY.

SAMUEL J. POPE,
Chief of Department.

General Order No. 40.

AMERICAN LEGION CONVENTION.

All members of the Fire Department will realize that during the next week it will not be possible to permit leaves of absence required only for personal reasons. The large number of men who will be off duty giving their services in various capacities during the American Legion Convention, plus the fact that the normal strength of companies is already at the minimum required for efficient work, will make necessary various details of men to meet various emergencies.

Dedicated to the service of protecting the lives and property of the citizens of Boston and the thousands of visitors attending the American Legion Convention, it is felt that members of the department will accept their assignments during the week in accordance with the best traditions of the department. No

special instructions are necessary to direct the extension of customary courtesy to all persons with whom members of the department come in contact, nor are special instructions necessary concerning neatness in appearance while in uniform, and on duty.

All possible hospitality consistent with the proper conduct of the department will, of course, be extended to visitors to fire department property. Special regulations will be in effect designed to care for the unusually large number of visitors expected, without affecting the adequacy of our service in response to alarms throughout the convention, and especially on the day of the parade.

We welcome the American Legion to Boston and we shall do our part to make their stay a pleasant one and safe one, mindful that the safety of the city is our primary responsibility.

By order of Fire Commissioner WILLIAM ARTHUR REILLY.

SAMUEL J. POPE,
Chief of Department.

General Order No. 41.

I. AMERICAN LEGION PARADE.

The following regulations are hereby promulgated for the information and guidance of the department during the American Legion Parade on Tuesday, September 24, 1940, and will be in effect at 8 a. m. on that date and continue until the special signal is struck on department tappers after the conclusion of the parade.

The formation of the parade will be in the area bounded by Boylston street, Hereford street, Beacon street and Arlington street. Route: Starting at 9 a. m. on Beacon street at the corner of Arlington street, going north on Beacon street to Tremont street, down School street to Washington street, turning right on Washington street, to Franklin street, to Federal street, to High street, to Summer street at Washington street, turning left to Temple place, up Temple place to Tremont street, turning left down Tremont street to Boylston street, turning right down Boylston street, to Park square, to Columbus avenue, down Columbus avenue to Clarendon street, disbanding beyond Clarendon street.

The following traffic lanes are established for the passage of fire apparatus through the parade, at which points a member will be detailed to facilitate the movement of apparatus:

1. Beacon and Dartmouth streets.
2. Beacon and Charles streets.
3. Tremont and School streets.
4. Franklin and Federal streets.
5. High and Federal streets.
6. Otis and Summer streets.
7. Kingston and Summer streets.
8. Tremont and Boylston streets.
9. Stuart street and Columbus avenue.
10. Dartmouth street and Columbus avenue.

The regular routes will be temporarily suspended during the time of the parade and detour routes will be taken, parallel as near as possible to the regular routes, the idea being not to break through the parade unless absolutely necessary and then via the traffic lanes hereinbefore mentioned.

Back street will be kept free for the movement of fire apparatus. Where it is necessary for the apparatus to proceed

against traffic in order to reach the fire without unreasonable delay, company commanders are instructed to do so. It must be understood, however, that when this method of procedure is followed, extreme care should be taken in order to prevent accidents.

Automatic and A. D. T. alarms will be struck on the tappers but will not be followed by a regular box until after receipt of orders to strike the special signal indicating the emergency regulations are to be terminated.

Engine 33 and Ladder 15 will respond only to their regular first alarm boxes in the area bounded by the following streets: Massachusetts avenue, Charles river, Arlington street, Columbus avenue to Massachusetts avenue. They shall not respond to multiple alarms nor cover thereon, unless specifically ordered to do so by the Fire Alarm Office, and no company shall cover at the quarters of these companies during the hours of the parade, unless they are notified to do so by the Fire Alarm Office.

In all cases where four engine companies exclusive of fireboats are due to respond on the first alarm the fourth due engine company, except on those boxes later mentioned, shall not respond, but will respond upon receipt of a multiple alarm or upon orders from the Fire Alarm Office.

Rescue Company 1 will not respond on a first alarm to Boxes 1571 to 1593, inclusive, but will respond upon multiple alarms from these boxes or upon orders from the Fire Alarm Office.

Water towers will not respond to any first alarm assignments, but will respond to multiple alarms from their first alarm boxes.

The following additional changes in assignments will be in effect:

- Box 1263, drop E. 25-35, L. 8, add E. 8, L. 1.
- Box 12-1263, drop E. 25-35, L. 8, add E. 8, L. 1.
- Box 13-1263, drop E. 25-35, L. 8, add E. 8, L. 1.
- Box 1273, drop E. 35, Res. 3.
- Box 1384, drop E. 22-26, L. 13, Res. 3, add E. 4, L. 1.
- Box 1385, drop E. 22-26, L. 13, Res. 1, add E. 4, L. 1.
- Box 1425, drop E. 35, Res. 3.
- Box 1441, drop E. 35, Res. 1.
- Box 1451, drop E. 4, Res. 1.
- Box 12-1451, drop E. 4, Res. 1.
- Box 1511, drop E. 10.
- Box 12-1511, drop E. 10.
- Box 13-1511, drop E. 10.
- Box 14-1511, drop E. 10.
- Box 15-1511, drop E. 10.

(Response will be E. 35-7-22, L. 17-13, Res. 1.)

Box 1514, E. 10.
(Response will be E. 35-7-22, L. 17-13, Res. 1.)

In the case of a multiple alarm from any of these boxes the companies dropped by the foregoing arrangement shall respond on the multiple alarm.

At the conclusion of the parade upon receipt of orders from the Chief of Department the Fire Alarm Office will send out a special signal of eleven blows struck once on all tappers, following which the department will resume its regular operations.

The district chief in charge of Fire Prevention Division shall arrange to detail one man to each of the traffic lanes to assist the police in maintaining these traffic lanes. Members so detailed will report at the location assigned

them at 8 a. m. September 24, and should be relieved at 2 p. m. by another member of the Fire Prevention Division who will remain on duty until the parade is over or until relieved by the officer in charge of detail.

They should keep a careful watch for the approach of apparatus responding to alarms and facilitate the movement of apparatus in every way possible, i. e., by clearing the way through pedestrians or if necessary stepping out into the line of march, signalling the parade to stop, etc.

By order of Fire Commissioner
WILLIAM ARTHUR REILLY.

SAMUEL J. POPE,
Chief of Department.

POLICE DEPARTMENT ORDERS.

General Order No. 515.

In order that the following-named officers, now detailed, may be carried on the pay rolls of the divisions in which they are performing duty, the transfers listed hereunder are hereby ordered to take effect Friday, September 13, 1940, at 7.45 o'clock a. m.:

Lieut. Frank H. Sliney, from Division 1 to Bureau of Criminal Investigation.

Sergeants.

William E. J. Driscoll, from Division 2 to Division 3.

Augustine S. Gannon, from Division 4 to Division 3.

Thomas F. Joyce, from Division 7 to City Prison.

Edward P. O'Neill, from Division 15 to Division 17.

Thomas F. Friel, from Division 17 to Division 15.

Patrolmen.

Patrick J. Hart, from Division 1 to City Prison.

James W. Hurley, from Division 1 to Division 2.

Joseph A. Hanley, from Division 2 to Bureau of Operations.

Louis A. Norton, from Division 2 to Superintendent's Office.

Thomas H. Mulvey, from Division 2 to Bureau of Criminal Investigation.

Michael J. Sullivan, from Division 2 to Division 9.

Joseph A. Tully, from Division 2 to Division 1.

Bernard Carney, from Division 3 to City Prison.

Edwin D. Flanders, Jr., from Division 3 to City Prison.

Bernard H. McGinnis, from Division 3 to Traffic Division.

Thomas S. Higgins, from Division 4 to Bureau of Operations.

William J. Higgins, from Division 4 to Division 3.

Michael J. McDonough, from Division 4 to Bureau of Criminal Investigation.

Daniel J. O'Brien, from Division 4 to Division 17.

Charles R. Spellman, from Division 4 to Division 2.

Clarence A. Cobb, from Division 7 to Bureau of Records.

Leo F. Magner, from Division 7 to Division 16.

Henry T. Doherty, from Division 11 to Division 2.

Thomas E. Donahue, from Division 11 to Bureau of Criminal Investigation.

Richard F. Lombard, from Division 11 to Division 14.

Martin J. Cusack, from Division 13 to Division 2.

Patrolmen.

Thomas F. Burke, from Traffic Division to Division 11.

Clarence P. Shaw, from Division 11 to Traffic Division.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

General Order No. 516.

The commissioner's attention has been drawn recently to the neglect of some members of the department to care properly for their police badges. Sev-

eral badges have been lost or removed from the wearing apparel of members of the Force within a comparatively short period of time. This is a matter which affects directly every member of the department, as the badge is his official designation of office. It announces to the public that he is a member of the Boston Police Department. In the possession of unscrupulous persons or criminals, a badge may be used not only to aid criminal pursuits, but to bring the office of the police into disrepute. Therefore, it is of the utmost importance that all officers exercise every precaution in safeguarding their badges, and make every effort to recover the badges that have been lost, and apprehend all those in unlawful possession of such badges.

In the future, when any member of the department reports the loss of his police badge it will be treated as a serious violation of the Rules and Regulations, and subject to charges, unless a reason, satisfactory to the superintendent and the commissioner, is given for such a loss.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

General Order No. 517.

The commissioner desires to reiterate the importance of all officers paying particular attention to the following provisions of the election laws on Primary Day, September 17, 1940:

From the opening to close of the polls, there shall be detailed an additional police officer outside of each of the three hundred and eighty-six (386) polling places in the city. This provision is made to prevent alleged continued violations of the election laws relative to distribution of campaign literature within 150 feet of a polling place, and to remedy conditions at polling places, reported by the Board of Election Commissioners, which have brought complaints from voters to the effect that campaign workers and loiterers outside of the polls have hampered their progress to and from voting.

No checkers are to be allowed in the polling places, and police officers will assist the election wardens in enforcing this rule.

All officers detailed to the polls will be watchful and alert, and make prosecutions against any person voting or attempting to vote illegally.

Commanding officers will see that these instructions are strictly complied with.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

General Order No. 518.

Patrolman John J. Young, Division 9, is commended for efficient police duty performed in the early morning of August 26, 1940, in connection with the arrest of two persons whom he observed acting in a manner which aroused his suspicion. These men were later observed siphoning gas from a car which was parked in Palmer street. Both men were placed under arrest by Patrolman Young. It was found that the hose used was stolen from a garage on Ruggles street, and that they were operating a car which had been stolen the same night

but had not been reported stolen. Several large rocks were found in the rear of the car, which the men admitted were to be used by them to break a window of a large clothing store in the city, intending to steal suits.

Further investigation showed that these men were part of a group who had committed a series of handbag snatchings and store breaks in the Roxbury district. As a result of this, Patrolman Young prosecuted in Roxbury Court three store dealers for receiving stolen cigarettes.

The commissioner is pleased and gratified to commend Patrolman Young for his keen observation and devotion to duty shown in performing this splendid police duty.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

General Order No. 519.

Acting under provisions of chapter 521, Acts of 1922, as amended, creating the Contributory Retirement System, the Boston Retirement Board has notified this department that it has approved

for retirement, on account of accidental disability, Patrolman William F. Carroll of Division 2, who is a member of said Contributory Retirement System; such retirement to take effect at midnight, as of Monday, September 30, 1940.

Wherefore, In view of this operation of law, the Police Commissioner states that on and after September 30, 1940, at the hour stated, the said Patrolman William F. Carroll shall no longer be an active member of this department, and it is hereby ordered that its records be so amended.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

FOR AIDING BOYS.

In an effort to lend a helping hand to misfit and underprivileged boys and to stem the alarming flow of young men into penal institutions and lives of crime, Big Brother Bureaus are being organized by the police departments of various cities. The International Association of Chiefs of Police urges all police jurisdictions to join the Big Brother League.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly West Roxbury and are bounded as follows:

A parcel of land, owners unknown, being part of the private way known as Bartlett avenue, bounded:

Southwesterly by Billings street, twenty feet; northwesterly by the line of Bartlett avenue, one hundred and twenty-nine feet; northeasterly by the land of owner or owners unknown, twenty feet; and southeasterly by the line of Bartlett avenue, one hundred and twenty-nine feet, containing twenty-five hundred and eighty square feet, more or less.

The sewerage works to be constructed are as follows: One hundred forty linear feet of 10-inch pipe sanitary sewer.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of Bartlett avenue will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots to the amount herein-after respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Sewerage Works, Bartlett Avenue, West Roxbury, July 26, 1940, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

Voted, That this Board determines that no person sustains damages in his estate by the taking of an easement for sewerage purposes in Bartlett avenue, West Roxbury district, under the order of the Board of August 28, 1940, and awards no damages therefor.

LAND-TAKING IN HYDE PARK.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Friendship road, Hyde Park district, as a highway, from Belnel road to Osceola street, bounded and described as follows:

A highway named Friendship road is hereby laid out, from Belnel road to Osceola street.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Westerly by Belnel road, ninety-four and 36-100 feet; northerly by the northerly line of said Friendship road as hereby laid out, twenty and 44-100 feet on a curve of ten feet radius; northwesterly by the northwesterly line of said Friendship road as hereby laid out, three hundred eighty-three and 30-100 feet; westerly by the westerly line of said Friendship road as hereby laid out, fifteen and 71-100 feet on a curve of ten feet radius; northeasterly by Osceola street, eighty-four feet; southerly by the southerly line of said Friendship road, as hereby laid out, fifteen and 71-100 feet on a curve of ten feet radius; southeasterly by the southeasterly line of said Friendship road as hereby laid out, four hundred twenty-six and 29-100 feet; and easterly by the easterly line of said Friendship road as hereby laid out, ten and 98-100 feet on a curve of ten feet radius.

Trees or structures standing upon or affixed to the aforesaid land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of Friendship road, from Belnel road to Osceola street, will receive benefit or advantage beyond the general advantage to all real estate in said city from the improvement herein ordered; each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Belnel Road, Coronado Road, Friendship Road, Hopewell Road, Hyde Park, Assessment Plan, June 20, 1940, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

LAND-TAKING IN ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Haley street, Roxbury district, as a highway, from Dennison street to Harrishof street, bounded and described as follows:

A highway named Haley street is hereby laid out, from Dennison street to Harrishof street, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or

affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Southwesterly by Dennison street, sixty-three and 84-100 feet; northerly by the northerly line of said Haley street, as hereby laid out, twenty and 69-100 feet on a curve of fifteen feet radius; northwesterly by the northwesterly line of said Haley street, as hereby laid out, two hundred and eleven feet; westerly by the westerly line of said Haley street, as hereby laid out, twenty-seven and 48-100 feet on a curve of fifteen feet radius; northeasterly by Harrishof street, by two measurements, forty-five and 65-100 feet and twenty-eight and 45-100 feet on a curve of two hundred eight and 96-100 feet radius; southerly by the southerly line of said Haley street, as hereby laid out, twenty-one and 69-100 feet on a curve of fifteen feet radius; southeasterly by the southeasterly line of said Haley street, as hereby laid out, two hundred thirty-four and 55-100 feet; and easterly by the easterly line of said Haley street, as hereby laid out, nineteen and 88-100 feet on a curve of fifteen feet radius.

Trees or structures standing upon or affixed to the afore-described land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of Haley street, from Dennison street to Harrishof street, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Haley Street, Roxbury, Assessment Plan, July 24, 1940, William J. Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the laying out and construction of Haley street, Roxbury district, as a highway, from Dennison street to Harrishof street, under the order of the Board of September 9, 1940, and awards no damages therefor.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to

the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly West Roxbury and are bounded as follows:

A parcel of land, owners unknown, being the private way known as Vincent road, bounded:

Southwesterly by Vincent road (highway), forty and 32-100 feet; northerly by the northerly line of Vincent road, by three measurements, three hundred fifty and 82-100 feet on a curve of three hundred eighty-three and 6-100 feet radius, thirty-five and 80-100 feet and forty-six and 14-100 feet on a curve of six hundred thirty-seven and 27-100 feet radius; northeasterly by the proposed easement for sewerage purposes in Morey road, forty-eight and 34-100 feet; and southerly by the southerly line of Vincent road, by three measurements, seventy-seven and 2-100 feet on a curve of six hundred seventy-seven and 27-100 feet radius; thirty-five and 80-100 feet and three hundred nine and 42-100 feet on a curve of three hundred forty-three and 6-100 feet radius, containing seventeen thousand and one hundred and twenty-four square feet, more or less.

The sewerage works to be constructed are as follows: Three hundred and twenty-three linear feet of 10-inch pipe sanitary sewer and three hundred and eleven linear feet of 10-inch and 12-inch pipe surface drain, in the above-described premises, being the private way known as Vincent road, between Shrewsbury road and Vincent road (highway).

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on the southerly side of Vincent road, between Shrewsbury road and Vincent road (highway), excluding the lot at the corner of Morey road, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Plan No. 1242, Sewerage Works, Vincent Road, West Roxbury, July 29, 1940, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

CIRCULAR LETTER NO. 18.

CITY OF BOSTON,
MAYOR'S OFFICE, September 4, 1940.

To the Heads of City Departments.

GENTLEMEN,—You are hereby directed to grant leave of absence, without loss of pay, to all employees in your department who are delegate or alternate delegate members of the American Legion, Department of Massachusetts, to attend the Twenty-second Annual National Convention to be held at Boston, Mass., September 23, 24, 25 and 26, 1940.

You are further directed to grant leave of absence, without loss of pay, to such employees of your department, members of the American Legion accredited as members of the various National Convention committees for the Convention, and whose services, in your discretion, may be dispensed with, without impairing any vital services of the city.

Respectfully,

MAURICE J. TOBIN, Mayor.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right of easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly West Roxbury and are bounded as follows:

A parcel of land, owners unknown, being part of the private way known as Morey road, bounded:

Southeasterly by easement taken by the City of Boston November 7, 1930, in Buchanan road, five and 15-100 feet; again southeasterly by easement taken by the City of Boston for sewerage purposes January 26, 1931, four and 89-100 feet; southwesterly by another part of Morey road, by two measurements, two hundred forty-eight feet and one hundred eight and 97-100 feet; northerly by Shrewsbury road, twelve and 5-100 feet; northeasterly by another part of Morey road, by two measurements, one hundred one and 99-100 feet and two hundred forty-seven and 48-100 feet, containing thirty-five hundred and thirty-one square feet, more or less.

The sewerage works to be constructed are as follows: Four hundred thirty-three linear feet of 10-inch pipe sanitary sewer and four hundred fifty-nine linear feet of 10-inch and 12-inch pipe surface drain, the above-described premises being part of the private way known as Morey road, between Buchanan road and Shrewsbury road.

Betterments are to be assessed for the making of the aforesaid improvements.

Ordered, That this Board estimates that the abutting lots of land on the northeasterly side of Morey road, between Buchanan road and Shrewsbury road, excluding the lot at the corner of Buchanan road and the abutting lots of land on the southwesterly side of Morey road, between Gretter road and Vincent road, excluding the lot at the corner of Gretter road, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Plan No. 1240, Sewerage Works, Morey Road, West Roxbury, August 9, 1940, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

Voted, That this Board determines that no person sustains damages in his estate by the taking of an easement for sewerage purposes in Morey road, West Roxbury district, under an order of the Board of September 6, 1940, and awards no damages therefor.

LAND-TAKING IN BRIGHTON.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Portina road, Brighton district, as a highway, from Chiswick terrace to Wiltshire road, bounded and described as follows:

A highway named Portina road is hereby laid out from Chiswick terrace to Wiltshire road, and ordered constructed.

For the making of the aforesaid improvement an easement for street purposes is hereby taken in the following described land exclusive of trees or structures standing upon or affixed thereto:

A parcel of land, supposed to belong to Morris Greenspan, Registered Title 23072, Book 111, page 72, bounded and described as follows:

Northeasterly by the line of Portina road as it existed previously to the passage of this order, forty feet; northwesterly by land of Mary G. Lorden *et al.*, three feet; southwesterly by Chiswick terrace, forty feet; and southeasterly by land of Frances Myers, three feet, containing one hundred and twenty square feet, more or less.

A parcel of land, supposed to belong to Frances Myers, Registered Title Certificate 38250, Book 187, page 50, bounded and described as follows:

Northwesterly by land hereinbefore described as taken from Mary G. Lorden *et al.*, and Chiswick terrace, four and 16-100 feet; southeasterly by other land of Frances Myers, four and 26-100 feet; and northeasterly by Portina road as it existed previously to the passage of this order, 93-100 feet, containing two square feet, more or less.

Trees or structures standing upon or affixed to the aforescribed land shall

be removed therefrom within sixty days, following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Said Portina road as hereby laid out is bounded and described as follows:

Northeasterly by Wiltshire road, forty and 1-100 feet; northwesterly by the line of Portina road as hereby laid out, by three measurements, four hundred forty-four and 23-100 feet, one hundred seventy-seven and 10-100 feet and three feet; southwesterly by Chiswick terrace, forty feet; northwesterly by Chiswick terrace, one and 16-100 feet; southwest-erly by the line of Portina road, as hereby laid out, by two measurements, one hundred seventy-five and 63-100 feet and four hundred forty-six and 8-100 feet.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of Portina road will receive benefit or advantage beyond the general advantage to all real estate in said city from the improvement herein ordered; each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Portina Road, Brighton, Assessment Plan, August 7, 1940, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the laying out and construction of Portina road, Brighton district, as a highway, from Chiswick terrace to Wiltshire road, under the order of the Board of August 20, 1940, and awards no damages therefor.

TAUNTON'S ASPHALT PLANT.

One of the functions of a city public works or street department is to operate as effectively as possible in the construction and maintenance of its streets and sidewalks and to produce the necessary materials for paving at the lowest possible cost. In some cities this is effected by the purchase of all paving materials in either the raw or the mixed stage. Taunton has used a city-owned 100-ton asphalt plant for street paving and maintenance and for sidewalk construction for ten years. Located in the city yard with the equipment repair shop and garage, the plant is housed in a 60 by 90 foot building with a 30 by 100 foot wing, which was formerly used as a foundry. *The American City.*

Charles A. Barker, Ward 1; James Blase, Ward 1; Peter LaCourt, Ward 1; Alexander Silvagni, Ward 1; Edward F. Sweeney, Ward 2; Paul B. Cuddy, Ward 3; George A. Houston, Ward 3; Edward L. Jones, Ward 3; Michael LoPresti, Ward 3; Daniel W. Merritt, Ward 3; Frank W. Moschitto, Ward 3; Joseph J. Murphy, Ward 3; Joseph M. Paul, Ward 3; Hyman Schlar, Ward 3; George W. Sweeney, Ward 3; Harry Wise, Ward 3; Paul Bloom, Ward 4; Fred M. Cadman, Ward 4; Lawrence H. Fraser, Ward 4; James P. Hammond, Ward 4; James P. O'Brien, Ward 4; Raymond J. Trull, Ward 4; Herbert J. Carville, Ward 5; Thomas F. Condon, Ward 5; John Y. Estabrook, Ward 5; Maurice M. Osborne, Ward 5; Eugene F. Pierce, Ward 5; Emanuel J. Anastasi, Ward 6; John A. Cashman, Ward 6; Edward J. Graney, Ward 6; Charles N. Kaupp, Ward 6; Christopher J. Lynch, Ward 6; Thomas W. McDonough, Ward 6; Michael Ryan, Ward 6; Peter Shimon, Jr., Ward 6; Daniel M. O'Neill, Ward 7; Herbert Schulze, Ward 7; Henry C. Thompson, Ward 7; Lewis E. Whitten, Ward 7; Arthur M. Wall, Ward 7; Elmer F. Doherty, Ward 8; Guy C. Partridge, Ward 8; James McEachern, Ward 9; Hyman Schwartz, Ward 9; Maurice F. O'Brien, Ward 10; Alfred Burlone, Ward 11; Matthew E. Campanella, Ward 11; John P. Doyle, Ward 11; Thomas J. Mills, Jr., Ward 11; Thomas Geany, Ward 12; James M. Long,

Ward 13; David Basil, Ward 14; John P. Eaton, Ward 14; Thomas P. Fidelle, Ward 14; Joseph Newman, Ward 14; David Sherman, Ward 14; Charles A. Davis, Ward 15; John Welch, Ward 15; William A. Brown, Ward 16; Walter S. Bryant, Ward 16; James F. Kelly, Ward 16; Henry J. Reardon, Ward 16; Thomas C. McGrath, Ward 17; Warren D. Brown, Ward 18; James W. Carnes, Ward 18; Bartholomew P. Keaney, Ward 18; Robert H. Henderson, Ward 18; George F. Ladd, Ward 18; Daniel L. O'Meara, Ward 18; Chester L. Doyle, Ward 19; Martin P. McGowan, Ward 19; Olaf W. Benson, Ward 20; John T. Bradley, Ward 20; Joseph L. D'Entremont, Ward 20; Harold W. Gately, Ward 20; Joseph A. Sneed, Ward 20; George B. Gavin, Jr., Ward 21; Joseph G. Rubin, Ward 21; Philip M. Stoddard, Ward 21; Marcus Zintz, Ward 21; Fredericik V. McVey, Ward 22; James C. Fitzpatrick, Ward 22; Joseph J. Keller, Ward 22.

APPOINTMENT BY THE MAYOR.

The following was received:

City of Boston,
Office of the Mayor, September 9, 1940.
To the City Council.

Gentlemen,—Subject to confirmation by your Honorable Body I hereby appoint the following-named person to be a Constable of the City of Boston for the term of one year, beginning with the first day of May, 1940, with authority to serve civil process upon the filing of the necessary bond:

Joseph S. Burreli, 766 East Eighth street, Ward 7.

Respectfully,
MAURICE J. TOBIN, Mayor.

Laid over for one week under the law.

USE OF PUBLIC SCHOOLS AND BUILDINGS FOR RECREATIONAL PURPOSES.

The following was received:

City of Boston,
Office of the Mayor, September 9, 1940.
To the City Council.

Gentlemen,—I transmit herewith communication from the Park Department Chairman relative to your order of July 22, 1940, concerning the making such arrangements for the use of public schools and public buildings, and their respective facilities, as will be suitable for the accommodation and furtherance of any Recreational Program sponsored by the City of Boston.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Park Department, August 28, 1940.
William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Sir,—I am acknowledging your memorandum of August 27 with inclosure, order from the City Council that suitable arrangements be made with the School Committee and the Public Buildings Department to use the facilities of their buildings to further the recreational program of this department.

By direction of his Honor the Mayor a meeting was arranged with the School Committee, at which time it was agreed that this department should have the use of its buildings. I have also been instructed by his Honor the Mayor to use the buildings of the Public Buildings Department whenever necessary.

Very truly yours,
WILLIAM P. LONG, Chairman.

Placed on file.

REPLACING FLAGPOLE AT SOLDIERS' MONUMENT, JAMAICA PLAIN.

The following was received:

City of Boston,
Office of the Mayor, September 9, 1940.
To the City Council.

Gentlemen,—I transmit herewith communication from the Park Department Chairman relative to your order of August 19, 1940, concerning the replacing, as a W. P. A. project, the flagpole at the Soldiers' Monument in Jamaica Plain, which was recently destroyed by a storm.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Park Department, August 28, 1940.
William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Sir,—I am acknowledging your memorandum of August 22 with inclosure, order from the City Council that a W. P. A. project be instituted to place a flagpole at the Soldiers' Monument in Jamaica Plain.

Please be informed that the flagpole that was removed from the Soldiers' Monument came under the jurisdiction of the City Messenger's department. It was one of the original flagpoles placed under the care of that department years and years ago.

Very truly yours,
WILLIAM P. LONG, Chairman.

Placed on file.

LIFE INSURANCE POLICIES OF OLD AGE AND WELFARE RECIPIENTS.

The following was received:

City of Boston,
Office of the Mayor, September 9, 1940.
To the City Council.

Gentlemen,—I transmit herewith communication from the Public Welfare Secretary relative to your order of July 22, 1940, concerning legislation which will permit beneficiaries of old age assistance and public welfare to continue in force life insurance policies of a reasonable amount without being penalized as is the present custom.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Overseers of the Public Welfare,
August 27, 1940.

Hon. Maurice J. Tobin,
Mayor of Boston.
Attention of Mr. William T. Doyle.

Dear Sir,—This department has received your communication with inclosed copy of an order from the City Council, dated July 22, 1940, reading as follows:

"Ordered, That his Honor the Mayor be requested to petition the Legislature at its next session for legislation which will permit beneficiaries of old age assistance and public welfare to continue in force life insurance policies of a reasonable amount without being penalized as is the present custom."

Please be advised that the policy of this department has been to see to it that people on Dependent Aid are allowed sufficient insurance properly adjusted to meet their economic needs.

The point as to the Old Age Assistance recipients I feel is well taken. Some time ago, by State Law (chapter 436, Acts of 1936), insurance acquired within the period of five years prior to receiving Old Age Assistance was declared a barrier to such receipt of assistance.

Some time ago I wrote to and then consulted with Mr. Arthur G. Rotch, Commissioner, State Department of Public Welfare, on this question and I feel sure that with his cooperation remedial legislation will be offered to the end that such insurance properly acquired by the recipients will not be a barrier to Old Age Assistance reciprocity.

Very truly yours,
WILLIAM G. O'HARE, Secretary.

Placed on file.

RESURFACING CHIPMAN STREET.

The following was received:

City of Boston,
Office of the Mayor, September 9, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Public Works Commissioner relative to your order of August 19, 1940, concerning the resurfacing of Chipman street, Ward 17, Dorchester.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department,
September 3, 1940.

To William T. Doyle, Chief Clerk, Mayor's Office.
From George G. Hyland, Commissioner, Public Works Department.

Subject: Resurfacing of Chipman Street, Ward 17, Dorchester.

I return herewith order in City Council that the Commissioner of Public Works resurface Chipman street, Ward 17, Dorchester, and this will advise you that this street is under consideration for submission as a W. P. A. project.

GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

REPAIRS TO WACHUSETT STREET.

The following was received:

City of Boston,
Office of the Mayor, September 9, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Public Works Commissioner relative to your order of August 19, 1940, concerning the

filling in the depressions on Wachusett street, Ward 18, and to drain off the stagnant water which has settled in pools on that street.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department,
August 30, 1940.

To William T. Doyle, Chief Clerk, Mayor's Office.

From George G. Hyland, Commissioner, Public Works Department.

Subject: Depressions in Wachusett Street, Ward 18.

I return herewith order in City Council that the Commissioner of Public Works fill in the depressions on Wachusett street, Ward 18, and to drain off the stagnant water which has settled in pools on that street.

Please be advised that the District Foreman has been instructed to make the necessary repairs and do away with the stagnant water condition existing.

GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

"STOP" SIGNS AT CALUMET AND HILLSIDE STREETS.

The following was received:

City of Boston,
Office of the Mayor, September 9, 1940.
To the City Council.

Gentlemen,—I transmit herewith communication from the Traffic Commissioner relative to your order of August 22, 1940, concerning the installation of "Stop" signs at the intersection of Calumet and Hillside streets, Ward 10.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Traffic Commission,
September 4, 1940.

Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Sir,—This is in reply to memo. from Chief Clerk William T. Doyle, ordering consideration of and report on Council order dated August 26, 1940, which reads as follows: "Ordered. That the Traffic Commissioner be requested, through his Honor the Mayor, to install 'Stop' signs at the intersection of Calumet and Hillside streets, Ward 10."

On August 27, 1940, a truck backed into and injured a four-year-old boy at this corner. We submit that no type of inanimate sign can prevent the occurrence of such accidents.

Prior to that date we have no record of any motor vehicle accident involving personal injury at this location since 1931. Compared with other intersections, this is an admirable record and, we believe, shows that there is no intrinsic accident hazard.

We do not believe conditions at this intersection warrant the installation of "Stop" signs.

Respectfully yours,
WILLIAM P. HICKEY, Commissioner.

Placed on file.

WEEKLY ALLOTMENT FOR MEDICAL AID TO WELFARE RECIPIENTS.

The following was received:

City of Boston,
Office of the Mayor, September 9, 1940.
To the City Council.

Gentlemen,—I transmit herewith communication from the Public Welfare Secretary relative to your order of July 22, 1940, concerning the formulating regulations to put back the automatic fifty cents weekly medical allotment contained in the budgets provided for all old age assistance recipients prior to rulings that emanated from the state welfare authorities during the past week.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Overseers of the Public Welfare,
August 27, 1940.

Hon. Maurice J. Tobin,
Mayor of Boston.
Attention of Mr. William T. Doyle.

Dear Sir,—This department has received your communication with inclosed copy of an order from the City Council, dated July 22, 1940, reading as follows:

"Ordered. That the Public Welfare Director be requested, through his Honor the Mayor, to confer with the State Welfare Authorities for the purpose of formulating regulations to put back the automatic fifty cents weekly medical allotment contained in the budgets provided for all old age assistance recipients

prior to rulings that emanated from the state welfare authorities during the past week."

The Secretary of the Board of Overseers of the Public Welfare had a conference with the Commissioner of Public Welfare of the Commonwealth of Massachusetts, Mr. Arthur G. Roth, and at that time the question of the allotment for medical needs of Old Age Assistance recipients was discussed most thoroughly. I feel, as a result of the conference that, on a case work basis, each recipient of Old Age Assistance will be given fair treatment as to any medical need that may arise.

Yours truly,

WILLIAM G. O'HARE, Secretary.

Placed on file.

REPAIR RIVER STREET BRIDGE.

The following was received:

City of Boston,
Office of the Mayor, September 9, 1940.
To the City Council.

Gentlemen,—I transmit herewith communication from the Public Works Commissioner relative to your order of April 29, 1940, concerning the keeping of the bridge on River street, at Gordon avenue, in suitable repair, as required by law.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department,
August 19, 1940.

William T. Doyle,

Chief Clerk, Mayor's Office.

Dear Mr. Doyle,—This is in reference to the following order that was passed in the City Council on April 29 of the current year:

"Ordered. That his Honor the Mayor request the authorities of the New York, New Haven and Hartford Railroad, to keep the bridge on River street, at Gordon avenue, in suitable repair, as required by law, and to maintain it in a condition which will assure the safety of motorists and pedestrians using this bridge."

On May 8 a communication was sent to the Chief Engineer of the New York, New Haven and Hartford Railroad requesting, in substance, that a thorough examination be made of the bridge, in order to determine whether there was any necessity at the present time to effect repairs. Under date of August 12 we received a reply to our previous communication, stating, in substance, that while the existing structure does not constitute a hazard in so far as the passage of pedestrians or vehicles over it is concerned, plans are being prepared at the present time to make whatever repairs are necessary, in order to reinforce the structural members that have been reduced in cross-sectional area, due to corrosion.

It is anticipated that the repair work will be completed this year.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

CHECKING AT NORTH END LOCKER HOUSE.

The following was received:

City of Boston,
Office of the Mayor, September 9, 1940.
To the City Council.

Gentlemen,—I transmit herewith communication from the Park Department Chairman relative to your order of August 19, 1940, concerning the formulating some system for checking in the North End Park Locker House so that persons using same might be assured of the return of their clothing.

Respectfully,

MAURICE J. TOBIN, Mayor.

City of Boston,
Park Department, August 28, 1940.
William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Sir,—I have your memorandum of August 27 with inclosure, order of the City Council, that the Park Commission be requested, through his Honor the Mayor, to formulate some system for checking in the North End Locker House so that persons using same might be assured of the return of their clothing.

The following is a report to me, by the Superintendent of Baths, on the checking system at North End Park:

"Dear Sir,—For the information of the City Council I will state that a checking system for the purpose of assuring patrons the return of their clothing and other property is now in existence, and has been for many years, at North End Park. Bills dated June 24, 1940, on file in this office show that this department purchased an en-

tire new set of brass checks which are now in use at that place. If any person has lost clothing or other articles at North End Park, I know nothing about it, and I am informed by the man in charge that he has received no complaints of that kind."

Very truly yours,

WILLIAM P. LONG, Chairman.

Placed on file.

SUNDAY BASEBALL PRICES FOR SEATS AT FENWAY PARK.

The following was received:

City of Boston,
Office of the Mayor, September 6, 1940.
To the City Council.

Gentlemen,—I transmit herewith a statement from the Boston American League Baseball Company which is in answer to your order of August 5, 1940, requesting me to investigate an alleged violation of the ordinance relating to Sunday baseball.

Respectfully,
MAURICE J. TOBIN, Mayor.

Sunday Baseball at Fenway Park.

Memorandum for

His Honor Mayor Maurice J. Tobin.

1. Section 4 of chapter 1 of the Ordinances of 1929 of the City of Boston reads as follows:

"The fee or total charge made for any seat anywhere in or on said premises for the witnessing of the playing of professional athletic outdoor sports or games shall in no case be greater on the Lord's Day than on each week day."

2. On August 5, 1940, the Boston City Council, alleging "that the fee or total charge made by the Boston American League Baseball Company at Fenway Park is greater on the Lord's Day than on each week day," ordered that "His Honor the Mayor investigate the alleged violation of the city ordinances relating to Sunday baseball by the Boston American League Baseball Company."

3. It is alleged by the Council that more is charged for seats on Sundays than on week days. The prices charged for seats in Fenway Park are the same on every day of the week including Sundays. These prices are as follows:

Bleacher Seats, 55 cents each; General Admission (Grandstand) Seats, \$1.10 each; Reserved Seats, \$1.40 each; Box Seats, \$1.65 each.

4. There are approximately 8,500 bleacher seats, 2,200 box seats, and 23,000 grandstand seats. The grandstand, except for sections 1 to 7 in right field, are considered as a reserved seat zone, in which usher service is provided and tickets to which entitle the holder to occupy a designated seat.

5. In the event that the entire reserved seat zone is not filled by persons who purchase reserved seat tickets, the Red Sox Management permits the holders of general admission grandstand tickets to occupy the vacant portion of the zone. The number of seats in the reserved seat zone thus made available to the holders of \$1.10 tickets has to be varied from day to day in anticipation of the public demand for reserved seats. This is a practice which prevails on week days and Sundays both and is governed entirely by the public demand.

6. The purpose of the ordinance is obviously to provide an equality of treatment of customers on Sundays and week days. This is accomplished at Fenway Park by having, and adhering to for all games, the same schedule of prices for reserved seats and general admission grandstand seats. An opportunity is provided to any person whose purse is limited to purchase a seat for 55 cents on Sundays as well as on week days so that the working man, whose interests the ordinance was designed to protect, may witness the games on any day at the same price.

7. It is respectfully submitted that for the foregoing reasons the price schedule in effect at Fenway Park does not violate the terms of the ordinance.

Placed on file.

NAMING OF STREETS IN LENOX STREET PROJECT.

The following was received:

City of Boston,
Office of the Mayor, September 9, 1940.
To the City Council.

Gentlemen,—I transmit herewith communication from the Boston Housing Authority Chairman relative to your order of August 26, 1940, concerning the completion of the Lenox street project, to name the streets, courts and ways, under their control in said

project, in honor of colored citizens of Boston who attained prominence in the affairs of the city.

Respectfully,
MAURICE J. TOBIN, Mayor.

Boston Housing Authority,
September 6, 1940.

Mr. William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Sir.—This will acknowledge receipt of your recent communication concerning the City Council order of August 26, 1940.

"That the Boston Housing Authority be requested, through his Honor the Mayor, upon the completion of the Lenox street project, to name the streets, courts and ways, under their control in said project, in honor of colored citizens of Boston who attained prominence in the affairs of the city."

The Authority wishes to assure your Honorable Body that it will give every consideration to this request.

Respectfully,
JOHN A. BREEN, Chairman.

Placed on file.

ADDITIONAL FUNDS FOR ELEVATED INVESTIGATION BY FINANCE COMMISSION.

The following was received:

City of Boston,
Office of the Mayor, September 9, 1940.
To the City Council.

Gentlemen.—I am informed by the Boston Finance Commission in a communication attached that the existing funds at their disposal for an investigation and study of the Boston Elevated Railway Company are practically exhausted. In the opinion of the Finance Commission at least six weeks further study will be required by accountants and engineers and an indefinite period of further study by the special attorney of the Finance Commission employed on the Elevated study. The communication of the Finance Commission which is hereto attached gives in detail the expenditures of that body in this study now being made.

In my opinion it is necessary that this study be continued to its finish. Once completed it will provide a more satisfactory basis for the City Government to approach the problem of the Boston Elevated Railway Company. The Boston Finance Commission have requested that the City Government provide an additional ten thousand dollars to complete its present studies of the Boston Elevated Railway Company. I am of the belief that this amount should be provided and am further of the belief that its expenditure will be wisely made and perhaps of great and permanent benefit to the city.

I transmit herewith an order calling for the transfer of the required sum from the Contingent Fund and respectfully recommend its immediate adoption by your Honorable Body.

Respectfully,
MAURICE J. TOBIN, Mayor.

Ordered, That an additional sum of \$10,000 be, and hereby is, appropriated, to be expended under the direction of the Finance Commission in connection with its study and investigation of the Boston Elevated Railway Company, same to be charged to the Contingent Fund.

Referred to Executive Committee.

TRANSFERS WITHIN DEPARTMENTAL APPROPRIATIONS.

The following was received:

City of Boston,
Office of the Mayor, September 9, 1940.
To the City Council.

Gentlemen.—I am forwarding requests for transfers within departmental appropriations in the following departments and recommend adoption of the accompanying orders by your Honorable Body.

Fire; Public Celebrations; Public Works, Sanitary Service; Superior Court, Civil Session, General Expenses.

Respectfully,
MAURICE J. TOBIN, Mayor.

Referred to Executive Committee.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Fire Department:

From the appropriation for B, Contractual Services, \$1,000, to the appropriation for C, Equipment, \$1,000.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for Conventions and Entertainment of Distinguished Guests, \$4,000, to the appropriation for Public Celebrations, \$4,000.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Public Works Department, Sanitary Service:

From the appropriation for B, Contractual Services, \$2,000; D, Supplies, \$1,600, to the appropriation for C, Equipment, \$3,600.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Superior Court, Civil Session, General Expenses:

From the appropriation for B, Contractual Services, \$300, to the appropriation for C, Equipment, \$300.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz:

Claims.

Joseph G. P. Ashman, for compensation for injuries caused by an alleged defect at 26 Knowlton street.

Joseph A. Carpe, for compensation for damage to car caused by an alleged defect in Northampton street.

Columbia Fuel and Oil Company, for compensation for damage to truck by city truck.

Anne J. Cullinane, for compensation for damage to property at 834 Huntington avenue, caused by breaking of water pipe.

Joseph P. Donnelly, to be reimbursed for execution issued against him.

Mrs. Terrence J. Farrell, for compensation for injuries caused by an alleged defect at Eliot and Carver streets.

Catherine V. Flanagan, for compensation for damage to car by city truck.

Anna Gellman, for compensation for injuries caused by an alleged defect at 140 Essex street.

James M. Gilmore, for compensation for injuries caused by an alleged defect in Russett road, West Roxbury.

Joseph P. Lally, for compensation for damage to car caused by an alleged defect at 1458 Tremont street.

Gabriel Lapilato, for compensation for damage to property at 49 Charter street, caused by defective water pipe.

Florence T. Lawlow, for compensation for injuries caused by an alleged defect in Washington street.

Harry Lofchie, for compensation for damages sustained at 2-60 Haverford street, during sidewalk construction.

Ellen E. Lyons, for compensation for damage to property at 33 Dunlap street, caused by break in water pipe.

Thomas T. Mally, to be reimbursed for execution issued against him.

T. S. McIntire, for compensation for damage to car by city wagon.

Albert J. Newman *et al.*, for compensation for damage to property at 19 and 21 Lincoln street, caused by overflow of sewer.

Oakley Motors, Inc., for refund on used car license.

Nettie Secaul, for compensation for injuries caused by an alleged defect at 118A Blue Hill avenue.

Walter E. Shaughnessy, to be reimbursed for accident which occurred while in performance of duty.

Shreve, Crump & Low Company, for compensation for damage to property at 324 Boylston street, caused by break in water pipe.

Martha J. Smith, for compensation for collapse of water boiler at 19 Harvard street, caused by leak in water main.

Wilbur J. Walker, for compensation for injuries and damage to car by Fire Department truck.

COMMITTEE ON LICENSES.

Petition of Boston Elevated Railway Company for license to operate motor vehicles between Maverick square and Boston Airport. Petitions for special permit for driveway openings, as follows:

Dwelling House Associates, Arlington street. Charlestown Five Cents Savings Bank, Beacon and Mountfort streets.

Simon Keller, Hyde Park avenue.

New England Greyhound Lines, East Second street.

Hilaire H. Byron, Morton, Norfolk and Flint streets.

Referred to Committee on Licenses.

APPOINTMENT OF WILFRED J. DOYLE.

Notice was received of the appointment by the Mayor of Wilfred J. Doyle member of the Boston Retirement Board.

Placed on file.

APPOINTMENT OF FRANCIS J. FAY.

Notice was received of the appointment by the Mayor of Francis J. Fay to be City Registrar.

Placed on file.

APPROVAL OF LOAN.

Notice was received from the Emergency Finance Board approving loan for \$367,000 for relief projects.

Placed on file.

NOTICE OF INTEREST IN CONTRACT.

Notice was received from George L. Stretch of his interest in contract with the city.

Placed on file.

APPOINTMENT OF GEORGE H. BIRD.

Notice was received of the appointment of Lieut. George H. Bird to serve as keeper of the City Lock-up.

Placed on file.

Coun. RUSSO—Mr. President, I ask unanimous consent to make a statement.

Chairman SHATTUCK—Is there any objection?

Coun. COFFEY—I object.

RECESS.

On motion of Coun. HUTCHINSON the Council voted at 4 p. m. to take a recess subject to the call of the Chair. The members reassembled in the Council Chamber and were called to order by Coun. SHATTUCK at 4.45 p. m.

ACTION ON UNFINISHED BUSINESS.

Coun. SHATTUCK called up Nos. 2 and 3 on the calendar, as follows:

2. Action on appointment submitted by Mayor August 26, 1940, of Emil H. Ober, to be a Constable.

3. Action on appointment submitted by Mayor August 26, 1940, of Fred R. Mayo to be Weigher of Goods; and Maxwell Feinstein to be Weigher of Coal.

The question came on confirmation. Committee, Coun. Taylor and Coffey. Whole number of ballots 1, yeas 13, nays 2, and the appointments were confirmed.

EXECUTIVE COMMITTEE REPORTS.

Coun. LANGAN, for the Executive Committee, submitted the following:

1. Report on message of the Mayor and order (referred this day) for various transfers within departmental appropriations—that various transfers ought to pass.

Report accepted; said order passed, yeas 15, nays 0.

2. Report on order of Coun. Coffey (referred this day) that the Executive Committee be requested to invite the trustees and superintendent of the Boston City Hospital to attend the next meeting of said committee to furnish information with reference to the recent resignation of Miss Laura Logan as superintendent of nurses—that order ought not to pass.

Report accepted; said order rejected.

REPORT OF COMMITTEE ON LICENSES.

Coun. FISH, for the Committee on Licenses, submitted the following:

1. Report on petition of Hilaire H. Byron for driveway opening at Morton, Norfolk and Flint streets—recommending that leave be granted.

Report accepted; leave granted under usual conditions.

2. Report on petition of the Boston Elevated Railway Company (referred August 5) for license to operate motor vehicles between Maverick square and the Boston Airport—recommending that petition be given leave to withdraw.

Report accepted.

Coun. FISH—Mr. President, briefly on that report, where we have recommended that this particular bus line should not be granted, I want to say we had a public hearing last Wednesday.

I don't know whether it was because of the absence of Tom Niland, or not, but we had one of the finest hearings you would ever see. Everybody seemed to be satisfied that that particular bus line should not be granted, both the petitioner and those opposed. Now they were all in agreement that the Airport should get some sort of bus service, and I believe we as members of the Council should feel that we have to serve commercial interests as well as residential interests. However, the conclusion of that hearing was simply this that there can be a bus line which will satisfy the Airport Superintendent and better satisfy the residents of East Boston, if they use a different route and as I sat here today I heard that the Boston Elevated had already petitioned to have bus service to the Airport under a new route from the original petition.

Chairman SHATTUCK—The question is whether the petition shall have leave to withdraw. The petition was given leave to withdraw.

PAYMENT OF AID TO SOLDIERS AND SAILORS.

Coun. ENGLERT, for the Committee on Soldiers' Relief, submitted report recommending passage of order for payment of aid to soldiers and sailors and their families in the City of Boston for the month of September. Report accepted; said order passed.

KEEPING BUS STOPS CLEAR.

Coun. CAREY—Mr. President, daily within Ordered, That the Public Safety Committee of the City Council be requested to call a meeting of said committee, inviting the Police Commissioner, Traffic Commissioner, and officials of the Boston Elevated Railway Company to attend same, at which time regulations may be devised with a view to keeping bus stops clear, and also to prohibit automobiles from passing buses when the latter stop to discharge and receive passengers.

Coun. CAREY—Mr. President, daily within the City of Boston buses are coming into more frequent use. As one goes throughout the city, however, we can note the stops for buses and although the curbing might be painted yellow, the bus is prohibited from stopping at that point due to the fact that automobiles are parked there. There is nothing that the bus driver can do but stop practically in the middle of the street. This makes it very dangerous for those who are boarding and being discharged from the buses, and I have even seen people stand for two or three minutes in the middle of the street bewildered as automobile after automobile passes by at a speed perhaps of thirty-five to fifty miles an hour. There is a State law that did prohibit and does prohibit, as a matter of fact, automobiles from passing a standing street car. The time has come with the frequent use of buses where I feel the same law should be enacted on the books that will so prohibit automobiles from passing a stopped bus. I have personally observed people who have either left a bus or waiting to board a bus who have been injured by passing automobiles and in some cases very seriously so and I hope that this Public Safety Committee will call this meeting within the very near future, at which time the matter might be properly discussed and if we find it necessary have the Law Department prepare a bill for the next session of the Legislature amending the present law that requires the stopping of automobiles to allow people to leave or board street cars, if such a change in the law is necessary to cover buses that such a bill will be prepared.

Passed under suspension of the rule.

THREATENING TENANTS OF PROPERTY TAKEN OVER BY HOUSING AUTHORITY.

Coun. CAREY offered the following:

Ordered, That the officials of the Boston Housing Authority be requested, through his Honor the Mayor, to instruct their field men to refrain from threatening tenants of property taken over by the Housing Authority for demolition with dire results unless they vacate their homes at once.

Coun. CAREY—Mr. President, there is at the present time in my district a housing project known as the Mission Hill Project, and that is nearing completion. Some few months ago, the Boston Housing Authority, by eminent domain, took over further property in Ward 10, the area in the section bounded by Heath, Minden and Bickford streets. Many who were forced to vacate their homes for the Mission Hill Project moved to the section since taken over by the second project in Ward 10 by the Housing Authority and during the week it has come to my attention that certain field workers are going throughout the Heath street area demanding people vacate their homes immediately. It is not an easy matter to find a new home if one starts to consider the number of homes taken in the Mission Hill area plus certain homes that were taken in the Lenox street area. Housing in the Roxbury section at the present time is limited. I hope we will not have an

occurrence of what happened some twelve to eighteen months ago when field workers were going throughout the various housing areas and demanding that they vacate immediately or they will put their belongings in the street. At that time we were informed by the Housing Authority they wouldn't stand for such actions but would give ample time for those who must move to find a place to move to. However, since these complaints have come to my attention it is only fair to bring them to the attention of the Housing Authority and I certainly hope that the Housing Authority will warn their field workers to cease this threatening attitude toward those poor people who must move but don't know where to go.

Passed under suspension of the rule.

INSTALLATION OF SIDEWALKS ON UNCOMPLETED PORTIONS OF DAY STREET.

Coun. CAREY offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to install sidewalks on the uncompleted portions of Day street, Ward 10, as a W. P. A. project.

Passed under suspension of the rule.

APPEARANCE OF CITY HOSPITAL TRUSTEES AND SUPERINTENDENT BEFORE EXECUTIVE COMMITTEE.

Coun. COFFEY offered the following:

Ordered, That the Executive Committee of the City Council be requested to invite the trustees and superintendent of the Boston City Hospital to attend the next meeting of said committee to furnish information with reference to the recent resignation of Miss Laura Logan as Superintendent of Nurses.

Coun. COFFEY—Mr. President, two weeks ago on this floor I introduced an order which read that his Honor the Mayor request the Superintendent of the Boston City Hospital to have nurses on hand for emergency purposes. That was the nature of that order. I later came on the floor here and I said: "Mr. President, may I move that the order pertaining to nurses in the Boston City Hospital be referred to the Hospital Committee so we can take some action today." There being no objection the order was referred to the Committee on Hospitals. The chairman of the Committee on Hospitals, Councilor Hurley, asked me what day I wanted the committee to meet, and I told him it was agreeable to me for him to choose the time himself. He chose last Thursday at eleven o'clock. Last Thursday at eleven o'clock, I brought in the brother of this young girl who died whom I referred to in my statement. She didn't die without a nurse, as it says right here in the record. The next morning at 11 o'clock while in there, Councilor Hurley, chairman of that committee, came in and said, "I told the superintendent of the hospital last night that it would not be necessary for him to appear at this hearing this morning." Of course, I do not think, personally I may be wrong, but I do not think he had any authority to do that. I think that a vote should be taken by the members of that committee. Now the councilor moved that the committee go down to the hospital and hear the superintendent down there. I had nothing to say in my order in regard to an investigation, and that is what happened at that hospital. When the committee left here and went down to the hospital, there were four voted in favor of it, and two voted against it. I was against it for one reason, the fact every other department head, and even the Boston Finance Commission sent the secretary up once when we asked them to appear here, and why should we go down to the City Hospital to hold a hearing? They went to the hospital and later a statement was issued to the press by Councilor Ward, and that statement said that too many men in public life were asking for investigations. Mike Ward misconstrued intentionally just what this order was, and he did it, of course, as I have said on the floor, before, for political purposes. I have had nothing to say about any investigation in my order. All my order read was that we have suitable or adequate nurses there when a patient was dying, and when some relative of that patient either pays or gets a nurse given free. Regarding this order here today, that very thing was just one of the tricks of the Committee on Hospitals and was just a coat of whitewash given to it. On this order here to have the trustees of the Boston City Hospital appear before us to let the Executive Committee know the circumstances surrounding the discharge or forced resignation of Miss Laura Logan, former Superintendent of Nurses there, on May 2, 1938, Councilor Agnew, for the Committee on Appropriations, submitted the report on the budget. On the next page, page 171, Councilor Dowd said: "Mr. President, I now move that the appropriation for the Boston City Hospital be reduced by the sum of \$15,700. Speaking in support of that amendment, I want to say that I am and always have been a firm believer in the idea that Boston jobs should be given to Boston taxpayers."

Councilor Norton talked on the order and said: "Mr. President, this is the only time in the year, when the budget is before us, that this body has an opportunity to take definite action so far as the City Hospital or any other department is concerned. The principal argument in favor of the trustees in the matter is this—we have obtained the very best woman possible to obtain to take charge of the sick of this city. That argument, of course, is unanswerable, nobody can possibly have opposition to it. The trustees say 'We have obtained the best woman in America to take charge of this department of the hospital.' The question naturally arises in our minds, however, whether there was not a proper person in Boston who might have been obtained," and so forth.

Councilor George Murray said: "Mr. President, I attended the budget hearings last week and was particularly interested in this nurse situation at the Boston City Hospital. On the first day when we took up the hospital budget, Mr. Carl Dreyfus, a trustee of that institution, was present. I asked Mr. Dreyfus whether or not he had any correspondence in regard to the ability of Miss Logan to serve in the hospital as Superintendent of Nurses and he said he had a file and would produce it the next day. The next day he was not there, but another trustee, one George Parker, appeared, and Mr. Parker said that recommendations of Miss Logan were purely a matter of talk, that there was no writing, but that the trustees, as a result of some talk, suggested the name of Miss Logan, that the action of the trustees was brought about simply by word of mouth."

Mr. Dreyfus said he had a file and would produce it the next day. Mr. Dreyfus was in favor of Miss Logan being Superintendent of Nurses. Now Councilor Dowd's amendment was declared adopted and that \$15,700 was taken out of the budget, and if my memory serves me right the trustees of the hospital in some manner transferred funds so Miss Logan could receive her salary and those who voted in favor of that amendment were Councilors Agnew, Dowd, Englert, Fish, Galvin, Harris, Hutchinson, Irwin, Kelly, Kerrigan, Lyons, George A. Murray, Peter A. Murray, Norton, Taylor, so there were fifteen who voted in the affirmative to take that money out of the budget to keep Miss Logan from getting her salary. Now there have been arguments going on previous to the time I became a member in regard to Miss Logan as Superintendent of Nurses. Time and time again in this Council Chamber I have heard several members of the Council say that the superintendent at the hospital there was more or less not a fit person to run that institution; that the nurses were running him and were referring to him as "Papa," "Daddy," and so forth. Now, I want to know, and I think the rest of the councilors should go along with me and find out why Miss Logan was discharged mysteriously; why nothing came out in the press about her forced resignation or why the members or trustees who saw fit to protect her at that time didn't issue a statement to the press so that the public would know the circumstances surrounding the resignation which was forced, I am told, of Miss Logan. On the other order introduced last week, it seems too bad that the Council members here saw fit to go down there and give it a coat of whitewash. The superintendent should have come here and should have told us whether he had adequate nurses or not. That is all we wanted to know. Another thing: Only the six members on that Committee on Hospitals were notified. I thought there was an order here that every member of the City Council should be notified as to every meeting that would take place either in Executive or in the Council here, and I hope this order goes along and the superintendent and trustees are requested to come down and tell us the circumstances surrounding the dismissal of Miss Logan.

Coun. HURLEY—In regard to the order introduced by the councilor, I am not talking on it. I think the trustees of the hospital are much more capable of picking the heads of their departments and nurses than I am. Miss Logan was not fired; she resigned. In answer to the councilor relative to the Committee on Hospitals meeting, that meeting was called for eleven o'clock on that particular morning, but prior to the meeting a majority of the members of the committee deemed it wise to transfer this, or adjourn this meeting to the Boston City Hospital where all of the paper and all the records concerned would be available without disrupting the service in the Boston City Hospital. We were not interested in ourselves only when we called that meeting. We were interested in all the people of Boston, for their welfare, and we thought it was the wisest thing to have the six or seven members of the committee and newspaper men, if they wished to come along with us, and we did have transportation available. This was brought very forcibly to the attention of all the members of the committee and the newspaper men present that I did have cars and it was not putting us out a bit, but it was saving the hospital attendants from unnecessary delays in the performance of their duty in going to that place and holding the meeting. It was voted that we would adjourn to the Boston City Hospital. The majority of the members of the committee in company with the newspaper men were transported to the trustees' room. The only question before the committee was relative to the lack of nursing for some patients that were in the City Hospital who died. The family of those patients had the entire sympathy of every member of the committee.

We went there with the purpose of straightening this matter out in fairness not to the Hospital Committee, but to the entire population of Boston. As a result of the hearing Miss Farrell, the matron on duty, was called in and produced the records and I think that the report or the letter that I have here will answer the councilor and anyone interested in the case. The letter is as follows:

"Councilor William F. Hurley, Chairman, Committee on Hospital.

Dear Councilor Hurley,—At the hearing which was held at the hospital on Thursday, August 29, you requested me to furnish information concerning special nurses which were hired by the hospital to care for Margaret Burge, who was a patient on Medical 8.

Special nurses were employed covering the morning shift from 7.30 to 3.30 on the 15th, 16th, 17th and 18th, and were paid for by the family of the patient.

Special nurses were paid for by the city from the 3.30 p. m. to 11.30 p. m. shift August 14th, 15th, 16th and 17th.

From 11.30 p. m. to 7.30 a. m. on August 14th, 15th, 16th, 17th and 18th, these special nurses were paid for by the city.

It so happened that the nurse who was to report for duty at 3.30 in the afternoon on the 18th was not available. The night nurse who was to report for the 11.30 p. m. shift was asked to come in early and was with the patient from 7.30 in the evening until the patient died early the next morning.

The patient was supplied with almost continuous special nursing during the last four days of her stay in the hospital.

Yours sincerely,

JAMES W. MANARY."

Coun. COFFEY—I thought somebody else might want to talk on the order and that is why I hesitated. When Councilor Hurley came into that hearing that morning he said to me, "We are going down there for this reason, that the hospital is short-handed on nurses and there is no sense in taking any of those nurses away from their duties." Well, that was a good point brought out. But the statement issued to the press by the superintendent said they were not short-handed on nurses; they had always plenty on hand. Now, in this case, whether the nurse was paid for or not does not amount to much in this matter, but the fact was the nurse who had been with her for four afternoons was taken off this case and put on another case. Now that other case, my argument is, could not have been more serious than this case in which the person passed away the following morning. That nurse made three telephone calls herself to find out how the patient was. The brother of this girl who passed away issued a statement in the executive chamber in the presence of the press that when he went to Miss Farrell, and she, by the way, was the one who referred to Superintendent Manary as "Baby," kids the shirt off him, and does as she pleases. I never met Miss Logan and I do not care about her, but the fact is, she was said to have used Hitler tactics, and I repeat I think she should, and I referred them to the case over in the Soldiers' Home in Chelsea, where they only probably house a thousand patients, to the rule there that any patient that goes on the danger list shall have a nurse until he is either taken off the danger list or passes away, and that is a ruling that should take effect at the City Hospital, because no one wants to die alone. This brother said in front of the press that he went and asked Miss Farrell for a receipt for that \$5 he paid that day and she said, "We burn all our files every night." I say if we are going to continue to give it another whitewash, all right, but let us get them up here and see if we cannot make some arrangements whereby, if the patient goes on the danger list, he should have a nurse until he is taken off the danger list or passes away. Referred to the Executive Committee.

INVESTIGATION OF REGISTRATION OF VOTERS IN WARD 2.

Coun. COFFEY offered the following:

Ordered, That the Board of Election Commissioners be requested, through his Honor the Mayor, to investigate the registration of voters in Ward 2 for the purpose of eliminating illegal voters from the list in said ward.

Coun. COFFEY—Mr. President, the reason I introduced this order is because of the Housing Project that went up in that district last year. Last year the registration for Charlestown, which is Ward 2, was 13,051 voters. This year the registration is 12,582, or a drop of some 469. In my ward we did all we could to get the voters registered for this year and we have dropped over 600, and I think every other ward in the city has dropped approximately 500 voters from their registration from 1939 to registration of 1940. Now that information has come to me and I think it is good information, there were some 2,500 families forced out because of this Housing Project. Now, it is safe to assume that 2,000 of those families didn't move into the Charlestown district so they could be registered again in Ward 2 in Boston. If my information

is correct, more than half of them moved out of Charlestown entirely. I asked for a supplementary list so I could check on some of these new voters and I am informed by the Election Commission that the list will not be complete until September 14, which is three days before election, and nothing can be done so far as checking those mattress voters, and that is all they are,—probably the same group that registered over there some three years ago for the Mayoralty fight when 250 illegal voters were found. I think something should be done. I think it is too late for the Election Commission not to have that supplementary list ready before September 14th, which only gives three days to try and check on some of these illegal voters now registered in Ward 2, and I think something should be done about it if only to force the Election Department to hustle up and get that list ready so we can see just what is what in Ward 2 in Boston.

President GALVIN—Will you kindly read the order?

(The order was read by the clerk.)

President GALVIN—I believe Councilor Coffey's order is a very good idea. I believe they should start at one end of Boston and stop at the other end of Boston and check every voter in the entire city. I think you will find a real good job in registration has been done throughout the entire City of Boston. All our Boston newspapers and every report of the Election Department show that from Ward 1 to Ward 22 there was an increase in registration throughout every ward in the entire city other than two wards in Boston, one of which is Ward 2, and I think it is a mighty fine thing to go right through, and I would like to add an amendment that they mustn't stop at Ward 2 but go through the twenty-two wards of the city.

Coun. COFFEY—Mr. President, I think that the President of the Council here is taking the voting list of 1938. I agree with him we have increased in every ward in Boston in the 1940 registration in comparison to the 1938 registration, but the 1940 in comparison to 1939 registration can be looked up easily enough and you will find close to 500 voters in every ward have been dropped. The reason I asked for this investigation is this, the last investigation proved conclusively somebody had been registering illegal voters in Ward 2. The fact was brought out by the Election Department and the District Attorney's office. There have been over 2,500 families moved out of Charlestown and I cannot for the life of me understand why they have only dropped 469 votes from the 1939 registration.

President GALVIN—Perhaps it might be one of the seven wonders of the world.

Chairman SHATTUCK—Does Councilor Coffey object to the amendment?

Coun. COFFEY—Yes, for the reason it will take too long. I say now that in Ward 2 2,500 families moved out. I want to know where they went to. That is what I would like to have investigated.

Coun. FISH—Speaking on the order as amended, I certainly will go in favor of having an investigation by the Election Commission, knowing how credible a job they did a few years ago in eliminating illegal voters, but I believe the investigation should go over the entire city rather than confining it to one ward.

Question came on President Galvin's amendment to include the whole city in the investigation. Order passed under suspension of the rule.

Passed under suspension of the rule.

COOPERATION OF CITY COUNCIL IN ALIEN REGISTRATION.

Coun. FISH and M. H. SULLIVAN offered the following:

Whereas, The Mayor of Boston is cooperating with the Federal Authorities in the matter of Alien Registration; be it

Resolved, That the members of the Boston City Council go on record as pledging their assistance in any way possible in furthering the work which is a tremendous task.

Passed under suspension of the rule.

MILITARY FORM OF SALUTE TO BE ADOPTED BY COUNCIL.

Coun. FISH, M. H. SULLIVAN, and GOODE offered the following:

Ordered, That the Boston City Council, at the next meeting adopt the military form of salute as prescribed in United States Army regulations and as approved by vote of the Council, and be it further

Ordered, That same be the permanent procedure hereafter.

Coun. FISH—Mr. President, I was happy to see that the Boston City Council only a few moments ago passed an order for a change in the salute to the flag, one which divorces us from any similarity to the salute used by the Nazi Government, and since this has been in practice in several cities of the United States, I feel that we should waste no time in setting the example with the new military form of salute which will tie the civilians in,—divorce us from Nazism and tie us in more with our own Army and Navy and enlisted men,

and I believe we should set the example and start that salute at our next meeting.

Passed under suspension of the rule.

ADDITIONAL HOUSING PROJECTS IN CHARLESTOWN.

Coun. GALVIN offered the following:

Ordered, That the Boston Housing Authority be requested, through his Honor the Mayor, to make a survey and report the possibility of additional Federal Housing Projects in Charlestown.

Passed under suspension of the rule.

LEAVE OF ABSENCE FOR VETERANS IN CITY EMPLOY DURING LEGION CONVENTION.

Coun. GALVIN, M. H. SULLIVAN and LANGAN offered the following:

Ordered, That his Honor the Mayor be requested to grant leave of absence, without loss of pay, to all veterans who are employees of the city who desire to participate in the activities of the National Convention during convention week.

Passed under suspension of the rule.

LAYING OUT STREETS IN READVILLE SECTION.

Coun. GOODE offered the following:

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to make a survey of the Readville Section of Ward 18 with a view of accepting and laying out the streets in that part of the ward.

Passed under suspension of the rule.

LEAVE OF ABSENCE FOR CITY OR COUNTY EMPLOYEES WHO ENTER SERVICE OF ARMED FORCES.

Coun. GOODE offered the following:

Ordered, That the Corporation Council be requested, through his Honor the Mayor, to render an opinion as to whether or not it is permissible to grant leaves of absence to all city and county employees who enter the service of the armed forces of the United States, with or without their consent and whether drafted or enlisted for the duration of the present emergency.

Passed under suspension of the rule.

ERECTION OF FENCES AND LIFE-SAVING EQUIPMENT ALONG NEPONSET RIVER.

Coun. GOODE offered the following:

Ordered, That the Metropolitan District Commission be requested, through his Honor the Mayor, to erect fences and adequate life-saving equipment along the banks of the Neponset river, in the Mattapan and Hyde Park sections of our city, in order to afford protection to children and others at this most dangerous location.

Coun. GOODE—Mr. President, just last week a person lost his life in the Neponset river in the Hyde Park section of Ward 18. Several times every year this unfortunate occurrence takes place and I have conferred with the bereaved families throughout the district and I realize that for very little expense this river can either be policed or have life savers placed on the banks of the river in order that assistance may be given to children unfortunate enough to get too far from the bank of this river.

Passed under suspension of the rule.

INSTALLATION OF "STOP" SIGNS AT BEACH, WASHINGTON AND WALWORTH STREETS.

Coun. GOODE and LYONS offered the following:

Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to erect "Stop" signs at the junction of Beech, Washington and Walworth streets in the Ward 18 and Ward 20 sections of Roslindale.

Coun. GOODE—Mr. President, I have been very reluctant to introduce an order which would put the city to any unnecessary expense in erecting "Stop" signs at intersections throughout the ward. I realize if we spent money, or appropriated money for all the "Stop" signs requested, we would probably have "Stop" signs at every

intersection in the city. However, at the intersection of Walworth, Beech and Washington streets, which borders on Ward 20 and Ward 18, many serious accidents have occurred. A few years ago a policeman lost his life there and still no "Stop" signs were ever constructed. Last Saturday night a serious accident occurred at this intersection, involving several cars and injuring several people. So I feel that this is one section of the city, or one intersection where the Boston Traffic Commission would do well to construct a "Stop" sign, and I hope this order will pass.

Passed under suspension of the rule.

SPECIAL NURSES AT CITY HOSPITAL.

Coun. GOTTLIEB offered the following:

Ordered, That the trustees of the Boston City Hospital be requested, through his Honor the Mayor, to delegate authority to appoint special nurses in needy cases to an employee of the City Hospital other than the superintendent thereof.

Coun. GOTTLIEB—I listened with a great deal of interest to the statements earlier in the day relative to special nurses by the councilor from East Boston and I agree with him to the point that something was radically wrong with the system in use at the hospital. I feel that the chairman of the Hospital Committee and the other members of that committee are doing everything that they possibly can so that the City Hospital should render fine and efficient service, but that does not necessarily answer the purpose. Now I have, perhaps, a similar complaint to that by the councilor from East Boston. On Wednesday of this last week the father of a thirteen-year-old boy came to see me about that boy. The child was dangerously ill in the Boston City hospital and the father had been so notified by the hospital authorities. The condition of the child demanded that he receive constant care and nursing attention so that his life might be spared. The father further informed me that he had been borrowing money for special nurses. Now, I told the father that if he could continue to borrow a little additional money to provide at least for two or three shifts of nurses, perhaps I might be instrumental in obtaining one nurse, a night nurse, from 11.30 p. m. to 7.30 a. m., to care for this child, and he said he would go out and try to borrow this money. I called Doctor Manary's office about noontime of the day that I talked to the father and I was assured by his office that the nurse would be placed on this case, and, incidentally, I left the information with his office that the family had been borrowing money to provide for at least two out of the three shifts of nurses and had been so paying for the two out of three shifts of nurses. Four or five hours went by. Sometime in the early evening of that day the father of the boy called me and told me that no instructions had been left in the matron's office to provide for this night nurse. Now, I know as a matter of custom that Doctor Manary is in the habit of calling the matron's office during the evening so that he can be informed as to what requests have been placed with the matron for these nurses so he can judge his actions accordingly. With this thought in mind I informed the matron's office again that evening that I was very anxious to obtain a nurse for this child who was so dangerously ill and believed so vital to spare his life and the matron assured me that if and when Doctor Manary called this case would be called to his attention. I know the Mayor of Boston is deeply interested in having the fund for special nurses so used that human life can be spared, but, apparently, there is a gross abuse of this fund at the Boston City Hospital, because this nurse never was put on. The same situation happened the following night and I assure every member of this Council here I phoned again not only to the matron's office but to Doctor Manary's office during the day when I was again assured that one nurse would be put on for this boy, and again I informed Doctor Manary's office that the family was still paying for two nurses for this boy. I wonder how long the trustees of the Boston City Hospital intend to permit Doctor Manary to be the czar of this hospital and to refuse to delegate authority to anyone else in the institution to make decisions involving matters of life and death. It is a matter of custom that every member of the Council is aware of, that no one in that hospital can put on a nurse without the sanction or the approval of Doctor Manary and if Doctor Manary is missing no nurse will ever be put on and, incidentally, when Doctor Manary states, through his office or otherwise, that he will put a nurse on I am sorry to say that his words carry no weight and no guarantee and I feel this is a condition that ought to be remedied. If Doctor Manary is not available for this purpose, and he usually is not available, authority to put on nurses should be delegated to someone else who can exercise full discretion in this matter, and I feel once and for all the trustees ought to dispose of this vexing problem by placing someone in full charge of special nurses other than the Superintendent of the Boston City Hospital.

Coun. CAREY—May I ask that the order be read again?

(Order read by the clerk.)

Coun. CAREY—Mr. President, only two months ago I introduced an order asking that

some investigation be made to find out why subordinates in the hospital did not follow out instructions of the superintendent when requests were made for special nurses. My order at that time was introduced because of the fact that I had within a week two cases up there of patients for whom I had requested, at the request of their families, that special nurses be put on. Both of the patients subsequently died. In one case the wife of the patient was loaned some money by a tenant in the house to pay for a nurse and even then no nurse was provided. Since then the councilor from East Boston has complained in this chamber, and now we have the complaint of the councilor from Ward 14. I say it is high time that something was done about it, to find out who is running the City Hospital and also to find out how long the families of patients up there in the City Hospital and others are going to be ignored. I was given a hearing at my request shortly after I introduced my order and I find the trustees were very sympathetic over what had happened and were of a mind to see that conditions were remedied. Nevertheless, I can say when I left the hospital that morning I did not feel that the matter had been thoroughly threshed out. In fact, I felt nothing had been accomplished. I certainly think it is about time that we found out who the boss is up there and if Doctor Manary is not the boss, then let us have it. It is an easy matter for those at the hospital day in and day out to see people brought in on stretchers, sometimes at the point of death. It is just one case after another with them, but for the families of those suffering victims it is another case and I think it is our duty to do everything in our power and to leave nothing undone to correct what is certainly a very unhealthy and smelly situation up there. It is about time the situation was cleared up and I would suggest an amendment to the order of Councilor Gottlieb, asking that the trustees of the hospital be requested either to appear here before the Council or that the Executive Committee of the Council might go to the City Hospital and meet with the trustees, and see if we cannot get to the bottom of the special nurse situation and have it over with.

Coun. TAYLOR—I don't know whether the councilor who submitted the order intended to take away from Doctor Manary altogether authority to delegate special nurses. If that was the intention, I am certainly opposed to it, but I believe since Doctor Manary has the sole authority to appoint special nurses, that there are many times when Doctor Manary is not at the hospital and it is important to get a special nurse in a very urgent case. I would like now to amend the order by adding the words, "that authority be delegated to somebody else in the hospital in the absence of Doctor Manary." In other words, in the event Doctor Manary is nowhere around that somebody else in the hospital is to have the authority to delegate the special nurses.

Coun. FISH—In the event Doctor Manary is not available, that he delegate that authority to some other individual of the City Hospital, I want to state publicly on the floor of the City Council that I have been a victim of the personal feeling that has reflected itself in some of the sick of my district. That personal feeling has come from no one other than the nurse, Miss Farrell, who has stated on occasions, because of her animosity to not only myself but my brother before me, that I would never get a nurse at the Boston City Hospital unless I spoke directly to Doctor Manary and if there is any delegation of power to place a special nurse for any of the patients, I strongly urge that that power be placed not with Miss Farrell but with the executive in charge in Doctor Manary's absence.

Coun. GOTTLIEB—The councilor from Ward 12 was not certain as to my intention in the filing of this order. In order to further clarify my intention and to express my feelings to the utmost in this matter I think that not only should Doctor Manary be prevented from interfering or exercising any authority with respect to the hiring of special nurses, but I think he should be stripped of all authority. I think it is high time, the way he has run the hospital, that he should retire. He is reputed to be worth a million dollars. I think he can go back to private practice and we could have a man who would devote more time conscientiously to the institution that requires so much time and effort to manage in his place there.

Chairman SHATTUCK—Question now comes on Councilor Taylor's amendment.

Coun. COFFEY—Speaking on the amendment, of course, when it hits home the other councilors will introduce similar orders to the one I introduced. I think this can all be ironed out if the superintendent of the hospital was summoned down with the Board of Trustees, and I reiterate the statement I made before, that I think, regardless of the expense or the cost to the City of Boston, a nurse should be available for any patient who is on the danger list up until the time that patient either is taken off the danger list or dies and I think the only solution to this is that we bring the superintendent of the hospital here along with the trustees, and then we can settle this once and for all.

Coun. LYONS—This special nurse proposition it seems to me to be more or less far-fetched in a way. I think every little kid in the crib knows about special nurses. It is getting to be quite a racket and in a way I do not blame Doctor Manary in his attitude toward some of the Coun-

cilors or toward some of the Senators and Representatives. Every time I receive a call that a party is in the hospital the first thing they want is a special nurse put on. People should have some consideration for the financial condition of the City of Boston. It costs \$5 for every nurse. Doctor Manary is a real humanitarian and is doing a pretty good job under the circumstances. I am not here in defense of him. I am here speaking because Doctor Manary is not here himself. Every time I want a special nurse on, if I figure the case is urgent, I would visit the patient myself, and if I thought the patient needed a special nurse I got one on before I left the hospital. Now I know his secretary is always being called demanding special nurses. Well, there is always a limit and a depth to any well. The nurses' fund has been exhausted for quite a while and the Mayor himself has donated \$5,000 to the fund in commemoration of his father. That has been all eaten up by special nurses. I do not think Doctor Manary will refuse a legitimate case. I am not here in defense of him, but every time I thought a person needed a special nurse I got one put on.

Coun. GOTTLIEB—Let me state briefly, for the purpose of the record, that I have never requested a special nurse at the Boston City Hospital except for a patient who was dangerously ill and so marked on the files or records in that particular case.

Coun. CAREY—I would also like to state it is a rare occasion that I ask for a special nurse there and my last two experiences, both the patients on the danger list and subsequently died. We always have had chiselers and always will have. I think, however, that the determination as to whether or not the request comes from a chiseler should rest with the trustees. At any rate, the nurse should be provided and if the family can pay for the nurse that is the time to talk about money, but when people are there on their death bed and need special attention, I say that we cannot give anything that is too good for that dying patient.

Coun. SCANNELL—About four weeks ago I introduced an order here where the race tracks were to pay for a special nurse fund in the Boston City Hospital. That order was passed by the Boston City Council and never was returned, I do not believe, but I and my colleagues here are getting up and talking about Doctor Manary and the conditions of the special nurses' fund at the Boston City Hospital. I say it is all right for them to criticize but when a man is working on a fund and a fund has given out through some members of the City Council insisting that nurses be put on where they are not needed, that is why the fund has given out. Doctor Manary is working off the pay roll of the Boston City Hospital and before you know it we will have to vote so much money for a special nurse fund and I think a motion is in order after the amendment is passed that we make a special nurse fund and make it permanent at the Boston City Hospital and do not criticize Doctor Manary because he has not had ample money to provide for nurses.

Chairman SHATTUCK—The order as presented by Councilor Gottlieb reads as follows: "That the trustees of the Boston City Hospital be requested, through his Honor the Mayor, to delegate authority to appoint special nurses in needy cases to an employee of the City Hospital other than the superintendent thereof." Councilor Taylor moves that be amended by adding at the end, "in the absence of Doctor Manary."

Coun. FISH—If I may make the request now that Doctor Manary, in the event it is going through, that he notify the members of the Council who he does designate to have that authority.

Chairman SHATTUCK—There is a further amendment which Councilor Carey offered which the Chair will read: "To amend the order by having the trustees either appear here before the City Council or else have the Executive Committee meet at the hospital with the trustees in order that the nursing situation may be thoroughly gone into."

The Chair will rule that this amendment is more properly the subject of a separate order if the councilor wishes to offer it.

Coun. Gottlieb's order as amended was adopted.

ROPING OFF STREETS AND DISPLAY OF FLAGS DURING LEGION CONVENTION.

Coun. HURLEY offered the following:

Ordered, That the City Messenger be instructed to rope off the streets along the route of the parade to be conducted by the American Legion during convention week of the National Organization and to arrange also for the display of the Flag at all points under his jurisdiction, during that week, the expense of same to be charged to the City Council Fund for Ropes, Flags and Stakes.

Passed under suspension of the rule.

Coun. COFFEY—I ask, Mr. President, unanimous consent to make a statement.

Chairman SHATTUCK—Is there any objection?

Coun. TAYLOR—I object.

ERECTION OF BLEACHERS AT RONAN PARK.

Coun. KELLY offered the following:
Ordered, That the Park Commission be requested, through his Honor the Mayor, to erect bleachers on Ronan park, Ward 15, as a W. P. A. project.

Passed under suspension of the rule.

INSTALLATION OF SIDEWALK IN WARD 19.

Coun. LANGAN offered the following:
Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to install sidewalks on the following-named streets in Ward 19:

Lindall street, Newbern street, Pond street, from Centre street to the Jamaica way, John A. Andrew street.

Passed under suspension of the rule.

MARKER AT SOUTH BOSTON MUNICIPAL BUILDING DESIGNATING SITE OF FIRST SCHOOL FOR BLIND.

Coun. LINEHAN and SCANNELL offered the following:

Ordered, That his Honor the Mayor be requested to make provision for the erection of a permanent marker, to be placed on the South Boston Municipal Building, designating the original site of the first school for the blind.

Passed under suspension of the rule.

ADDITIONAL HELP FOR CUSTODIANS OF PLAYGROUNDS.

Coun. LYONS offered the following:
Ordered, That the Park Commission be requested, through his Honor the Mayor, to furnish the custodians of the various playgrounds with additional help, either from W. P. A. or from the welfare rolls, in order that the playgrounds may be kept in proper condition.

Passed under suspension of the rule.

Ordered, That the Park Commission be requested, through his Honor the Mayor, to speed up the work on the tennis courts at Billings Field and Fallon Field, Ward 20, in order that they may be in suitable condition as soon as possible.

Passed under suspension of the rule.

Ordered, That the Park Commission be requested, through his Honor the Mayor, to assign a matron to both the Billings Field and Mary Draper Playgrounds in Ward 20.

Coun. LYONS—I wish to say a few words in behalf of those three orders. About six months ago I introduced similar orders relative to the condition of the playgrounds in Ward 20. There happens to be three playgrounds out there and the condition of the tennis courts is really deplorable. The tennis courts have been under construction now for the last two years. The people in my ward during the summer, fall and early spring are really tennis enthusiasts. Some people play golf, but the biggest part of the younger generation are playing tennis today. It is really deplorable to go into a playground in Boston and I think I am talking in behalf of all the playgrounds where they have inadequate help to start with. There must be W. P. A. and welfare workers who can be assigned to the playgrounds. Out in my playground today they have shower baths for girls. I think it is false economy to have shower baths where the girls cannot take a shower after tennis or the various games they participate in due to the lack of matrons, and I urge the Park Commissioner to put matrons there, not only for the summer but during the winter when they go skating. I have had quite a few requests due to the lack on the part of the Park Commissioner. I am not saying the ground keepers are accountable for it. They range between fifty-five and sixty years of age and taking care of eleven acres is a big job, so I hope the Park Commissioner will sit down with the Mayor of Boston and provide some means of going ahead, fixing the tennis courts and reconditioning the ball field and most of all put matrons where they belong.

Passed under suspension of the rule.

ACCEPT AND LAY OUT CHELMAN STREET.

Coun. LYONS offered the following:
Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Chelman street, Ward 20, as a public highway, under the W. P. A. plan of construction.

Passed under suspension of the rule.

ACCEPT AND LAY OUT CENTRE TERRACE.

Coun. LYONS offered the following:
Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Centre terrace, Ward 20, as a public highway, under the W. P. A. plan of construction.

Passed under suspension of the rule.

VETERANS' PREFERENCE FOR THOSE DRAFTED IN THE NATIONAL DEFENCE PROGRAM.

Coun. LYONS offered the following:
Ordered, That the Corporation Counsel be requested, through his Honor the Mayor, to draft a bill for presentation to the next session of the Legislature providing that veterans' preference in Civil Service be extended to persons drafted into the military or naval service of the United States in connection with the National defence program.

Coun. LYONS—I have introduced this order at this time to have the boys who are being drafted on compulsory military training for a year, supposed to start the middle of September, ages ranging from eighteen to thirty-one, given the preference. Ever since the Civil War veterans have been given preference. Now, I think it is a very good order for the youth of today to be given preference if they are going to devote one year of their time and money and effort to become soldiers in the United States Army, so I think in the 1941 session of the Legislature it should be presented, and so far as civil service jobs are concerned, these boys who devote a year of their time should be given preference just as well as the veterans of the World War.

Passed under suspension of the rule.

FOOD STAMP PLAN.

Coun. RUSSO offered the following:
Ordered, That his Honor the Mayor be requested to expedite the establishment of the Food Stamp Plan and make available its benefits to recipients at the earliest possible time.

Coun. RUSSO—The reason for introducing this order is merely my having the thought in mind that winter is approaching and to see these persons who wait at the depot where the commodities are distributed, and especially these poor and elderly people who have to walk from quite a distance from one part of the district to another, I feel that it is time that the Mayor shall do his best to expedite and put into operation this food stamp plan which will benefit the poor of Boston who are in need and which will eliminate all the waiting and suffering by waiting in line at these commodity stations.

Passed under suspension of the rule.

NAMING OF THOMAS ANDREWS SQUARE.

Coun. RUSSO offered the following:
Ordered, That the space at the junction of Tyler and Harvard streets, Ward 3, be named the Thomas Andrews square, in honor of said Thomas Andrews, a veteran of the World War.

Coun. RUSSO—I have been requested by the American Lebanese Organization in conjunction with the American Legion Post 105, to introduce this order. It is their desire to name this particular square at the corner of Harvard and Tyler streets in memory of this man, as he enlisted since 1915 and 1919 and served in the World War in the United States Army and I therefore feel it is my duty to present this order and I hope this order will pass.

Passed under suspension of the rule.

OPPOSITION TO PROPOSED LEGISLATION PROHIBITING NATURALIZED CITIZENS TO WORK ON DEFENSE WORK.

Coun. RUSSO offered the following:
Whereas, There are thousands of naturalized citizens in Boston and in the United States who are good citizens, be it

Resolved, That the City Council of Boston hereby oppose legislation now before the Congress of the United States under the general "National Defense Act" which would prohibit or make difficult the employment of naturalized citizens by corporations or concerns engaged in general defense work, thus denying true, worthy citizens who were admitted to this country after great expense on their part, the right to employment and the right to enjoy the advantages and the rights guaranteed them under our constitution.

Coun. RUSSO—Mr. President, I thank God that we still live here in America, the land of freedom and justice, and that no man can stop the free speech which the American Government guarantees to everyone here in America. The reason I have introduced this order is because I hold here in my hand a cut from a newspaper in the City of Boston which says: "The first to get birth certificate as the result of the Lynn General Electric Company order requiring only native-born employees to be assigned to Government work." I say, Mr. President, that I as one as a naturalized American citizen who came to these shores as a young boy, one who knows no other government than our Government, this great democracy in America, and one who will give his life to defend the principles and ideals which America stands for; one who upon reaching age took it upon himself to exercise his mind, his heart and his conscience, to swear allegiance to our flag and country; to have that opportunity which the American way gives to every American citizen, can stand here on this floor and defend not only myself but the millions throughout the City of Boston and throughout the United States who through no fault of their own were born in other sections of the world, and then to have a company such as this, eliminate all those who are naturalized American citizens from employment in a position of faith, honesty and security of that company. I say, Mr. President, that this is discrimination upon these individuals, as I stated before who, through no fault of their own, were born in other parts of the world. I had nothing to do or none of us had anything to do about where we were born. That was an act of God, and if that is an act of God then I thank God for the land that gave me birth, but I also thank God that gave me the mind and soul and conscience that when I reached the age that the United States Government requires to become an American citizen, that I for one took that pledge knowing what I was going into, knowing with my own free exercise of my conscience and mind that I was adopting the Constitution of the United States and adopting my flag—the American flag. Are we Americans who are naturalized not as equal as any American-born? I for one, and I know I speak the sentiment of millions of Americans, naturalized Americans, here in the United States, say that we have equal rights regardless of where we were born, regardless of what country we sprang from; that when we swore that allegiance we took that in our heart and it was inscribed in our heart and in our mind. I say, Mr. President, that this Council should go on record as opposed to any such legislation; that we thank God we still stand here in America, the land of freedom and justice, the land that we will give everything to, that is ours to defend America and our democratic form of government. So let me say again that I hope the proper authorities will take the proper steps to eliminate such discrimination as this to be allowed even to be printed in any newspaper and I thank God again that I live in America, my country, and for the American way of living.

Passed under suspension of the rule.

INSTALLATION OF SEATS, WATER FOUNTAIN AND TREES AT FATHER BUCKLEY PLAYGROUND.

Coun. SCANNELL offered the following:
Ordered, That the Park Commission be requested, through his Honor the Mayor, to install seats, water fountain and trees on the Father Buckley Playground, Ward 6, and to resurface same under the W. P. A. plan of construction.

Passed under suspension of the rule.

INSTALLATION OF SAFETY ISLANDS AT DUDLEY AND WASHINGTON STREETS.

Coun. D. F. SULLIVAN offered the following:

Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to install two safety islands at the junction of Washington and Dudley streets, Ward 9.

Passed under suspension of the rule.

CHANGE IN METHOD OF SALUTING FLAG BY SCHOOL CHILDREN.

Coun. M. H. SULLIVAN offered the following:

Resolved, That the members of the Boston City Council go on record as favoring a change in the method of pledging allegiance to the Flag in the Boston Public Schools so that the public school children will salute the national emblem in the same manner as do the members of the armed forces of the United States; and be it further

Resolved, That a copy of this order be forwarded at once to the Boston School Committee which is now in session.

Coun. M. H. SULLIVAN—Mr. President, I introduced this order as a result of action taken

in several American cities, most recently the city of Pittsburgh, in which the order as adopted in the Council passed there and accepted by the School Committee, to salute the flag in accordance with American traditions and standards. It seems the American flag salute adopted and in use closely resembles that used by the Nazi forces and that has resulted in severe criticism of the method adopted by several American leading newspapers. The Boston Post recently commented favorably upon this proposed order, and Chairman Joseph C. White of the School Committee has indicated that he will introduce an order to the School Committee this afternoon. I think the Boston City Council, which has taken action, should indicate its preference for the American way of doing it in accordance with the method used by the American armed forces. I think it would create a favorable reaction among American-minded people in Boston and I believe it would result in favorable commendation being received from patriotic citizens throughout the land. I think the Boston City Council should show the School Committee that we believe we should adopt the American way of saluting the flag. I ask that this order be passed and a copy forwarded at once to the School Committee which is going to take action on this matter today.

Coun. RUSSO—My colleague, the councilor from Ward 22, for whom I have the highest respect and esteem, by presenting this order at this time, I feel must be hysterical over the situation, over the European situation. I maintain as an American, that we should salute our flag in the tradition that has been laid down or given to us by our forefathers from the day that our allegiance to the flag was inscribed. I say if there is some similarity in our salute to our flag to any other "ism" that may be formed in the world, that we ought to be glad that they are following in our footsteps. We all know that since we have been going to school we were taught to salute our flag, standing erect, and pointing to our flag with our right hand extended, as a symbol of affection and admiration for the flag which we all love. Therefore, Mr. President, I do not see any reason why we should instruct our children in public schools to salute our flag in a militaristic manner when we know other countries throughout the world are saluting in a militaristic manner. I say as Americans, let us be Americans in the good American way. Let us live up to our traditions that have been handed down to us for so many centuries. I feel at this time it is to my state of mind inconsistent and ridiculous, may I say, to do otherwise because of some similarity to any other country. The children have saluted our flag for many years. I say, go ahead as we have as American citizens. Stand up as Americans and fear no one, and especially if we are going to allow our children in our public schools to salute our flag in a militaristic manner, then they are not following in our footsteps. Let us eliminate all of it and go on with the traditions. God bless America, and let us be Americans in the American way.

Coun. GOODE—As I understand this order which will be introduced in the Boston school system, it is the method of saluting the flag used today by the armed forces of the nation. In my opinion the method used by the Army and Navy should be that used by the school children. Certainly it is an unusual thing to salute the flag in one manner and then when the person grows up and becomes perhaps a member of the Army or Navy, or an enlisted or organized reserve, to salute the flag in a different manner. I believe the manner used by the armed forces of the nation is the oldest known method and certainly it should be used in the Boston school system.

Coun. TAYLOR—I am inclined to go along with Councilor Sullivan in this particular order. While there is no reason for any hysteria along those particular lines, nevertheless, after listening to radio reports and reading the newspapers, of actions by a form of government which will rain down bombs of death and destruction on civilians and people who are unable to defend themselves, whether or not that particular form of government is copying our salute or not, I believe that anything similar to their actions we should get away from, and I intend to vote along with Councilor Sullivan.

Passed under suspension of the rule.

STUDY BY BOARD OF ASSESSORS OF ASSESSMENTS IN WARD 22.

Coun. M. H. SULLIVAN offered the following:

Ordered, That the Board of Assessors of the City of Boston be requested, through his Honor the Mayor, to study at once the assessments on Ward 22 properties for the purpose of revising and reducing the same in accord with the precedent established by his Honor the Mayor one year ago.

Coun. M. H. SULLIVAN—Relative to the study of assessment in Ward 22, a year ago his Honor the Mayor established a precedent when he visited the Board of Assessors and requested that they defend the action upon lowering of the assessment in Ward 22 after assessment on 469 parcels of property had been increased in that section. As a result of action taken, the people of Ward 22 whose properties had been assessed

were informed they should file application for abatement to the Board of Assessors, and as a result of study made after the action taken by the local assessor, 369 properties were granted abatements in Ward 22. This year, because of some arbitrary action by the local assessor in the district, a number of properties were again raised which were reduced last year,—they were again raised this year to the figure to which they were increased last year and in some instances the amount this year exceeded that of last year. Upon further study by the Board of Assessors they reduced the assessment to what had been in effect in 1938 and as a result of arbitrary action taken by the local assessors, there is a duplication of effort on the part of the Board of Assessors, who have treated my section fairly, and I feel it is really duplicating the efforts of the Assessing Department in doing what they did last year. It is making more work there and is working a hardship among the lower salaried people in my ward. They are entitled to fairer consideration by the men who cover the territory out there. I do not mean this as a criticism of the Board of Assessors. When I brought this action to the attention of the Mayor, they were more than fair in their attitude toward the people of my district and I do not mean, certainly, to reflect upon the integrity of the men making the assessments, but I am moved by a spirit of fair-mindedness toward the people of my district. I know the Mayor will go along with this order and the Board of Assessors, and I would like to have them call in the local assessors and ask if he cannot do something whereby he will not be raising the property every year, forcing the Board of Assessors to reduce it and cause undue hardship for the people owning their own property.

Coun. LYONS—I had a similar order, and I will let it pass now and speak briefly on this. In my ward, I have the biggest amount of home owners in Boston. Telephone calls have been coming in the last two weeks, when they received their tax bills of \$500 to \$1,000 tax addition over 1939. One man, a business man in Roslindale, out of a clear sky with nothing additional on to his property, they put \$10,000 extra on one parcel. Another business man, \$12,000. The assessors in Boston, especially the first assistant assessors, if they have any wisdom or brains at all should work with the people of Boston who pay their week's pay. I do not see why an innocent person has to stand the brunt and keep his rents down, and out of a clear sky have a first assistant assessor put \$10,000 on the property. I say it is ridiculous. Home owners may have been assessed for \$6,000 or \$7,000 without any additional garages,—maybe a man put a coat of paint on the house and was assessed \$500 to \$1,000 more. I am glad Councilor Sullivan has introduced this order and it is not the Mayor of Boston's fault, although he has taken the blame for it. The Board of Assessors should instruct the first assistant assessors to use their sound judgment, if they have any, and I move to amend that to include Ward 20.

Coun. GOODE—I hope the Board of Assessors will reconsider the action taken in the city in raising the assessment on the home owners. In my section, in some sections of my ward, no public works improvements have been made in a period of years; no improvements made in the homes and then we find the assessments raised. If this continues much longer without improving the public works facilities throughout the city, particularly in my district, we will be driving potential home owners and taxpayers out of the city into the nearby cities and towns.

Coun. FISH—Briefly, Mr. President, I would ask that the amendment to that order also include Ward 16. It was only this morning I met a home owner in whose behalf I appealed for a lower valuation last year, and he received that. Now when he received his tax bill for 1940, it was back to the old valuation. Now if the property warranted that it should be reduced in 1939, I see no reason why it should be increased the following year. Possibly in the next few days I will be besieged by the home owners out there, as Councilor Sullivan has been, and I would like to just put this word in advance of those calls and have that amended to include Ward 16.

Coun. CAREY—I have had the same experience in my ward that has been the case in every other ward in the city and as the councilor just said, in some cases I handled for taxpayers last year and succeeded in getting a reduction in their assessment of \$500 to \$1,000, the bills were sent out this year at the old figure. I think, however, this is probably due to the shortage of help in the Assessing Department. You cannot have a system, as we are having it here today, a Mayor struggling along with nothing to work with, with a shortage of help, and expect the records to be up to date and complete. It simply doubles the work. The cases last year in my ward where I had reductions, may necessitate those people filing this year application for the second time. It will necessitate going over the applications by the first assistant assessor and then by the Board. It will be further work for the clerical staff already deluged with work down there. I think it might be well first to consider adding on to the clerical force in the Assessors' Office, but for those who have had valuations raised, it might be well if some public announcement was made, because many taxpayers are not aware that they might file this application between now and October 1st, claiming or asking for a reduction in their assessed valuation.

Coun. HURLEY—I move the words "Ward 20" be stricken from the original order and be amended to include the entire City of Boston. I think we will get along much faster than having each councilor getting up and speaking on the order and asking that it be amended to include his own ward.

Chairman SHATTUCK—Will the councilor from Ward 22 accept the amendment?

Coun. M. H. SULLIVAN—I will accede to the suggestion of Councilor Hurley.

Order passed with the amendment to include all the wards of the city, passed under suspension of the rule.

REFRAINING FROM INCREASING ASSESSMENT ON BUILDINGS REPAIRED IN THE NATURE OF UPKEEP.

Coun. TAYLOR offered the following:
Ordered, That the Board of Assessors be requested, through his Honor the Mayor, to refrain from increasing the assessed valuation of houses and buildings because of improvements and repairs made by the owners in an effort to keep up their properties.

Coun. TAYLOR—Mr. President, many of the councilors rose to their feet on a previous order with reference to increased valuations on properties over the last year. I, too, concur with them in that respect, because, in my opinion, conditions are such in the City of Boston that in no way has affected real estate so as to increase it in value. However, this particular order is somewhat different. There are many people in Boston owning property who desire to improve their property and because of the fact they are afraid the assessors might increase the valuation to an already overburdened business or home owner, they are reluctant to repair these houses. In my opinion the most important thing in government today is an attempt to keep people at work, to try and provide employment for people who are out of work. We have an opportunity to do so here in this city today. Many people desire their homes repaired and improved and by so doing it will of necessity put a great many people in employment. I say I think the Board of Assessors ought to cooperate with the rest of the municipal office holders and refrain from increasing valuation in any home because of any improvement during the period of the year.

Passed under suspension of the rule.

OPENING UP IDLE FACTORIES FOR USE IN NATIONAL DEFENSE WORK.

Coun. TAYLOR offered the following:
Ordered, That his Honor the Mayor, be requested to take up with the Massachusetts delegation in Congress the matter of opening up all idle factories throughout the state by furnishing work which they may do in connection with the national defense program and which would furnish employment for thousands of citizens.

Coun. TAYLOR—Mr. President, we all know that a great many million dollars are being spent by the Federal Government for defense. We all know in Massachusetts we have a great many factories which are idle at the present time,—factories which heretofore were successful businesses and which employed a great many people. I think we now have a golden opportunity to put many people to work and if the Mayor will contact the Congressmen and Senators of our State who will exercise their influence in Washington, I am sure many of these factories can be employed for useful purposes and many people will be returned to work.

Passed under suspension of the rule.

Coun. LINEHAN—I ask unanimous consent to make a statement, Mr. President?

Chairman SHATTUCK—Is there objection? The Chair hears none.

Coun. LINEHAN—Mr. Chairman, probably what I am going to do today might be considered very much of a political blunder on my part, but it so happens I have made political blunders in my own district and seem to have gotten away with it. During this week I have sat at home and listened to a radio speaker espouse the cause of a candidate for public office. During that speech this particular party happened to refer to the members of the Boston City Council. He also used his title as President of the Boston City Council. Then he went on to read a so-called letter which I am going to assume was signed by certain members of the Boston City Council, because it was stated that that was the fact. Of course, I did not mind the fact up to that point of the reading of the letter, but after he had read what I believe was the full contents of the letter, he didn't read out the signatures of the members of the Boston City Council who had signed that petition and I, for one, coming from Ward 7 in South Boston, who was in favor of another candidate, I am rising to my feet today to at least let the people of Ward 7, from which the candidate whom I am for comes and who has served this Body honestly and faithfully in the past, not only as an ordinary member of the Boston City Council, but also as President of the Boston City Council,

and as President there is no question about it that he had the reputation of doing the finest job as Acting Mayor of the City of Boston when he was called upon to do that job, and I refer to the hurricane situation. The man I refer to was John Kerrigan, who I am espousing the cause of, not on this particular floor here. I haven't taken the floor of any place to espouse his cause other than in a friendly way to pass the word along in a nice quiet way. But I thought best not to campaign for him openly, but, having known him and his family all my life, and knowing him to be the fine, honest type of fellow he is, I couldn't help but come out for that young man. Now I want to serve notice on anybody, whether he is President of the City Council or what position he might have in government, that when he uses the name of the Boston City Council, whatever position he might hold, and then go on to include certain members of the Body which he served as its leader, that he owes it to the minority members to name those men. Otherwise, men such as myself who live in South Boston are going to have people in Ward 7 who love and respect the man running against the man whose cause he espoused, think that Councilor Linehan is for a fellow from Charlestown by the name of Freddie Sullivan. I might add now I only decided to do this within the last half-hour. I have been debating it with myself for the last half-hour and I have only mentioned it to another man whom I know is also with the fellow that I am going to vote for for Sheriff of Suffolk County. I hope in the future when the President of this Body espouses the candidacy of any public servant or anybody running for any office and he uses the group and does not specify the men, hereafter I will get up every time, as I have done today, in order not only to show where I stand, but I think it is fair for the other minority members here who are not with that particular candidate because of the fact that Johnnie Kerrigan is a well-liked fellow not only in South Boston but all over the city. There are different members of this Council whose names I can read off who are not going to espouse the candidacy of that man. People might say they will never vote for me because I went back on my candidate. That is why I am forced to say I for one espouse the candidacy of John Kerrigan for sheriff, and I hope this notice gets around to the people in Ward 7 whom I represent and they know I am for that particular gentleman.

President GALVIN—Mr. President, I would like to ask unanimous consent to make a statement.
Chairman SHATTUCK—Is there objection? The Chair hears none.

Coun. GALVIN—Mr. President, it is unusual, and I feel that it is unethical to bring political contests into the Council Chamber. I know if I am with a candidate for office I do not keep it a secret, and if I feel I want the people of my district to know who I am with, I come out openly and tell them and I do not keep it in such a manner they wonder whether I am or I am not with that individual. When I stated on the radio that I had the majority members of this City Council with their names signed to it with the person who seeks that office, I told no lie and I do not feel as though I used the title of President of the Boston City Council, which office you have elected me to, disgracefully. I say at the present time it is an easy matter for an individual to bail himself out by putting it on record, but I know if I came from South Boston and was with John Kerrigan I wouldn't tell it to 200 people. I would tell it to 700,000 people on the radio that I was for Kerrigan.

REPAIRING STREETS IN WARD 21.

Coun. GALVIN for Coun. Ward offered the following:

Ordered, That the Commissioner of Public Works, through his Honor the Mayor, be requested to repair Mechanic street, Ward 21, under the W. P. A. type of construction.

Ordered, That the Commissioner of Public Works, through his Honor the Mayor, be requested to repair LaRose place, Ward 21, under the W. P. A. type of construction.

Passed under suspension of the rule.

ACCEPT AND LAY OUT LAROSE PLACE.

Coun. GALVIN for Coun. Ward offered the following:

Ordered, That the Board of Street Commissioners be requested through his Honor the Mayor, to accept and lay out LaRose place, Ward 21, as a public way.

Passed under suspension of the rule.

REPAIRING OF MATHER STREET.

Coun. WICKES and FISH offered the following:

Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to repair Mather street, from Dorchester avenue to Allston street.

Passed under suspension of the rule.

Adjourned at 5.50 p. m., to meet on Monday, September 16, 1940, at 2 p. m.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

ASSISTANT TO THE CUSTODIAN OF REAL ESTATE, BOSTON PUBLIC BUILDINGS DEPARTMENT, OCTOBER 26, 1940.

Last date for filing applications, Monday, October 14, 1940, at 5 p. m.

The present vacancy is permanent for the duration of the act.

Salary: \$36 per week.

Duties: To take full charge in the absence of the custodian. To visit the site of each parcel (land or building) after foreclosure, make report of its condition to determine its value or usefulness, advise as to rental, sale, etc., determine need and extent of repairs, estimate cost of repairs, determine safety of buildings, check for vandalism and notify Building Department or Police Department. To visit the Assessing, Welfare, Collecting, Law, Building and Water Departments of the City of Boston (which requires a working knowledge of their set-ups and functions relative to real estate) in order to check the valuation over a period of years and to record the taxes, assessments, interest, water rates, restrictions, zoning or any encumbrances on the particular property. To interview prospective tenants or purchasers; to decide on values and appraisals; to inspect work performed by contractors on property; to check sales in various sections of the city; to consult with various committees such as the Housing, Planning or Zoning Boards.

The assistant must be familiar with chapter 358, Acts of 1938, establishing the position of Custodian of Real Estate; must have a thorough knowledge of tax sales and how tax titles are acquired by the City of Boston; must be familiar with W. P. A. procedure, know how to initiate projects and write them up, be able to check personnel, and report progress of projects pertaining to the division; must know the geography of the city, and be familiar with office procedure and practice.

Entrance Requirement: Applicants must have five years' experience in general building construction work, of which two years must be of a supervisory nature. Substitution: Two years' experience as an assessor or appraiser may be substituted for experience in building construction.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

NOTE.—Information concerning the results of this examination will not be available until at least sixty days after the examination has been held. If the eligible list is established in the meantime, all applicants will be notified.

THE NOISE NUISANCE.

That city officials are serious about eliminating noise is noted from studies of new anti-noise ordinances enacted by a growing number of municipalities listed in the "United States Municipal News," bulletin of the American Municipal Association and the United States Conference of Mayors. Among the more important of these cities are Philadelphia, Gary, Ind., Louisville, New York and Boston.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

ASSISTANT DIETITIAN, BOSTON INSTITUTIONS DEPARTMENT, OCTOBER 26, 1940.

Last date for filing applications, Monday, October 14, 1940, at 5 p. m.

Salary: \$1,000 a year and maintenance. The present vacancy is for a female at Long Island Hospital.

Entrance Requirement: One year's experience as a dietitian in a hospital, hotel cafeteria, or similar field.

Duties: Under the supervision of the dietitian, to do any or all of the following when required: Make up menus for groups of patients, inmates and employees. Make up menus for individual patients according to prescribed diets. Take charge of the special diet laboratory. Take charge of the kitchens, serving rooms, dining rooms, baking and pastry room, vegetable storage room and butcher shop. These duties require the assistant to regulate the time and assign the duties of employees, requisition food and other supplies, supervise the preparation, distribution, and serving of food, and supervise the maintenance, in a clean and proper condition, of the rooms, dishes, utensils, and other equipment of the parts of the dietary department which are under the care of the dietitian.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

NOTE.—Information concerning the results of this examination will not be available until at least sixty days after the examination has been held.

If the eligible list is established in the mean time, all applicants will be notified.

THE SCHOOL COMMITTEE OF THE CITY BOSTON.

ADMINISTRATION BUILDING, 15 BEACON STREET, OFFICE OF THE BUSINESS MANAGER.

PROPOSALS FOR FURNISHING MUSICAL INSTRUMENTS AND MUSIC STANDS FOR THE BOSTON PUBLIC SCHOOLS.

The School Committee of the City of Boston invites bids for furnishing and delivering musical instruments and music stands for the Boston public schools. Proposal forms, for which a charge is made, are obtainable at the office of the Business Manager of the School Committee, 15 Beacon street, tenth floor. Envelopes containing proposals must be sealed and plainly marked "Proposal for Musical Instruments and Music Stands." The bid must be in duplicate. One copy signed by the bidder and accompanied by a certified check for \$50, payable to the City of Boston, must be left at the office of the Business Manager on or before 12 o'clock m. on Tuesday, October 1, 1940. Copies filed with the Business Manager will be publicly opened and read at 12 o'clock m. of the day stated. The other copy, also signed by the bidder, must be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for the opening of bids. The School Committee reserves the right to reject any or all bids or to accept the bid or bids which it deems best for the interests of the city. The successful bidders will be required to furnish a bond for not less than 50 per cent of the amount of the contract.

ALEXANDER M. SULLIVAN,
Business Manager of the School Committee.
(Sept. 21.)

CITY OF BOSTON.
REAL ESTATE DIVISION.

PUBLIC AUCTION.

The City of Boston will sell at public auction all its right, title and interest in and to about six thousand six hundred and thirty-five (6,635) square feet of land on the southwesterly side of Gray street, Charlestown, formerly numbered 28 in the numbering of said street, and more fully described in a tax deed recorded with Suffolk Deeds, Book 5292, page 455, on Tuesday, October 1, 1940, at 11 a. m., on the premises, at a minimum price of fifteen hundred dollars (\$1,500).

A deposit required at the time and place of sale of two hundred dollars (\$200), in cash or certified check, balance to be paid in thirty (30) days. Further particulars from Custodian of Foreclosed Real Estate, 47 City Hall, Boston, Mass.

DANIEL M. DRISCOLL,
Custodian of Foreclosed Real Estate.
(Sept. 21-28.)

CITY OF BOSTON.
BOSTON HOUSING AUTHORITY.

PROPOSALS FOR FURNISHING AND DELIVERING HEAVY FUEL OIL.

The Boston Housing Authority will receive sealed proposals for furnishing and delivering heavy fuel oil in connection with the operation of its USHA-Aided Housing Projects Mass. 2-1 (Charlestown), Mass. 2-2 (South Boston), Mass. 2-3 (Mission Hill, Roxbury), and Mass. 2-4 (Lenox Street, Ward 9), until 3 p. m. Eastern Daylight Saving Time, Thursday, September 26, 1940, at the office of the Authority, 18 Oliver street, Boston, Mass., at which time and place all bids will be publicly opened and read aloud.

Bids shall be submitted in triplicate, in a sealed envelope, indorsed with the name and address of the bidder and plainly marked "Proposals for Furnishing and Delivering Fuel Oil."

Proposal Form is on file at the office of the Authority, 18 Oliver street, Boston, Mass., and may be obtained by depositing ten dollars (\$10) in the form of a certified check, payable to the Boston Housing Authority, for each set so obtained. The amount of the deposit will be refunded upon return of each set in good condition within ten (10) days after the opening of bids.

The successful bidder or bidders will be required to furnish a satisfactory Performance Bond in the form set forth in the Proposal Form. Only responsible bidders will be considered in making the award.

The Boston Housing Authority reserves the right to reject any or all proposals and to waive any informalities either in the bidding or in the proposals, and reserves the right to award the contract or contracts as it deems for its best interests.

No bid shall be withdrawn for a period of thirty (30) days subsequent to the opening of bids without the consent of the Boston Housing Authority.

Bidders may bid upon any one or more of the five proposals.

Proposals must be accompanied by bid security in the amount set forth in the Proposal Form, in the form of a certified check or bank draft, payable to the Boston Housing Authority, or satisfactory Bid Bond executed by the bidder and a surety company authorized to transact business in the Commonwealth of Massachusetts.

BOSTON HOUSING AUTHORITY,
by JOHN A. BREEN, *Chairman.*
(Sept. 21.)

PARK DEPARTMENT.

NOTICE OF HEARING.

The Board of Park Commissioners of the City of Boston hereby gives notice that a public hearing will be held in the office of the Park Commissioners, 33 Beacon street, on Wednesday, October 2, at 11 o'clock a. m., on the petition of Abraham M. Nadell, 297 Commonwealth avenue, Boston, to convey title of the building at 297 Commonwealth avenue, Boston, to the Crystal Temple of Truth.

It is proposed that this church will use this building as its headquarters and will be occupied by the pastor of this church, his staff and students.

Proponents and opponents will be heard at the Park Department office at the time and date mentioned herein.

WILLIAM P. LONG, *Chairman,*
THEODORE C. HAFENREFFER,
WILLIAM F. KELLEY,
(Sept. 21.) *Commissioners.*

W. P. A.
CITY OF BOSTON.
SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING LUMBER TO THE FIRE DEPARTMENT.

The Supply Department of the City of Boston invites proposals for furnishing lumber to the Fire Department, as per specifications contained in forms which may be obtained at the office of the Supply Department, Room 1001, City Hall Annex. There will be a charge of twenty-five cents (\$0.25) for each blank proposal taken out. The bidder must leave his proposal with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read Friday, September 27, 1940, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

JOHN A. BREEN,
(Sept. 21.) *Superintendent of Supplies.*

CITY OF BOSTON.
SUPPLY DEPARTMENT.

PROPOSALS FOR COPPER SERVICE TUBE.

The Supply Department of the City of Boston invites proposals for furnishing to the Public Works Department, Water Division, copper service tube as per specifications, to be delivered as required. The bidder must use the form of proposal to be obtained at the office of the Supply Department, Room 1001, City Hall Annex, and leave his proposal with a certified check for \$100, payable to and to become the property of the City of Boston, if the proposal is not carried out, at the above-mentioned office. There will be a charge of twenty-five cents (\$0.25) for each blank proposal taken out. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. ENVELOPES CONTAINING BIDS TO BE SEALED AND PLAINLY MARKED "PROPOSAL FOR COPPER SERVICE TUBE." Bids will be publicly opened and read Friday, September 27, 1940, at 12 o'clock noon. The successful bidder must furnish a bond for one half the total estimated amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

JOHN A. BREEN,
(Sept. 21.) *Superintendent of Supplies.*

CITY OF BOSTON.
POLICE DEPARTMENT.

PROPOSALS FOR ANTHRACITE COAL.

The Police Department of the City of Boston invites proposals for furnishing and delivering anthracite coal. The bidder must use the form of proposal to be obtained at the office of the Property Clerk, Room 105, 154 Berkeley street, Boston, and deposit with his bid, at the office of the Police Commissioner, a properly certified check in the amount of \$200, payable to and to become the property of the Police Commissioner for the City of Boston if the proposal is not carried out. Proposals will be publicly opened and read on Friday, September 27, 1940, at 12 o'clock noon, at the office of the Police Commissioner, 154 Berkeley street, Boston, Mass. The Police Commissioner reserves the right to accept or reject any or all proposals, or any part of a proposal, and to award the contract as he deems for the best interests of the Police Department of the City of Boston. Surety bond will be required from the successful bidder in an amount equivalent to 50 per cent of the estimated contract amount.

JOSEPH F. TIMILTY,
(Sept. 21.) *Police Commissioner.*

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 32.

SATURDAY, SEPTEMBER 28, 1940.

No. 39

MAYOR TOBIN WELCOMES AMERICAN LEGION TO BOSTON FOR 22ND ANNUAL CONVENTION — EXTENDS HOSPITALITY OF CITY TO DELEGATES AND FRIENDS AT BOSTON ARENA ON MONDAY MORNING — CALLS ATTENTION TO SERIOUS PROBLEMS THAT CONFRONT COUNTRY JUST AS FOUNDING FATHERS HAD, AND SAYS, AS THEY FACED AND WON OVER THEIRS, SO CITIZENS OF TODAY MUST FACE AND WIN THOSE NOW PRESENTED, THE CHIEF OF WHICH IS PRESERVATION OF OUR CIVILIZATION AND OUR WAY OF LIFE — BIDS ALL VISIT HISTORIC SPOTS AND RENEW FAITH AND PATRIOTISM.

In his welcome address to the American Legion Convention at Boston Arena on Monday, September 23, Mayor Tobin spoke in part as follows:

GOVERNOR SALTONSTALL, COMMANDER KELLEY, DISTINGUISHED GUESTS.

Boston, the mother city of this great and wide nation, greets the American Legion, its Auxiliary, its sons and daughters, its relatives and its friends. For the next five days this city — the city of song, story and legend — the city of liberty, freedom and justice — the city of dignity, tradition and history — opens its gates, its heart, and its arms to you — the men and women of the American Legion — the pride, the joy, yes, the very backbone of the United States of America.

Ten years ago you came to our city. You conquered us and we wanted you back again. Up to that time, it was the greatest, most colorful, most significant convention ever held in our city. This convention, held in the year 1940 — held at a time when the world we knew ten years ago has taken on a startling change of face, will be, in my opinion, even greater than that of ten years ago, even more colorful than that of ten years ago, and certainly, far more significant than that convention of ten years ago.

As Mayor of Boston, where first was heard the raised voice against the rule of tyranny — where first was shed the blood that crimsoned the dawn of a new nation — where first were heard the bells that tolled the death of one form of government and signalled the beginning of a new government — as Mayor of this grand old city, I extend to you my thanks and that of all our citizens that you have come back to us at a time when current events of great and lasting historical importance are occurring in this and other parts of the world.

Boston Attractiveness.

This morning, my address to you will not be a lengthy one. You have a long list of interesting speakers. Before you are five days that will tax your physical reserves. I do not want, nor do I intend, to wear you down with an address which might be of some interest to inquiring posterity, but which would be a heavy dose to give you at the start of your convention. At any rate, before this week has passed, you will have heard my voice so often that you might well say — give us the keys to the city and try out your voice on key G of the piccolo.

I am of the hope that you will find Boston an interesting city — a city that lends itself to exploration — a city of ancient charm — and historical attractiveness. We are an old city. We have many wrinkles in our brow. Like all fair ladies who have passed the period when the flush of youth is its own charm, we have doctored and dressed up our face with gay bunting and decorations in your honor.

We are a small city as large cities go. We have many problems that come to the old, and which the younger cities of our nation have yet to face. We are a city of about eight hundred thousand population, but, within a fifteen-mile radius of where we sit today, there lives a population of about two million people, and when I greet you as the Mayor of Boston, I take upon myself not only the pleasurable duty of welcoming you in the name of the residents of Boston, but also in the name of the whole two million people who, except for old and traditional boundary lines, are essentially Bostonians.

We have many attractions both within, and a reasonable distance outside our city, which I hope you will enjoy before your departure. In this community are more schools and colleges than in any similar area in our country. Just over the bridge that spans the Charles river — a scant three miles from here — is Massachusetts Institute of Technology, renowned the world over, — and just a mile or so beyond is Harvard University — perhaps the most famous seat of learning in the whole United States. Within the city — almost around the corner — is Boston University — and just over the city line, in the city of Newton, you will see the tall and graceful spires of Boston College, conducted under the direction of the Jesuit Fathers. Dartmouth College, Holy Cross and a host of other higher institutions of learning, including our women's colleges, are within easy reaching distance of the city. All of these institutions will welcome a visit from members of your organization.

If you can find your way out of the twisting, winding streets of our city to the great, broad highways just outside the city, you will find yourselves in a very short period of time back in old New England — the rolling countryside — the towns and villages nestled in the valleys — the verdant and stately hills — the wide stretches of sandy beaches — the jagged and rough New England shore — the quaint old towns where houses erected a century ago or more still stand as sturdy and strong as the character of their owners.

(Continued on page 1056.)

"O Boston, fair City enthroned like a radiant queen,
From thy hill looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"
From Boston Centennial Poem by
NATHAN HASKEL DOLB.

CITY RECORD.

Published weekly in Boston by the Board of Trustees of the Statistics Department of the City of Boston, under the direction of the Mayor, in accordance with legislative act and city ordinance.

JOSHUA H. JONES, JR., Associate Editor.

MUNICIPAL CALENDAR.

Meeting of the City Council, Monday, September 30, at 2 p. m.
Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

To THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

To THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

To THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

To THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables slaughter-houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

To THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made

to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

To THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

To THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

To THE BOARD OF EXAMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

To THE STATISTICS DEPARTMENT, 73 City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

To THE WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

To THE BOARD OF ZONING ADJUSTMENT, 43 City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For the week ending Sept. 21, 1940.
Population as of July, 1940, Massachusetts State Census, 817,713; population estimated July, 1940, United States Census Bureau, 769,520; number of deaths (stillbirths excluded): Residents, 160; nonresidents, 37; total, 197.
Death rate per 1,000 of population: All deaths, 13.31; nonresidents deducted, 10.81.

Death rate per 1,000 of population:
Last week, 13.31; corresponding week last year, 12.55.

Deaths by age periods, sex, etc.: Under one year, 24; one year to four years, inclusive, 5; sixty years and over, 103. Total deaths: Male, 98; female, 99; deaths in hospitals and institutions, 126; deaths of colored, 7.

NATIONS DO NOT LIVE, PROGRESS OR PROSPER ON MEMORIES OF PAST GLORIES, CITY COUNCILOR HENRY L. SHATTUCK TELLS AUDIENCE GATHERED AT PAUL REVERE MALL, FOR DEDICATION OF DALLIN STATUE AND TABLETS OF THIRTEEN HEROES OF EARLY DAYS OF NORTH END OF BOSTON—HEROES DID NOT DIE FOR COUNTRY THAT DESCENDANTS MIGHT LIVE SOFTLY, BUT THAT THEY MIGHT PICK UP AND CARRY ON THE TORCH OF LIBERTY—DELIVERS PRINCIPAL ADDRESS AT CEREMONIES INAUGURATING WEEK OF AMERICAN LEGION CONVENTION.

The following are the remarks of Councilor Henry L. Shattuck at Dedication of Paul Revere Statue, September 22, 1940.

We are gathered here today to dedicate this statue of Paul Revere and these tablets commemorating the great names in the history of the North End and the North Enders who served their country in war. On these tablets are commemorated such men as John Winthrop, the leader in the founding of Boston and Governor of the Massachusetts Bay Colony; Increase Mather and his son Cotton, the most notable clergymen of their times; John Hull, the Mint Master, who coined the Pine Tree shillings; Dr. Joseph Warren, hero of Bunker Hill; John Tileston, the beloved schoolmaster; Captain John Manly of the Revolutionary Navy; Benjamin Franklin, printer, statesman, and philosopher; Charlotte Cushman, the great actress; Samuel Francis Smith, author of "America," and Colonel Thomas Cass, the organizer of the old "Fighting Ninth Regiment." The tablets tell of their lives and deeds. I commend a careful reading of them, either after these ceremonies or better still, at some quieter time. On this day and in the days to come, may the memory of these honored dead inspire us and our descendants to unselfish service to our fellow men.

Of Paul Revere and of the lessons to be drawn from his life, I shall speak more at length.

Born near this spot, in January, 1735, Paul Revere was the son of Apollos Rivoire, a native of France, and of Deborah Hitchborn. As a boy he attended the North Writing School on North Bennet street, now the Eliot School. And as a young man, during the stirring times preceding the Revolution, and until long after the Revolution, he lived and worked in the house on North square which had been preserved in his memory and which you all know.

APOSTLE OF LIBERTY.

Paul Revere was a jack of many trades and a master of several. In the Boston Art Museum and in the homes of old-time Bostonians may be seen examples of the silverware of distinguished beauty designed and wrought by him. In the steeple of King's Chapel on Tremont street and in the steeple of your own St. Stephen's Church, and in the steeples of other old-time churches, bells from his foundry still call the parishioners to their devotions. His engravings of the Boston Massacre, and of the British troops landing on Long Wharf at the foot of State street, give a vivid picture of those historic events and have been often reproduced in the history books. Had Paul Revere done nothing more, his

name and fame would have been secure among all those interested in fine craftsmanship, but no statue would have been erected to his memory.

It is as a patriot, as an apostle of liberty, as one of those indomitable men who brought into being this Republic of ours, that we celebrate him today. One of the Boston Committee of Correspondence, one of the Sons of Liberty who met at the Green Dragon Tavern on Union street near Hanover street, one of the Boston Tea Party, a messenger to carry to the Continental Congress at Philadelphia the news of what the Boston Patriots were doing, he was ever ready to give his time to the cause of liberty.

He and his associates saw that a conflict with Great Britain was inevitable, and that preparation must be made. Powder, guns and other equipment were gathered and stored at Concord and other outlying towns. Bodies of Minutemen were recruited, and made ready for the call to arms. General Gage, the British commander, hearing of these activities, made plans for an expedition to seize the stores at Concord. Revere and his associates got wind of these plans. They were not caught napping. They were not "too late."

From the tower of the Old North Church the famous signal lights were displayed on the night of April 18, 1775, and that same night Paul Revere was ferried across the Charles river to Cambridge, and started his famous ride. He gave the alarm which brought out the Minutemen and saved Samuel Adams and John Hancock from capture. Then followed the fight at Concord Bridge, and the pursuit of the British back to their garrison in Boston. Paul Revere was ready for the call, and he carried out his assignment with boldness and despatch. In due time the final victory was achieved, and this Republic was founded and dedicated to government of the people, by the people and for the people.

SHOULD HONOR HEROES.

It is well that we should honor and celebrate the achievements of Paul Revere and of our other heroes. It is just and fitting that we should sing their praises and take pride in their deeds. But that is not enough. We must not stop there. Nations do not live, progress and prosper on memories of past glories. These patriots did not live for their country and die for their country in order that we might live softly. They looked to us, their descendants, to pick up and carry on the torch of liberty. They knew, and we should remember, that the price of liberty is eternal vigilance and that liberty is the heritage of the strong, not of the weak. They did not

cry "Peace, Peace," when there was no peace. They raised the flag of liberty. They nailed it to the mast. They won the victory.

MUST PRESERVE LIBERTY.

The liberty which these men with their hands, hearts and lives so nobly gained for us must be preserved. That is our task. They are calling upon us to perform it. Only by answering this call by personal service to the cause of liberty can we truly show them the honor that that should be theirs.

Now as perhaps never before in our history we are being put to the test. The light of democracy throughout the world is burning low. Czecho-Slovakia is enslaved; Denmark is a captive; Norway, Holland, Belgium and France have been conquered. Sweden and Switzerland are well nigh helpless. England is fighting for its life. Eire is in deadly peril, and its fate is bound up with that of England. If England fails, the words "too late" will be on her epitaph.

Dictatorships reign over Europe and Asia, and threaten us. We ourselves are not free from blame. We have lived too softly. We have taken our duties and responsibilities too lightly. Our will to uphold the torch of liberty and democracy has been weak. We must revive the spirit of Paul Revere. And we must do it now, and not wait until it is "too late."

Government in democratic form is not self-executing. The responsibility for carrying it on falls on each one of us. In so far as we assume this responsibility with intelligence and zeal, government under ordered liberty will prevail. In so far as we neglect this responsibility, it will fail.

STRENGTHEN GOVERNMENT.

We must strengthen our government by taking our part as citizens in the choice of our leaders and in the forming of a sound public opinion on the issues of the day. We must have an Army and Navy and Air Force and arms and ammunition adequate to defend our rights and liberties against all comers. And we must have a trained personnel in which all, according to their ages, physical condition and abilities, will have a part and in which all will be subject to call in case of need. We must harden and discipline ourselves for the struggle that lies ahead.

In Paul Revere's time mechanization was unheard of. The Minutemen with their fowling-pieces, and a very small nucleus of trained men with a few light cannon, served the purpose of the hour. Not so today. In this age of mechanization, manufacture of material and

ADDRESS BY COUN. SHATTUCK.
(Continued from page 1047.)

training of the men to use the material must be a long process. As Major Eliot has recently said, "The nation which defers its preparation until war is at hand is a nation defeated before it has begun."

Appeasement will not do. This failed at Munich. Neutrality will not do. Witness the fate of Norway, Denmark, Holland and Belgium. They thought to be saved by neutrality. Only on armament in the hands of trained men, backed by a united and virile nation, can we rely for the preservation of our liberties. And time is of the essence. We must brook no delay.

Finally, let us remember the admonition of Abraham Lincoln. He said:

"A house divided against itself cannot stand . . . this government cannot endure permanently, half slave and half free."

This lesson may be applied to the world as we see it today. This world cannot endure, half enslaved by dictatorships and half free under democratic forms of government. Either the opponents of dictatorship will arrest its further spread, or its advocates will push it forward to final victory over democracy. It follows that we must aid democracy wherever we find it. The safety of our institutions demands it.

Paul Revere, we shall not fail.

PARKS.

Cincinnati has one of the most beautiful park systems in the United States and the public approval of these parks is indicated by the large attendance in all the parks throughout the year.

The total area now under the control of the Park Board is 4,270 acres. Of this, the Public Recreation Commission operates approximately 1,000 acres for supervised and directed play. Important additional acreage has been acquired by the City during the year, including approximately 22 acres purchased on the south side of Columbia Parkway, and 47 acres in College Hill presented as a gift for park purposes by a civic-minded citizen.—*Cincinnati City Bulletin.*

PAUL REVERE STATUE, IN HISTORIC LOCATION, TO BE LASTING INSPIRATION TO ALL AMERICANS TO SAFEGUARD AND DEFEND LEGACY OF PEOPLE'S RIGHT TO RULE THEMSELVES, HON. JOSEPH F. O'CONNELL, CHAIRMAN OF GEORGE ROBERT WHITE FUND, TELLS AUDIENCE AT DEDICATORY EXERCISES AT PAUL REVERE MALL, ON SUNDAY, SEPTEMBER 22 — HISTORIC EVENT ONE OF FIRST TO OPEN AMERICAN LEGION WEEK — BRONZE TABLETS HONORING THIRTEEN FAMOUS AND DISTINGUISHED RESIDENTS OF OLD NORTH END ALSO UNVEILED.

The following is the address of Hon. Joseph F. O'Connell, Manager for the Trustees of the George Robert White Fund, in presenting statue of Paul Revere, and the tablets, to Mayor Tobin, for the City of Boston, at the dedication exercises at Paul Revere Mall, Sunday afternoon September 22, 1940:

Mr. Mayor, it is with genuine pleasure and pardonable pride that I present to you, as Mayor of the City of Boston, these thirteen tablets of bronze commemorating the early activities of the noble dead who played such a conspicuous part in the early settlement of Boston, together with this heroic equestrian statue of Paul Revere, sculptured by America's foremost artist, Cyrus E. Dallin. These are the gifts of the Trustees of the George Robert White Fund placed here for the improvement of this historic spot so filled with the records of men and women who were born and lived here and from whose brain and pen and sword a great Republic blossomed into the mightiest Democracy known to our world.

George Robert White, through whose munificence these monuments are made possible, was a citizen of Boston whose love for this great city expressed itself in the Trust he established to provide works of public utility and beauty from the income of the charitable fund left in the control of Public Trustees of Boston.

FAITH IN BOSTON.

George Robert White was the son of an Irish exile, John Pierce White, who came to this country to enjoy life in a land where liberty and freedom permitted him to pursue the natural expression of life's purpose. He required the opportunity he prized so much by enlisting in the 26th Massachusetts Regiment of which he became a lieutenant in the Union Army in the Civil War. He married another Irish exile, Bridget Lecky, at New Bedford, and from this union George Robert White was born on July 18, 1847.

He exhibited an industry in his chosen business of drugs and chemicals, rising from the lowest department to the final control and ownership of one of Boston's largest wholesale drug houses, the Potter Drug and Chemical Company. He had an exceptionally good judgment in the value of real estate in the central part of this city. He had a firm, constant faith in the future commercial and financial growth of Boston. He loved and understood the innumerable advantages of this community. Her business men knew him for his abundant acumen in the difficult field of finance.

He was a benefactor to his fellow men, both in public service and private philanthropy. His was a fine type of American citizenship. Modest and almost retiring in his manner of living, nevertheless, he appreciated this great city and wanted her to continue in a fitting way the proud possession she had so early attained.

In the carefully considered opinion of the Trustees of the Fund established by Mr. White, this site was deemed the most appropriate to carry out his wishes in adding to the beauty of Boston. Here, in a very real sense, Boston was born — in this, the old North End. Here, on the nearby waterfront which is now Commercial street, with its many piers and wharves, landed John Winthrop and the first settlers of Boston to make their homes; here the vitalizing germ of Democracy was generated, nurtured and encouraged until it broke forth to spread to the sister Colonies to bloom in all its glory and effulgence to an amazed world in the great Republic that is now ours.

Here lived Cotton and Increase Mather, the fiery leaders of the theocratic Puritan State, one to become President of Harvard College, America's first university; and nearby was born Sam Adams, the spark-plug of the Revolutionary movement which he fostered and excited through the Committee of Correspondence, thereby inflaming the sister Colonies to resistance to the British crown.

Then, too, here is the house of America's wisest diplomat, Benjamin Franklin, whose tact and prudence was of supreme importance in the councils at Paris which brought France to the aid of Washington and made victory possible to the Colonists. The patriotic fervor of Samuel Smith here found inspiration for our National hymn, "America," which he wrote at his home on nearby Sheafe street.

NAVAL HERO MANLEY.

On the very spot where we are assembled today lived John Manley, for whom a tablet is erected, and for whom the United States destroyer, "Manley," named for him, now lies in the harbor participating in the dedication of this tablet to his honor. Captain Manley lived and died on this spot. He was one of the most intrepid and distinguished fighting men of the old United States Navy and should be particularly remembered by Bostonians for his part during the effort to recover Boston from the hands of the British, who occupied the city in 1775. Washington was in despair over the insufficiency of ammunition, but John Manley, in the dangerous cruising ground of Boston Bay, in the "Lee," captured, in November, the British ordnance brig, "Nancy," a prize so important to the Continental Army that the camps were wild with joy. He was a "Sea Lion" of the old school and was personally thanked by George Washington for his invaluable services in the Revolution. We are particularly pleased that the splendid ship now bearing his name is with us in the waters of Boston Harbor, participating in this dedication.

At the west end of the Mall is Christ Church, the Old North Church of Paul Revere fame, the oldest church building in Boston, from which hung the lanterns

flashing the word to Paul Revere to awaken the patriots to the approach of the British soldiery; while nearby is Faneuil Hall, the "Cradle of Liberty," and, not far away, the spot on State street where the citizens of Boston resisted, with their lives, the English soldiery.

Again, from this community and from within the streets confined in this Old North End was recruited the famous Fighting Irish Ninth Massachusetts Regiment, composed almost in whole of men who had recently been exiled from their beloved Ireland and who followed their Irish-born colonels, Cass and Hanley, through the fiery ordeal of the Civil War to insure the integrity of the Republic that they had adopted and passionately loved.

Really, this is holy ground for every citizen of the United States.

FITNESS OF STATUE IN PLACE.

It is, of course, unnecessary to call attention to the exceptional fitness of placing the statue of Paul Revere by our fellow-citizen, Cyrus E. Dallin, now world-renowned as one of the great sculptors of all time, on this very Mall.

All these precious inheritances and this magnificent statue belong not alone to the past, but are ours of today, and more truly do they belong to the future, down through the ages, to them to whom these symbols will always recall a glorious past. The everlasting bronzes carrying the tale of the stern old virtues that made Boston and—through her—this nation great and powerful will serve to fortify generations for aeons yet to come.

To succeeding generations the spirit of Paul Revere will always ride to warn us against foes, within or without, and it is the thought of the Trustees that this memory of Paul Revere will keep alive and will carry out the wishes of the donor, George Robert White, through the contemplation and appreciation of the past which it signifies, and the animated action which it indicates should possess us, as a people. He tells us that we must ever be alert and ready to guard our liberties and freedom.

In these days when it is so important that this country should vitalize the spirit of patriotic devotion, this dedication today of this statue of Paul Revere seems most fitting, both in the act which it commemorates, and in the spot where it is located. This statue, in its historic location, will be a lasting inspiration to all Americans to safeguard and defend the precious legacy of a people's right to rule themselves.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made during the week ending Thursday, September 26:

HOSPITAL DEPARTMENT.

The following persons have terminated their services in the Hospital Department:

Dr. Edmond F. Walsh, clinical bacteriologist, at \$2,500 a year; George Skane, Michael Maher, Albert LaBella, temporary orderlies, at \$16.50 a week; Oscar Johnson, temporary porter, at \$17.50 a week; Mary E. Hoar, assistant housekeeper, at \$16 a week; William H. Hurley, temporary orderly, at \$16.50 a week; John J. McLean, Joseph Brooker, house porters, at \$16.50 a week; John H. Knox, temporary transfer porter, at \$16.50 a week; Joseph A. Rios, Edward Ferrente, temporary orderlies, at \$16.50 a week.

South Department.

Marie DeSimone, head nurse, \$1,200 a year.

The monthly nurses are as follows:

Ann C. Ramey, \$10 a month; Goldie Rodman, \$10 to \$12.50 a month.

The following nurses were employed as substitutes for nurses out ill at the rate of \$1,200 a year:

Celia Caruso, 898 Saratoga street, for Anna Spillane, Margaret Kenny, Elizabeth Maguire. Total, 3 days.

Elizabeth Crudup, Cambridge, for Margaret Kenny, Catherine McMannis, Ruth Connor, Anna Spillane, Claire English. Total, 5 days.

Irene Dastagne, 29 Worcester square, for Lucille Charest. Total, 4 days.

Margaret Kirby, 44 East Springfield street, for Mary P. Flaherty, Sara Gallagher. Total, 2 days.

Anna Jackson, 45 Symphony road, for Catherine McMannis, Evelyn Sacaleau, Evelyn Sacaleau. Total, 4 days.

Mary Ridge, 30 Falmouth street, for Evelyn Sacaleau, Anna Spillane. Total, 3 days.

Mary Murphy, 779 East Fourth street, for Mary Murphy, Sara Gallagher, Mary P. Flaherty. Total, 4 days.

Gladys Lyon, 1185 Boylston street, for Mary P. Flaherty, Catherine McMannis. Total, 6 days.

Barbara Moore, Cambridge, for Glenis Fuller. Total, 1 day.

Sylvia Torre, 789 Saratoga street, for Ann Marino. Total, 1 day.

The following are the monthly nurses at South Department:

Virginia Belisle, Margaret White, employed July 1, 1940, no pay, should have received \$6 a month July 1, 1940.

The Mayor has approved the following appointments:

HOSPITAL DEPARTMENT.

Margaret Kirby, 44 East Springfield street, floor duty nurse, at \$1,200 a year.

Edward Ryan, 18 Dartmouth place, Boston, laundryman, at \$17.50 a week.

Edward Ford, 8 Pelham street, Boston, laundryman at \$17.50 a week.

Fred LeSon, 102 Bickford street, Boston, laundryman, at \$17.50 a week.

Fred Harlow, 87 Worcester street, Boston, laundryman at \$17.50 a week.

Salvina Abler, 433 Washington street, Roxbury, floor duty nurse, at \$1,200 a year.

Anna Jackson, 45 Symphony road, Boston, floor duty nurse, at \$1,200 a year.

Paul T. Murray, 5 Lamartine terrace, Jamaica Plain, orderly (boys' list), at \$16.50 a week.

Mary W. Coughlin 10 Allston street, Charlestown, seamstress at \$15 a week.

HOSPITAL DEPARTMENT (Sanatorium Division).

Margaret Craven, 272 West Third street, South Boston, temporary nurse, at \$1,020 a year and maintenance.

CIVIL SERVICE EXAMINATIONS. (STATE SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

The lists established as a result of these examinations will be used to fill all vacancies in these classifications in the various State departments.

DEPARTMENT OF PUBLIC HEALTH, SENIOR SANITARY ENGINEERING AID, OCTOBER 26, 1940.

Last date for filing applications, Monday, October 14, 1940, at 5 p. m.

The entrance salary is \$1,680 a year; the maximum salary is \$2,160 a year.

Duties: To do routine work in connection with the purity of water supply and waste disposal and to perform related work as required. To assist in engineering work involving knowledge and training in sanitary engineering practice including simplified practice in the flow of water and sewerage through pipes, the elementary knowledge of the theory of the various devices for measuring the flow of sewage and water and of filtration and treatment of sewage and water, and acquaintance with the technique required in examination of water supplies and examinations of piping systems to determine the presence of cross connections between water supplies used for drinking and secondary and industrial supplies. To examine the piping conditions in certain buildings to determine the possibility of back-siphonage of polluted matter into the drinking water supply. To make such hydraulic computations as are necessary to determine the possibility of polluted water entering the drinking water supply. To investigate matters of pollution of rivers. Under immediate supervision, to construct sewerage systems, sewage disposal works, water supplies and water distribution systems at State institutions.

Subjects and Weights: Training and experience, 2; practical questions (including mathematics), 3; total, 5.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

DEPARTMENT OF PUBLIC HEALTH, SUPERVISOR OF SOCIAL SERVICE (FEMALE), OCTOBER 26, 1940.

(Requisition is for a female, but the examination is open to both males and females.)

Last date for filing applications, Monday, October 14, 1940, at 5 p. m.

The entrance salary is \$2,760 a year; the maximum salary is \$3,300 a year.

Duties: Under administrative direction, to supervise and direct the medical social work of the department, including such work in the various sanatoria and cancer hospitals.

Entrance Requirement: Applicants must have (a) three years' experience in medical social work in the social service department of a hospital or clinic, to include two years of supervised experience and one year in the supervision of medical social work; or (b) five years' experience in the practice of medical social work in a recognized social service department in a hospital or clinic, to include three years' supervised experience, and preferably one year's experience in the supervision of medical social work.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

36,400 MOTOR DEATHS IN 1935.

According to the findings of the National Safety Council motor traffic deaths in 1935 totaled 36,400, compared with 1934's record of 36,000.

The only decrease was among school children up to fifteen years of age. Motor vehicle accidents to children have increased much less than those of adults since 1922, when safety education began on a national scale. October, November and December were the reddest months. Two-thirds of the accidents were in places under 10,000 population; more than 40 per cent of the victims pedestrians.

Thirteen states decreased traffic deaths 7 per cent or more: Delaware, Illinois, Kentucky, Massachusetts, Minnesota, Montana, North Dakota, Oregon, Rhode Island, Utah, Vermont, Wyoming and Washington.

VOTE FOR PRESIDENT IN MASSACHUSETTS, NOVEMBER 3, 1936.

Vote in the State for President: 942,716 for Roosevelt (Dem.); 768,613 for Landon (Rep.); 118,639 for Lemke (Union); 5,111 for Thomas (Soc.); 2,930 for Browder (Comm.); 1,305 for Aiken (Soc. Lab.); 1,032 for Colvin (Proh.); all others, 11; total votes, 1,840,357; blanks, 34,768. Plurality for Roosevelt, 174,103. There were 18,097 more ballots cast for President than for Governor.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

SUPPLY DEPARTMENT.

Upon September 12 the Mayor approved a contract with lowest bidders as indicated for furnishing chestnut coal for the Public Welfare and Soldiers' Relief Departments, as required, from November 1, 1940, to December 31, 1940, with the privilege of purchasing on the same terms and conditions extended to May 1, 1941. The approximate totals of awards were as follows:

The Boston Ice Company, Division of American Ice Company.—Roxbury District, \$50,580; Brighton District, \$2,330; South End District, \$29,000; Charlestown District, \$10,586; South Boston District, \$18,566—\$111,062.

Tidewater Coal Company.—North End and West End Districts, \$22,800.

Everett Fuel Company.—Dorchester District, \$20,201.

East Boston Coal Company.—East Boston District, \$11,200.

County Coal Company.—Jamaica Plain District, \$3,355; West Roxbury, Roslindale and Hyde Park Districts, \$3,355—\$6,710. Total, \$171,973.

Roxbury District.

Approximately 900 Tons, delivery in November, 1940, and April, 1941, in One Quarter Tons.—Staples Coal Company, doing business as City Fuel Company, \$4; total, \$14,400; The Boston Ice Company, Division of American Ice Company, \$2.95*; total, \$10,620.

Approximately 3,600 Tons, delivery in December, 1940, and January, February, March, 1941, in One Half Tons.—Staples Coal Company, doing business as City Fuel Company, \$7; total, \$50,400; The Boston Ice Company, Division of American Ice Company, \$5.55*; total, \$39,960.

Approximate Total for All Deliveries November, 1940, to April, 1941, Inclusive.—Staples Coal Company, doing business as City Fuel Company, \$64,800; The Boston Ice Company, Division of American Ice Company, \$50,580.

Dorchester District.

Approximately 350 Tons, Delivery in November, 1940, and April, 1941, in One Quarter Tons.—Staples Coal Company, doing business as City Fuel Company, \$4; total, \$5,600; Everett Fuel Company, \$2.85*; total, \$3,990.

Approximately 1,450 Tons, Delivery in December, 1940, and January, February, March, 1941, in One Half Tons.—Staples Coal Company, doing business as City Fuel Company, \$7; total, \$20,300; Everett Fuel Company, \$5.59*; total, \$16,211.

Approximate Total for All Deliveries, November, 1940, to April, 1941, Inclusive.—Staples Coal Company, doing business as City Fuel Company, \$25,900; Everett Fuel Company, \$20,201.

Jamaica Plain District.

Approximately 50 Tons, Delivery in November, 1940, and April, 1941, in One Quarter Tons.—Staples Coal Company, doing business as City Fuel Company, \$4; total, \$800; County Coal Company, \$2.90*; total, \$580.

Approximately 250 Tons, Delivery in December, 1940, and January, February, March, 1941, in One Half Tons.—Staples

IV. SALVATION ARMY.

With this General Order there is being issued to each house of the department a subscription blank of the Salvation Army.

Company commanders are requested to call the attention of members of companies to these blanks and accept such donations as the members wish to give. Attention of members of the department is called to the excellent service rendered by the Salvation Army in the past in connection with multiple alarm fires.

The blanks are to be returned to Miss Mary C. Kelley at headquarters, with the contributions of members, on any week day between the hours of 9 and 11 a. m. The final date for receiving these contributions will be Saturday, October 5, 1940.

V. COMMENDATION.

Hoseman Bartholomew F. Clements of Engine Company 8 and Daniel J. Crowley of Engine Company 39 are hereby commended for responding to an alarm from Box 7331 and assisting in the removal of a child from under a street car, on September 10, 1940, while off duty.

Hoseman John F. Beecher of Engine Company 21 is hereby commended for volunteering and donating blood in transfusion to a patient at the Boston City Hospital on September 12, 1940.

Apparatus Operator Joseph F. Hohmann of Engine Company 52 is hereby commended for volunteering and donating blood in transfusion to a patient at the Boston City Hospital on September 10, 1940.

By order of Fire Commissioner WILLIAM ARTHUR REILLY.

SAMUEL J. POPE,
Chief of Department.

General Order No. 43.

AMERICAN LEGION CONVENTION PARADE.

In accordance with the orders for the parade of the American Legion on Tuesday, September 24, 1940, the delegation from Massachusetts is to report at 2.30 p. m. Members of the band, and members of the Post who are to parade, will report to Commander Frank J. Marr at the quarters of Engine Company 22, Warren avenue, at 2.30 p. m.

Permission is granted members of this department to wear the regulation uniform. The Legion hat may be worn with the regulation uniform, and all members shall wear white gloves. American Legion and service medals may be worn along side of the corporation badge.

Owing to the fact that this parade is to be of unusual length it has not been possible to determine at just what time

the Boston Firemen's Post will parade or at what time they will finish marching, and as there are so many demands on the department for special duty on that day, no time off can be allowed to parade. However, members of the department whose tour of duty will not permit them to parade will be allowed the privilege of exchanging time off with the men working opposite them, if it is agreeable to both men concerned and approved by the company commander. Company commanders must see that the strength of their companies is maintained and the day or night force cannot be weakened by allowing men time off to parade.

Members of the band will wear regulation uniform, white hats, blue shirts, and black ties. Members of the band who have Legion Band uniforms will wear them.

A. D. T. COMPANY.

The following signal number is to be added to running cards of the A. D. T. Company in this department:

Signal 452, Suffolk Grocery Company, 207-213 Commercial street. Apparatus to respond: Engine 8, Ladder 1, District Chief 4. Nearest box is No. 1245.

New pages, numbered 1, 2, 7, 8, 9, 10, 11, 12, 13, 14 and 15, dated September 17, 1940, for the A. D. T. Company book, are being issued to the department today.

The new pages will replace the old pages numbered 1, 2, 7, 8, 9, 10, 11, 12, 13, 14 and 15, which should be returned to headquarters, in the envelope provided on or before Friday, September 27, 1940.

By order of Fire Commissioner WILLIAM ARTHUR REILLY.

SAMUEL J. POPE,
Chief of Department.

HEALTH AND HOSPITAL.

The plant and equipment of the Cincinnati General Hospital have been largely rehabilitated during the year 1939. As a result the operating officials of the Hospital will be able to do much better work in caring for the sick than heretofore.

The hospital treated 18,963 patients this year compared to 18,765 last year, and 24,929 individuals were cared for in the Out-Patient Dispensary against 24,701 in 1938. There was also an increase of approximately 10 per cent in the number of persons treated in the receiving ward, resulting in a total of 25,082. (From Annual Address of City Manager.)

MAYOR WELCOMES AMERICAN LEGION.

(Continued from page 1045.)

HISTORIC SPOTS.

To those of you who are visiting our city for the first time, it will be interesting, and perhaps inspiring, if you visit some of the historic shrines which abound in and around the city. Faneuil Hall, the Old North Church, the Old South Meeting House, Bunker Hill, T Wharf, Concord and Lexington, the scores of other old and familiar places which will recall to you the hopes, the deeds and the valor of those who dared defy the force of a mighty empire in the cause of righteousness.

It would take too long for me to describe to you the many attractions of our community, and it would appear too boastful were I to claim that only in Boston can you find the variety of interests that appeal to all minds and all persons. There is a great deal of pleasure, also, in discovering things and places for oneself—and I hesitate to destroy that pleasure—especially when I know that a visiting Legionnaire in search of something usually finds it if he has to turn the town upside down to do it.

I told you I would not tax you with a lengthy address, but before I conclude let me say that there is something here in this little northeast corner of our land that reaches down into the very depths of the soul to give us strength, and courage and deep abiding love of home and country. I care not whether we be only one generation or ten generations removed from some land across the seas, there is something in the very atmosphere of New England that breeds the spirit and the will which has made this country strong and great. Sometimes I think that the old scholars, the writers, the artists, the inventors, the shipbuilders, the rugged pioneers, the patriots, and all those who, by their work, their energy, and their inspiration, forged out of a resisting land a new nation—sometimes I feel that they left behind imbedded in our rock and hills, hidden away in nooks and crannies, and dormant in unsuspected places, some part of the determination and the courage that is needed to face and overcome the obstacles of new times, new days and new conditions.

SERIOUS PROBLEMS.

We, of this generation, have a multitude of serious problems before us. Those who settled here to set up a new civilization over three hundred years ago had a multitude of problems. They faced theirs and they won. We must face ours and win. They came here and conquered a wilderness—a forbidding wilderness jealously guarded by Dame Nature and her sons and daughters of the wild—the Indians. We, today, are strong. A great nation of forty-eight states and many possessions. A united people in the fundamental realization that all of us—rich or poor; high or low; no matter what our station in life may be—must each depend upon the other if we are to continue to be strong and if we are to withstand and conquer the dangers that beset us.

This is the United States of America—the one last stand of pure democracy—the one bulwark against the tides of passion and hate and aggression. There are those who look upon us with avaricious eyes—eyes of jealousy—eyes from which come the steely glint which warns us that we must—for our common protection,

for the preservation of all that we hold dear, for the future of our children and our country—think together, work together, and act together. On the banner of the thirteen colonies of long ago was a motto just as valuable in its message today as it was centuries ago. That motto—United We Stand—Divided We Fall—expresses in few words the hope and the future of this nation. If we stand united, we shall never feel the foot of the conqueror. If we are divided as a people, we shall be divided as a nation, and, divided as a nation, we will be ground under foot and the toil, the sweat, and the blood that has gone into the making of this great nation will have all been in vain.

AMERICA UNITED.

You of the American Legion need no reminders of the duty that faces all of us—a duty to be shared by all in some equal fashion. Your voices have been raised when all else were silent. You have acted while all others sat in unbelieving bewilderment. You have repeatedly warned, and there was only mild response. Today, America knows that the American Legion—a great, united body of men and women—is the one organization around which we may rally our scattered forces—around which we may once again build a united people, with one common thought to so organize our lives, to so build our nation, to so prepare for any eventualities, that no nation on the face of the globe will ever dare to challenge the continuance of this the greatest nation in the history of the civilized world.

I have not desired to make this morning talk a serious one. But after all, not since the days when you wore the blue or the khaki of our country have we been in such serious times. The city is yours. Make our old city come to life with your spirit and your example. Be happy, be gay, enjoy yourself to the fullest extent—and remember through it all, that we look upon you as the staunchest guardians of American rights and American principles. To you of the American Legion I extend the affection of all the citizens of Boston. It is ten years since you first came here. I hope you will like us so well that you will come again before half that time elapses. I salute you, members of the American Legion, and acclaim you as the very backbone of these United States of America.

CLAIMS ALLOWED.

The Mayor, upon recommendation of the Corporation Counsel, has approved the following claims:

Delia T. Walsh, 6 Mt. Pleasant terrace, Roxbury, in the sum of \$150, as compensation for personal injuries caused by raised block of concrete on sidewalk in front of 72 Mt. Pleasant avenue, February 4, 1940.

Wilfred J. Fortin, 48 Hull street, Boston, in the sum of \$7, as refund of fee paid for pedler's license No. 83, on July 3, 1940, which was returned to the Licensing Department unused.

Gloria M. Allen, 59 Ocean avenue, Salem, in the sum of \$100, as compensation for personal injuries caused by defect in Winter street, opposite the Gilchrist store, December 9, 1939.

Ralph Brogna, 21 Poplar street, Boston, in the sum of \$80, as compensation for personal injuries caused by defective sidewalk in front of 28 Somerset street, December 30, 1939.

Eileen Corcoran, 48 Weld Hill street, Forest Hills, in the sum of \$75, as compensation for personal injuries caused by hole in sidewalk on Hyde Park avenue, near Woodlawn street, April 15, 1940.

Jennie Levine, 28 Seaver street, Roxbury, in the sum of \$75, as compensation for personal injuries caused by an accumulation of ice on the sidewalk in front of 55 Elm Hill avenue, which resulted from a leak in the water main, December 26, 1939.

Agnes Podolski, 1650 Dorchester avenue, Dorchester, in the sum of \$60, as compensation for personal injuries caused by brick protruding from sidewalk on Centre street, in front of the Elbridge Smith School, August 11, 1939.

Catherine Salina, 126 Harding terrace, East Dedham, in the sum of \$50, as compensation for personal injuries caused by hole in sidewalk on Winter street, at Washington street, May 29, 1939.

Horace W. Whynot, 119 Fletcher street, Roslindale, in the sum of \$16.60, as compensation for damage to automobile caused by hole in highway on May street, near Centre street, April 22, 1940.

Joseph J. Winters, 74 Saratoga street, Springfield, in the sum of \$5, as compensation for snow removal work on February 15, 1940, check for which was cancelled prior to his calling for same.

Joseph J. Brodigan, administrator, 617 Columbia road, Dorchester, in the sum of \$83.85, as compensation for damage to property at 152 Calumet street, Roxbury, caused when water was shut off by city employees without proper notice, June 22, 1940.

Lucy C. Reade, 95 River street, Mattapan, to be reimbursed in the sum of \$80.30, for expense incurred in digging to locate water leak which was later found to be on city property, January 8, 1940.

Maria Morrello, 110 Chambers street, Boston, in the sum of \$35, as compensation for damage to property in above premises caused when water was shut off by city employees without proper notice, April 12, 1940.

William J. Degnan, 12 Lawnwood place, Charlestown, in the sum of \$2, for reimbursement as the result of an accident which occurred on March 14, 1940, when motor vehicle belonging to the Traffic Department, which he was operating, collided with automobile owned by one George S. Libby.

George L. Berry, 28 Monadnock street, Dorchester, in the sum of \$15, for reimbursement as the result of an accident which occurred on February 29, 1940, when motor truck belonging to the Paving Division, Public Works Department, which he was operating, collided with automobile owned by one Harry Bornstein.

Cataldo Ciacco, of 193 Endicott street, in the of \$7, for reimbursement as the result of an accident which occurred on September 12, 1939, when a team belonging to the Sanitary Division, Public Works Department, which he was operating, collided with automobile owned by one Roland H. Edstrom.

Charles H. Hatch, 15 Jenkins street, South Boston, in the sum of \$89.15, for reimbursement as the result of an accident which occurred on April 15, 1940, when motor truck belonging to the Sanitary Division, Public Works Department, which he was operating, collided with automobile owned by one John S. Ray.

Joseph Hohn, 10 Ruskin road, Hyde Park, in the sum of \$49.50, for reim-

bursement as the result of an accident which occurred on May 27, 1940, when motor truck belonging to the Sanitary Division, Public Works Department, which he was operating, collided with automobile owned by one Francis D. Manning.

Cornelius J. O'Leary, 21 Hollywood road, West Roxbury, in the sum of \$41.40, for reimbursement as the result of an accident which occurred on July 10, 1940, when bus belonging to the school Department, which he was operating, collided with automobile owned by one Harry Finkel.

POLICE DEPARTMENT ORDERS.

General Order No. 520.

The resignation of Patrolman Frederick D. Phillimore of Division 4, having been presented, it is hereby accepted, to take effect Friday, September 20, 1940, at 7.45 o'clock, a. m. Seven days' notice waived.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

General Order No. 521.

As I anticipated, the bills in equity brought against your Commissioner were dismissed. This decision was naturally very pleasing to me as I am sure it must have been to each and every member of the department.

In reviewing the finding of the Court in the bills in equity brought against the Elk Laundry, Inc., it seems apparent to me that members of the department attempted to ingratiate themselves with the Commissioner by taking an unwarranted interest in his brother's business.

I regret exceedingly that any member of the department had this false impression and I desire to state most emphatically that any member of the department found guilty of soliciting business for the Elk Laundry, Inc., or any business or customer for any person, firm or corporation, or who shall do anything in any way, directly or indirectly, to further or assist any private business, except when necessary in the performance of his official police duties, shall be immediately dismissed.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of underground construction by the Boston Fire Department Signal Service, estimated to be three (3) days, the following street is one way in the direction indicated, effective September 18, 1940:

Amory Street, West Roxbury.

From Boylston street to School street.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary amendments to the Revised Traffic Rules and Regulations of the City of Boston, which were adopted June 13, 1940, and were effective July 1, 1940, for a trial period of sixty (60) days, are hereby extended for a further trial period of sixty (60) days from August 30, 1940:

Gove Street, East Boston.

From Havre street to Cottage street.

Kilsyth Terrace, Brighton.

From Kilsyth road to dead end.

Mt. Vernon Street, Brighton.

From Academy Hill road to Foster street.

MAYOR TOBIN PROVIDES STANDS FOR INSTITUTIONAL CHILDREN TO VIEW LEGION PARADE.

Crippled and orphan children from a dozen Boston institutions attended the American Legion parade Tuesday as guests of Mayor Maurice J. Tobin of Boston.

Special stands were constructed in front of City Hall to accommodate 800 unfortunate children and the religious and other supervisors.

Box lunches were served to the children during the parade—complete with sandwiches, fruit, ice cream and milk.

The seats in front of City Hall were erected on the orders of Mayor Tobin solely for the use of orphan and crippled children from the institutions of the city, Director of Public Celebrations Louis J. Brems announced.

Mayor Tobin directed that no one but the children from these institutions and the necessary supervisors be admitted to the stands. No tickets for these stands were for sale and none given away save to these unfortunate children who would otherwise have no opportunity to witness what was probably the greatest parade to take place in New England in their lifetimes.

Among the institutions which had children in the stands were: Daly Industrial School of Dorchester; Home for Italian Children of Jamaica Plain; Polish Home of the Little Flower, Hyde Park; House of the Angel Guardian, Jamaica Plain; the Ladies' Helping Hand Society; the Martin Luther Home, West Roxbury; New England Home for Little Wanderers; St. Francis Home, Roxbury; Home for Destitute Catholic Children; Industrial School for Girls; Nickerson Home for Children and the Working Boys Home.

A sad note was interjected when it was learned that the children of the Franciscan Home, East Boston, were unable to accept Mayor Tobin's invitation because Tuesday was the regular parent's visiting day at the institution.

Medical attendance was provided at the stands and every effort was made to make the day a memorable and comfortable one for the children, under supervision of Director Brems and Arthur Carey of the Public Celebrations Department.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Herbertson road, West Roxbury district, as a highway, from Northbourne road to Eldridge road, with the name of Herbertson road; bounded and described as follows:

A highway named Herbertson road is hereby laid out from Northbourne road to Eldridge road and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Southerly by Northbourne road, by two measurements, seventeen and 5-100

feet on a curve of three hundred and forty feet radius and one hundred twenty-seven and 1-100 feet; westerly by the westerly line of said Herbertson road as hereby laid out, by three measurements, one hundred twenty and 61-100 feet on a curve of one hundred fifty and 82-100 feet radius, one hundred thirty-nine and 69-100 feet on a curve of two hundred ninety-seven and 41-100 feet radius and seventy-five and 32-100 feet on a curve of seventy-two and 16-100 feet radius; northerly by Eldridge road, one hundred twenty-three and 41-100 feet on a curve of six hundred forty-seven and 25-100 feet radius; easterly by the easterly line of said Herbertson road, as hereby laid out, by three measurements, thirty-three and 44-100 feet on a curve of fifteen feet radius, one hundred thirty-eight and 60-100 feet on a curve of three hundred thirty-seven and 41-100 feet radius and

twenty-four and 68-100 feet on a curve of ten and 77-100 feet radius.

Trees or structures standing upon or affixed to the afore-described land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of Herbertson road, as hereby laid out under this order, excluding the lot described as lot 8 on the plan hereinafter referred to, will receive benefit or advantage, beyond the general advantage to all real estate in said city from the improvement herein ordered; each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan, marked "City of Boston, Herbertson road, West Roxbury, Assessment Plan, September 9, 1940, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the laying out and construction of Herbertson road, West Roxbury district, as a highway, from Northbourne road to Eldridge road, under the order of the Board of even date herewith and awards no damages therefor.

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston, formerly Dorchester, and are bounded as follows:

A parcel of land, owners unknown, being part of the private way known as Range Road, bounded:

Northwesterly by Mercier avenue fourteen and 20-100 feet and fifty-three and 52-100 feet; easterly by the easterly line of Range road, twenty-six and 26-100 feet on a curve of fifteen feet radius; northeasterly by northeasterly line of Range road, two hundred eighty-one and 24-100 feet; southeasterly by easement taken by the City of Boston for sewerage purposes in Range road, June 19, 1940, thirty-five feet; southwesterly by the southwesterly line of Range road, two hundred ninety-one and 32-100 feet and

southerly by the southerly line of Range road, twenty-two and 74-100 feet on a curve of fifteen feet radius; containing ten thousand six hundred ninety-seven square feet, more or less.

The sewerage works to be constructed are as follows:

Three hundred linear feet of 10-inch pipe sanitary sewer and three hundred linear feet of 12-inch pipe surface drain in the above described premises being part of the private way known as Range road, between Mercier avenue and easement taken by the City of Boston for sewerage purposes, June 19, 1940.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on the southwesterly side of Range road, between Mercier avenue and Barna road, and the abutting lots of land on the northeasterly side of Range road between Mercier avenue and a point approximately three hundred ninety feet southeasterly, will receive benefit or advantage beyond the general advantage to all real estate in said city from the improvement herein ordered, each of said lots to the amount hereinafter set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Plan No. 1243, Sewerage Works, Range Road, Dorchester, August 17, 1940, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Caspar street, West Roxbury district, as a highway, from Addington road to Veterans of Foreign Wars Parkway, bounded and described as follows:

A highway named Caspar street is hereby laid out, from Addington road to Veterans of Foreign Wars Parkway, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Part between Addington road and Lasell street: Southeasterly by Addington road, sixty and 41-100 feet; southwesterly by the southwesterly line of said Caspar street as hereby laid out, by four measurements, one hundred ninety-three and 17-100 feet, forty-six and 82-100 feet on a curve of one hundred eight and 12-100 feet radius, six and 64-100 feet on a curve of eleven and 71-100 feet radius

and forty-one and 96-100 feet; northwesterly by Lasell street, forty feet; northeasterly by the northeasterly line of said Caspar street as hereby laid out, by four measurements, forty-one and 96-100 feet, twenty-nine and 31-100 feet on a curve of fifty-one and 71-100 feet radius, twenty-nine and 50-100 feet on a curve of sixty-eight and 12-100 feet radius, and one hundred fifty-seven and 87-100 feet; and northerly by the northerly line of said Caspar street, as hereby laid out, twenty and 30-100 feet on a curve of ten and 8-100 feet radius.

Part between Lasell street and Veterans of Foreign Wars Parkway: Southeasterly by Lasell street, forty and 36-100 feet; southwesterly by the southwesterly line of said Caspar street, as hereby laid out, four hundred ninety-four and 12-100 feet; northwesterly by Veterans of Foreign Wars Parkway, forty feet; and northeasterly by the northeasterly line of said Caspar street as hereby laid out, four hundred eighty-eight and 72-100 feet.

Trees or structures standing upon or affixed to the aforescribed land shall be removed therefrom within sixty days, following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of Caspar street, from Addington road to Veterans of Foreign Wars Parkway, and the lot of land at the southerly corner of Caspar street and the Veterans of Foreign Wars Parkway, will receive benefit or advantage beyond the general advantage to all real estate in said city from the improvement herein ordered; each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Caspar Street, West Roxbury, Assessment Plan, August 8, 1940, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

LAND-TAKING IN ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Amory avenue, Roxbury district, as a highway, from Amory street northwesterly bounded and described as follows:

A highway named Amory avenue is hereby laid out, from Amory street, northwesterly for a distance of approximately three hundred and ninety feet, and ordered constructed.

For the making of the aforesaid improvement an easement for street purposes is hereby taken in the following described land exclusive of trees or structures standing upon or affixed thereto:

A parcel of land, owners unknown, bounded:

Easterly by Amory avenue, seventeen and 1-100 feet; westerly by other land supposed to belong to said owners unknown; sixteen and 77-100 feet; and northerly by land hereinafter described as taken from Trimount Manufacturing Company, two and 14-100 feet; containing eighteen square feet more or less.

A parcel of land, supposed to belong to Trimount Manufacturing Company, bounded:

Southerly by land hereinbefore described as taken from owners unknown, two and 14-100 feet; westerly by other land supposed to belong to said company, twelve and 79-100 feet; northerly by the same, three and 78-100 feet; and easterly by Amory avenue, thirteen and 3-100 feet; containing thirty-eight square feet more or less.

The land, owners unknown, being the private way known as Amory avenue.

Trees or structures standing upon or affixed to the aforescribed land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Said Amory avenue as hereby laid out is bounded and described as follows:

Easterly by Amory street, thirty-one and 25-100 feet; southerly by the southerly line of said Amory avenue, as hereby laid out, by two measurements, two hundred sixty-eight feet and one hundred twenty-five and 56-100 feet; westerly by the westerly line of said Amory avenue, as hereby laid out, twenty-nine and 56-100 feet; and northerly by the northerly line of said Amory avenue, as hereby laid out, by two measurements, one hundred twenty-three and 87-100 feet and two hundred fifty-seven and 90-100 feet.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on all sides of Amory avenue, as laid out under this order, will receive benefit or advantage beyond the general advantage to all real estate in said city from the improvement herein ordered; each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Amory Avenue, Roxbury, Assessment Plan, Aug. 7, 1940, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

CIVIL SERVICE EXAMINATIONS. (STATE SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence. The lists established as a result of these examinations will be used to fill all vacancies in these classifications in the various State Departments.

DENTAL ASSISTANT, DEPARTMENT OF MENTAL HEALTH, SEPTEMBER 28, 1940.

Last date for filing applications, Saturday, September 14, 1940, at 12 noon.

This examination is open to females only.

The entrance salary with maintenance, is \$780 a year; the maximum salary, with maintenance, is \$1,080 a year. The entrance salary without maintenance, is \$1,140; the maximum salary, without maintenance, is \$1,440 a year. The present vacancy is in the Belchertown State School.

Duties: To keep an accurate account of dental operations and perform other clerical work incident to dental appointments, and the requisition for supplies. To clean teeth under direction of the dentist. To be responsible for the sterilization of instruments and the general cleanliness of the dental suite. To assist in the taking and developing of dental X-rays. To perform simple laboratory tasks such as pouring models under the direction of the dentist.

Entrance Requirement: Applicants must be registered dental hygienists.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

JUNIOR CHEMIST, DEPARTMENT OF PUBLIC HEALTH, SEPTEMBER 28, 1940.

Last date for filing applications, Saturday, September 14, 1940, at 12 noon.

This examination is open to both males and females.

The entrance salary is \$1,680 a year; the maximum salary is \$2,160 a year.

At the present time, there are two prominent male vacancies.

Duties: A. Under lesser supervision, (1) to operate, repair and calibrate commercial instruments for use in sampling industrial atmospheres; (2) to devise and construct apparatus for the sampling of gases and vapors in the air of industrial plants; (3) to maintain in proper operating condition laboratory equipment and machinery; (4) to analyze samples of atmospheric impurities collected from industrial establishments; (5) to equilibrate and prepare the activated charcoal apparatus or the determination of total

organic vapors; (6) to prepare verbal or written abstracts of articles dealing with the analytical or toxicological aspects of occupational hygiene (including the translation of some foreign language articles if possible; (7) to prepare drawings of laboratory and field apparatus and floor plans of factory processes.

B. Under greater supervision, (1) to make studies of industrial processes involving possible hazards to health, including the taking of samples of air; (2) to analyze samples of industrial products for the presence of ingredients which may constitute a health hazard; this involves especially the determination of heavy metals and the separation of complex mixtures of organic liquids; (3) to analyze samples of urine for benzol by the urine sulfate test, for lead by the method of Ross and Lucas, and for mercury by the method of Stock; (4) to prepare reports on the results of the studies outlined in B1.

C. Under close supervision, (1) to develop methods for the determination of gases, vapors and dusts not included in above; (2) to develop methods for the determination of toxic materials in urine; (3) to evaluate the health hazards associated with any given industrial process; and (4) to prepare reports dealing with the chemical aspects of toxicological studies.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

REVIEW EXAMINER, BOARD OF REVIEW, DIVISION OF UNEMPLOYMENT COMPENSATION, SEPTEMBER 28, 1940.

Last date for filing applications, Saturday, September 14, 1940, at 12 noon.

This examination is open to both males and females.

The entrance salary is \$3,180 a year; the maximum salary is \$3,720 a year.

At the present time, there are four vacancies:—one female, and three male.

Duties: To hold formal hearings on cases of appealed claims; to direct the gathering of additional facts and data when necessary and to make decisions on matters affecting the eligibility of claimants for benefits and the amount and duration of such benefits.

Applicants should have a knowledge of the Massachusetts Unemployment Compensation Law and a knowledge of the Social Security Act, and of employment procedure in private industry.

Entrance Requirement: Applicants must have four years within the last ten of full-time paid experience in any of the following fields:—industrial relations in a plant employing at least five hundred persons, public employment service, social service administration, enforcement of labor relations laws, or fields related thereto.

Applicant's experience rating will be based on experience in the following lines:—employment in a professional or other responsible capacity in at least one of the following fields:—industrial relations, public employment service, social service administration, legal experience (work of an investigatory type), enforcement of Federal or State laws, or related fields.

Subjects and Weights: Training and experience, 3; practical questions, 2; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

ASSISTANT TO THE CUSTODIAN OF REAL ESTATE, BOSTON PUBLIC BUILDINGS DEPARTMENT, OCTOBER 26, 1940.

Last date for filing applications, Monday, October 14, 1940, at 5 p. m.

The present vacancy is permanent for the duration of the act.

Salary: \$36 per week.

Duties: To take full charge in the absence of the custodian. To visit the site of each parcel (land or building) after foreclosure, make report of its condition to determine its value or usefulness, advise as to rental, sale, etc., determine need and extent of repairs, estimate cost of repairs, determine safety of buildings, check for vandalism and notify Building Department or Police Department. To visit the Assessing, Welfare, Collecting, Law, Building and Water Departments of the City of Boston (which requires a working knowledge of their set-ups and functions relative to real estate) in order to check the valuation over a period of years and to record the taxes, assessments, interest, water rates, restrictions, zoning or any encumbrances on the particular property. To interview prospective tenants or purchasers; to decide on values and appraisals; to inspect work performed by contractors on property; to check sales in various sections of the city; to consult with various committees such as the Housing, Planning or Zoning Boards.

The assistant must be familiar with chapter 358, Acts of 1938, establishing the position of Custodian of Real Estate; must have a thorough knowledge of tax sales and how tax titles are acquired by the City of Boston; must be familiar with W. P. A. procedure, know how to initiate projects and write them up, be able to check personnel, and report progress of projects pertaining to the division; must know the geography of the city, and be familiar with office procedure and practice.

Entrance Requirement: Applicants must have five years' experience in general building construction work, of which two years must be of a supervisory nature. Substitution: Two years' experience as an assessor or appraiser may be substituted for experience in building construction.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

NOTE.—Information concerning the results of this examination will not be available until at least sixty days after the examination has been held. If the eligible list is established in the meantime, all applicants will be notified.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR DENATURED ALCOHOL.

The Supply Department of the City of Boston invites proposals for furnishing for city departments, denatured alcohol, as per specifications, to be delivered as required. The bidder must use the form of proposal to be obtained at the office of the Supply Department, Room 1001, City Hall Annex, and leave his proposal with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above-mentioned office. *There will be a charge of twenty-five cents (\$0.25) for each blank proposal taken out.* A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. ENVELOPES CONTAINING BIDS TO BE SEALED AND PLAINLY MARKED "PROPOSAL FOR DENATURED ALCOHOL." Bids will be publicly opened and read Friday, October 4, 1940, at 12 o'clock noon. The successful bidder must furnish a bond for one half the total estimated amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

JOHN A. BREEN,
Superintendent of Supplies.
(Sept. 28.)

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING PAPER NAPKINS, PAPER TOWELS AND TOILET PAPER.

The Supply Department of the City of Boston invites proposals for furnishing paper napkins, paper towels and toilet paper for city departments. The bidder must use the form of proposal to be obtained at the office of the Superintendent of Supplies, Room 1001, City Hall Annex, and the successful bidder must furnish a bond for one half the total estimated amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. *There will be a charge of twenty-five cents (\$0.25) for each blank proposal taken out.* The bid, with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out, must be left at the office of the Superintendent of Supplies, before 12 m., Wednesday, October 9, 1940, at which time and place they will be publicly opened and read. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

JOHN A. BREEN,
Superintendent of Supplies.
(Sept. 28.)

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR BLANKETS.

The Supply Department of the City of Boston invites proposals for furnishing blankets to the Boston City Hospital, as per specifications, to be delivered as required. The bidder must use the form of proposal to be obtained at the office of the Supply Department, Room 1001, City Hall Annex, and leave his proposal with a certified check for \$100, payable to and to become the property of the City of Boston, if the proposal is not carried out, at the above-mentioned office. *There will be a charge of twenty-five cents (\$0.25) for each blank proposal taken out.* A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. ENVELOPES CONTAINING BIDS TO BE SEALED AND PLAINLY MARKED "PROPOSAL FOR BLANKETS." Bids will be publicly opened and read Tuesday, October 8, 1940, at 12 o'clock noon. The successful bidder must furnish a bond for one half the total estimated amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

JOHN A. BREEN,
Superintendent of Supplies.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 32.

SATURDAY, OCTOBER 5, 1940.

No. 40

BOSTON'S RELIEF BURDEN SHOWING A SLIGHT DECLINE, ACCORDING TO FINANCIAL REPORT OF WELFARE DEPARTMENT FOR WEEK OF SEPTEMBER 21—NET DROP OF NUMBER OF CASES WAS 124, 397 CASES BEING ADDED AND 521 DISCONTINUED—BURDEN IS STILL GREATER, HOWEVER, BY NEARLY 2,000 THAN FOR SAME PERIOD OF LAST YEAR, THERE BEING 33,487 ACTIVE CASES AS AGAINST 31,611 LAST YEAR FOR SAME PERIOD—\$1,059,198.74 COLLECTED FROM OUTSIDE CITIES AND TOWNS DURING YEAR.

According to the report of the Overseers of Public Welfare for the week ending September 21, though the relief burden is still exceedingly high, there is a possibility that with increasing employment during the winter months a little lessening of the burden may be hoped for. There has been a drop in the number of active cases on relief during the past week, from 33,611 to 33,487. In this same period there were 397 cases added and 521 discontinued, with a net gain for the city in its burden of 124.

To show, however, that the burden is still excessively high, while the week of September 21 showed 33,487 active cases, during the same week of last year there were but 31,611 cases on the rolls, showing that the city is caring for more than 2,000 more cases this year than last. As to the number of Boston residents on the W. P. A. for the week of September 21, they numbered 15,431 as against 16,755 for the same week last year.

Of the appropriation for Welfare relief, of \$11,214,120.97 there has been expended to date \$10,809,998.65, according to the financial figures. Collections from outside cities and towns and refunds to date have amounted to \$1,059,198.74.

The complete financial tabular statement is as follows:

OVERSEERS OF THE PUBLIC WELFARE IN THE CITY OF BOSTON.

MUNICIPAL CALENDAR.

Meeting of the City Council, Monday, October 14, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquees, bay windows, coal holes and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables slaughter-houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made

to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

TO THE STATISTICS DEPARTMENT, 73 City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

TO THE WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, 43 City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

POLICE DEPARTMENT ORDERS.

General Order No. 522.

The annual ball of the Boston Police Relief Association will be held in the Boston Garden, Wednesday, December 11, 1940.

The proceeds of the ball, as all members of the department know, are added to the funds of the association and are used for the payment of sick and death benefits to members of the association and their families, which funds, at the present time, are insufficient to meet the demands made upon the association.

It is the desire of the commissioner, the superintendent and the Board of Directors of the association that all members of the Force interest themselves and make a special effort to dispose of the tickets for the ball, and thereby make it such a success that the finances of the association will be put on a sound basis, so that the good work achieved by the association in assisting its members in time of sickness or death since it was organized in 1871 may be continued.

The tickets for the ball will be distributed to each station by the treasurer, Capt. John J. Mullen, Division 1, who will receive a receipt therefor. Captains of divisions will distribute the tickets to their officers and keep a correct list of the number of tickets given to each man. Each officer will make a daily return to his captain of the number of tickets he has sold, together with the name and address of the purchaser, and will return the money to his captain.

All officers will be held strictly responsible for tickets allotted to them.

Captains will collect each day all money received by officers in the sale of tickets and will forward to the superintendent by morning mail the following day all such money. A correct list containing the ticket numbers, together with the names and addresses of purchasers of tickets, shall be kept on file at the various divisions. In this way it is expected that a complete canvass of the city will be made and a substantial increase in the sale of tickets will be accomplished.

Cash received by commanding officers will be converted into a check, made payable to John J. Mullen, treasurer, B. P. R. A., and then forwarded to the superintendent's office.

All tickets that remain unsold on December 10, 1940, will be collected by the captain of each division and returned to Captain Mullen who will furnish a receipt therefor.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

General Order No. 523.

I wish to express my sincere appreciation to Superintendent Edward W. Fallon and to all members of the Force for the highly efficient manner in which the many arduous duties were performed in connection with the American Legion Convention and parade. I am cognizant of the many extra hours of duty performed by officers during the period of the Convention, which made it necessary to be absent from their families, in some instances for a prolonged period.

I am also aware of the many extra hours of duty members of the Force performed during the recent State Prim-

ary, and the additional hours of duty that will be required in connection with the coming election.

I am pleased to commend Superintendent Edward W. Fallon and members of the Force for the splendid spirit of cooperation and devotion to duty that is exemplified on such occasions.

In consideration thereof, it is hereby ordered, that three days additional vacation be granted to each member of the Force who performed these extra duties. This extra time must be taken before December 31, 1940, subject to the approval of commanding officers.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

General Order No. 524.

The resignation of Patrolman William T. Zieman of Division 7, having been presented, it is hereby accepted, to take effect on October 3, 1940, at 7.45 o'clock a. m.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

AMENDED DAMAGES.

The Mayor has approved the following votes of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of December 12, 1938, determining that no person sustains damages by the making of the public improvement consisting of the extension of Maple street, be, and the same hereby is, amended, by striking out in the first and second lines of said order the words: "that no person sustains in his estate," and by striking out in the last line of said order the word: "no." That said order be further amended by adding thereto Clarence F. Devereaux and Mary L. Devereaux, husband and wife as tenants by the entirety, \$200. That the amount \$200 be, and the same hereby is, awarded to Clarence F. Devereaux and Mary L. Devereaux, husband and wife as tenants by the entirety, for the damages sustained by the making of the said improvement.

Voted, That the order of the Street Commissioners and Mayor of September 22, 1939, and November 20, 1939, as amended, determining damages caused by the making of the public improvement consisting of the laying out of Dyer street, be, and the same hereby is, amended, by adding to said order the amount \$250 as an award to Alexander M. Hunzelman. That the amount \$250 be, and the same hereby is, awarded to Alexander M. Hunzelman for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of December 12, 1938, as amended, determining damages caused by the making of the public improvement consisting of the laying out and construction of Newfield street, be, and the same hereby is, amended, by adding to said order the amount \$40 as an award to Armand P. Metras and Ethel H. Metras, husband and wife as tenants by the entirety. That the

amount \$40 be, and the same hereby is, awarded to Armand P. Metras and Ethel H. Metras for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of July 9, 1937, as amended, determining damages caused by the making of the public improvement consisting of the laying out and construction of Hillcroft road, be, and the same hereby is, amended, by adding to said order the amount \$210 as an award to Forrest Levis. That the amount \$210 be, and the same hereby is, awarded to Forrest Levis for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of December 12, 1938, as amended July 15, 1940, determining damages caused by the making of the public improvement consisting of the laying out of Newfield street, be, and the same hereby is, amended, by adding to said order the amount \$25 as an award to June E. O'Callaghan. That the amount \$25 be, and the same hereby is, awarded to June E. O'Callaghan for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of December 12, 1938, as amended July 15, 1940, determining damages caused by the making of the public improvement consisting of the laying out of Newfield street, be, and the same hereby is, amended, by adding to said order the amount \$52.50 as an award to Charles E. Stuart and Doris H. Stuart, husband and wife as tenants by entirety. That the amount \$52.50 be, and the same hereby is, awarded to Charles E. Stuart and Doris H. Stuart, husband and wife as tenants by entirety, for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of September 22, 1939, and November 20, 1939, as amended, determining damages caused by the making of the public improvement consisting of the laying out of Dyer street, be, and the same hereby is, amended, by adding to said order the amount \$315 as an award to Lynn Institutions for Savings. That the amount \$315 be, and the same hereby is, awarded to Lynn Institutions for Savings for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of December 12, 1938, determining that no person sustains damages by the making of the public improvement, consisting of the laying out of Newfield street, be, and the same hereby is, amended, by striking out in the first and second lines of said order the words: "that no person sustains in his estate," and by striking out in the last line of said order the word: "no." That said order be further amended by adding thereto John F. Sullivan and Frances I. Sullivan as joint tenants, \$60. That the amount \$60 be, and the same hereby is, awarded to John F. Sullivan and Frances I. Sullivan as joint tenants for the damages sustained by the making of the said improvement.

FIRE DEPARTMENT ORDERS.

General Order No. 44.

I. RETIREMENTS.

The following retirement, which will take effect at 8 a. m., Tuesday, October 1, is hereby announced for the information of the department:

Ladderman Joseph W. McRae of Ladder Company 12.

The following retirement, which will take effect at 8 a. m., Thursday, October 10, 1940, is hereby announced for the information of the department.

Lieut. Cornelius J. Crowley of Engine Company 36.

Lieutenant Crowley was appointed to the department on June 4, 1897, and was promoted to the rank of lieutenant on September 16, 1919. Ladderman McRae was appointed to the department on May 11, 1923. Both of these men leave the department with the best wishes of their associates.

II. CHANGE OF TIME.

Under the daylight saving law, time will be retarded one hour at 2 a. m., Sunday, September 29, 1940. At that time clocks in the department houses will be set back one hour.

All tower clocks without striking mechanism will be set back at 6.30 a. m. All tower clocks with striking mechanism will be stopped at 6.30 a. m., for one hour and then started.

Only the men who are regularly assigned to wind clocks should be detailed to change tower clocks.

III. CHANGE IN STREET NAME.

Notice has been received of the following change in street name: Herbertson road, West Roxbury, formerly Herbert road.

The location of Box 2523 now given on the assignment cards as Eldridge and Herbert roads, Aux. to Edwin P. Seaver School, should be changed to read, Eldridge and Herbertson roads, Aux. to Edwin P. Seaver School.

By order of Fire Commissioner
WILLIAM ARTHUR REILLY.

SAMUEL J. POPE,
Chief of Department.

TRAFFIC COMMISSION RULINGS.

A sanitary sewer of 10-inch pipe and a surface drain of 12-inch pipe, W. P. A. Project 665-14-2-1167, Work Project 20303, in Morey road, between Vincent road and Buchanan road, in the West Roxbury district, at an estimated cost of \$9,150.

A sanitary sewer of 10-inch pipe and a surface drain of 10-inch pipe, W. P. A. Project 665-14-2-1167, Work Project 20303, in Vincent road, between Morey road and 460 feet westerly, in the West Roxbury district, at an estimated cost of \$11,450.

A sanitary sewer of 10-inch pipe, W. P. A. Project 665-14-2-1167, Work Project 20303, in Bartlett avenue, between Billings street and 135 feet northeasterly, in the West Roxbury district, at an estimated cost of \$2,600.

BUILDINGS RAZED.

The Mayor has approved the request of the Building Commissioner to raze the following structures as fire menaces or nuisances:

To raze the building at 104 Marginal street, Ward 1.

Due to the structurally unsafe condition of the building at 139 Shirley street, Ward 8, owned by Nicola Prudente of 484 Dudley street, Roxbury, to enter the premises and remove the building.

Due to the structurally unsafe condition of the building at 180 Marginal street, Ward 1, owned by Lawrence J. Ryan of 16 St. Andrew road, East Boston, to enter the premises and remove the building.

Due to the structurally unsafe condition of the building at 21 Newcomb street, Ward 8, owned by Edmond L. Lewis and Minnie Lewis, to enter the premises and remove the building.

Due to the structurally unsafe condition of the building at 78 West Seventh street, Ward 6, owned by James H. McCoolle of Washington, to enter the premises and remove the building.

Due to the structurally unsafe condition of the building at 3 Genesee street, Ward 3, owned by the City of Boston, to enter the premises and vacate and remove the building.

Due to the structurally unsafe condition of the building at 93 Albion street, Ward 5, owned by the City of Boston, to enter the premises and vacate and remove the building.

To raise the building at 139 Shirley street, Ward 8.

Due to the structurally unsafe condition of the building at 95 Albion street, Ward 5, owned by the City of Boston, to enter the premises and vacate and remove the building.

LETTER TO DEPARTMENT HEADS.

CITY OF BOSTON,

MAYOR'S OFFICE, September 27, 1940.

To All Department Heads.

Once again the City of Boston is going to lend its very best efforts to the raising of money for the Community Fund, and everything possible is going to be done in order to aid this great charity which has done so much for many of the people of Boston.

During the next few weeks "Come and See" trips to beneficiaries of the Community Fund are going to be conducted.

The first "Come and See" visit will be on Thursday, October 3, at 2.30, to the House of the Good Samaritan. This trip should be attended by each department head or, if he is unable to go, by a representative.

A bus will leave the School street entrance to City Hall at 2.30 p. m.

The department head or his representative should sign this notice and present it to a collector on the bus.

I am anxious that this first trip be an outstanding success and I ask the co-operation of all department heads.

Sincerely,

MAURICE J. TORIN, Mayor.

LOCATION OF STREETS.

The Mayor has approved the following votes of the Board of Street Commissioners:

Voted, That the location, direction, width and grade of the private way designated as Melba way, between Tacoma street and Safford street, Hyde Park district, as shown on a plan approved in writing by the Board of Street Commissioners, and on file in the office of the Street Laying-Out Department, be, and the same hereby is, approved.

Voted, That the locations, directions, widths and grades of the following private ways, in the Hyde Park district, as shown on plans approved in writing by the Board of Street Commissioners, and on file in the office of the Street Laying-Out Department, be, and the same hereby are, approved:

Laurel road, between Birchcroft road and Trelawney road.

Rosewood road, northeasterly from Birchcroft road for a distance of approximately two hundred feet.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

ASSISTANT TO THE CUSTODIAN OF REAL ESTATE, BOSTON PUBLIC BUILDINGS DEPARTMENT, OCTOBER 26, 1940.

Last date for filing applications, Monday, October 14, 1940, at 5 p. m.

The present vacancy is permanent for the duration of the act.

Salary: \$36 per week.

Duties: To take full charge in the absence of the custodian. To visit the site of each parcel (land or building) after foreclosure, make report of its condition to determine its value or usefulness, advise as to rental, sale, etc., determine need and extent of repairs, estimate cost of repairs, determine safety of buildings, check for vandalism and notify Building Department or Police Department. To visit the Assessing, Welfare, Collecting, Law, Building and Water Departments of the City of Boston (which requires a working knowledge of their set-ups and functions relative to real estate) in order to check the valuation over a period of years and to record the taxes, assessments, interest, water rates, restrictions, zoning or any encumbrances on the particular property. To interview prospective tenants or purchasers; to decide on values and appraisals; to inspect work performed by contractors on property; to check sales in various sections of the city; to consult with various committees such as the Housing, Planning or Zoning Boards.

The assistant must be familiar with chapter 358, Acts of 1938, establishing the position of Custodian of Real Estate; must have a thorough knowledge of tax sales and how tax titles are acquired by the City of Boston; must be familiar with W. P. A. procedure, know how to initiate projects and write them up, be able to check personnel, and report progress of projects pertaining to the division; must know the geography of the city, and be familiar with office procedure and practice.

Entrance Requirement: Applicants must have five years' experience in general building construction work, of which two years must be of a supervisory nature. Substitution: Two years' experience as an assessor or appraiser may be substituted for experience in building construction.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

NOTE.—Information concerning the results of this examination will not be available until at least sixty days after the examination has been held. If the eligible list is established in the meantime, all applicants will be notified.

CITY CEMETERIES.

The Park Department has charge of twenty cemeteries, containing 212 acres, that are owned by the city. Mount Hope Cemetery is the largest. A number of these cemeteries are no longer available to the public for interments. In 1937 there were 2,075 interments in these cemeteries, or 77 more than in 1936. The interments in Mount Hope Cemetery in 1937 were 71.08 per cent of the total interments as against 74.57 per cent in 1936.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

DEPARTMENT OF SCHOOL BUILDINGS.

Upon September 16 the Mayor approved a contract with A. Piotti Company for erecting and completing an elementary school in the Agassiz District, Louder's lane, Jamaica Plain, in the sum of \$59,900. Bids, opened September 12, were as follows:

A. Piotti Company, \$59,900; Steed Barber Corporation, \$59,993; Etecoff Construction Company, \$62,720; Carilli Construction Company, \$63,472 (alternate, metal ceiling); John Capobianco, \$64,500.

PARK DEPARTMENT.

Upon September 10 the Mayor approved a contract with Lawrence O. Mahoney for furnishing and installing steam boilers and oil burners, one each at Mount Hope and Fairview Cemeteries office buildings, as follows:

Lawrence O. Mahoney, \$1,164; James P. Sullivan Company, \$1,375; William M. Collins Company, \$1,425; J. W. Praught Company, \$1,488.

SCHOOL COMMITTEE.

The School Committee opened proposals for furnishing groceries for Boston public school cafeterias (September through December, 1940) Tuesday, August 13. Bids were received from the following concerns:

George D. Emerson Company, S. S. Pierce Company, Webster-Thomas Company.

Awards were made to the lowest responsible bidders in accordance with specifications and contracts executed as follows:

August 28, 1940, George D. Emerson Company, \$1,658.15; September 12, 1940, Webster-Thomas Company, \$901.06.

The School Committee opened proposals for furnishing fuel oil for Boston public schools Friday, July 12. Bids were received from the following concerns:

American Oil Products Company, Cities Service Oil Company, Colonial-Beacon Oil Company, Everett Fuel Company, Hanley Oil Company, Inc., Metropolitan Coal Company, Pennsylvania Oil Company, Petroleum Heat and Power Company, Sawtelle Coal Company, White Fuel Corporation.

Contracts were awarded as follows:

Heavy Fuel Oil: Metropolitan Coal Company, August 19; Pennsylvania Oil Company, August 20; Petroleum Heat and Power Company, August 20; White Fuel Corporation, August 22.

Light Fuel Oil: Pennsylvania Oil Company, August 20.

Medium Fuel Oil: Metropolitan Coal Company, August 19.

SUPPLY DEPARTMENT.

Upon September 12 the Mayor approved contracts with lowest bidders as indicated for furnishing range oil for the Public Welfare and Soldiers' Relief Departments, as required, from November 1, 1940, to December 31, 1940, with the privilege of purchasing on the same terms and conditions extended to April 30, 1941. The approximate totals of awards were as follows:

The Boston Ice Company, Division of American Ice Company.—Brighton Dis-

trict, \$6,120; Hyde Park, West Roxbury and Roslindale Districts, \$9,945; Charlestown District, \$13,770; East Boston District, \$44,700; Roxbury District, \$45,900; South Boston District, \$38,250; Jamaica Plain District, \$11,475. 1 per cent, ten days. Total, \$170,160.

Everett Fuel and Oil Company.—North and West End Districts, \$26,915; Dorchester District, \$49,985; South End District, \$21,728. 1 per cent, ten days. Total, \$98,628.

Bids, opened August 15, were as follows:

Brighton District.

Approximately 80,000 Gallons, Price Per U. S. Gallon.—The Boston Ice Company, Division of American Ice Company, 7.65 cents*; Francis L. Cronin Company, 7.68 cents; Central Fuel Company, 1 cent above posted tank car price; tank car price on opening of bids, 5.2 cents.

Cash Discount, Ten Days.—The Boston Ice Company, Division of American Ice Company, 1 per cent; Francis L. Cronin Company, 1 per cent; Central Fuel Company, net.

Approximate Net Total.—The Boston Ice Company, Division of American Ice Company, \$6,058.80*; Francis L. Cronin Company, \$6,082.56.

Hyde Park, West Roxbury and Roslindale Districts.

Approximately 130,000 Gallons, Price Per U. S. Gallon.—The Boston Ice Company, Division of American Ice Company, 7.65 cents*; County Coal Company, 7.9 cents; Alfred E. Ventola, Boston tank car price at time of delivery plus 1.5 cents per gallon; on day of opening of bids, tank car price, 5.2 cents per gallon; on day of opening of bids, delivery price, 6.7 cents per gallon; Central Fuel Company, 1.125 cents above posted tank car price.

Cash Discount, Ten Days.—The Boston Ice Company, Division of American Ice Company, 1 per cent; County Coal Company, net; Alfred E. Ventola, 1 per cent; Central Fuel Company, net.

Approximate Net Total.—The Boston Ice Company, Division of American Ice Company, \$9,845.55*; County Coal Company, \$10,270.

North and West End Districts.

Approximately 350,000 Gallons, Price Per U. S. Gallon.—Everett Fuel and Oil Company, 7.69 cents*; Pennsylvania Oil Company, price per gallon will be posted tank car price for Boston, for range oil kerosene on the day of delivery, plus 2 cents per gallon. The current posted tank car price for Boston is 5.2 cents per gallon, therefore current billing price would be 7.2 cents per gallon.

Cash Discount, Ten Days.—Everett Fuel and Oil Company, 1 per cent; Pennsylvania Oil Company, 1 per cent.

Approximate Net Total.—Everett Fuel and Oil Company, \$26,645.85.

Charlestown District.

Approximately 180,000 Gallons, Price Per U. S. Gallon.—The Boston Ice Company, Division of American Ice Company, 7.65 cents*; Pennsylvania Oil Company, price per gallon will be the posted tank car price for Boston, for range oil kerosene on the day of delivery, plus 2 cents per gallon. The current posted tank car price for Boston is 5.2 cents per gallon, therefore current billing price would be 7.2 cents per gallon; Gill Brothers, 1.25 cents per gallon above tank car; tank car price on day of opening of bids, 5.2 cents per gallon; Dick's Oil Company, 7.90 cents; if tank car prices in

Albre Marble and Tile Company, Inc., \$19,842.47; Galassi Company, \$17,971.30; Freeport Marble and Tile Company, Inc., \$17,854.99; The C. M. Tyler Company, Inc., \$17,547.64; Rinaldi Tile Company, Inc., \$16,577.26.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with firms, contractors, etc., for furnishing supplies, labor, etc. Communications from the heads of the departments interested were as follows:

BOSTON CITY COUNCIL.

BOSTON, September 18, 1940.

HON. MAURICE J. TOBIN,
Mayor of Boston.

DEAR SIR,—It is estimated that the roping of the route to be covered by the Legion parade on September 24, 1940, will involve expenditures by the City Messenger of approximately thirty-eight hundred dollars (\$3,800), as indicated in the following table:

Roping, John F. Cadigan Company, \$2,200; trucking, Casey & Hayes, \$900; reconditioning of stakes, D. Macaulay & Son, \$435; measuring, marking and drilling holes, Charles M. Callahan, \$224—\$3,759.

Under the provisions of section 30 of the City Charter, your authority is requested to engage the services of the parties listed in the foregoing table to perform the work indicated. These persons have performed similar work in connection with parades previously held in the city and are qualified to handle the work in an expeditious and efficient manner. In view of the urgent necessity of starting this work immediately, your permission to dispense with public advertising is also requested.

Very truly yours,

WILLIAM J. GALVIN,
President of City Council.

PUBLIC WORKS DEPARTMENT.

BOSTON, September 27, 1940.

HON. MAURICE J. TOBIN,
Mayor of Boston.

DEAR MR. MAYOR,—On May 3 of the current year a contract was awarded to the contracting firm of Appel & O'Toole Company for earth excavation and refilling to allow the Water Division employees to install, regulate or repair Water Division structures in City Proper, South Boston, East Boston, Charlestown and Roxbury (Water Division) districts.

The work as provided and allowed under the provisions of this contract, in so far as the quantity is concerned, has been completed. It will be necessary, however, for the remainder of the current year to engage the services of a contractor to assist the employees of the Water Division in the type of work as provided in the above-referenced contract.

The work of the Appel & O'Toole Company has been very satisfactory, the prices for which they did the work on the original contract, which were obtained after advertising for competitive bids, are reasonable, and for those reasons,

taking into consideration also the season of the year, it is my opinion that it would be to the best interests of the city to allow the Appel & O'Toole Company to continue to do work similar to that as provided in the original contract.

I, therefore, respectfully request that you allow this department to issue, without publicly advertising for bids, so-called service orders to the Appel & O'Toole Company for doing the same type of work, for the remainder of the current year, as provided in the original contract, based on the itemized prices of the contract, with the understanding that the total of all such service orders issued will not be in excess of \$2,000.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

BOSTON, August 9, 1940.

HON. MAURICE J. TOBIN,
Mayor of Boston.

DEAR MR. MAYOR,—Under date of July 11, 1940, bids were publicly advertised for the delivery of one refuse compressor body for delivery to the Sanitary Division, Public Works Department, as per specifications. No bids were received on this proposal and subsequent to the public opening of bids, a quotation was sent to the Municipal Sanitation Corporation of Bridgeport, Conn., the manufacturer of this body, for a price, the quoted price being \$1,675, less a cash discount of 1 per cent for payment in ten days.

As the Commissioner of Public Works is desirous of securing this particular body I would respectfully request that permission be granted me to award a contract, without public advertisement, to the Municipal Sanitation Corporation for furnishing one Kompaka refuse compressor body, in accordance with specifications, at a price of \$1,675, less a cash discount of 1 per cent for payment in ten days.

As the Municipal Sanitation Corporation is the manufacturer of this particular body, no advantage would accrue from publicly advertising for bids again.

Respectfully yours,

JOHN A. BREEN,
Superintendent of Supplies.

BOSTON, September 26, 1940.

HON. MAURICE J. TOBIN,
Mayor of Boston.

DEAR MR. MAYOR,—Permission is respectfully requested to enter into a contract with Harold A. Marvin, Gardner W. Chase and Clinton W. Bennett, co-partners, doing business under the co-partnership name of Cooley & Marvin, at 140 Federal street, Boston, to furnish accounting and engineering services looking to the setting up in the following city departments and divisions and in the Supply Department of a uniform inventory and store system for the control of procurement, receipt, storage and use of supplies by such departments and divisions and their coordination by the Supply Department:

Hospital Department, City Hospital, Sanatorium Division.

Institutions Department, Hospital Division, Long Island.

Penal Institutions Department, House of Correction, Deer Island.

Suffolk County Jail.

The scope of the services and reports to be rendered are set forth in detail in the copy of the proposed contract hereto annexed.

The contractor is to receive the sum of seven thousand dollars (\$7,000) as compensation for the work to be done, and because of the professional character of the work I respectfully request that this contract be approved without publicly advertising for bids.

Respectfully yours,

JOHN A. BREEN,
Superintendent of Supplies.

RETIREMENT BOARD REPORT.

To the Auditor.

At meetings of the Boston Retirement Board held on the following dates, September 16, September 18, September 27, September 30, the retirement from active service of the following-named employees and members of the Boston Retirement System was approved, to become effective at the close of business, September 30, 1940:

BUILDING DEPARTMENT.

Wilfred H. Smith, construction engineer, salary at time of retirement \$3,500 a year.

FIRE DEPARTMENT.

Joseph W. McRae, ladderman, salary at time of retirement \$2,100 a year.

HEALTH DEPARTMENT.

Anne M. Smith, nurse, salary at time of retirement \$1,800 a year.

LIBRARY DEPARTMENT.

Edith Guerrier, supervisor of branches, salary at time of retirement \$4,000 a year.

PARK DEPARTMENT.

Martin Cosgrove, laborer, salary at time of retirement \$1,560 a year.

Richard J. Stack, laborer, salary at time of retirement \$1,560 a year.

POLICE DEPARTMENT.

William F. Carroll, patrolman, salary at time of retirement \$2,100 a year.

PUBLIC BUILDINGS DEPARTMENT.

Charles Cochran, elevator operator, salary at time of retirement \$1,664 a year.

PUBLIC WORKS DEPARTMENT.

James O'Brien, laborer, salary at time of retirement \$1,560 a year.

SCHOOL DEPARTMENT.

Gabrielle Abbot, assistant, salary at time of retirement \$2,300 a year.

Catherine F. Byrne, assistant, salary at time of retirement \$3,072 a year.

Alice B. Felton, nurse, salary at time of retirement \$1,920 a year.

Mary D. Morse, nurse, salary at time of retirement \$1,920 a year.

Eleanor J. O'Brien, vocational assistant, salary at time of retirement \$3,072 a year.

STREET LAYING-OUT DEPARTMENT.

George F. Murphy, draftsman, salary at time of retirement \$1,600 a year.

SUFFOLK COUNTY.

Matthew J. Hanley, officer, salary at time of retirement \$2,000 a year.

Attest:

W. J. DOYLE, *Chairman.*

CIVIL SERVICE EXAMINATIONS. (STATE.)

STATE EXAMINERS OF ELECTRICIANS, 1940.

Examinations will be held at the following points and on the following dates:

Springfield, Wednesday, October 16.
Pittsfield, Thursday, October 17.
Boston, Wednesday, November 13.
Lowell, Thursday, November 14.
Boston, Wednesday, December 4.
New Bedford, Thursday, December 5.
New Bedford, Friday, December 6.

Rules for Examinations.

All examinations shall be given in English.

Applicants for Class B or journeyman's certificate must be at least eighteen years of age and have had at least two years' practical experience or the equivalent in the installation of wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Applicants for Class A or master's certificate must be at least twenty-one years of age and have had at least two years' experience in the business of installing wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes. Examination shall consist of applicant's knowledge of the National Electrical Code and practical electrical work.

All persons desiring to be examined, either for a master or journeyman certificate, shall have application on file at least ten days previous to the date of such examination.

Applicants for examination will be required to obtain at least 70 per cent in order to obtain a certificate.

Applicants who fail to obtain the required 70 per cent will not be entitled to re-examination until a period of three months has elapsed, and those who receive less than 50 per cent or who fail on the practical demonstration, will not be re-examined for a period of six months.

Any person found referring to notes or books, or misbehaving during an examination, will be debarred from that examination.

Notice will be sent to applicants for certificates when and where examination will be held and only those so notified will be examined on that day.

STEPHEN C. GARRITY,
WALTER F. DOWNEY,
ULYSSES J. LUPIN,
ALBERT FRANK,
WALTER J. KENEFICK,

State Examiners of Electricians.

For application blanks or other information apply to State Examiners of Electricians, Room 303, 14 Beacon street, Boston, Mass.

SEWAGE TREATMENT PLANT CONSTRUCTION ON THE INCREASE.

Owing to the economic conditions prevailing during the past year, there was but a relatively small volume of sewage treatment plant construction. Within recent months, however, there has been a decided impetus to new construction of this type growing out of the Public Works Administration allotments. Nearly 700 cities have received allotments of funds from the P. W. A. for sewerage or sewage treatment, involving an aggregate expenditure of well over \$200,000,000.

CIVIL SERVICE EXAMINATIONS. (STATE SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

The lists established as a result of these examinations will be used to fill all vacancies in these classifications in the various State departments.

DEPARTMENT OF PUBLIC HEALTH, SENIOR SANITARY ENGINEERING AID, OCTOBER 26, 1940.

Last date for filing applications, Monday, October 14, 1940, at 5 p. m.

The entrance salary is \$1,680 a year; the maximum salary is \$2,160 a year.

Duties: To do routine work in connection with the purity of water supply and waste disposal and to perform related work as required. To assist in engineering work involving knowledge and training in sanitary engineering practice including simplified practice in the flow of water and sewerage through pipes, the elementary knowledge of the theory of the various devices for measuring the flow of sewage and water and of filtration and treatment of sewage and water, and acquaintance with the technique required in examination of water supplies and examinations of piping systems to determine the presence of cross connections between water supplies used for drinking and secondary and industrial supplies. To examine the piping conditions in certain buildings to determine the possibility of back-siphonage of polluted matter into the drinking water supply. To make such hydraulic computations as are necessary to determine the possibility of polluted water entering the drinking water supply. To investigate matters of pollution of rivers. Under immediate supervision, to construct sewerage systems, sewage disposal works, water supplies and water distribution systems at State institutions.

Subjects and Weights: Training and experience, 2; practical questions (including mathematics), 3; total, 5.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

DEPARTMENT OF PUBLIC HEALTH, SUPERVISOR OF SOCIAL SERVICE (FEMALE), OCTOBER 26, 1940.

(Requisition is for a female, but the examination is open to both males and females.)

Last date for filing applications, Monday, October 14, 1940, at 5 p. m.

The entrance salary is \$2,760 a year; the maximum salary is \$3,300 a year.

Duties: Under administrative direction, to supervise and direct the medical social work of the department, including such work in the various sanatoria and cancer hospitals.

Entrance Requirement: Applicants must have (a) three years' experience in medical social work in the social service department of a hospital or clinic, to include two years of supervised experience and one year in the supervision of medical social work; or (b) five years' experience in the practice of medical social work in a recognized social service

department in a hospital or clinic, to include three years' supervised experience, and preferably one year's experience in the supervision of medical social work.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

HEALTH AND HOSPITAL.

The plant and equipment of the Cincinnati General Hospital have been largely rehabilitated during the year 1939. As a result the operating officials of the Hospital will be able to do much better work in caring for the sick than heretofore.

The hospital treated 18,963 patients this year compared to 18,765 last year, and 24,929 individuals were cared for in the Out-Patient Dispensary against 24,701 in 1938. There was also an increase of approximately 10 per cent in the number of persons treated in the receiving ward, resulting in a total of 25,082. (From Annual Address of City Manager.)

36,400 MOTOR DEATHS IN 1935.

According to the findings of the National Safety Council motor traffic deaths in 1935 totaled 36,400, compared with 1934's record of 36,000.

The only decrease was among school children up to fifteen years of age. Motor vehicle accidents to children have increased much less than those of adults since 1922, when safety education began on a national scale. October, November and December were the reddest months. Two-thirds of the accidents were in places under 10,000 population; more than 40 per cent of the victims pedestrians.

Thirteen states decreased traffic deaths 7 per cent or more: Delaware, Illinois, Kentucky, Massachusetts, Minnesota, Montana, North Dakota, Oregon, Rhode Island, Utah, Vermont, Wyoming and Washington.

PARKS.

Cincinnati has one of the most beautiful park systems in the United States and the public approval of these parks is indicated by the large attendance in all the parks throughout the year.

The total area now under the control of the Park Board is 4,270 acres. Of this, the Public Recreation Commission operates approximately 1,000 acres for supervised and directed play. Important additional acreage has been acquired by the City during the year, including approximately 22 acres purchased on the south side of Columbia Parkway, and 47 acres in College Hill presented as a gift for park purposes by a civic-minded citizen.—*Cincinnati City Bulletin.*

VOTE FOR PRESIDENT IN MASSACHUSETTS, NOVEMBER 3, 1936.

Vote in the State for President: 912,716 for Roosevelt (Dem.); 768,613 for Landon (Rep.); 118,639 for Lemke (Union); 5,111 for Thomas (Soc.); 2,930 for Browder (Comm.); 1,305 for Aiken (Soc. Lab.); 1,032 for Colvin (Proh.); all others, 11; total votes, 1,840,357; blanks, 34,768. Plurality for Roosevelt, 174,103. There were 18,097 more ballots cast for President than for Governor.

PROCEEDINGS OF CITY COUNCIL.

Monday, September 16, 1940.

Regular meeting of the City Council in the Council Chamber, City Hall, at two p. m., President GALVIN in the chair. Absent, Coun. Kelly, Ward, Coffey.

The meeting was opened with the salute to the Flag.

TRANSFER OF FUNDS FOR W. P. A. PROJECTS.

The following was received:

City of Boston,

Office of the Mayor, September 16, 1940.
To the City Council,

Gentlemen,—The Board of Street Commissioners requests an additional sum of \$310 to carry on to completion a W. P. A. project covering a field and office survey of the number, type and measurement of all signs, awnings, marquees, etc., having a 6-inch encroachment into city property. Two hundred and ten dollars of this sum is to purchase 6,000 guide cards for the catalogue file, and \$100 for the rental of typewriters. This survey and its resulting catalogue file is most important to the efficient operation of this department.

Due to the completion of the W. P. A. projects in the Registry Department there will be an unexpended balance in the H item of the budget of this department, and in compliance with the request of the Board of Street Commissioners, I am forwarding herewith an order transferring the sum of \$310 from the H item in the budget of the Registry Department to the H item in the budget of the Street Laying-Out Department, and recommend adoption by your Honorable Body.

Respectfully,
MAURICE J. TOBIN, Mayor.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for Registry Department, H, Relief Projects, \$310, to the appropriation for Street Laying-Out Department, H, Relief Projects, \$310.

Referred to Executive Committee.

TRANSFERS WITHIN DEPARTMENTAL APPROPRIATIONS.

The following was received:

City of Boston,

Office of the Mayor, September 16, 1940.
To the City Council,

Gentlemen,—I am forwarding requests for transfers within departmental appropriations in the following departments and recommend adoption of the accompanying orders by your Honorable Body: Institutions Department, Steamer "Stephen J. O'Meara"; Licensing Board.

Respectfully,
MAURICE J. TOBIN, Mayor.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Institutions Department, Steamer "Stephen J. O'Meara":

From the appropriation for A, Personal Service, \$4,400, to the appropriation for B, Contractual Services, \$4,300; C, Equipment, \$100.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Licensing Board:

From the appropriation for D, Supplies, \$89, to the appropriation for C, Equipment, \$89.

Referred to Executive Committee.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

Beaver Transportation Express, for compensation for damage to truck by Fire Department truck.

Theodore S. Dahlquist, for compensation for damage to car caused by an alleged defect at 290 Boylston street.

Martin J. Giovenela, to be reimbursed for accident which occurred while in performance of duty.

Alphonsus T. Kerle, for compensation for damage to property at 72 Navarre street, caused by fire truck.

Margaret I. Morsette, for compensation for damage to dress caused by an alleged defect in Arcadia park, Dorchester.

William Moulton, for compensation for damage to car caused by an alleged defect in Blue Hill avenue.

Arthur F. Ohrenberger, for compensation for damage to property at 371 Neponset avenue, caused by leak in water main.

Mary A. Parlon, for compensation for injuries caused by an alleged defect at 320 Lamartine street.

Mrs. Sylvester A. Reinhalter, for compensation for damage to property at 25 Gretter road, caused by blasting.

Harriet D. Robbins, for compensation for damage to car caused by an alleged defect in F street.

Symphony Flower Shop, for compensation for damage to property at 240 Huntington avenue, caused by bursting of water pipes.

Committee on Licenses.

Petitions for driveway openings:

Golden Dome Bottling Company, at Columbus avenue.

H. P. Hood & Sons, Inc., at Saratoga street.

Executive.

Petition of Boston American League Baseball Company for license to conduct Sunday sports at Fenway Park.

Petition of Henry Petrola, employed as laborer, to be retired under the provisions of the Laborers Retirement Act.

APPOINTMENT OF HELEN M. SULLIVAN.

Notice was received of the appointment by the Board of Assessors of Helen M. Sullivan to be a First Assistant Assessor in the Assessing Department.

Placed on file.

COMMUNICATION FROM SWAN COMPANY.

Communication was received from James T. Swan Company regarding Elevated investigation.

Placed on file.

DECORATION OF BUSINESS HOUSES DURING LEGION CONVENTION.

Coun. TAYLOR offered the following:

Ordered, That his Honor the Mayor request the business men of Boston to cooperate with the city to decorate their buildings during the week of the American Legion Convention. Passed under suspension of the rule.

RECESS.

On motion of Coun. LYONS the Council voted at 2.30 p. m. to take a recess subject to the call of the Chair. The members reassembled in the Council Chamber and were called to order by President GALVIN at 3.45 p. m.

EXECUTIVE COMMITTEE REPORTS.

Coun. SHATTUCK, for the Executive Committee, submitted the following:

1. Report on petition of Henry Petrola (referred today) to be retired under the provisions of the Laborers Retirement Act—recommending passage of the following order:

Ordered, That the Retirement Board for Laborers be hereby authorized and requested to retire, under the provisions of chapter 765 of the Acts of 1914, Henry Petrola, employed as a laborer and repairer in the Water Division of the Public Works Department, he having reached the age of sixty-four years and being physically incapacitated.

Report accepted, said order passed.

2. Report on message of the Mayor and order (referred this day) for transfer of \$310 from the Registry to the Street Laying-Out Department and various within departmental transfers—that same ought to pass.

Report accepted; said orders passed, yeas 15, nays 0.

3. Report on message of the Mayor and order (referred this day) for transfer of appropriations within the Institutions Department and Licensing Board—that same ought to pass.

Report accepted; said orders passed, yeas 15, nays 0.

4. Report on message of the Mayor and order (referred September 9) for transfer of \$10,000 from the Contingent Fund to the Boston Finance Commission to continue study of investigation of the Boston Elevated Railway Company—that same ought to pass.

Report accepted; said order passed, yeas 15, nays 0.

Coun. LYONS—I ask unanimous consent to make a statement, Mr. President, for the purpose of the record.

President GALVIN—The Chair hears no objection.

Coun. LYONS—Relative to this order for the transfer of \$7,000 for further investigation of the Boston Elevated, the reason why I refrained from voting one way or the other was because we had Mr. Callahan representing the City of Boston as the attorney for the Finance Commission to investigate the Boston Elevated. Up to the present time there has been an expenditure of \$44,000 for this type of work. I think it is an injustice upon the taxpayers of Boston to further go ahead and appropriate \$10,000 for Mr. Callahan's work. In the executive session he stated that \$10,000 was inadequate; he would want \$20,000 to complete it, and after he had investigated he would probably give nothing to prove to the people that his efforts and the money expended were worthwhile. If he delivered or presented any concrete evidence this afternoon up to the present time, or in the last five years of his investigation, that it would be worthwhile to appropriate the \$10,000 or \$20,000, I would go ahead and vote for it, but I am one of those people who are really working in the interest of the taxpayers, and I think every councilor here is doing the same thing. I am not voting for one cent for Mr. Callahan or anybody else if he cannot prove to the City of Boston, the Council and the Mayor, that his efforts are worthwhile.

Coun. TAYLOR—I ask unanimous consent to make a statement, Mr. President.

President GALVIN—I do not hear any objection.

Coun. TAYLOR—Mr. President, while this order has been passed it might be more or less of a useless gesture to talk about it, but in view of what the councilor from West Roxbury has stated, I feel, in due justice to the fact an investigation is now being made, it is absolutely necessary to have attorneys in order to make a proper investigation. I don't know Mr. Callahan and I have never met him before, but I asked him one question which was rather significant, and his answer satisfied me. I asked him whether he would like to give an opinion as to whether or not this investigation would help the taxpayers of the City of Boston and he answered "Yes." Now we all know the situation of the Boston Elevated. It costs the City of Boston over \$2,000,000 a year, which is quite a considerable sum on the tax rate. The investigation has already started, and I am informed that progress is being made. We as members of the City Council are interested in getting a reduction of this deficit, this barnacle on the treasury of the City of Boston. The Legislature has put upon the City of Boston this burden and it is up to us to make some effort to get rid of it. Now that the investigation is in progress, I don't think we ought to do anything that will retard it for the sake of another \$10,000 or \$20,000. So I say, Mr. President, that the Council in view of the fact the Finance Commission has taken action and at the conclusion of this matter the taxpayers of the City of Boston will forever thank the Boston City Council, and it certainly will be a feather in the cap of the Boston City Council. I say, Mr. President, that we should go ahead with this investigation.

Coun. SHATTUCK—Mr. President, I ask unanimous consent to make a statement.

President GALVIN—The Chair hears no objection.

Coun. SHATTUCK—Mr. President, at the last meeting of the Council, I moved in Executive Committee to put this matter over in order that we might have a hearing on it. I think that hearing was worthwhile. I was impressed with what Mr. Callahan had to say. I feel that the investigation is in competent hands. I feel at the end of the investigation we and the public will have some knowledge as to what is what in this Elevated controversy, and I think that it is worth going through with and I therefore voted for it.

PAYMENT OF AID TO SOLDIERS AND SAILORS.

Coun. ENGLERT, for the Committee on Soldiers' Relief, submitted report recommending the passage of order for payment of aid to soldiers and sailors and their families in the City of Boston for the month of September.

Report accepted; said order passed.

REPORT OF COMMITTEE ON LICENSES.

Coun. FISH, for the Committee on Licenses, submitted the following:

1. Report on petition of Nany M. Samya for driveway opening at 439 Harrison avenue (referred July 22)—recommending that leave be granted.

Report accepted; leave granted under usual conditions.

2. Report on petition of Golden Dome Bottling Company, Inc., for driveway opening on Columbus avenue (referred September 16) — recommending that leave be granted.
Report accepted; leave granted under usual conditions.

SCHEDULE FOR DISTRIBUTING COMMODITIES TO W. P. A.

Coun. CAREY offered the following:
Ordered, That the officials of the Works Progress Administration be requested, through his Honor the Mayor, to arrange a schedule in distributing commodities to W. P. A. employees whereby it will be possible for an employee to get his commodities on his day off.

Coun. CAREY—Mr. President, there has been recently inaugurated a schedule that permits the distribution of commodities in certain districts, or rather in any district only on a certain day of the week. We can all understand, of course, that the matter of distributing these commodities is not an easy job on the part of the W. P. A. officials, in order to have an adequate system working. However, as I find it, based on complaints that have come to me, it is working a great hardship on those employees to be forced to go and get their commodities on a certain day because in altogether too many cases the day on which he has to get his commodities is a day he is working. We have in many cases fathers of families who are obliged to go and get those commodities. The mother, or wife, being busy with her household duties, cannot leave the home. The children are too small, and therefore the work devolves upon the father. I hope this order will be sent along and a change will be made in their plans so that commodities can be distributed on a day convenient to the workers.

Passed under suspension of the rule.

INSTALLATION OF SIDEWALK ON K STREET.

Coun. LINEHAN and SCANNELL offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to install artificial stone sidewalks on both sides of K street, Wards 6 and 7, the work to be done as a W. P. A. project.

Passed under suspension of the rule.

RESTORATION OF NUTRITION CLASSES IN SCHOOLS.

Coun. LINEHAN and SCANNELL offered the following:

Ordered, That the Boston School Committee be requested, through his Honor the Mayor, to reconsider their decision to close nutrition classes in schools where they formerly existed with a view to restoring these classes for the school year 1940-41 and, at the same time, installing any additional classes that may be necessary in other schools throughout the city.

Coun. LINEHAN—Mr. President, speaking on the order regarding requesting the Mayor to send to the School Committee asking it to rescind its order which, I believe, has meant the closing of nutrition classes in five schools of Boston. Now it is my understanding from what information I could get from the School Committee's office and other sources, that those nutrition classes have existed for thirty years and it is also my understanding that these nutrition classes have done the world of good to the under-nourished children of Boston. I noticed here only a short time ago the Mayor had proposed to spend \$5,000 for hot lunches in different sections of the City of Boston for the school children. That is all well and good, but, in my opinion, that \$5,000 is not necessarily going to take care of the undernourished children. It is going to take care of all types of children, whether or not they get enough food at home or whether or not they do not get enough food at home. Now, primarily, I think the members of the Council and School Committee should be interested in building up the health and well-being of not those who are in good health and get plenty of food at home, but in building up the health and bodies—and, in my opinion, it will reflect on their minds—of the under-nourished children. Now I talked with the office of the School Committee today and they agreed they had closed the nutrition classes in the following schools: Dorchester High School for Girls Annex, Boston Girls' High School Annex, Mary E. Curley Intermediate School in Jamaica Plain, the Norcross School, located in South Boston, and also the Plummer School in East Boston. Now I know what exists in South Boston in regard to under-nourished children and I believe the same thing exists

in East Boston and in the districts in which these other schools are located, and I suggest that the Mayor of Boston notify the Boston School Committee that for the benefit of the under-nourished children of Boston, not only in those five schools, but also in other sections of the city, that those nutrition classes should be resumed. Let us forget those who are getting plenty of food at home and take care of the under-nourished children as has been done in the past thirty years. This is not the time to abolish such a practice as this, and transferring money, if that is what has been done, for the benefit of those who are well-nourished, and that is what is going to happen in the hot lunch program. It has been started in South Boston. The children as a whole are participating in that particular program which has benefited not only the under-nourished but also the well-nourished children. I say it would be better to do away with the hot lunch program for all the children who might be in good health and getting plenty to eat at home and transfer it back to where it belongs and give the food to the children who are under-nourished, and I hope the Mayor will impress upon the minds of the School Committee to pay more attention to the under-nourished children because they are the ones who need it. I hope the order is passed unanimously.

Passed under suspension of the rule.

CORRECTION OF THE RECORD.

Coun. RUSSO—I move that a change be made in the record on page 348 of the September 9th record, on the left-hand corner of the page, 17th line from the bottom up, where it says "of that company." It seems to me there must be a misprint because I have in my possession a copy of my remarks made here last week and it says there "our country," instead of "that company."

President GALVIN—The record will be corrected.

NEXT MEETING.

Coun. FISH—Mr. President, I move that when we adjourn we adjourn to meet in two weeks, in view of the coming Legion Convention.

The motion was carried.

SPEAKER WILLIAM B. BANKHEAD

Coun. FISH offered the following:
Ordered, That the City Council of the City of Boston hereby expresses its sorrow because of the untimely death of William B. Bankhead, Speaker of the National House of Representatives; and the City Council further expresses the hope that, in place of this illustrious statesman, Congressman John W. McCormack of Boston be elevated to the Speakership of the House of Representatives in Congress.

Passed under suspension of the rule.

ENLARGING VOCATIONAL TRAINING CLASSES.

Coun. HUTCHINSON offered the following:
Ordered, That the School Committee be requested, through his Honor the Mayor, to enlarge their vocational training classes in order that students who have passed through the eighth grade may have an opportunity to study any trade in which they may be interested.

Coun. HUTCHINSON—Mr. President, several mothers in the district have come to me and told me that their sons couldn't get into the different high schools and take the trades they wished to. Obviously, the Government program has made the boys more interested in taking trades. As a result many boys who planned last year to go into the first year of high to take different trades have not been able to do so. They have been sent to vocational schools and they have been overcrowded also, and I wish they would enlarge the classes and make more classes so these boys will be able to study trades.

Passed under suspension of the rule.

SIDEWALKS ON POND STREET

Coun. HURLEY offered the following:
Ordered, That the Commissioner of Public Works make a sidewalk along Pond street, at No. 233, Ward 19, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Passed under suspension of the rule.

RESURFACE AND SIDEWALK ON MARCH AVENUE.

Coun. LYONS offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to resurface March avenue, Ward 20, and to install sidewalks and edgestone thereon, as a W. P. A. project.

Passed under suspension of the rule.

ACCEPT AND LAY OUT LELAND ROAD.

Coun. LYONS offered the following:

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Leland road, Ward 20, as a public highway, under the W. P. A. plan of construction.

Passed under suspension of the rule.

ACTION ON UNFINISHED BUSINESS.

The Chair called up No. 3 on the calendar as follows:

3. Action on appointment submitted by the Mayor September 9, 1940, of Joseph S. Burrelli to be a Constable authorized to serve civil process upon filing bond.

The question came on confirmation. Committee, Coun. Hurley and Chase. Whole number of ballots 12, nays 0, and the appointment was confirmed.

Adjourned at 4.15 p. m. to meet on Monday, September 30, 1940, at two p. m.

POPULATION OF BOSTON, BY SEX, NATIVITY, ETC., 1930.

Total population, 781,188 (383,454 males and 397,734 females); ratio of males to females, 96.4 to 100 as against 97.2 to 100 in 1920. Native white, 529,400 (260,419 males and 268,981 females) or 67.77 per cent; sex ratio, 96.8 to 100. Of the 529,400 native whites, 200,130, or 37.80 per cent, are of native parentage; 248,653, or 46.97 per cent, are of foreign parentage and 80,617, or 15.23 per cent, are of mixed parentage (i. e., one half native). Foreign-born whites, 229,356 (111,261 males and 118,095 females) or 9.563 less than in 1920; sex ratio 94.2 to 100. The foreign-born whites are 29.36 per cent of total population. Negroes, 20,574 (10,223 males and 10,351 females) or 2.63 per cent of population; sex ratio, 98.8 to 100. The Negro population has increased 4,224 since 1920 and 4,993 since 1915. Other races, 1,858 (1,551 males and 307 females), or 0.24 per cent, comprise 1,595 Chinese, 69 Japanese, 43 Indian, 26 Mexican and 125 miscellaneous. Total foreign white stock, 478,009 (viz., 229,356 plus 248,653) which is 61.19 per cent of all inhabitants.

BUDGETARY CONTROL.

Prior to installing the present system of budgetary control, effective as of January 1, 1939, the city of Newark had no centralized accounting control over its budget commitments. The city's general ledger contained accounts for the various budget appropriations, and reflected disbursements out of the appropriations. However, commitments for work and material were not recorded in the city's accounts until after bills submitted by the vendors had been approved for payment by the Board of Commissioners. Consequently, financial reports could only show the amount of appropriated moneys that had not been disbursed out of any account. No recognition could be given in these reports to the unpaid purchase commitments, since the amount was not known. *The American City.*

PROCEEDINGS OF SCHOOL COMMITTEE.

Sept. 9, 1940

A deferred regular meeting of the School Committee of the City of Boston was held in the Administration Building, 15 Beacon Street, Boston, at 4:05 o'clock P. M., the Chairman presiding.

Present: Messrs. Lee, McDevitt, Norton, Sullivan, and White.

APPROVAL OF MINUTES

The reading of the minutes of the previous meeting was omitted, the Committee approving them as printed.

DEATHS

The Superintendent reported the deaths of the following-named teachers:

Lowell District—Josephine L. Broderick, assistant, elementary, Aug. 29, 1940.

Patrick F. Gavin Intermediate District—Emily M. Desmond, assistant, intermediate, Aug. 9, 1940.

Department of Music—Alice G. Mason, assistant, Sept. 8, 1940.

Placed on file.

The Superintendent reported the death of the following-named assistant nutrition class attendant:

Department of School Hygiene—Gertrude H. Deming, assistant nutrition class attendant, July 30, 1940.

Placed on file.

The Superintendent reported the deaths of the following-named principal and teachers who had been retired under the provisions of the Boston Retirement System:

Brighton High School—Elvira B. Smith, Aug. 24, 1940

Mechanic Arts High School—Charles W. Parmenter, Aug. 2, 1940

Shurtleff District—Alice C. Ryan, July 22, 1940

Department of Manual Arts—Jessie L. Burns, July 24, 1940.

Placed on file.

The Superintendent reported the deaths of the following-named teachers who had been retired on pension:

Bennett District—Charlotte Adams, July 28, 1940.

Dwight District—Sara Mock, Aug. 12, 1940.

Department of Manual Arts—Effie Owen, Aug. 1, 1940.

Placed on file.

RESIGNATIONS

The following resignations, reported by the Superintendent to take effect on the dates stated, were presented:

Brighton High School—Helen E. Mayer, assistant, Aug. 31, 1940.

Jeremiah E. Burke High School for Girls—Agnes E. Holland, Mary R. O'Neill, assistants, Aug. 31, 1940.

Roslindale High School—Marie G. Gookin, Mildred G. O'Brien, assistants, Aug. 31, 1940.

Roxbury Memorial High School (Girls)—Mary A. McInnis, assistant, Aug. 31, 1940.

Bennett District—Irene H. Norris, first assistant, kindergarten, Aug. 31, 1940.

Charles Sumner District—Alice J. Brooks, assistant, elementary, Aug. 31, 1940.

Elihu Greenwood District—Helen F. Holland, assistant, elementary, Aug. 31, 1940.

Henry L. Pierce District—Alice R. MacIsaac, assistant, elementary, Aug. 31, 1940.

James P. Timilty Intermediate District—Mary L. McDonough, assistant, intermediate, physical education, Aug. 31, 1940.

John Marshall District—Kathleen D. Cox, assistant, elementary, Aug. 31, 1940.

John Winthrop District—Ann F. Weiner, assistant, elementary, Aug. 31, 1940.

Mary E. Curley Intermediate District—Theresa R. Aicardi, assistant, intermediate, Aug. 31, 1940.

Norcross District—Helen G. Brooks, assistant, elementary, Aug. 31, 1940.

Oliver Hazard Perry District—Doris G. Hines, assistant, elementary, Aug. 31, 1940.

Patrick F. Lyndon District—Mary P. O'Brien, assistant, elementary, Aug. 31, 1940.

Rice District—Clara C. Mee, assistant, elementary, Aug. 31, 1940.

Solomon Lewenberg Intermediate District—Pearl L. Roberts, assistant, intermediate, Aug. 31, 1940.

Theodore Roosevelt Intermediate District—Maud A. Dooley, assistant, elementary, Aug. 31, 1940.

Warren District—Josephine G. Kenneally, assistant, elementary, Aug. 31, 1940

Washington Irving Intermediate District—A. Patricia Trayers, assistant, intermediate, Aug. 31, 1940.

William E. Endicott District—Helen P. Olsen, assistant, kindergarten, Aug. 31, 1940.

William E. Russell District—Mary A. Fuhs, assistant, elementary, Aug. 31, 1940.

William Lloyd Garrison District—Doris A. Loehr, assistant, elementary, Aug. 31, 1940.

Department of Household Science and Arts—Mildred K. Sullivan, teacher of sewing, Aug. 31, 1940.

Accepted.

The following resignation, reported by the Superintendent to take effect on the date stated, was presented:

Jeremiah E. Burke High School for Girls—Dorothea L. Shanney, lunchroom manager, Aug. 31, 1940.

Accepted.

The following resignation, reported by the Superintendent to take effect on the date stated, was presented:

Henry L. Pierce and Jefferson Districts—Catherine V. Hoelle, clerical assistant, Aug. 31, 1940.

Accepted.

RETIREMENTS ON PENSION

A communication was received from the Superintendent, under date of Sept. 9, 1940, reporting that in accordance with the provisions of Section 11 of Chapter 521 of the Acts of 1922, and the order passed by the School Committee Feb. 6, 1933 (see p. 19), he has made application for the retirement of Ellen M. Cronin, assistant, intermediate, Mary E. Curley Intermediate District, because of permanent disability.

Placed on file.

A communication was received from the Superintendent, under date of Sept. 9, 1940, reporting that in accordance with the provisions of Chapter 521 of the Acts of 1922 and the order passed at the meeting of Feb. 6, 1933 (see p. 19), he has made application for the retirement of Mary E. Daley, assistant, elementary, Christopher Gibson District, because of permanent disability.

Placed on file.

TRANSFERS OF TEACHERS

A communication was received from the Superintendent, under date of Sept. 9, 1940, reporting that subject to the approval of the School Committee, he has made the following transfers of teachers:

Mary G. Bellamy, master's assistant, Hugh O'Brien District, to the same position in the William Blackstone Intermediate District, Sept. 1, 1940.

Richard J. Crowley, submaster, Oliver Hazard Perry District, to the same position in the Grover Cleveland Intermediate District, Sept. 1, 1940.

Anna V. Curran, master's assistant, Quincy District, to the same position in the John Winthrop District, Sept. 1, 1940.

Marion E. Hines, master's assistant, James A. Garfield District, to the same position in the Bennett District, Sept. 1, 1940.

Harriet A. White, assistant, Girls' High School, to the same position in the Jeremiah E. Burke High School for Girls, Sept. 1, 1940.

Approved.

LEAVES OF ABSENCE

On the report of the Superintendent, leave of absence for rest was granted as follows:

Jamaica Plain High School—Florence L. Carter, assistant, physical education, from Sept. 1, 1940, to Aug. 31, 1941, for rest.

On the report of the Superintendent, leaves of absence for military service were granted as follows:

Roslindale High School—Edward B. Flaherty, instructor, mechanic arts, from Sept. 11, 1940, to June 26, 1941, without pay.

Department of Physical Education—Robert V. Dallahan, instructor, military drill, from Sept. 13, 1940, to June 26, 1941, without pay.

DESIGNATION

A communication was received from the Superintendent, under date of Sept. 9, 1940, reporting that he has made the following designation of a teacher to serve in the position indicated until such time as it shall be filled otherwise in accordance with the rules and regulations, but not beyond Aug. 31, 1941:

Department of Penmanship—Katharine O'Brien, assistant director, as acting director, Sept. 1, 1940

Placed on file.

ASSIGNMENTS

A communication was received from the Superintendent, under date of Sept. 9, 1940, reporting that subject to the approval of the School Committee, he has assigned the following-named teacher as acting coordinator for summer service in the school indicated, to take effect July 31, 1940:

South Boston High School—Stephen T. Reilly, co-operative instructor.

Placed on file and the assignment approved, to take effect on the date stated.

A communication was received from the Superintendent, under date of Sept. 9, 1940, reporting that subject to the approval of the School Committee, he has re-assigned Mary F. Nolan, assistant, intermediate, Patrick T. Campbell Intermediate District, to the Department of Vocational Guidance, without change of rank or salary, to take effect Sept. 1, 1940, and to continue for the school year ending Aug. 31, 1941, unless earlier terminated by the Superintendent with the approval of the School Committee.

Placed on file and the reassignment approved, to take effect on the date stated.

A communication was received from the Superintendent, under date of Sept. 9, 1940, reporting that subject to the approval of the School Committee, he has re-assigned Grace D. Lennon, assistant, elementary, Agassiz District, to the Disciplinary Day School, without change of rank or salary, to take effect Sept. 1, 1940, and to continue for the school year ending Aug. 31, 1941, unless earlier terminated by the Superintendent with the approval of the School Committee.

Placed on file and the reassignment approved, to take effect on the date stated.

A communication was received from the Superintendent, under date of Sept. 9, 1940, reporting that subject to the approval of the School Committee, he has re-assigned Edith C. Baldwin, school nurse, as school nurse, Certifying Office, to take effect Sept. 1, 1940, and to continue for the school year ending Aug. 31, 1941, unless earlier terminated by the Superintendent with the approval of the School Committee.

Placed on file and the reassignment approved, to take effect on the date stated.

BUREAU OF CHILD ACCOUNTING

A communication was received from the Superintendent, under date of Sept. 9, 1940, reporting that subject to the approval of the School Committee, he has assigned Paul V. Donovan, principal, Vocational High and Opportunity School, to service as head of the Bureau of Child Accounting, without change of salary and in addition to the duties of his present rank; said assignment to take effect Sept. 1, 1940, and to continue for the school year ending Aug. 31, 1941, unless terminated earlier by the Superintendent with the approval of the School Committee.

Placed on file and the assignment approved, to take effect on the date stated.

On motion of the Superintendent, it was

ORDERED, That the Bureau of Child Accounting is hereby established, to take effect September 1, 1940, and to consist of the following-named departments and divisions:

Department of Attendance.
Department of Educational In-

vestigation and Measurement.

Department of Vocational Guidance.

Division of Employment.

Division of Statistics and Publicity.

Mr. Lee: Mr. Chairman, I think at some time we might give further consideration to the name of that Bureau.

Chairman: You are in sympathy with the set-up?

Mr. Lee: Yes.

Chairman: It is just a question of the title?

Mr. Lee: Yes.

PAYMENT OF SALARY DUE AT DEATH

On motion of the Superintendent, it was

ORDERED, That the salary due Emily M. Desmond, late assistant, intermediate, Patrick F. Gavin Intermediate District, be paid to her sister, Mary A. Desmond.

REAPPOINTMENTS FOR LUNCHROOM SERVICE

A communication was received from the Superintendent, under date of Sept. 9, 1940, reporting that subject to the approval of the School Committee and with the approval of the Division of Civil Service, he has made the following appointments for service in lunchrooms, to take effect Sept. 1, 1940:

Jeremiah E. Burke High School for Girls—Mary Biggi, Elizabeth Kelley, Mary Long, Jane M. Lord, cafeteria attendants.

Roslindale High School—Mary Shallow, Margaret Wilson, Abbie M. Wren, Margaret Barry, Lydia McClure, cafeteria attendants.

James P. Timilty Intermediate School—Agnes M. Caverly, cafeteria manager; Gertrude W. Gorman, Julia A. Keenan, cafeteria attendants.

Patrick F. Gavin Intermediate School—Vera M. Nicholls, cafeteria manager; Henrietta L. Atwood, Nora McCann, cafeteria attendants.

Patrick T. Campbell Intermediate School—Hope M. Smith, cafeteria manager; Helen R. Dunn, Mary J. Martin, cafeteria attendants.

Donald McKay Intermediate School—Mary E. O'Neil, lunch attendant.

Prince School—Mary L. Butler, Margaret M. Houlihan, lunch attendants.

William McKinley School—Mary Brandt, Mary McCoy, lunch attendants.

Charlestown High School (Frothingham Annex)—Margaret O'Connell, lunch attendant.

Dorchester High School for Girls Annex—Ruth Driscoll, Isabelle McSweeney, Alice Sullivan, lunch attendants.

Trade School for Girls—Rose A. McComish, lunch attendant.

Approved.

A communication was received from the Superintendent, under date of Sept. 9, 1940, reporting that subject to the approval of the School Committee, he has assigned Emilie Dillon, regularly appointed cafeteria manager at the Roslindale High School, for service as

temporary supervisor of cafeterias for a period of three months, beginning Aug. 21, 1940.

Placed on file and the assignment approved, to take effect on the date stated.

On motion of the Superintendent, it was

ORDERED, That during the period of her assignment as supervisor of cafeterias, Emilie Dillon, cafeteria manager, Roslindale High School, be allowed and paid compensation, in addition to that of the salary of her rank, at the rate of two dollars (\$2) per day of service.

A communication was received from the Superintendent, under date of Sept. 9, 1940, reporting that subject to the approval of the School Committee, he has assigned Abbie Wren, cafeteria attendant, Roslindale High School, as acting-cafeteria manager in that school, to take effect Sept. 11, 1940, and to continue during the assignment of the regularly appointed manager to supervisory duties unless earlier terminated by the Superintendent with the approval of the School Committee.

Placed on file and the assignment approved, to take effect on the date stated.

On motion of the Superintendent, it was

ORDERED, That Abbie Wren, cafeteria attendant, Roslindale High School be allowed and paid additional compensation at the rate of one dollar (\$1) per day of service as acting cafeteria manager at the Roslindale High School, to take effect Sept. 11, 1940, and to continue during her assignment as acting cafeteria manager in that school.

A communication was received from the Superintendent, under date of Sept. 9, 1940, reporting that subject to the approval of the School Committee, he has made the following appointments of cafeteria managers, high schools, by transfer from intermediate schools as indicated to take effect Sept. 11, 1940:

Agnes M. Caverly, cafeteria manager, Charlestown High School, from cafeteria manager, James P. Timilty Intermediate School.

Hope M. Smith, cafeteria manager, Jeremiah E. Burke High School for Girls, from cafeteria manager, Patrick T. Campbell Intermediate School.

Vera M. Nicholls, cafeteria manager, Vocational High and Opportunity School, from cafeteria manager, Patrick F. Gavin Intermediate School.

Approved.

A communication was received from the Superintendent, under date of Sept. 9, 1940, reporting that subject to the approval of the School Committee, he has made the following appointment of a cafeteria attendant in the Roslindale High School, by transfer from the position of lunch attendant in the Dorchester High School for Girls Annex, to take effect Sept. 11, 1940:

Alice Sullivan, lunch attendant, Dorchester High School for Girls Annex, to cafeteria attendant, Roslindale High School.

Approved.

DISCONTINUANCE OF CERTAIN NUTRITION CLASSES

On motion of the Superintendent, it was

ORDERED, That the nutrition classes in the following-named schools are hereby discontinued, to take effect Aug. 31, 1940:

Dorchester High School for Girls Annex.

Girls' High School Annex.

Mary E. Curley Intermediate School.

Norcross School.

A communication was received from the Superintendent, under date of Sept. 9, 1940, reporting that subject to the approval of the School Committee, he has assigned the following-named nutrition class attendants, without change of rank or salary, to cafeterias as indicated, to take effect Sept. 11, 1940, and to continue during the school year ending Aug. 31, 1941, unless earlier terminated by the Superintendent with the approval of the School Committee:

Elizabeth A. Donovan, nutrition class attendant, Norcross School, to the cafeteria in the Theodore Roosevelt Intermediate School.

Mary A. Conley, nutrition class attendant, Dorchester High School for Girls Annex, to the cafeteria in the Patrick T. Campbell Intermediate School.

Alice Gallivan, nutrition class attendant, Girls' High School Annex, to the cafeteria in the James P. Timilty Intermediate School.

Margaret Mahoney, nutrition class attendant, Mary E. Curley Intermediate School, to the cafeteria in the Patrick F. Gavin Intermediate School.

Placed on file and the assignments approved, to take effect on the date stated.

A communication was received from the Superintendent, under date of Sept. 9, 1940, reporting that subject to the approval of the School Committee, he has assigned the following-named assistant nutrition class attendants, without change of rank or salary, to serve as attendants in the cafeterias indicated, to take effect Sept. 11, 1940, and to continue during the school year ending Aug. 31, 1941, unless earlier terminated by the Superintendent with the approval of the School Committee:

Hannah M. Dunn, assistant nutrition class attendant, Plummer School, to the cafeteria in the Charlestown High School.

Maria Mahoney, assistant nutrition class attendant, Girls' High School Annex, to the cafeteria in the Vocational High and Opportunity School.

Cecelia Enright, assistant nutrition class attendant, Abraham Lincoln School, to the cafeteria in the Vocational High and Opportunity School.

Mary N. Sullivan, assistant nutrition class attendant, Norcross School, to the cafeteria in the Theodore Roosevelt Intermediate School.

Florence M. Mulcahy, assistant nutrition class attendant, Mary E. Curley Intermediate School, to the cafeteria in the Theodore Roosevelt Intermediate School.

Placed on file and the assignments approved, to take effect on the date stated.

CONDUCT OF CLASSES FOR NATIONAL DEFENSE WORKERS

The Superintendent offered the following two orders:

ORDERED, That the Superintendent, in his discretion and in cooperation with the State Department of Education, is hereby authorized to conduct during the school year ending August 31, 1941, classes for vocational education of defense workers in such buildings and at such hours as he may determine, and to appoint such employees in connection therewith as he may deem necessary, the cost of such classes to be covered by Federal funds (National Defense Training Program) administered by the Commissioner of Education.

ORDERED, That the employment of such persons as are necessary for the conduct of classes for National Defense workers is hereby authorized, compensation for an eight-hour day, as certified to the Business Manager by the teacher-in-charge, to be in accordance with the following schedule:

Supervisors	\$18.00
Teachers-in-charge	16.00
Teachers	15.00
Clerical Assistants	6.00
Toolkeepers	4.00

The two orders passed.

Mr. Lee: We have not provided for the teachers who will teach shifts outside of school hours. If I understand it, the teachers who taught all summer are now occupied in their regular classes. Doesn't that mean the recruiting of teachers for the new classes?

Superintendent: The whole plan has not been worked out as yet. We do not need to consider it until the schools are under way. It will probably mean additional teachers. We hope to continue with some of the teachers on a part-time basis. Mr. Bain is working on that list now.

Mr. Lee: How about the salaries?

Superintendent: The salaries will be the same. If they work a four-hour day they will only get half of what they received for eight hours.

Mr. Lee: Our present salary schedule will prevail if they are teaching regular classes and regular students, and if they do four hours extra they will be paid for four hours.

Superintendent: That will be Government pay.

Mr. Lee: At the same hourly rate as obtained last summer? Is that correct?

Superintendent: That is correct.

REPORT ON ATTENDANCE AT CONVENTION

A communication was received from the Superintendent, under date of Sept. 9, 1940, submitting, in accordance with the provisions of Section 3 of Chapter 274 of the Acts of 1914, report of the Chairman and the Superintendent on their attendance at the annual meeting of the National Education Association held at Milwaukee Wisconsin, June 30 to July 5, 1940. Placed on file.

REINSTATEMENT OF JAMES J MAHAR

A communication was received from the Superintendent, under date of Sept. 9, 1940, reporting that, subject to the approval of the School Committee, he has reinstated James J. Mahar as Engineer in the office of the Superintendent of Public Schools for the period of one day, Sept. 6, 1940.

This reinstatement is made in order to protect the Civil Service status of Mr. Mahar, who has been granted leave of absence by the School Committee, without pay, beginning Mar. 5, 1938, and continuing during the period that, and as long as, he holds the office of Superintendent of Construction in the Department of School Buildings.

Placed on file and the reinstatement of Mr. Mahar approved for the date stated.

RESIGNATIONS

A communication was received from the Secretary, under date of Sept. 9, 1940, reporting the resignation of Helen L. Buckley, assistant in the offices of the Superintendent-Secretary, to take effect Aug. 13, 1940.

Placed on file and the resignation accepted, to take effect on the date stated.

A communication was received from the Secretary, under date of Sept. 9, 1940, reporting the resignation of Julia A. Joyce, assistant in the offices of the Superintendent-Secretary, to take effect Sept. 3, 1940.

Placed on file and the resignation accepted, to take effect on the date stated.

TRANSFERS AND APPOINTMENTS OF CLERICAL ASSISTANTS

A communication was received from the Superintendent, under date of Sept. 9, 1940, reporting that subject to the approval of the School Committee, he has made the following transfers of clerical assistants, to take effect September 1, 1940:

Frances M. Fee, clerical assistant, Bennett and Patrick F. Lyndon Districts, to the same position in the Thomas A. Edison Intermediate District.

Alice R. Norton, clerical assistant, Dearborn and Julia Ward Howe Districts, to the same position in the Hugh O'Brien District. Approved.

A communication was received from the Secretary, under date of Sept. 9, 1940, reporting that subject to the approval of the School Committee and with the approval of the Division of Civil Service, he has transferred Mary G. O'Neil, clerical assistant, Thomas A. Edison Intermediate District, to the position of assistant, Group D, in the offices of the Superintendent-Secretary, to take effect Sept. 11, 1940.

Approved.

On motion, it was ORDERED, That the salary of Mary G. O'Neil, assistant, Group D, in the offices of the Superintendent-Secretary, is hereby established at rate of twenty-eight (\$28) per week, to take effect Sept. 11, 1940.

tendent-Secretary, is hereby established at rate of twenty-eight (\$28) per week, to take effect Sept. 11, 1940.

A communication was received from the Secretary, under date of Sept. 9, 1940, reporting that subject to the approval of the School Committee, and with the approval of the Division of Civil Service, she has appointed Grace V. O'Neil as assistant, Group D, in the offices of the Superintendent-Secretary, by transfer from the Boston State Hospital, to take effect Sept. 23, 1940.

Placed on file and the appointment approved, to take effect on the date stated.

On motion, it was

ORDERED, That the salary of Grace V. O'Neil, assistant, Group D, in the offices of the Superintendent-Secretary, is hereby established at eighteen dollars (\$18) per week, to take effect Sept. 23, 1940, and to continue until otherwise ordered.

TUITION, NON-RESIDENT PUPILS, 1940-1941

A communication was received from the Business Manager, under date of Sept. 9, 1940, recommending the passage of an accompanying order establishing tuition rates for non-resident pupils in the Boston Public Schools for the school year 1940-41, exclusive of State-aided schools and classes.

The tuition rates recommended include charges for repairs and alterations. Excluded are costs of lands, plans, construction, depreciation, interest, sinking fund and serial debt requirements.

Placed on file.

On motion, it was

ORDERED, That the rates of tuition for non-resident pupils in the public schools, exclusive of State-aided schools and classes, are hereby established as follows for the school year 1940-41:

Latin and High Schools, per year.	\$164.00
Intermediate Schools, per year.	125.00
Elementary Schools, per year.	110.00
Kindergartens, per year.	90.00
Speech Improvement Classes, per hour of instruction.	.10
Boston Clerical School, per year.	117.00
Day School for Immigrants, per hour of instruction.	.13
Evening High Schools, per term.	26.00
Evening Elementary Schools, per term.	40.00
Lip Reading Classes, per hour of instruction.	.77
Lip Reading Classes in Evening Elementary Schools, per session.	.53
Conservation of Eyesight Classes, per hour of instruction.	.27
Home Instruction to Physically Handicapped Children, per hour of instruction.	1.55

APPROPRIATIONS AND EXPENDITURE TO AUG. 1, 1940

A communication was received from the Business Manager, under date of Sept. 9, 1940, submitting a statement showing the appropriations, the expenditures, and the balances for general school purposes and special items for the first seven drafts of the current fiscal year, the expenditures for the first seven drafts of the fiscal year 1939, and the increases and decreases in the several items.

Placed on file.

SUSPENSION OF SESSIONS

The Chairman offered the following two orders:

ORDERED, That the sessions of all day schools be suspended on Tuesday, Sept. 24, 1940, the date of the American Legion National Convention Parade.

ORDERED, That the Administrative offices and Supply Room of the School Committee be closed on Tuesday, Sept. 24, 1940, the date of the American Legion National Convention Parade.

The rules were suspended and the two orders passed.

LEAVES OF ABSENCE FOR MILITARY SERVICE

The Chairman offered the following order:

ORDERED, That the Superintendent is hereby authorized to grant leaves of absence to teachers, members of the supervising staff, armorers, school nurses, school physicians, librarians, secretaries, clerical assistants, bookkeepers, telephone operators, matrons, nutrition class attendants, assistant nutrition class attendants, and other permanent employees, for service in the armed forces (Army, Navy, or Marine Corps) of the United States, whether with or without their consent and whether drafted or enlisted, until relieved from active duty by proper authority, without loss of step-rate increase, and to protect all rights of such permanent employees of the Boston School Department until their return to their civilian status.

The rules were suspended and the order passed.

ADMISSION TO MECHANIC ARTS HIGH SCHOOL

Mr. Lee: There are a couple of items in our day's work that have not quite been disposed of.

One is on the matter of entrance to Mechanic Arts High School. Last year we passed a ruling that it would be on the basis of rank. That applied only to those who registered for Mechanic Arts High School last spring and excluded those who decided last summer to go to Mechanic Arts High. If the topmost scholar decided during the summer that Mechanic Arts High was the place he always had been heading for, he was excluded from being rated along with those who had applied earlier.

Superintendent: It was not intended to exclude him if he fulfilled all of the scholastic requirements.

Chairman: May I ask the Superintendent if they have not admitted according to their rank all those who applied last June for Mechanic Arts High School, and made up the organization on that basis?

Superintendent: Yes.

Chairman: And those who applied later were excluded because they had not applied in time?

Superintendent: If students were selected in accordance with the original plan, the head master would not dismiss any students in favor of late applicants.

Chairman: I think the school is filled. I have been trying, without success, to get students into Mechanic Arts High School.

Mr. Lee: Would it be possible to set some deadline for those applying to enter Mechanic Arts High School and say that applications should be made by that time?

Chairman: Pupils ought to know that they are to select their high school in June. Admissions were made in consequence of applications in June. Other youngsters may have selected English High, then in the middle of the summer they decide that they want to go to the Mechanic Arts High School, after the admissions have been made up to the limit of the accommodations.

Superintendent: We could establish a waiting list, and from that waiting list could be selected those for whom there may be room later.

ADMISSION TO CLASSES FOR NATIONAL DEFENSE WORKERS

Mr. Lee: On that letter that we are writing to the Massachusetts State Employment Service, where we are asking on what basis they select those whom they send to our Defense Industries Training Program, I would like to ask further on what basis those who are so trained will gain employment, for they are turning down certain applicants because the applicants are already well trained and are giving the brushing-up course to people less well trained.

We wouldn't want to see those people who started as being less well trained and thus are getting the benefit of the brushing-up course, walk into employment while the youngsters who had a better training to start with and consequently were excluded from the brushing-up course, now be excluded from a job because the man who, benefitting from the brushing-up course, is placed ahead in a line of routine and given preference on a job to the man who was better trained in the first place.

Couldn't we ask whether the rights of the boy who was originally well trained are being taken care of?

Chairman: We have an Advisory Board consisting of representatives of labor and public officials. They might confer with the Massachusetts State Employment Service and make suggestions to them.

Superintendent: We are having a meeting very shortly.

Mr. Lee: I think it would be well to send our original letter to the advisory committee and, if you wish, add to the copy that you are sending to the Advisory Committee the statement of our own views on the matter, raising the question of some of these dangers where the less well trained youngsters would be given opportunities over the better trained youngsters.

Chairman: We will ask the Secretary to send to the members of the Advisory Committee a copy of the letter which we are sending to the Massachusetts State Employment Service with a statement of our own views as to the evaluation which it would seem might be placed on the technical training which some of the boys have received.

SCHOOL LUNCHES

Mr. Lee: On the question of the lunches: As I understand it we are looking to the Mayor to see whether he can make the sponsor's contribution. As I have thought it over, I raise the question whether we should not consider whether a limited amount of money should not go to provide milk for the many rather than go for the complete lunches for the few. That was the fix we were in last year, where the Mayor could only put in a certain amount of money and the schools could not put in any money.

Wouldn't it be better to spread it among the under-nourished children through the greatest nourishing form of diet, milk?

Chairman: Why not talk it over with Dr. Keenan and find out what is the best? We are trying to extend the hot lunch project and also provide milk.

Mr. Lee: We have to choose between doing a good job for the few and less of a good job for the many.

The Committee adjourned.

Attest:
ELLEN M. CRONIN,
Secretary.

CITY OF BOSTON.

REAL ESTATE DIVISION.

PUBLIC AUCTION.

The City of Boston will sell at public auction all its right, title and interest in and to about eight thousand one hundred ninety-three (8,193) square feet of land on the westerly side of Willowdean avenue, West Roxbury, being lot 307, and more fully described in tax deed recorded with Suffolk Deeds, Book 5442, page 520, on Wednesday, October 9, 1940, at 11 a. m., on the premises, at a minimum price of seven hundred dollars (\$700).

A deposit required at the time and place of sale of one hundred dollars (\$100), in cash or certified check, balance to be paid in thirty (30) days. Further particulars from Custodian of Foreclosed Real Estate, 47 City Hall, Boston.
